C.S.C., Sunil Kumar Misra

**A. Uttar Pradesh Road Transport Corporation Employees 16 (Other than Officers) Service Regulations, 1981 - Special Appeal Maintainable or not ? -** Orders impugned in the writ petition were passed by the Officers/Authority in the exercise of appellate and revisional jurisdiction conferred under the Regulations, 1981- Held- Road Transport Corporations Act, 1950 has been made by the Parliament under Item 43 of List-I - Regulations have been framed by UPSRTC in the exercise of the power delegated to it by virtue of Section 45 of the Road Transport Corporations Act, 1950 - An Intra-court appeal against a judgment of a Single Judge in a writ proceeding preferred against an order passed by an authority exercising appellate/revisional power under U.P. State Road Transport Corporation Employees (Other than Officers) Service Regulations, 1981, is maintainable - Special appeal would be maintainable as the power has been exercised under the regulations framed under a Central Act in respect of matters enumerated in the Union List. It would, therefore, not fall within the ambit of the exclusions stipulated under Chapter VIII Rule 5 of the Rules of Court **(Para 67)**

**B. Uttar Pradesh Road Transport Corporation Employees 16 (Other than Officers) Service Regulations, 1981 -** Regulations have been framed by UPSRTC in the exercise of the power delegated to it by virtue of Section 45 of the Road Transport Corporations Act, 1950 - Road Transport Corporations Act, 1950 has been made by the Parliament under Item 43 of List-I - Act is referable to List I Entry 43 and 44. The power to legislate in relation to the 'regulation of the corporations' under the aforesaid Entries includes, within its umbrella, the regulation of its workforce. The same is an essential part of incorporation and making functional any corporation and in ensuring its proper functioning. Merely because Section 45(2)(c) invests the Corporation with the power to make Regulations, inter alia, concerning the conditions of appointment and service of its employees, would not bring the legislation within the ambit of List-III Item No. 22 or 24 **(Para 61)**

**C. Interpretation - Doctrine of 'pith and substance' -** The main object and the true scope and effect of legislation is determined in its entirety, and even if some topic incidentally encroaches on a matter assigned to another Legislature, it does not detract from the true nature of legislation or the field under which it has been enacted. The theory of pith and substance is applied without exception in interpreting legislative competence *qua* the Entries in various Lists under the Seventh Schedule to the Constitution - If, in pith and substance, the legislation falls within one entry or the other, but some portion of the subject matter of the legislation incidentally trenches upon and might enter a field under another List, then it must be held to be valid in its entirety, even though it might incidentally trench on matters which are beyond its competence **(Para 44, 60).**

**Special Appeal allowed.** (E-5)

(Delivered by Hon'ble Manoj Kumar Gupta, J.)

1. The present reference to Larger Bench is on the following questions: -

"(a) Whether an intra court appeal under Chapter VIII Rule 5 of the High Court Rules against a judgment of single Judge in a writ proceeding under Article 226 of the Constitution of India preferred against an order passed by an authority exercising appellate or revisional power under U.P. State Road Transport Corporation Employees (Other than Officers) Service Regulations, 1981 would be maintainable?

(b) Whether the Division Bench decision in the case of U.P.S.R.T.C. Thru R.M. Vs. Abhay Raj Singh and 2 others (supra) or the earlier two Division Bench decisions, namely, Jageshwar Prasad Tiwari Vs. U.P.S.R.T.C. and others (supra) and Madan Pal Singh Vs. State of U.P. and others (supra), lays down the correct law ?"

**The backdrop in which the reference has been made:**

2. The appellant was a Conductor in the U.P. State Road Transport Corporation (for short hereinafter referred to as "UPSRTC"). It has been constituted by a notification dated 31.5.1972 by the State Government, issued under Section 3 of the Road Transport Corporations Act, 1950 (for short hereinafter referred to as "the Act"). The appellant was removed from service by order dated 5.10.2019, passed by Assistant Regional Manager, UPSRTC (the sixth respondent herein). The appellant being aggrieved thereby, filed a departmental appeal, but it came to be dismissed by order dated 16.3.2020, passed by Regional Manager, UPSRTC (the fifth respondent herein). The matter was taken up in revision, which too came to be dismissed by order dated 12.11.2020, passed by Chairman, UPSRTC (the fourth respondent herein). The appellant challenged all the aforesaid orders by filing Writ – A No. 254 of 2021 before this Court. It has been dismissed by a learned Single Judge by order dated 13.1.2021 on the ground of availability of alternative remedy.

3. The appellant has thereafter preferred the instant appeal challenging the judgment of the learned Single Judge.

4. When the appeal came up for consideration before a Division Bench of this Court, it was contended on behalf of the respondents that special appeal would not be maintainable in view of the

exceptions contained in Chapter VIII Rule 5 of the Rules of Court. Reliance was placed on a Division Bench judgment of this Court in **UPSRTC through RM vs. Abhai Raj Singh and 2 others1**. On the other hand, it was contended on behalf of the appellant that special appeal would be maintainable as the power has been exercised under the regulations framed under a Central Act in respect of matters enumerated in the Union List. It would therefore not fall within the ambit of the exclusions stipulated under Chapter VIII Rule 5 of the Rules of Court. In support of the contention, reliance was placed on Division Bench judgments of this Court in **Jageshwar Prasad Tiwari vs. UPSRTC and Others2 and Madan Pal Singh vs. State of U.P. and Others3.**

5. The Division Bench which heard the appeal noticed that the judgment in **Abhai Raj Singh and 2 others1** proceeded on a wrong assumption that the legislation under which the orders were passed by the officers/authority, was a State Legislation, although it is a Central Legislation, but as the said judgment was passed by Bench of co-equal strength therefore, having regard to judicial propriety, the matter was referred to the Larger Bench after formulating the aforesaid questions.

6. Before we proceed to record the rival contentions, it would be advantageous to have an overview of the existing legal provisions and the legislative history of special appeals or Letters Patent Appeals as was the nomenclature assigned to such appeals at the inception of such jurisdiction.

**History of Statutory Regime of Letters Patent Appeals: -**

7. On 17th March, 1866 High Court of Judicature for the North-Western Provinces was established by the Royal Charter. It conferred upon the newly formed High Court, Civil, Criminal, Testamentary and Intestate as well as Matrimonial jurisdiction. Clause 10 of the Letters Patent dated 17th March, 1866 provided for appeals to the High Court from judgement of one Judge in certain circumstances. As intra-court appeal was a creation of Letters Patent, it was christened as Letters Patent Appeal. Clause 10 reads as follows:-

"10. And We do further ordain that an appeal shall lie to the said High Court of Judicature for the North-Western Provinces from the judgement (not being a sentence or order passed or made in any criminal trial) of one judge of the said High Court or of one judge of any Division Court, pursuant to Section 13 of the said recited Act, and that an appeal shall also lie to the said High Court from the judgment (not being a sentence or order as aforesaid) of two or more Judges of the said High Court, or of such Division Court, wherever such Judges are equally divided in opinion, and do not amount in number to a majority of the whole of the Judges of the said High Court at the time being; but that the right of appeal from other judgments of Judges of the said High Court, or of such Division Court in such case shall be to Us, Our Heirs or Successors, in Our or their Privy Council, as hereinafter provided."

8. By a supplementary Letters Patent dated 11th March, 1919, the name of the High Court was changed to – High Court of Judicature at Allahabad.

9. On 28th January, 1928, Clause 10 of the Letters Patent was amended as follows:

"10. And We do further ordain that an appeal shall lie to the said High Court of Judicature at Allahabad from the judgment (not being a judgment passed in the exercise of appellate jurisdiction in respect of a decree or order made in the exercise of appellate jurisdiction by a Court subject to the superintendence of the said High Court, and not being an order made in the exercise of revisional jurisdiction, and not being a sentence or order passed or made in the exercise of the power of superintendence under the provisions Section 107 of the Government of India Act, or in the exercise of criminal jurisdiction) of one Judge of the said High Court or one Judge of any Division Court, pursuant to section 108 of the Government of India Act, and that notwithstanding anything here- inbefore provided an appeal shall lie to the said High Court from a judgment of one Judge of the said High Court or one Judge of any Division Court, pursuant to section 108 of the Government of India Act, made in the exercise of appellate jurisdiction in respect of a decree or order made in the exercise of appellate jurisdiction by a Court subject to the superintendence of the said High Court, where the Judge who passed the judgment declares that the case is a fit one for appeal; but that the right of appeal from other judgments of Judges of the said High Court or of such Division Court shall to Us, Our Heirs or Successors in Our or Privy Council, as herein provided."

10. On 26th January, 1929, Clause 10 was further amended so as to provide as follows:

"In the tenth clause of the said Letters Patent between the words 'pursuant to section 108 of the Government of India Act, made' and the words 'in the exercise of appellate jurisdiction' the words 'or or after the first day of February One thousand nine hundred and twenty-nine' shall be inserted."

11. Clause 10, after amendment, reads as follows:-

"10. And we do further ordain that an appeal shall lie to the said High Court of Judicature at Allahabad from the judgment (not being a judgment passed in the exercise of appellate jurisdiction by a Court subject to the superintendence of the said High Court and not being an order made in the exercise of revisional, jurisdiction, and not being a sentence or order passed or made in the exercise of the power of superintendence under the provisions of Section 107 of the Government of India Act, or in the exercise of Criminal jurisdiction) of one Judge of the said High Court or one Judge of any Division Court, pursuant to Section 108 of the Government of India Act, and that notwithstanding anything hereinbefore provided an appeal shall lie to the said High Court from a judgment of one Judge of the said High Court or one Judge of any Division Court, pursuant to Section 108 of the Government of India Act, made, on or after the first day of February one thousand nine hundred and twenty-nine in the exercise of appellate jurisdiction in respect of a decree or order made in the exercise of appellate jurisdiction by a Court subject to the superintendence of the said High Court, where the Judge who passed the judgment declares that the case is a fit one for appeal; but that the right of appeal from other Judgments of Judges of the said High Court or of such Division Court shall be to us, Our Heirs or successors or our or their Privy Council, as hereinafter provided."

12. After independence, the Chief Court of Oudh was amalgamated with the

High Court of Judicature at Allahabad in pursuance of U.P. High Courts (Amalgamation) Order, 1948 vide notification published in Government of India Gazette (Extraordinary) dated 19th July, 1948 and the Letters Patent of Her Majesty dated 17th March, 1866 stood abrogated. Clause 17 of the said Order provided as follows:

"17. As from the appointed day-

(a) the Letters Patent of Her Majesty, dated the 17th March, 1866, establishing the High Court of Judicature for the North-Western Provinces and Chapter II of the Oudh Courts Act, 1925 (U. P. Act .IV of 1925), shall cease to have effect except for the purpose of construing, or giving effect to, the provisions of this Order;"

13. At the same time, the provisions of the Amalgamation Order were made subject to any provision made by the legislature or authority having power to make such provision. Clause 18 of the Amalgamation Order, which so provided, is extracted below: -

“18. Nothing in this Order shall prejudice the application to the new High Court of any relevant provisions of the Act, and this Order shall have effect subject to any provisions that may be made on or after the appointed day with respect to the new High Court by any Legislature or authority having power to make such provision.”

14. Article 225 of the Constitution of India provided that jurisdiction and law administered in any existing High Court shall be the same as immediately before the commencement of this Constitution subject to provisions of the Constitution and to the provisions of any law of the appropriate legislature made by virtue of powers conferred on that Legislature by the Constitution.

15. The Rules of the Court were framed by Allahabad High Court in exercise of power conferred by Article 225 of the Constitution and all other powers enabling in that behalf. Article 225 of the Constitution is extracted below for ready reference: -

"225. Jurisdiction of existing High Courts. Subject to the provisions of this Constitution and to the provisions of any law of the appropriate Legislature made by virtue of powers conferred on that Legislature by this Constitution, the jurisdiction of, and the law administered in, any existing High Court, and the respective powers of the Judges thereof in relation to the administration of justice in the Court, including any power to make Rules of Court and to regulate the sittings of the Court and of members thereof sitting alone or in Division Courts, shall be the same as immediately before the commencement of this Constitution:

Provided that any restriction to which the exercise of original jurisdiction by any of the High Courts with respect to any matter concerning the revenue or concerning any act ordered or done in the collection thereof was subject immediately before the commencement of this Constitution shall no longer apply to the exercise of such jurisdiction."

16. In Rules of the Court framed in 1952, Chapter VIII, Rule 5 provided for intra-court appeal, labelled as ‘special appeal’. Chapter VIII, Rule 5 as it originally existed in the Rules of the Court, 1952 is quoted as below: -

"5. An appeal shall lie to the Court from the judgment (not being a judgment passed in the exercise of appellate jurisdiction in respect of a decree or order made in the exercise of appellate jurisdiction by a Court subject to the Superintendence of the Court, and not being an order made in the exercise of revisional jurisdiction, and not being an order passed or made in the exercise of its power of Superintendence, or in the exercise of Criminal Jurisdiction of one Judge, and an appeal shall lie to the Court from a judgment of one Judge made in the exercise of appellate jurisdiction in respect of a decree or order made in the exercise of appellate jurisdiction by a Court subject to the Superintendence of the Court, where the Judge who passed the judgment declares that the cases is a fit one for appeal."

17. In view of the circumstances obtaining after the establishment of the Supreme Court, a Bill was introduced, namely, the U.P. High Court (Abolition of Letters Patent Appeals) Bill, 1962, with the object of abolishing appeals against appellate jurisdiction of Single Judge.

18. U.P. Act No.14 of 1962, namely, the U.P. High Court (Abolition of Letters Patent Appeals) Act, 1962 was passed by Uttar Pradesh Legislature which came into force with effect from 13th November, 1962. Section 3 of the aforesaid Act provided for abolition of special appeal from a judgment or order of one Judge of High Court, made in the exercise of appellate jurisdiction, in respect of a decree or order made by a Court subject to the superintendence of the High Court. Section 3 of U.P. Act No.14 of 1962 is quoted as below:--

"3. (1) No appeal, arising from a suit or proceeding instituted or commenced, whether prior or subsequent to the enforcement of this Act, shall be to the High Court from a judgment or order of one Judge of the High Court, made in the exercise of appellate jurisdiction, in respect of a decree or order made by a Court, subject to the Superintendence of the High Court, anything to the contrary contained in Clause 10 of the Letters Patent of Her Majesty, dated the 17th March, 1866, read with Clause 17 of the U.P. High Courts' (Amalgamation) Order, 1948, or in any other law, notwithstanding.

(2) Notwithstanding anything contained in sub-section (1) all appeals pending before the High Court on the date immediately preceding the date of enforcement of this Act shall continue to lie and be heard and disposed of as heretobefore, as if this Act had not been brought into force."

19. In view of the provisions of U.P. Act No.14 of 1962, the Rules of the Court, 1952 were also amended vide notification dated 6th November, 1963. Chapter VIII, Rule 5 was substituted by the following Rule:---

"5. An appeal shall lie to the Court from a judgment (not being a judgment passed in the exercise of appellate jurisdiction) in respect of a decree or order made by a Court subject to the superintendence of the Court and not being an order made in the exercise of revisional jurisdiction or in the exercise of its power of superintendence or in the exercise of criminal jurisdiction) of one Judge."

20. In 1972 another Bill was introduced to further amend the U.P. High Court (Abolition of Letters Patent Appeals)

Act, 1962 so as to exclude Letters Patent Appeals in cases decided by Board of Revenue under various Tenancy Laws.

21. Accordingly, in terms of the U.P. High Court (Abolition of Letters Patent Appeals) Act, 1972, Section 4 stood inserted, as follows: -

"4. (1) No appeal, arising from a suit or proceeding instituted or commenced, whether prior or subsequent to the commencement of this section, shall lie to the High Court from a judgement or order of one judge of the High Court, made in the exercise of jurisdiction conferred by Article 226 or Article 227 of the Constitution, in respect of a judgment, decree or order made or purported to be made by the Board of Revenue under the United Provinces Land Revenue Act, 1901, or the U.P. Tenancy Act, 1939, or the Uttar Pradesh Zamindari Abolition and Land Reforms Act, 1950, or by the Director of Consolidation (including any other officer purporting to exercise the powers and to perform the duties of Director of Consolidation) under the U.P. Consolidation of Holdings Act, 1953, anything to the contrary contained in clause ten of the Letters Patent of Her Majesty, dated March 17, 1866, read with clauses 7 and 17 of the U.P. High Courts (Amalgamation) Order, 1948, or in any other law notwithstanding.

(2) Notwithstanding anything contained in sub-section (1), all appeals pending before the High Court on the date immediately preceding the date of commencement of this section shall be heard and disposed of as if this section had not been enacted."

22. That once again, further amendment was made in the U.P. High Court (Abolition of Letters Patent Appeals) Act, 1962 inserting Section 5, with intent to narrow down the scope of Letters Patent Appeals. Newly added Section 5 is extracted below:

"5. (1) No appeal, arising from an application or proceeding instituted or commenced, whether prior or subsequent to the commencement of this section, shall lie to the High Court from a judgment or order of one judge of the High Court, made in the exercise of jurisdiction conferred by Article 226 or Article 227 of the Constitution, in respect of a judgment or order made or purported to be made in the exercise or purported exercise of appellate or revisory jurisdiction by a District Judge, Additional District Judge, Civil Judge or Additional Civil Judge under any Uttar Pradesh Act (including any Central Act as amended by an Uttar Pradesh Act) anything to the contrary contained in clause 10 of the Letters Patent of Her Majesty, dated March 17, 1866, read with clauses 7 and 17 of the U.P. High Courts (Amalgamation) Orders, 1948, or in any other law notwithstanding.

(2) Notwithstanding anything contained in sub-section (1), all appeals pending before the High Court on the date immediately preceding the date of commencement of this section shall be heard and disposed of as if this section had not been enacted."

23. Despite the aforesaid measures, the number of cases in the High Court, continued to increase and impediments in the way of speedy justice could not altogether be removed. It was, therefore, considered necessary to further amend the U.P. High Court (Abolition of Letters Patent Appeals) Act, 1962 with a view to abolishing the Letters Patent

Appeals against the judgment or order of a Single Judge of the High Court under Article 226 or Article 227 of the Constitution in respect of any judgment order or award of the Subordinate Courts, Tribunals or Statutory Arbitrators made in exercise of jurisdiction under any Uttar Pradesh Act or under any Central Act relating to any of the matters enumerated in the State List or Concurrent List of the Seventh Schedule to the Constitution or in respect of any order made in exercise of the appellate or revisional jurisdiction under any such Act, by the State Government or any officer or authority. It is also being provided that the pending Letters Patent Appeal shall continue to be disposed of as before. The Uttar Pradesh High Court (Abolition of Letters Patent Appeals) (Amendment) Act, 1981, was introduced accordingly. The Statement of Objects and Reasons of the aforesaid Act were as follows:-

"Prefatory Note---Statement of Objects and Reasons.---Prior to the enactment of the Uttar Pradesh High Court (Abolition of Letters Patent Appeals) Act, 1962 a Letters Patent Appeal could (except in certain cases), be filed before a Division Bench of a High Court against the judgment of the Single Judge. In view of the circumstances obtaining after the establishment of the Supreme Court the said Act of 1962 was enacted under which Letters Patent Appeal against the judgment of a Single Judge of the Allahabad High Court given in exercise of his appellate jurisdiction arising out of the judgment of a Subordinate Court in civil or other proceedings was abolished.

2. Amendments were made in the aforesaid Act in 1972 and 1975 to abolish the Letters Patent Appeals against the judgments of a Single Judge of the High Court in writ petitions arising out of certain judgments of the Board of Revenue, the Director of Consolidation, the District Judge and the civil Judge.

3. Despite the aforesaid measures, the number of cases in the High Court, continued to increase and impediments in the way of speedy justice could not altogether be removed. It is, therefore, considered necessary to make a similar provision in the U.P. High Court (Abolition of Letters Patent Appeals) Act, 1962 with a view to abolishing the Letters Patent Appeals against the judgment or order of a Single Judge of the High Court under Article 226 or Article 227 of the Constitution in respect of any judgment order or award of the Subordinate Courts, Tribunals or Statutory Arbitrators made in exercise of jurisdiction under any Uttar Pradesh Act or under any Central Act relating to any of the matters enumerated in the State List or Concurrent List of the Seventh Schedule to the Constitution or in respect of any order made in exercise of the appellate or revisional jurisdiction under any such Act, by the State Government or any officer or authority. It is also being provided that the pending Letters Patent Appeal shall continue to be disposed of as before.

24. By 1981 Amendment Act, Section 5 of 1962 Act was substituted by the following provision:-

"2. Substitution of Section 5 of U.P. Act 14 of 1962.----For Section 5 of the Uttar Pradesh High Court (Abolition of Letters Patent Appeals) Act, 1962, the following section shall be substituted, namely:---

"5. Abolition of Letters Patent Appeals in certain other cases.---(1) Notwithstanding anything to the contrary

contained in Clause 10 of the Letters Patent of Her Majesty, dated March 17, 1866 read with Clauses 7 and 17 of the U.P. High Courts (Amalgamation) Order, 1948, or in any other law, no appeal arising from an application or proceeding, instituted or commenced whether prior or subsequent to the commencement of the Uttar Pradesh High Court (Abolition of Letters Patent Appeals) (Amendment) Act, 1981, shall lie to the High Court from a judgment or order of one Judge of the High Court, made in the exercise of jurisdiction conferred by Articles 226 or 227 of the Constitution, in respect of any judgment, order or award---

(a) of a Tribunal, Court of Statutory Arbitrator made or purported to be made in the exercise or purported exercise of jurisdiction under any Uttar Pradesh Act or under any Central Act, with respect to any of the matters enumerated in the State List or the Concurrent List in the Seventh Schedule to the Constitution, or

(b) of the Government or any officer or authority, made or purported to be made in the exercise or purported exercise of appellate or revisional jurisdiction under any such Act.

(2) Notwithstanding anything contained in sub-section (1), all appeal of the nature referred to in that sub-section pending before the High Court immediately before the commencement of the Uttar Pradesh High Court (Abolition of Letters Patent Appeals) ( Amendment) Act, 1981, shall be heard and disposed of as if that sub-section had not been enacted."

25. Chapter VIII, Rule 5 of the Rules of the Courts was again amended by Notification dated 27th July, 1983 to bring it in accord with Section 5 of the Amendment Act, 1981. Chapter VIII, Rule 5 now existing in the Rules of the Court is as follows:---

"5. Special Appeal.---An appeal shall lie to the Court from a judgment (not being a judgment passed in the exercise of appellate jurisdiction) in respect of a decree or order made by a Court subject to the superintendence of the Court and not being an order made in the exercise of revisional jurisdiction or in the exercise of its power of superintendence or in the exercise of criminal jurisdiction (or in the exercise of jurisdiction conferred by Article 226 or Article 227 of the Constitution in respect of any judgment, order or award---(a) of a tribunal, Court or statutory arbitrator made or purported to be made in the exercise or purported exercise of jurisdiction under any Uttar Pradesh Act or under any Central Act, with respect to any of the matters enumerated in the State List or the Concurrent List in the Seventh Schedule to the Constitutions or (b) of the Government or any officer or authority, made or purported to be made in the exercise or purported exercise of appellate or revisional jurisdiction under any such Act of one Judge."

26. It transpires from the legislative history of Letters Patent Appeals that at present, the special appeal is governed by U.P. High Court (Abolition of Letters Patent Appeals) Act, 1962, as amended from time to time, and Chapter VIII Rule 5 of the Rules of Court.

27. It is well settled that an appeal is a creature of statute and it can be circumscribed by the conditions in the Grant. A Constitution Bench of the Supreme Court in **South Asia Industries Pvt. Ltd. vs. S.B. Sarup Singh4,** considered the Letters Patent of the Lahore High Court and held that if the appropriate legislature has, expressly or by necessary implication, not taken away the right to

appeal, the inevitable conclusion is that the appeal shall lie from the judgment of a Single Judge. In a later judgment in **Sharda Devi vs. State of Bihar5**, the Supreme Court has reiterated the aforesaid legal proposition in paragraph 9 of the Law Report –

"9. A Letters Patent is the charter under which the High Court is established. The power given to a High Court under the Letters Patent are akin to the constitutional powers of a High Court. Thus when a Letters Patent grants to the High Court a power of appeal, against a judgment of a single Judge, the right to entertain the appeal would not get excluded unless the statutory enactment concerned excludes an appeal under the Letters Patent."

28. A Full Bench of this Court **in Sheet Gupta vs. State of U.P. (FB)6**, considered the existing legal provisions, particularly Chapter VIII Rule 5 of the Rules of the Court, relating to special appeals and succinctly laid down the class of cases where special appeal would not lie. It would be advantageous to extract paragraph 15 of the Full Bench judgment –

"15. Having given our anxious consideration to the various plea raised by the learned counsel for the parties, we find that from the perusal of Chapter VIII Rule 5 of the Rules a special appeal shall lie before this Court from the judgment passed by one Judge of the Court. However, such special appeal will not lie in the following circumstances:

"1. The judgment passed by one Judge in the exercise of appellate jurisdiction, in respect of a decree or order made by a Court subject to the Superintendence of the Court;

2. the order made by one Judge in the exercise of revisional jurisdiction;

3. the order made by one Judge in the exercise of the power of Superintendence of the High Court;

4. the order made by one Judge in the exercise of criminal jurisdiction;

5. the order made by one Judge in the exercise of jurisdiction conferred by Article 226 or Article 227 of the Constitution of India in respect of any judgment, order or award by

(i) the tribunal,

(ii) Court or

(iii) statutory arbitrator made or purported to be made in the exercise or purported exercise of jurisdiction under any Uttar Pradesh Act or under any Central Act, with respect to any of the matters enumerated in the State List or the Concurrent List in the Seventh Schedule to the Constitution of India;

6. the order made by one Judge in the exercise of jurisdiction conferred by Article 226 or 227 of the Constitution of India in respect of any judgment, order or award of

(i) the Government or

(ii) any officer or

(iii) authority,

made or purported to be made in the exercise or purported exercise of appellate or revisional jurisdiction under any such Act, i.e. under any Uttar Pradesh Act or under any Central Act, with respect to any of the matters enumerated in the State List or the Concurrent List in the Seventh Schedule to the Constitution of India."

**Analysis:-**

29. One of the class of cases culled out in para-15(6) in **Sheet Gupta6** where special appeal would not lie is when the jurisdiction is exercised by Single Judge

under Article 226 or 227 in respect of any judgment, order or award of

"(i) the Government or
(ii) any officer or
(iii) authority,
made or purported to be made in the exercise or purported exercise of appellate or revisional jurisdiction under any such Act, i.e. under any Uttar Pradesh Act or under any Central Act, with respect to any of the matters enumerated in the State List or the Concurrent List in the Seventh Schedule to the Constitution of India."

30. For an appeal to fall under the exclusion clause noted above, it should be (i) under any Uttar Pradesh Act or under any Central Act, (ii) with respect to any of the matter enumerated in the State List or the Concurrent List.

31. The orders impugned in the writ petition were passed by the Officers/Authority in exercise of appellate and revisional jurisdiction conferred under Uttar Pradesh Road Transport Corporation Employees (Other than Officers) Service Regulations, 1981. The Regulations have been framed by UPSRTC in exercise of the power delegated on it by virtue of Section 45 of the Act, which undoubtedly is a Central Act. Section 45 of the Act is extracted for convenience of reference: -

**"45. Power to make regulations.**—(1) A Corporation may, with the previous sanction of the State Government, make regulations, not inconsistent with this Act and the rules made thereunder, for the administration of the affairs of the Corporation.

(2) In particular, and without prejudice to the generality of the foregoing power, such regulations may provide for all or any of the following matters, namely:—

(a) the manner in which, and the purposes for which, persons may be associated with the Board under section 10;

(b) the time and place of meetings of a the Board and the procedure to be followed in regard to transaction of business at such meetings;

(c) the conditions of appointment and service and the scales of pay of officers and other employees of the Corporation other than the Managing Director, the Chief Accounts Officer and the Financial Adviser, or as the case may be, the Chief Accounts Officer-cum-Financial Adviser.

(d) the issue of passes to the employees of the Corporation and other persons under section 19;

(e) the grant of refund in respect of unused tickets and concessional passes under section 19."

32. The first question which therefore arises is whether the exercise of power by the Officers/Authority under the Regulations could be said to be a power exercised under a Central Act.

33. In **Sheet Gupta6**, the Full Bench considered a similar question in reference to the power exercised by the Officers/Authority under the Uttar Pradesh Scheduled Commodities Distribution Order, 2004 framed under Section 3 read with Section 5 of the Essential Commodities Act, 1955. The contention that the appellate power in the said case, exercised by the Divisional Commissioner, was under the Distribution Order framed by the State Government in exercise of its delegated power under Section 5 of the Essential Commodities Act, 1955 and not under the Act itself and therefore, would not fall within the clutches of the exclusion

clause was repelled holding that an order framed under the delegated provision of the Act is "definitely a power exercised under the Act" and it is not necessary that the power should be "given by the Act" itself. In reaching to the aforesaid conclusion, the Full Bench relied on the judgment of the Supreme Court in **Dr. Indramani Pyarelal Gupta and others vs. W.R. Natu and others7.** Further, in the said case, the Essential Commodities Act, 1955 was found to have been enacted under Article 246(2) in respect of matters enumerated in the Concurrent List, and therefore the special appeal was held to be not maintainable. The relevant discussion in this regard as contained in para-17 of the Law Report is extracted below:-

"The exercise of original jurisdiction by any tribunal, Court or statutory arbitrator or exercise of appellate or revisional jurisdiction by the Government or any officer or authority is to be under any U.P. Act or any Central Act with respect to the matters enumerated in the State List or the Concurrent List in the Seventh Schedule to the Constitution of India. The powers have to be exercised under the Act and not given by the Act. As held by the Apex Court in the case of Dr. Indramani Pyarlal Gupta (supra) the words 'powers exercised under the Act' would comprehensively embrace in its power conferred by any bye laws or delegated legislation. If the appellate or revisional powers has been conferred by the Government through an order issued under the delegated provisions of the Act then it is definitely a power exercised under the Act and in that event no special appeal under Chapter VIII Rule 5 of the Rules would lie against the judgment and order passed by the learned single Judge. In the present case, we find that the Commissioner had exercised powers conferred under Clause 28 of the Distribution Order, 2004, which order has been passed under the provisions of the Act, therefore, the appellate power has been exercised under the Act and, thus, no special appeal would lie."

(emphasis supplied)

34. The enunciation of law by Apex Court on the aforesaid issue in **Dr. Intramani Pyarelal Gupta7** is extracted to make the legal position more explicit :-

"15. A more serious argument was advanced by learned Counsel based upon the submission that a power conferred by a bye-law framed under S.11 or 12 was not one that was 'conferred "by or under the Act or as may be prescribed". Learned Counsel is undoubtedly right in his submission that a power conferred by a law is not one conferred "by the Act", for in the context the expression "conferred by the Act" would mean "conferred expressly or necessary implication by the Act itself." It is also common ground that a bye law framed under Sections 11 or 12 could not fall within the phraseology "as may be prescribed", for the expression "prescribed" has been defined to mean "by rules under the Act", i.e, those framed under S.28 and a bye law is certainly not within that description. The question therefore is whether a power "conferred by a bye-law could be held to be a power conferred under the Act". The meaning of the words "under the Act" is well known. "By an Act would mean by a provision directly enacted in the statute in question and which is gatherable from its express languages or by necessary implication therefrom. The words "under the Act" would in that context signify what is not directly to be found in the statute itself but is conferred or

imposed by virtue of powers enabling this to be done; in other words, bye-laws made by subordinate law-making authority which is empowered to do so by the parent Act.

(emphasis supplied)

35. The impugned orders have been made by the Officers/Authority exercising appellate and revisional powers conferred upon them by the Regulations. The Regulations have been framed 'under the Act. 'It is a piece of delegated legislation. It owes its existence to Section 45 of the Act. The phrase 'under the Act' is wide enough to include the powers conferred by a delegated legislation framed under the Act, as held by Supreme Court in **Dr. Indramani Pyarelal Gupta7** and Full Bench in Sheet Gupta6. Thus, it cannot be doubted that while passing the impugned orders, the officers/authority had acted under a Central Legislation.

36. The core issue however is whether the Act, albeit a Central Legislation, has been enacted in exercise of the legislative power conferred on the Parliament in the Union List or the Concurrent List. In case the power has been exercised in respect of any of the matters enumerated in the Union List, it would not be covered by the exception carved out under Chapter VIII Rule 5 of the Rules of the Court and the appeal would be maintainable. However, in case the Central Legislation is referable to any entry in the Concurrent List, it would fall within the clutches of the exclusion clause of Rule 5 Chapter VIII and special appeal would not be maintainable.

37. Learned counsel for the respondents contended that the Regulations framed by the Corporation under Section 45 of the Act under which the appellate and revisional powers have been exercised relates to conditions of service of the employees of the Corporation and is referable to Entries 22 and 24 of the Concurrent List. Therefore, appeal would not be maintainable. He placed reliance on the judgment of this Court in **UPSRTC through R.M. vs. Abhay Raj Singh and 2 others8, A.P. Jeet Singh (Constable) vs. State of U.P. & others9, and M/s Vajara Yojna Seed Farm, Kalyanpur and Others vs. Presiding Officer, |Lower Court & Another10** and judgment of the Supreme Court in **State of U.P. & Others vs. Madhav Prasad Sharma11.**

38. Per contra, learned counsel for the appellant submitted that the Act relates to incorporation and regulation of Road Transport Corporation and is referable to Entries 43 & 44 of List-1 of the Seventh Schedule to the Constitution. Therefore, the instant appeal would not fall under the exclusion clauses of Chapter-VIII Rule 5 of the Rules of the Court. He further submitted that the laying down of service conditions of the employees is incidental to the main object of the Act viz. incorporation and regulation of Road Transport Corporations. It is urged that while determining the field of legislation the Court has to examine the enactment as a whole in context of its main object. The true subject matter of legislation is to be ascertained to find out the field of legislation i.e. what constitutes the pith and substance of an enactment. Merely because the legislation incidentally encroaches on matter assigned to another list would not be determinative of the Entry under which a particular enactment has been framed. If so examined, the Act and the Regulations framed thereunder, though incidentally touches upon certain subjects in the Concurrent List would still be referable to

the legislative power of the Parliament under the Union List. In support of his contention, he placed reliance on the decisions of this Court in **Madan Pal Singh vs. State of U.P. and others12 and Jageshwar Prasad Tiwari vs. UPSRTC & others13.**

39. Entries 43 & 44 of List-1 are as follows :-

"43. Incorporation, regulation and winding up of trading corporations, including banking, insurance and financial corporations, but not including co-operative societies.

44. Incorporation, regulation and winding up of corporations, whether trading or not, with objects not confined to one State, but not including universities."

40. Entries 22 & 24 of List-III are as follows:

"22. Trade unions; industrial and labour disputes.

24. Welfare of labour including conditions of work, provident funds, employers' liability, workmen's compensation, invalidity and old age pensions and maternity benefits."

41. Undoubtedly, the Regulations whereunder the orders impugned before the Writ-Court were passed relates to the conditions of service of employees of the Corporation in respect of which power has been conferred on the Corporation to frame Regulations by virtue of Section 45(2)(c). The core issue is whether the said fact is sufficient to bring the legislation under which the Regulations have been framed within the four corners of Entries 22 & 24 of the Concurrent List as is contended by learned counsel for the respondents. In order to determine the question whether the Legislature has kept itself within bounds of its jurisdiction or has encroached upon a forbidden field, the Courts have consistently applied the doctrine of 'pith and substance'. The main object and the true scope and effect of legislation is determined in its entirety and even if some topic incidentally encroaches on matter assigned to another Legislature, it does not detract from the true nature of legislation or the field under which it has been enacted. In **K.K. Baskaran v. State14,** the Supreme Court explained the principles governing the applicability of the doctrine of pith and substance as follows:

"21. The doctrine of pith and substance means that an enactment which substantially falls within the powers expressly conferred by the Constitution upon a legislature which enacted it cannot be held to be invalid merely because it incidentally encroaches on matters assigned to another legislature. The Court must consider what constitutes in pith and substance the true subject-matter of the legislation. If on such examination it is found that the legislation is in substance one on a matter assigned to the legislature then it must be held to be valid even though it incidentally trenches on matters beyond its legislative competence, vide Union of India v. Shah Goverdhan L. Kabra Teachers' College, (2002) 8 SCC 228 (SCC para 7).

22. For applying the doctrine of pith and substance regard is to be had to the enactment as a whole, its main objects and the scope and effect of its provisions vide Special Reference No. 1 of 2001, In re, (2004) 4 SCC 489 (SCC para 15). For this purpose the language of the entries in the Seventh Schedule should be given the

widest scope of which the meaning is fairly capable, vide State of W.B. v. Kesoram Industries Ltd., (2004) 10 SCC 201, [SCC para 31(4)], Union of India v. Shah Goverdhan L. Kabra Teachers' College, (2002) 8 SCC 228 (SCC para 6) and ITC Ltd. v. State of Karnataka, 1985 Supp SCC 476 (SCC para 17)."

Applying the doctrine of pith and substance in considering overlapping of fields in Central and State List, it has been held as follows:

"18. It often happens that a legislation overlaps both List I as well as List II of the Seventh Schedule. In such circumstances, the doctrine of pith and substance is applied. We are of the opinion that in pith and substance the impugned State Act is referable to Entries 1, 30 and 31 of List II of the Seventh Schedule and not Entries 43, 44 and 45 of List I of the Seventh Schedule.

19. It is well settled that incidental trenching in exercise of ancillary powers into a forbidden legislative territory is permissible vide the Constitution Bench decision of this Court in State of W.B. v. Kesoram Industries Ltd., (2004) 10 SCC 201 [vide SCC paras 31(4), (5) & (6) and 129(5)]. Sharp and distinct lines of demarcation are not always possible and it is often impossible to prevent a certain amount of overlapping vide ITC Ltd. v. State of Karnataka, 1985 Supp SCC 476 (SCC para 17). We have to look at the legislation as a whole and there is a presumption that the legislature does not exceed its constitutional limits."

42. In **State Bank of India v. Santosh Gupta15**, the question arose concerning the right of banks to enforce security interests outside the courts' process by acting under Section 13 of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (for short 'SARFAESI Act') vis-a-vis the provision of the Transfer of Property Act of Jammu & Kashmir, 1920 (for short 'the JK Act'). The applicability of the SARFAESI Act in respect of State of Jammu & Kashmir was being objected to on the ground that the provisions thereof come in conflict with Section 140 of the JK Act. The contention was repelled by examining the object of the Central Legislation i.e. the SARFAESI Act. In doing so, the doctrine of pith and substance was applied. It was held that the legislation would fall under List-1 Entry-45 which relates to 'banking'. Although, the transfer of property by way of sale or assignment is stipulated as one of the several ways for recovery of debts under the SARFAESI Act, but when the said Act is considered in the light of the objects with which it has been enacted, it cannot be said to be relatable to the subject of 'transfer of property', covered under List-III Entry 6. The relevant observations are as follows:

"37. Applying the doctrine of pith and substance to SARFAESI, it is clear that in pith and substance the entire Act is referable to Entry 45 List I read with Entry 95 List I in that it deals with recovery of debts due to banks and financial institutions, inter alia through facilitating securitisation and reconstruction of financial assets of banks and financial institutions, and sets up a machinery in order to enforce the provisions of the Act. In pith and substance, SARFAESI does not deal with "transfer of property". In fact, insofar as banks and financial institutions are concerned, it deals with recovery of debts owing to such banks and financial institutions and certain measures which can be taken outside of the court process to enforce such recovery. Under Section 13(4)

of the SARFAESI, apart from recourse to taking possession of secured assets of the borrower and assigning or selling them in order to realise their debts, the banks can also take over the management of the business of the borrower, and/or appoint any person as manager to manage secured assets, the possession of which has been taken over by the secured creditor. Banks as secured creditors may also require at any time by notice in writing, any person who has acquired any of the secured assets from the borrower and from whom money is due or payable to the borrower, to pay the secured creditor so much of the money as is sufficient to pay the secured debt. It is thus clear that the transfer of property, by way of sale or assignment, is only one of several measures of recovery of a secured debt owing to a bank and this being the case, it is clear that SARFAESI, as a whole, cannot possibly be said to be in pith and substance, an Act relatable to the subject-matter "transfer of property"."

43. A Constitution Bench of Supreme Court in **Pandurang Ganpati Chaugule v Vishwasrao Patil Murgud Sahakari Bank Limited16** considered the issue as to whether Cooperative Banks which are Cooperative Societies also are governed by List-1 Entry-45 or List-II Entry 32 of the Seventh Schedule to the Constitution and whether Central Government has the power to provide for different mode of recovery in respect of Cooperative Banks under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, though Cooperative Banks are registered and regulated by the State Legislation viz. the Maharashtra Cooperative Societies Act, 1960. The Constitution Bench after examining in great detail the main object of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act held that it was within the competence of the Parliament to include Cooperative Societies carrying on banking activities, registered under the Maharashtra Cooperative Societies Act, 2002 under the definition of 'banking company' under the Banking Regulation Act, 1949. The Parliament is held to have legislative competence under List-I Entry 45 to provide for additional procedures for recovery under Section 13 of the SARFAESI Act with respect to Cooperative Banks and it does not in any manner impinges upon the field occupied by List-II Entry-32 under which the State Act has been enacted.

44. In **Delhi Cloth & General Mills Co. Ltd.17** upon which reliance was placed by the Constitution Bench, it was held that in pith and substance, if a legislation falls within one or the other Entry of a particular List but some portion of the subject matter of the legislation incidently trenches upon or enters a field under another List, then it must be held to be valid in its entirety. The relevant portion is as follows:

"33. Mr O.P. Malhotra raised a contention as to the legislative competence of Parliament to enact Section 58-A and the Deposits Rules enacted in exercise of the power conferred by Section 58-A read with Section 642 of the Companies Act, 1956. This is only to be mentioned to be rejected. Mr Malhotra urged that when a company invites and accepts deposits, there comes into existence a lender-borrower relationship between the depositor and the company, and therefore the legislation dealing with the subject squarely falls under Entry 30 of the State List, 'money lending and moneylenders'. If this

submission were to carry conviction, every depositor in the bank would be a moneylender and the transaction would be one of money lending. Is the banking industry to be covered under Entry 30? On the other hand, Entry 45 in Union List is a specific Entry 'Banking' and therefore any legislation relating to banking would be referable to Entry 45 in the Union List. Entry 43 in the Union List is: 'Incorporation, regulation and winding up of trading corporations, including banking, insurance and financial corporations but not including cooperative societies'. Entry 44 refers to 'incorporation, regulation, and winding up of corporation whether trading or not when business is not confined to one State but not including universities'. Obviously the power to legislate about the companies is referable to Entry 44 when the objects of the company are not confined to one State and irrespective of the fact whether it is trading or not. When a law is impugned on the ground that it is ultra vires the powers of the legislature which enacted it, what has to be ascertained is the true character of the legislation. To do that one must have regard to the enactment as a whole, to its objects and to the scope and effect of its provisions (see A.S. Krishna v. State of Madras, SCR p. 410). To resolve the controversy if it becomes necessary to ascertain to which entry in the three Lists, the legislation is referable, the court has evolved the doctrine of pith and substance. If in pith and substance, the legislation falls within one entry or the other but some portion of the subject-matter of the legislation incidentally trenches upon and might enter a field under another List, then it must be held to be valid in its entirety, even though it might incidentally trench on matters which are beyond its competence (see Ishwari Khaetan Sugar Mills (P) Ltd. v. State of U.P., (1980) 3 SCR 331, 343, Union of India v. H.S. Dhillon, (1972) 2 SCR 33, Kerala State Electricity Board v. Indian Aluminium Company Ltd., (1976) 1 SCR 552 and State of Karnataka v. Ranganatha Reddy (1978) 1 SCR 641"

(emphasis supplied)

45. In **State of Madhya Pradesh v. M.V. Narasimhan18,** the Supreme Court repelled the contention that doctrine of pith and substance is applicable only where the legislative competence is in issue. It has been held that the said doctrine can conveniently be applied to cases involving statutory interpretation founded on source of legislation as in the instant case. The relevant observations are as follows:

"173. The doctrine of pith and substance can be applied to examine the validity or otherwise of a legislation for want of legislative competence as well as where two legislations are embodied together for achieving the purpose of the principal Act. Keeping in view that we are construing a federal Constitution, distribution of legislative powers between the Centre and the State is of great significance. Serious attempt was made to convince the Court that the doctrine of pith and substance has a very restricted application and it applies only to the cases where the court is called upon to examine the enactment to be ultra vires on account of legislative incompetence.

174. We are unable to persuade ourselves to accept this proposition. The doctrine of pith and substance finds its origin from the principle that it is necessary to examine the true nature and character of the legislation to know whether it falls in a forbidden sphere. This doctrine was first applied in India in Prafulla Kumar Mukherjee v. Bank of Commerce Ltd.,

(194647) 74 IA 23 : AIR 1947 PC 60. The principle has been applied to the cases of alleged repugnancy and we see no reason why its application cannot be extended even to the cases of present kind which ultimately relates to statutory interpretation founded on source of legislation."

(emphasis supplied)

46. In another Constitution Bench in **H.C. Narayanappa and others v. State of Mysore and others19** the Supreme Court held that while interpreting Entries in a List in context of legislative competence, widest possible amplitude should be given and not a narrow or restricted meaning:-

"The expression used in a constitutional enactment conferring legislative powers must be construed not in any narrow or restricted sense but in a sense beneficial to the widest possible amplitude of its powers: Navinchandra Mafatlal v. Commissioner of Income-tax, Bombay City, 1955-1 SCR 829 at p. 836 : (S) AIR 1955 SC 58 at p. 61); United Provinces v. Atiqua Begum, 1940 FCR 110 : (AIR 1941 FC 16)."

47. The Road Transport Corporations Act, 1950 provides for the incorporation and regulation of Road Transport Corporations. It extends to whole of India. It envisages establishment of Road Transport Corporations in the States. Section 3 of the Act is extracted for ready reference :-

"**3. Establishment of Road Transport Corporations in the States.**— The State Government having regard to—

(a) the advantages offered to the public, trade and industry by the development of road transport;

(b) the desirability of co-ordinating any form of road transport with any other form of transport;

(c) the desirability of extending and improving the facilities for road transport in any area and of providing an efficient and economical system of road transport service therein;

may, by notification in the Official Gazette, establish a Road Transport Corporation for the whole or any part of the State under such name as may be specified in the notification."

48. By virtue of Section 4 of the Act, every Corporation is a body corporate by the name notified under Section 3 having perpectual succession and a common seal. The general superintendence, direction and management of the affairs and business of a Corporation vests in a Board of Directors. The Board comprises of a Chairman and such other Directors, as the State Government may think fit to appoint. The Board has been given power under Section 12 to appoint committees and delegate its functions. By virtue of Sections 14 and 19, the Corporation has power to provide for the conditions of service and other matters relating to the employees of the Corporation.

49. Under Section 17-A of the Road Transport Corporations Act, 1950, the Corporation is conferred with power to establish one or more subsidiary corporations for the more efficient discharge of its functions.

50. Section 18 of the Act lays down the general duty of Corporation which is to provide or secure or promote the provision of an efficient, adequate, economical and properly coordinate system of road transport services in the State or

part of the State for which it is established and in any extended area.

51. The powers of the Corporation are stipulated under Section 19, which are as follows:

"(a) to operate road transport services in the State and in any extended area;

(b) to provide for any ancillary service;

(c) to provide for its employees suitable conditions of service including fair wages, establishment of provident fund, living accommodation, places for rest and recreation and other amenities;

(d) to authorise the issue of passes to its employees and other persons either free of cost or at concessional rates and on such conditions as it may deem fit to impose;

(e) to authorise the grant of refund in respect of unused tickets and concessional passes."

52. Sub-Section (2) of Section 19 of the Act provides for additional powers which are as follows:

"(a) to manufacture, purchase, maintain and repair rolling stock, vehicles, appliances, plant, equipment or any other thing required for the purpose of any of the activities of the Corporation referred to in sub-section (1);

Explanation.—In this clause, the expression "manufacture" does not include the construction of the complete unit of a motor vehicle except for purposes of experiment or research;

(b) to acquire and hold such property, both movable and immovable, as the Corporation may deem necessary for the purpose of any of the said activities, and to lease, sell or otherwise transfer any property held by it;

(c) to prepare schemes for the acquisition of, and to acquire, either by agreement or compulsorily in accordance with the law of acquisition for the time being in force in the State concerned and with such procedure as may be prescribed, whether absolutely or for any period, the whole or any part of any undertaking of any other person to the extent to which the activities thereof consist of the operation of road transport services in that State or in any extended area;

(d) to purchase by agreement or to take on lease or under any form of tenancy any land and to erect thereon such buildings as may be necessary for the purpose of carrying on its undertaking;

(e) to authorise the disposal of scrap vehicles, old tyres, used oils, any other stores of scrap value, or such other stores as may be declared to be obsolete in the prescribed manner;

(f) to enter into and perform all such contracts as may be necessary for the performance of its duties and the exercise of its powers under the Act;

(g) to purchase vehicles of such type as may be suitable for use in the road transport services operated by the Corporation;

(h) to purchase or otherwise secure by agreement vehicles, garages, sheds, office buildings, depots, land, workshops, equipment, tools, accessories to and spare parts for vehicles, or any other article owned or possessed by the owner of any other undertaking for use thereof by the Corporation for the purposes of its undertaking;

(i) to do anything for the purpose of advancing the skill of persons employed by the Corporation or the efficiency of the equipment of the Corporation or of the

manner in which that equipment is operated, including the provision by the Corporation, and the assistance by the Corporation to others for the provision of facilities or training, education and research;

(j) to enter into and carry out agreements with any person carrying on business as a carrier of passengers or goods providing for the carriage of passengers or goods on behalf of the Corporation by that other person at a thorough fare or freight;

(k) to provide facilities for the consignment, storage and delivery of goods;

(l) to enter into contracts for exhibition of posters and advertising boards on and in the vehicles and premises of the Corporation and also for advertisement on tickets and other forms issued by the Corporation to the public;

(m) with the prior approval of the State Government to do all other things to facilitate the proper carrying on of the business of the Corporation."

53. Section 45 of the Act as noted in the foregoing paragraphs empowers the Corporation to frame regulations with the previous sanction of the State Government and by notification in the Official Gazette. It, inter alia, includes the power to lay down conditions of appointment and service of its officers and employees.

54. It is evident from the scheme of the Act that the main object of the legislation is to provide for the incorporation and regulation of Road Transport Corporations in order to establish an adequate, economical and properly coordinated system of road transport services in the State or part of the State for which it is established having regard to the advantages offered to the public, trade and industry by the development of road transport.

55. In **Sita Ram Sharma and others vs. State of Rajasthan and others20** the Supreme Court has observed that the Road Transport Corporations Act, 1950 has been made by the Parliament under Item 43 of List-I. The relevant observation made in this regard in para 11 of the Law Report is reproduced below:

"11. The Road Transport Corporation Act, 1950 is made by Parliament under Item 43 of List I. Section 19(2)(c) enables the Road Transport Corporation :

. . . to prepare schemes for acquisition of, and to acquire, either by agreement or compulsorily in accordance with the law of acquisition for the time being in force in the State concerned and with such procedure as may be prescribed, whether absolutely or for any period, the whole or any part of any undertaking of any other person to the extent to which the activities thereof consist of the operation of road transport services in that State or in any extended area."

56. A Full Bench of Madhya Pradesh High Court in **M.P.S.R.T.C. Bairagarh, Bhopal vs. Ram Chandra & Others21** considered the issue as to whether Madhya Pradesh Industrial Employment (Standing Orders) Act, 1961 of the State Legislature would prevail over the Regulations framed by the Madhya Pradesh State Road Transport Corporation in exercise of its powers under Section 45 of the Road Transport Corporations Act, 1950 in respect of age of retirement of the employees. In that context, it was examined as to whether the Regulations would fall within the purview of Entries 43 and 44 of

the Union List or Entry 24 of the Concurrent List of the Seventh Schedule to the Constitution.

57. The Full Bench applied the test of 'pith and substance' in determining the legislative field under which the Act has been enacted. It has been held that the source of power of the Legislation are Entries 43 & 44 of the Union List. The contention that the Regulation being under Section 45(2)(c) of the Act which relates to conditions of service of employees, is referable to Entry 22 of the Concurrent List has been repelled holding that the Act, when examined as a whole, is referable to the exclusive powers reserved with the Parliament under the Union List (Entries 43 and 44) and even if it incidentally entrenches upon some subject in the Concurrent List, it is of no consequence. The relevant observations in this behalf are as follows:

"8. The Madhya Pradesh State Road Transport Corporation was established under Section 3 of the Act. In exercise of its powers under S. 45, it has made regulations which, inter alia, provide for conditions of appointment and service within the meaning of Cl. (c) of sub-section (2) of S. 45, Regulation 59 reads thus:—

"59. Employees of State Transport are liable to compulsory, retirement on the date of their completion of fifty eight years of age unless specifically permitted by the Corporation to continue in service for a specified period thereafter, but he must not be retained after the age of 60 years without the sanction of State Government."

9. Now, the last mentioned subject comes within the purview of Entry 24 in the concurrent list of the Seventh Schedule to the Constitution : "Welfare of labour, including conditions of work, provident funds, employer's liability, workmen's compensation invalidity and old-age pensions and maternity benefits". It must however, be said that the true subject-matter of the Corporation Act, in pith and substance, falls within the legislative field of Parliament, by which it has been enacted. Even if S. 45(2)(c) incidentally trenches upon the subject-matter in the concurrent list, the validity of' the Act is not affected, firstly because of the pith and substance doctrine, and secondly, because the subject-matter in the concurrent list is also within the legislative field of Parliament."

58. Applying the above propositions to the present case, we have reached the following results:

"(1) (a) The essential subject-matter of the Road Transport Corporations Act, 1950, falls within the purview of Entries 43 and 44 of the Union List. It is valid, being within the Parliament's Legislative competence."

59. The aforesaid Full Bench judgment was considered by a Larger Bench of five Judges in **MPSRTC vs. Heeralal Ochhelal and others.** The Five Judges Full Bench did not approve the view of Full Bench in Ramchandra's case to the effect that Standing Order-11 relating to termination would also take within its ambit retirement of an employee. However, the judgment in **Ramchadra's** case in so far as it held that the Act was referable to power of the Parliament under Entries 43 & 44 of the Union List, was approved with the clarification that Article 254 would not apply as the standing orders were framed by the State Legislature under Entry 24 of the Concurrent List. Article 254 would

apply only if there are two competing legislations, one made by the Parliament and another by the State Legislature pertaining to a subject in the Concurrent List, which was not the case under consideration.

60. The theory of pith and substance is now firmly grounded and is being applied without exception in interpreting legislative competence qua the Entries in various Lists under the Seventh Schedule to the Constitution.

61. Applying the doctrine of pith and substance, we are of the considered opinion that the Act is referable to List 1 Entry 43 and 44. The power to legislate in relation to 'regulation of the corporations' under the aforesaid Entries, includes within its umbrella the regulation of its workforce. The same is essential part of incorporation and making functional any corporation and in ensuring its proper functioning. Merely because Section 45(2)(c) invests the Corporation with power to make Regulations, inter alia, concerning the conditions of appointment and service of its employees, would not bring the legislation within the ambit of List-III Item No. 22 or 24, as is sought to be contended by counsel for the respondents. The enactment is with the avowed object of incorporation and regulation of Road Transport Corporations in different States in the country and the fountainhead of the Legislation are Entries Nos. 43 and 44 of List 1 and even if it incidently entrenches upon certain Entries in List-III, it would still be referable to the power of the Parliament under List-I.

62. The judgment of this Court **in Jageshwar Prasad Tiwari** (supra) and **Madan Pal Singh** (supra) takes the same view and which in our opinion is in accord with the interpretation made by us. The judgment of this court in **Abhai Raj Singh** (supra) although rightly holds that the expression "such Act" in Rule 5 of Chapter VIII of the Allahabad High Court Rules, would include a statutory regulation, but it proceeds on a wrong assumption that the Regulations were framed in pursuance of a State Legislation. Therefore, in our considered opinion, the ultimate conclusion arrived at in **Abhai Raj Singh** (supra) to the effect that special appeal would not be maintainable, does not lay down the correct law. The exclusion clause would not be applicable as the orders of officers/authority had been passed under a Central Legislation in respect of matters enumerated in the Union List and not the State List or the Concurrent List in the Seventh Schedule to the Constitution of India.

63. In line with the aforesaid legal position, a Division Bench of this Court in The **District Judge, Rampur vs. Vinod Kumar Verma22**, held the special appeal to be maintainable as it arose out of an order passed by learned Single Judge against order of officers/authority under the Service Rules framed under Article 309 of the Constitution of India and not under any Central or State Act. The relevant part is extracted below: -

"13. The submission of the first respondent is that since the order of the Administrative Judge was passed in the exercise of appellate jurisdiction and the order of the learned single Judge has been passed in a writ petition under Article 226 of the Constitution challenging such order, a Special Appeal will not be maintainable. Reference has also been made to a decision of the Full Bench of this Court in Sheet

Gupta v. State of U.P., 2010 (1) ADJ 1: (AIR 2010 All 46) (FB).

14. There is no merit in the submission. Under Rule 5 of Chapter VIII, a Special Appeal will not be maintainable against an order passed in the exercise of the jurisdiction conferred by Article 226 or 227 of the Constitution in respect of any judgment, order or award (i) of a Tribunal, Court or Statutory Arbitrator made or purported to be made in the exercise of jurisdiction under any Uttar Pradesh Act or Central Act with respect to any of the matter enumerated in the State List or the Concurrent List of the Seventh Schedule of the Constitution or (ii) of the Government officer or authority, made or purported to be made in the exercise of appellate or revisional jurisdiction under any such Act. In the present case, the order of the Administrative Judge was made under the provisions of Rule 7(2)(b) of the U.P. Subordinate Courts Staff (Punishment & Appeal) Rules, 1976. These Rules have been framed under Article 309 of the Constitution and not "under any Act". The expression "under any such Act" means under any Uttar Pradesh Act or under any Central Act with respect to a matter enumerated in the State List or the Concurrent List of the Seventh Schedule of the Constitution. Since the exercise of powers by the Administrative Judge was not under any such Act as specified but under the Rules which have been framed under Article 309 of the Constitution, the bar to the maintenance of the Special Appeal would not be applicable."

(emphasis supplied)

64. Another Division Bench of this Court in **Sharp Industries vs. Bank of Maharashtra23,** has held a special appeal arising out of an order of learned Single Judge in a writ petition filed against order of the Tribunal under Section 17 of the SARFAESI Act, 2002 (a Central Legislation), referable to the power under List 1 of the Seventh Schedule to the Constitution of India, to be maintainable. The relevant observations are as follows: -

13. From the authoritative pronouncement of law by the Supreme Court in the matter in issue it is no longer in doubt that the constitution of Debt Recovery Tribunal is in exercise of powers by the Parliament under entry 45 of list I i.e. 'Banking'. Similar view has been taken by this Court in Special Appeal No. 552 of 2013 (Ballia-Etawah Gramin Bank v. Dr. Ramji Properties & Hotels P. Ltd.), Special Appeal No. 814 of 2009 (U.P.S.I.D.C. v. Debts Recovery Appellate Tribunal, Allahabad), Special Appeal Defective No. 136 of 2019 (Pradeep Tekriwal v. Debt Recovery Appellate Tribunal) and Special Appeal Defective No. 735 of 2014 (Oriental Bank of Commerce v. Debts Recovery Appellate Tribunal).

14. Once the tribunal has been constituted in exercise of powers under the Union list, the exclusion clause curtailing entertainment of appeal arising out of orders passed by tribunals constituted under List II or List III would not apply. So far as the contrary opinion of the Division Bench in Special Appeal Defective No. 356 of 2022 (Tarun Kumar v. Indian Bank) is concerned, we find that the attention of the Court was not invited to the fact that Debts Recovery Appellate Tribunal has been constituted by the Parliament under the union list nor the Supreme Court judgment in the case of Delhi High Court Bar Association (supra) was placed before the Court and, therefore, it cannot be treated as a binding precedent. We, therefore, hold that the present

special appeal is maintainable and the objection of the respondents is turned down."

(emphasis supplied)

65. The Division Bench of this Court in **M/s Vajara Yojna Seed Farm10** holds the special appeal against order of learned Single Judge passed in exercise of jurisdiction conferred under Article 226 and 227 of the Constitution of India against (I) orders of Labour Court passed under any Uttar Pradesh Act, (ii) orders of Joint Director of Education under Statutory Regulations framed under U.P. Intermediate Act, 1921 and (iii) against orders of Election Tribunals under the U.P. Panchayat Raj Act, all State Legislations, to be not maintainable. Similarly, in **A.P. Jeet Singh (Constable)9**, once again the orders impugned in the writ petition was held to have been passed under U.P. Police Officers of Subordinate Ranks (Punishment and Appeal) Rules, 1991 and therefore not maintainable. Same was the position before the Supreme Court in **Madhav Prasad Sharma11**. These cases are therefore of no help to the respondents.

66. Learned counsel for the respondent also tried to contend that while construing whether the exercise of power of appellate or revisional jurisdiction is with respect to any matter enumerated in the State List or the Concurrent List, it is the subject matter of the dispute in hand which has to be examined and not the legislation itself. However, we are unable to accept the contention. It is amply clear that the expression "with respect to" refers to source of State or Central Legislation and not the subject matter of dispute involved in a particular case. Such an interpretation not only goes against the express language of the provision itself, but also against the well established principle that while interpreting the source of power of the legislature, any incidental entrenchment on the power reserved for the other legislature, is of no consequence.

**Conclusion: -**

67. We, accordingly, answer the questions referred to us as follows: -

(a) Intra-court appeal under Chapter VIII Rule 5 of the High Court Rules against a judgment of Single Judge in a writ proceeding under Article 226 of the Constitution of India, preferred against an order passed by an officer or authority exercising appellate or revisional power under U.P. State Road Transport Corporation Employees (Other than Officers) Service Regulations, 1981, is maintainable.

(b) The Division Bench decisions in **Jageshwar Prasad Tiwari vs. UPSRTC and Others and Madan Pal Singh vs. State of U.P. and Others** lay down the correct law while the judgment of this court in **UPSRTC through RM vs. Abhai Raj Singh and 2** others does not and is overruled to the extent it holds the special appeal to be not maintainable.

68. Let the papers of the instant appeal, be placed before appropriate Bench, along with our opinion, for disposal.

(Delivered by Hon'ble Salil Kumar Rai, J.)

1. Heard Shri Mohd. Ali, counsel for the petitioner and Shri Ratnesh Chandra, Advocate, representing the Uttar Pradesh State Road Transport, Corporation.

2. The petitioner was employed as conductor with Uttar Pradesh State Road Transport, Corporation (hereinafter referred

to as, 'Corporation'). On 1.11.2013, the petitioner was on duty in a 32 Seater Bus No. UP 57 T 2765 plying on the Gorakhpur-Padrauna route. The bus was inspected in mid route by a team led by the Transport Superintendent, Gorakhpur Region. The inspection team found that nine passengers in the bus were travelling without ticket.

3. On 2.11.2013, the inspection team submitted a report to the Regional Manager of the Corporation stating that, on inspection, nine passengers in the bus were found to be without ticket even though they had paid the fare. In his report, the Regional Manager noted that the nine passengers had deposed orally but had refused to give any written statement. It is relevant to note that the report does not disclose the contents of the oral statements of the nine passengers. The report also does not refer to any evidence in support of the finding that the petitioner had charged fares from the nine passengers. By order dated 19.11.2013 disciplinary proceedings were instituted against the petitioner and a charge-sheet was served on him. The charge against the petitioner was that he had acted against the Uttar Pradesh State Road Transport Employees (Other Than Officers) Service Regulation, 1981 (hereinafter referred to as, 'Regulation, 1981'), caused financial loss to the Corporation and indulged in corruption by not issuing tickets to the nine passengers.

4. In his reply, the petitioner denied the charges levelled against him. The defense of the petitioner was that the nine passengers were students and had refused to pay their fare, therefore, tickets were not issued to them. The petitioner claimed that when the aforesaid nine passengers refused to pay their fare, the petitioner asked the driver to halt the bus but the driver did not halt the bus because of opposition by other passengers.

5. During the enquiry proceedings, the Transport Superintendent and two Assistant Transport Inspectors, who were part of the inspection team, appeared as witness of the Corporation to prove the report submitted by the Transport Superintendent. In his defense the petitioner produced, as witness, two passengers who were travelling in the bus on 1.11.2013. The Inquiry Officer submitted his report on 8.1.2014. In his report the Inquiry Officer held the petitioner guilty of the charges levelled against him. A show cause notice dated 9.1.2023 was served on the petitioner to show cause as to why he should not be removed from service.

6. In his reply to the show cause notice, the petitioner reiterated his defense as submitted before the Inquiry Officer. The defense of the petitioner was not accepted by the Regional Manager, who vide his order dated 7.10.2014 awarded the punishment of 'removal from service' to the petitioner. The petitioner filed appeal before the Chief Manager (Finance & Account), which was also rejected vide order dated 16.11.2015. Against the orders dated 7.10.2014 and 16.11.2015, the petitioner filed Revision before the Chairman of the Corporation, which was partly allowed by order dated 31.8.2021. In his order dated 31.8.2021, the Chairman accepted the defense of the petitioner and set aside the orders dated 7.10.2014 and 16.11.2015. In his order dated 31.8.2021, the Chairman held that the nine passengers had not paid their fare despite the petitioner having demanded it from them and when the passengers refused to pay the fare, the

petitioner asked the driver to halt the bus, but the driver continued to drive the vehicle. The Chairman held that the inspection team was under a duty to recover the fare from the nine passengers. However, the Chairman also held that the petitioner was responsible for letting the nine passengers to travel without ticket but the punishment of 'removal from service' awarded to the petitioner was disproportionate to his conduct. By order dated 31.8.2021, the petitioner has been reinstated in service without any financial benefits for the period he was not in service and four annual increments of the petitioner have also been withheld.

7. The present petition has been filed challenging the order dated 31.8.2021 passed by the Chairman so far as it witholds four annual increments of the petitioner and also denies financial benefits to the petitioner for the period he was not in service.

8. It was argued by the counsel for the petitioner that the charges levelled against the petitioner were not established in the departmental proceedings and there was no evidence that the petitioner had purposely not issued tickets to the nine passengers or the nine passengers had paid their fare. It was argued that the explanation of the petitioner that nine passengers were students and had refused to pay the fare was proved by the witnesses of the petitioner. It was argued that the order passed by the Chairman holding the petitioner responsible for letting nine passengers to travel without ticket is also without any evidence and has been recorded without considering the evidence submitted by the petitioner. It was argued that the driver of the Bus was a material witness to prove the charges against the petitioner but was not produced by the department. It was further argued by the counsel for the petitioner that withholding of financial benefits even after reinstatement of the employee is not included in Regulation 63 of the Regulations, 1989 which prescribes the penalties that can be awarded to a delinquent, therefore, the impugned order passed by the Chairman refusing financial benefits to the petitioner for the period he was not in service is without jurisdiction. It was argued that there is no finding by the Chairman that the petitioner was gainfully employed while he was out of service and, therefore, pay and other allowances for the period the petitioner was out of service could not have been denied to him. It was argued that for the aforesaid reasons, the impugned order passed by the Chairman so far as it denies financial benefits to the petitioner and so far as it withholds four annual increments of the petitioner is without jurisdiction. In support of his contention, the counsel for the petitioner has relied on the following judgements of the Supreme Court and of this Court :-

**(a) Nirmala J. Jhala Vs. State of Gujarat & Another, 2013 (31) LCD 762;**

**(b) Pradeep Vs. Manganese Ore (INDIA) Limited & Others, 2022 (3) SCC 683;**

**(c) Deepali Gundu Surwase Vs. Krinti Junior Adhyapak Mahavidyalaya (D.Ed.) & Others, 2013 (10) SCC 324;**

**(d) M.P. State Agro Industries Development Cooperation Ltd. & Another Vs. Jahan Khan, 2007 (10) SCC 88; and**

**(e) Chandra Kumar Mishra Vs. State of U.P. & Others, 2022 (40) LCD 3001.**

9. Rebutting the argument of the counsel for the petitioner, the counsel for the respondents, i.e., the Corporation and its officers, has argued that the driver was not a material witness to prove the charges against the petitioner and it was the petitioner who was required to produce the driver as witness to prove his defense. It was argued that the petitioner did not inform the inspection team that tickets were not issued to the nine passengers because they had refused to pay their fare. It was argued by the counsel for the respondent that the petitioner as Conductor had committed breach of trust and in matters of corruption no mercy can be shown. It was argued by the counsel for the respondents that the findings recorded by the Inquiry Officer are based on evidence on record and the punishment awarded to the petitioner was not disproportionate to the charges, therefore the findings of the Inquiry Officer and the punishment awarded to the petitioner were not susceptible to interference under Article 226 of the Constitution of India.

10. Replying to the jurisdictional issue raised by the petitioner, the counsel for the respondents has argued that the petitioner has been held responsible for letting nine passengers to travel without ticket and punishment has been awarded to him, therefore, status quo has not been restored and thus there is no jurisdictional error in the order passed by the revisional authority refusing financial benefits to the petitioner for the period the petitioner was out of service and the judgement of the Supreme Court in **Deepali (supra)** is not applicable in the present case. It was argued that for the aforesaid reasons, the petition lacks merit and is liable to be dismissed. In support of his contention, the counsel for the respondent has relied on the judgements of the Supreme Court reported in **Union of India and Others Vs. P. Gunasekaran, 2015 (2) SCC 610 and Uttar Pradesh State Road Transport Corporation & Another Vs. Gopal Shukla & Another, 2015 (17) SCC 603.**

11. I have considered the submissions of the counsel for the parties.

12. The law regarding judicial review of disciplinary proceedings is well settled. Disciplinary proceedings are quasi judicial proceedings and the Inquiry Officer performs a quasi judicial function. Under Article 226 of the Constitution, the High Court is not a court of appeal over the decision of the disciplinary authority and does not either reappreciate the evidence submitted against the employee nor does the High Court records an independent finding on evidence. However, under Article 226 the High Court can interfere where the findings of the disciplinary authority are wholly arbitrary and capricious or are based on no evidence or where the findings are such which no reasonable man can ever arrive at. The findings in the disciplinary proceedings as well as the punishment awarded to the delinquent should also not be influenced by irrelevant considerations. The Inquiry Officer and the disciplinary authority can not record findings or pass orders of punishment on mere suspicion. The Inquiry Officer and the disciplinary authority can also not travel beyond the charges and any punishment imposed on the basis of a charge which was not the subject matter of the charge-sheet would be illegal.

13. It is also well settled that the punishment awarded to the delinquent employee should be proportionate to the gravity of his alleged misconduct and in

cases of corruption, there can be no punishment other than dismissal. It has been held by the courts that sympathy in cases of corruption is uncalled for and opposed to public interest (reference may be made to the judgement of the Supreme Court in **Gopal Shukla (supra).** However, merely because the employee is charged with an act of corruption can not be a reason for the Inquiry Officer or the disciplinary authority to deviate from the procedure prescribed in the service rules or from the principles of natural justice. In cases of extreme punishment like dismissal, it is more necessary that the findings against the employee should not be recorded on mere probabilities.

14. At this stage it would be apt to refer to certain judgements of the Supreme Court which expound the law relating to judicial review of departmental enquiries.

15. It was observed by the Supreme Court in **State of A.P. Vs. S. Sree Rama Rao, AIR (1963) SC 1723** that :

"7. ... The High Court is not constituted in a proceeding under Article 226 of the Constitution as a court of appeal over the decision of the authorities holding a departmental enquiry against a public servant: it is concerned to determine whether the enquiry is held by an authority competent in that behalf, and according to the procedure prescribed in that behalf, and whether the rules of natural justice are not violated. Where there is some evidence, which the authority entrusted with the duty to hold the enquiry has accepted and which evidence may reasonably support the conclusion that the delinquent officer is guilty of the charge, it is not the function of the High Court in a petition for a writ under Article 226 to review the evidence and to arrive at an independent finding on the evidence. **The High Court may undoubtedly interfere where the departmental authorities have held the proceedings against the delinquent in a manner inconsistent with the rules of natural justice or in violation of the statutory rules prescribing the mode of enquiry or where the authorities have disabled themselves from reaching a fair decision by some considerations extraneous to the evidence and the merits of the case or by allowing themselves to be influenced by irrelevant considerations or where the conclusion on the very face of it is so wholly arbitrary and capricious that no reasonable person could ever have arrived at that conclusion, or on similar grounds**. But the departmental authorities are, if the enquiry is otherwise properly held, the sole judges of facts and if there be some legal evidence on which their findings can be based, the adequacy or reliability of that evidence is not a matter which can be permitted to be canvassed before the High Court in a proceeding for a writ under Article 226 of the Constitution."

(Emphasis added)

16. In **State of A.P. Vs. Chitra Venkata Rao, (1975) 2 SCC 557**, the Supreme Court observed as follows :-

"The jurisdiction to issue a writ of certiorari under Article 226 is a supervisory jurisdiction. The Court exercises it not as an appellate court. The findings of fact reached by an inferior court or tribunal as a result of the appreciation of evidence are not reopened or questioned in writ proceedings. An error of law which is apparent on the face of the record can be corrected by a writ, but not an error of fact, however grave it may appear to be. **In**

**regard to a finding of fact recorded by a tribunal, a writ can be issued if it is shown that in recording the said finding, the tribunal had erroneously refused to admit admissible and material evidence, or had erroneously admitted inadmissible evidence which has influenced the impugned finding. Again if a finding of fact is based on no evidence, that would be regarded as an error of law which can be corrected by a writ of certiorari.** A finding of fact recorded by the Tribunal cannot be challenged on the ground that the relevant and material evidence adduced before the Tribunal is insufficient or inadequate to sustain a finding. The adequacy or sufficiency of evidence led on a point and the inference of fact to be drawn from the said finding are within the exclusive jurisdiction of the Tribunal."

(Emphasis added)

17. The Supreme Court observed in **State of Haryana v. Rattan Singh, (1977) 2 SCC 491** that :-

"4. ...in a domestic enquiry the strict and sophisticated rules of evidence under the Indian Evidence Act may not apply. All materials which are logically probative for a prudent mind are permissible. There is no allergy to hearsay evidence provided it has reasonable nexus and credibility. It is true that departmental authorities and administrative tribunals must be careful in evaluating such material and should not glibly swallow what is strictly speaking not relevant under the Indian Evidence Act. For this proposition it is not necessary to cite decisions nor text books, although we have been taken through case-law and other authorities by counsel on both sides. **The essence of a judicial approach is objectivity, exclusion of extraneous materials or considerations and observance of rules of natural justice. Of course, fair play is the basis and if perversity or arbitrariness, bias or surrender of independence of judgment vitiate the conclusions reached, such finding, even though of a domestic tribunal, cannot be held good."**

(Emphasis added)

18. At this stage, it would be relevant to rehearse the facts of the present case.

19. The inspection team found that nine passengers were travelling without ticket. The inspection report noted that the nine passengers had paid their fare to the petitioner, i.e., the conductor of the bus. The inspection report also noted that the nine passengers had orally deposed before the inspection team, but had refused to give their written statement. It is noted that the inspection report does not attribute to the passengers the recital in the report that the petitioner had charged fare from them. The inspection report does not state as to how the inspection team came to know that the passengers had paid their fare. The charge against the petitioner was that he indulged in corruption by not issuing tickets to the nine passengers even after having received fare from them. In the inquiry proceedings, the Traffic Superintendent who led the inspection team, appeared as a witness and in his evidence, the Traffic Superintendent only stated that nine passengers were found to be travelling without ticket. In his evidence, the Traffic Superintendent again did not attribute to the passengers any statement implicating the petitioner, i.e., the petitioner had charged fare from the passengers. It may be noted that none of the said passengers were produced as witness in the case. The enquiry report submitted

against the petitioner only notes that the petitioner had the duty to ensure that the bus moved only after the passengers had paid thier fare and tickets had been issued to them and the failure of the petitioner to act accordingly shows bad intention of the petitioner. There is no finding in the enquiry report that the petitioner had charged fare from the nine passengers. The enquiry report, the order dated 7.10.2014 passed by the disciplinary authority removing the petitioner from service and the order dated 16.11.2015 passed by the appellate authority do not refer to any evidence which even prima facie establishes that the petitioner had taken the fare of the bus from the nine passengers. The mere fact that the passengers were travelling without ticket would not in itself lead to the conclusion that the nine passengers had paid the fare and the petitioner had misappropriated the amount. Apparently, there was no evidence on record that the nine passengers had paid their fare to the petitioner and the petitioner had misappropriated the amount. The order passed by the departmental authorities removing the petitioner from service and also dismissing his appeal are based on findings which are without any evidence.

20. The order dated 31.8.2021 passed by the revisional authority, even though it exonerates the petitioner of the charges levelled in the charge-sheet, holds the petitioner responsible for letting nine passengers to travel without ticket. In his impugned order, the revisional authority has accepted the plea of the petitioner that when the nine passengers had refused to pay their fare the petitioner had asked the driver of the bus to station the bus but the driver continued to drive because of protest by other passengers. The opinion of the revisional authority that the petitioner was responsible for letting nine passengers to travel without ticket is contrary to his own findings that when the nine passengers refused to pay their fare the petitioner had asked the driver to station the bus but on the insistence of other passengers, the driver of the vehicle continued to drive and did not halt the bus. Apart from the aforesaid, the findings of the revisional authority can, at the most, lead only to a charge of dereliction of duty by the petitioner. In the charge-sheet the petitioner was not charged with negligence or dereliction of duty and as noted earlier, the disciplinary authority can not travel beyond the charge-sheet and any punishment imposed for a charge which was not the subject matter of the charge-sheet would be illegal. In any case, the petitioner can not be held liable even for dereliction of duty once the revisional authority accepted the defense of the petitioner that when the nine passengers did not pay their fare, the petitioner asked the driver to station the bus but the driver did not stop the bus because other passengers insisted that the bus be not stationed. Further, no reasons have been given in the order dated 31.8.2021 for holding against the petitioner. Evidently, the order 31.8.2021 passed by the revisional authority so far as it holds the petitioner responsible for letting nine passengers to travel without ticket and consequently imposes punishment of withholding four increments of the petitioner is a non-speaking order, without any evidence and is also perverse and to the said extent the order is liable to be quashed.

21. It has been argued by the counsel for the petitioner that the order dated 31.8.2021 passed by the revisional authority so far as it denies financial benefits to the petitioner for the period he was out of service is without jurisdiction

because under Regulations 63 and 64 of Regulations, 1981 the departmental authorities do not have the jurisdiction to award any such punishment. The counsel for the petitioner has argued that, in any case, in view of the judgement of the Supreme Court **in Deepali Gundu Surwase (supra)** the petitioner was entitled to full back-wages on being reinstated in service.

22. For reasons stated subsequently the order dated 31.8.2021 so far as it denies financial benefits to the petitioner for the period he was out of service is contrary to law and is liable to be quashed.

23. Regulations, 1981 do not contain any provision regarding payment of back-wages to an employee for the period he was out of service if the order removing or dismissing him from service is set aside in appeal or revision and the employee is reinstated in service. However, Regulation 84 of the Regulations 1981 provides as follows :-

**"84. Regulation of other matters**.-Subject to the orders of the Board, in regard to maters not covered by these Regulations or any other Regulations or orders of the Boards issued from time to time, **decision shall be taken in conformity with the Rules or Orders applicable to the State Government employees** or issued under the authority of the State Government, as the case may be."

(Emphasis added)

24. By virtue of Regulation 84 of the Regulations, 1981 any decision regarding pay and allowances payable to the petitioner for the period he was out of service had to be taken in accordance with the rules and orders applicable to the State Government Employees or issued under the authority of the State Government, as the case may be. The rules applicable to State Government employees, which regulate the powers of the appropriate authority regarding payment of back-wages to an employee, for the period the employee was out of service if the order of dismissal or removal is set aside and the employee is reinstated in service, are provided in Rule 54 and Rule 54-A of Financial Handbook Volume 2 (Parts 2 to 4). Rule 54 and Rule 54-A of the Financial Handbook are reproduced below :-

**Rule 54**

"54. (1) When a Government servant who has been dismissed, removed or compulsorily retired is reinstated as a result of appeal or review or would have been so reinstated but for his retirement on superannuation while under suspension or not, the authority competent to order reinstatement shall consider and make a specific order—

(a) regarding the pay and allowances to be paid to the Government servant for the period of his absence from duty including the period of suspension preceding his dismissal, removal, or compulsory retirement, as the case be; and

(b) whether or not the said period shall be treated as a period spent on duty.

(2) **Where the authority competent to order reinstatement is of opinion that the Government servant who had been dismissed, removed or compulsorily retired, has been fully exonerated, the Government servant shall, subject to the provisions of sub-rule (6), be paid the full pay and allowances to which he would have been entitled, had he not been dismissed, removed or compulsorily retired or**

**suspended prior to such dismissal, removal or compulsory retired, as the case may be:**

Provided that where such authority is of opinion that the termination of the proceedings instituted against the Government servant had been delayed due to reasons directly attributable to the Government servant, it may, after giving him an opportunity to make his representation within sixty days from the date on which the communication in this regard is served on him and after considering the representation, if any, submitted by him, direct, for reasons to be recorded in writing, that the Government servant shall subject to the provisions of sub-rule (7), be paid for the period of such delay, only such amount (not being the whole) of such pay and allowances as it may determine.

(3) **In a case falling under sub-rule (2), the period of absence from duty including the period of suspension preceding dismissal, removal or compulsory retirement, as the case may be, shall be treated as a period spent on duty for all purposes.**

[(4) In cases other than those covered by sub-rule (2) [including cases where the order of dismissal, removal or compulsory retirement from service is set aside by the appellate or reviewing authority solely on the ground of non-compliance with the requirements of clause (1) or clause (2) of article 311 of the Constitution and no further inquiry is proposed to be held], the Government servant shall, subject to the provision of sub-rules (6) and (7) be paid such amount (not being the whole) of the pay and allowances to which he would have been entitled had he not been dismissed, removed or compulsorily retired or suspended prior to such dismissal, removal or compulsory retirement, as the case may be, as the competent authority may determine after giving notice to the Government servant of the quantum proposed and after considering the representation, if any, submitted by him in that connection, within such period (which in no case shall exceed sixty days from the date on which the notice has been served) as may be specified in the notice.]

(5) In a case falling under sub-rule (4), the period of absence from duty including the period of suspension preceding his dismissal, removal or compulsory retirement, as the case may be, shall not be treated as a period spent on duty, unless the competent authority specifically directs that it shall be so treated for any specified purpose:

Provided that if the Government servant so desires such authority may direct that the period of absence from duty including the period of suspension preceding his dismissal, removal or compulsory retirement as the case may be, shall be converted into leave of any kind due and admissible to the Government servant.

Note-The order of the competent authority under the preceding proviso shall be absolute and no higher sanction shall be necessary for the grant of-

(a) extraordinary leave in excess of three months in the case of temporary Government servant; and

(b) leave of any kind in excess of five years in the case of permanent Government servant.

(6) The payment of allowances under sub-rule (2) of sub-rule (4) shall be subject to all other conditions under which such allowances are admissible.

(7) The amount determined under the proviso to sub-rule (2) or under sub-rule (4), shall not be less than the subsistence

allowance and other allowance admissible under Rule 53.

(8) Any payment made under this rule to Government servant on his reinstatement shall be subject to adjustment of the amount, if any, earned by him through an employment during the period between the date of his removal, dismissal or compulsory retirement, as the case may be, and the date of reinstatement. Where the emoluments admissible under this rule are equal to or less than the amounts earned during the employment elsewhere, nothing shall be paid to the Government servant.

Note—Where the Government servant does not report for duty within reasonable time after the issue of the orders of the reinstatement after dismissal, removal or compulsory retirement, no pay and allowances will be paid to him for such period till he actually takes over charge."

(Emphasis added)

**Rule 54-A**

"54-A (1) Where the dismissal, removal or compulsory retirement of a Government servant is set aside by a court of Law and such Government servant is reinstated without holding any further inquiry, the period of absence from duty shall be regularised and the Government servant shall be paid pay and allowances in accordance with the provisions of sub-rule (2) or (3) subject to the directions, if any, of the Court.

[(2) (i) Where the dismissal, removal or compulsory retirement of a Government servant is set aside by the court solely on the ground of non-compliance with the requirements of clause (1) or clause (2) of Article 311 of the Constitution, and where he is not exonerated on merits, and no further inquiry is proposed to be held, the Government servant shall subject to the provisions of sub-rule (7) of Rule 54, be paid such amount (not being the whole) of the pay and allowances to which he would have been entitled had he not been dismissed, removed or compulsorily retired or suspended prior to such dismissal, removal or compulsory retirement, as the case may be, as the competent authority may determine, after giving notice to the Government servant of the quantum proposed and considering the representation, if any submitted by him in that connection within such period (which in no case shall exceed sixty days from the date on which the notice has been served) as may be specified in the notice.

(ii) The period intervening between the date of dismissal, removal or compulsory retirement including the period of suspension preceding dismissal, removal or compulsory retirement, as the case may be, and date of judgment of the Court shall be regularised in accordance with the provisions contained in sub-rule (5) of Rule 54.]

(3) **If the dismissal, removal or compulsory retirement of a Government servant is set aside by the Court on the merits of the case, the period intervening between the date of dismissal, removal or compulsory retirement including the period of suspension preceding such dismissal, removal, or compulsory retirement, as the case may be, and the date of reinstatement shall be treated as duty for all purposes and he shall be paid the full pay and allowances for the period, to which he would have been entitled, had he not been dismissed, removed or compulsorily retired or suspended prior to such dismissal, removal or compulsory retirement, as the case may be.**

(4) The payment of allowances under sub-rule (2) or sub-rule (3) shall be

subject to all other conditions under which such allowances are admissible.

(5) Any payment made under this rule to a Government servant on his reinstatement shall be subject to adjustment of the amount, if any, earned by him through an employment during the period between the date of dismissal, removal or compulsory retirement and the date of reinstatement. Where the emoluments under this rule are equal to or less than those earned during the employment elsewhere, nothing shall be paid to the Government servant.

Note.—Where the Government servant does not report for duty within reasonable time after the issue of the orders of reinstatement after the dismissal, removal or compulsory retirement, no pay and allowances will be paid to him for such period till he actually takes over charge."

(Emphasis added)

25. A reading of Rules 54(2), 54(4), 54-A(2) and 54-A(3) shows that, in Uttar Pradesh, the principle 'no work-no pay' is not applicable while considering the entitlement of State Government employees for pay and allowances for the period they were not in service if the order dismissing, removing or compulsory retiring them from service is set aside either in appeal or review or by a court and the government servant is reinstated in service and no further inquiry is proposed to be held. Rules 54 and 54-A provide that if the government servant is fully ***exonerated*** of the charges or the order dismissing or removing him from service is set aside by a court on the ***merits*** of the case, the government servant shall be entitled to full pay and allowances that he would have been entitled had he not been removed or dismissed from service and the period of absence from service shall be treated as period spent on duty for all purposes. However, where the government servant is not exonerated on merits but is still reinstated in service or the order dismissing or removing a government servant is set aside either in appeal or review or by a court solely on the ground of non-compliance with the requirements of Article 311(1) and (2) of the Constitution and no further enquiry is proposed to be held, the government servant shall not be entitled to full pay and allowances but will be entitled to be paid such amount (not being the whole) of the pay and allowances as the competent authority may decide after giving the employee notice of the quantum proposed and after considering his representation but it shall not be less than the subsistence allowance and other allowances admissible under Rule 53. It is apparent that, on his reinstatement after the order of dismissal or removal is set aside, a government servant can not be denied his entire pay and allowances for the period he was out of service and which he would have been entitled to had he not been dismissed or removed from service. The amount which the government servant would be entitled to get would depend on whether the case of the government servant is covered by Rule 54(2) and Rule 54-A (3) or is covered by Rule 54 (4) and Rule 54-A (2)(i).

26. The only circumstance in which the government servant can be denied his pay and allowances or part of the same for the period he was out of service is specified in Rule 54 (8) and Rule 54 -A (5). The rules provide that any payment made to a government servant on his reinstatement shall be subject to adjustment of the amount earned by the employee through an employment during the period he was out of service and

nothing shall be paid to the government servant where the emoluments payable to him are equal to or less than those earned by him during employment elsewhere.

27. In view of Regulation 84 of Regulations, 1981 the claim of the petitioner and the validity of the revisional order dated 31.8.2021 denying financial benefits to the petitioner for the period he was out of service is to be decided in accordance with Rules 54 and 54-A.

28. A reading of the order dated 31.8.2021 passed by the revisional authority shows that the revisional authority has accepted the defense of the petitioner and has fully exonerated the petitioner from the charges levelled against him in the charge-sheet. The revisional authority has held the petitioner responsible for letting nine passengers to travel in the bus without ticket, but as noted earlier the opinion and the findings of the revisional authority are without any evidence and perverse and also beyond the charges levelled against the petitioner in the charge-sheet. The order dated 31.8.2021 so far as it withholds four increment of the petitioner has been held to be liable to be quashed. The petitioner stands exonerated on merits as envisaged in Rule 54(2) and Rule 54-A(3). But as the order removing the petitioner from service has been set aside by the revisional authority vide its order dated 31.8.2021, the case of the petitioner is covered under Rule 54(2).

29. There is nothing on record to show that any delay in termination of disciplinary proceedings instituted against the petitioner can be attributed to the petitioner. Thus, the Proviso to Rule 54(2) is not applicable in the present case. There is no finding by any authority that during the period the petitioner was out of service, he was earning through any employment elsewhere. In the circumstances, under Rule 54(2) of Financial Handbook Volume 2 (Parts 2 to 4) read with Rule 84 of Regulations 1981 the petitioner was entitled to full pay and allowances for the period he was out of service as a consequence of the removal order dated 7.10.2024 and his absence from service had to be treated as a period spent on duty for all purposes.

30. For the aforesaid reasons, the order dated 31.8.2021 passed by the revisional authority denying financial benefits to the petitioner for the period he was not in service as a consequence of the removal order, is contrary to law and also without jurisdiction.

31. The judicial precedents cited by both sides regarding the claim of the petitioner for full pay and allowances for the period he was out of service are not being discussed as the case has been decided on the basis of statutory rules which were not in issue in the precedents cited by the counsel for the parties.

32. Consequently, the order dated 31.8.2021 passed by the Chairman of the Corporation, i.e., the revisional authority only so far as it withholds four increments of the petitioner and denies financial benefits to the petitioner for the period he was out of service as a consequence of the removal order is liable to be quashed and is hereby quashed.

33. The respondents are directed to pay to the petitioner his full pay/salary and other allowances for the period he was out of service as a consequence of the order dated 7.10.2014 and which he would have

been entitled to get had he not been removed from service, alongwith 6% simple interest per annum. The aforesaid amount shall be paid to the petitioner within three months from today.

34. With the aforesaid observations and direction, the petition is **allowed.**

35. Let this order be communicated to the Chairman, Uttar Pradesh State Road Transport Corporation, Head Quarters Tehri Kothi, Lucknow and the Regional Manager, Uttar Pradesh State Road Transport Corporation, Azamgarh, Region Azamgarh by the Registrar (Compliance).

(Delivered by Hon'ble Manish Mathur, J.)

1. Heard Mr. Girish Chandra Verma, learned counsel for petitioners and learned State Counsel appearing on behalf of

opposite parties 1 to 5. No-one has put in appearance on behalf of opposite party no.6, who even otherwise is a proforma party.

2. Petition has been filed seeking implementation of order dated 30.06.2021 issued by the State Government pertaining to payment of salary to petitioners. Further prayer for arrears of salary on the respective posts with effect from March 1998 up to June 2021 or till the date of superannuation has also been sought.

3. It has been submitted that earlier petitioners had been appointed as Assistant Teachers and on Class IV posts respectively in the institution concerned whereafter financial approval was granted and they were being paid salary in lieu thereof. It is submitted that the institution in question is a recognized and aided Junior High School.It has also been submitted that subsequently, vide order dated 09.10.1998 salary payment was stopped and vide order dated 15.07.1999, the earlier approval granted to petitioners was cancelled leading to filing of various writ petitions, leading petition being WRIT - A No. - 37807 of 1999 (Smt. Rajmuni Devi & others v. Director of Education, Allahabad and others). Details of all the petitions have been indicated in the order dated 30.06.2021. The aforesaid petitions were thereafter disposed of by means of judgment and order dated 02.11.2016. The said judgment clearly indicates the submission that the institution in question was brought under grant-in-aid in year 1978 and Teachers and other employees were paid salary through State Funds with effect from 01.07.1984 whereafter a formal order of approval was also granted. Intermittently, certain disputes arose but payment of salary continued to employees of the institution whereafter order dated 15.07.1999 was passed. This Court vide its judgment and order dated 02.11.2016 thereafter remitted the matter for a decision to the Director of Education to pass appropriate orders for purposes of satisfaction of grievance of the employees and their entitlement as per the U.P. Recognized Basic Schools (Junior High Schools) (Recruitment & Condition of Service of Teachers) Rules, 1978.

4. It is in pursuance of this direction that order dated 30.06.2021 has been passed by the State Government.

5. Learned counsel for petitioners submits that by means of aforesaid order, the State Government has found the petitioners of the present writ petition qualified and eligible for being granted salary through State Exchequer after noticing the fact that their appointments were valid. It is submitted that however only prospective application of aforesaid order has been made and salary payment to petitioners with effect from March 1998 has been withheld.

6. It is submitted that the direction issued by this Court and subsequent finding recorded by the State Government would be applicable from the date when such salary was withheld particularly in view of fact that the initial appointment of petitioners was found to be valid and as per the rules.

7. Learned counsel for petitioners has placed reliance on following judgments:-

(i) decision of Hon'ble the Supreme Court in Man Singh v. the

State of U.P. through Secretary & others reported in 2022 SCC Online SC 726.

(ii) decision of Hon'ble the Supreme Court in Delhi Jal Board v. Mahinder Singh, reported in (2000) 7 SCC 210;

(iii) decision of Delhi High Court in Sweety Bhalla v. Industrial Financial Corporation of India Ltd., reported in 2019 SCC OnLine Del 6409

8. Learned State Counsel on the basis of counter affidavit has refuted the submissions advanced by learned counsel for petitioner with the submission that since there is no direction of the State Government in order dated 30.06.2021 for its retrospective applicability and for payment of arrears, there is no question of grant of salary or arrears with effect from March 1998 and the order dated 30.06.2021 would in fact be applicable prospectively and in pursuance thereof, salary payment has already been made.

9. Upon consideration of submissions advanced by learned counsel for the parties and perusal of material on record, it appears from judgment and order of this Court dated 02.11.2016 and the consequent order dated 30.06.2021 passed by the State Government that admittedly the institution in question was a recognized aided Junior High School which was brought under grant in aid and salary payment to employees including petitioners was being made through State Exchequer till passing of orders dated 09.10.1998 and 15.07.1999. The said order was thereafter challenged and directions were issued by this Court as indicated herein above. The dispute clearly pertained to validity of appointment of petitioners and their right to be granted salary through the State Exchequer. The dispute therefore clearly arose due to passing of orders dated 09.10.1998 and 15.07.1999.

10. A perusal of order dated 30.06.2021 passed by the State Government makes it evident that after consideration of all the material on record, the State Government has clearly found the petitioners? initial appointment to be valid and in consonance with the relevant Rules. The order also stipulates that the petitioners are eligible for salaries through State Exchequer while also indicating that they had already been paid salaries for a period of nine years from 1989 till 1998. Directions were thereafter issued for payment of salaries from State Exchequer.

11. The only dispute required to be adjudicated upon in the present writ petition is with regard to whether order dated 30.06.2021 would have any retrospective application or would be applicable only prospectively.

12. With regard to aforesaid dispute, it is quite evident as narrated herein above that petitioners were initially appointed in the School in question on various dates from 1975 onward. As per order dated 30.06.2021 itself, it is indicated that they were paid salaries from the State Exchequer from 1989 till 1998 whereafter it was stopped in year 1998 and subsequently vide order dated 15.07.1999. The said order was challenged before this Court in year 1999 itself with such petition being decided vide judgment and order dated 02.11.2016 and in pursuance thereof the order dated 30.06.2021 has been passed finding petitioners eligible and qualified in terms of the rules ever since the date of their initial appointment. Clearly, the

dispute pertaining to petitioners? eligibility, qualification and entitlement for being paid salary through State Exchequer relates back to orders dated 09.10.1998 and 15.07.1999 whereby salary through the State Exchequer was stopped. It is thus apparent that the dispute has continued ever since 09.10.1998 continuously without any break and therefore in the considered opinion of this Court, the dispute would relate back to the date when the initial order dated 09.10.1998 was passed.

13. Vide order dated 30.06.2021 as well, it is the initial appointment of petitioners which has been held to be valid whereafter the State Government itself has found petitioners to be eligible for payment of salary from the State Exchequer. In such circumstances, in the considered opinion of this Court, the order dated 30.06.2021 would relate back to the date when the initial order dated 09.10.1998 was passed stopping salary payment to petitioners. The mere fact that the State has omitted to pass any orders with regard to arrears of salary to petitioners would be irrelevant in view of the aforesaid fact, since the dispute itself related to the initial appointment of petitioners.

14. Hon?ble the Supreme Court in **Man Singh** (supra) has held that even if appointment is irregular and persons have discharged duties in lieu thereof, they have to be paid their salaries since the State cannot take work from any employee without payment of any salary. The aforesaid judgment is squarely applicable in the present facts and circumstances of the case since admittedly petitioners have continued in service ever since the date of initial appointment and have now as well been found to be eligible for salary payment through State Exchequer.

15. Considering aforesaid circumstances, it is evident that order dated 30.06.2021 would be covered by the doctrine of relation back as has been explained by Hon'ble the Supreme Court in **Delhi Jal Board (supra)** in the following terms:-

*"5. The right to be considered by the Departmental Promotion Committee is a fundamental right guaranteed under Article 16 of the Constitution of India, provided a person is eligible and is in the zone of consideration. The sealed cover procedure permits the question of his promotion to be kept in abeyance till the result of any pending disciplinary inquiry. But the findings of the disciplinary inquiry exonerating the officer would have to be given effect to as they obviously relate back to the date on which the charges are framed. If the disciplinary inquiry ended in his favour, it is as if the officer had not been subjected to any disciplinary inquiry..................".*

16. The Delhi High Court in **Sweety Bhalla** (supra) has also considered the said aspect of the doctrine in the following manner:-

*'15. Learned counsel further submits that the principle of* ***'relation-back'*** *was mention in order of the chief Commissioner for Disabilities dated 12.04.2006. The Black's Law Dictionary defines ?relation back? as : - ''**The doctrine that an act done at a later time is, under certain circumstances, treated as though it occurred at an earlier time''.** This doctrine has international relevance and application and has been highlighted in the 2010 judgment of the US Supreme Court in the case of ?Krupski v. Costa Crociere S.P.A.?, wherein the American*

*Supreme Court allowed Krupski's amendment to add a new defendant, after the period of limitation was over, to relate back to the time of the original filing, thereby satisfying the applicable statute of limitations. In India, this doctrine or rule has been incorporated in a number of legislations and service jurisprudence including number of Judgments of the Hon'ble Supreme Court of India. In the case of Delhi Jal Board v. Mahinder Singh, (2000) 7 SCC 210, the Supreme Court applied the Doctrine of Relation Back in service Jurisprudence by holding that the findings of a disciplinary enquiry exonerating an Officer would have to be given effect to as they relate back to the date on which the charges are framed."*

17. It is thus quite evident that doctrine of relation back would be applicable in service matters particularly when subsequent exoneration or order passed in favour of an employee relates to the initial dispute.

18. In view of aforesaid, the opposite parties are directed to implement the decision dated 30.06.2021 upon the petitioners with retrospective effect from 09.10.1998. As a consequence thereof, the petitioners would be eligible for payment of their arrears of salary with effect from March, 1998 till June, 2021 or till the date of their superannuation, as applicable.

19. Opposite party no.2 and other competent authorities shall ensure payment of arrears of salaries to petitioners within a period of four months from the date a certified copy of this order is produced before authority concerned.

20. Consequently, the writ petition succeeds and is **allowed**. Parties to bear their own costs.

**CIVIL LAW – Constitution of India,1950 – Article 226, Allahabad High Court Rules, - Chapter VIII, Rule 5 -** Intra-court Appeal - against order of Single Judge – respondent-petitioner's claiming a month's extra salary (honorarium) in every financial year on the basis of an order issued by corporation which was instituted with the explicit objective of compensating drivers for the additional work and hardships they endure – principle of acquiescence - court finds that, as respondent-Petitioner's prolonged inaction and failure to demand the honorarium during his service period, despite being aware that he was not performing the duties of a driver, constitutes acquiescence - although his designation has never been changed through any formal order during service period - he cannot take an advantage of this clerical mistake - if the corporation will be saddled to pay the honorarium, as directed by writ court, will create a huge financial impact for the corporation - therefore, his claim for the honorarium is not justified –consequently, special appeal allowed. (Civil Misc. Delay Condonation Application No. 1 of 2024)

1. Shri Shamim Uddin Khan, learned counsel for the respondent-petitioner states that he is not inclined to file an objection to the delay condonation application and he has no objection in case delay condonation application is allowed.

2. For the reasons stated in affidavit filed in support of delay condonation application, as the same constitutes sufficient cause for condoning delay in filing Special Appeal, the delay condonation application is allowed. The Special Appeal is treated to have been filed well within time.

**(Order on Special Appeal)**

1. Heard Shri Adarsh Bhushan, learned counsel for the appellant-respondents and Shri Shamim Uddin Khan, learned counsel for the respondent-petitioner.

2. The present intra-court appeal is preferred against the Judgement dated 15.02.2024 passed by the learned Single Judge in Writ-A No. 19152 of 2021 (Israr Ali vs. State of U.P. and others) on the ground that the relief that has been sought for by the respondent-petitioner in the aforesaid writ petition was at belated stage, as the aforesaid writ petition was instituted in the year 2021 and respondent-petitioner was superannuated on 30.06.2019, whereas, the cause of action arose way back in the year 2011.

3. The learned Single Judge vide it's order dated 15.02.2024 had finally allowed the writ petition with a direction to the Superintending Engineer, Electricity Works Division, Prayagraj, ordering him to pay the petitioner, arrears of one month additional salary (honorarium) from the financial year 2010-11 until the financial year till he retired, in accordance with the Corporation's order dated 5th July, 2011, together with 6% interest due from the date that each year's honorarium fell due until payment.

4. Shri Adarsh Bhushan, learned counsel for the appellant-respondents has vehemently submitted that during the year 2010 to 2019, admittedly the petitioner had not discharged his duty as driver. But on his request, on account of his suffering from serious heart ailment and lungs disease, appellant-respondents on humanitarian ground had not assigned any work to the respondent-petitioner in the capacity of driver, and he was assigned only office work to keep and maintain the record of files. Even in the counter affidavit a categorical stand was taken before

learned Single Judge that the appellant-respondent had released an amount of Rs. 1,39,600/- in favour of respondent-petitioner with regard to the treatment of his heart ailment during 05.07.2013 to 18.07.2013 and necessary bills have also been brought on record alongwith counter affidavit.

5. In this background, learned counsel for the appellant-respondents further submits that it is not in dispute that the petitioner had performed the work as driver in the Corporation only till 2010. Due to his own medical condition, he moved an application for some ministerial work and admittedly on the basis of his insistence, and on humanitarian ground, the said request was processed by the department and he was accorded lighter work. No where, in the writ petition it has been mentioned that he has actually performed the work of driver. He fairly states that no formal order to that effect has although been passed by the department but admittedly, the petitioner has not performed the work as driver in the Corporation and the said one month additional salary was also not paid since year 2010. Further, he had never made any claim qua the additional one month salary from the Corporation since 2010 and he kept mum through out his service period. He further submits that after two years of superannuation, respondent-petitioner initiated a claim of one month additional salary w.e.f. 2010 to 2019 after lapse of almost 12 years by way of filing the aforesaid writ petition. He submits that the learned Single Judge erred in law and has passed the impugned judgement without considering the above said aspect of the matter finally allowed the writ petition and accorded the relief vide order dated 15.02.2024.

6. Per contra, learned counsel for the respondent-petitioner vehemently opposed the submission advanced by the appellants-respondents and submits that so far as the nomenclature of the post of petitioner in the department is concerned, it has not been changed and he continuously got the salary for the post of driver. He further submits that in view of the order dated 05th July, 2011 issued by the U.P. Power Corporation, respondent-petitioner was entitled to get a month's extra salary (honorarium) in every financial year, but appellant-respondents in arbitrary manner denied the said benefit. He further submits that aggrieved with the said denial, petitioner approached this Court by way of filing writ petition and ventilated his grievance before the learned Single Judge and learned Single Judge has rightly proceeded to consider the order dated 05th July, 2011 issued by the U.P. Power Corporation and has accorded the relief and allowed the petition vide order dated 15.02.2024, which warrants no interference by this Bench. But, he fairly states that so far as the actual working of the petitioner is concerned, actually respondent-petitioner has not performed his work as driver in the Corporation, although his designation has never been changed through any formal order. In absence thereof, he is entitled for one month additional salary in every financial year.

7. After considering the rival submissions advanced by the parties and perusal of the record as well as counter affidavit which is appended alongwith record of the present appeal, we find that categorical stand has been taken by the appellants-respondents that the respondent-petitioner was not assigned the job of driver from the year 2010 onwards and the same was being outsourced from agency.

Looking into the serious health condition of the petitioner, on humanitarian ground, he was assigned a desk job. Further to meet out his medical expenses a sum of Rs. 1,39,600/- was granted for his treatment. Paragraph Nos. 9 and 10 of the counter affidavit is reproduced herein below for ready reference :-

*"9. That the contents of paragraph 13 of the writ petition not correct as stated the same are misconceived hence denied. From the year of 2010 to 2019 the work of driving of vehicle done by the outsource agency and petitioner was seriously ill due to heart diseases and lung diseases due to this reason on the request of petitioner only on the humanitarian ground petitioner was done only office work to kept and maintain the record and file, it is also pertinent to mention over here the petitioner was received medical allowance one lac thirty nine thousand sis hundred (1,39,600/-) for the treatement of heart from 05.07.2013 to 18.07.2013 in the hospital of heart line cardiac centre Allahabad. A true copy of the medical bill passed by respondents along with Medical certificate are being filed here with and marked as Annexure no. CA-2 to this Counter Affidavit.*

*10. That the contents of the paragraph 14 and 15 of the writ petition are not correct as stated the same are misconceived hence denied. The Petitioner was not work as a driver on the request of petitioner. Petitioner was done only official work as record keeper to kept and maintain the record and work of of driver was done by outsource agency, So there is no good ground in this writ petition and devoid of merit hence this writ is liable to be reject with cost."*

8. Considering the factual situation, it is evident that the petitioner has never demanded any additional salary during his service period from 2010 till his retirement and at belated stage, attempt has been made to get one month additional salary (honorarium) for the work which he did not perform.

9. The order dated 05th July, 2011 passed by the U.P. Power Corporation which provides for the payment of a month's extra salary (honorarium) in every financial year to regular drivers of the Corporation attached to a vehicle is reproduced herein below:

10. In the matter at hand, it is pertinent to note that the order dated 05th July, 2011 issued by the U.P. Power Corporation was instituted with the explicit objective of compensating drivers for the additional work and hardships they endure, including overtime and other strenuous duties associated with their job. The essence of this order is to provide fair remuneration to those who fulfil the specific functions and responsibilities of a driver, thereby acknowledging and addressing the unique challenges faced by these employees in the course of their duties.

11. However, the application of this order cannot be distorted to extend benefits to individuals who have not performed the requisite duties of a driver. The objective of the compensation order would be undermined if it were used to claim benefits without the corresponding fulfilment of duties. The law, in its intention to provide equitable relief, cannot be utilized to gain unwarranted advantage by defeating the fundamental purpose of recognizing and compensating the additional efforts and hardships of drivers. Consequently, the entitlement to such honorarium is contingent upon the actual performance of driving duties, and any deviation from this principle would be contrary to the legislative intent and the principles of equity and fairness.

12. The Hon'ble Supreme Court in the matter of J.N. Srivastava Vs. Union of India reported in (1998) 9 SCC 559 has dealt with the principle of "no work no pay". The Hon'ble Court has clearly held that the employee would be entitled for the arrears of salary and other emoluments only if he is ready and willing to work and the employer refused to grant him the work. However, in this case, the employee respondent-petitioner was not ready and willing to work as a driver, on the ground of his ill health and on his own accord, he chose to take a much comfortable desk job in which the extra honorarium was not assigned. He worked on the said job for the ten years' and after his retirement, now he is claiming for the emolument of a post on which he even did not worked for.

13. In this case the respondent-petitioner, he himself opted not to work as a driver, and on his request a desk job was assigned. After the change of his job from 2010 till the age of superannuation he did not ask for the honorarium salary which was fixed with the driver job. Though the nature of the job was changed but the nomenclature was not changed, the respondent-petitioner cannot take an advantage of this clerical mistake. It is not a case where the appellant corporation had not assigned him the work for which he was entitled to, on the contrary the corporation had assigned a comfortable job which he had asked for. Since he opted for not doing the job, he cannot demand the pay and that too, after a lapse of almost 12 years and after the superannuation.

14. Hon'ble Supreme Court in the matter of **State of Kerala Vs. E K Bhaskaran Pillai reported in (2007) 6 SCC 524** has held that the principle of "no work no pay" cannot be accepted as a

thumb rule and the matter will have to be considered on a case to case basis.

15. A Constitution Bench considered application of "no work, no pay" in the matter of employees of Bank going on strike in **Syndicate Bank vs. K. Umesh Nayak AIR (1995) SC 319** and observed that whoever, voluntarily refrains from doing work when it is offered to him is not entitled for payment for the work not done. In other words that is the dictum of "no work, no pay".

16. Hon'ble Supreme Court in the matter of **Union Territory Chandigarh Vs. Brijmohan Kaur reported in (2007) 11 SCC 488** has categorically held that the principle of "no work no pay" is based upon a fundamental concept that in case employee did not carry out the work when there is no refusal on behalf of the employer to grant such work then the principle of "no work no pay" would come into force. This principle has been laid down keeping in view public interest and the government servant who did not discharge his duty is not entitled to get pay for the work which they have not done, on the cost of public exchequer.

17. The principle of "no work no pay" would attract when the employee himself does not carry out the work which he is supposed to do. In this case, it is not a case where the employee was ready to work as a driver and the appellant-respondent purposely did not grant him work. On the contrary, in this case the respondent-petitioner opted for not doing the work and wanted a comfortable job, which on a humanitarian ground was assigned to him and after completing his tenure, it is not open for the respondent to ask for the honorarium and other pay which was attached with the job he chose not to do.

18. In this case, the petitioner knowingly accepted lighter duties due to his medical condition and did not demand the honorarium during his service. Granting the honorarium post-retirement, despite his non-performance of driver duties, would be inequitable and unjust, contravening the principles established in cantena of Supreme Court judgements.

19. The approach of the Court should not be rigid or mechanical but should be flexible and realistic and it should also not tilt the equity in favour of a person who on his own accord chose not to carry on the hard work and chose for a comfortable desk job, is not entitled for extra privileges which was attached to the hard work.

20. Further the principle of acquiescence is relevant here, as respondent-petitioner's prolonged inaction and failure to demand the honorarium during his service period, despite being aware that he was not performing the duties of a driver, constitutes acquiescence. This inaction can be seen as a waiver of his right to claim the honorarium later. By not raising the issue during his service, the petitioner effectively accepted the change in his duties and the corresponding absence of the honorarium.

21. Hon'ble Supreme Court in **Union of India v. Tarsem Singh (2008) 8 SCC 648** dealt with the issue of delayed claims and their impact on the employer. In this case, the belated claim by the petitioner, made two years after his superannuation, poses financial and administrative challenges.The court acknowledged that

delayed claims can put a heavy financial strain on the employer, particularly in cases where the employee knew the facts but chose not to pursue the issue promptly. Acknowledging such claims could have unfair financial repercussions for the corporation, which is unjust considering the conscious and sustained inaction of the respondent-petitioner.

22. The learned Single Judge had granted one month additional salary as honorarium from the financial year 2010-2011 until the financial year till he retired along with interest of 6%. We find conversely, if the present claim is accepted in such eventuality, the Corporation may not consider even a genuine medical condition of employee and assign them lighter work on the their request on humanitarian ground, if it will be saddled to pay the honorarium as directed by learned Single Judge.

23. The appellant Corporation cannot be saddled with such a cost just because nomenclature of the driver was not change in the record. If the impugned order passed in Writ -A No. 19152 of 2021 (Israr Ali vs. State of U.P. and others) is not set aside, it will create a wrong precedent, as people will opt for comfortable job and after the retirement would seek honorarium, which is only available to the driver, who were supposed to be working for long hours and in the longer run it will create a huge financial impact for the corporation. Petitioner's protracted inaction and the potential financial and administrative costs on the Corporation is supported by the ratio laid down by Hon'ble Supreme Court in aforementioned judgements cited above, this Court finds that the petitioner's claim for the honorarium is not justified.

24. In view of the observation made above, the judgement passed by the learned Single Judge dated 15.02.2024 is not sustainable and is accordingly set aside.

25. The instant Special Appeal is accordingly **allowed.**

1. Heard Sri Puneet Bhadauria, learned counsel for the petitioner-appellant and Sri Fuzail Ahmad Ansari, learned Standing Counsel for the respondents.

2. The instant appeal under Chapter VIII Rule 5 of the Allahabad High Court Rules, 1952 is directed against the judgment and order dated 22.04.2024 passed in Writ A No.4727 of 2024 (Ram Sewak vs. Hon'ble High Court Judicature at Allahabad and 2 others) whereby learned Single Judge has proceeded to dismiss the writ petition at the admission stage. For ready reference, the said judgment is reproduced as under:-

*"Heard learned counsel for the petitioner and Sri Fuzail Ahmad Ansari, learned counsel appearing for the High Court.*

*Present writ petition has been filed against the order 28.7.2023 passed by the respondent no.3 by which the services of the petitioner has been terminated.*

*Learned counsel for the petitioner submits that in pursuance of the advertisement dated 27.10.2022 issued by the High Court recruitment cell in the year 2020-23 the petitioner applied for the post of Group "D" on 15.12.2022. After completing the selection process appointment letter no. 1245 dated 1.6.2023 was issued to the petitioner. Thereafter the petitioner joined his duties at District Court, Etah on 24.5.2023. The petitioner has submitted an affidavit wherein it has been specifically mentioned that no criminal proceeding is pending against him. During the police verification it has been found that Case Crime No. 392/2022 under section 232, 452, 504, 506, of IPC is pending against the petitioner. He further submits that the petitioner was not aware about the pendency of the aforesaid criminal proceedings before applying for the said post. He prays for allowing the writ petition on the ground that he was not aware about the criminal case being pending against him.*

*Per contra, learned counsel appearing for the High Court submits that the petitioner has full knowledge about criminal case and concealed the same while filing the affidavit. He further submits that it has specifically been mentioned in paragraph no. 7 and 8 of the affidavit that no criminal case is pending against him. He further submits that since the criminal case is pending against the petitioner the impugned order has rightly been passed and the writ petition may be dismissed.*

*After hearing the learned counsel for the parties and going through the materials on record, the Court finds that since the criminal case was pending against the petitioner and in the affidavit the petitioner has concealed the same, no relief can be granted to the petitioner. No interference is called for in the impugned order dated 28.7.2023.*

*The writ petition is accordingly dismissed.”*

3. The brief facts of the case culled out from the record are that in pursuance of the advertisement No.02/Sub Court/Group 'D'/2022 dated 27.10.2022 issued by the High Court Recruitment Cell in the year 2020-23 the petitioner applied online for Group "D" post on 15.12.2022, which was completed successfully. After submitting the online form the petitioner entered in the examination as required by the Recruitment Cell Committee and has been selected for the said post. Consequently, the Chairman, Administrative Committee, District Court Etah had issued information letter no.131 dated 20.05.2023 regarding the appointment. Thereafter, vide letter no.1245 dated 01.06.2023, the respondent no.3 i.e. District Judge, Etah had issued appointment letter to the petitioner. In response thereof, the petitioner joined the Group 'D' post at District Court, Etah and started discharging his duties.

4. It further transpires from the record that as per para-6 of the directions/instructions of the High Court, an undertaking on affidavit was required to be furnished by the selected candidate declaring that neither any criminal case/proceeding is pending against him/her nor he/she has been convicted by any criminal court. Further, if such information is not furnished at the time of joining, the candidature/ appointment of such candidate shall be forfeited/ cancelled by the appointing authority. In the present matter, the petitioner had submitted an undertaking on affidavit, wherein it has been specifically mentioned that no criminal case is pending against him. Later on, during police verification, it had surfaced that Case Crime No.392/2022 under Sections 323, 452, 504, 506 IPC has been registered against the petitioner on 14.12.2022 at Police Station Linepar, District Firozabad. In the said proceeding, after investigation, the Investigating Officer had submitted chargesheet/ police report against the petitioner on 08.01.2023 on which the concerned Magistrate had also taken cognizance on 18.7.2023. Thereafter, case was registered as Criminal Case No.25068 of 2022 (State vs. Anuj @ Ramsevak and others), wherein the trial court had commenced the proceeding against the petitioner and other co-accused. Finally in the said proceeding, the petitioner had been acquitted on 25.9.2023.

5. Once during the police verification it was disclosed that the aforesaid Case Crime No.392 of 2022 was registered against the petitioner, the respondent no.3 had issued a show cause notice to the petitioner on 14.07.2023, which was responded by the petitioner on 19.07.2023. Finally, by the order dated 28.07.2023 the District Judge, Etah had dispensed with the services of the petitioner, which is impugned in the writ petition. Learned Single Judge vide impugned judgement and order dated 22.04.2024 had considered the grounds of challenge in the writ petition and proceeded to dismiss the writ petition with aforequoted judgment.

6. Learned counsel for the petitioner-appellant has vehemently

submitted that learned Single Judge has erred in law while dismissing the writ petition and failed to consider the relevant aspect of the matter that at the time of filling up the form no criminal case was registered against the petitioner. Even the petitioner was having no knowledge of criminal case at the time of swearing of affidavit for appointment. Therefore, the allegation of concealment of information in the declaration form is baseless. Even in the criminal proceeding, later on, he was acquitted. He submits that the seriousness of the allegations levelled against the petitioner-appellant as well as his suitability for his engagement ought to have been examined by the Appointing Authority in view of law laid down by the Apex Court in the case of **Avtar Singh v. Union of India1**. He has also placed reliance on the judgment passed by the Apex Court in **Pawan Kumar v. Union of India2** and the judgment passed by this Court in **Nikhilesh Kumar Gautam vs. State of UP and other3**.

7. Per contra, Sri Ansari, learned counsel appearing on behalf of the respondents has vehemently opposed the appeal and submitted that it is not a case, where the petitioner had concealed the pendency of criminal case at the time of filling up the form. He submitted that at the time of appointment an affidavit was required to be submitted in view of the direction of the High Court as contained in information regarding appointment dated 20.05.2023, wherein, it was specifically required to disclose as to whether any criminal case is registered against him and as to whether he has even been tried in a criminal proceeding or any criminal proceeding is pending against him, or whether he has been convicted or acquitted by any court. If the answer was 'Yes' then details of the case were required to be given. The information also contained the specific stipulation in the form of undertaking that if any of the above facts have been concealed, then the appointment of the applicant be cancelled.

8. Sri Ansari assertively submitted that the affidavit of the petitioner has been admittedly prepared and sworn on 24.5.2023 and much prior to it i.e. on 8.1.2023, in the said criminal case, chargesheet was already submitted to the competent court and even cognizance was also taken by the trial court.

9. Learned counsel for the respondents has further raised objection that as alleged offences are punishable below seven years, hence during the investigation, notice under Section 41-A CrPC was also served upon the petitioner, which he had received. He had not only made endorsement on the said notice but also mentioned his phone number on it. It is submitted that the petitioner had unequivocally declared on oath that no criminal case was pending against him, therefore, present case relates to concealment of fact. The quantum of punishment or acquittal would have no bearing in the present case. He submitted that the notarised affidavit is crucial part of the verification and in case any false information is furnished, the same requires no leniency and the candidature has been rightly rejected. He submitted that the competent authority had accorded opportunity to the petitioner and later on dispensed his services on account of concealment of material fact at the time of furnishing the notarised affidavit in view of the High Court's direction.

10. Learned counsel for the respondents submitted that the judgment heavily relied by learned counsel for the appellant in **Nikhilesh Kumar Gautam**

**(supra)** is distinguishable in the present matter as in the said case, admittedly a closure report was submitted before swearing the affidavit, whereas in the present matter, the petitioner-appellant had duly endorsed on the notice under Section 41-A CrPC, much prior to swearing of affidavit and even chargesheet was also submitted to the competent court in which the trial court has also taken cognizance. Therefore, it cannot be accepted that at the time of swearing of affidavit, the petitioner had no knowledge regarding ongoing criminal proceeding. In support of his submissions, he has placed reliance on Rule 13 (2) of Uttar Pradesh State District Court Service Rules, 2013 (in short "Rules, 2013"), which provides that the inclusion of the name of a candidate in any list published under Rule 12 shall not confer any right of appointment. He has also placed reliance on the judgment passed by the Apex Court in **Imtiyaz Ahmad Malla v. State of Jammu and Kashmir4.**

11. Heard rival submissions, perused the record and respectfully considered the judgments cited at Bar.

12. The facts as emanates from the record are that under the advertisement dated 27.10.2022 the petitioner submitted an application on 15.12.2022 for being considered for appointment on Class-IV post in the District Judgeship. In the examination, he was declared successful and called for document verification. The petitioner was also required to furnish an affidavit disclosing whether any FIR has been lodged or criminal case is pending against him or not. 13. We have also occasion to peruse para 7, 8, and 9 of the aforesaid communication. Admittedly, in response to the said communication, the petitioner had prepared an affidavit, which was sworn on 24.5.2023, wherein he has made categorical averment that there is no criminal case registered or pending against him. Thereafter, the petitioner joined his duties at District Court, Etah on 24.05.2023. During the police verification, it was found that Case Crime No.392/2022 under Sections 323, 452, 504, 506 IPC was registered against the petitioner on 14.12.2022 at Police Station Linepar, District Firozabad, wherein the chargesheet was also forwarded to the competent court on 08.01.2023 and cognizance was also taken by the criminal court. During the investigation, notice under Section 41-A CrPC was also served upon the petitioner, which was duly endorsed by the petitioner himself on 8.1.2023.

14. Once during the police verification it was disclosed that the aforesaid Case Crime No.392 of 2022 was registered against the petitioner, the respondent no.3 had issued a show cause notice to the petitioner on 14.07.2023, which was responded by the petitioner on 19.07.2023. For ready reference the notice dated 14.7.2023 is reproduced herein below:-

15. Finally, by the order dated 28.07.2023 the District Judge, Etah had dispensed with the services of the petitioner, which was challenged in the writ petition. Learned Single Judge vide impugned judgement and order dated 22.04.2024 had proceeded to dismiss the writ petition with aforequoted judgment.

16. In view of the aforesaid factual situation, it is apparent that the petitioner was having full knowledge about the criminal case during document verification

and he has concealed the material fact while swearing the affidavit at the time of getting employment. Later on at the time of document verification and at the time of verifying his criminal antecedents, it was found that criminal case was pending against him and the same had been concealed. The verification of character and antecedents of an employee are to be ensured by the employer. The character and integrity of a candidate, who is seeking appointment in the District Judgeship must be impeccable and his/ her antecedents should be clean. If a person, whose integrity is doubtful, and his/ her antecedents are not clean, he cannot claim appointment as the same may adversely affect the institution. Moreover, it is well settled that even the acquittal in a criminal case does not automatically entitle the applicant for appointment to the post. Still, it is open to the employer to consider the antecedents and examine whether he is suitable for appointment to the post. Whereas in the present matter, the dispute relates to furnishing false information at the time of appointment. In a case of deliberate suppression of fact with respect to pending criminal case, such false information by itself will assume significance and an employer may pass appropriate order cancelling the candidature. If the criminal case was pending and known to the candidate at the time of filling up the form or swearing the affidavit, the concealing of the same may have adverse impact in the organisation.

17. Rule 15 of U.P. State District Court Service Rules, 2013 deals with conditions relating to suitability and certificates of characters. According to this Rule**, no person shall be appointed unless the appointing authority is satisfied that he is of good character and is in all respect suitable for appointment to the service.** Every candidate selected for direct recruitment shall furnish to the appointing authority certificates not more than six months prior to the date of selection, by two respectable persons unconnected with his school, college or university, and not related to him, testifying to his character, in addition to the certificate or certificates which may be required to be furnished from the education institution last attended by the candidate**. If any doubt arises regarding the suitability of a candidate for appointment the decision of the High Court shall be final.**

18. At this point, it is pertinent to mention that a candidate seeking an appointment in the District Court judgeship should be of impeccable character and high integrity, and his antecedents should be clean and if a person whose integrity is doubtful or his antecedents are not clean is appointed, that can damage the institution inasmuch as if the Court records are misplaced or tampered which would cause immense prejudice to the litigants and also shake the confidence of the public in the judicial system which would eventually result in serious damage to the prestige of the institution.

19. Hon'ble Supreme Court in the matter of **Commissioner of Police vs. Mehar Singh5**, has observed as under :

*"18. The question before this Court is whether the candidature of the respondents who had made a clean breast of their involvement in a criminal case by mentioning this fact in their application/attestation form while applying for a post of constable in Delhi Police; who were provisionally selected subject to verification of their antecedents and who*

*were subsequently acquitted/discharged in the criminal case, could be cancelled by the Screening Committee of the Delhi Police on the ground that they are not found suitable for appointment to the post of constable.*

*23. A careful perusal of the policy leads us to conclude that the Screening Committee would be entitled to keep persons involved in grave cases of moral turpitude out of the police force even if they are acquitted or discharged if it feels that the acquittal or discharge is on technical grounds or not honourable. The Screening Committee will be within its rights to cancel the candidature of a candidate if it finds that the acquittal is based on some serious flaw in the conduct of the prosecution case or is the result of material witnesses turning hostile. It is only experienced officers of the Screening Committee who will be able to judge whether the acquitted or discharged candidate is likely to revert to similar activities in future with more strength and vigour, if appointed, to the post in a police force. The Screening Committee will have to consider the nature and extent of such person's involvement in the crime and his propensity of becoming a cause for worsening the law and order situation rather than maintaining it. In our opinion, this policy framed by the Delhi Police does not merit any interference from this Court as its object appears to be to ensure that only persons with impeccable character enter the police force.*

*26. In light of above, we are of the opinion that since the purpose of departmental proceedings is to keep persons,who are guilty of serious misconduct or dereliction of duty or who are guilty of grave cases of moral turpitude, out of the department, if found necessary, because they pollute the department, surely the above principles will apply with more vigour at the point of entry of a person in the police department i.e. at the time of recruitment. If it is found by the Screening Committee that the person against whom a serious case involving moral turpitude is registered is discharged on technical grounds or is acquitted of the same charge but the acquittal is not honourable, the Screening Committee would be entitled to cancel his candidature. Stricter norms need to be applied while appointing persons in a disciplinary force because public interest is involved in it."*

20. Hon'ble Supreme Court in the matter of **State of M.P. vs. Parvez Khan6,** has held as follows:

*"13. From the above observations of this Court, it is clear that a candidate to be recruited to the police service must be worthy of Civil Appeal No. of 2014 @ SLP (C) No.36237 of 2012 confidence and must be a person of utmost rectitude and must have impeccable character and integrity. A person having criminal antecedents will not fit in this category. Even if he is acquitted or discharged, it cannot be presumed that he was completely exonerated. Persons who are likely to erode the credibility of the police ought not to enter the police force. No doubt the Screening Committee has not been constituted in the case considered by this Court, as rightly pointed out by learned counsel for the Respondent, in the present case, the Superintendent of Police has gone into the matter. The Superintendent of Police is the appointing authority. There is no allegation of mala fides against the person taking the said decision nor the decision is shown to be perverse or irrational. There is no material to show that the appellant was falsely implicated. Basis of impugned judgment is*

*acquittal for want of evidence or discharge based on compounding."*

21. The law with regard to the effect and consequence of the acquittal, concealment of criminal case on appointments etc. has been settled in the case of **Avtar Singh v. Union of India and others (supra),** wherein a three Judges' Bench of the Apex Court decided, as thus:

*"38. We have noticed various decisions and tried to explain and reconcile them as far as possible. In view of the aforesaid discussion, we summarize our conclusion thus:*

*"38.1 Information given to the employer by a candidate as to conviction, acquittal or arrest, or pendency of a criminal case, whether before or after entering into service must be true and there should be no suppression or false mention of required information.*

*38.2. While passing order of termination of services or cancellation of candidature for giving false information, the employer may take notice of special circumstances of the case, if any, while giving such information.*

*38.3. The employer shall take into consideration the Government orders/instructions/rules, applicable to the employee, at the time of taking the decision.*

*38.4. In case there is suppression or false information of involvement in a criminal case where conviction or acquittal had already been recorded before filling of the application/verification form and such fact later comes to knowledge of employer, any of the following recourse appropriate to the case may be adopted :*

*38.4.1. In a case trivial in nature in which conviction had been recorded, such as shouting slogans at young age or for a petty offence which if disclosed would not have rendered an incumbent unfit for post in question, the employer may, in its discretion, ignore such suppression of fact or false information by condoning the lapse.*

*38.4.2 Where conviction has been recorded in case which is not trivial in nature, employer may cancel candidature or terminate services of the employee.*

*38.4.3 If acquittal had already been recorded in a case involving moral turpitude or offence of heinous/serious nature, on technical ground and it is not a 3 case of clean acquittal, or benefit of reasonable doubt has been given, the employer may consider all relevant facts available as to antecedents, and may take appropriate decision as to the continuance of the employee.*

*38.5. In a case where the employee has made declaration truthfully of a concluded criminal case, the employer still has the right to consider antecedents, and cannot be compelled to appoint the candidate.*

*38.6. In case when fact has been truthfully declared in character verification form regarding pendency of a criminal case of trivial nature, employer, in facts and circumstances of the case, in its discretion may appoint the candidate subject to decision of such case.*

*38.7. In a case of deliberate suppression of fact with respect to multiple pending cases such false information by itself will assume significance and an employer may pass appropriate order cancelling candidature or terminating services as appointment of a 4 person against whom multiple criminal cases were pending may not be proper.*

*38.8. If criminal case was pending but not known to the candidate at the time of filling the form, still it may have adverse impact and the appointing*

*authority would take decision after considering the seriousness of the crime.*

*38.9. In case the employee is confirmed in service, holding Departmental enquiry would be necessary before passing order of termination/removal or dismissal on the ground of suppression or submitting false information in verification form.*

*38.10. For determining suppression or false information attestation/verification form has to be specific, not vague. Only such information which was required to be specifically mentioned has to be disclosed. If information not asked for but is relevant comes to knowledge of the employer the same can be considered in an objective manner while addressing the question of fitness. However, in such cases action cannot be taken on basis of suppression or submitting false information as to a fact which was not even asked for.*

*38.11. Before a person is held guilty of suppressio veri or suggestio falsi, knowledge of the fact must be attributable to him."*

22. Hon'ble Apex Court in the case of **Imtiyaz Ahamad Malla (supra)** has considered the import of **Avtar Singh's case** and held as under :

*"13. As regards the suppression of relevant information or false information with regard to the criminal prosecution, arrest or pendency of criminal case against the candidate, a three-judge Bench of this Court in Avtar Singh Vs. Union of India and Others has laid down the precise guidelines. Para 38.5 thereof reads as under:*

*"38.5. In a case where the employee has made declaration truthfully of a concluded criminal case, the employer still has the right to consider antecedents, and cannot be compelled to appoint the candidate."*

*14. In all the above cases, the requirement of integrity and high standard of conduct in police force has been highly emphasised. The High Court in the impugned judgement has also elaborately dealt with each and every aspect of the issues involved, while upholding the order of the Single Bench to the effect that the Director General being the highest functionary in the police hierarchy, was the best judge to consider the suitability of the petitioner for induction into the police force. The impugned order being just and proper, we are not inclined to interfere with the same in exercise of our jurisdiction under Article 136 of the Constitution of India."*

23. Hon'ble Apex Court in the case of **Union of India vs. Methu Meda7**, while considering the Avtar Singh's case, has held that even in case truthful declaration regarding concluded trial has been made by the employee, still the employer has the right to consider antecedents and cannot be compelled to appoint the candidate. Paras 18 of the aforesaid judgment is being quoted below:

*"18. In view of the above, in the facts of the present case, as per paras 38.3, 38.4.3 and 38.5, it is clear that the employer is having right to consider the suitability of the candidate as per government orders/instructions/rules at the time of taking the decision for induction of the candidate in employment. Acquittal on technical ground in respect of the offences of heinous/serious nature, which is not a clean acquittal, the employer may have a right to consider all relevant facts available as to the antecedents, and may take appropriate decision as to the*

*continuance of the employee. Even in case, truthful declaration regarding concluded trial has been made by the employee, still the employer has the right to consider antecedents and cannot be compelled to appoint the candidate.*

24. After considering the **Mehar Singh (supra),** the Apex Court in **Methu Meda (supra)** has held as under:-

*22. As discussed hereinabove, the law is well settled. If a person is acquitted giving him the benefit of doubt, from the charge of an offence involving moral turpitude or because the witnesses turned hostile, it would not automatically entitle him for the employment, that too in disciplined force. The employer is having a right to consider his candidature in terms of the circulars issued by the Screening Committee. The mere disclosure of the offences alleged and the result of the trial is not sufficient......."*

25. In all the above cases, the requirement of integrity and high standard of conduct has been highly emphasized. We find that learned Single Judge in the impugned judgement has also elaborately dealt with each and every aspect of the issues involved, while affirming the order dated 28.7.2023 passed by the respondent no.3 by which the services of the petitioner have been terminated. The impugned order being just and proper, we are not inclined to interfere with impugned order.

26. In an Intra-Court Special Appeal, no interference is usually warranted unless palpable infirmities or perversities are noticed on a plain reading of the impugned judgment and order. In the facts and circumstances of the instant case, on a plain reading of the impugned judgment and order, we do not notice any such palpable infirmity or perversity. As such, we are not inclined to interfere with the impugned judgment and order.

27. The appeal fails, and is, accordingly, **dismissed** with no order as to the costs.

(Delivered by Hon'ble Shree Prakash Singh, J.)

1. Heard Sri Ajay Pratap Singh, learned counsel for the petitioner, Sri Ravi Shankar Tiwari, learned counsel for the opposite party no. 3 and Sri Vivek Shukla, learned Additional Chief Standing Counsel for the State.

2. By means of the present writ petition the petitioner has assailed the impugned order dated 19 September 2023 passed by opposite party no. 1, whereby, the petitioner has been punished while withholding two increments permanently and further awarded censure entry and the recovery of ₹1,06,661/- was also imposed upon him. The approval order dated 4 August 2023 passed by the Public Service Commission, opposite party no. 3 is also under challenge.

3. It is the case of the petitioner that the petitioner was initially appointed on the post of District Basic Education Officer and subsequently, was promoted as Joint Director of Education and also held the post of Incharge, Joint Director of Education at Azamgarh Region, Azamgarh with effect from 27 June 2008 to 16 October 2008 and 12 January 2009 to 19 June 2009. Fact remains that one Tarkeshwar Rai who was appointed as adhoc Principal and once the vacancy arose, Sri Umesh Kumar Rai was appointed on the said post of Assistant Teacher (Physical Education) by the Committee of Management and that was approved by the then, District Inspector of Schools, Ballia on 17 January 1991. Later on, against the requisition sent to the UP Secondary Education Service Selection Board, one Kushmakar Mishra joined on the post of Assistant Teacher (Physical Education) in the institution in question on 6 January 2004, but on place of ceasing the continuance of Umesh Kumar Rai on the post of Assistant Teacher (Physical Education), he was allowed to continue and the salary was also being paid. Subsequently, on 18.10.2007, the District Inspector of School stopped the salary, but, just after four days, it was again released. Thereafter, on 29 September 2008 his salary was stopped, but on 13 October 2008 Joint Director Education cancelled the order dated 29 September 2008 and called report from the District Inspector of Schools regarding the status of appointment of Umesh Kumar Rai, but despite submitting any report, the District Inspector of Schools, Ballia, neither submitted the

report nor stopped the salary and the salary was being paid to Umesh Kumar Rai, up to the year 2011.

4. Charges against the petitioner is that the petitioner cancelled the stopped order dated 29 September 2008, on 13 October 2008 and by virtue of the said order, Umesh Kumar Rai was being paid salary and therefore, the present petitioner is accountable for unlawful payment of salary to Umesh Kumar Rai.

5. The ground of challenge to the impugned orders is of two folds; one that the petitioner after passing the order on 13 October 2008 while calling a report from the District Inspector of Schools, transferred on 16 October 2008, and therefore, it was incumbent upon the then District Inspector of Schools, Ballia to take further course of action or to submit a report to the Joint Director of Education, but he failed to do so for the reasons best known to him and therefore, no liability can be fasten upon the present petitioner. Further submission is that, enquiry report of the subsequent order of approval as well as the punishment order dated 19 September 2023 are arbitrary and unlawful as the enquiry officer is appointed on 13 October 2017 and on the same day, the chargesheet was issued and without affording any opportunity of hearing and without fixing date, time and place, the enquiry officer submitted the report on 19 December 2017. Further contention is that the averments made in paragraph 20, 21 and 23, have not been denied in the counter affidavit and therefore, the whole enquiry proceeding vitiates in the eyes of law and the punishment order itself is also against the settled proposition of law and suffers from illegality and infirmity.

6. On the other hand learned counsel appearing for the State has opposed the contention aforesaid and submitted that it is an admitted fact on behest of the petitioner, he was working as Joint Director of Education on 27 June 2008 to 16 October 2008, and the order dated 13 October 2008 was passed by the present petitioner, wherein, the order of the District Inspector of Schools dated 29 September 2008, by which the salary of Umesh Kumar Rai was stopped had been cancelled and a result, thereof, Mr Rai was unlawfully receiving payment of salary till 2011. He added that there was no occasion to the petitioner to cancel the order of the District Inspector of Schools dated 29 September 2008, unless the reports are received and the petitioner reaches to the conclusion that there is any ground to interfere. He also submits that the charge-sheet, enquiry report and the final punishment order do not suffer any illegality as after the appointment of the enquiry officer, he has framed the charges and after due approval, the same was served upom the petitioner and the enquiry report was submitted before the disciplinary authority. Further, the disciplinary authority on the basis of the enquiry report has passed the final punishment order coupled with the fact that the approval from Public Service Commission was also accorded. Therefore, the submission of the counsel for opposite parties is that there is no merit in the writ petition.

7. Having heard the learner counsel for the parties and after perusal of the material placed on record, it transpires that the charges against the petitioner was that he unlawfully passed the order dated 30 October 2008, while cancelling the order of District Inspector of Schools, while favouring Mr. Umesh Kumar Rai.

The petitioner was holding the charge of Joint Director of Education at Azamgarh Region, Azamgarh with effect from 27.06.2008 to 16.10.2008. In the meantime, the payment of salary to Umesh Kumar Rai was stopped by an order dated 29 September 2008 by the District Inspector of Schools, as a regular selected candidate appointed by the UP Secondary Education Service Selection Board had joinded, whereafter, a report was called from the District Inspector of Schools by the petitioner and after three days he was transferred and it seems that he could not further look into the matter.

8. This court has also taken the note of the fact that the chargesheet was issued by the enquiry officer on 13 October 2017, and the enquiry report is submitted on 19 December 2017. From perusal of the enquiry report, it transpires that no date, time and place was fixed and even opportunity of personal hearing was not accorded. In paragraph 23 of the petition,q it has specifically been stated that the enquiry report has never been served to the petitioner, wherein, in reply to the same, in the counter affidavit in paragraph 19, it has been stated that the 'same needs no comments', which amounts to admission on the part of the State. Further in paragraph 17 and 18 of the supplementary affidavit filed in support of the petition, it has been stated that no proper opportunity of hearing was ever accorded to the petitioner and at the same time, it has also been stated that the provisions of Rule 7 and Rule 9 of the UP Government Service (Discipline and Appeal) Rules 1999 (hereinafter referred as 'Rules 1999') has also been violated but this fact has not been rebutted by the opposite parties. Since, the petitioner is a government servant and therefore, the Rules 1999 would prevail in the present matter. The relevant extract of the 'Rules 1999' are reproduced here in under :-

*"(vii) Where the charged Government servant denies the charges, the Inquiry Officer shall proceed to call the witnesses proposed in the charge-sheet and record their oral evidence in presence of the charged Government servant who shall be given opportunity to cross-examine such witnesses. After recording the aforesaid evidence, the Inquiry Officer shall call and record the oral evidence which the charged Government servant desired in his written statement to be produced in his defence :*

*Provided that the Inquiry Officer may for reasons to be recorded in writing refuse to call a witness.*

*(viii) The Inquiry Officer may summon any witness to give evidence or require any person to produce documents before him in accordance with the provisions of the Uttar Pradesh Departmental Inquiries (Enforcement of Attendance of Witnesses and Production of Documents) Act, 1976.*

*(ix) The Inquiry Officer may ask any question he pleases, at any time of any witness or from person charged with a view to discover the truth or to obtain proper proof of facts relevant to charges.*

*(x) Where the charged Government servant does not appear on the date fixed in the inquiry or at any stage of the proceeding inspite of the service of the notice on him or having knowledge of the date, the Inquiry Officer shall proceed with the inquiry ex parte. In such a case the Inquiry Officer shall record the statement of witnesses mentioned in the charge-sheet in absence of the charged Government servant."*

9. The aforesaid rules provides that the opportunity of hearing including opportunity of personal hearing shall be accorded to the delinquent employee, but in the present matter, after serving the chargesheet, no date, time and place is fixed and opportunity of personal hearing has not been given and further, admittedly, copy of the enquiry report was also not served upon the petitioner, which is also against the settled proposition of law.

10. It has long been settled that it is always incumbent upon the enquiry officer to fix a date, time and place for personal hearing to the delinquent employee and in case of violation, the enquiry proceeding shall vitiate.

11. The abovesaid principal is reiterated in the case of **State of U.P. and Others Vs. Saroj Kumar Sinha, (2010) 2 SCC 772**. Paragraph 25 and 26 of the judgement are quoted hereinunder:-

*"25. A bare perusal of the aforesaid charges shows that the three charges were based on official documents/official communications. We have earlier noticed the relentless efforts made by the respondent to secure copies of the documents, which was sought to be relied upon, to prove the charges. These were denied by the Department in flagrant disregard of the mandate of Rule 7 sub-rule (v). Therefore the inquiry proceedings are clearly vitiated having been held in breach of the mandatory sub-rule (v) of Rule 7 of the 1999 Rules.*

*26. The first inquiry report is vitiated also on the ground that the inquiry officers failed to fix any date for the appearance of the respondent to answer the charges. Rule 7(x) clearly provides as under:*

*"7. (x) Where the charged government servant does not appear on the date fixed in the inquiry or at any stage of the proceeding in spite of the service of the notice on him or having knowledge of the date, the inquiry officer shall proceed with the inquiry ex parte. In such a case the inquiry officer shall record the statement of witnesses mentioned in the charge-sheet in absence of the charged government servant.""*

12. In the judgement and order rendered by the the coordinate Division Bench of this Court, Smt. Karuna Jaiswal Vs. State of U.P. (Writ Petition No. 1516 (SB) of 2003), it has been held as follows:-

*"In the instant case, no oral enquiry was held, neither the petitioner was given any notice to participate in any oral enquiry by fixing date, time and place for oral enquiry. It is only that the Enquiry Officer after noticing that despite sufficient time having been given to the petitioner, she did not furnish her reply to the charge-sheet, he proceeded to submit ex-parte report without conducting any oral enquiry by fixing date, time and place for such an oral enquiry. Accordingly, the Enquiry Officer, in this case, has violated the aforesaid principles, which clearly vitiates the enquiry proceedings and any punishment order based on such a vitiated enquiry, is clearly not sustainable."*

13. In the above said matter, the Division Bench is of the considered opinion that the enquiry proceeding would vitiate if no date, time or place is fixed by issuing notice to the delinquent, for getting recorded his statement, as an opportunity of personal hearing.

14. Apart from above, this Court is also not unmindful to the judgement and orders rendered in case of **Subhash Chandra Sharma Vs. Managing Director and another (1999 SCC OnLine All 1331), Shafat Ullah Vs. Commissioner, Varanasi and others (2002 SCC OnLine All 218), Sahngoo Ram Arya Vs. Chief Secretary, State of U.P, Lucknow and others (2002 SCC OnLine All 1566), Ambika Prasad Srivastava Vs. State Public Services Tribunal and others (2005 (4) L.L.N 84), Yog Narain Dubey Vs. Managing Director and Others (2011 SCC OnLine All 2414) and Chamoli District Cooperative Bank Limited Vs. Raghunath Singh Rana and Others ((2016) 12 SCC 204).**

15. In view of the aforesaid submissions and discussions, this Court is of considered opinion that the whole enquiry proceeding, including the final punishment order vitiates in the eyes of law.

16. Consequently, the writ petition is hereby **allowed.**

17. The impugned orders dated 19.09.2023 and 04.08.2023 are hereby **quashed.**

18. Further, liberty is also accorded to the State-respondent to hold a fresh enquiry, if so desires.

(Para 8, 9, 10 and 11)**

**Writ petition allowed.** (E-1)

(Delivered by Hon'ble Ajit Kumar, J.)

1. Heard Ms. Usha Devi Singh, learned counsel for the petitioner, Ms. Usha

Kiran, learned counsel appearing for respondents.

2. Petitioner who claims to be a disabled person and totally dependent upon the parents is aggrieved by the decision taken by the Senior Accounts Officer, Pension of the Kanpur Electricity Supply Company Ltd. dated 12.11.2020 whereby his claim for dependent/ family pension has been rejected.

3. Learned counsel for the petitioner has argued that under the relevant Government Order issued by the state government on 20.05.1997, disabled persons have been made entitled to family pension. Such disability can be physical or mental but it should be of the nature that it is difficult for the dependent to earn livelihood for survival. It is submitted that such disability pension to the dependents for physical or mental disability is in the nature of family pension and this is how the erstwhile Government Order dated 06.08.1981 has been amended to facilitate this family pension.

4. It is submitted by learned counsel for the petitioner that father of the petitioner who was an ex-employee of the respondent retired upon attaining age of superannuation on 31.05.1975 and thereafter he died in the year 2003 and so consequently the mother of the petitioner started getting pension. Mother according to the petitioner died later on 21.04.2013 and resultantly the petitioner being dependent upon his mother made an application for family pension, to respondent on 07.05.2013. After petitioner moved an application, he received a letter from Senior Accounts Officer, Pension, asking him to furnish medical certificate of Chief Medical Officer or of an equivalent medical officer regarding his physical disability. After this letter was received by the petitioner he obtained physical disability certificate from the Chief Medical Officer, Kanpur Nagar on 11.10.2013 and submitted the same before the concerned respondent, namely, Senior Accounts Officer on 14.10.2013.

5. Ms. Usha Singh Devi, learned Advocate submitted that despite medical certificate of the Chief Medical officer submitted before the authority, the matter was referred to a four member committee constituted to examine the claim of the petitioner and whereas the committee was not equipped with any medical skill, nor committee consisted of any medical officer, it rejected the claim of the petitioner only on the ground that at some point of time he was running public call office (PCO) and so he was able to earn and that the petitioner was found to be physically disabled up to some extent. Thus, according to her committee rejected the petitioner's claim of disability and so his claim for pension wholly illegally. As a consequence to the decision taken by the committee the Accounts Officer who was one of the members of the committee passed an order dated 12.11.2020 impugned in the petition rejecting claim of the petitioner.

6. Learned counsel for the petitioner has argued that merely because at the some point of time the petitioner ran a PCO, petitioner was not a disabled person and such a decision was bad for the reason that none of the members of the committee was qualified enough to reject the certificate of the Chief Medical officer. It is submitted that as per the rules and the relevant government orders, in every government service and also for the

purposes of pension etc, it is the certificate of the Chief Medical Officer or medical officer of an officer of equivalent rank which would weigh and not the decision of unskilled persons or the committee which has no medical officer on its panel. It is argued that medical certificate issued by an authorized officer can only be questioned by a medical board or medical officer of higher rank and not by administrative officer like Deputy General Manager, Senior Accounts Officer, Account Officer or Assistant Accountant.

7. *Per contra*, defending the decision taken by the authority, learned counsel appearing for the respondents Ms. Usha Kiran has sought to argue that if the petitioner could have survived for so many years if was able to run a PCO, such person cannot be said to be a disabled person to become entitled to family pension under the relevant Government Order. However, Ms. Ushan Kiran would not dispute that none of the officers on the panel of the committee had the requisite skill or knowledge of the medical field so as to dislodge the medical certificate issued by the Chief Medical Officer. She would also not dispute the argument advanced by the learned counsel for the petitioner that in government service and for all the official purposes also so far the disability part is concerned, medical certificate issued by the Chief Medical Officer would matter and not of any other officer. She would also not dispute that no medical board was constituted to look into the correctness of medical certificate issued by the Chief Medical Officer, Kanpur Nagar certifying the petitioner to be suffering from physical disability due to Polio disease.

8. Having heard learned counsel for the respective parties, having perused the record and the order impugned, I find it to be admitted position in the pleadings of the parties that there is government order issued on 20.05.1997 amending the earlier government order dated 06.08.1981 making disabled son and daughter of an ex-government employee to be entitled to family pension. This government order is applicable to be department concerned and therein also an admitted position to the parties that petitioner upon been asked by the Senior Accounts Officer, had furnished disability certificate of Chief Medical Officer, copy whereof has been brought on record as annexure-8 to the petition. The certificate showing the petitioner to be suffering from 60% disability issued by the Chief Medical Officer, Kanpur Nagar has been brought on record as annexure-2.

9. These above documents have not been disputed as such to have been obtained either by fraud or forgery or have been procured by the petitioner misleading the Chief Medical Officer concerned. The order impugned only records that petitioner was directed to appear before the committee and that he admitted to have run some PCO in past for his survival. It is on account of this statement made that committee came to conclude that petitioner was able to survive and, therefore, would not be treated to be a disabled person. The provisions of circular latter of the Corporation dated 20.05.1999 has been cited in which it had been provided that if a person was not able to survive for his disability, he would be entitled to family pension. In my considered view, even if the circular letter of the corporation is taken to mean that a disable person should be such that he would not be able to survive but for family pension, the committee has not returned any finding as to how the petitioner would be surviving with 60%

disability. He might have operated some PCO in the past but failed to continue with the business and will be taken to be so only on account of this disability. Disability if disqualifies him to run a business, in my considered view, is sufficient enough to prove that such a disabled person deserves family pension.

10. I find merit in the submissions advanced by learned counsel for the petitioner that the committee constituted with four persons had no medical officer on its panel to question the disability certificate issued by the Chief Medical Officer. Even in the counter affidavit, there is no such pleading that certificate was obtained by fraud or forgery or procured for the purpose of obtaining the family pension. Certificate issued by a Chief Medical Officer could have been questioned only by the penal of medical officers in the field of orthopaedics, otherwise one could not say that merely because someone ran a business in the past, maybe he was a disabled, he would not be entitled for family pension. This analogy given and findings arrived at by the committee constituted for the said purpose and the order of Senior Account Officer is clearly unsustainable.

11. The matter could have been remanded, had the respondent questioned the medical certificate by appointing a medical officer or medical board having knowledge of the field concerned. This respondent having not done, I do not find there to be any reason not to believe the physical disability certificate issued by the Chief Medical Officer. The Government Order is very clear on the point and 60% physical disability is sufficient enough for a person to hold him entitled for family pension as a disabled who had been dependent of his parents who later died on 21.04.2013.

12. In view of the above the writ petition succeeds and is allowed. The order dated 12.11.2020 whereby his claim for dependent/ family pension has been rejected is hereby set aside.

13. Respondents are directed to accord family pension to the petitioner. Appropriate orders be passed by the competent authority within a period of one month from the date of presentation of certified copy of the order.

(Para 8 and 9)**

**Writ petition dismissed.** (E-1)

(Delivered by Hon'ble Manish Mathur, J.)

1. Heard Mr. Ravindra Kumar Yadava, learned counsel for petitioner, Dr. Uday Veer Singh, learned State Counsel for opposite parties no.1 to 7 and Mr. Dilip Kumar Pandey, learned counsel for opposite party no.8.

2. Petition has been filed challenging resolution of the Gaon Sabha dated 04.11.2022, letter dated 30.04.2024 by Gaon Sabha and advertisement dated 07.06.2024 issued for recruitment on the post of Panchayat Sahayak/ Account-Cum-Data Entry Operators.

3. It has been submitted that petitioner was initially engaged on service on the aforesaid post on contractual basis on 30.10.2021 on a fixed honorarium of Rs.6000/- per month whereafter he has been continued in service till May 2024 but has been restrained from functioning and a fresh advertisement as impugned has been issued.

4. Learned counsel for petitioner has drawn attention to paragraph 16 of the Government Order dated 25.07.2021 to submit that in case of unsatisfactory work, it was incumbent upon opposite parties to have followed the procedure indicated therein and to have issued a show cause notice and provided an opportunity of hearing to petitioner prior to dispensing with his service. He has also adverted to the resolution dated 04.11.2022 to submit that the contract of service of petitioner was not extended impliedly due to unsatisfactory service, which clearly indicates a violation of Government Order. He further submits that ever since November 2022 till May 2024, opposite parties have been taking work from petitioner without payment of honorarium.

5. Learned counsel for opposite parties have refuted submissions advanced by learned counsel for petitioner with the submission that petitioner was initially appointed on 30.10.2021 on contract basis on a fixed honorarium and as per Government Order dated 25.07.2021, the term of such contract was one year as per paragraph 10 (vii) thereof which also provides for extension of contract services in case the Gaon Sabha deems so fit. It is submitted that in the resolution of Goan Sabha dated 04.11.2022, an open meeting was held and no necessity was found for continuation or extension of petitioner's contractual services. It is therefore submitted that since petitioner's contract came to an end by efflux of time, there is no vested right accrued for continuation of services and that paragraph 16 is also inapplicable since the contractual period had ended.

6. Upon consideration of submissions advanced by learned counsel for parties and perusal of material on record, it is quite evident and admitted by the petitioner in paragraph no.5 of writ petition that he was initially engaged on the said post on contractual basis on

30.10.2021 on a fixed honorarium. Paragraph 10 (vii) of the Government Order dated 25.07.2021 clearly indicates that such contractual services would be for a period of one year only whereafter it shall be discretion of the Gaon Sabha to extend the contractual services in case of satisfactory work but only subject to a maximum period of two years.

7. Once it is admitted by the petitioner that he was appointed on 30.10.2021, then in terms of paragraph 10 (vii) of the aforesaid Government Order dated 25.07.2021, such contractual services were only for a period of one year subject to continuation in terms of resolution of the Gaon Sabha. In such circumstances, it is clear that petitioner's contractual service came to an end by efflux of time on 30.10.2021and vide resolution dated 04.11.2022, Gaon Sabha declined to extend the period of contract merely indicating the fact that all the members declined to extend contractual services of petitioner. The impugned resolution has thereafter been approved on 30.04.2024 by the District Panchayat Raj Officer. It is quite evident that there is no discussion with regard satisfactory or dis-satisfactory service of petitioner.

8. In the considered opinion of this Court, conditions indicated in paragraph 10 of Government Order dated 25.07.2021 would be inapplicable in the present facts and circumstances where the contractual period has ended by efflux of time. The said paragraph 16 of the Government Order would in fact the applicable only in cases where services of the contractual employee are being dispensed with mid term, which is not the present case.

9. In view of aforesaid, since condition enumerated in paragraph 16 of the Government Order dated 25.07.2021 are inapplicable and there does not appear to be any right vested in the petitioner for continuation of contractual period, the petition fails and is **dismissed at the admission stage itself**. Parties to bear their own costs.

(Delivered by Hon'ble Rajesh Singh Chauhan, J.)

1. Heard Sri Ram Raj, learned counsel for the petitioner, Sri Sudhir Kumar Singh, learned Standing Counsel for the State and Sri Aditya Mohan, learned counsel for the opposite parties no. 2 to 5.

2. By means of this petition the petitioner has prayed following relief :

*"i. Issue a writ, order or direction in the nature of Certiorari quashing the impugned order dated 15.06.2024, passed by the opposite party no. 4/Additional Director, Rajya Krishi Utpadan Mandi Parishad, Uttar Pradesh, Lucknow, contained in Annexure No. 1 to this writ petition.*

*ii. Issue a writ, order or direction in the nature of Certiorari quashing the impugned inquiry report dated 06.06.2024, submitted by the opposite party no. 5/Inquiry Officer / Deputy Director (Administration/Marketing), Rajya Krishi Utapadan Mandi Parishad, Kanpur, contained in ANNEXURE No.2 to this writ petition.*

*iii. Issue a writ, order or direction in the nature of Certiorari quashing the entire departmental proceeding initiated against the petitioner by the opposite party no.4 vide its order dated 14.09.2023 as they were conducted contrary to provisions contained In the Uttar Pradesh Government Servant (Discipline and Appeal) Rules, 1999 and the principles of natural justice.*

*iv. Issue a writ, order or direction in the nature of Mandamus commanding the opposite parties not to give effect to the operation and implementation of the impugned order dated 15.06.2024, passed by the opposite party no.4/Additional Director, Rajya Krishi Utapadan Mandi Parishad, Uttar Pradesh, Lucknow and the impugned inquiry report dated 06.06.2024, submitted by the opposite party no.5/Inquiry Officer/Deputy Director (Administration/Marketing), Rajya Krishi Utapadan Mandi Parishad, Kanpur, contained in Annexure Nos.1 and 2 respectively to this writ petition.*

3. The precise contention of the learned counsel for the petitioner is that before passing the impugned order dated 15.6.2024 by the disciplinary authority the relevant aspect has not been verified as to whether during the course of departmental inquiry the petitioner has been afforded the opportunity of hearing strictly in

accordance with law and as to whether he has been supplied all important and relied upon documents which have been demanded by the petitioner time and again. The disciplinary authority has also not examined the relevant fact that under compelling circumstances the petitioner submitted his tentative defense reply indicating therein that he has not been provided the demanded documents but if the inquiry officer is willing to conclude the inquiry without affording an opportunity of hearing to the petitioner and without supplying the demanded documents at least he should have given an opportunity of personal hearing and the opportunity to examine some witnesses whose names have been categorically indicated in para 11 of the tentative defense reply of the petitioner dated 6.6.2024 (Annexure no. 13). The disciplinary authority has also not perused the relevant document which has been enclosed as Annexure no. 2 which is the findings of the inquiry officer dated 6.6.2024 in the light of the fact that on 6.6.2024 the petitioner submitted his tentative defense reply and on the same date the inquiry officer has submitted his inquiry report before the disciplinary authority ignoring the specific and categorical demand of the petitioner to supply the documents and to provide the opportunity of hearing and opportunity to examine the witnesses. In the absence of aforesaid legal formality which is in conformity with the principles of natural justice the impugned order dated 15.6.2024 has been issued by the disciplinary authority to the petitioner saying him to appear before him for personal hearing and to submit his explanation to the inquiry report.

4. Sri Ram Raj has submitted that if the entire departmental inquiry including the findings are farce and an eye-wash and the same has been completed without following the basic tenets and requirements to conduct and conclude the departmental inquiry as to what sort of personal hearing has been given by the disciplinary authority and this fact makes it crystal clear that both the inquiry officer as well as disciplinary authority are adamant to punish the petitioner without following the due procedure of law.

5. On being confronted the learned counsel for the opposite party nos. 2 to 5 on the aforesaid submission of learned counsel for the petitioner, he tried to justify the aforesaid impugned order by saying that the disciplinary authority has given opportunity of personal hearing then whatever grievance the petitioner is having may be submitted before the disciplinary authority and may submit the explanation and before taking any decision the disciplinary authority may look into this aspect.

6. Learned State Counsel has stated that at this stage the matter is between the petitioner and opposite party no. 2 to 5, therefore, he has no locus to say anything.

7. On being confronted the learned counsel for the opposite parties no. 2 to 5 on the point that when the petitioner has, admittedly, not been provided the demanded documents and he has not been afforded an opportunity of personal hearing by the inquiry officer and he has not been given opportunity to examine the witnesses whose specific name and post has been indicated in his tentative defense reply as to how any charge can be proved against the petitioner and also as to how the disciplinary authority may take any

appropriate decision finalizing the departmental inquiry, no proper explanation can be given.

8. Sri Ram Raj, in support of his aforesaid contention, has placed reliance on the judgments of Apex Court in re: ***(2010) 2 SCC 772: State of U.P. and others vs. Saroj Kumar Sinha, (2022) 15 SCC 254 : The State of Uttar Pradesh and others vs. Rajit Singh, (2022) 13 SCC 329 : United Bank of India vs. Biswanath Bhattacharjee, (2022) 3 UPLBEC 1865 : State of U.P. vs. State Public Service Tribunal and others and (2015) 2 SCC 610 : Union of India vs. P Gunasekaran,*** more particularly ***Saroj Kumar Sinha (supra)*** whereby the Apex Court has explained the manner under which the departmental inquiry is conducted and concluded and also as to how the disciplinary authority may pass appropriate order finalizing the departmental proceedings.

9. I have perused the judgments of Apex Court and I find that the guidelines and directions, so issued by the Apex Court time and again, particularly in re: ***Saroj Kumar Sinha (supra)*** has not been followed in the present case.

10. At this stage learned counsel for the opposite parties no. 2 to. 5 has stated that if this Hon'ble Court may find it appropriate to interfere in the aforesaid impugned orders may provide an opportunity to department to pass appropriate order strictly in accordance with law and for the reason that serious allegations have been levelled against the petitioner for which he may not left scot-free.

11. Having heard learned counsel for the parties and perused the material available on record, I am of the considered opinion that while conducting the departmental inquiry against an employee the proper opportunity of hearing should be afforded to him at particular stages. The copy of the demanded documents / the relevant / relied upon documents should be provided to him / her so that proper defense reply could be filed before the inquiry officer. After receiving the defense reply the oral inquiry is mandatory if the charges are serious and the department is of the view that if those charges are proved the incumbent may be awarded major punishment. For conducting the oral inquiry the date, time and place should be fixed. Thereafter the inquiry report should be submitted before the disciplinary authority. The disciplinary authority should provide the copy of inquiry report to the incumbent / delinquent employee seeking explanation from him by providing an opportunity of personal hearing. After following the aforesaid procedure of law the disciplinary authority may conclude the departmental inquiry finally.

12. In the present case what I find is that the aforesaid procedure has not been followed by the inquiry officer nor by the disciplinary authority as he has not verified the fact as to whether the inquiry officer has conducted the inquiry strictly in accordance with law or not.

13. Therefore, I hereby **quash** the impugned order dated 15.6.2024 (Annexure no. 1), passed by the opposite party no. 4 and the inquiry report dated 6.6.2024 (Annexure no. 2) submitted by the opposite party no. 5.

14. The issue is remanded back to the inquiry officer to conduct and conclude the departmental inquiry strictly in accordance with law by affording an opportunity of hearing to the petitioner and to supply the copy of the demanded documents and also to provide him an opportunity to examine the witnesses whose names have been indicted in para 11 of the defense reply dated 6.6.2024. The aforesaid departmental inquiry may be conducted and concluded with expedition as the departmental inquiry may not be kept pending against the petitioner for unlimited period but it should be concluded within a reasonable time. Thereafter, the disciplinary authority may pass an appropriate order by affording an opportunity of personal hearing to the petitioner seeking his explanation providing him copy of inquiry report, if any and after considering the explanation of the petitioner the disciplinary authority may pass final order concluding the departmental inquiry finally. For doing the aforesaid entire exercise no unnecessary time may be consumed by both the authorities i.e the inquiry officer and the disciplinary authority.

15. It is made clear that while conducting and concluding the departmental inquiry the inquiry officer may not be influenced from any observation of this Court inasmuch these observations are limited to the extent that the inquiry officer has not conducted or concluded the inquiry strictly in accordance with law, therefore, while conducting and concluding the departmental inquiry the inquiry officer shall conclude the same independently without being influenced from any observation made in this order. At the same time the disciplinary authority may pass a final order without being influenced from any observation made by this Court.

16. In view of the aforesaid, the writ petition is allowed on the aforesaid limited points.

17. No order as to costs.

5. Mohinder Singh Gill Vs Chief Election Commissioner (1978) 1 Supreme Court Cases 405

(Delivered by Hon'ble Ajit Kumar, J.)

1. Heard Shri Shailesh Mani Tripathi, learned Advocate appearing for the petitioner, Shri Krishna Mohan Asthana, learned Advocate appearing for respondent Bank, learned Standing Counsel for the State.

2. By means of this petition filed under Article 226 of the Constitution, the petitioner has challenged the order dated 05.01.2024 passed by the respondent competent authority of the bank rejecting the claim of the petitioner for compassionate appointment only on the ground that his financial condition was satisfactory.

3. The argument advanced by learned counsel for the petitioner is that merely recording a fact that the financial condition was satisfactory was not sufficient enough to be taken as good ground or reason to reject the claim of the petitioner for compassionate appointment. It is argued that in view of settled legal position, the competent authority ought to have discussed financial aspect that was involved in the matter which according to the competent authority was sufficient enough to deny the claim of the petitioner for compassionate appointment in view of the bank's policy laid down in that regard and the circular letter issued also at the end of the bank.

4. In support of his argument, learned counsel for the petitioner has relied upon various authorities like one in ***Union of India Vs. M.L. Capoor and others AIR 1974 SC 87 and S.N. Mukherjee Vs. Union of India AIR 1990 SC 1984.***

5. Meeting the arguments, learned Advocate for the respondent bank has placed reliance upon the avernments made in paragraph-5 of the counter affidavit in which details of terminal dues and other financial status of the petitioner has been discussed in detail and submits that this itself discloses that the financial background of the petitioner was sound enough to take him out of the zone of consideration as per the policy of the bank and circular letter issued. He has also placed reliance upon the authorities cited in the case of ***State of Himachal Pradesh and others Vs. Shashi Kumar 2019 (3) SCC 653*** and also ***State Bank of India Vs. Somvir Singh 2007 4 SCC 778*** and the ratio laid down in these judgment

6. Having heard learned counsel for the respective parties and having perused the record particularly the order impugned, I find that the order simply records in one line that *"It was found that financial condition of dependent of the deceased was satisfactory and, therefore, no circumstances were found sound enough to offer him compassionate appointment."* In my considered view this one line

satisfaction seems to be based upon some material that ought to have been discussed as has been discussed in paragraph-5 of the counter affidavit. There is no quarrel upon the legal position and that the bank can make its own circular and compassionate appointment cannot be claimed as a matter of vested right. However, while passing the order denying a claim means that right at least a substantive right which as per the bank own policy vests in the dependents of the deceased, a well reasoned order should have been passed. Thus, consideration should be objective enough so as to apprise the concerned aggrieved party about valid reasons for denial of claim for compassionate appointment.

7. The law is well settled, no amount of defence taken in the reply or pleading can substitute the lacuna as to reasoning in the order if the order is cryptic and, accordingly. In the case of ***Mohinder Singh Gill Vs. Chief Election Commissioner (1978) 1 Supreme Court Cases 405*** vide paragraph-8 Court has observed thus:

*"8. The second equally relevant matter is that when a statutory functionary makes an order based on certain grounds, its validity must be judged by the reasons so mentioned and cannot be supplemented by fresh reasons in the shape of affidavit or otherwise. Otherwise, an order bad in the beginning may, by the time it comes to Court on account of a challenge, get validated by additional grounds later brought out.".*

8. In view of the above, the order dated 05.01.2024, impugned herein this petition is held unsustainable. The order dated 05.01.2024 Annexure No.1 to the writ petition, passed by the Assistant General Manager, Canara Bank (respondent No. 3) is hereby quashed.

9. The matter is remitted to the Assistant General Manager, Canara Bank (respondent No. 3) to pass fresh order, this time reasoned and speaking one.

10. It is clarified that merely because certain details have not been found to be placed in the order regarding financial condition or background of the petitioner should not itself become a ground to deny the claim again and there has to be an objective consideration of the material available before the authority while passing the order and the order should be reasoned and speaking one. Appropriate decision should be taken by the competent authority within a period of two months from the date of production of certified copy of this order.

(Delivered by Hon'ble Rajesh Singh Chauhan, J.)

1. Heard.

2. This Court has passed the order dated 2.7.2024 which reads as under:-

*"1. Heard Shri I.M. Pandey, learned counsel for the petitioner and Ms. Deepshikha, learned Chief Standing Counsel-II.*

*2. By means of this petition, the petitioner has assailed the impugned punishment order dated 07.03.2024 passed by Settlement Officer, Consolidation, Barabanki withholding two increments of salary of the petitioner permanently and censure entry. The main ground to assail the aforesaid impugned order of punishment is that the Inquiry Officer has not conducted the oral inquiry by fixing date, time and place; the disciplinary authority issued a show cause notice without providing the copy of the inquiry report and despite the specific demand made by the petitioner to supply the copy of inquiry report and to direct the Inquiry Officer to make oral inquiry, the punishment order have been passed.*

*3. Attention has been drawn towards Annexure No.11, which is a show cause notice being issued by the disciplinary authority, wherein there is no indication of supply of the copy of the inquiry report, therefore, prima facie, it convinces the Court that the show cause notice have been issued to the petitioner without providing the inquiry report.*

*4. The aforesaid ground may be liable to quash the impugned order of punishment but on the request of learned Chief Standing Counsel-II, the case is listed on 08.07.2024. Therefore, list/ put up this matter on 08.07.2024 as fresh in the additional cause list.*

*5. This matter shall be taken up immediately after fresh.*

*6. By the next date of listing, learned Chief Standing Counsel-II may seek complete written instructions in this matter."*

3. In compliance of the aforesaid order, learned Standing Counsel has produced a copy of the detailed instructions/letter dated 4.7.2024 along with some documents, the same is taken on record.

4. The precise query of this Court was that as to whether the disciplinary

authority has provided a copy of the inquiry report to the delinquent employee seeking explanation on the basis of the inquiry report inasmuch as there was no recital to this effect in the explanation being sought by the disciplinary authority. The aforesaid instructions categorically reveals that the copy of the inquiry report was not provided to the delinquent employee seeking explanation on the basis of inquiry report before passing the impugned order of punishment dated 7.3.2024. However, as per aforesaid instructions, the copy of the inquiry report has been provided to the petitioner on 30.5.2024. Besides, no specific instructions have been provided on the other query regarding fixing date, time and place for conducting oral inquiry by the Inquiry Officer.

5. Notably, a proper and complete mechanism has been given in Rule 7 of the U.P. Government Servants (Disciple and Appeal) Rules, 1999 (hereinafter referred as 'Rules, 1999') for imposing major penalties. Rule 9 provides 'Action on Inquiry Report'. Rule 7 (i, ii, iv, v, vii, viii and ix) and Rule 9 (4) read as under:

***"7-Procedure for imposing major penalties***- *Before imposing any major penalty on a Government Servant, an inquiry shall be held in the following manner:*

*(i) The Disciplinary Authority may himself inquiry into the charges or appoint an Authority Subordinate to him as Inquiry Officer to inquire into the charges.*

*(ii) The Facts constituting the misconduct on which it is proposed to take action shall be reduced in the from of definite charge or charges to be called charge-sheet. The charge-sheet shall be approved by the Disciplinary Authority. Provided that where the Appointing Authority is Governor, the charge-sheet may be approved by the Principal Secretary or the Secretary, as the case may be, of the concerned department.*

...

*(iv) The charge Government Servant shall be required to put in a written statement of his defence in person on a specified date which shall not be less than 15 days from the date of issue of charge-sheet and to state whether he desires to cross-examine any witness mentioned in the charge-sheet and whether desires to give or produce evidence in his defence He shall also be informed that in case he does not appear or file written statement on the specified date, it will be presumed that he has none to furnish and inquiry officer shall proceed to complete the inquiry ex-parte.*

*(v) The charge-sheet, along with the copy of the documentary evidences mentioned therein and list of witnesses and their statements, if any shall be served on the charged Government Servant personally or by registered post at the address mentioned in the official records in case the charge-sheet could not be served in aforesaid manner, the charge- sheet shall be served by publication in a daily newspaper having wide circulation:*

*Provided that where the documentary evidence is voluminous, instead of furnishing its copy with charge-sheet, the charge Government servant shall be permitted to inspect the same before the Inquiry Officer.*

...

*(vii) Where the charged Government Servant denies the charge the Inquiry Officer shall proceed to call the witnesses proposed in the charge-sheet and record their oral evidence in presence of the charge Government Servant who shall be given opportunity to cross- examine*

*such witnesses. After recording the aforesaid evidences, the Inquiry officer shall call and record the oral evidence which the charged Government Servant desired in his written statement to be produced in his defence:*

*Provided that the Inquiry Officer may for reasons to be recorded in writing refuse to call a witness.*

*(viii) The inquiry officer may summon any witnesses to give evidence or require any person to produce documents before him in accordance with the provisions of the Uttar Pradesh Departmental inquiries (Enforcement of Attendance of witnesses and production of documents) Act 1976.*

*(ix) The Inquiry Officer may ask any question he pleases, at any time of any witness or from person charged with a view to discover the truth or to obtain proper proof of facts relevant to charges.*

***9(4)**. If the Disciplinary Authority, having regard to its finding on all or any of charges is of the opinion that any penalty specified in Rule 3 should be imposed on the charge Government Servant, he shall give a copy of the inquiry report and his finding recorded under sub-rule (2) to the charged Government Servant and require him to submit his representation if he so desires, within a reasonable specified time. The Disciplinary Authority shall having regard to all the relevant records relating to the inquiry and representation of the charge Government Servant, if any, and subject to the provisions of Rule 16 of these rules, pass a reasoned order imposing one or more penalties mentioned in Rule 3 of these and communicate the same to the charged Government Servant."*

6. This is a settled law that for conduting the departmental inquiry, the Inquiry Officer shall fix date, time and place for conducting oral enquiry and after the conclusion of the inquiry by the Inquiry Officer, the copy thereof shall be furnished/submitted before the disciplinary authority, thereafter, the disciplinary authority shall provide the copy of the inquiry report to the delinquent employee seeking explanation thereon. The aforesaid exercise has been indicated in the Rules, 1999 and the same is in conformity with the principles of natural justice. Without providing the copy of the inquiry report, the delinquent employee may not submit his explanation. Even if he is called for personal hearing, that would not suffice the purpose inasmuch as unless and until the delinquent employee receives the copy of the inquiry report, he would not be able to defend himself properly.

7. The aforesaid position of law is a trite position of the law and the Hon'ble Apex Court in a catena of cases has held that the disciplinary authority shall furnish/supply the copy of inquiry report to the delinquent employee seeking explanation but in the present case, this settled position of law is not known to the disciplinary authority, i.e., Settlement Officer Consolidation, Barabanki and in the absence of supply of inquiry report, the impugned punishment order dated 7.3.2024 has been passed. However, after passing the aforesaid impugned punishment order, the copy of the inquiry report has been supplied to the petitioner on 30.5.2024, as has been indicated in the instructions/letter which was of no avail.

8. The Apex Court in re: **State of U.P. vs. Saroj Kumar Sinha** reported in **(2010) 2 SCC 7**72 has held as under:

*30. When a departmental enquiry is conducted against the government servant it cannot be treated as a casual*

*exercise. The enquiry proceedings also cannot be conducted with a closed mind. The inquiry officer has to be wholly unbiased. The rules of natural justice are required to be observed to ensure not only that justice is done but is manifestly seen to be done. The object of rules of natural justice is to ensure that a government servant is treated fairly in proceedings which may culminate in imposition of punishment including dismissal/removal from service.*

*...*

*37. We are of the considered opinion that the aforesaid observations are fully applicable in the facts and circumstances of this case. Non-disclosure of documents having a potential to cause prejudice to a government servant in the enquiry proceedings would clearly be denial of a reasonable opportunity to submit a plausible and effective rebuttal to the charges being enquired into against the government servant.*

*...*

*39. The proposition of law that a government employee facing a departmental enquiry is entitled to all the relevant statements, documents and other materials to enable him to have a reasonable opportunity to defend himself in the departmental enquiry against the charges is too well established to need any further reiteration. Nevertheless given the facts of this case we may re-emphasise the law as stated by this Court in State of Punjab v. Bhagat Ram [(1975) 1 SCC 155 : 1975 SCC (L&S) 18] : (SCC p. 156, paras 6-8)*

*"6. The State contended that the respondent was not entitled to get copies of statements. The reasoning of the State was that the respondent was given the opportunity to cross-examine the witnesses and during the cross-examination the respondent would have the opportunity of confronting the witnesses with the statements. It is contended that the synopsis was adequate to acquaint the respondent with the gist of the evidence.*

*7. The meaning of a reasonable opportunity of showing cause against the action proposed to be taken is that the government servant is afforded a reasonable opportunity to defend himself against charges on which inquiry is held. The government servant should be given an opportunity to deny his guilt and establish his innocence. He can do so when he is told what the charges against him are. He can do so by cross-examining the witnesses produced against him. The object of supplying statements is that the government servant will be able to refer to the previous statements of the witnesses proposed to be examined against the government servant. Unless the statements are given to the government servant he will not be able to have an effective and useful cross-examination.*

*8. It is unjust and unfair to deny the government servant copies of statements of witnesses examined during investigation and produced at the inquiry in support of the charges levelled against the government servant. A synopsis does not satisfy the requirements of giving the government servant a reasonable opportunity of showing cause against the action proposed to be taken."*

9. This is really a sorry state of affairs that the Settlement Officer Consolidation has punished the petitioner by means of the impugned order dated 7.3.2024 (Annexure-1) without supplying the copy of the inquiry report and the copy thereof has been supplied to the petitioner on 30.5.2024, therefore, the aforesaid fact makes it crystal clear that the disciplinary

authority i.e., Settlement Officer Consolidation, Barabanki is not aware about the settled position of law. Even the disciplinary authority did not verify the relevant aspect of the departmental inquiry as to whether the Inquiry Officer had fixed date, time and place for conducting the oral inquiry inasmuch as it is neither clear from the inquiry report nor from the instructions letter so produced today, therefore, the impugned punishment order vitiates on both the courts, i.e., at the stage of inquiry and at the time of seeking explanation from the petitioner by the disciplinary authority on the basis of inquiry report which has admittedly been not supplied to the petitioner before imposing major punishment.

10. Looking into the manner of administrative officers of the State of U.P. who are made inquiry officer to conduct the departmental inquiry against the employees and noticing the fact that the departmental inquiry is conducted in a violation of Rule 7 of Rules, 1999, this Court has expressed its concern and anguish, vide judgement and order dated 7.2.2023, in a bunch of writ petitions, leading writ petition bearing **Writ-A No. 26819 of 2019 : Eklavya Kumar vs. State of U.P. and others**, the relevant extract thereof reads as under:

*"...The seriousness of the situation resulted in repeated orders passed by the Supreme Court, by this Court as well as Government Orders issued. Relevant amongst these read as follows:-*

*This Court in the case of Prakash Chandra Agrawal vs. State of U.P. and another (Writ-A No.2555 of 2022, decided on 7.5.2022, passed the following order:*

*"1. Present writ petition is filed by the petitioner challenging his punishment order dated 11.04.2022 passed by Additional Chief Secretary/Principal Secretary, Secretariat Administration Department, Lucknow (respondent no.2).*

*2. By the impugned order, petitioner is given a punishment of censure entry and reversion to the post of Section Officer from the post of Under-Secretary.*

*3. At the very outset, learned counsel for petitioner submits that the inquiry was conducted by the Special Secretary, Medical Education Services, U.P., who submitted her report on 25.08.2021. He submits that in the present case, the inquiry officer was never provided the documents to which she had relied upon in the inquiry. The said documents were summoned by the inquiry officer during the conduct of the inquiry and were also perused by her. However, neither copy of the said documents were provided to the petitioner nor the same were permitted to be perused by the petitioner. Learned counsel for petitioner further submits that a bare perusal of the report shows that the inquiry was conducted in violation of Rule-7 of the U.P. Government Servants (Discipline and Appeal) Rules, 1999 (hereinafter referred to as 'Rules of 1999'), as no date, time and place was fixed in the inquiry.*

*4. I have perused the inquiry report as well as the impugned punishment order. A bare perusal of the same shows that the inquiry officer has, in fact, not merely failed to follow the procedure provided by Rule-7 of Rules of 1999 but has also placed burden upon the delinquent employee to prove that he is not guilty. In the first line of discussion, the inquiry officer states, that, delinquent employee through his reply to the charge-sheet/statements could not submit any evidence which would prove that the delinquent employee is wrongly charged.*

*5. In the present case, the Additional Chief Secretary was summoned along with the record. Today he is present in Court along with the record and with his assistance as well as assistance of the counsels for parties, record is perused. Learned Standing Counsel also could not show from the record of the case that the procedure as prescribed under Rule-7 of Rules of 1999 is followed in conducting the inquiry and any date, time and place was fixed for evidence or evidence relied upon/summoned was provided to the petitioner.*

*6. Though the matter is simple as it is to be remanded back, but, in large number of cases filed before this Court, it is found that the inquiry with regard to major penalty is conducted in violation of Rule-7 of Rules of 1999. The present case is a glaring example of the same. Inquiry officer is a Special Secretary and the punishing authority is a Principal Secretary. Still a glaring error is committed in conduct of the inquiry by the inquiry officer and in failure to check the same by the punishing authority before punishment order was issued. It is not merely the duty of the inquiry officer to comply with the Rule-7 but also the duty of the punishing authority, while passing order of punishment, to ensure that the inquiry is conducted as per the procedure prescribed.*

*7. Such mistakes in large numbers are occurring for quite some time now in the State. The State Government as far back as on 22.04.2015 issued a detailed government order explaining at length the manner in which inquiry with regard to minor punishment or major punishment should be conducted. The government order explains at length what is already prescribed in Rule-7. When the inquiries were still not being conducted in proper manner, again under order of this Court dated 13.01.2021 passed in Writ-A No.12110 of 2020; 'State of U.P. & Others Vs. Vijay Anand Tiwari', a Government Order dated 10.02.2021 was issued by the State Government for compliance of Rule-7. Despite two aforesaid government orders, the inquiries are still not conducted in a proper manner. It is sad to note that the both the aforesaid government orders are also not being complied with by the officials. It is also noted that in large number of cases, after remand when the inquiry is re-conducted, the same procedural error is again made and again the inquiry report is submitted without following the due procedure as per Rule-7. This is also putting burden of unnecessary litigation upon this Court. It is the duty of the inquiry officer as well as the punishing authority to ensure compliance of Rule-7.*

*8. Since these incidences are abundant in number, therefore, this Court finds it necessary now to ensure that every inquiry officer, who at present is conducting an inquiry or appointed to conduct any inquiry in future, is provided proper training with regard to the manner and procedure for conducting the inquiry. Similarly the disciplinary authorities are also required to go through a training with regard to the manner in which the inquiries are to be conducted and, thereafter, punishment orders are to be passed. It goes without saying that the power exercised by the inquiry officers are quasi judicial in nature and for the same a judicially trained mind is required. The State Government is already having a Judicial Training and Research Institute (J.T.R.I.) which trains/educates the officers of the State Government on the legal compliances/procedures.*

*9. Therefore, Director, J.T.R.I., Lucknow is directed to forthwith prepare an appropriate program for training of the*

*inquiry officers as well as for training of the disciplinary authorities so that such mistakes are not repeated. The J.T.R.I shall also issue an appropriate identifiable certificate to every officer after he/she completes the training session. The relevant details of the said training session/certificates shall be referred by the officer concerned in every inquiry report submitted by him/her or punishment order passed. All the officers who are conducting any inquiry at present in the State shall attend the training without any delay and such inquiry officers shall conclude their inquiries only after their training is completed. Similarly the punishing authority shall also go through the required training before passing any punishment order and also refer to their session/certificate. It is further directed that no inquiry officer in future shall be appointed for departmental inquiry who has not received the training from the J.T.R.I. The State government shall bear the cost of the aforesaid training at J.T.R.I. at its own cost.*

*10. Senior Registrar of this Court shall forthwith send a copy of this order to the Chief Secretary of the State of U.P. as well as Director, J.T.R.I., Lucknow for its compliance.*

*11. Since, in the present case, admittedly, there is violation of Rule-7 as the documents relied upon by the inquiry officer were never provided to the petitioner nor the inquiry is conducted following the procedure prescribed under Rule-7, i.e., by summoning the witnesses of the department, giving chance of cross examination, providing opportunity to the delinquent employee/petitioner to call his witnesses, therefore, impugned order dated 11.04.2022 cannot stand and is set aside.*

*12. The matter is remanded back to respondent no.2 for conducting fresh inquiry after following proper procedure as prescribed under Rule-7.*

*13. With the aforesaid, the writ petition is allowed."*

***Supreme Court in the case of State of U.P. and others vs. Vijaya Nand Tiwari: Special Leave to Appeal No.10331 of 2022***, has passed following comments on 13.7.2022 with regard to working of the State Government:

*"As the inquiry was found to be in breach of Rule 7 (vii) of the U.P. Government Servant (Discipline and Appeal), Rules, 1999 (for short of 1999"), as such the learned Tribunal rightly set aside the order of punishment. In fact, the learned Tribunal allowed the back wages to the extent of 50% only. The same is rightly confirmed by the High Court. Therefore, there is no merit in the Special Leave Petition and the same deserves to be dismissed and is accordingly dismissed.*

*At this stage, it is required to be noted that while passing the impugned order, the High Court has shown its displeasure and observed and issued directions to the Chief Secretary, State of U.P. to look into the matter and appropriately direct the Secretaries of concerned departments to ensure that inquiry is conducted after observing Rule 7 of the Rules of 1999 in strict terms and more specially to lead oral evidence to prove the charges. The High Court has passed the following order –*

*"Before parting with the judgment, it is necessary to indicate that time and again Tribunal is causing interference in the order of punishment finding violation of Rule 7(vii) of the Rules of 1999.*

*Rule 7(vii) of the Rules of 1999 provides for oral evidence and invariably not followed in the enquiry despite catena of judgments of this Court causing*

*interference the order of punishment. The violation of the Rule 7(vii) of the Rules of 1999 results not only interference of order of punishment but financial burden on the Government in shape of back wages.*

*The Chief Secretary, State of U.P. is directed to look into the matter and appropriately direct the Secretaries of concerned departments to ensure that enquiry is conducted after observing Rule 7 of the Rules of 1999 in strict terms and more specially to lead oral evidence to prove the charges.*

*Necessary direction in compliance of this order would be issued by office of Chief Secretary, State of U.P. with an information to this Court in reference to the present order.*

*The registry is directed to send the copy of this order to Chief Secretary, State of U.P. for compliance within a period of one month from the date of its receipt."*

*Nothing is on the record to show any further steps taken by the Chief Secretary, State of U.P. in furtherance of the aforesaid directions issued by the High Court. Only for that purpose, the Registry is directed to notify the matter before this Bench on 18.07.2022 so as to enable the learned counsel for the petitioners. to place on record what steps are taken by the Chief Secretary, State of U.P. in compliance with the directions issued by this Court, as above.*

*Pending applications shall stand disposed of."*

*Further, the Supreme Court in the aforesaid case of* ***Vijaya Nand Tiwari (supra) passed the following order on 18.7.2022.***

*"Pursuant to our earlier Order dated 13.07.2022, an Affidavit is filed on behalf of the State of U.P. The affidavit is filed by one Chintan, posted as Prabhagiya Nirdeshak, Van Vibagh, Mau, U.P. which ought to have been filed either by the Chief Secretary or from the office of the Chief Secretary. In the affidavit, it is pointed out that, pursuant to the impugned judgment and order passed by the High Court, the Chief Secretary has issued the Circular dated 10.02.2021, directing that in all the departmental enquiry proceedings in the State, Rule 7(vii) of the U.P. Government Servant (Discipline and Appeal) Rules, 1999 shall have to be followed.*

*When a pointed question was asked to the learned Senior Counsel appearing on behalf of the State that whether the Circular dated 10.02.2021 has been scrupulously thereafter followed or not. in the subsequent departmental enquires, he has stated that he has no further instructions in the matter and he cannot make any statement on that. Mere issuance of a Circular by the Chief Secretary to follow the rules is not sufficient. When the Chief Secretary has issued the Circular, it is his duty to see that his own Circular is followed.*

*Therefore, we direct the Chief Secretary to see that his own Circular dated 10.02.2021 to follow Rule 7 (vii) of the U.P. Government Servant (Discipline and Appeal) Rules, 1999 shall be followed by all concerned Officers in the departmental enquiries so that the order of punishment on conclusion of the departmental enquiry is not set aside on the technical ground of not following the procedure as required under Rule 7 (vii) of the Rules, 1999. The Chief Secretary, State of Uttar Pradesh is directed to act accordingly. He must also ensure that if his own Circular is not followed, in that case, a further departmental enquiry be initiated against the erring officers, which may be including the insubordination and not*

*With this, we close the present proceedings."*

*"............At this stage, we are only examining the issue regarding training part of Enquiry Officers in the State. Learned Single Judge vide order dated May 7, 2022 issued direction that no Enquiry Officer in future shall be appointed for departmental inquiry, who has not received training from the Judicial Training & Research Institute (hereinafter referred to as "JTRI"). We find 2 Special Appeal Defective No.97 of 2022 that this sweeping direction will withhold number of inquires, which are pending in the different departments in the State keeping in view the infrastructure available in the JTRI. For conducting such inquiries, the importance of training to the officers, who have to hold the departmental inquiry, may not be lost sight of keeping in view the repeated violation of principles of natural justice and the rules governing such inquiries.*

*5. The training programme for such Officers has to be more robust and specialised, for which the State is directed to place before the Court a comprehensive plan.*

*7. Adjourned to August 24, 2022."*

*Thereafter, another **Division Bench of this Court has also passed a detailed order on 5.9.2022 in the case of State of U.P. and another vs. Prakash Chandra Agarwal: Special Appeal No.351 of 2022**. The order dated 5.9.2022 reads as under:*

*"This Court by means of an order dated 22.07.2022 had directed the State to place before the Court a comprehensive plan for training of officers of the State Government who are entrusted with conducting inquiries in the departmental proceedings and also those who are to take final decision in the matter in their capacity as appointing authorities/disciplinary authorities. On 02.09.2022 the Court again required the State to file the said affidavit.*

*In compliance of the said orders dated 22.07.2022 and 02.09.2022, an affidavit has been filed by the learned State Counsel sworn in by the Special Secretary, Secretariat Administration Department. The said affidavit is taken on record.*

*In the affidavit filed today, it has been stated that the Chief Secretary of the State of Uttar Pradesh has issued directions by means of his letter/order dated 16.08.2022 for continuing various training programmes in all the departments. The letter/order has been circulated by the Additional Chief Secretary in the Department of Karmik. According to the said letter/order, the departments have required to prepare a comprehensive plan for effective training of the officers in good numbers on priority basis and necessary information has also been directed to be furnished to the Karmik Department till 15.09.2022.*

*Learned State Counsel has submitted that the said information is to be received by the Karmik Department by 15.09.2022, as such once the necessary information is received, the affidavit as ordered vide order of the Court, dated 22.07.2022 shall be filed.*

*For the said purpose, we direct that after collecting the information as mentioned in the order dated 16.08.2022 of the chief Secretary of the State of U.P., an affidavit shall be filed before this Court by the next date of listing giving therein the details of the comprehensive plan for training.*

*Learned State Counsel has also submitted that as a result of the order passed by the learned Single Judge, which is under appeal herein, the departmental proceedings in the entire State of U.P. have been put to halt though the Court by means of the order dated 22.07.2022 had stayed certain direction issued by the learned Single Judge to the extent, "that no Officer in future shall be appointed for departmental inquiry unless he has received training from JTRI". However, it*

*has further been stated that after the said stay order dated 22.07.2022 though now enquiry officers are being appointed for conducting the departmental enquiries without receiving the training from JTRI but so far as the appointing/disciplinary authorities are concerned, they are unable to take final decision in the matters where the enquiries have been taken to final stages.*

*Accordingly, we provide that the directions issued by the learned Single Judge to the extent "punishing authority shall go through the required training before passing any punishment order and also refer to their session/certificate" shall remain stayed. However, this order whereby a part of the order passed by learned Single Judge has been stayed, does not mean that the appointing/punishing authorities in the State of U.P. shall not undergo the requisite training as directed by learned Single Judge at JTRI.*

*We make it clear that directions issued by learned Single Judge are an expression of concerns of the Court relating to various irregularities which are noticed by the Court almost on everyday basis in the matters relating to departmental proceedings where on account of un-acquaintance with the exact procedure for conducting departmental proceedings and thereafter for passing the appropriate punishment orders, the erring officers many times go scot-free."*

*Since 2.1.2023 till date, more or less all the petitions which have come before this Court as fresh or for hearing, where order imposing major punishment is under challenge, are part of this bunch. The argument in each of these is with regard to violation of both Rule 7 (iii) and (vii) of the Rules of 1999. Thus, these all writ petitions can be decided on the same ground. However, learned Chief Standing Counsel-III requested the Court to decide each and every case separately.*

*On request of Sri Ravi Singh Sisodia, learned Chief Standing Counsel-III, this Court has taken up each and every case separately."*

11. Let a copy of this order be provided to the Additional Chief Secretary, Department of Revenue, U.P. to see as to how the subordinate officers are conducting and concluding inquiry against an employee. All those officers are required the proper training so that they could know the procedure for conducting and concluding the departmental inquiry.

12. The copy of this order be also provided to the Consolidation Commissioner, U.P. to take appropriate steps against the Inquiry Officer and disciplinary officer of the present case as per law so that other alike officers could know that if they do not follow the settled proposition of law while conducting the departmental inquiry or providing major punishment, they will have to face the music. In the present case, admittedly, neither the Inquiry Officer knows how to conduct the departmental inquiry nor the disciplinary officer knows how to impose the major punishment.

13. Therefore, in view of the above, the writ petition is **allowed.** Consequently, the impugned punishment order dated 07.03.2024 passed by Settlement Officer Consolidation, Barabanki (Annexure-1) is hereby set aside/quashed.

14. Since the disciplinary inquiry has not been conducted strictly, in accordance with law by the Inquiry Officer, therefore, if the competent authority is

willing to conduct any departmental inquiry against the petitioner, the same may be conducted and concluded strictly, in accordance with law but with expedition. Such inquiry may be conducted, if it is so required, from the stage of issuance of charge-sheet.

15. There will be no order as to costs.

16. The Senior Registrar of this Court shall intimate this order to the Additional Chief Secretary, Revenue, U.P. and Consolidation Commissioner within 3 working days of its compliance.

(Para 13 and 14)**

**Writ petition allowed.** (E-1)

(Delivered by Hon'ble Manish Mathur, J.)

1. Heard learned counsel for petitioners, learned State Counsel for opposite party no.1 and Mr. N. C. Mehrotra, learned counsel for opposite parties 2 to 4.

2. Petition has been filed challenging orders dated 14.09.2021 and 18.12.2021 whereby payment of interest due upon petitioners' contribution to Provident Fund has been restricted to a period of one year only from the date of superannuation.

3. Learned counsel for petitioners has submitted that petitioners superannuated from service on 31.12.2015 and 30.09.2016 respectively whereafter in terms of Section 4 of Provident Funds Act, 1925(hereinafter referred to as the Act of 1925), it was incumbent upon the authorities concerned to have made payment along with due interest on the contribution under Provident Fund Scheme. It is submitted that impugned orders have placed reliance on Regulation 6(4) of U.P. Rajya Krishi Utpadan Mandi Parishad Contributory Provident Fund

Regulations, 1978 (hereinafter referred to as the Regulations of 1978) to restrict payment of interest on the aforesaid Scheme only for a period of one year. Learned counsel for petitioners has thereafter adverted to the fact that Regulation 6(4) of the Regulations of 1978 itself places reliance on Regulation 17 of the Regulations of 1978, which in turn places reliance on Section 4 of the Act of 1925.

4. He has also placed reliance on judgment and order dated 01.10.2021 rendered by a coordinate Bench of this Court in Writ Petition no.14528(S/S) of 2021, Raghuvir Sharma v. State of U.P. and others to submit that aforesaid judgment clearly indicates that it is unjustified and inequitable to keep the earned interest on the deposits by the Mandi Parishad. It is submitted that the aforesaid judgment was challenged in Special Appeal No. 359 of 2022 which was dismissed vide judgment and order dated 16.12.2023, which has attained finality. It is therefore submitted that restriction of payment of interest to only one year is contrary to Section 4 of the Act of 1925 read with Regulation 17 of the Regulations of 1978.

5. Learned counsel appearing for opposite parties 2 to 4 has refuted the submissions advanced by learned counsel for petitioners with the submission that in terms of the specific provisions of Regulation 6(4) of the Regulations of 1978, opposite parties were entitled to restrict payment of interest for a period of one year from the date of petitioners' retirement as delay in payment occasioned on their account since they made applications for payment of Provident Fund only on 06.04.2017 and 15.01.2019 respectively although they had superannuated on 31.12.2015 and 28.09.2016 respectively. It is therefore submitted that it is in view of specific provisions in the Regulations of 1978 that the impugned order has been passed.

6. Upon consideration of submissions advanced by learned counsel for the parties and perusal of material on record particularly the impugned order, it is evident that payment of interest to petitioners has been restricted for the period of one year only from the date of superannuation placing reliance on Regulation 6(4) of the Regulations of 1978 while holding that delay in payment was only on account of the petitioners.

7. It is quite evident that Regulation 6(4) of the Regulations of 1978 is subject to Regulation 17 of the said Regulations, which in turn is subject to Section 4 of the Act of 1925. It is therefore the statutory provisions of the Act of 1925 which would prevail in such circumstances.

8. The provisions of Section 4 of the Act of 1925 pertains to repayments and mandates that when the sum standing to the credit of any subscriber or depositor, or balance thereof after making authorised deduction, has become payable, the officer whose duty it is to make the payment shall pay the sum or balance to the subscriber or depositor.

9. Relevant provisions of Section 4 of the Act of 1925 reads as follows:-

*" 4. **Provisions regarding repayments**. - (1) When under the rules of any Government or Railway Provident Fund the sum standing to the credit of any subscriber or depositor, or the balance thereof after the making of any deduction*

*authorised by this Act, has become payable, the officer whose duty it is to make the payment shall pay the sum or balance, as the case may be, to the subscriber, or depositor, or, if he is dead, shall-*

10. Regulations 6(4) and 17 respectively of Regulations of 1978 reads as follows:-

"6 – (1) – – – – –
(2) – – – – –
(3) – – – – –

(4) किसी व्यक्ति को, जिसे विनियम 17 के अधीन देय धनराशि का भुगतान किया जाता है, उस धनराशि पर भुगतान प्राधिकृत किये जाने वाले माह के पूर्ववर्ती माह के अन्त तक ब्याज भी दिया जायेगाः प्रतिबन्ध यह है कि यदि विनियम 17 के अधीन अपेक्षित सब प्रकार से पूर्ण आवेदन पत्र अभ्यर्थित धनराशि के देय होने के दिनांक से 6 माह के बाद प्रस्तुत की जाती है तो ब्याज भुगतान प्राधिकृत किये जाने वाले माह के पूर्ववर्ती माह के अन्त का, अथवा धनराशि देय होने के माह के अनुवर्ती माह से 12 माह तक का, जो भी अवधि कम हो, दिया जायेगा सिवाय ऐसे मामलों के जिनमें निदेशक का समाधान कर दिया जाय कि उक्त आवेदन पत्र प्रस्तुत करने मे विलम्ब उन परिस्थितियों मे हुआ जिन पर आवेदनकर्ता का कोई नियंत्रण नहीं था तो ऐसे मामलों में इस प्रतिबन्धात्मक खण्ड के प्राविधान लागू नहीं होंगे।"

"17 – **भुगतान** – (1) जब अभिदाता के नाम निधि मे जमा धनराशि अथवा विनियम 16 के अधीन किसी कटौती के पश्चात्, उसका अवशेष देय हो जाय तो लेखा अधिकारी का यह कर्तव्य होगा कि, अपना समाधान कर लेने पर कि उक्त विनियम के अधीन कोई कटौती करने के निर्देश नही दिये गये है, प्राविडेण्ट फण्डस् एक्ट, 1925 की धारा 4 के प्राविधानों के अनुसार भुगतान करें।

(2) यदि कोई व्यक्ति जिसे इन विनियमों के अधीन कोई धनराशि देय है, पागल हो जिसकी सम्पत्ति के लिए इण्डियन लूनेसी एक्ट, 1912 के अन्तर्गत प्रबन्धक नियुक्त किया गया हो, तो भुगतान ऐसे प्रबन्धक को किया जायेगा, न कि पागल को।

(3) कोई व्यक्ति जो इस विनियम के अन्तर्गत भुगतान के लिए दावा करना चाहे, निदेशक को इस हेतु लिखित आवेदन पत्र देगा। भुगतान केवल भारत में किया जायेगा। जिन व्यक्तियों को धनराशि देय हो, भारत में भुगतान प्राप्त करने लिये अपना स्वयं प्रबन्ध करेंगे।

टिप्पणी – 1 – निधि में अभिदाता के नाम जमा धनराशि विनियम 15 के अन्तर्गत देय हो जाने पर लेखा अधिकारी अभिदाता के नाम निधि मे जमा उस धनराशि का शीघ्र भुगतान प्राधिकृत करेगा जिसके सम्बन्ध में कोई विवाद या सन्देह न हो तथा शेष धनराशि का समायोजन भी यथाशक्य शीघ्र करेगा।

(2) धनराशि के भुगतान के लिये उपयुक्त निर्धारित प्रपत्र 2 में आवेदन पत्र दिया जायेगा।

(3) धनराशि के देय हो जाने की तिथि से ब्याज के सम्बन्ध में कुछ प्रतिबन्ध लागू होते है जिनके सम्बन्ध में विनियम 6 अवलोकनीय है।"

11. A conjoint reading of Section 4 of the Act of 1925 and Regulation 17 of the Regulations of 1978 makes it evident that there is no duty cast upon the subscriber or depositor of the Scheme to make an application for payment of the credit to him whereafter only such payment is required to be made. On the contrary, Section 4 of the Act of 1925 imposes a mandatory duty upon the officer concerned to make payment of the sum standing to the credit of the subscriber when it has become payable.

12. Regulation 17 also makes a specific provision while casting a duty upon the officer concerned to make payment of the deposit of a subscriber as soon as it has become due.

13. It therefore appears that Regulation 6(4) of the Regulations of 1978 is contrary not only to Regulation 17 of the Regulations of 1978 but also appears to be ultra vires to Section 4 of the Act of 1925. It is quite evident that no such restriction can be made for payment of interest only up to a period of one year from the date of superannuation to a depositor with regard

to payment of interest on the amount due to be paid to the subscriber/depositor.

14. The prohibition for grant of interest on subscriptions by an employee beyond the period of one year from the date of superannuation also amounts to unjust enrichment since the opposite parties have definitely earned interest on such subscriptions ever since it was made and continued to earn such interest on that deposit till the date of actual payment. Therefore it is unreasonable on part of opposite parties to restrict payment of such interest to depositors.

15. The aforesaid reasoning has also been indicated by a coordinate Bench of this Court in Raghuvir Sharma(supra), which has been upheld in Special Appeal.

16. In view thereof, the impugned orders dated 14.09.2021 and 18.12.2021 being against the mandatory conditions of Section 4 of the Act of 1925 read with Regulation 17 of the Regulations of 1978, are hereby quashed by issuance of a writ in the nature of Certiorari. A further writ in the nature of Mandamus is issued commanding opposite party no.2, i.e. Director, Rajya Krishi Utpadan Mandi Parishad, Kisan Bhawan, Vibhuti Khand, Gomti Nagar, Lucknow to ensure payment of interest to petitioners on subscriptions to the contributory Provident Fund at the admissible rates from the date of superannuation till the date the sum standing to the credit of the petitioners was actually paid to them.

17. Aforesaid payment shall be ensured to petitioners within a period of six weeks from the date a certified copy of this order is served upon opposite party no.2.

18. Resultantly, the petition succeeds and is **allowed** at the admission stage itself. The parties to bear their own costs.

**Writ petition allowed.** (E-1)

(Delivered by Hon'ble Salil Kumar Rai, J.)

1. The petition involves a question of law and is being decided on the facts stated in the orders passed by the state officers impleaded as respondents in the present petition, therefore, no purpose would be served calling for a counter affidavit.

2. The petitioner is employed as Follower with the U.P Police. Disciplinary proceedings were instituted against the petitioner under Rule 14 of the Uttar Pradesh Police Officers of the Subordinate Ranks (Punishment and Appeal) Rules 1991 (hereinafter referred to as, 'Rules, 1991') and a charge sheet dated 29.8.2018 was served on the petitioner. The charge against the petitioner was that the petitioner, without informing his Officers and without any leave, absented from duty between 24.6.2018 and 26.6.2018. Another charge against the petitioner was that after joining the petitioner went on a hunger strike and refused to resume his mess duty which adversely affected the reputation of the police force.

3. The petitioner submitted his reply denying the charges. The inquiry report was submitted on 5.9.2018 holding the petitioner guilty of the charges levelled against him. A show cause notice dated 11.7.2019 was issued to the petitioner to show cause as to why he should not be dismissed from service. After considering the reply of the petitioner to the show cause notice, the disciplinary authority i.e., the Superintendent of Police, District Deoria (respondent no.3) vide his order dated 9.1.2020 dismissed the petitioner from service.

4. The petitioner challenged the order dated 9.1.2020 through an appeal filed under Rule 20 of the Rules 1991. The said appeal was allowed by the Deputy Inspector General of Police, Gorakhpur Region, Gorakhpur vide his order dated 4.9.2020. Through his order dated 4.9.2020, the appellate authority exonerated the petitioner of the charges levelled against him. Consequently, by order dated 29.9.2020 passed by the Superintendent of Police, District Deoria, the petitioner was reinstated in service.

5. The Superintendent of Police, District Deoria issued notice dated 18.1.2024 to the petitioner to show cause as to why his services for the period the petitioner was out of service i.e., between 9.1.2020 to 29.9.2020, be not regularised without payment of salary on the principle of 'no work no pay'. The notice was ostensibly issued under Rule 73 of the Financial Handbook Volume-II Part II to IV.

6. The petitioner submitted his reply to the aforesaid show cause notice stating that the petitioner was out of service between 9.1.2020 to 29.9.2020 because of the order dated 9.1.2020 which had been set aside in appeal, therefore, the petitioner was entitled to his salary and other benefits for the aforesaid period.

7. By his order dated 11.2.2024, the Superintendent of Police, District Deoria has directed that the petitioner shall not be paid his salary for the period during which he was out of service because of the dismissal order, i.e., for the period between

9.1.2020 to 29.9.2020. The order has been passed on the principle of 'no work no pay'. In his order dated 11.2.2024, the Superintendent of Police, District Deoria has denied salary to the petitioner for the period he was out of service on the ground that the acts of the petitioner for which he had been charged were acts of gross negligence and amounted to dereliction of duty and therefore, the petitioner was not entitled to salary for the period he was out of service. The order dated 11.2.2024 has been challenged in the present petition.

8. There is nothing on record and a reading of the dismissal order dated 9.1.2020 as well as the order dated 11.2.2024 do not show that the petitioner was any time under suspension during the pendency of disciplinary proceedings.

9. For reasons to be stated subsequently the order dated 11.2.2024 is contrary to law and liable to be quashed.

10. A reading of the appellate order dated 4.9.2020 passed by the appellate authority shows that the petitioner had been fully exonerated from the charges levelled against him in the charge sheet. In his order dated 4.9.2020, the appellate authority has held that the petitioner was ill and had not gone on a hunger strike and had joined mess duty after returning. The petitioner did his duties on the dates mentioned in the charge sheet. In his order dated 4.9.2020, the appellate authority held that the evidence produced by the petitioner proved his innocence. Apparently, the petitioner had been fully exonerated of the charges by the appellate authority vide its order dated 4.9.2020.

11. The appellate authority in its order dated 4.9.2020 had accepted the explanation of the petitioner that he was not guilty of the charges and had not remanded back the matter to the disciplinary authority for further inquiry. The opinion/findings recorded by the competent authority in his order dated 11.2.2024 that the conduct of the petitioner for which he had been charged in the disciplinary proceedings were acts of gross negligence and amounted to dereliction of duty, are evidently without jurisdiction.

12. Further, the conduct of the petitioner for which he was subjected to disciplinary proceedings was not relevant to decide as to whether the petitioner was entitled to his salary for the period he was not in service because of the dismissal order. Thus, the order dated 11.2.2024 is also vitiated due to consideration of irrelevant material and factors.

13. The Superintendent of Police, District Deoria has passed the order dated 11.2.2024 ostensibly exercising his powers under Rule 73 of the Financial Hand Book Volume-II Part II to IV which is reproduced below:

*"73. A Government servant* ***who remains absent after the end of his leave is entitled to no leave salary*** *for the period of such absence, and that period will be debited against his leave account as though it were leave on half average pay, unless his leave is extended by the Government. Wilful absence from duty after the expiry of leave may be treated as misbehaviour for the purpose of Rule 15."*

*Rule 73 is invoked where the government servant is absent after the end of his leave, i.e., the government servant overstays his leave. The petitioner was not on leave between 9.1.2020 to 29.9.2020 but stood dismissed for the said period because*

*of the dismissal order passed against him by the disciplinary authority. Thus Rule 73 was not applicable in the present case.*

14. The issue as to whether the petitioner was entitled to his salary for the period between 9.1.2020 to 29.9.2020, i.e., the period during which the petitioner was not in service had to be considered and decided under Rule 54 of the Financial Hand Book Volume-II (Part II to IV). Rule 54 is reproduced below:

*"54. (1)* ***When a Government servant who has been dismissed, removed or compulsorily retired is reinstated as a result of appeal or review or would have been so reinstated but for his retirement on superannuation while under suspension or not, the authority competent to order reinstatement shall consider and make specific order—***

***(a) regarding the pay and allowances to be paid to the Government servant for the period of his absence from duty including the period of suspension preceding his dismissal, removal, or compulsory retirement, as the case be; and***

*(b) whether or not the said period shall be treated as a period spent on duty."*

***(2) When the authority competent to order reinstatement is of opinion that the Government servant who had been dismissed, removed or compulsorily retired, has been fully exonerated the Government servant shall, subject to the provisions of sub-rule (6), be paid the full pay allowances to which he would have been entitled, had he not been dismissed, removed or compulsorily retired or suspended prior to such dismissal, removal or compulsory retirement, as the case may be:***

*Provided that where such authority is of opinion that the termination of the proceedings instituted against the Government servant had been delayed due to reasons directly attributable to the Government servant, it may, after giving him an opportunity to make his representation within sixty days from the date on which the communication in this regard is served on him and after considering the representation, if any, submitted by him, direct, for reasons to be recorded in writing, that the Government servant shall, subject to the provisions of sub-rule (7), be paid for the period of such delay, only such amount (not being the whole) of such pay and allowances as it may determine.*

***(3) In a case falling under sub-rule (2), the period of absence from duty including the period of suspension preceding dismissal, removal or compulsory retirement, as the case may be, shall be treated as a period spent on duty for all purposes.***

*[(4) In cases other than those covered by sub-rule (2) [including cases where the order of dismissal, removal or compulsory retirement from service is set aside by the appellate or reviewing authority solely on the 14 ground of non-compliance with the requirements of clause (1) or clause (2) of article 311 of the Constitution and no further inquiry is proposed to be held], the Government servant shall, subject to the provision of sub-rules (6) and (7) be paid such amount (not being the whole) of the pay and allowances to which he would have been entitled had he not been dismissed, removed or compulsorily retired or suspended prior to such dismissal, removal or compulsory retirement, as the case may be, as the competent authority may determine after giving notice to the Government servant of the quantum proposed and after considering the*

*representation, if any, submitted by him in that connection, within such period (which in no case shall exceed sixty days from the date on which the notice has been served) as may be specified in the notice.]*

*(5) In a case falling under sub-rule (4), the period of absence from duty including the period of suspension preceding his dismissal, removal or compulsory retirement, as the case may be, shall not be treated as a period spent on duty, unless the competent authority specifically directs that it shall be so treated for any specified purpose: Provided that if the Government servant so desires such authority may direct that the period of absence from duty including the period of suspension preceding his dismissal, removal or compulsory retirement as the case may be, shall be converted into leave of any kind due and admissible to the Government servant. Note-The order of the competent authority under the preceding proviso shall be absolute and no higher sanction shall be necessary for the grant of-*

*(a) extraordinary leave in excess of three months in the case of temporary Government servant; and*

*(b) leave of any kind in excess of five years in the case of permanent Government servant.*

*(6) The payment of allowances under sub-rule (2) of sub-rule (4) shall be subject to all other conditions under which such allowances are admissible.*

*(7) The amount determined under the proviso to subrule (2) or under sub-rule (4), shall not be less than the subsistence allowance and other allowance admissible under Rule 53.*

*(8)* ***Any payment made under this rule to Government servant on his reinstatement shall be subject to adjustment of the amount, if any, earned by him through an employment during the period between the date of his removal, dismissal or compulsory retirement, as the case may be, and the date of reinstatement. Where the emoluments admissible under this rule are equal to or less than the amounts earned during the employment elsewhere, nothing shall be paid to the Government servant.***

*Note—Where the Government servant does not report for duty within reasonable time after the issue of the orders of the reinstatement after dismissal, removal or compulsory retirement, no pay and allowances will be paid to him for such period till he actually takes over charge."*

15. A reading of Rules 54(2) and 54(4) shows that, in Uttar Pradesh, the principle 'no work-no pay' is not applicable while considering the entitlement of State Government employees for pay and allowances for the period they were not in service if the order dismissing, removing or compulsory retiring them from service is set aside either in appeal or review and the government servant is reinstated in service and no further inquiry is proposed to be held. Rule 54 provides that if the government servant who has been reinstated in service after the order dismissing or removing him from service has been set aside in appeal or review and he has been fully exonerated of the charges, the government servant shall be entitled to full pay and allowances that he would have been entitled had he not been removed or dismissed from service and the period of absence from service shall be treated as period spent on duty for all purposes. However, where the government servant is not exonerated of the charges but is still reinstated in service or the order dismissing or removing a government servant is set aside in appeal or review solely on the

ground of non-compliance with the requirements of Article 311(1) and (2) of the Constitution and no further enquiry is proposed to be held, the government servant shall not be entitled to full pay and allowances but will be entitled to be paid such amount (not being the whole) of the pay and allowances as the competent authority may decide after giving the employee notice of the quantum proposed and after considering his representation but it shall not be less than the subsistence allowance and other allowances admissible under Rule 53. **It is apparent that, on his reinstatement after the order of dismissal or removal is set aside, a government servant can not be denied his entire pay and allowances for the period he was out of service.** The amount which the government servant would be entitled to get would depend on whether the case of the government servant is covered by Rule 54(2) or by Rule 54 (4).

16. The only circumstance in which the government servant can be denied his pay and allowances or part of the same for the period he was out of service is specified in Rule 54 (8). The rule provides that any payment made to a government servant on his reinstatement shall be subject to adjustment of the amount earned by the employee through an employment during the period he was out of service and nothing shall be paid to the government servant where the emoluments payable to him are equal to or less than those earned by him during employment elsewhere.

17. The order dismissing the petitioner has been set aside in appeal and the petitioner has been fully exonerated by the appellate authority vide its order dated 4.9.2020, therefore, the case of the petitioner is covered by Rule 54(2).

18. It is not the case of the respondents that the inquiry proceedings against the petitioner had been delayed by any act of the petitioner. The charge sheet was issued to the petitioner on 29.8.2018 and the inquiry report was submitted on 5.9.2018. However, the show cause notice was issued to the petitioner on 11.7.2019 to which the petitioner submitted his reply on 31.7.2019. The dismissal order was passed on 9.1.2020. During this period, the petitioner was not under suspension. The petitioner filed the appeal within time which was decided on 4.9.2020. Apparently, the proviso to Rule 54(2) is not applicable in the present case.

19. It is also not the case of the respondents that the petitioner was earning through any employment elsewhere for the period he was out of service. Thus, the petitioner can not be denied his salary by invoking Rule 54(8).

20. Thus, by virtue of Rules 54(2) and 54(3), the petitioner is entitled to full pay and allowances for the period between 9.1.2020 to 29.9.2020 and his absence from service during the said period has to be treated as a period spent on duty for all purposes.

21. For the aforesaid reasons, the order dated 11.2.2024 passed by the Superintendent of Police, District Deoria is illegal and contrary to law and is, hereby, quashed.

22. The petitioner had been wrongly denied his salary for the period between 9.1.2020 to 29.9.2020, therefore, he is entitled to the cost of the writ petition which is quantified as Rs.25,000/- and is also entitled to interest on the pay and allowances payable to him for the period

the petitioner was out of service, i.e., for the period between 9.1.2020 to 29.9.2020.

23. The Superintendent of Police, District Deoria is directed to pay to the petitioner his full pay and allowances for the period 9.1.2020 to 29.9.2020 along with simple interest calculated at the rate of 6% per annum and also the cost of the writ petition within a period of one month from today.

24. The petition is **allowed** with the aforesaid directions.

25. The Registrar (Compliance) shall send a copy of this order to the Superintendent of Police, District Deoria within one week from today.

**A. Service Law – UP Recruitment of Dependants of Government Servants Dying in Harness Rules, 1974 – Rule 2(a)(iii) – UP Regularization of Daily Wages Appointments on Group 'D' Posts Rules, 2001 – Compassionate appointment – Petitioner's mother was engaged as Sweeper on daily-wages and worked for 39 years – Though she was entitled for regularization, but could not be regularized and died during service – Petitioner's claim was rejected on the ground that mother was not regular employee – Validity challenged – Held, the case of petitioner's mother ought to have been considered in the first instance under the Rules 2001, and then, under the Rules of 2016, if not decided under the Rules of 2001. But, there is little scope for the statutory Selection Committee constituted under the Rules to think against regularization of her services in the face of a period of time as long as 39 years of daily-wage service – *Kuldeep Thakur's case* relied upon – High Court issued *mandamus* for regularization of the petitioner's mother's services notionally and for compassionate appointment of the petitioner on the basis of his mother's re-determined status. (Delivered by Hon'ble J.J. Munir, J.)

1. This writ petition is directed against an order of the Divisional Forest Officer, Social Forestry & Wildlife Division, Pratapgarh dated 05.06.2023, rejecting the petitioner's claim for compassionate appointment.

2. The petitioner's mother was engaged on daily-wages as a Sweeper by the Establishment of the Divisional Forest Officer, Social Forestry & Wildlife Division, Pratapgarh, respondent No.4 (for short, 'the Divisional Forest Officer') in the month of November, 1984. She served as a daily-wager continuously since the month of November, 1984 and pursuant to a judgment of the Supreme Court in S.L.P. No.28317-28321 of 2010 dated 02.02.2016 placed on the minimum salary admissible to a Class-IV employee vide order dated 06.03.2016 passed by the Divisional Forest Officer. She was in receipt of a monthly salary of Rs.7000/-. It appears that the State Government on 12.09.2016 issued a Government Order regarding regularization of services of daily-wage employees working in various departments of the Government. According to the Government Order dated 12.09.2016, the petitioner's mother was also entitled to be regularized in service. Acting in furtherance of the Government Order above mentioned, the Divisional Forest Officer took proceedings for regularization of daily-wagers employed in his Establishment at Pratapgarh. He directed a medical examination of the daily-wagers to be undertaken. The medical examination was conducted, because the daily-wagers did not have any proof of their age on 08.07.2022. The name of such daily-wagers, who had to undergo medical examination to determine their age, figures in an order of 08.07.2022 passed by the Divisional Forest Officer, which is on record. The name of the petitioner’s mother in the said order. Before the petitioner's mother's case for regularization could come to fruition, she died on 27.01.2023. After her demise, the petitioner approached the Divisional Forest Officer requesting for an appointment under the Uttar Pradesh Recruitment of Dependants of Government Servants Dying in Harness Rules, 1974 (for short, 'the Rules of 1974'). The basis of the petitioner's claim was the penurious condition in which the deceased employee's family were placed, after her demise. The petitioner moved an application for the purpose to the Divisional Forest Officer on 22.05.2023. The deceased employee has left behind six members in her family, including the petitioner, all of whom are her dependents.

3. It is the petitioner's case that he is educationally qualified for appointment under the Rules of 1974 as he has earned his matriculation certificate from the U.P. Board of High School and Intermediate Education in the examination of 2005. The petitioner's father put in an affidavit of 'No Objection' about the petitioner's candidature for compassionate appointment. The petitioner says that his mother was working regularly as a daily-wager since the year 1984 until her demise on 27.01.2023 and had repeatedly requested for regularization of her services in accordance with different Government Orders, that were issued on the subject, directing regularization of daily-wagers, who had worked for a very long period of time. The petitioner's mother worked for as long as a period of 39 years, serving as a daily-wager and by all standards under the Government Orders issued from time to time she was entitled to be regularized as the petitioner says. It is the petitioner's case that going by the principle in **Secretary, State of Karnataka and others v. Umadevi (3) and others, (2006) 4 SCC 1**, as a one-time measure, daily-wagers, working for a period of 10 years or more, were held entitled to be regularized. The petitioner's mother's case was eminently fit for consideration.

4. The petitioner prays that there is no other breadwinner in the family and after his mother's demise, they are plunged in penury. He, therefore, had a case for consideration under the Rules of 1974. By the impugned order, the petitioner's claim was rejected solely on the ground that under the Rules of 1974, it is only the dependents of regular employees, who could be considered for appointment and not the dependents of daily-wagers. They were not ineligible.

5. Aggrieved, this writ petition has been instituted.

6. A notice of motion was issued on 01.08.2023. A counter affidavit was filed on behalf of the respondents, to which a rejoinder was also put in. When the matter came up before this Court on 25.01.2024, parties having exchanged affidavits, it was admitted to hearing, which proceeded forthwith to conclusion. Judgment was reserved.

7. Heard Mr. Ram Bali Tiwari, learned Counsel for the petitioner and Mr. Prakhar Mishra, learned Additional Chief Standing Counsel appearing on behalf of the respondents.

8. It is argued by Mr. Ram Bali Tiwari, learned Counsel for the petitioner that on 08.07.2022, the Divisional Forest Officer issued a letter regarding the absence of age certification for the petitioner's mother and directing her medical examination for the purpose, along with ten other similarly circumstanced daily-wagers. It is submitted that the letter dated 08.07.2022 clearly says that the process of regularization for the petitioner's mother and the ten other employees, whose names figure in the said letter, is proposed against vacant posts of Class-IV. It is also submitted by the learned Counsel for the petitioner that others like her in the list of daily-wagers, to wit, Sheetla Prasad Singh and Ram Sewak had been regularized by the respondents while the petitioner's mother's case was ignored. After implementation of the 7th Pay Commission, the petitioner's mother approached this Court praying that the minimum salary that she was drawing be ordered to be paid in accordance with the 7th Pay Commission's recommendations. For the purpose, she instituted Writ-A No.335 of 2023, which was disposed of by this Court at Lucknow with a direction that for the purpose of being granted the minimum pay according to the 7th Pay Commission's recommendations, or whatever grievance she has, the petitioner's mother may make a representation to the Divisional Forest Officer, who would pass a reasoned and speaking order within a period of two months from the date of production of a copy of the order along with a representation. It is submitted by the learned Counsel that before the order dated 16.01.2023 could be complied with by the Divisional Forest Officer, the petitioner's mother passed away. After her demise, the petitioner's father, Phool Chand moved this Court by means of Writ-A No.5717 of 2023, seeking a mandamus directing the Divisional Forest Officer to pay him arrears of salary determined in accordance with minimum pay due to his deceased wife w.e.f. 1st April, 2018 till 27th January, 2023. This Court disposed of the said writ petition vide order dated 08.08.2023 with a direction to the petitioner's father to file a fresh representation before the Divisional Forest Officer, who was ordered to consider and decide it within a period of eight months from the date of production of a certified copy of the order made in the

last mentioned writ petition. It is pointed out that in compliance, the petitioner's father was paid arrears of salary on account of revision of the minimum salary payable to the petitioner's mother, revised in terms of the 7th Pay Commission. He was paid a sum of Rs.6,36,551/- on this account by an order of the Divisional Forest Officer dated 02.12.2023.

9. The thrust of the submission of the learned Counsel for the petitioner is that though similarly circumstanced daily-wagers have been regularized in the year 2011 in accordance with the Uttar Pradesh Regularization of Daily Wages Appointments on Group 'D' Posts Rules, 2001 (for short, 'the Rules of 2001'), but the petitioner's mother was denied that right, to which she was legally entitled. It is also emphasized that on 13th August, 2015, a Government Order was issued directing regularization of services of daily-wagers, who were working as such and appointed after 31st March, 1996, but the respondents ignored the petitioner's mother's claim. In assailing the order impugned, learned Counsel for the petitioner submits that the petitioner's mother being clearly entitled to regularization and the process for her regularization being underway when she passed away, it is a case where the petitioner's mother's case should, in the first instance, be considered for regularization with appropriate orders made and then the petitioner's claim for compassionate appointment considered.

10. Mr. Prakhar Mishra, learned Additional Chief Standing Counsel, on the other hand, submits that this is an arithmetically closed case, where on the date of her demise, the petitioner's mother was neither a government employee nor appointed on a regular basis though temporary. He further submits, relying on Rule 2(a)(iii) of the Rules of 1974 that even a person not regularly appointed, who has put in three years' continuous service in a regular vacancy, can be considered, but the petitioner's mother was not retained against a regular vacancy or sanctioned post, even if it was dehors the rules. Therefore, the petitioner's mother never qualified as a government servant defined under Rule 2 of the Rules 1974, entitling the petitioner to claim compassionate appointment. The submission, therefore, is that there is absolutely no scope for the petitioner's case to be considered under the Rules of 1974 and the impugned order is infallible.

11. Upon hearing learned Counsel for the parties, this Court finds that it is true that a daily-wager, who is not appointed against a sanctioned post and retained *dehors* the rules, cannot qualify as a government servant within the meaning of Rule 2(a)(iii) of the Rules of 1974. This position of the law is no longer in the realm of doubt after the holding of the Full Bench in **Pawan Kumar Yadav v. State of U.P. and others, 2011 (1) AWC 1028 (FB).**

12. Notwithstanding the fact that the petitioner's mother would not qualify as a government servant going by the provisions of Rule 2 of the Rules of 1974, there is a clear *niche* carved out by a Bench decision of this Court in **State of U.P. and others v. Kuldeep Thakur, 2017 (2) AWC 1523 (LB)**. The Division Bench had before their Lordships the claim for compassionate appointment by the son of a deceased daily-wager, whose case for regularization was under consideration in accordance with the Government Order dated 13.08.2015, but he died before a decision could be taken. Their Lordships of the Division Bench were of opinion that in

a situation where the right to be regularized had crystallized under a Government Order and under consideration, but could not fructify on account of the employee's untimely demise, the right of the employee to be declared regular would not get eclipsed, abandoned or defeated. The right of the deceased employee to be regularized would have to be considered in the first instance by the respondents, who would then be obliged to take an appropriate decision with regard to the claim of the deceased employee's/ daily-wager's son in the case of regularization. In **Kuldeep Thakur** *(supra)* the remarks of the Division Bench, which are relevant, read:

"9. However, in the present case, this claim has to be looked into from the point of view that the father of the respondent-petitioner was entitled for being regularized in view of the terms and conditions of the Government order dated 13.8.2015. This consideration process had already commenced and the name of the father of the respondent-petitioner had already been forwarded but no decision had been taken, and in between in October, 2015, the father of the respondent-petitioner died.

10. Learned counsel for the respondent therefore, has pressed into service the judgment in the case of Prem Ram v. Managing Director, Uttarakhand Pay Jal and Nirman Nigam, Dehradun and others, (2015) 3 UPLBEC 1766, to urge that the termination of the employment or the death of the employee would not make any difference with regard to consideration of regularization in the above circumstances. We have examined paragraph-9 of the said judgment where also the employee had already retired from service yet the Apex Court came to the conclusion that since the tenure of the person who was claiming such benefit had to be regularized, then in that event the Apex Court in view of the Articles 14 and 16 of the Constitution of India having been violated, ruled that such benefit would also accrue to the said claimant and consequently, issued direction for his consideration though he had retired from service. In that case similarly placed junior employees had been regularized.

11. Applying the said analogy, the claim of the father of the respondent-petitioner had already been forwarded and he was very much alive when the Government order dated 13.8.2015 was issued. In such a situation the State Government or its concerned department ought to have considered the claim of the respondent-petitioner for regularization and then could have proceeded to determine as to whether the respondent-petitioner was entitled to any benefit or not. In our opinion, the fortuitous circumstance of the death of the father of the respondent-petitioner does not absolve the State Government of its obligation to consider the claim of regularization of the father of the respondent-petitioner. There can be a case where the consideration has been made and the regularization accepted but before the order reaches a man dies or his death takes place in the near vicinity or simultaneously with regularization. In this situation, the claim of regularization of the deceased-employee does not remain an option to be ignored by the State Government. The State Government or its authorities are under an obligation to consider such a claim and to award any consequential benefits if the process has been set into motion as has happened in the present case. Once the father of the respondent-petitioner is found entitled to be regularized as on the date of the Government order dated 13.8.2015, on

which date he was admittedly alive, then in that event the claim of the respondent-petitioner can also be considered.

12. The consideration of the right of being regularized by operation of law while in force had already accrued in favour of the father of the respondent-petitioner, and his death in between further gave rise to the expected consequential claim of compassionate appointment of the petitioner, provided his father's services were declared regular. The consideration of such right, whether had accrued, does not get eclipsed nor could it be abandoned. If the consideration results in the services of the petitioner's-father becoming regular, then the Full Bench judgment in the case of Pawan Kumar Yadav (supra) would not be an impediment for the respondent-petitioner to be considered for compassionate appointment. The appellant-State and it's authorities therefore, cannot escape this exercise and defeat the right of consideration by their inaction or the absence of timely and prompt action. Such exercise of consideration will not evaporate because of untimely death which is a fortuitous circumstance so as to result in any advantage to the State.

13. Apart from this, in the present case those who were at par with the father of the respondents had been extended the benefit of regularization. This distinguishing feature therefore, is in addition to the issues involved in the case of Pawan Kumar Yadav (supra) and consequently, the claim of the respondent-petitioner was at least entitled for consideration by the State Government in the light of the observations made hereinabove.

14. Learned counsel for the appellant-State submits that the services of the father of the respondent-petitioner could not be straight away treated to have been regularized and the learned single Judge erred in issuing directions for consideration of appointment on compassionate basis of the petitioner. We agree with the submissions of the learned standing counsel for the appellant and to that extent, the judgment cannot be sustained. Learned single Judge also does not appear to have noted the judgment of Pawan Kumar (supra).

15. Consequently, we modify the judgment dated 22.11.2016 to the extent that it shall be open to the appellant-State to consider the status of regularization of the father of the respondent and then proceed to take an appropriate decision with regard to the claim of the respondent-petitioner for compassionate appointment in the light of the observations made hereinabove."

13. In the present case what we find from a perusal of the order dated 08.07.2022 is that the petitioner's mother's case was under consideration for the regularization of service and she was directed to undergo medical examination for the determination of her age because she did not produce or did not have any educational certificate about it. The petitioner's mother had a right to be considered for regularization much earlier than what is reflected from the memo dated 08.07.2022 issued by the Divisional Forest Officer. Her case ought to have been considered, as already said, in accordance with the decision of the Supreme Court in **Umadevi** *(supra)* and decidedly in terms of the Rules of 2001 made by the Governor in the exercise of powers under the proviso to Article 309 of the Constitution. Rule 4 of the Rules of 2001 reads:

***"4. Regularisation of daily wages appointments on Group 'D' Posts.–***

(1) Any person who.—

(a) was directly appointed on daily wage basis on a Group 'D' post in the Government service before June 29, 1991 and is continuing in service as such on the date of commencement of these rules; and

(b) possessed requisite qualification prescribed for regular appointment for that post at the time of such appointment on daily wage basis under the relevant service rules, shall be considered for regular appointment in permanent or temporary vacancy, as may be available in Group 'D' post, on the date of commencement of these rules on the basis of his record and suitability before any regular appointment is made in such vacancy in accordance with the relevant service rules or orders.

(2) In making regular appointments under these rules, reservations for the candidates belonging to the Scheduled Castes, Scheduled Tribes, Other Backward Classes of citizens and other categories shall be made in accordance with the Uttar Pradesh Public Services (Reservation for Scheduled Castes, Scheduled Tribes and Other Backward Classes) Act, 1994, and the Uttar Pradesh Public Services (Reservation for Physically Handicapped, Dependents of Freedom Fighters and Ex-Servicemen) Act, 1993 as amended from time to time and the orders of the Government in force at the time of regularisation under these rules.

(3) For the purpose of sub-rule (1) the appointing authority shall constitute a Selection Committee in accordance with the relevant provisions of the service rules.

(4) The appointing authority shall, having regard to the provisions of sub-rule (1), prepare an eligibility list of the candidates, arranged in order of seniority as determined from the date of order of appointment on daily wage basis and if two or more persons were appointed together, from the order in which their names are arranged in the said appointment order. The list shall be placed before the Selection Committee along with such relevant records pertaining to the candidates, as may be considered necessary, to assess their suitability.

(5) The Selection Committee shall consider the cases of the candidates on the basis of their records referred to in sub-rule (4), and if it considers necessary, it may interview the candidates also.

(6) The Selection Committee shall prepare a list of selected candidates in order of seniority, and forward the same to the appointing authority."

14. There is nothing to show that the petitioner's mother, who was appointed on daily-wage basis way back in the year 1984, was ever considered for regularization in accordance with Rule of the Rules of 2001 by a Selection Committee constituted for the purpose. The Rules of 2001 were repealed and replaced by the Uttar Pradesh Regularisation of Persons Working on Daily Wages or On Work Charge or On Contract in Government Departments on Group "C" and Group "D" Posts (Outside the Purview of the Uttar Pradesh Public Service Commission) Rules, 2016 (for short, 'the Rules of 2016'). Under Rule 4(d) of the Rules 2016, a daily-wager is defined as follows:

***"4. Definitions.***–Unless there is anything repugnant in the subject or context:

(d) "Daily Wages" means a person who is engaged or employed or deployed on a casual work on day to day basis and whose wages/remuneration is

calculated on the basis of the days he has worked;"

15. Rule 6 of the Rules of 2016 provide:

"6. Regularisation.—

(1) Any person who—

(i) was directly engaged or employed or deployed or working on daily wages or on work charge or on contract in a Government Department on Group 'C or Group 'D' post (outside the purview of the Uttar Pradesh Public Service Commission) on or before December 31, 2001 and is still engaged or employed or deployed or working as such on the date of the commencement of these rules; and

(ii) possessed requisite qualifications prescribed for regular appointment for that post at the time of such engagement or employment or deployment on daily wages or on work charge or on contract, under the relevant service rules and, subject to the provisions of above mentioned Rules 2 and 5. shall be considered for regular appointment on Group 'C' or Group 'D' post (outside the purview of the Uttar Pradesh Public Service Commission) in permanent or temporary vacancy as may be available on the date of the commencement of these rules, on the basis of his record and suitability before any regular appointment is made in such vacancy in accordance with the relevant service rules or orders.

(2) In making regular appointments under these rules, reservations for the candidates belonging to the Scheduled Castes, Scheduled Tribes, Other Backward Classes and other categories, shall be made in accordance with the Uttar Pradesh Public Services (Reservation for Scheduled Castes, Scheduled Tribes and Other Backward Classes) Act, 1994, and the Uttar Pradesh Public Services (Reservation for Physically Handicapped, Dependents of Freedom Fighters and Ex-Servicemen) Act, 1993, as amended from time to time, and the orders of the Government in force at the time of regularisation under these rules.

(3) For the purpose of sub-rule (1), the appointing authority shall constitute a Selection Committee in accordance with the relevant provisions of service rules.

(4) The appointing authority shall, having regard to the provisions of sub-rule (1), prepare an eligibility list of the candidates, arranged in order of seniority as determined from the date of engagement or employment or deployment on daily wages, on work charge or on contract and, if two or more persons are engaged or employed or deployed together, from the order in which their names are arranged in the said engagement or employment or deployment order. The list shall be placed before the Selection Committee along with their character rolls and such other relevant records pertaining to them, as may be considered necessary to assess their suitability.

(5) The Selection Committee shall consider the cases of the candidates on the basis of their records, referred to in sub-rule (4), and if it considers necessary, it may interview the candidates also to assess their suitability.

(6) The Selection Committee shall prepare a list of selected candidates arranging their names in order of seniority and forward the same to the appointing authority."

16. It must be remarked that the petitioner's mother was all through treated as a daily-wager though under orders of the Supreme Court, she was placed on a minimum salary that was subsequently

revised in accordance with the 7th Pay Commission. Nevertheless, her status as a daily-wager was not in issue and her claim for regularization under the Rules of 2016 was under consideration when she passed away. The petitioner's mother was clearly eligible to be considered for regularization under the Rules of 2016 as well. This Court may dare say that though it has almost become a sacrilege by a consensus of judicial opinion to issue a mandamus to any employer, even a State employer, to regularize the services of an employee, the proposition may require a rationalized understanding in case of exceptionally long retention in service on daily-wages like the present case. Here, the petitioner's mother was retained as a daily-wager for as long a period as 39 years. No doubt, her case ought to have been considered in the first instance under the Rules 2001, and then, under the Rules of 2016, if not decided under the Rules of 2001. But, there is little scope for the statutory Selection Committee constituted under the Rules to think against regularization of her services in the face of a period of time as long as 39 years of daily-wage service. It is nowhere said in the counter affidavit as well that the petitioner's mother's services were at any time considered substandard or determined. She was in continuous employ.

17. In the circumstances, we think that the ratio of the Bench decision in Kuldeep Thakur is squarely attracted to the facts of the petitioner's case. This Court takes notice of the decision of a learned Single Judge in **Nikhil Bharadwaj v. State of U.P. and others, 2021:AHC:118710**, where long retention in service and inaction to regularize after enforcement of the Rules of 2001 and the Rules of 2016 of an employee's services was regarded as violation of a vested right to be regularized. It was held in **Nikhil Bharadwaj** *(supra)* that notwithstanding the non-regularization of services of the petitioner's father, a daily-wager, his services would be deemed to be regularized as the right to regularization was an accrued right of the petitioner's father in that case. This Court would not venture to expand the principle to that extent. Nevertheless, it is true that it is almost an inescapable conclusion that the petitioner's mother's services ought to have been regularized during the long period of 39 years that she was rendering her services to the respondents, either under the Rules of 2001 or the Rules of 2016.

18. Also, the petitioner's mother was entitled to be considered for regularization in terms of the Government Order dated 13.08.2015, a copy of which has been annexed to the rejoinder affidavit. That too was not done and though under consideration, the case for regularization of the petitioner's mother's services, solely on account of the respondents' inaction and lethargy, remained inchoate.

19. In the circumstances, we are of opinion, following the directions made by the Division Bench in **Kuldeep Thakur,** that this writ petition deserves to be allowed.

20. In the result, this writ petition succeeds and is **allowed**. The impugned order dated 05.06.2023 passed by the Divisional Forest Officer is hereby **quashed.** A *mandamus* is issued to the Divisional Forest Officer aforesaid, as well as the other respondents, to consider amongst themselves, regularization of the petitioner's mother's services notionally and then proceed to pass the necessary orders with regard to the petitioner's claim for compassionate appointment on the basis of

the petitioner's mother's re-determined status. The necessary orders shall be passed by the fourth respondent as well as the other respondents, whoever be concerned, within a period of one month of receipt of a copy of this judgment.

21. There shall be no orders as to costs.

22. Let a copy of this order be communicated to the Principal Chief Conservator of Forest, Rana Pratap Marg, Lucknow, the Conservator of Forest, Prayagraj Circle, Prayagraj and the Divisional Forest Officer, Social Forestry & Wildlife Division, Pratapgarh by the Senior Registrar.

3. Learned Standing Counsel has submitted that he has received complete instructions from the Superintendent of Police, Rampur, therefore, those instructions may be perused, the same are taken on record.

4. As per the aforesaid instructions itself, the petitioner retired from the post of Sub Inspector, which is a Class-III post, on 30.04.2023 and one undertaking has been received from him on 21.03.2023, which is before his retirement. As per the aforesaid undertaking, no specific undertaking has been taken from the petitioner in respect of any particular payment if that has been given in excess to its admissibility would be recoverable. Besides, on typed proforma, general undertaking has been taken from the petitioner and on one typed proforma, one indemnity bond has been taken from the petitioner without filling the detail of the petitioner properly. The aforesaid fact makes it crystal clear that as an eyewash, the undertaking was taken from the petitioner without indicating specifically that if any excess amount is paid to the petitioner at particular time, the same may be recovered from him. Perusal of the impugned order clearly reveals that the benefit of pay scale was provided to the petitioner w.e.f. 01.12.2008 and at the time of making such payment, admittedly, no undertaking was taken from the petitioner by the Department and the impugned amount, which has been recovered from the petitioner at the time of his retirement, is relating to the year 2008.

5. Learned counsel for the petitioner has drawn attention of this Court towards Annexure No.7 of the writ petition, which is a Government Order dated 16.01.2007 passed by the Principal Secretary of Finance addressing to all the Head of Departments of the State of U.P. wherein vide para-4 (1), it has been categorically indicated that at the time of retirement or after the retirement, record of the employee of last 34 months may be examined, not beyond that, but in the present case, record of the petitioner is being examined from the year 2008, which is much beyond the period of 34 months. Attention has been drawn towards the judgment and order dated 17.04.2014 passed by the Apex Court in re; **Sushil Kumar Singhal Vs. Pramukh Sachiv Irrigation Department & Others, Civil appeal No.5262 of 2008**, referring paras 7, 10 & 11, which read as under:-

*"7. Upon perusal of the aforestated G.O. and the submission made*

*by the learned counsel appearing for the appellant, it is not in dispute that the appellant had retired on 31st December, 2003 and at the time of his retirement his salary was Rs.11,625/- and on the basis of the said salary his pension had been fixed as Rs.9000/-. Admittedly, if any mistake had been committed in pay fixation, the mistake had been committed in 1986, i.e. much prior to the retirement of the appellant and therefore, by virtue of the aforestated G.O. dated 16th January, 2007, neither any salary paid by mistake to the appellant could have been recovered nor pension of the appellant could have been reduced.*

*10. For the aforestated reasons, we quash the impugned judgment delivered by the High Court and direct the respondents not to recover any amount of salary which had been paid to the appellant in pursuance of some mistake committed in pay fixation in 1986. The amount of pension shall also not be reduced and the appellant shall be paid pension as fixed earlier at the time of his retirement. It is pertinent to note that the Government had framed such a policy under its G.O. dated 16th January, 2007 and therefore, the respondent authorities could not have taken a different view in the matter of re-fixing pension of the appellant.*

*11. The submission made on behalf of the learned counsel appearing for the respondent that the appellant would be getting more amount than what he was entitled to cannot be accepted in view of the policy laid down by the Government in G.O. dated 16th January, 2007. If the Government feels that mistakes are committed very often, it would be open to the Government to change its policy but as far as the G.O. dated 16th January, 2007 is in force, the respondent-employer could not have passed any order for recovery of the excess salary paid to the appellant or for reducing pension of the appellant."*

6. The Apex Court has interpreted the purport and intent of Government Order dated 16.01.2007 and has observed that the respondent-employer could not have passed any order for recovery of excess salary paid to the appellant or for reducing the pension of the appellant beyond such period.

7. Learned counsel for the petitioner has also drawn attention of this Court towards the judgment and order dated 16.07.2024 passed by the Division Bench of this Court in **Writ-A No.3194 of 2022, State of U.P. and Others Vs. Suresh Kumar Tripathi,** whereby the judgment of the Apex Court in re; **Sushil Kumar Singhal** (supra) has been followed dismissing the writ petition filed by the State holding that if any recovery has been proposed or executed against the employee after his retirement or at the time of his retirement in derogation of the dictum of the Apex Court in re; **Sushil Kumar Singhal** (supra) and **State of Punjab and others v. Rafiq Masih (White Washer) and others, (2015) 4 SCC 334**, such recovery may not be permissible. Besides, the judgment of **Rafiq Masih** (supra) has been clarified by the Apex Court in re; **High Court of Punjab and Haryana and others v. Jagdev Singh, (2016) 14 SCC 267**, wherein it has been held by the Apex Court that if at the time of making excess payment, if any, any specific and categoric undertaking is received from the employee, such amount may be recovered but in absence of such undertaking at the time of making excess payment, the benefit of the judgment in re; Rafiq Masih (supra) would be provided to the employee concerned.

8. Learned Standing Counsel has tried to defend the impugned order dated 20.02.2024 passed by opposite party no.2

and the order dated 14.05.2024 passed by opposite party no.3 but could not defend those orders particularly in the light of the dictum of the Apex Court in re; **Sushil Kumar Singhal** (supra) whereby the Apex Court has interpreted the Government Order dated 16.01.2007 (supra) as well as in the light of the dictum of **Rafiq Masih** (supra) and **Jagdev Singh** (supra).

9. Having heard learned counsel for the parties and having perused the material available on record, since the impugned recovery is not only in violation of Government Order dated 16.01.2007 (supra), which has been interpreted and affirmed by the Apex Court in re; **Sushil Kumar Singhal (supra)** and such recovery has been executed in absence of any specific undertaking of the present petitioner at the time of making payment of such amount, if any, and the undertaking at the time of retirement is meaningless, therefore, the petitioner would be entitled for the benefit of the dictum of the Apex Court in re; **Rafiq Masih** (supra) and in the light of the dictum of the Apex Court in re; **Jagdev Singh** (supra).

10. Accordingly, the writ petition is **allowed.**

11. The impugned orders dated 20.02.2024 & 14.05.2024 passed by opposite parties no.2 & 3 respectively are hereby set aside/ quashed.

12. The opposite parties are directed to refund/ repay the deducted/ recovered amount of Rs.5,38,781/- to the petitioner forthwith, preferably within a period of one month from the date of receipt of certified copy of this order, failing which the petitioner would be entitled for the interest on the delayed payment at the rate of 8% p.a.

13. The opposite parties are further directed to fix the pension of the petitioner on the basis of last basic pay Rs.64,100/- drawn by the petitioner at the time of retirement since the pension of the petitioner may not be reduced by making exercise of re-fixation of last pay drawn in the light of the dictum of the Apex Court in re; **Sushil Kumar Singhal** (supra).

14. No order as to costs.

रिट याचिका स्वीकृत (E-1)

(Delivered by Hon'ble Subhash Vidyarthi, J.)

1. याचिकाकर्ता की ओर से उपस्थित विद्वान वरिष्ठ अधिवक्ता श्री अशोक खरे तथा विद्वान अधिवक्ता श्री महेन्द्र सिंह, विपक्षी सं० 01, 02, तथा 04 की ओर से उपस्थित विद्वान अपर स्थायी अधिवक्ता श्री प्रदीप्त कुमार शाही तथा विपक्षी सं० 03 की ओर से कुलसचिव/ निरीक्षक, उत्तर प्रदेश मदरसा शिक्षा परिषद के विद्वान अधिवक्ता श्री प्रणव मिश्रा को सुना तथा पत्रावली का परिशीलन किया।

2. भारतीय संविधान के अनुच्छेद 226 के अंतर्गत प्रस्तुत इस रिट याचिका द्वारा याचिकाकर्ता ने रजिस्ट्रार / निरीक्षक, उत्तर प्रदेश मदरसा शिक्षा परिषद द्वारा पारित कार्यालय ज्ञाप दिनांक 15.05.2024 एवं प्रबंधक मदरसा तेगिया शरीफिया नुरूल उलूम शाहपुर उचकी पट्टी दुदही, कुशीनगर द्वारा पारित आदेश दिनांक 22.05.2024 की वैधता को चुनौती दी है, जिसके द्वारा याचिकाकर्ता की मदरसा तेगिया शरीफिया नुरूल उलूम शाहपुर उचकी पट्टी दुदही, कुशीनगर में सहायक अध्यापक तहतानिया के पद पर नियुक्ति के अनुक्रम में वेतन भुगतान की सहमति को निरस्त कर दिया गया है।

3. याचिका में संशोधन के द्वारा याचिकाकर्ता ने विपक्षी सं० 04 प्रबंधक मदरसा तेगिया शरीफिया नुरूल उलूम शाहपुर उचकी पट्टी दुदही, कुशीनगर द्वारा पारित आदेश दिनांक 22.05.2024 की वैधता को चुनौती दी गयी है, जिसके द्वारा याचिकाकर्ता के उपरोक्त पद पर दिनांक 12.11.2014 को हुई नियुक्ति को निरस्त कर दिया गया।

4. याचिकाकर्ता के विद्वान वरिष्ठ अधिवक्ता ने प्रारम्भ में ही कहा कि उक्त आदेश से याचिकाकर्ता के साथ एक अन्य सहायक अध्यापक श्री साबिर अली अंसारी के संबंध में भी वही आदेश पारित किया गया था, जिसको साबिर अली अंसारी ने रिट-ए सं० 8726/2024 के माध्यम से चुनौती दी थी तथा उक्त रिट याचिका में इस न्यायालय ने दिनांक 02.07.2024 को एक अंतरिम आदेश के आधार पर पारित किया कि आयुक्त बस्ती मण्डल को जांच करने का कोई अधिकार प्राप्त नहीं था।

5. विपक्षी सं० 03 के विद्वान अधिवक्ता श्री प्रणव मिश्रा ने याचिका का घोर विरोध करते हुए कहा कि उपरोक्त आदेश दिनांक 02.07.2024 पारित करते समय यह तथ्य इस न्यायालय के समक्ष नहीं रखा जा सका था कि उत्तर प्रदेश मदरसा शिक्षा परिषद द्वारा वर्ष 2014 के परीक्षा परिणाम में याचिकाकर्ता 02 प्रशनपत्रों में अनुपस्थित दिखाया गया है तथा उसका परीक्षा परिणाम "अनुत्तीर्ण" का है। जिससे यह स्पष्ट हुआ कि याचिकाकर्ता ने एक कूटरचित अंकपत्र के आधार पर नियुक्ति प्राप्त की थी।

6. याचिकाकर्ता के विद्वान अधिवक्ता ने उक्त तर्कों का उत्तर देते हुए यह कहा कि प्रकरण में जिला अल्पसंख्यक कल्याण अधिकारी कुशीनगर ने याचिकाकर्ता तथा एक अन्य अध्यापक साबिर अली को नोटिस दिनांक 16.10.2023 को जारी की जिसमें निम्नलिखित कथन है-

*"विषय- जनपद-कुशीनगर में मदरसा लेगिया शरीफिया नुरुल उलूम शाहपुर उचकी पट्टी, दुदही में मदरसा बोर्ड से साठगाँठ कर फर्जी अंकपत्र बनाकर नौकरी करने वालों एवं इस अपराध में संलिप्त व्यक्तियों के विरूद्ध कार्यवाही किये जाने विषयक सुनवाई दिनांक-21.10.2023 को अपरान्ह 03:00 बजे उपस्थित होने के सम्बन्ध में।*

*उपर्युक्त विषयक आयुक्त महोदय, बस्ती मण्डल, बस्ती के पत्र संख्या-2723/पी०ए०/जी-64/2023- दिनांक 16 अक्टूबर 2023 (छायाप्रति संलग्न) का सन्दर्भ लें, जिसके माध्यम से उपरोक्त प्रकरण में दिनांक-21.10.2023 को अपरान्ह 03:00 बजे सुनवाई निर्धारित की गयी है।*

*तत्क्रम में आपको निर्देशित किया जाता है कि प्रकरण से सम्बन्धित समस्त मूल अभिलेखो के साथ दिनांक-21.10.2023 को अपरान्ह 03:00 बजे आयुक्त महोदय, बस्ती मण्डल, बस्ती के समक्ष उपस्थित होना सुनिश्चित करें।"*

7. उपरोक्त नोटिस में यह कथन नहीं है कि याचिकाकर्ता ने कूटरचित अंकपत्र प्रस्तुत करके उसके आधार पर नियुक्ति प्राप्त की है तथा याचिकाकर्ता को स्पष्ट रूप से यह सूचित नहीं किया गया है कि किस बिन्दु पर उसको अपना पक्ष रखना है।

8. याचिकाकर्ता के शैक्षिक अभिलेखों का सत्यापन पहले भी जिला अल्पसंख्यक कल्याण अधिकारी कुशीनगर ने रजिस्ट्रार/निरीक्षक उत्तर प्रदेश मदरसा शिक्षा परिषद से करवाया था, जिस संबंध में रजिस्ट्रार/निरीक्षक अपने पत्र दिनांक 26.07.2022 द्वारा जिला अल्पसंख्यक कल्याण अधिकारी को सूचित किया था कि याचिकाकर्ता की, तृतीय वर्ष परीक्षा वर्ष 2014 के शैक्षणिक अभिलेखों का मिलान मुख्य परीक्षा अभिलेख से किया गया और सत्य पाया गया। रजिस्ट्रार/निरीक्षक उत्तर प्रदेश मदरसा शिक्षा परिषद के उपरोक्त कथन को जिला अल्पसंख्यक कल्याण अधिकारी ने अपने पत्र दिनांक 28.07.2022 द्वारा प्रबन्धक / प्रधानाचार्य मदरसा तेगिया शरीफिया नुरूल उलूम शाहपुर उचकी पट्टी दुदही, कुशीनगर को सूचित किया। इसके पश्चात यदि किसी जांच में कोई अन्य तथ्य सामने आया तो याचिकाकर्ता को उसके विरूद्ध कोई भी आदेश पारित करने के सुनवाई का समुचित अवसर दिया जाना अनिवार्य है। सुनवाई के समुचित अवसर से तात्पर्य यह है कि याचिकाकर्ता को सूचित किया जाये की उसके विरूद्ध आरोप क्या तथा उक्त आरोपों के संबंध में क्या साक्ष्य विचार में लिया जायेगा।

9. विपक्षीगण के विद्वान अधिवक्ता ने उनको प्राप्त अनुदेशों के आधार पर कहा कि याचिकाकर्ता के विरुद्ध उत्तर प्रदेश मदरसा शिक्षा परिषद द्वारा परीक्षा वर्ष 2014 में उनके संबंध में तैयार किया गया सारणीकरण रजिस्टर

(टैबुलेशन रजिस्टर) साक्ष्य के रूप में पढ़ा गया है, किन्तु इसकी प्रति याचिकाकर्ता को नहीं प्रदान की गयी।

10. तद्नुसार आलोच्य आदेश प्राकृतिक न्याय के सिद्धांतों का पालन करते हुए नहीं पारित किये गये हैं, इस कारण से निरस्त किये जाने योग्य है।

11. उक्त समीक्षा के आलोक में यह रिट याचिका स्वीकार की जाती है।

12. प्रकरण में विपक्षीगण को विधि अनुसार उचित प्रक्रिया अपनाकर याचिकाकर्ता के सेवा के संबंध में एक नवीन आदेश पारित करने की छूट रहेगी।

(Delivered by Hon'ble Subhash Vidyarthi, J.)

1. Heard Sri Kushmondeya Shahi, the learned counsel for the petitioner, Sri Gaya Prasad Singh, the learned Standing Counsel appearing on behalf of the State-opposite parties no.1 to 3, Sri Yogesh Kumar Saxena, the learned counsel for the opposite party no.4-Om Pal Singh Raghuvanshi and perused the records.

2. By means of the instant writ petition filed under Article 226 of the Constitution of India the petitioner-Committee of Management, Roop Kishore Chaturvedi Inter College has challenged the validity of a resolution dated 18.02.2022, passed by the Regional Level Committee whereby it had recommended the selection grade pay to the opposite party no.4, an order dated 13.02.2024, passed by the District Inspector of Schools, Farrukhabad directing the Manager/Principal, Roop Kishore Chaturvedi Inter College to sign the requisite documents for payment of selection grade pay to the opposite party no.4 in furtherance of the aforesaid resolution dated 18.02.2022 and an order

dated 24.04.2024, passed by the District Inspector of Schools, Farrukhabad declining to approve the suspension and termination of opposite party no.4 from the post of Principal, Roop Kishore Chaturvedi Inter College.

3. The learned counsel for the petitioner has submitted that an F.I.R. No.45 of 2022, under Sections 420, 376-B, 323, 506, 323, 120-B I.P.C. was lodged against the opposite party no.4 in Police Station Kampil, District Fatehgarh by a teacher of the college stating that under an allurement of getting her some benefit the opposite party no.4 had raped and cheated her and that when she got pregnant the opposite party no.4 got her pregnancy aborted and he threatened her.

4. After lodging of the F.I.R. the opposite party no.4 was placed under suspension by means of an order dated 06.04.2022 on the ground of registration of the aforesaid first information report stating that the act alleged in the F.I.R. has tarnished the reputation of the college. It was also alleged in the suspension order that the opposite party no.4 was guilty of embezzlement of students' funds and amount of mid-day-meal. The suspension of the opposite party no.4 was approved by means of an order dated 20.04.2020, passed by the District Inspector of Schools, Farrukhabad. On 08.07.2022 the Manager of the College has sent a letter to the District Inspector of Schools stating that the opposite party no.4 was placed under suspension on 22.03.2022 and thereafter an enquiry committee has submitted a report dated 03.06.2022 holding the opposite party no.4 guilty of the charges and the Committee of Management has terminated the services of the opposite party no.4 on the post of Principal of the College.

5. On 25.07.2022 the District Inspector of Schools wrote a letter to the Manager of the College stating that in view of the order dated 12.07.2022, passed by the Chief Judicial Magistrate, Farrukhabad, whereby the court has accepted the final report submitted by the Investigating Officer, approval to suspension of the opposite party no.4 was cancelled.

6. The petitioner filed Writ-A No.12814 of 2022 challenging the aforesaid order dated 25.07.2022, passed by the DIOS, Farrukhabad which was disposed of by means of an order dated 31.08.2022, passed by a coordinate Bench of this court providing that a three member committee appointed by the petitioner may issue a fresh notice to the opposite party no.5 containing list of witnesses and other evidence and the enquiry should be conducted and concluded within a period of three months.

7. Thereafter, the Manager of the College wrote a letter dated 30.11.2022 to the District Inspector of Schools, Farrukhabad stating that the opposite party no.4 had appeared before the Enquiry Committee but he did not cooperate with the Committee and did not submit his version but subsequently he submitted his written explanation and evidence on 16.10.2022. The Committee gave further opportunity to the opposite party no.4 to submit evidence in support of his claim. The other concerned persons had also been called to adduce their evidence, after which the Enquiry Committee found that the opposite party no.4 is guilty of having committed an offence of rape regarding which the victim had lodged an F.I.R. but the opposite party no.4 has managed to get a final report filed in connivance with the informant and with the police authorities.

The Committee of Management of the institution has decided to terminate the services of the opposite party no.4 from the post of Principal.

8. The opposite party no.4 challenged the aforesaid order by filing Writ-A No.1703 of 2023, which was disposed of by means of an order dated 21.03.2023, whereby the aforesaid order was quashed and the opposite party no.4 was directed to be reinstated and the management was granted liberty to proceed in accordance with the law afresh, from the stage of enquiry report. The petitioner challenged the aforesaid order passed by the Hon'ble Single Judge Bench by filing Special Appeal No.242 of 2023 in which an interim order was passed staying the operation of the judgment and order dated 21.03.2023, passed by the writ court. The said appeal is still pending.

9. Meanwhile, the opposite party no.4 filed Writ-A No.4424 of 2024, in which an order dated 18.04.2024 was passed directing the District Inspector of Schools to file his own affidavit indicating why he has not taken a decision in the matter of approval of the petitioner's termination. The District Inspector of Schools issued notices dated 22.04.2024 to the petitioner and the opposite party no.4 and thereafter he has passed the impugned order dated 24.04.2024 refusing to accord approval to the termination of service of the opposite party no.4 on the ground that the only charge against the opposite party no.4 was lodging of an F.I.R., the allegation levelled in which could not be established during investigation and the Investigating Officer has submitted a final report which has been accepted by the Chief Judicial Magistrate.

10. Although, the suspension order contained two other charges of embezzlement of students' funds and money of mid-day-meal, the charge-sheet issued to the opposite party no.4 did not contain any such charge and the only allegation against the petitioner on which the enquiry was held, was based regarding lodging of the F.I.R. against him, the allegations levelled in which could not be substantiated.

11. It is further recorded in the impugned order that the petitioner did not comply with the direction issued by this court in the order dated 31.08.2022 for proving the list of witnesses and other evidences to the opposite party no.4. Even as per the provisions contained in Regulation 37 of Chapter 3 of the Regulations framed under U.P. Intermediate Education Act, it is mandatory for the Management to provide copies of the enquiry report and all the other related documents to the delinquent employee, which has not been done in the present case.

12. In the order dated 30.11.2022, merely this much has been stated that the petitioner failed to adduce any evidence to prove his innocence, but this order does not make a reference to any evidence led to prove the charges. It is settled law that where the employer levels charges of commission of any misconduct against any employee, it is the employer who has to adduce evidence in support of the charges to prove that the employee is guilty of the charges. Without the charges having been established by producing any evidence, the employee cannot be called upon to adduce evidence to prove himself innocent and in any case he cannot be held guilty merely

because he could not adduce evidence to prove his innocence.

13. The order dated 13.11.2022 holds the petitioner guilty of commission of offence of rape regarding which although an F.I.R. had been lodged, but the allegations levelled in the F.I.R. could not be established during investigation and the Investigating Officer submitted a final report, which has been accepted by the learned Chief Judicial Magistrate, Farrukhabad. The order dated 13.11.2022, besides holding the opposite party no.4 guilty, goes on to held the informant of the F.I.R. as also the concerned police personnel guilty of having acted in connivance with the opposite party no.4, which findings apparently are without any evidence, besides being without jurisdiction.

14. In these circumstances, the District Inspector of Schools has not committed any illegality in passing the impugned order declining to accord approval to the termination of opposite party no.4 as the charges levelled against the opposite party no.4 in the F.I.R. could not be established during investigation and the final report submitted by the Investigating Officer has been accepted by the learned Chief Judicial Magistrate.

15. So far as the challenge laid by the petitioner to the resolution dated 18.02.2022, passed by the Regional Level Committee for grant of selection grade pay to the opposite party no.4 and the consequential order dated 13.02.2024, passed by the District Inspector of Schools, Farrukhabad, directing the petitioner to submit documents for payment of selection grade to the opposite party no.4 in furtherance of the resolution dated 18.02.2022, the aforesaid resolution states that the District Inspector of Schools had submitted a recommendation for payment of selection grade pay to the opposite party no.4 on 15.12.2021. The Committee had examined all the documents and found that the opposite party no.4 was working as Principal of the College since 28.06.2010 and he has completed the eligibility condition of having completed ten years' service on 28.06.2020. A resolution passed by the Managing Committee of the college on 06.12.2020 was also a part of the documents submitted, whereby the Managing Committee had unanimously resolved for payment of selection grade pay to the opposite party no.4 as he had completed ten years service.

16. The learned counsel for the petitioner has submitted that the Committee of Management has not submitted any other resolution. When a three member regional committee headed by the Director of Education has recorded a factual statement that the documents submitted to the three members committee included a resolution dated 06.12.2020, passed by the Committee of Management, this court does not find it proper to go into this disputed question of fact being raised by the petitioner that it had not submitted any such resolution.

17. The learned counsel for the petitioner next submitted that even as per the averment made in the impugned order the Committee of Management had merely recommended grant of selection grade pay to the opposite party no.4 on the ground that he had completed ten years service but it does not state that the petitioner had completed ten years satisfactory service, which is an essential condition of grant of selection grade pay to a teacher.

18. When the Committee of Management itself recommended payment of selection grade pay to the opposite party no.4 stating that he had complete ten years service and was entitled to be granted selection grade pay, the mere fact that the resolution dated 18.02.2022 does not state that it was written in the resolution that the opposite party no.4 had completed ten years 'satisfactory' service would not affect the legality of the resolution for payment of selection grade pay to the petitioner passed by the regional level committee when the Committee of Management of the college had itself recommended payment of selection grade pay to the opposite party no.4, which implies that the Committee of Management of the college was satisfied with the services of the opposite party no.4.

19. In view of the aforesaid discussions, this court does not find any illegality in the impugned resolution dated 18.02.2022, passed by the regional level committee recommending payment of selection grade pay to the opposite party no.4 and the consequential communication dated 13.02.2024 issued by the District Inspector of Schools, Farrukhabad.

20. The writ petition lacks merit and the same is accordingly ***dismissed.***

*"i. Issue a writ, order or direction in the nature of Certiorari quashing the impugned order dated 23.8.23, passed by the opposite party no.2 contained in Annexure no. 1.*

*ii. Issue a writ, order or direction in the nature of Mandamus restraining the opposite parties to give effect to the operation and implementation of the impugned orders dated 23.8.2023 contained in Annexure no.1.*

*iii. Issue a writ, order or direction in the nature of Mandamus commanding the opposite parties to calculate the entire post retiral dues within a shortest stipulated time and to disburse the same to the petitioner immediately."*

4. This is a peculiar case where the petitioner, who is an employee and is suffering from physical and mental ailment severely, is not able to discharge her duties, therefore, she requested for voluntary retirement after completing 30 years of services. She is aged about 55 years and in view of Rule 56 of Fundamental Rules, Volume-2, Part 2 to 4 of the Financial Hand Book, she is fulfilling all required conditions to get voluntary retirement. To be more precise, the petitioner was appointed in the Department on 28.10.1992 and she was serving at Malkhan Singh District Hospital, Aligarh on the post of Head Assistant.

5. Attention has been drawn by the learned counsel for the petitioner towards Annexure No.2 of the writ petition, which is a Medical Certificate issued from Mother's Institute of Neuro - Psychiatric Disorders (MIND), E-106, Sector-41, Noida (UP), which reads as under:-

*"MEDICAL CERTIFICATE*

*Date-28 May, 2023*

*This is to certify that Mr. Anuradha Singh, W/o Sh. Arvind Singh is receiving treatment from our clinic from 04 April 2016 onwards to till date. she has been severely depressed with seven anxiety neurosis. Despite medication and psychologist therapies, she is not fully recovered and still needs someone along with her for any work. She is advised to take long rest along the ongoing medicines for an early and better amelioration of her symptoms.*

*28.05.2023"*

6. Further attention has been drawn towards the prescription of the Orthopedic Surgeon dated 25.05.2023, which reads as under:-

*"Certified that I have been treating Ms Anuradha Singh, whose signatures are attested below, since 2015, for various Orthopedic issues, chiefly being PROGRESSIVE CERVICAL SPONDYLOSIS WITH CERVICAL SLIP DISC CAUSING SEVERE LEFT SIDED RADICULOPATHY with SUSPECTED INFLAMMATORY ARTHRITIS which causes RECURRENT MULTIPLE JOINT PAINS.*

*Based on this I recommend that she should not indulge in following activities.*

*1. Prolonged sitting.*

*2. Prolonged desk work / writing work.*

*3. Traveling.*

*4. Household work.*

*Being progressive in nature, her medical condition is unlikely to improve."*

7. In the light of aforesaid compelling medical circumstances, the petitioner preferred a representation dated 30.05.2023 to the Director

(Administration), Medical and Health Services, U.P., Lucknow (Annexure No.4) and again on 31.07.2023 to the same authority (Annexure No.5) apprising her physical and mental condition seeking voluntary retirement indicating therein that she is fulfilling all the requisite conditions to get the voluntary retirement. She has preferred a reminder representation through registered post on 22.08.2023 (Annexure No.6).

8. Further attention has been drawn towards Annexure No.7 of the writ petition, which is a case law of the Apex Court laid down in the case of **Manjushree Pathak v. Assam Industrial Development Corpn. Ltd. and Others, (2000) 7 SCC 390**, referring para-16 thereof, which reads as under:-

*"16. The Division Bench of the High Court has failed to see that the Scheme conferred discretion on the Corporation under clause 8.1 coupled with the duty to act judiciously when application for voluntary retirement was made by an employee. The said clause did not confer any unfettered discretion upon the Corporation to refuse the benefit of the Scheme to any employee, being an authority coming within the meaning of Article 12 of the Constitution. It was not open to the Managing Director of the respondent Corporation to act on extraneous consideration by issuing a show-cause notice dated 15-2-1996/16-2-1996 so as to deprive the appellant of the benefit flowing from acceptance of her voluntary retirement. It is true that under clause 8.1 of the Scheme, discretion was available to the respondent Corporation but that discretion was not absolute. It was circumscribed by the terms mentioned in the said clause and it was to be exercised judiciously. In the case on hand the Managing Director of the Corporation has failed to act reasonably and fairly. He abdicated his duty by not exercising discretion at all in the light of the facts and circumstances of the case stated above in sufficient detail."*

9. Learned counsel for the petitioner has stated that despite the aforesaid critical physical and mental condition of the petitioner and also despite the fact that she was fulfilling all the requisite conditions to get the voluntary retirement, her request has been turned down by the competent authority vide impugned order dated 23.08.2023 only for the reason that since there is scarcity of the employees in Group-C clerical cadre, therefore, she may not be granted voluntary retirement.

10. Learned counsel for the petitioner and learned Standing Counsel are agreed on the point that the competent authority is having jurisdiction to turn down such application of an employee inasmuch as this is the prerogative of the employer to accept the application for voluntary retirement or to turn down the same and if the reason to turn down such application is valid and legal, the same should not be interfered in the routine manner.

11. However, in view of the present facts and circumstances of the issue in question, if the petitioner is compelled to discharge her duties, she may suffer irreparable loss and injury, which cannot be compensated in terms of money inasmuch as on account of suffering from severe depression with seven anxiety neurosis and she is taking heavy medication regarding mental ailment as well as she is not able for

prolonged sitting or prolonged desk work/ writing work as per the specific opinion of the Orthopedic Surgeon, her life may be endangered, in that way, her Fundamental Right enshrined under Article 21 of the Constitution of India would be violated. Every citizen of the country is having Fundamental Right to life and personal liberty and that right to life may not be violated without having any cogent and proper reason.

12. The reason so indicated by the employer is not proper in the case of the present petitioner to the effect that if the Department is not having proper employees and the petitioner is compelled to discharge her duties in such critical medical condition, she may likely to loose her life or she may likely to cause damage to herself. This is not a case where the petitioner has applied for voluntary retirement in a casual manner only after completing the requisite term of service and attaining the age but it appears that her application for seeking voluntary retirement has been filed under serious compelling circumstances. Therefore, the reason so indicated in the impugned order suffers from perversity, arbitrariness and given without proper application of mind.

13. Accordingly, this writ petition is **allowed.** The order dated 23.08.2023 passed by opposite party no.2, contained in Annexure no.1 to the writ petition, is set aside/ quashed.

14. Opposite party no.2 i.e. Director (Administration), Medical and Health Services, U.P., Lucknow is directed to pass a fresh order, strictly in accordance with law, considering the medical and physical ailment of the petitioner and also in the light of the observation so given herein-above. After passing the appropriate order, consequential order shall be passed by the opposite party no.2 forthwith, preferably within a period of four weeks from the date of receipt of certified copy of this order and the petitioner shall be paid all post retiral dues/ benefits strictly in accordance with law.

15. No order as to costs.

3. St. of W. B. Vs Debabrata Tiwari: 2023 SCC OnLine SC 219

(Delivered by Hon'ble Subhash Vidyarthi, J.)

1. Heard Sri Om Prakash Chaube, the learned counsel for the petitioner and Sri Pradipta Kumar Shahi, the learned Additional Chief Standing Counsel for the State respondents.

2. By means of the instant writ petition filed under Article 226 of the Constitution of India, the petitioner has challenged the validity of an order dated 20.01.2024 passed by the respondent no. 5 - Deputy Director of Education (Secondary), Jhansi rejecting the petitioner's representation for payment of difference in salary for the post of officiating Principal for the period June, 2006 to 30.06.2009, on the ground that there was no provision of payment of salary of a post held on officiating basis at that point of time.

3. Earlier the petitioner had filed a Writ-A No. 227 of 2023 with the following prayers: -

*"i. To issue a writ, order or direction in the nature of mandamus commanding the respondents to make the payment of gratuity amount to the petitioner along with 9% interest with in stipulated time.*

*ii. To issue a writ, order or direction in the nature of mandamus commanding the respondent No.3 and 4 to consider the claim/representation dated 14.12.2022/16.12.2022 submitted by the petitioner before him with in stipulated time."*

4. The aforesaid Writ A No. 227 of 2023 was decided by an order dated 15.02.2023, which states that: -

*"The only prayer made by the counsel for the petitioner to direct the respondent no.5 to pass appropriate orders on the representation made by the petitioner dated 14.12.2022, copy of which is appended as Annexure-9 to the writ petition.*

*On the other hand, it is argued by the learned Standing Counsel that the respondent no.5 namely Deputy Director of Education (Secondary) Jhansi Division Jhansi will take a decision in the matter within a period of six weeks thereafter.*

*At this stage, a prayer has been made by the counsel for the petitioner that petitioner may be permitted to make a fresh representation.*

*In view of the above, without entering in to the merits of the case, the present writ petition is disposed of with liberty to the petitioner to file a fresh comprehensive representation ventilating all his grievances before the respondent no. 5/Deputy Director of Education (Secondary) Jhansi Division Jhansi within a period of three weeks from today along with certified copy of this order and in case any such representation is filed by the petitioner before the respondent no. 5 within the time indicated hereinabove, he shall consider and decide the same strictly in accordance with law by a speaking and reasoned order as expeditiously and preferably within a period of six weeks from the date of filing of such*

*representation by the petitioner before him."*

5. Apparently, the petitioner had not sought a writ of mandamus for payment of difference in salary for the post of officiating Principal for the period January 2006 to 30.06.2009 even in the earlier writ petition and he had merely sought a direction for disposal of his representations dated 14.12.2022/16.12.2022, wherein he had claimed payment of difference in salary as aforesaid.

6. Thus it appears that the petitioner raised the claim of payment of difference in salary for the period June 2006 to 2009 for the first time through his representation dated 14.12.2022/16.12.2022, i.e., that is after expiry of more than 13 years.

7. By means of the impugned order dated 20.01.2024, the Deputy Director Education (Secondary Education) has rejected the petitioner's representation on the ground that the petitioner had worked as officiating principle for the period June 2006 to 30.06.2009 and at that point of time there was no provision for making payment of salary of Principal to a teacher who worked on the post on officiating basis.

8. In is relevant to note that a Full bench of this Court had held in **Jai Prakash Narayan Singh v. State of U.P.,** 2014 SCC OnLine All 15392 = (2014) 6 All LJ 668, that once the nature of that power is construed as a power to make an appointment albeit on an officiating basis till a regularly selected candidate becomes available, there would be no justification to deny a claim for the payment of salary to such a person who has been appointed on an officiating basis. Where a person has been appointed as an officiating principal until a regularly selected candidate takes charge, this involves an assumption of duties and responsibilities of a greater importance than those attaching to the post of a teacher. Hence, a person who is appointed as an officiating principal under the Statutes of the University until a regularly selected candidate is made available, would be entitled to the payment of salary attached to the post of principal. It was only after the aforesaid Full Bench judgment passed on 26.09.2014, that a person working on a post on officiating basis was held to be entitled to get salary for the post.

9. Even after the aforesaid law was laid down on 26.09.2014, the petitioner has submitted the representation claiming the difference of salary of the post held by him substantively and the post which he held on officiating basis during the period June 2006 to 30.06.2009, on 14/12/2022/16.12.2022 and he has filed the Writ Petition claiming the aforesaid amount in the year 2024.

10. Although, the provisions of the Limitation Act, 1963 do not apply to the proceedings under Article 226 of the Constitution of India, it is settled law that a person should approach the Court for redressal of his grievances with reasonable promptitude and writ petitions raising stale claims would not be entertained by this Court.

11. The learned Counsel for the petitioner has relied upon a judgment in the case of **Union of India v. Tarsem Singh**, (2008) 8 SCC 648, wherein the Hon'ble Supreme Court summarized the law as follows: -

***"To summarise, normally, a belated service related claim will be rejected on the ground of delay and laches (where remedy is sought by filing a writ petition)*** *or limitation (where remedy is sought by an application to the Administrative Tribunal). One of the exceptions to the said rule is cases relating to a continuing wrong. Where a service related claim is based on a continuing wrong, relief can be granted even if there is a long delay in seeking remedy, with reference to the date on which the continuing wrong commenced, if such continuing wrong creates a continuing source of injury. But there is an exception to the exception. If the grievance is in respect of any order or administrative decision which related to or affected several others also, and if the reopening of the issue would affect the settled rights of third parties, then the claim will not be entertained. For example, if the issue relates to payment or refixation of pay or pension, relief may be granted in spite of delay as it does not affect the rights of third parties. But if the claim involved issues relating to seniority or promotion, etc., affecting others, delay would render the claim stale and doctrine of laches/limitation will be applied. Insofar as the consequential relief of recovery of arrears for a past period is concerned, the principles relating to recurring/successive wrongs will apply. As a consequence,* ***the High Courts will restrict the consequential relief relating to arrears normally to a period of three years prior to the date of filing of the writ petition."***

(Emphasis added)

12. The same principle of law was reiterated in **State of M.P. v. Yogendra Shrivastava**: (2010) 12 SCC 538, in which it was held that: -

*"18....Where the issue relates to payment or fixation of salary or any allowance, the challenge is not barred by limitation or the doctrine of laches, as the denial of benefit occurs every month when the salary is paid, thereby giving rise to a fresh cause of action, based on continuing wrong. Though the lesser payment may be a consequence of the error that was committed at the time of appointment, the claim for a higher allowance in accordance with the Rules (prospectively from the date of application) cannot be rejected merely because it arises from a wrong fixation made several years prior to the claim for correct payment. But in respect of grant of consequential relief of recovery of arrears for the past period, the principle relating to recurring and successive wrongs would apply. Therefore* ***the consequential relief of payment of arrears will have to be restricted to a period of three years prior to the date of the original application."***

13. The learned Counsel for the petitioner has relied upon a judgment rendered by a Division bench of this Court in **Syed Mohammad Suleman versus State of U. P. and 2 Others:** Special Appeal Defective No. 655 of 2015 decided on 15.09.2015, wherein this Court had followed the aforesaid dictum of law laid down in Tarsem Singh (Supra).

14. The learned counsel for the petitioner has relied upon the judgment of Division Bench of this Court in **Jwala Devi versus State of U.P. and 5 others**: Special Appeal Defective No. 768 of 2021 decided on 11.01.2022. The relevant portion of the order passed by an Hon'ble Single Judge of this Court in **Jwala Devi versus State of U.P. and 5 others:** Writ A No. 6549 of 2021, decided on 17.08.2021, is being reproduced below: -

*"Learned counsel for the petitioner states that the payment of gratuity is a recurring cause and, therefore, the question of delay would not arise. Arguments advanced on behalf of the petitioner would merit acceptance where the grievance is in respect of payment of pension as such amount becomes due and payable each month. This is not the position with regard to gratuity as the amount is paid in lump sum either at the time of retirement or death of the employee concerned. Unexplained latches in raising grievance, in that regard cannot be explained on the ground that the petitioner has a recurring cause."*

15. Allowing the Special Appeal filed against the aforesaid order, the Division Bench held that: -

*"It is settled law that payment of gratuity is the right of the employee, provided gratuity is actually payable in accordance with law. Non-payment of gratuity, in the event it is legally payable, is the statutory responsibility of the employer. Therefore, the writ petition of the widow of the deceased employee asking for payment of gratuity cannot be dismissed merely on the ground of laches, unless it is found that the gratuity is not legally payable."*

16. In **Jwala Devi** (Supra), the question of effect of latches on a Writ Petition filed for claiming payment of arrears of salary was not decided and, therefore, this judgment is not relevant for deciding this issue.

17. In paragraph 21 of the judgment in the case of **Bichitrananda Behera versus State of Orissa,** 2023 SCC OnLine SC 1307, the Hon'ble Supreme Court has referred to some precedents on the point of latches and the relevant passage is being reproduced below: -

*"21. Profitably, we may reproduce relevant passages from certain decisions of this Court:*

*(B) Union of India v. N Murugesan, (2022) 2 SCC 25:*

***"Delay, laches and acquiescence***

*20. The principles governing delay, laches, and acquiescence are overlapping and interconnected on many occasions. However, they have their distinct characters and distinct elements. One can say that delay is the genus to which laches and acquiescence are species. Similarly, laches might be called a genus to a species by name acquiescence. However, there may be a case where acquiescence is involved, but not laches. These principles are common law principles, and perhaps one could identify that these principles find place in various statutes which restrict the period of limitation and create non-consideration of condonation in certain circumstances. They are bound to be applied by way of practice requiring prudence of the court than of a strict application of law. The underlying principle governing these concepts would be one of estoppel. The question of prejudice is also an important issue to be taken note of by the court.*

*Laches*

*21. The word "laches" is derived from the French language meaning "remissness and slackness". It thus involves unreasonable delay or negligence in pursuing a claim involving an equitable relief while causing prejudice to the other party. It is neglect on the part of a party to do an act which law requires while asserting a right, and therefore, must stand in the way of the party getting relief or remedy.*

*22. Two essential factors to be seen are the length of the delay and the nature of acts done during the interval. As stated, it would also involve acquiescence on the part of the party approaching the court apart from the change in position in the interregnum. Therefore, it would be unjustifiable for a Court of Equity to confer a remedy on a party who knocks its doors when his acts would indicate a waiver of such a right. By his conduct, he has put the other party in a particular position, and therefore, it would be unreasonable to facilitate a challenge before the court. Thus, a man responsible for his conduct on equity is not expected to be allowed to avail a remedy.*

*23. A defence of laches can only be allowed when there is no statutory bar. The question as to whether there exists a clear case of laches on the part of a person seeking a remedy is one of fact and so also that of prejudice. The said principle may not have any application when the existence of fraud is pleaded and proved by the other side. To determine the difference between the concept of laches and acquiescence is that, in a case involving mere laches, the principle of estoppel would apply to all the defences that are available to a party. Therefore, a defendant can succeed on the various grounds raised by the plaintiff, while an issue concerned alone would be amenable to acquiescence.*

***Acquiescence***

*24. We have already discussed the relationship between acquiescence on the one hand and delay and laches on the other.*

*25. Acquiescence would mean a tacit or passive acceptance. It is implied and reluctant consent to an act. In other words, such an action would qualify a passive assent. Thus, when acquiescence takes place, it presupposes knowledge against a particular act. From the knowledge comes passive acceptance, therefore instead of taking any action against any alleged refusal to perform the original contract, despite adequate knowledge of its terms, and instead being allowed to continue by consciously ignoring it and thereafter proceeding further, acquiescence does take place. As a consequence, it reintroduces a new implied agreement between the parties. Once such a situation arises, it is not open to the party that acquiesced itself to insist upon the compliance of the original terms. Hence, what is essential, is the conduct of the parties. We only dealt with the distinction involving a mere acquiescence. When acquiescence is followed by delay, it may become laches. Here again, we are inclined to hold that the concept of acquiescence is to be seen on a case-to-case basis."*

*(emphasis supplied by the Hon'ble Supreme Court)*

*(C) Chairman, State Bank of India v. M J James, (2022) 2 SCC 301:*

*"36. What is a reasonable time is not to be put in a straitjacket formula or judicially codified in the form of days, etc. as it depends upon the facts and circumstances of each case. A right not exercised for a long time is nonexistent. Doctrine of delay and laches as well as acquiescence are applied to non-suit the litigants who approach the court/appellate authorities belatedly without any justifiable explanation for bringing action after unreasonable delay. In the present case, challenge to the order of dismissal from service by way of appeal was after four years and five months, which is certainly highly belated and beyond justifiable time. Without satisfactory explanation justifying the delay, it is difficult to hold that the appeal was preferred within a reasonable time. Pertinently, the challenge was primarily on the ground that the respondent was not allowed to be represented by a representative of his choice. The respondent knew that even if he were to succeed on this ground, as has happened in the writ proceedings, fresh inquiry would not be prohibited as finality is not attached unless there is a legal or statutory bar, an aspect which has been also noticed in the impugned judgment. This is highlighted to show the prejudice caused to the appellants by the delayed challenge. We would, subsequently, examine the question of acquiescence and its judicial effect in the context of the present case.*

*xxx*

*38. In Ram Chand v. Union of India [Ram Chand v. Union of India, (1994) 1 SCC 44] and State of U.P. v. Manohar [State of U.P. v. Manohar, (2005) 2 SCC 126] this Court observed that if the statutory authority has not performed its duty within a reasonable time, it cannot justify the same by taking the plea that the person who has been deprived of his rights has not approached the appropriate forum for relief. If a statutory authority does not pass*

*any orders and thereby fails to comply with the statutory mandate within reasonable time, they normally should not be permitted to take the defence of laches and delay. If at all, in such cases, the delay furnishes a cause of action, which in some cases as elucidated in Union of India v. Tarsem Singh [Union of India v. Tarsem Singh, (2008) 8 SCC 648 : (2008) 2 SCC (L&S) 765] may be continuing cause of action. The State being a virtuous litigant should meet the genuine claims and not deny them for want of action on their part. However, this general principle would not apply when, on consideration of the facts, the court concludes that the respondent had abandoned his rights, which may be either express or implied from his conduct. Abandonment implies intentional act to acknowledge, as has been held in para 6 of Motilal Padampat Sugar Mills Co. Ltd. v. State of U.P. [Motilal Padampat Sugar Mills Co. Ltd. v. State of U.P., (1979) 2 SCC 409 : 1979 SCC (Tax) 144] Applying this principle of acquiescence to the precept of delay and laches, this Court in U.P. Jal Nigam v. Jaswant Singh [U.P. Jal Nigam v. Jaswant Singh, (2006) 11 SCC 464 : (2007) 1 SCC (L&S) 500] after referring to several judgments, has accepted the following elucidation in Halsbury's Laws of England: (Jaswant Singh case [U.P. Jal Nigam v. Jaswant Singh, (2006) 11 SCC 464 : (2007) 1 SCC (L&S) 500], SCC pp. 470-71, paras 12-13)*

*"12. The statement of law has also been summarised in Halsbury's Laws of England, Para 911, p. 395 as follows:*

*'In determining whether there has been such delay as to amount to laches, the chief points to be considered are:*

*(i) acquiescence on the claimant's part; and*

*(ii) any change of position that has occurred on the defendant's part.*

*Acquiescence in this sense does not mean standing by while the violation of a right is in progress, but assent after the violation has been completed and the claimant has become aware of it. It is unjust to give the claimant a remedy where, by his conduct, he has done that which might fairly be regarded as equivalent to a waiver of it; or where by his conduct and neglect, though not waiving the remedy, he has put the other party in a position in which it would not be reasonable to place him if the remedy were afterwards to be asserted. In such cases lapse of time and delay are most material. Upon these considerations rests the doctrine of laches.'*

*13. In view of the statement of law as summarised above, the respondents are guilty since the respondents have acquiesced in accepting the retirement and did not challenge the same in time. If they would have been vigilant enough, they could have filed writ petitions as others did in the matter. Therefore, whenever it appears that the claimants lost time or whiled it away and did not rise to the occasion in time for filing the writ petitions, then in such cases, the court should be very slow in granting the relief to the incumbent. Secondly, it has also to be taken into consideration the question of acquiescence or waiver on the part of the incumbent whether other parties are going to be prejudiced if the relief is granted. In the present case, if the respondents would have challenged their retirement being violative of the provisions of the Act, perhaps the Nigam could have taken*

*appropriate steps to raise funds so as to meet the liability but by not asserting their rights the respondents have allowed time to pass and after a lapse of couple of years, they have filed writ petitions claiming the benefit for two years. That will definitely require the Nigam to raise funds which is going to have serious financial repercussions on the financial management of the Nigam. Why should the court come to the rescue of such persons when they themselves are guilty of waiver and acquiescence?"*

*39. Before proceeding further, it is important to clarify distinction between "acquiescence" and "delay and laches". Doctrine of acquiescence is an equitable doctrine which applies when a party having a right stands by and sees another dealing in a manner inconsistent with that right, while the act is in progress and after violation is completed, which conduct reflects his assent or accord. He cannot afterwards complain. [See Prabhakar v. Sericulture Deptt., (2015) 15 SCC 1 : (2016) 2 SCC (L&S) 149. Also, see Gobinda Ramanuj Das Mohanta v. Ram Charan Das, 1925 SCC OnLine Cal 30 : AIR 1925 Cal 1107] In literal sense, the term acquiescence means silent assent, tacit consent, concurrence, or acceptance, [See Vidyavathi Kapoor Trust v. CIT, 1991 SCC OnLine Kar 331 : (1992) 194 ITR 584] which denotes conduct that is evidence of an intention of a party to abandon an equitable right and also to denote conduct from which another party will be justified in inferring such an intention. [See Krishan Dev v. Ram Piari, 1964 SCC OnLine HP 5 : AIR 1964 HP 34] Acquiescence can be either direct with full knowledge and express approbation, or indirect where a person having the right to set aside the action stands by and sees another dealing in a manner inconsistent with that right and in spite of the infringement takes no action mirroring acceptance. [See "Introduction", U.N. Mitra, Tagore Law Lectures — Law of Limitation and Prescription, Vol. I, 14th Edn., 2016.] However, acquiescence will not apply if lapse of time is of no importance or consequence.*

*40. Laches unlike limitation is flexible. However, both limitation and laches destroy the remedy but not the right. Laches like acquiescence is based upon equitable considerations, but laches unlike acquiescence imports even simple passivity. On the other hand, acquiescence implies active assent and is based upon the rule of estoppel in pais. As a form of estoppel, it bars a party afterwards from complaining of the violation of the right. Even indirect acquiescence implies almost active consent, which is not to be inferred by mere silence or inaction which is involved in laches. Acquiescence in this manner is quite distinct from delay. Acquiescence virtually destroys the right of the person. [See Vidyavathi Kapoor Trust v. CIT, 1991 SCC OnLine Kar 331 : (1992) 194 ITR 584] Given the aforesaid legal position, inactive acquiescence on the part of the respondent can be inferred till the filing of the appeal, and not for the period post filing of the appeal. Nevertheless, this acquiescence being in the nature of estoppel bars the respondent from claiming violation of the right of fair representation."*

(emphasis supplied by the Hon'ble Supreme Court)

18. In **Mrinmoy Maity v. Chhanda Koley**, 2024 SCC OnLine SC

551, the Hon'ble Supreme Court held that: -

*"9. ...An applicant who approaches the court belatedly or in other words sleeps over his rights for a considerable period of time, wakes up from his deep slumber ought not to be granted the extraordinary relief by the writ courts. This Court time and again has held that delay defeats equity. Delay or latches is one of the factors which should be born in mind by the High Court while exercising discretionary powers under Article 226 of the Constitution of India. In a given case, the High Court may refuse to invoke its extraordinary powers if laxity on the part of the applicant to assert his right has allowed the cause of action to drift away and attempts are made subsequently to rekindle the lapsed cause of action.*

*10. The discretion to be exercised would be with care and caution. If the delay which has occasioned in approaching the writ court is explained which would appeal to the conscience of the court, in such circumstances it cannot be gainsaid by the contesting party that for all times to come the delay is not to be condoned. There may be myriad circumstances which gives rise to the invoking of the extraordinary jurisdiction and it all depends on facts and circumstances of each case, same cannot be described in a straight jacket formula with mathematical precision. The ultimate discretion to be exercised by the writ court depends upon the facts that it has to travel or the terrain in which the facts have travelled.*

*11. For filing of a writ petition, there is no doubt that no fixed period of limitation is prescribed. However, when the extraordinary jurisdiction of the writ court is invoked, it has to be seen as to whether within a reasonable time same has been invoked and even submitting of memorials would not revive the dead cause of action or resurrect the cause of action which has had a natural death. In such circumstances on the ground of delay and latches alone, the appeal ought to be dismissed or the applicant ought to be non-suited. If it is found that the writ petitioner is guilty of delay and latches, the High Court ought to dismiss the petition on that sole ground itself, in as much as the writ courts are not to indulge in permitting such indolent litigant to take advantage of his own wrong. It is true that there cannot be any waiver of fundamental right but while exercising discretionary jurisdiction under Article 226, the High Court will have to necessarily take into consideration the delay and latches on the part of the applicant in approaching a writ court."*

19. Therefore, the law is well settled that a claim for arrears of salary for a period earlier than three years, cannot be entertained by the High Court and the Writ Petition filed in the year 2024 for claiming payment of arrears of salary for the period June, 2006 to 30.06.2009 cannot be entertained.

20. Further, the mere fact that the petitioner had filed Writ A No. 227 of 2023 which was disposed off by means of an order dated 15.02.2023, giving the petitioner liberty to file a representation ventilating his grievances, the submission of the representation and rejection thereof will not revive the more than 15 years old stale cause of action of the petitioner.

21. In the case **of State of Uttaranchal and another Vs. Sri Shiv Charan Singh Bhandari and others:**

(2013) 12 SCC 179 the Hon'ble Supreme Court held that *"it is clear as crystal that even if the court or tribunal directs for consideration of representations relating to a stale claim or dead grievance it does not give rise to a fresh cause of action. The dead cause of action cannot rise like a phoenix. Similarly, a mere submission of representation to the competent authority does not arrest time."*

22. The aforesaid decision has been relied upon by the Hon'ble Supreme Court in **State of West Bengal Vs. Debabrata Tiwari:** 2023 SCC OnLine SC 219, where after submitting an application in the year 2005-06 the petitioners did nothing further to pursue the matter for a period of ten years. The Hon'ble Supreme Court held that such prolonged delay in approaching the High Court may be regarded as a waiver of a remedy and such a delay would disentitle the writ petitioners to the discretionary relief under Article 226 of the Constitution of India.

23. In view of the aforesaid discussion, the Writ Petition filed in the year 2024 claiming payment of difference in salary for the period June 2006 to 2009, i.e., that is after expiry of more than 15 years, suffers from latches and the same is dismissed on this ground alone.

(Delivered by Hon'ble Ajit Kumar, J.)

1. Heard Sri Ashok Khare, learned Senior Advocate assisted by Sri Siddharth Khare, learned counsel for the petitioner and Sri Abhishek Srivastava, learned counsel for respondent nos. 2 and 3 and Sri Brajesh Pratap Singh, learned counsel for respondent no. 4.

2. The petitioner before this Court while working as Executive Engineer came to be suspended on 5.10.2019 setting into motion a regular disciplinary enquiry. It transpires from the record that some preliminary fact finding enquiry report was submitted by a three member committee constituted in that regard on 3rd April, 2020 and as a consequence thereof, a regular chargesheet was issued on 26.10.2020 to the petitioner which as many as three articles of charges to which petitioner submitted a detailed reply on 31.12.2020 denying all the charges.

3. It further transpires that thereafter an oral enquiry was held as per chargesheet itself petitioner was issued with notice by the enquiry officer to appear before the enquiry committee and get himself examined. In response to the same petitioner did appear before the Enquiry Committee on 15.2.2021 and an oral statement was recorded, which has come to be so noted on the order sheet of the enquiry proceeding as has come to be annexed alongwith counter affidavit as Annexure CA-1. It has come further to be noted therein that petitioner did not ask for any other witness to be examined, nor did he file any other document in addition to what he had already submitted alongwith reply. It is thereafter that oral enquiry was stated to have been concluded and the final enquiry came to be submitted indicting the petitioner of the charges levelled in the chargehseet. Soonafter the report was submitted bringing home the charge by enquiry committee on 15.2.2021, petitioner was issued with a show cause notice to which he submitted reply and finally his reply having not been found satisfactory, he was awarded with maximum punishment of dismissal from service. Upon appeal being preferred against the said order, it met the same fate as his explanation offered to the show cause notice not found satisfactory and hence this petition.

4. Twin arguments advanced by learned counsel for Senior Advocate appearing for the petitioner:

a. The chargesheet issued to the petitioner was approved only by Managing Director and Chairman of the U.P. Power Corporation being appointing authority and the disciplinary authority, the chargesheet ought to have been issued only after approval of the Chairman under the relevant regulation. In the circumstances, therefore, once the chargesheet was not approved by the competent authority, the entire enquiry pursuant thereto was taken to be without lawful authority and resultantly the order of dismissal from service was also to be held bad; and

b. Except for the oral examination of the petitioner, no oral enquiry was held, inasmuch, no departmental witness was examined and enquiry officer instead of getting preliminary enquiry report proved before him proceeded to rely upon the same and the statement made before the committee that had held preliminary enquiry report brought home the charge

which was against procedure prescribed for holding major enquiry.

5. Learned Senior Advocate has relied upon the relevant regulations as contained in 2021 Regulation.

6. Meeting the arguments advanced by learned Senior Advocate Sri Abhishek Srivastava, learned counsel for the respondent submitted that the Board of Directors of the U.P. Power Corporation Ltd. had adopted a resolution as back as on 28th April, 2010, by which Managing Director have been conferred with power of the disciplinary authority in all matters of disciplinary proceeding and imposition of various penalties except penalty of dismissal, which power continues to be vested with Chairman of Corporation. He has brought on record the consequential letter issued pursuant to resolution brought by the Board of Director dated 28th April, 2010. He, therefore, argues that since at the time of issuance of chargehseet, it could not have been perceived as to whether petitioner was to be awarded with major penalty in the nature of dismissal from service as it was to depend upon the outcome of the enquiry report, therefore, Managing Director was the competent authority in the matter to approve the chargesheet to set into motion a regular disciplinary enquiry.

7. In so far as second argument advanced by learned Senior Advocate is concerned, Sri Srivastava has submitted that from the perusal of the enquiry report, it does appear that petitioner demanded and yet no departmental witness was examined. He, however, submits before the Court that these pleas were not taken either in reply to the show cause notice, nor even at the stage of enqiury when it was being conducted, nor at the stage of appeal and so this may not be open for the petitioner to raise two issues here before the Court first time under Article 226 of the Constitution. He has also submitted that in the matter of disciplinary enquiry, this Court will be rarely interfering in exercise of its extra ordinary jurisdiction of under Article 226 of the Constitution.

8. Meeting the argument, in rejoinder affidavit, Mr. Khare has placed the judgment of Supreme Court in the case of **State of Tamil Nadu v. Pramod Kumar, IPS and Another (2018) 17 SCC 677,** in which Supreme Court held that if there is inherent flaw in framing of the chargesheet then it goes to the root of the matter of disciplinary proceeding being de hors the beyond procedure and so cannot result in valid imposition of penalty. It is further submitted that it is well settled legal proposition that when rules require a thing to be done in a particular manner then it should be done in that manner **alone M/s Tata Chemicals Ltd. v. Commissioner of Customs (Preventive) Jamnagar (2015) 11 SCC 628** and 2022 8 SCC 713

9. Having heard learned counsel for the respective parties and having perused the records, I find that first argument advanced by Mr. Khare regarding incompetent chargesheet deserves to be rejected. Under the relevant rules cited before me the authority to impose punishment of dismissal/removal from service has only been vested with Chairman and so at the stage of issuance of charge sheet a punishment could not have been proved. However, if authority chooses to impose punishment of dismissal after enquiry, it

is at that stage show cause notice should be issued only by the Chairman.

10. Now coming to the merit of the case regarding disciplinary proceedings and action, I find from the perusal of the chargesheet that in the chargesheet, the basic document that have been relied upon are committees' report and statements of certain consumers and other persons recorded before the committee specially constituted that had held preliminary enquiry. These documents have been relied upon including besides the bank deposits, payslip in support of first charge. From the perusal of the enquiry report, I find that after referring to the article of charges, specially charge no. 1, the enquiry committee proceeded to refer and record the oral statement made by the petitioner and thereafter it has proceeded to examine charge no. 1 on merits and has relied upon not only preliminary enquiry report, but also statement of certain outsiders and the consumers that were recorded before the preliminary conducting committee. Thus, it is clear that while holding regular enquiry committee failed to record statement of witnesses whose statement was recorded before the preliminary enquiry conducting committee so as to ensure that those statements are proved in departmental enquiry committee. Those persons were not at all summoned by enquiry officer to test the veracity of the findings returned by the preliminary enquiry report.

11. In the considered view of the Court any document that is relied upon for arriving at finding of fact must be strictly proved. The legal proposition is very sound to the effect about a document which is required to be proved, is to to be proved either by who had answered it or by the person who is witness while the document was being prepared or getting examined the person in whose presence the document was executed or if examine the person who may said to be authorized persons to have custody of the document. Any of the procedures, if not followed in getting a particular document proved or even preliminary enquiry report is also not proved and that is relied upon then in my considered view finding of fact based upon such report cannot be relied upon so as to bring home the charge. I, therefore, find there to be basic flaw in the entire enquiry committee report even in respect of charge nos. 2 and 3. Thus findings returned by the enquiry committee could not have been reckoned with by the disciplinary authority while relied upon the same.

12. In the matter of State of **Uttar Pradesh and Others v. Saroj Kumar Sinha (2010)2 SCC 772,** the Supreme Court has very categorically held that oral enquiry is sine qua non in the matters of disciplinary enquiry when conducted for awarding major penalty. Vide paragraph 22, the Court has held thus:

*"34. This Court in the case of Kashinath Dikshita v. Unionof India, (1986) 3 SCC page 229, had clearly stated the rationale for the rule requiring supply of copies of the documents, sought to be relied upon by the authorities to prove the charges levelled against a Government servant. In that case the enquiry proceedings had been challenged on the ground that non supply of the statements of the witnesses and copies of the documents had resulted in the breach of rules of natural justice. The appellant therein had requested for supply of the copies of the documents as well as the statements of the witnesses at a preliminary enquiry. The request made by the appellant was in terms turned down by the disciplinary authority.*

*35. In considering the importance of access to documents in statements of witnesses to meet the charges in an effective manner this Court observed as follows:*

*"When a government servant is facing a disciplinary proceeding, he is entitled to be afforded a reasonable opportunity to meet the charges against him in an effective manner. And no one facing a departmental enquiry can effectively meet the charges unless the copies of the relevant statements and documents to be used against him are made available to him. In the absence of such copies, how can the concerned employee prepare his defence, cross- examine the witnesses, and point out the inconsistencies with a view to show that the allegations are incredible? It is difficult to comprehend why the disciplinary authority assumed an intransigent posture and refused to furnish the copies notwithstanding the specific request made by the appellant in this behalf. Perhaps the disciplinary authority made it a prestige issue. If only the disciplinary authority had asked itself the question: "What is the harm in making available the material?" and weighed the pros and cons, the disciplinary authority could not reasonably have adopted such a rigid and adamant attitude. On the one hand there was the risk of the time and effort invested in the departmental enquiry being wasted if the courts came to the conclusion that failure to supply these materials would be tantamount to denial of reasonable opportunity to the appellant to defend himself. On the other hand by making available the copies of the documents and statements the disciplinary authority was not running any risk. There was nothing confidential or privileged in it."*

*36. On an examination of the facts in that case, the submission on the behalf of the authority that no prejudice had been caused to the appellant, was rejected, with the following observations:*

*"Be that as it may, even without going into minute details it is evident that the appellant was entitled to have an access to the documents and statements throughout the course of the inquiry. He would have needed these documents and statements in order to cross-examine the 38 witnesses who were produced at the inquiry to establish the charges against him. So also at the time of arguments, he would have needed the copies of the documents. So also he would have needed the copies of the documents to enable him to effectively cross- examine the witnesses with reference to the contents of the documents. It is obvious that he could not have done so if copies had not been made available to him. Taking an overall view of the matter we have no doubt in our mind that the appellant has been denied a reasonable opportunity of exonerating himself."*

13. A division bench of this Court in the case of **Mahesh Narain Gupta v. State of U.P. and Others 2011 (2) ILR 570** had dealt with this aspect to the fact held thus:

*"At this stage, we are to observe that in the disciplinary proceedings against a delinquent, the department is just like a plaintiff and initial burden lies on the department to prove the charges which can certainly be proved only by collecting some oral evidence or documentary evidence, in presence and notice charged employee. Even if the department is to rely its own record/document which are already available, then also the enquiry officer by*

*looking into them and by assigning his own reason after analysis, will have to record a finding that hose documents are sufficient enough to prove the charges.*

*In no case, approach of the Enquiry Officer that as no reply has been submitted, the charge will have to be automatically proved can be approved. This will be erroneous. It has been repeatedly said that disciplinary authority has a right to proceed against delinquent employee in ex parte manner but some evidence will have to be collected and justification to sustain the charges will have to be stated in detail. The approach of the enquiry officer of automatic prove of charges on account of non filing of reply is clearly misconceived and erroneous. This is against the principle of natural justice, fair play, fair hearing and, thus, enquiry officer has to be cautioned in this respect."*

14. Very recently in the case of State **of U.P. and Others v. Kishori Lal and Another, 2018 (9) 397 (DB) (LB)** the Court has held that oral enquiry to be mandatory. Vide paragraph 14, the Court had held thus:

*"14. Now coming to the question, what is the effect of non-holding of domestic/oral inquiry, in a case where the inquiry officer is appointed, oral inquiry is mandatory. The charges are not deemed to be proved suo motu merely on account of levelling them by means of the charge-sheet unless the same are proved by the department before the inquiry officer and only thereafter it is the turn of delinquent employee to place his defence. Holding oral enquiry is mandatory before imposing a major penalty, as held by Apex Court in State of U.P. and another v. T.P.Lal Srivastava, 1997 (1) LLJ 831, as well as by a Division Bench of this Court in Subhash Chandra Sharma v. Managing Director and another, 2000 (1) UPLBEC 541."*

15. The court have followed recently the judgment of coordinate bench in the case of Suresh Babu v. State of U.P. and Others being Writ A No. 12991 of 2023 decided on 19.10.2023.

16. Further in the case of M/s Tata Chemicals Ltd. v. Commissioner of Customs (Preventive) Jamnagar (2015) 11 SCC 628, Supreme Court has held that *"if the law requires that something be done in a particular manner, it must be done that manner, and if not done in that manner has no existence in the eye of the law at all. The Customs Authorities are not absolved from following the law depending upon the acts of a particular assessee. Something that is illegal cannot convert itself into something legal by the act of a third person."*

17. In view of above, therefore, the order of punishment which is maximum penalty in the nature of dismissal cannot be sustained in law and the same deserves to be set aside and so also the order of appeal affirming the same also deserves to be set aside.

18. At this stage, Mr. Srivastava, has tried to argue that since petitioner has been dismissed from service he should not be directed to be reinstated, in this connection he has relied upon the judgment of Supreme Court in the case **of State of U.P and Others v. Rajit Singh, 2022 (4) ADJ 295**. He has heavily relied upon paragraph 8 of the judgment, which is reproduced hereunder:

*8. It appears from the order passed by the Tribunal that the Tribunal*

*also observed that the enquiry proceedings were against the principles of natural justice in as much as the documents mentioned in the charge sheet were not at all supplied to the delinquent officer. As per the settled proposition of law, in a case where it is found that the enquiry is not conducted properly and/or the same is in violation of the principles of natural justice, in that case, the Court cannot reinstate the employee as such and the matter is to be remanded to the Enquiry Officer/Disciplinary Authority to proceed further with the enquiry from the stage of violation of principles of natural justice is noticed and the enquiry has to be proceeded further after furnishing the necessary documents mentioned in the charge sheet, which are alleged to have not been given to the delinquent officer in the instant case. In the case of Chairman, Life Insurance Corporation of India and Ors. Vs. A. Masilamani, (2013) 6 SCC 530, which was also pressed into service on behalf of the appellants before the High Court, it is observed in paragraph 16 as under:-*

*"16. It is a settled legal proposition, that once the court sets aside an order of punishment, on the ground that the enquiry was not properly conducted, the court cannot reinstate the employee. It must remit the case concerned to the disciplinary authority for it to conduct the enquiry from the point that it stood vitiated, and conclude the same. (Vide ECIL v. B. Karunakar [(1993) 4 SCC 727], Hiran Mayee Bhattacharyya v. S.M. School for Girls [(2002) 10 SCC 293], U.P. State Spg. Co. Ltd. v. R.S. Pandey [(2005) 8 SCC 264] and Union of India v. Y.S. Sadhu [(2008) 12 SCC 30]).*

19. In the case of **Managing Director ECIL Hyderabad etc. v. B. Karunakar etc. AIR 1994 SC 1074,** a constitution bench judgment, it has been categorically held while court of law or Tribunal proceeds to quash the order of punishment then it should remand matter to be tried again from that stage where flaw has occurred and employees states as was then be retired. The Court has observed "*Where after following the above procedure the Courts/Tribunals sets aside the order of punishment, the proper relief that should be granted is to direct reinstatement of the employee with liberty to the authority, management to proceed with the inquiry, by placing the employee under suspension and continuing the inquiry from the stage of furnishing him with the report." Since here is a case where I find that departmental enquiry was not properly held in the matter, therefore, matter deserves to be remitted to the stage of holding enquiry afresh on the basis of charge sheet issued to the petitioner and reply already submitted by petitioner.*

20. It is also not disputed that suspension of petitioner was revoked on 4.11.2020 and petitioner was working at the time when impugned order was passed.

21. Accordingly, while I quash the orders dated 09.06.2021 passed by Chairman U.P. Power Corporation Ltd. Lucknow and order dated 21.10.2021 issued by the Board of Director of U.P. Power Corporation Ltd. with consequential benefits to the petitioner, I hereby provide that department shall be holding enquiry afresh by appointing fresh enquiry committee giving full information in that regard to the petitioner and concluding the enquiry by holding full fledged oral enquiry in accordance with the procedure prescribed within a maximum period of three months from the date of production of

certified copy of this order and bring the disciplinary proceeding itself shall be concluded within further period of two months. Petitioner shall be entitled to current salary only and arrears of salary shall depend upon the outcome of the result of the writ petition. Since petitioner was already reinstated while enquiry was gong on by revoking suspension order, the authority may not suspend him again in the given facts and circumstances of the case.

22. With the aforesaid observations and directions, this petition stands allowed.

2. Arjun Kumar Singh & ors. -Writ - A No. 16819 of 2018

3. Ram Nath Verma & ors. Vs St. of U.P. & ors., 2017 (7) ADJ 46

(Delivered by Hon'ble Ajit Kumar, J.)

1. In the light of office order dated 02.03.2021 a photocopy of the rejoinder affidavit is supplied by learned counsel for the petitioner which is taken on record.

2. Heard Sri Siddharth Khare, learned counsel for the petitioner and Sri Rafat Raza Khan, learned counsel for the contesting respondents.

3. Petitioner before this Court is aggrieved by the order dated 07.07.2018, whereby, his claim for regularization as a Group - D employee has been rejected.

4. Briefly stated facts are that the petitioner was initially appointed on daily wage basis on the post of Fitter on 01.02.1999. He claimed to have discharged his duties as such and was working at the relevant point of time when the regularization rules dated 12.09.2016 were brought into force by the State Government providing for regularization of daily wage/ work charge/ contract employees upon Group - C and Group - D posts of the Government Department (outside the purview of Public Service Commission). This Government Order though was issued in respect of Government Department posts but it is an admitted position to the parties that this Government Order was adopted by the Urban Development Department.

5. The claim of the petitioner has been rejected on the ground that on the date of enforcement of regularization rules in the year 2016, petitioner was not working on daily charge basis. It has been held that the petitioner continued to work from 1991 till 2014 when he was removed and it was in the year 2017 only when the then Chairman, Nagar Palika Parishad engaged Altaf Hussain as an outsource employee. Thus, petitioner being not in employment on the date of enforcement of regularization order, could not be given benefit thereof and his claim for regularization came to be rejected.

6. The submission advanced by learned counsel for the petitioner is that the petitioner was in employment on the cut off date i.e. 31.12.2001 as he was engaged initially on 01.02.1999 and he worked until the year 2014 when he was fired being only a daily wage employee but he was re-engaged in the year 2017 and therefore, the period from 2014 and 2017 should be taken to be of artificial breaks. He has placed reliance upon the judgment of this Court in the case of **Janardan Yadav v. State of U.P. & Others, 2008 (1) UPLBEC 498** followed by a coordinate bench of this Court in the case of **Arjun Kumar Singh & 11 Others** being **Writ - A No. 16819 of 2018** and also another judgment of coordinate bench in the case of **Ram Nath Verma & Others v. State of U.P. & Others, 2017 (7) ADJ 46.**

7. Having perused the order impugned, the relevant regularization rules, 2016 placed before me and the authorities cited, I find that the rules do provide vide its clause 6(1) that an employee seeking regularization must have been working as daily wager or contract employee or as a work charge employee since prior to 31.12.2001 and must be in service on the date of enforcement of regularization rules. The regularization Rules came into force on 12.09.2016. There is no quarrel that the petitioner was engaged on daily wage post on 01.02.1999 and worked till 2014, so he was in employment prior to the cut off date, but unfortunately before the rules were brought into force, petitioner had already been removed from the employment. Thus, on the date of enforcement of rules, petitioner was not in employment.

8. The judgment in the case of **Janardan Yadav** (supra) deals with the provisions of sub clause 6(1) of the rules and interprets it to mean that an employee must be in employment since prior to cut off date and on the date of enforcement of rules, but he is not required to be in continuous service from the cut off date till the enforcement of rules, it has been held that it is not the intendment of rule making authority. The word "continuing in service" has been interpreted to mean that he has worked with artificial breaks during the period but must have been in employment since prior to cut off date and on the date of enforcement of rules. This fact in the case of **Janardan Yadav** *(supra)* was not in dispute that the petitioner Janardan Yadav was working in the establishment on the date of commencement of Rules, 2001. Paragraph no. 5 of the judgment is reproduced hereunder:

*"Since the facts are not is dispute and it is also not disputed that the petitioner was engaged on daily wage basis in 1984, i.e., before 29.6.1991 and was also working on the date of commencement of Rules 2001, i.e, on 21.12.2001, thus it is evident that he was entitled to be considered for regularization under the said Rules. The only question up for*

*consideration is whether the said Rules require continuous service throughout, i.e., from the date of initial engagement till the commencement of the Rules. In my view, there is no such requirement under the Rules as is apparent from perusal thereof. Rule 4(1) of Rules 2001 is reproduced as under:*

*"4. Regularisation of daily wages appointments on Group "D' posts.- (1) Any person who-*

*(a)was directly appointed on daily wage basis on a Group "D' post in the Government service before June 29, 1991 and is continuing in service as such on the date of commencement of these rules; and*

*(b)possessed requisite qualification prescribed for regular appointment for that post at the time of such appointment on daily wage basis under the relevant service rules, shall be considered for regular appointment in permanent or temporary vacancy, as may be available in Group "D' post, on the date of commencement of these rules on the basis of his record and suitability before any regular appointment is made in such vacancy in accordance with the relevant service rules or orders."*

9. Same is the legal view taken by a coordinate bench in the case of **Arjun Kumar Singh** *(supra).* The coordinate bench has found regularization rules 2001 and 2016 to be providing regularization on some parameters and I do not find these judgments to be in any manner helpful to the petitioner. The judgment in the case of **Ram Nath Verma** *(supra)* by another coordinate bench also holds that a person must be in service on the date of enforcement of rules. Vide paragraph nos. 16 and 17 the Court has observed thus:

*"16. The Court found that only requirement under Rule 4(1)(a) of the Rules, 2001 is that the incumbent should directly be appointed on daily wage basis before 29.6.1991 and is continuing in service as such on the date of commencement of the Rules.*

*17. The respondents have admitted in the said case that the petitioners fulfill all the three conditions mentioned in Rule-4 of the Rules, 2001 except their continuous service. This fact clearly demonstrates that the issue in respect of the three conditions i.e. (i) their engagement should be of prior to 1991; (ii) they have requisite qualification required for the regular appointment; and (iii) they are continuing in service, cannot be re-opened by the respondents in subsequent proceedings as the admitted position noted by the Court has not been challenged by the respondents. Hence, the only question which requires consideration is that whether the ground for rejection of their regularization that they are continuously working, is to be considered."*

9. In view of the above, I do not find any manifest error in the order impugned.

10. Petition lacks merit and is accordingly **dismissed**.

**A. Service Law - Retrospective regularization -** A retrospective regularization if restores seniority, then fixation of salary/ pay scale of an employee cannot be lower than that of other employee/ employees who is/ are junior to him**. (Para 7)**

**B.** By the impugned order, the pay fixation and promotional pay scale awarded to the petitioner, taking him to have been regularized with effect from 27.09.1991, was cancelled. Held – In the resolution adopted by the development authority conferring retrospective regularization clearly stated that no pecuniary benefits were to be given to the petitioner however, the resolution does not specify that the period for which the petitioner was given regularization (i.e., between 27.09.1991 and 29.01.2001) would not be counted for future benefits, such as time scale, selection pay, ACP benefits, etc. The phrase salary benefits, etc. would not be admissible should be understood to mean that no arrears of salary would be given to the petitioner. While the resolution grants retrospective regularization and preserves the petitioner's seniority, it implies that this period can be accounted for future pay scale and other service benefits, such as ACP benefits, time scale benefits, and selection grade benefits. Impugned order quashed **(Para 6)**

(Delivered by Hon'ble Ajit Kumar, J.)

1. Heard Shri Jitendra Rana, learned counsel for the petitioner and Shri Ramesh Kumar Singh, learned Advocate holding brief of Shri B.Dayal, learned counsel for respondents No. 2 and 3.

2. Petitioner before this Court who had been working as accounts clerk with the concerned local body has assailed the order passed by the vice-chariman of the Meerut Development Authority dated 12.09.2008 whereby the pay fixation and the promotional pay scale awarded to the petitioner taking him to have been regularized with effect from 27.09.1991 has been cancelled.

3. The submission advanced on behalf of the petitioner is that once the petitioner was given regularization with effect from 27.09.1991 when other persons junior to him were regularized as accounts clerk by the development authority, the natural consequence was to give him pay protection in terms of promotional pay scale and incidental benefits as per Acquired Career Progression Scheme. He submits that since regularization order was passed by the development authority and approved by the then secretary of the development authority and the vice president also clearly provided that the petitioner would not be given any salary benefit, it was clear that the petitioner would not be paid any arrears of salary for the period 27.09.1991 to 29.01.2001, however, he further submits, the selection made and the promotional avenues that were conferred upon the petitioner, were only made admissible upon his attaining requisite period of service i.e. 10 years and 14 years and these service time period has naturally fallen after the petitioner was given his first posting on 29.01.2001. According to him, therefore, period running from 27.09.1991 and 29.01.2001 was certainly to be reckoned with as there was no such rider in the order and the resolution adopted by the development authority regarding benefits to be conferred upon him by way of seniority for his retrospective regularization. Thus, according to learned counsel all the pecuniary benefits of time scale selection, etc. stood conferred upon him taking into

consideration his service period between 27.09.1991 and 29.01.2001 and there was no fallible error on part of the development authority in doing so which may have warranted interference by the vice chariman under the impugned order and yet he has been penalized. It is also argued that the order impugned definitely had adverse consequences and, therefore, the petitioner ought to have been served upon with prior notice much less a show cause notice, at least, to offer his explanation before passing any such order.

4. Learned counsel for the contesting respondent has sought to defend the order impugned herein this writ petition on the ground that since there no pecuniary benefit was to be given under the earlier order of regularization dated 23.02.2007 giving seniority to the petitioner wef 27.09.1991, the petitioner was definitely not entitled to any benefit in terms of time scale pay, etc. However, in the entire counter affidavit not a single avernment has come up that the petitioner was conferred with any pecuniary benefit as such towards the arrears or increment between the period 27.09.1991 to 29.01.2001. All that he has argued is that even the time scale and other benefits could not have been conferred upon taking the service in question into account. Learned counsel for the local body has, admitted this fact that there is no such avernment in the counter affidavit that the order did not confer upon the petitioner with regularization w.e.f 27.09.1991, had never been recalled at any point of time.

5. Having heard learned counsel for the respective parties and having perused the records particularly the order dated 16.05.2008 as approved by the vice Chairman, I find that petitioner though was given effective appointment on 29.01.2001 upon retirement of one Ravindra Kumar the then accounts clerk but the development authority detected a serious error in not giving regularization to the petitioner on 14.02.1991 when instead of four persons in the general category, two persons in the SC category and one person in the OBC category, five persons were appointed in the general category leaving the OBC quota completely unfilled and diverting the OBC category posts to the general category. It is an admission in the resolution adopted by the development authority itself that this was a serious error that had occurred and petitioner deserved regularization in the year 1991 itself and this was how by means of the said resolution the error was sought to be rectified at later point of time.

6. From the perusal of the resolution it clearly transpires that no pecuniary benefits were liable to be given to the petitioner only for the reason that since regularization was being given effect to retrospectively, as well as the seniority. However, the resolution does not say that the period for which the petitioner is given regularization i.e. between 27.09.1991 and 29.01.2001, would not be counted for future benefits, time scale, selection pay, ACP benefits, etc. The words "???? ??? ?? ??? ???? ??? ????" salary benefits, etc. would not be admissible, would be taken to mean only that no arrears of salary shall be given to the petitioner for simple reason that he was being regularized with retrospective effect. This obviously would be the correct interpretation of resolution for the simple reason that the petitioner did not work as accounts clerk during the relevant period. The settled legal principle 'no work no pay' would certainly be attracted. But while the resolution gives retrospective regularization and protects seniority of the petitioner, as such it would

definitely mean that this period could be accountable for the purposes of future pay scale and other service benefits like ACP benefits, time scale benefits and selection grade benefits. In the impugned order which has been passed, there is no mention, nor I find to be any recital to this effect that petitioner was given any pecuniary benefit and thereby arrears of salary or arrears otherwise of dues for the period running between 27.09.1991 till 29.01.2001. All these fixation of selection grade, etc. has been done only after 29.01.2001 when the petitioner got substantive appointment as accounts clerk and started working as such.

7. Even otherwise a retrospective regularization if restores seniority, then fixation of salary/ pay scale of an employee cannot be lower than that of other employee/ employees who is/ are junior to him. This if is permitted will lead to arbitrariness and discrimination and so should be hit by Article 14 of the Constitution petitioner is to be protected considering entire period of service, may be arrears of salary for the period are not paid .

8. In view of the above, therefore, the resolution adopted by the development authority and the approval thereof by the vice chairman dated 12.09.2008 impugned herein this writ petition cannot be sustained.

9. It is stated at the Bar that the petitioner has already attained the age of superannuation. Accordingly, resolution of the board and and the approval thereof by the Vice Chairman dated 12.09.2008 annexure No.12 to the writ petition is hereby quashed. Whatever the dues have remained withheld only on account of impugned order which has been set aside today, shall be paid to the petitioner forthwith within a period of three months from the date of production of certified copy of this order. If the petitioner is receiving pension, the same shall be revised and fixed, accordingly. It is made clear that if the arrears as directed herein above, are not paid within the stipulated period of time as prescribed above, petitioner shall be entitled to interest at the rate of 12% from the date of expiry of three months till actual payment is made.

10. This petition thus, stands allowed accordingly.

(Delivered by Hon'ble Subhash Vidyarthi, J.)

1. By means of the instant writ petition filed under Article 226 of the Constitution of India, the petitioner has challenged validity of selections made on the post of Post Graduate Teachers (English) for the year 2013, held in pursuance of Advertisement No.2-2/2013 dated 04.01.2013 issued by the Secondary Education Services Selection Board. An alternative prayer has been made for revision of the final answer key and issuance of select list on the basis thereof.

2. Briefly stated, facts of the case are that the Secondary Education Selection Service Board, Uttar Pradesh (herein referred to as 'the Selection Board') had issued a notification dated 04.01.2013 for making selections for appointments to various posts of Lecturers, including 97 Posts of Lecturers (English) in boys category and 13 posts of Lecturer (English) in girls category. The petitioner had applied and participated in the written examination held on 22.02.2015 in furtherance of the aforesaid advertisement.

3. The dispute involved in the present writ petition relates to question Nos. 59, 81 and 107 of 'A' Series question paper of English, which were as follows:-

*"Question No.59. Shakespeare's The tempest is a –*
*(A) Tragedy*
*(B) Comedy*
*(C) Tragic Comedy*
*(D) History play*

*Question No.81. Thomas hardy started his literary career as –*
*(A) Novelist*
*(B) Short story writer*
*(C) Poet*
*(D) Dramatist*

*Question No.107. Fill in the blank with suitable preposition:-*
*Some trains run _ _ _ electricity*
*(A) from*
*(B) on*
*(C) with*
*(D) by"*

4. The Selection Board published a provisional answer key wherein the correct answer of question No.59 was shown as option 'C - Tragic Comedy', the correct answer of question No.81 was shown as option 'C – Poet' and correct answer of question No.107 was shown as option 'D - By'.

5. After publication of the provisional answer key, some candidates filed objections against the answers of nine questions and thereafter, the Selection Board published a revised answer key dated 20.5.2015 wherein it revised answers of question Nos. 36, 59 and 81. Further question Nos.1, 28, 46, 48, 67 and 117 (of 'A' series question paper) were marked "F" indicating that the questions either contained more than one correct answer or no correct answer and, therefore, all the candidates were awarded full marks for the aforesaid questions. This resulted in serious prejudice to the petitioner and some other candidates and, therefore, the petitioner filed Writ A No.45977 of 2015 in this court along with another petitioner.

6. Some other writ petitions were also filed with the same grievance. One of such writ petitions bearing Writ A No.37051 of 2015; *Atender Kumar and another Vs. State of U.P. and another*, was disposed of by means of an order dated 09.07.2015 directing the Selection Board to take a decision on the objections filed by the petitioners. Writ A No.45977 of 2013 was also disposed of by means of an order dated 31.08.2015, permitting the petitioners to file objections before the Selection Board and the Selection Board was directed to take a decision on the same expeditiously, after receiving a report from the expert body.

7. In furtherance of the aforesaid order passed by this Court, the Selection Board referred sought an expert's opinion from the University of Allahabad. The petitioner had filed detailed objections before the Selection Board on 08.09.2015.

8. After receiving the report of the expert body, the Selection Board published the second revised answer key on 20.04.2016, wherein apart from the questions, whose answers had been challenged, revised answers were issued in respect of some other questions also. The Selection Board had marked "F" in front of three new questions No. 23, 30 and 46 in the second revised answer key and it revised the answer of question No.117, which was not in dispute. Answers of question Nos. 28, 36, 48, 59 and 81 given

in the first revised answer key remain unaltered.

9. The petitioner contends that the answers mentioned in the provisional answer key contain correct answers to all the questions and the Selection Board wrongly entertained some objections filed by some candidates in a mechanical manner and the revised answer keys published on 20.05.2015 and 20.04.2016 have resulted in serious prejudice to the interests of the petitioner. As per the petitioner, correct answers to question Nos.1, 23, 28, 30, 36, 46, 48, 67 and 117 were available in the question paper and yet, all the aforesaid questions have been marked "F", due to which all the candidates were awarded full marks for the aforesaid questions.

10. The petitioner further submits that answers to the question Nos. 36, 59, 81 and 107 given in the provisional answer key were correct and the same have wrongly been altered by the Selection Board while revising the answer keys.

11. In the provisional answer key, answer to question No.59 was that "Shakespeare's 'The tempest' is a 'Tragic comedy', which has been changed to 'Comedy' in the revised answer keys. The petitioner contends that the answer to question No.59 shown in the provisional answer key was correct and to support the submission, the petitioner has annexed copies of extracts of a book titled "A Norton Critical Edition - William Shakespeare - The Tempest" containing criticism of The Tempest, wherein the authors have written in the preface of the book that:-

*"The editors of the first folio divided Shakespeare's plays into three generic groupings- Comedies, Histories and Tragedies. They placed 'The Tempest' in the first of three categories, but few modern readers have been entirely content to leave it there. The play shares some of the other wordily settings and romantic playfulness of A Midsummer Night's Dream, and it moves, like other Shakespearean comedies, toward reconciliation and marriage; but the seriousness of its tone, the suffering experienced by all of the play's characters, and the presence of themes such as exile, enslavement, and mortality have led* ***many modern critics to label it a tragicomedy*** *or to group it with Shakespeare's other late plays in a special category called the "romance"."*

12. The petitioner has also annexed extracts from another book titled "Shakespeare's The Tempest" published in accordance with the latest syllabi of various Universities in India, annotated and edited by Mr. J.P. Goel, M.A. (English), LL.B., wherein it is written that *"The Tempest has been regarded as a very popular tragi-comedy a Shakespeare's last phase of his writing career."*

13. The answer to question No.81 given in the provisional answer key was that *Thomas Hardy started his literary career as a 'Poet'* whereas in the revised answer keys, the answer was changed so as to make it *Thomas Hardy started his literary career as a Novelist.*

14. The petitioner contends that the answer given in the provisional answer key was correct and to buttress this submission, the petitioner has annexed copies of extracts from a book titled *"An Anthology of English Poetry"*, which has been edited by '*The Board of Editors*

*Department of English and Modern European Languages, University of Allahabad'* and is prescribed for the B.A. II English Literature Course of the University of Allahabad. In the preface to the book, Professor Deepika Srivastava, Head of the Department of English and Modern European Languages, University of Allahabad, has written that different teachers have edited different portions of the book. Chapter 4 of the book is titled "Thomas Hardy" and it is written in the book that:-

*"Though his Novels made him famous,* ***Hardy considered himself a Poet and started his literary career with poetry****. He turned to poetry again after the hostile reaction to his novel, 'Jude the Obscure' (1896). Hardy is regarded as a transitional poet whose poetry bridges the Victorian and Modern ages of literature."*

*He produced eight volumes of poetry. These include Wessex Poems (1898), Times Laughing-Stocks (1909), Satires of circumstance (1914) and Winter Words (1928). The bulk of his poetry was written in his late fifties and up to his death at the age of eighty-eight."*

15. The petitioner has also annexed extracts of a book titled *"Thomas Hardy - Selected Poems"* (Edited with a critical introduction, texts, notes, questions and answers) by Ramji Lall, M.A., formerly Principal Dayal Singh College, University of Delhi, New Delhi. Chapter 3 of this book is titled *"Hardy's Poetic Career"* and it is written therein that *"Hardy brought out his first volume of verse in 1898, after he had stopped writing novels. He had certainly written some poetry when he was yet a young man; and then he had taken to a novel-writing, and written a large number of novels which brought him fame and renown."*

16. The petitioner has also annexed copies of extracts from a book titled *"A Critical Study of Thomas Hardy - TESS OF THE D'URBERVILLES*" authored by Dr. B.P. Asthana, M.A. LLB., PhD, wherein the author has written in Chapter 7 titled "Hardy as a Poet" that *"Hardy is famous as a great novelist yet he started his career as a poet and also ended as a poet."* .

17. The petitioner has filed a supplementary affidavit annexing therewith extracts from a book titled "A history of English Literature" by Edward Albert, M.A. revised by J.A. Stone, M.A. published by George G. Harrap & Co. Ltd. (London, Toronto, Wellington, Sydney), wherein it is written that: -

*"Hardy began as a poet, and, though for a long time he was unable to find a publisher for his verse, he continued to write poetry. After the public outcry against his two greatest novels, he wrote only verse."*

18. The petitioner further contends that the answer to question No.107 mentioned in the provisional answer key was that "Some trains are run by electricity" whereas the Selection Board has wrongly revised the answer so as to make it read "Some trains are run on electricity". In support of this submission, the petitioner has annexed an extract from *'Oxford Dictionary, 8th Edition'* wherein while explaining the word 'Tram', it is mentioned in the Dictionary that as a Noun, Tram means *"A vehicle driven by electricity"*, which implies that *'trains run by electricity and not on electricity'*

19. The petitioner contends that in case evaluation is done on the basis of answers to the aforesaid questions mentioned in the provisional answer key, he would be selected.

20. The petitioner has filed a supplementary affidavit annexing therewith copies of extracts of some more books of some renowned authors. In *"A Practical Guide to English Grammar"* authored by K.P. Thakur, M.A. M.Ed., Ph.D, PGCTE, (CIEFL, Hyderabad), former Principal, RDS College, Muzaffarpur, the meaning of the word 'by' has been explained as per which the correct answer to question No.107 would be "Some trains are run by electricity".

21. As per the book 'How to right Correct English (Applied English Grammar)" authored by Shri Rajendra Prasad Sinha, M.A., Ex-Chairman, Bihar College Service Commission also, the correct answer would be 'by'.

22. Extracts from another book titled *"The Advanced Learner's Dictionary of Current English"* published by London Oxford University Press, have also been annexed with the supplementary affidavit, which explains the meaning of word 'by' with the help of an example that *"Machines are driven by steam (water-power, electricity, etc.). Our houses are lighted by electricity."* which indicates that the correct answer to question No.107 will be - "Some trains are run by electricity".

23. In a book titled "High School English Grammar & Composition" prescribed by the Board of High School and Intermediate Education, U.P. for High School Classes, it is written that - 'Some trains are run by electricity'.

24. The Secretary, U.P. Secondary Education Service Selection Board, Allahabad has filed a counter affidavit stating that after receipt of the objections, the same were referred to a subject expert, who gave his opinion in support of the objections, a copy whereby has been annexed with the counter affidavit. A perusal of the opinion of expert, who is a Professor of English, University of Allahabad, reveals that regarding question No. A-59, the expert has opined:-

*"The Tempest is actually classified in Shakespeare's first folio as* ***a comedy, Simply put****, William Shakespeare's The Tempest* ***includes aspects of both tragedy and comedy****. Generally considered Shakespeare's final play (believed to be written around 1610), it is considered the last of his late romance plays. Highly theatrical—better viewed on stage than through reading—The Tempest includes the tragic element of the treacherous death plans followed by Prospero's revenge in addition to the many comic moments; including the love interests of Miranda and Ferdinand, the trickster Ariel, and the monstrous Caliban.* ***The comic moments far outweigh the tragic elements****, making it one of Shakespeare's most enjoyable and sometimes incongruous plays*

*Objection overruled."*

25. Regarding question No. A-81, the expert has opined:-

*"A distinction between "Career" and "literary career" needs to made. The literary career of a person starts with his/her first publication. Hardy's first published work is an essay (1865). His first unpublished book, a novel, is The Poor Man and the Lady (1867) while his first*

*published book, again a novel, is Desperate Remedies (1871). His poems, Wessex Poems, got published much later in 1898. Thus, from the given options, Hardy's literary career began as a novelist."*

26. Regarding question No. A-107, the expert has opined:-

***"Why do trains run on electricity?***

Why don't they run on Diesel? Of course in some places where there is no electricity infrastructure over the tracks the trains do run on diesel.

***MACHINE/ENGINE***

a) [intransitive] if a machine or engine runs, it operates:

She got out of the car and left the engine running.

***Run on electricity/gas/petrol etc.*** (=get its power from electricity etc.)

Most cars run on unleaded fuel."

27. It is significant to mention that the opinion regarding question No. A-107 as printed originally is *"Objection overruled",* but afterwards, the expert has scored out the word *"overruled"* and has written in hand writing *"conceded".*

28. In rejoinder affidavit, the petitioner has contended that the subject expert has not referred to any standard books on the subject and his opinion is contrary to the material published in authoritative works and textbooks. The petitioner contends that the expert has dealt with the matter in a confusing manner.

29. Although the petitioner has impleaded two selected candidates namely, Shri Santosh Kumar Shukla and Ms. Sapna as respondent Nos.3 & 4 on 17.11.2016 and notice was issued to respondent Nos.3 & 4 on the same date through registered post, which has not been returned un-served, the respondent Nos.3 & 4 have not put in appearance to oppose the Writ Petition.

30. The learned Counsel for the petitioner has relied upon the judgments in the cases of **Kanpur University, Through Vice Chancellor and Others v. Samir Gupta and Others: (1983) 4 SCC 309, Saumitra Ginodia versus Union of India and Others**: 2017 SCC OnLine All 4303: (2018) 2 All LJ 98, **Manish Ujwal and Others v. Maharishi Dayanand Saraswati University and others**: (2005) 13 SCC 744 and **Rohit Nandan Shukla v. U.P.S.C. Allahabad And Another** 2016 (5) ADJ 485.

31. The learned Counsel for the respondent no. 2 has submitted that the U.P. Secondary Education Service Selection Board, Allahabad has revised the answer key on the basis of opinion of a subject expert and it has not committed any illegality in doing so. By placing reliance on the judgments in the cases of **Ran Vijay Singh and Others versus State of U.P. and Others:** (2018) 2 SCC 357, **U.P. Public Service Commission versus Rahul Singh: (2018) 7 SCC 254, Rishal v. Rajasthan Public Service Commission:** (2018) 8 SCC 81, **High Court of Tripura v. Tirtha Sarathi Mukherjee**: (2019) 16 SCC 663.

32. In **Kanpur University, Through Vice Chancellor and Others v. Samir Gupta and Others:** (1983) 4 SCC 309, the Hon'ble Supreme Court held that: -

***"16…. We agree that the key answer should be assumed to be correct unless it is proved to be wrong and that it***

***should not be held to be wrong by an inferential process of reasoning or by a process of rationalisation. It must be clearly demonstrated to be wrong, that is to say, it must be such as no reasonable body of men well-versed in the particular subject would regard as correct. The contention of the University is falsified in this case by a large number of acknowledged textbooks, which are commonly read by students in U.P. Those textbooks leave no room for doubt that the answer given by the students is correct and the key answer is incorrect."***

(Emphasis added)

33. The judgment in **Kanpur University, Through Vice Chancellor and Others v. Samir Gupta and Others** (Supra) was followed in **Manish Ujwal and Others v. Maharishi Dayanand Saraswati University and others:** (2005) 13 SCC 744, wherein the Hon'ble Supreme Court set aside an order passed by an Hon'ble Single Judge Bench of the High Court dismissing the Writ Petition and an order passed by a Division bench affirming the Single Judge Bench, and held that where the key answers are palpably and demonstrably erroneous, the student community, whether the appellants or intervenors or even those who did not approach the High Court or the Supreme Court, cannot be made to suffer on account of errors committed by the University. The University and those who prepare the key answers have to be very careful and abundant caution is necessary in these matters for more than one reason. First and paramount reason being the welfare of the student as a wrong key answer can result in the merit being made a casualty. The second reason is that the courts are slow in interfering in educational matters which, in turn, casts a higher responsibility on the University while preparing the key answers; and thirdly, in cases of doubt, the benefit goes in favour of the University and not in favour of the students. If this attitude of casual approach in providing key answers is adopted by the persons concerned, directions may have to be issued for taking appropriate action, including disciplinary action, against those responsible for wrong and demonstrably erroneous key answers.

34. A Division Bench of this Court deciding the case of **Rohit Nandan Shukla v. U.P.S.C. Allahabad And Another** 2016 (5) ADJ 485, followed the judgment in the case3 of **Kanpur University, Through Vice Chancellor and Others v. Samir Gupta and Others** (Supra).

35. In **Saumitra Ginodia versus Union of India and Others**: 2017 SCC OnLine All 4303: (2018) 2 All LJ 98, a Division Bench of this Court held that: -

*"20. Thus, we find that the opinion of the University or the expert, normally, should be accepted as it is assumed that such experts are well versed in their subject. We are further of the opinion that* ***the decision of the examining body or the expert is not beyond judicial review. The prime consideration is to maintain the fairness of the examination and welfare of the students/candidates, inasmuch as, in the event a wrong answer key is accepted, it would alter the fate of many candidates. The object of conducting an examination is to assess the merit of the candidates and to find out as to who is most suitable one for admission. The object of conducting a test would be defeated in case a wrong answer given is held to be beyond judicial review.***

*21. Normally, the Court should be cautious in interfering with the opinion of the expert but* ***where it is found that the answer keys are demonstrably wrong, that is to say, it cannot be such as no reasonable body of men, well versed in the particular subject, would regard it as correct, in that event the Court should exercise its writ jurisdiction and ensure that the error is rectified."***

(Emphasis added)

36. In **Ran Vijay Singh and Others versus State of U.P. and Others: (2018) 2 SCC 357,** also the Hon'ble Supreme Court referred to the judgment in the case of **Kanpur University v. Samir Gupta (**Supra) and further held that

*"... the onus is on the candidate to clearly demonstrate that the key answer is incorrect and that too without any inferential process or reasoning. The burden on the candidate is therefore rather heavy and the constitutional courts must be extremely cautious in entertaining a plea challenging the correctness of a key answer. To prevent such challenges, this Court recommended a few steps to be taken by the examination authorities and among them are: (i) establishing a system of moderation; (ii) avoid any ambiguity in the questions, including those that might be caused by translation; and (iii) prompt decision be taken to exclude the suspect question and no marks be assigned to it.*

* * *

*30. The law on the subject is therefore, quite clear and we only propose to highlight a few significant conclusions. They are:*

*30.1. If a statute, Rule or Regulation governing an examination permits the re-evaluation of an answer sheet or scrutiny of an answer sheet as a matter of right, then the authority conducting the examination may permit it;*

*30.2. If a statute, Rule or Regulation governing an examination does not permit re-evaluation or scrutiny of an answer sheet (as distinct from prohibiting it) then the court may permit re-evaluation or scrutiny only if it is demonstrated very clearly, without any "inferential process of reasoning or by a process of rationalisation" and only in rare or exceptional cases that a material error has been committed;*

*30.3. The court should not at all re-evaluate or scrutinise the answer sheets of a candidate—it has no expertise in the matter and academic matters are best left to academics;*

*30.4. The court should presume the correctness of the key answers and proceed on that assumption; and*

*30.5. In the event of a doubt, the benefit should go to the examination authority rather than to the candidate.*

*31. On our part we may add that sympathy or compassion does not play any role in the matter of directing or not directing re-evaluation of an answer sheet. If an error is committed by the examination authority, the complete body of candidates suffers. The entire examination process does not deserve to be derailed only because some candidates are disappointed or dissatisfied or perceive some injustice having been caused to them by an erroneous question or an erroneous answer. All candidates suffer equally, though some might suffer more but that cannot be helped since mathematical precision is not always possible. This Court has shown one way out of an impasse — exclude the suspect or offending question.*

*32. It is rather unfortunate that despite several decisions of this Court, some of which have been discussed above,*

*there is interference by the courts in the result of examinations. This places the examination authorities in an unenviable position where they are under scrutiny and not the candidates. Additionally, a massive and sometimes prolonged examination exercise concludes with an air of uncertainty. While there is no doubt that candidates put in a tremendous effort in preparing for an examination, it must not be forgotten that even the examination authorities put in equally great efforts to successfully conduct an examination. The enormity of the task might reveal some lapse at a later stage, but the court must consider the internal checks and balances put in place by the examination authorities before interfering with the efforts put in by the candidates who have successfully participated in the examination and the examination authorities. The present appeals are a classic example of the consequence of such interference where there is no finality to the result of the examinations even after a lapse of eight years. Apart from the examination authorities even the candidates are left wondering about the certainty or otherwise of the result of the examination — whether they have passed or not; whether their result will be approved or disapproved by the court; whether they will get admission in a college or university or not; and whether they will get recruited or not. This unsatisfactory situation does not work to anybody's advantage and such a state of uncertainty results in confusion being worse confounded. The overall and larger impact of all this is that public interest suffers."*

37. In **U.P. Public Service Commission v. Rahul Singh**: (2018) 7 SCC 254, the Hon'ble Supreme Court held that: -

*"14. ...When there are conflicting views, then the court must bow down to the opinion of the experts. Judges are not and cannot be experts in all fields and, therefore, they must exercise great restraint and should not overstep their jurisdiction to upset the opinion of the experts."*

38. In **Rishal v. Rajasthan Public Service Commission:** (2018) 8 SCC 81, cited by the learned Counsel for the respondent no. 2, the Hon'ble Supreme Court had perused the answers given by the Expert Committee and had come to a conclusion that no error can be found with the answers of the Expert Committee. Thus even **Rishal** (Supra) relied upon by the learned Counsel for the respondent no. 2 does not lay down that the Courts cannot examine the correctness of opinion of an expert body.

39. **In High Court of Tripura v. Tirtha Sarathi Mukherjee:** (2019) 16 SCC 663, the Hon'ble Supreme Court examined t\and explained the ratio of law laid down in **Ran Vijay Singh** (Supra) in the following words: -

*"20. The question however arises whether even if there is no legal right to demand re-valuation as of right could there arise circumstances which leave the Court in any doubt at all. A grave injustice may be occasioned to a writ applicant in certain circumstances. The case may arise where even though there is no provision for re-valuation it turns out that despite giving the correct answer no marks are awarded. No doubt this must be confined to a case where there is no dispute about the correctness of the answer. Further, if there is any doubt, the doubt should be resolved in favour of the examining body rather than in favour of the candidate. The wide power under*

*Article 226 may continue to be available even though there is no provision for re-valuation in a situation where a candidate despite having giving correct answer and about which there cannot be even the slightest manner of doubt, he is treated as having given the wrong answer and consequently the candidate is found disentitled to any marks.*

*21. Should the second circumstance be demonstrated to be present before the writ court, can the writ court become helpless despite the vast reservoir of power which it possesses? It is one thing to say that the absence of provision for re-valuation will not enable the candidate to claim the right of evaluation as a matter of right and another to say that in no circumstances whatsoever where there is no provision for re-valuation will the writ court exercise its undoubted constitutional powers? We reiterate that the situation can only be rare and exceptional.*

*22. We would understand therefore the conclusion in para 30.2 which we have extracted from the judgment in Ran Vijay Singh v. State of U.P. [(2018) 2 SCC 357] only in the aforesaid light. We have already noticed that in H.P. Public Service Commissionv. Mukesh Thakur [(2010) 6 SCC 759], a two-Judge Bench in para 26 after survey of the entire case law has also understood the law to be that in the absence of any provision the Court should not generally direct re-valuation."*

40. The learned Counsel for the respondent no. 2 has relied upon the decision in the case of **Mahesh Kumar v. Staff Selection Commision and Another: 2022 SCC OnLine SC 2290,** which is being reproduced below: -

*"1. The grievance voiced by the petitioner before the High Court was that certain marks which were deducted ought not to have been deducted. Basically, the issue before the High Court was evaluation of the answer scripts of the petitioner. The High Court has rightly refused to entertain the writ petition by observing that when the conscious decision has been taken by the experts and the courts have no expertise in the matter and academic matters are best left to the academics, we see no reason to interfere with the same. Hence, the Special Leave Petition stands dismissed."*

41. Neither the facts of the case, nor the law laid down in various precedents on the point was considered in **Mahesh Kumar.**

42. The learned Counsel for the respondent no. 2 has also placed reliance upon a Division Bench judgment of this Court in **Kaushlesh Mishra v. State of U.P. And 2 others** Special Appeal No. 42 of 2021 decided on 08.07.2021, whereby the Division Bench dismissed the Special Appeal and affirmed the judgment of the Single Judge Bench dismissing the Writ Petition by holding that the Court cannot take place of an expert to evaluate the correctness of the answer, where the petitioner - appellant had failed to place any material on record to show correctness of the answer given by him. This decision was based on the facts of the case, where the appellant had failed to place any material on record to show correctness of the answer given by him whereas in the present cased, the petitioner has placed ample material on record to show that the answers given by him were correct.

43. The learned Counsel for the respondent no. 2 has also placed reliance

on a Division Bench judgment in the case of **Uday Bhan Yadav v. State of U.P. And 2 Others:** Special Appeal No. 492 Of 2020 decided on 06.10.2020, wherein the Learned Counsel for the appellant was asked to indicate the last date for submission of objection to tentative answer key to find out whether objection were submitted on or before the last date, but he was unable to indicate the last date for submission of objection. The Court held that in absence of an indication about the last date either in the petition or appeal, it cannot be said that petitioner submitted objection before the last date and the Special Appeal was dismissed for this reason. This judgment is of no help to the respondent no. 2 as no such point is involved in the present case.

44. The principles of law which can be culled out from a cumulative reading of the aforesaid judgments on the point, are that: -

44.1- The wide power under Article 226 are available where a candidate despite having giving correct answer is treated as having given the wrong answer and consequently the candidate is found disentitled to any marks.

44.2- However, the Court should be cautious in interfering with the opinion of the expert.

44.3- The key answer should be assumed to be correct unless it is clearly demonstrated to be wrong.

44.4- If the key answer runs contrary to the material published in a large number of acknowledged textbooks, which are commonly read by students in the State, it leave no room for doubt that the answer given by the students is correct and the key answer is incorrect.

44.5- Where the key answers are palpably and demonstrably erroneous, the student community cannot be made to suffer on account of errors committed by the University.

44.6- Where it is found that the answer keys are demonstrably wrong, the Court should exercise its writ jurisdiction and ensure that the error is rectified.

44.7- The decision of the examining body or the expert is not beyond judicial review. The prime consideration is to maintain the fairness of the examination and welfare of the students/candidates, inasmuch as, in the event a wrong answer key is accepted, it would alter the fate of many candidates. The object of conducting an examination is to assess the merit of the candidates and to find out as to who is most suitable one for admission. The object of conducting a test would be defeated in case a wrong answer given is held to be beyond judicial review.

45. When we examine the facts of the present case in light of the above mentioned principles of law, it appears that in the provisional answer key published by the Selection Board, the correct answer of question No.59 was shown as option ‘C - Shakespeare’s ‘The tempest’ is a ‘Tragic comedy’, which has been changed to ‘Comedy’ in the revised answer keys.

46. The Secretary, U.P. Secondary Education Service Selection Board, Allahabad has relied upon the opinion of a subject expert, who is a Professor of English, University of Allahabad. The expert has also opined that the Tempest includes aspects of both tragedy and comedy, but the comic moments far outweigh the tragic elements. The expert’s personal opinion regarding question no. 59, which apparently tilts both ways to some

extent, is not supported by any material published in any book.

47. In a book titled "Shakespeare's The Tempest" published in accordance with the latest syllabi of various Universities in India, annotated and edited by Mr. J.P. Goel, M.A. (English), LL.B., it is written that *"The Tempest has been regarded as a very popular tragi-comedy."* In another book titled *"A Norton Critical Edition - William Shakespeare - The Tempest"* containing criticism of The Tempest, the authors have written that many modern critics to label it a tragicomedy. The subject expert, whose opinion has been relied by the Selection Board, has himself expressed the view that the Tempest includes aspects of both tragedy and comedy. When the Selection Board and the subject expert have failed to refer to any other material to support the contrary view, the revision of answer to question 59 so as to make it 'The tempest' is a 'Comedy', in place of the original answer in the provisional answer key that 'The tempest' is a 'Tragic comedy', is manifestly wrong.

48. Similarly, in the provisional answer key published by the Selection Board, the answer to question 81 was that *'Thomas Hardy started his literary career as a Poet'* whereas in the revised answer keys, the answer was changed so as to make it *'Thomas Hardy started his literary career as a Novelist'.*

49. The petitioner contends that the answer given in the provisional answer key was correct and to buttress this submission, the petitioner has annexed copies of extracts from a book titled *"An Anthology of English Poetry", which has been edited by 'The Board of Editors Department of English and Modern European Languages, University of Allahabad'* and is prescribed for the B.A. II English Literature Course of the University of Allahabad. Chapter 4 of the book is titled "Thomas Hardy" and it is written in it that *"Hardy considered himself a Poet and started his literary career with poetry. He turned to poetry again after the hostile reaction to his novel, 'Jude the Obscure' (1896). Hardy is regarded as a transitional poet whose poetry bridges the Victorian and Modern ages of literature."*

50. Chapter 7 of the book - "A Critical Study of Thomas Hardy - *TESS OF THE D'URBERVILLES"* authored by Dr. B. P. Asthana, M.A. LLB., PhD, is titled "Hardy as a Poet" and it is written in it that *"Hardy is famous as a great novelist yet he started his career as a poet and also ended as a poet."*

51. In another book titled *"A history of English Literature"* by Edward Albert, M.A. revised by J.A. Stone, M.A. published by George G. Harrap & Co. Ltd. (London, Toronto, Wellington, Sydney), it is written that *"Hardy began as a poet, and, though for a long time he was unable to find a publisher for his verse, he continued to write poetry. After the public outcry against his two greatest novels, he wrote only verse."*

52. Regarding question No. A-81, the expert has opined that "A distinction between *"Career" and "literary career" needs to made. The literary career of a person starts with his/her first publication. Hardy's first published work is an essay (1865). His first unpublished book, a novel, is The Poor Man and the Lady (1867) while his first published book, again a novel, is Desperate Remedies (1871). His poems,*

*Wessex Poems, got published much later in 1898. Thus, from the given options, Hardy's literary career began as a novelist."* This opinion of the expert is his personal opinion and he has not referred to any book.

53. When *"An Anthology of English Poetry"* edited by *'The Board of Editors Department of English and Modern European Languages, University of Allahabad'*, which is prescribed for the B.A. II English Literature Course of the University of Allahabad professes ***that "Hardy considered himself a Poet and started his literary career with poetry"*** the personal unpublished opinion of an expert which is not supported by any published material, will not overrule the published source of knowledge. The students who gave answer to question 81 as per the published book cannot be faulted.

54. The petitioner further contends that the answer to question No.107 mentioned in the provisional answer key was that "Some trains are run by electricity" whereas the Selection Board has wrongly revised the answer so as to make it read "Some trains are run on electricity". In 'Oxford Dictionary, 8th Edition', it is published that as a Noun, Tram means "A vehicle driven **by** electricity", which implies that 'trains run **by** electricity and not **on** electricity'.

55. In *"A Practical Guide to English Grammar"* authored by K.P. Thakur, M.A. M.Ed., Ph.D, PGCTE, (CIEFL, Hyderabad), former Principal, RDS College, Muzaffarpur, the meaning of the word 'by' has been explained as per which the correct answer to question No.107 would be "Some trains are run **by** electricity".

56. In the book titled *"High School English Grammar & Composition"* prescribed by the Board of High School and Intermediate Education, U.P. for High School Classes, it is written that - 'Some trains are run **by** electricity'.

57. As per the book *'How to right Correct English (Applied English Grammar)"* authored by Shri Rajendra Prasad Sinha, M.A., Ex-Chairman, Bihar College Service Commission also, the correct answer would be 'by'.

58. *"The Advanced Learner's Dictionary of Current English"* published by London Oxford University Press, explains the meaning of word 'by' with the help of an example that *"Machines are driven by steam (water-power, electricity, etc.). Our houses are lighted by electricity."* which indicates that the correct answer to question No.107 will be - "Some trains are run by electricity".

59. Regarding question No. A-107, the expert had originally printed his opinion as *"Objection overruled",* but afterwards, he scored out the word *"overruled"* and has written in hand writing *"conceded"*, which shows that he himself was initially of the view that the answer to question 107 published in the provisional answer key was correct. He has not referred to any standard books on the subject which may support the alteration of his opinion and his altered opinion is contrary to the material published in authoritative works and textbooks. Therefore, the altered opinion which is contrary to his own original opinion and which is contrary to the information published in various books is manifestly wrong.

60. When the answers run contrary to the material published in a large number of acknowledged textbooks, which are

commonly read by students in the State, it leave no room for doubt that the answer given by the students is correct and the key answer is incorrect. The key answers are palpably and demonstrably erroneous, the petitioner cannot be made to suffer on account of errors committed by the Selection Board and it calls for interference by this Court in exercise of the Writ jurisdiction so that the error is rectified and the wrong answers do not adversely affect the fate of the candidates and their merit is tested in a proper manner.

61. Now comes the question regarding the relief which can be granted in this case. The advertisement for the selection was issued on 04.01.2014. The examination was held on 22.02.2015. After entertaining objections against the provisional answer key, the revised answer key was published on 20.05.2015. the petitioner had filed Writ A No. 45977 of 2015 on 13.08.2015, which was disposed off on 31.08.2015 after recording the submission of the respondents that the matter had already been referred to the English Department of the Allahabad University for verifying the correctness of the answers and permitting the petitioner to file objections, which should be decided after receiving the report from the Expert Body. The second revised answer key was published on 20.04.2016 in which answers to question nos. 59 and 81 were not revised in spite of the petitioner's objections and answer to question 117 was revised, although the same was not in dispute. Thereafter the final result was published and the petitioner filed this Writ Petition on 04.11.2016.

62. On 17.11.2016, this Court had passed an interim order that if any selection is made in the meantime, the same shall be subject to the final order to be passed in this Writ Petition. Notices were issued to the selected candidates – the respondent nos. 2 and 3, but they did not come forward to contest the Writ Petition and the same has been contested by the U. P. Secondary Education Service Selection Board. In these circumstances, when the petitioner has been pursuing his rights diligently, the mere fact that the respondent nos. 3 and 4 did not come forward to contest the Writ Petition and meanwhile appointments have been made and they are continuing in service, will not disentitle the Petitioner to be granted any relief for this reason.

63. In **Rajesh Kumar v. State of Bihar:** (2013) 4 SCC 690, while upholding interference in the result of selection on the ground that certain answers were incorrect, the Hon'ble Supreme Court had granted the following reliefs: -

*"22.1. Answer scripts of candidates appearing in 'A' series of competition examination held pursuant to Advertisement No. 1406 of 2006 shall be got re-evaluated on the basis of a correct key prepared on the basis of the report of Dr (Prof.) C.N. Sinha and Prof. K.S.P. Singh and the observations made in the body of this order and a fresh merit list drawn up on that basis.*

*22.2. Candidates who figure in the merit list but have not been appointed shall be offered appointments in their favour. Such candidates would earn their seniority from the date the appellants were first appointed in accordance with their merit position but without any back wages or other benefit whatsoever.*

*22.3. In case the writ petitioners, Respondents 6 to 18 also figure in the merit list after re-evaluation of the answer scripts, their appointments shall relate*

*back to the date when the appellants were first appointed with continuity of service to them for purpose of seniority but without any back wages or other incidental benefits.*

*22.4. Such of the appellants as do not make the grade after re-evaluation shall not be ousted from service, but shall figure at the bottom of the list of selected candidates based on the first selection in terms of Advertisement No. 1406 of 2006 and the second selection held pursuant to Advertisement No. 1906 of 2006.*

*22.5. The needful shall be done by the respondents, State and the Staff Selection Commission expeditiously but not later than three months from the date a copy of this order is made available to them."*

64. In view of the aforesaid discussion, the writ petition is ***allowed***. The revised answer key published in furtherance of the notification dated 04.01.2013 for making selections for appointments to the Posts of Lecturers (English) is quashed and a mandamus is issued directing the respondent no. 2 to re-evaluate the answer sheets keeping in view the observations made in the preceding parts of this judgment. If the petitioner figures in the merit list, he shall be offered appointment and he will be given seniority from the date the first appointments were made, but without any back wages or other benefit whatsoever. Other candidates, who do not make the grade after re-evaluation shall not be ousted from service, but shall figure at the bottom of the list of selected candidates based on the first selection in terms of Advertisement No. 1-1/2013 issued on 04.01.2014. The needful shall be done by the respondents 1 and 2 – State of U. P., Department of Secondary Education and the U. P. Secondary Education Service Selection Board expeditiously but not later than three months from the date a copy of this order is made available to them.

65. The parties shall bear their own costs of litigation.

**List of Cases cited:**

U.P. Power Corporation Vs Rajesh Kumar & ors. 2012 5 ADJ page no. 19

(Delivered by Hon'ble Ajit Kumar, J.)

1. Heard Shri Anil Kumar Srivastava, learned counsel for the petitioner, Shri Sunil Kumar Misha, learned counsel for the respondent Corporation.

2. Petitioner before this Court is aggrieved by the decision taken by the respondent Corporation dated 09.09.2014 whereby the promotion of the petitioner as Tyre Inspector made on 13.09.2012 has been cancelled.

3. It is submitted by learned counsel for the petitioner that petitioner while working on the post of Vulcanizer was promoted as per seniority as Tyre Inspector in the year 2012 and merely because his earlier writ petition, in respect of the promotion to the post of vulcanizer was dismissed in default, the respondents were not justified in cancelling the order of promotion. He submits that as earlier petitioner was promoted from the post of Assistant Vulcanizer to Vulcanizer on 11.02.2005, the said order was wrongly recalled on the ground that reservation shall not apply in view of the judgment of the Supreme Court in the case of ***U.P. Power Corporation Vs. Rajesh Kumar and others 2012 5 ADJ page no. 19*** where reservation to promotional posts were held to be bad without scheme. It is submitted that though petitioner was promoted in general category on the basis of merit on 11.02.2005 even then his promotion was sought to be withdrawn on the ground that roster will not apply. The said order dated 23.03.2005 came to be challenged in writ petition being Civil Misc. Writ Petition No. 27430 of 2005. It is submitted that the petitioner had withdrawn the earlier petition only because he was awarded with second promotion on 13.09.2012, of course, after the judgment was delivered by the Supreme Court on 27.04.2012 in ***Rajesh Kumar case (supra).***

4. *Per contra*, it is sought to be argued on behalf of respondent corporation that rightly or wrongly once order of promotion was withdrawn and the same was put to challenged, continuance of petitioner as Vulcanizer was at the strength of interim order and with the dismissal of the writ petition, the same could be withdrawn as the interim order got merged into the final order of dismissal. Thus, according to him, the order withdrawing his promotion on 23.03.2005 stood revived and the petitioner should be taken to have got reverted to the position of Vulcanizer. It is sought to be argued that the order impugned is justified one in the given facts and circumstances of the case.

5. Having heard learned counsel for the respective parties and having perused the record, I find that the order promoting the petitioner from Assistant Vulcanizer to Vulcanizer on 11.02.2005 was based upon the decision of the selection committee as he had passed the trait test examination held in that regard. Since he was promoted with the rider that he would be revered if the work was not found satisfactory, it was a promotion of the petitioner on clear vacancy substantively upon the selection held by the selection committee. The said order came to be cancelled only on the ground that as per the relevant Government Order, roster to the promotional post would not apply.

So the petitioner's candidature was sought to be non-suited only on the ground that the post fell in the reserved quota and the petitioner could not be promoted even though he had the requisite merit and was will placed in seniority. When this order came to be challenged before this Court in a Writ Petition being Civil Misc. Writ Petition No. 27420 of 2005, the order was stayed by this Court on 07.04.2005 in following terms:

*"Considering the submission of the petitioner that he was granted promotion after having faced regular selection committee and he has already joined on the promoted post, and by the impugned order he has been reverted back without giving an opportunity of hearing tot he petitioner or issuing any show cause notice to him, the operation of the impugned order dated 23,3.2005 passed by respondent no.3 shall remain stayed until further orders."*

6. It transpires that thereafter petitioner continued to discharge his duties successfully and his candidature came to be considered for further promotion on the post of Tyre Inspector under the order dated 13.09.2012 along with several other employees. This order was also against a substantive vacancy. Now when petitioner received second substantive promotion, he withdrew his writ petition and got the writ petition dismissed as infructuous on 29.07.2013. The order dated 29.07.2012 is reproduced hereunder:

*"Shri OP Sharma, counsel for the petitioner states that by passage of time, the writ petition has become infructuous.*

*The writ petition is dismissed accordingly."*

7. The question now for consideration before this Court falls is, as to whether the dismissal of the writ petition as infructuous would render second promotion of the petitioner to be bad and, therefore, deserved cancellation. Having perused the order of first promotion dated 23.03.2005, I find that this was a substantive promotion on the post of Vulcanizer as petitioner had successfully passed out the test held by the selection committee and his name was recommended accordingly. This promotion order was sought to be withdrawn only on the ground that reservation would be applicable. The question is whether the reservation could have been applied in promotion and whether such approach of the respondent would have been justified. In the case of ***U.P. Power Corporation Vs. Rakesh Kumar and others*** Supreme Court very categorically held that Article 16 (4) of the Constitution does not permit provision for reservation in matters of promotion and therefore, the rule of reservation was made prospective in the judgment of Supreme Court in the case of Indra Sahani but in order to find adequate representation of the backward class of citizens in services class or category it was considered necessary to provide for certain qualifiers and riders as contemplated in the celebrated M.Nagaraj's case. Referring paragraph No. 10 of the said judgment vide paragraph Nos. 39, 40, 42 the Court held thus:

*"39. At this stage, we think it appropriate to refer to the case of Suraj Bhan Meena and another (supra). In the said case, while interpreting the case in M. Nagaraj (supra), the two- judge Bench has observed:-*

*"10. In M.Nagraj case, this Court while upholding the constitutional validity of the Constitution (77th Amendment) Act,*

*1995 and the Constitution (85th Amendment) Act, 2001, clarified the position that it would not be necessary for the State Government to frame rules in respect of reservation in promotion with consequential seniority, but in case the Stage Government wanted to frame such rules in this regard, then it would have to satisfy itself by quantifiable data, that there was backwardness, inadequacy of representation in public employment and overall administrative inefficiency and unless such an exercise was undertaken by the State Government, the rule relating to reservation in promotion with consequential seniority could not be introduced."*

*40. In the said case, the Stage Government had not undertaken any exercise as indicated in M. Nagaraj (supra). The two-Judge Bench has noted three conditions int he said judgment. it was canvassed before the bench that exercise to be undertaken as per the direction in M.Nagraj (supra) was mandatory and the State cannot, either directly or indirectly, circumvent or ignore or refuse to undertake the exercise by taking recourse to the Constitution (Eighty-fifth Amendment) Act providing for reservation for promotion with consequential seniority. While dealing with the contentions, the two-judge Bench opined that the State is required to place before the Court the requisite quantifiable data in each case and to satisfy the court that the said reservation become necessary on account of inadequacy of representation of Scheduled Castes and Scheduled Tribes candidates in a particular class or classes of posts, without affecting the general efficiency of service. Eventually, the Bench opined as follows:-*

*"66. The position after the decision in M.Nagaraj case is that reservation of posts in promotion is dependent on the inadequacy of representation of members of the Scheduled Castes and Scheduled Tribes and Backward Classes and subject tot he condition of ascertaining as to whether such reservation was at all required. 67. The view of the High Court is based on the decision in M.Nagaraj case as no exercise was undertaken in terms of Article 16(4-A) to acquire quantifiable data regarding the inadequacy of representation of the Schedule Caste and Schedule Tribe communities in public services. The Rajasthan High Court has rightly quashed the notifications dated 28.12.2002 and 25.4.2008 issued by the State of Rajasthan providing for consequential seniority and promotion to the members of the Scheduled Caste and Scheduled Tribe communities and the same does not call for any interference."*

*41. As has been indicated hereinbefore, it has been vehementaly argued by the learned senior counsel for the State and the learned senior counsel for the Corporation that once the principle of reservation was made applicable tot he spectrum of promotion, no fresh exercise is necessary. It is also urged that the efficiency in service is not jeopardized. Reference has been made to the Social Justice Committee Report and the chart. We need not produce the same as the said exercise was done regard being had to the population and vacancies and not to the concepts that have been evolved in M. Nagaraj (supra).* ***It is one thing to thing that there are statutory rules or executive instructions to grant promotion but it cannot be forgotten that they were all subject to the pronouncement by this Court in Vir Pal Singh Chaughan (supra) and Ajit Singh (II) (supra). We are of the firm view that a fresh exercise in the light***

***of the judgment of the Constitution Bench in M.Nagaraj (supra) is a categorical imperative. The stand that the constitutional amendments have facilitated the reservation in promotion with consequential seniority and have given the stamp of approval to the Act and the Rules cannot withstand close scrutiny inasmuch as the Constitution Bench has clearly opined that Articles 16(4 A) and 16(4B) are enabling provisions and the State can made provisions for the same on certain basis or foundation. The conditions precedent have not been satisfied. No exercise has been undertaken. What has been argued with vehemence is that it is not necessary as the concept of reservation in promotion was already in vogue. We are unable to accept the said submission, for when the provision of the Constitution are treated valid with certain conditions or riders, it becomes incumbent on the part of the State to appreciate and apply the test so that its amendments can be tested and withstand the scrutiny on parameters laid down therein.***

*42. In the ultimate analysis, we conclude and hold that Section 3(7) of the 1994 ACt and Rules 8A of the 2007 Rules are ultra vires as they run counter to the dictum in M.Nagraj (supra). Any promotion that has been given on the dictum of Indra Sawhney (supra) and without the aid or assistance of Section 3(7) and Rule 8A shall remain undisturbed."*

(Emphasis added)

8. Thus, Section 3(7) of the 1994 Act and Rule 8 A of the 2011 Rules were held to be *ultra vires* as they ran counter to the dictum of the Division Bench of the Supreme Court in the case of M. Nagaraj and any promotion that was given shall be held to be bad except those promotions which were given without taking assistance of Section 3(7) of the Act and Rule 8-A of the Rules, 2011.

9. In the present case situation is reversed. Petitioner's promotion was sought to be annulled only on the ground that application of roster had not taken place. Thus, promotion of the petitioner based on selection in general category as per service rules, was clearly not covered by roster and so could not have been held to be bad and, therefore, though was stayed by the Court but in view of the legal position discussed above it was liable to be rendered void as no such promotion quota could have been fixed. The second promotion came to be granted to the petition after the judgment in **Rajesh Kumar case** and since the very promotion of the petitioner on the principal post of Vulcanizer had been held to be lawful, the second promotion was liable to be upheld. It is not the case of the respondent that second promotion was bad for any concealment of fact on the part of the petitioner. It has been cancelled only on the ground that petitioner's writ petition was rendered dismissed as infructuous. In my considered view, mere dismissal of petition as infructuous would not change the legal position either. Thus, in view of the above the order of withdrawal of the second promotional order cancelling the second promotion order is untaneable. Writ petition succeeds and is allowed. The order passed by the respondents dated 09.09.2014 is hereby quashed.

10. Petitioner shall be taken to have validly promoted in the year 2005 and then in the year 2012 as Tyre Inspector. Consequences to follow.

11. Cost made easy.

(Delivered by Hon'ble Ajit Kumar, J.)

1 Heard Sri A.K.Rai, learned Advocate holding brief of Sri D.K.Singh, learned counsel for the petitioner Sri D.K.Srivastava, learned counsel for the respondent and learned Standing Counsel for the State respondents.

2. Petitioner before this Court was appointed in the year 1984 as a peon on daily wage basis in the office of Town Area Committee, Dohri Ghat, Mau. Later on his services came to be regularized in the year 1992 and he continued in service. However, after July, 1992, suddenly his salary was stopped and his services were terminated which came to be challenged before this Court vide Writ Petition No. 35296 of 1993 which was allowed by a detailed judgment and order dated 21st March, 2006 and it was how petitioner came to be reinstated. Suddenly, as it is alleged in the petition, on the basis of some complaint regarding date of birth recorded in the service book as 1.1.1964 just for his date of birth differently so recorded in the Life Insurance Corporation Policy paper , the Chairman of the Nagar Panchayat , Dohri Ghat Mau came to pass order dated 28.8.2014 withholding the salary of the petitioner while seeking direction and guidance from the Director, Local Bodies U.P. Lucknow. It is this order, which is challenged before this Court.

3. The argument raised is two fold: firstly, petitioner was made to retire on 30th August, 2014 wrongly presuming his date of birth to be 1.1.1964 on the basis of policy bond papers and that too without holding any enquiry worth its name and without giving any opportunity of hearing and notice much less a show cause notice to enable the petitioner to put up his defence; and secondly, date of birth even of a government servant can be changed in

service book only on the basis of his High School Certificate of employee and no application was to be entertained for the change in date of birth originally recorded in service book.

4. Yet another argument advanced by learned counsel for the petitioner is that Chairman, was not justified in withholding the payment of salary of the petitioner taking petitioner to have retired on 30th August, 2014 and date of birth while in service book has continued to be entered as 1.1.1964 for the purposes of contract of employment between employer and the employee, more especially in the circumstances when guidance was being sought from the Director, Local Bodies, U.P. Lucknow both Nagar Panchayat, Dohri Ghat Mau, the contesting respondent no. 3 as well as District Magistrate who have filed their respective counter affidavit in the matter. In the counter affidavit filed by respondent no. 2, namely, District Magistrate, Mau it is stated that some enquiry was got conducted by Sub Divisional Magistrate, Ghosi Mau and on the basis of letter of Executive Officer of the Nagar Panchayat, Dohri Ghat and it transpired from the transfer certificate issued by an institution, namely, Krishak Inter College, Kunda that petitioner's date of birth was 20th July, 1950. This transfer certificate is stated to have been issued in 1967 and has been brought on record, according to which petitioner had failed in the High School examination twice conducted by the U.P. Board of High School Intermediate for the session 1965-66 and 1966-67. The enquiry report that bears signatures of Sub Divisional Magistrate and Executive Officer does not show that any regular enquiry was held in the matter and it was only a preliminary fact finding enquiry that was submitted to the District Magistrate. Still further, I do not find any averment in the affidavit sworn by Rama Kant Verma, Tehsildar of Tehsil Ghosi filed on behalf of District Magistrate Mau that having found entry in the transfer certificate to the effect that petitioner had failed in the high school examination twice, the concerned enquiry officers appointed by the District Magistrate ever endeavoured to verify this fact from the Madhyamik Siksh Parishad, U.P. . Thus finding returned in the joint report of the Sub Divisional Magistrate and Executive Officer remained unverified from the proper place, which was Board of High School/Madhyamik Siksha Parishad.

5. In the considered view of the Court, this preliminary fact finding enquiry report itself cannot take form of regular enquiry to enable the respondent Nagar Panchayat, Dohri Ghat, Mau to retire the petitioner in the year 2014 presuming his date of birth as 20th September, 1950 .

6. Interestingly petitioner had been made to retire on 31st August, 2014 taking his date of birth to be 1st September, 1954 whereas in the enquiry report obtained by District Magistrate, the date of birth as per finding was 20th September, 1950. Thus, this enquiry report could not have formed basis to make the petitioner retire or get superannuated at an earlier stage than when he would have attained age of superannuation as per entry recorded in the service book.

7. In the entire counter affidavit filed by Chairman of the Local Bodies concerned, I do not find that at any point of time that petitioner's date of birth as originally recorded in the service book as 1.1.1964 was changed.

8. In my considered view without changing the date of birth originally

recorded in the service book, an employee cannot be made to retire. The basic philosophy behind the service jurisprudence is that there is contract of employment between employer and employee. The service book maintained by employer is a part of the contract of employment and any change therein has to first take place as it would be altering the condition of employment. The respondent local bodies was in clear error of law in superannuating the petitioner at an earlier age than what he would have attained as per service book entry.

9. One of the arguments advanced on behalf of the contesting respondent local body by learned counsel appearing in that behalf has been that petitioner did not pass out class eight from the institution which he was relying upon and instead he passed out class 8th examination from another institution. The institution from which petitioner claimed to have passed out, it was one Avatar Yadav who was student and transfer certificate of Avatar Yadav has been brought on record, but I find that there is no date of birth entered in that certificate, nor certificate bears signature of Principal or seal of Principal, nor certificate carries any date of issuance. It seems to be document either got prepared for the purpose of the case to defend the decision of the Chairman or somehow obtained that to mislead the Court on facts.

10. There could be an argument that Life Insurance Policy is one of the document, in which date of birth of the petitioner was recorded as 1.1.1954, however, Life Insurance Corporation Policy is not a document for the purposes determination of age in service law. Unless and until regular enquiry was held in the matter giving opportunity of hearing to the concerned employee to meet the charges. This aspect of the matter has virtually skipped the attention of the Chairman/ employer and therefore, merely because some private complaint was made citing the date of birth entered in the insurance policy of the petitioner, would not have entitled the Chairman of Local Body to unilaterally retire the petitioner at an earlier age and that too without changing the date of birth originally recorded in the service book at the time of entry in service.

11. Learned counsel for the respondent local body has not been able to show any rule or law otherwise which may entitled the local body to change date of birth of employee originally entered in service book. In the circumstances provisions as contained under Rules 2 and 3 of Uttar Pradesh Recruitment to Services (Determination of Date of Birth) Rules, 1974 are reproduced hereunder:

*"2.[Determination of correct date of birth or age.-The date of birth of a Government servant as recorded in the certificate of his having passed the High School or equivalent examination at the time of his entry into the Government service or where a Government servant has not passed any such examination as aforesaid or has passed such examination after joining the service, the date of birth or the age recorded in his service book at the time of his entry into the Goverment service shall be deemed to be his correct date of birth or age, as the case may be, for all purposes in relation to his service, including eligibility for promotion, superannuation, premature retirement or retirement benefits, and no application or representation shall be entertained for correction of such date or age in any circumstances whatsoever].*

*3. Change of date of birth-Bona fide mistake.-The date of birth can be changed only if there was a bona fide mistake. The principle of estoppel will apply and hence when the Government servant had indicated a particular date of birth in his application form or any other document at the time of employment the Court should not change that date of birth."*

12. From bare reading of the aforesaid provisions, it is clear that date of birth of employee who has not passed the High School Certificate cannot be changed once originally recorded at the time of entry in service.

13. In my above view I find support in the judgments of a coordinate benches of this court in the case of **Surendra Singh v. State of U.P and Others, 2019 5 ADJ 365**, and of the Division Bench judgment in the case of **Mohan Singh v. U.P. Rajya Vidyut Utpadan Ltd. And Others, 2012 (8) ADJ 383.**

15 . The Courts have repeatedly held that actions to be taken by the authorities must be sound and reasoned one, more especially in service cases where interest of employees is at a stake and so respondents authorities are not supposed to act an arbitrary manner. The method in which the Chairman in the present case had passed the order impugned retiring the petitioner without assigning any reason except relevant policy bond paper and that too without holding any enquiry. This was totally unwarranted .

16. It is unfortunate that District Magistrate in the matter has acted in a colourable exercise of power in holding such enquiry in a hush-hush manner. It was a case where he ought to have applied his mind, more especially when he is officer of Indian Administrative Service.

17. In view of above, the writ petition succeeds and is allowed. The order passed by the Chairman Nagar Panchayat, Dohri Ghat Mau dated 28.8.2014 is hereby quashed. The petitioner shall be reinstated in service and shall be taken to be in service until 31st December, 2023 and shall be paid salary accordingly. Whatever the amount has been paid towards retirement dues may be adjusted against salary and fresh post retirement dues shall be assessed and fixed and accordingly revised payment shall be made.

**B.** Whether the amount deposited by the respondent/tenant would be treated as deposited prior to the first date of hearing or not- what would be the first date of hearing- Section 20(4) of the Act of 1972- it is settled preposition of law that the first date of hearing would not be the date when the written statement is filed by the respondent/defendant- the first date of hearing would be the date on which the court applies its mind to the facts and controversy involved in the case-this date may be said to be the date for framing of issues when the court applies its mind to the facts of the case- the amount demanded by the petitioner in the suit was deposited by the tenant/respondent on the date fixed for framing of the issues prior to framing of the issues- respondent is entitled for the benefit of Section 20 (4) of the Act, 1972, as the respondent/tenant has deposited the amount demanded by the landlord prior to the first date of hearing**. (Para 13)**

**HELD:**
After going through the judgments of the Hon'ble Supreme Court, it is settled preposition of law that the first date of hearing would not be the date when the written statement is filed by the respondent/defendant. The first date of hearing would be the date on which the court applies its mind to the facts and controversy involved in the case and this date may be said to be the date for framing of issues when the court applies its mind to the facts of the case. It is undisputed fact between the parties that the amount demanded by the petitioner in the suit was deposited by the tenant/respondent on the date fix for framing of the issues prior to framing of the issues so the respondent is entitled for the benefit of Section 20 (4) of the Act, 1972, as the respondent/tenant has deposited the amount demanded by the landlord prior to the first date of hearing. (Para13)

**C.** What would be the effect of being tenant/respondent the owner of residential building to deprive him the benefit of Section 20 (4) of the Act- proviso to Section 20 (4) would be attracted only to those cases where the building under tenancy is in the use of the tenant for residential purpose- If the building under tenancy is being used by the tenant for the commercial or business purposes- acquisition by the tenant of a residential accommodation cannot, in the context of things, be relevant for determining whether the tenant ought not be held entitled to claim the benefit contemplated under Section 20 (4) of the Act,1972-it is an admitted case that it is a residential house in which the respondent is residing with his family -no evidence was led before the trial court whether it can be used for the commercial purposes-petition devoid of merit-dismissed.**(Paras 20 and 23)**

**HELD:**
As per the law settled in the case of *Sunil Kumar Mukherji Vs Kabiraj Bindo Madho Bhattachaya and others reported in (1977) 11 AHC CK 0010* and in the case of *Sheo Nath Prasad Vs IIIrd Additional District Judge and others reported in Allahabad Rent Cases, 1981 Page No. 207,* wherein it has been held that the purpose of the proviso is clear and it is that in case the petitioner has an alternative accommodation which can be used for the purpose for which he occupied the building under his tenancy, he should not be given the benefit of sub-section 4 of Section 20 of the Act, 1972. It is also held by this Court that proviso to Section 20 (4) would be attracted only to those cases where the building under tenancy is in the use of the tenant for residential purpose. If the building under tenancy is being used by the tenant for the commercial or business purposes, it is obvious that the acquisition by the tenant of a residential accommodation cannot, in the context of things, be relevant for determining whether the tenant ought not be held entitled to claim the benefit contemplated under Section 20 (4) of the Act, 1972. (Para 20)

After considering the facts and circumstances and discussions made above, now it is not necessary to replicate on the issue of the notice served by the petitioner to the respondent. The deposit as demanded by the petitioner from the respondent prior to the framing of the issues is admitted by both the parties i.e. by the learned counsel for the petitioner and learned counsel for the respondent hence amount was deposited on the first date of hearing, prior to the framing of the issues. The property which the petitioner has alleged in his reply to the objection filed by the respondent in a suit, it is an admitted case that it is a residential house in which the

respondent is residing with his family and it is also admitted that no evidence was led before the trial court whether it can be used for the commercial purposes or not and nor it has been mentioned that it is being used by the respondent for commercial purposes, assuch the petition is devoid of merit and is liable to be dismissed. 6.Sheo Nath Prasad Vs IIIrd Additional District Judge & ors. reported in Allahabad Rent Cases, 1981 Page No. 207

(Delivered by Hon'ble Manish Kumar, J.)

1. The present writ petition has been preferred for setting aside the revisional order dated 12.12.2000 passed by the XIth Additional District, Judge, Lucknow in SCC Revision No. 107 of 1998 (Smt. Prema Devi Vs. Sri Shri Krishna Agarwal) and judgment and order dated 17.3.1998 passed by the Ist Additional Judge Small Causes Courts, Lucknow in S.C.C. Suit No. 71 /83 (Smt. Prema Devi Vs. Sri Krishna) and decreeing the said suit for all the reliefs prayed for i.e. ejectment, arrears or rent, water tax, drainage tax, damages and costs.

2. Learned counsel for the petitioner has submitted that the respondent was a tenant of the shop situated at 12 Gautam Budh Marg Lucknow belonging to the petitioner at a monthly rent of Rs. 100/- The respondent had defaulted in payment of arrears of rent, water tax and the drainage charges. The petitioner had served a notice dated 24.9.1983 terminating the tenancy and directing the respondent to pay the arrears within a particular period and failing which to vacate the shop immediately.

3. It is further submitted that when the respondent had neither paid the arrears nor vacated the shop, the petitioner preferred a suit under Section 20 of the Uttar Pradesh Urban Building (Regulation of Letting, Rent and Eviction) Act, 1972 (hereinafter referred to as " the Act, 1972") before Judge Small Causes. The suit preferred by the petitioner was dismissed by the impugned judgement dated 17.3.1998 against which the revision was preferred under Section 25 of The Provincial Small Cause Courts Act, 1887, which was also dismissed by the impugned order dated 12.12.2000.

4. It is further submitted that the learned trial court had failed to appreciate that the respondent i.e. the tenant had not deposited the arrears of rent and other dues on the first date of hearing of the suit as required under Section 20 (4) of the Act, 1972. The court below had also failed to appreciate that the respondent had a residential house in the city/within the same municipality hence as per the proviso to Sub-section 4 of the Section 20 of the Act, 1972, the respondent had to vacate the premises but the same was not considered by the learned trial court. In support of his submission, learned counsel for the petitioner had relied upon a judgment of Hon'ble Supreme Court in the case of

***Samar Pal Singh Vs. Chitranjan Singh reported in 2015 (3) ARC 463 and judgment of the this Court in the case of Heera Lal Vs. IInd ADJ and Another, 2010 2 ARC 31.***

5. It is further submitted that learned court below had also erred in giving a finding that the notice served by the petitioner is in contravention of the lease deed and was not a valid notice.

6. It is further submitted that the revisional court had not considered the illegalities/irregularities committed by the learned trial court while deciding the suit and dismissed the revision preferred by the petitioner mainly on the ground that the notice was not in consonance with the lease deed, as the petitioner had first terminated the tenancy and also demanded the arrears of rent and other dues as required under Section 20 (4) of the Act, 1972.

7. On the other hand, Sri Mohammad Arif Khan, learned Senior Advocate assisted by Sri Chandra Shekar Pandey has submitted that the arrears of rent and other dues as demanded by the petitioner were deposited prior to the first date of hearing after receiving summons from the court. A sum of Rs. 5,456/- was deposited on 15.2.1984 and Rs.560/- was deposited on 22.8.1984 i.e. total demand raised by the petitioner in the suit prior to framing of the issues and it is further submitted that first date of hearing is interpreted by this Court as well as by the Hon'ble Supreme Court that first date of hearing is when the court has applied his mind for adjudication of the case and in support of his submission, learned counsel has relied upon the judgment of Hon'ble Apex Court in case of ***Siraj Ahmad Siddiqui Vs. Shri Prem Nath Kapoor report in AIR 1993 SC 2525 and the in case of Mam Chand Pal Vs. Smt. Shanti Agrawal reported in 2002 1 Allahabad Rent Cases 370.***

8. It is further submitted that the house, which has been shown by the petitioner owned by the respondent is a residential house and is not being used for the purposes of commercial activity. The petitioner has also not adduced any evidence to show that the property, which is residential property can be used for commercial purposes or is being used by the respondent for commercial purposes. It was purely a residential house.

9. After hearing the parties and going through the record and the judgments relied by both the sides, the issues which are as below:-

(i) whether the amount deposited by the respondent/tenant would be treated as deposited prior to the first date of hearing or not and;

(ii) what would be the first date of hearing.

(iii) what would be the effect of being tenant/respondent the owner of residential building to deprive him the benefit of Section 20 (4) of the Act.

10. As per the petitioner first date of hearing would be when a written statement was filed by the respondent. The first date of hearing has been expressed in the statute in Explanation to the Sub-section 4 of Section 20 of the Act, 1972. For convenience the same is quoted hereinbelow:-

***"-- [Explanation. For the purposes of this sub-section-***

*(a) the expression "first hearing" means the first date for any step or*

*proceeding mentioned in the summons served on the defendant;"*

11. The said expression "first hearing" has been interpreted and decided by the Hon'ble Supreme Court in the case of ***Siraj Ahmad Siddiqui (Supra).*** The relevant paragraph is quoted hereinbelow:-

*"13. The date of first hearing of a suit under the Code is ordinarily understood to be the date on which the court proposes to apply its mind to the contentions in the pleadings of the parties to the suit and in the documents filed by them for the purpose of framing the issues to be decided in the suit. Does the definition of the expression "first hearing" for the purposes of Section 20(4) mean some- thing different? The "step or proceedings mentioned in the summons" referred to in the definition should, we think, be construed to be a step or proceeding to be taken by the court for it is, after all, a "hearing" that is the subject matter of the definition, unless there be something compelling in the said Act to indicate otherwise; and we do not find in the said Act any such compelling provision. Further, it is not possible to construe the expression first date for any step or pro- ceeding" to mean the step of filing the written statement, though the date for that purpose may be mentioned in the summons, for the reason that, as set out earlier, it is permissible under the Code for the defendant to file a written statement even thereafter but prior to the first hearing when the court takes up the case, since there is nothing in the said Act which conflicts with the provisions of the Code in this behalf. We are of the view, therefore, that the date of first hearing as defined in the said act is the date on which the court proposes to apply its mind to determine the points in controversy between the parties to the suit and to frame issues, if necessary."*

12. Subsequently, in another judgment in the case of ***Mam Chand Pal (Supra),*** the Hon'ble Supreme Court has interpreted the expression "first hearing" as it has interpreted in the case of ***Siraj Ahmad Siddiqui (Supra)*** and also placed reliance on catena of cases. The relevant paragraph in the case of ***Mam Chand Pal (Supra)*** :-

*"5. So far the question as to the meaning of the date of first hearing is concerned, the position stands well settled that it is the date on which the Court applies its mind to the facts and controversy involved in the case. Any date prior to such a date would not be date of first hearing. For instance date for framing of issues would be the date of first hearing when the Court is to apply its mind to the facts of case. As it relates to proceedings under the Small Causes Courts Act, there being no provision for framing of issues any date fixed for hearing of the case would be the first date for the purpose. The above stated position is clear from a catena of cases of the Allahabad High Court and some decisions of this Court also.* ***In Ved Prakash Wadhwa v. Vishwa Mohan, AIR 1982 SC 816: 1981 ARC 1 (S.C.),*** *this Court held that the date of first hearing would not be before a date fixed for preliminary examination of parties and framing of issues. It has further been held that if the amount is deposited before the date of first hearing, it would amount to compliance with the relevant provision of the Act.* ***In Sudarshan Devi & another v. Sushila Devi & another, 1999 (8) SCC 31: 1999 (2) ARC 668 (SC)****, the service of notice was by publication, hence tenant applied for copy of the plaint which was*

*furnished and fresh dates for filing WS and hearing was fixed. The Court considered the provisions of sub-section (4) of Section 20 of the Act along with Explanation (a) as well as series of earlier decisions and held that the date fixed for hearing of the matter was the date of first hearing and not the date fixed for filing of the written statement it has been observed that the emphasis in the relevant provision is on the word 'hearing'. The decision in the case of* ***Ved Prakash (supra)*** *was also relied upon. In yet another case* ***Advita Nand v. Judge, Small Causes Court Meerut & Ors., 1995 (3) SCC 407: 1995 (1) ARC 563****, the dates were fixed for filing of the written statement and later for hearing of the case after furnishing of a copy of the plaint, it was held that the Court was to apply its mind to the facts of the case on the date fixed for hearing and not earlier on the date fixed for filing of the written statement."*

13. After going through the judgments of the Hon'ble Supreme Court, it is settled preposition of law that the first date of hearing would not be the date when the written statement is filed by the respondent/defendant. The first date of hearing would be the date on which the court applies its mind to the facts and controversy involved in the case and this date may be said to be the date for framing of issues when the court applies its mind to the facts of the case. It is undisputed fact between the parties that the amount demanded by the petitioner in the suit was deposited by the tenant/respondent on the date fix for framing of the issues prior to framing of the issues so the respondent is entitled for the benefit of Section 20 (4) of the Act, 1972, as the respondent/tenant has deposited the amount demanded by the landlord prior to the first date of hearing.

14. As far as the third submission that the respondent has residential house and as per proviso to sub-section 4 of Section 20 of the Act, 1972. For convenience, the same is quoted hereinbelow:-

*"Provided that nothing in this sub-section shall apply in relation to tenant who or any member of whose family has built or has otherwise acquired in a vacant state, or has got vacated after acquisition, any residential building in the same city, municipality, notified area or town area."*

15. Wherein it is provided that nothing in sub-section shall apply in relation to a tenant, who has acquired in a vacant state, or has got vacated after acquisition, in residential building in the same city, municipality, notified area or town area. The learned counsel for the petitioner relied upon the judgment of the Hon'ble Supreme Court in support of his submission in the case of ***Samar Pal Singh Vs. Chitranjan Singh (Supra),*** the relevant paragraphs are quoted hereinbelow:-

*11. What is vehemently argued before us on behalf of the landlord is that in view of the proviso to sub-section (4) of Section 20, since the defendants have acquired as many as four houses within municipal limits of the city, as such, they are not entitled to protection provided under the sub-section. On the other hand, on behalf of the tenants, it is contended that the proviso to sub-section (4) deprives a tenant only if he has built or otherwise acquired a residential house in a vacant state in the city and in this connection it is further submitted that properties acquired by tenants are commercial.*

*12. From the language of sub-section quoted above, it is clear that under the proviso it is provided that nothing in*

*the sub-section could apply in relation to a tenant who or any member of whose family has built or has otherwise acquired in a vacant state, or has got vacated after acquisition, any residential building in the same city. Learned counsel for the tenant/respondent did not dispute that the respondent has acquired property Nos. 621, 42, 43 and 72 in the municipal limits of Mowana (District Meerut). What the High Court has held is that the proviso deprives the tenant of the protection under sub-section (4) only if he has acquired residential building* ***. On carefully going through the record, we are unable to agree with the High Court that none of the properties acquired by the tenant are residential. (emphasis laid)*** *From the evidence on record, it is clear that only property no. 621 and property no. 42 are shops. The record reveals that property no. 43 consists of two rooms, one hall on the ground floor, and one room with Sehan on the first floor and property no.72 consists of five rooms. There is no specific finding that the nature of these two buildings is exclusively commercial* ***. In our opinion, High Court has erred in law by treating these two properties as commercial without there being evidence to that effect. A building which can be used for residential as well as commercial purposes cannot be said to be excluded from the clutches of proviso to sub-section (4), if built, or acquired in vacant state within limits of the municipal area in which the house from which eviction is sought by the landlord Needless to say in the present case building in question was let out for residential-cum-commercial purposes.(emphasis laid)***

*13. It cannot be said that object of sub-section (4) of Section 20 is to protect those tenants who have built, or acquired in vacant state a house which can be used for residential as well as commercial purposes. If word "residential" mentioned in the proviso is taken to mean what has been interpreted by the High Court, the object of the proviso would get defeated. As such, in our opinion, the High Court has erred in law in reversing the judgment and decree passed by the Judge Small Cause Court.*

16. Learned counsel for the petitioner has also relied upon the judgment of this Court in the case of ***Heera Lal (Supra)***. The relevant paragraph no. 5 is quoted hereinbelow.

*"5. It is urged on behalf of the petitioner that the finding of the trial Court that the petitioner tenant was not defaulter, was never set aside by the revisional Court. After going through the order of the prescribed authority, the Counsel for the petitioner has failed to point out any such finding. In fact the trial Court had come to the conclusion that the petitioner was a defaulter but due to the deposit of rent in Court, it gave the benefit of Section 20(4) of the Act. Further, once it was proved from the evidence on record that the tenant had acquired a residential building within the same municipal limit, he would not be entitled to protection granted under Section 20(4) of the Act. Thing finding of fact has not been shown to be either perverse or without any evidence."*

17. The said submission of the learned counsel for the petitioner that a specific plea was taken while replying the objection preferred by the respondent/tenant in the suit that the respondent/tenant had constructed a house in which he is living along with his family and the shop in which the respondent is the tenant is within the same municipality.

18. On being asked an specific query by the learned counsel for the petitioner whether any evidence was ever adduced or led by the petitioner before the trial court whether the said residential house constructed by the respondent can be used for commercial activity or not, or it was being used by the respondent for commercial purposes or not, learned counsel for the petitioner has very fairly replied that except that averment no evidence was adduced before the trial court that the residential building possessed by the respondent/tenant can be used for commercial purposes.

19. The judgment relied by the learned counsel for the petitioner i.e. in the case of ***Samar Pal Singh (Supra),*** wherein it has been observed by the Court that the High Court has erred in law by treating theses two properties as commercial without there being evidence to that effect. The property as alleged by the petitioner i.e. residential house in the name of the respondent/tenant is for purposes of residential as it is admitted by the petitioner before the trial court and petitioner had not adduced/lead any evidence that the same can be used for commercial purposes hence the judgment relied are not applicable on the facts of the present case.

20. As per the law settled in the case of ***Sunil Kumar Mukherji Vs. Kabiraj Bindo Madho Bhattachaya and others reported in (1977) 11 AHC CK 0010*** and in the case of ***Sheo Nath Prasad Vs. IIIrd Additional District Judge and others reported in Allahabad Rent Cases, 1981 Page No. 207***, wherein it has been held that the purpose of the proviso is clear and it is that in case the petitioner has an alternative accommodation which can be used for the purpose for which he occupied the building under his tenancy, he should not be given the benefit of sub-section 4 of Section 20 of the Act, 1972. It is also held by this Court that proviso to Section 20 (4) would be attracted only to those cases where the building under tenancy is in the use of the tenant for residential purpose. If the building under tenancy is being used by the tenant for the commercial or business purposes, it is obvious that the acquisition by the tenant of a residential accommodation cannot, in the context of things, be relevant for determining whether the tenant ought not be held entitled to claim the benefit contemplated under Section 20 (4) of the Act, 1972.

21. The relevant paragraph no. 4 of the judgment in the case of ***Sunil Kumar Mukherji Vs. Kabiraj Bindo Madho Bhattachaya and others reported in (1977) 11 AHC CK 0010*** is quoted herein-below:-

*"4. I may here point out that the explanation to the proviso was inserted by Section 13 of the U.P. Urban Buildings (Regulation of Letting, Rent and Eviction) (Amendment) Act, 1976. On a perusal of the proviso, I am of opinion that it applies only to a residential building for otherwise the use of the word "residential" before the word "building" in the proviso will have no meaning. If the intention was to make the proviso applicable to every building the word "residential" would not have been used before the word "building". It is an established rule of interpretation that no part of an enactment is to be held as surplusage. In the instant case since admittedly the premises in question were not held by the applicant for residential purposes, his having built a residential building within the meaning of the proviso would be of no consequence**. The purposes of the proviso is clear and it is that in case***

***the tenant has an alternative accommodation which he can use for the purpose for which he is occupying the building under his tenancy, he should not be given the benefit of Sub-section (4) (emphasis laid)****. In the instant case, however, since the premises in question were occupied by the applicant admittedly not for residential purpose but for running a press, namely, for commercial purpose, his having built a residential building in the year 1958 would not deprive him of the benefit which he was entitled to in view of his having made the deposit as contemplated by Sub-section (4). Another argument was addressed by counsel for the applicant, namely, that the proviso applied only to such buildings which had been constructed after the coming into force of the Act did not refer to such buildings which may have been constructed before its commencement. The argument is plausible but I am not expressing any final opinion on the matter inasmuch as the revision can be allowed on the ground already stated above.*

22. The relevant paragraph nos. 4 and 5 of the judgment in the case of ***Sheo Nath Prasad Vs. IIIrd Additional District Judge and others reported in Allahabad Rent Cases, 1981 Page No. 207*** are quoted herein-below:-

*4.) In the case of Sunil Kumar Mukherji (supra) a learned Single Judge of-this-court had occasion to deal with precisely the same controversy. After analysing the provision, and the principle underlying thereunder, the learned*

*Judge observed thus:-*

***"The purposes of the proviso is clear and it is that in case the tenant has an alternative accommodation which he can use for the purpose for which he is occupying the building under his tenancy, he should' not be given the benefit of sub-section (4). In the instant case, however, since the premises in question were occupied by the applicant admittedly not for residential purpose but for running a press, namely, for commercial purpose, his having built a residential building in the year 1958 would not deprive him of the benefit which he was entitled to in view of his having made the deposit as contemplated by sub-section (4). (emphasis laid)*** *Another argument was addressed by counsel for the applicant, namely, that the proviso applied only to such buildings which had been constructed after the coming into force of the Act did not refer to such buildings which, may have been constructed before its commencement. The argument is plausible but I am not expressing any final opinion on the matter, inasmuch as, the revision can be allowed on the ground already stated above."*

*5. I am in respectful agreement with the above statement of law. In my opinion, in the context of the aforesaid statutory provision and the purpose of the enactment of which the said provision is a part, it is obvious that the proviso to section 20 (4) would be attracted only to those cases where the building under tenancy is in the use of the tenant for residential purpose. If the building under tenancy is being used by the tenant for the commercial or business purposes, it is obvious that the acquisition by the tenant of a residential accommodation can not in the context of things, be relevant for determining whether the tenant ought not to be held, entitled to claim the benefit contemplated under Section 20 (4). In my opinion the tenant was clearly entitled to claim the benefit of Section 20 (4) and the learned District Judge has rightly held so.*

23. After considering the facts and circumstances and discussions made above, now it is not necessary to replicate on the issue of the notice served by the petitioner to the respondent. The deposit as demanded by the petitioner from the respondent prior to the framing of the issues is admitted by both the parties i.e. by the learned counsel for the petitioner and learned counsel for the respondent hence amount was deposited on the first date of hearing, prior to the framing of the issues. The property which the petitioner has alleged in his reply to the objection filed by the respondent in a suit, it is an admitted case that it is a residential house in which the respondent is residing with his family and it is also admitted that no evidence was led before the trial court whether it can be used for the commercial purposes or not and nor it has been mentioned that it is being used by the respondent for commercial purposes, as such the petition is devoid of merit and is liable to be dismissed.

24. The writ petition is **dismissed.**

(Delivered by Hon'ble Saurabh Lavania, J.)

1. Mohd. Arif Khan, learned Senior Advocate with Advocate(s) Sri Nagendra Kumar Khare, appeared for petitioners. Advocate(s) Sri Hemant Kumar Pandey and Sri Dev Prakash Mishra, appeared for the State.

2. By means of present petition, the petitioners have assailed the order dated 10.04.2023 passed by respondent No. 2-District Magistrate/District Deputy Director of Consolidation, Lakhimpur Kheri in Case No. 2050/2022, Computerized Case No.D202210430002050 (Mahesh Chandra Saxena and Others vs. Prabaghiya Vanadhikari and Others) as also the order dated 16.10.2019 passed by respondent No.3-Consolidation Officer, Antim Abhilekh Second, Lakhimpur Kheri in Case No. 79/68 (Mahesh Chandra Saxena and Others vs. Prabaghiya Vanadhikari and Others).

3. After hearing the learned Senior Advocate for petitioners and learned counsel for the State, the judgment was reserved on 18.03.2024. On this date, learned counsel for the parties prayed for liberty to submit their written submissions alongwith some relevant documents, for which they were permitted.

4. The written submissions dated 01.04.2024 signed by Mohd. Aslam Khan, Advocate was submitted on behalf of petitioners. Alongwith written submission following have been annexed:-

(i) Copy of judgment passed by the Hon'ble Apex Court in the case of **Smt. Sonawati and Others vs. Sri Ram and Another; 1967 SCC OnLine SC 128**. In this case, based upon the entry of 1356 Fasli (1949 A.D.) rights over the land provided to Pritam Singh were interfered with by this Court and the judgment of this Court was affirmed by the Hon'ble Apex Court. The judgment of affirmation was passed by the Hon'ble Apex Court after observing that name of Pritam Singh was surreptitiously entered in Khasra for 1356 Fasli (1949 A.D.) and after taking note of Section 20(b) of U.P. Zamindari Abolition and Land Reforms Act, 1950 (in short "Act of 1950") and the fact that in the Khasra Barahsala i.e. Consolidated Khasra for 1347-1358 Fasli (1940 to 1951 A.D.) Tota Ram and Lajja Ram are shown as persons cultivating the land and there is no record of name of any sub-tenant on the land.

(ii) Copy of judgment passed by the Hon'ble Apex Court in the case of **Ram Avadh and Others vs. Ram Das and Others (2008) 8 SCC 58**. In this case, the Hon'ble Apex Court, after considering the Section 20 of the Act of 1950 including Explanation III therein as also the entry in the Khatauni for the year 1356 to 1366 Fasli (1949 to 1959 A.D.) interfered in the judgment of the High Court and the revisional Court and affirmed the decision

of the Consolidaton Officer and Settlement Officer of Consolidation and provided rights to the appellants therein.

(iii) The copy of the judgment passed by the Hon'ble Apex Court in the case of **Jasraj Inder Singh vs. Hemraj Multanchand. (1977) 2 SCC 155**. This judgment relates to order of remand and according to this, the observations made in the remand order should be complied with by the authority to whom the matter was remanded back.

(iv) Copy of the United Provinces Private Forests Act, 1948 (U.P. Act No. 4 of 1949).

(v) Copy of the judgment passed by this Court in the case of **Mohd. Karrar Ali and 2 others vs. the State of U.P., AIR 1954 All 753.** According to this pronouncement, U.P. Private Forests Act, 1948 has no application to the land other than forests.

(vi) Copy of Para A-124 of U.P. Land Records Manual.

(vii) Copy of Chapter II of Indian Forests Act, 1927 (in short "Act of 1927") which includes Section 20-A as applicable in Uttar Pradesh.

(viii) Copy of the counter affidavit filed by the State in Writ Petition No. 174 (M/S) of 2001 (Mahesh Chandra Saxena & Ors. vs. State of U.P. & Others) annexing therewith the copies of Khatuani of 1356 Fasli (1949 A.D.) and 1359 (1952 A.D.) Fasli. The copy of counter affidavit has been filed to establish that in 1359 Fasli (1952 A.D.) there was no cutting.

(a) It would be apt to indicate that in the Khatauni of 1356 Fasli (1949 A.D.) the area of Gata/Plot No. 21 is mentioned as 431.46 acre and the name of Raja Brijraj Bahadur Singh does not find place, (the basis of claim of predecessor-in-interest of petitioner and the petitioners), and according to the same, entire land was recorded under entry/Ziman-8(iii)(a)(1), *"Imarti Lakdi Ka Jungle"*.

(b) It would be relevant to indicate that from the certified photocopy of the Khatauni of 1359 Fasli (1952 A.D.), (annexed as Annexure No. 4 to the writ petition), it is evident that area of Gata/Plot No. 21 i.e. 431.46 acres mentioned in Khatauni of 1356 Fasli (1949 A.D.) was reduced by making correction/cutting to 393.91 acres and this correction/cutting was made without any order of the competent Revenue Official and it bears signature of someone, whose designation has not been disclosed. It is also evident from this Khatauni that after reducing the original area i.e. 431.46 acres to 393.91 acres different Gata(s)/Plot(s) were carved out as Gata No(s). 21, 21/2, 21/3, 21/4, 21/5, 21/6 & 21/7. In the Khatauni, the names of Daal Singh S/o Mom Raj Singh, Gopal Singh S/o Sagar, Buddha S/o Kamma, Surta S/o Buddha, Param Singh S/o Mom Raj Singh and Amru S/o Ram Ram, respectively, showing Barley (Jow) crop against Gata No(s). 21/1 to 21/7, respectively, and this was also carried out without any order in this regard.

5. The written submission dated 24.05.2024 by the State, signed by Sri Hemant Kumar Pandey, Sri Dev Prakash Mishra and Sri Yogesh Kumar Awasthi, annexing therewith following documents was submitted. Alongwith this written submissions following have been annexed:-

(i) Copy of the sale deed(s) of Mahesh Chandra Saxena and Sanjiv Kumar Saxena, Nanhey Lal Sharma, Smt. Vijay Rani Sharma, Nanhey Lal Sharma, Smt. Kamla Saxena, Smt. Vijay Rani Sharma, respectively.

(ii) Copy of the Khatauni of 1356 Fasli (1949 A.D.) and 1359 Fasli (1952 A.D.).

(iii) Copy of the order dated 18.07.2018 passed by the Consolidation Officer.

(iv) Copy of the report dated 07.06.1999 prepared and submitted by Sri Arun Kumar Mishra, Commissioner, Lucknow Division, Lucknow before the Principal Secretary, Forests Department.

(v) Copy of Form-41 prepared during consolidation proceedings.

(vi) Copy of Form-45 prepared during consolidation proceedings.

(vii) Copy of Khatauni for 1424-29 Fasli (2017-2022 A.D.).

(viii) Copy of the judgment passed by the Hon'ble Apex Court in the case of **T.N. Godavaraman Thirumulpad etc. vs. Union of India and Others; AIR 1997 SC 1228.** In this case, the Hon'ble Apex Court described the word 'Forest'.

(ix) Copy of judgment passed by this Court in **Consolidation No. 1268 of 1979 (State of U.P. Through The Divisional Forest Officer vs. The Deputy Director of Consolidation, U.P. and Others).** In this case, the Hon'be Apex Court has issued certain guidelines to save the forest and to reduce the de-forestation.

(x) Copy of judgment passed by the Hon'ble Apex Court in the case of **State of U.P. vs. Dy. Director of Consolidation and Others; AIR 1996 SC 2432**. This case also deals with Forest land and according to this case, no right would be available over the Forest land after notification in terms of Section 4 and 20 of the Indian Forest Act, 1927.

(xi) Copy of Section 20-A of Indian Forest Act, 1927.

(xii) Copy of order dated 03.06.2016 issued by the Chief Conservator of Forest, U.P., Lucknow for making compliance of the directions issued by the Hon'ble Apex Court in the case of **T.N. Godavaraman (Supra).**

(xiii) Copy of judgment passed by the Hon'ble Apex Court in the case of **T.N. Godavaraman Thirumulpad vs. Union of India & Ors.** dated 03.12.2010.

6. The facts indicated in the written submissions dated 01.04.2024 filed by learned counsel for petitioners and the facts indicated in the petition are similar and learned Senior Advocate in his oral submissions placed all the relevant facts and law before this Court in support of his contention. Accordingly, to take note of relevant facts and the submissions advanced by the learned Senior Advocate, the averments made in the written submissions dated 01.04.2024 are extracted hereinunder:-

*"1. The property in dispute, namely, Plot no.21. having an area of 431.61 acres, situate in Mohal Mustahakam, Village, Alenganj, Pargana, Bhud, District, Kheri, before abolition of Zamindari i.e. in khatauni 1356 Fasli was recorded in the Khewat Khatauni of Raja Brijraj Bahadur of Jhandi Estate in Ziman 8 (3) (i) of Non-Z.A. khatauni i.e. "Krishi Yogya Banjar Bhumi and Imarati Lakari Ke Van". The predecessor in interest of the petitioners occupied cultivable portion of plot no.21 in 1358 Fasli and had sown barley crop without the consent of the Zamindar with the result, their names were entered/ recorded in khatauni 1359 Fasli prepared by the Lekhpal in Red Ink in Ziman 5-A as U.P. Land Records Manual was applicable to Non-Z.A. Area of Oudh with a duration of one year.*

*2. The names of the predecessor in interest of the petitioners were recorded in khatauni 1359 Fasli over plot nos.21/2*

*to 21/7 (annexure no.4). The said entry continued. The village was brought under consolidation operations, after issue of notification under section 4 of U.P. Consolidation of Holdings Act (hereinafter called) the Act and the names of the predecessor in interest of the petitioners were recorded. Notification under section 52 of the Act was published in 1392 Fasli and the records were remitted to Tehsil Authorities, Tehsil, Gola, District, Kheri. Fresh khatauni was prepared in 1395 Fasli and the names of the predecessor in interest of the petitioners, namely, Dal Singh & others were recorded over new nos. 22Kha to 22Chha.*

*3. The petitioners purchased the land in dispute, admeasuring 31.35 acres from the recorded tenure holders under registered sale deeds dated 17.3.1997, 28.4.1997, 2.5.1997, 1.7.1997 and 4.7.1997 for valuable sale consideration.*

*4. In pursuance to the sale deeds, possession was delivered to the petitioners and their names were also mutated in revenue records. Prior to the purchase by the petitioners, they made enquiries and they were informed by the Forest Settlement Officer, Kheri that the plots in dispute were not acquired by the Forest Department for reserve forest. It is submitted that a notification under section 4 of Indian Forest Act in respect to an area of 246.67 acres was issued relating to plot no * 0.22 = 21/2 old number and other plots. Thereafter a notification under section 20 of the Act was issued in respect to aforesaid plots on 26.4.1968 (annexure no.8).*

*5. As stated above, after purchase of the property in dispute from the recorded bhumidhars, the names of the petitioners were mutated and they are bonafide purchasers for valuable consideration without notice.*

*6. After a lapse of 45 years, an application was made by the Divisional Forest Officer (opposite party no.4) for deleting the names of the predecessor in interest of the petitioners from the aforesaid plots, stating therein that the property in dispute is reserve forest. Sub Divisional Officer, Gola Gokran Nath, called upon a report from the Tehsildar, Gola, who submitted a report on 16.5.1995 (annexure no.10), stating therein that the recorded tenure holders as per the report of the Lekhpal and Supervisor Kanoongo are in continuous possession and are paying its land revenue. A notification under section 20 of the Act was issued. On a comparison of the settlement map, it is apparent that plot nos.22 and 27 are outside reserve forest, standing on plot nos.21 and 23 and reserve forest situate at a distance of one km away from the plots in dispute. The Sub Divisional Officer, on a consideration of entire facts and the evidence on record, including the report submitted by the Tehsildar, rejected the application made by the Forest Department vide order dated 30.6.1995.*

*7. After rejection of the application made by the opposite party no.4, no action was taken by the Forest Department, assailing the said order by filing an appeal or revision and the petitioners, as stated above, are in continuous cultivtory possession.*

*8. It is submitted that as mentioned above, the petitioners being in occupation in 1358 Fasli and were cultivating the land in dispute and being recorded as occupants in 1359 Fasli, by virtue of section 20 (b) of the Act read with Rule 177 - A , they became Sirdar and lateron Bhumidhar by virtue of amendment made under section 131 of U.P.Zamindari Abolition & Land Reforms Act, as has been laid down by this Hon'ble Court as well as*

*Apex Court in the case of Smt. Sonawati, 1968 R.D. pages 151 and 2008 (8) SCC, page 58, Ram Avadh & others versus Ramdas & others.*

*9. The petitioners submit that longstanding entries could not be corrected in proceedings under section 33/39 of U.P.Land Revenue Act, as neither the State Government nor the Forest Department had ever assailed the longstanding entries recorded in the name of the predecessor in interest of the petitioners and after purchase. in the name of the petitioners, hence the application for correction of the entries made by the opposite party no.4 was rightly rejected by the Sub Divisional Officer, Gola.*

*10. The petitioners further submit that no notification, either under section 4, 6 or under section 20 of Indian Forest Act had so far been issued in respect to the plots in dispute. As mentioned above, since the land was lying vacant, the predecessor in interest of the petitioners starting cultivating the land in dispute without the consent of the landlord and being in occupation, their names were recorded by the concerned Lekhpal in Ziman 5-A of U.P. Land Records Manual applicable to Oudh.*

*11. Again an application was made by the Divisional Forest Officer, South, Kheri for correction of the entries in revenue records in respect to the plots in dispute, on which a report was again called upon from the Tehsildar, Gola Gokran Nath.*

*12. Sub Divisional Officer, Gola, even without affording any opportunity of hearing to the petitioners, passed an order on 28.10.1999 (annexure no. 13) for deleting the names of the petitioners and recording the land in dispute in the name of Forest Department "Imarati Lakari Ke Jangal, Zere-Intezam, Forest Department."*

*13. Being aggrieved by the exparte order dated 28.10.1999, the petitioners filed a revision no.54 (L.R.) 1999-2000 before the Board of Revenue, which was allowed vide order dated 11.10.2000 (annexure no.14) and the matter was remanded to the Sub Divisional Officer, Gola to pass fresh orders on merits, after impleading Gaon Sabha as well as after affording opportunity to the petitioners to adduce their evidence, after examining the original records. While remanding the matter, the Board of Revenue had specifically observed in para 4 of the judgment to the effect that the Forest Department could not produce any evidence in support of its claim that the land belongs to the Forest Department. It was further observed in para 6 of the order that the order dated 28.10.1999 passed by the Sub Divisional Officer is illegal and is liable to be set aside. The revision deserves to be allowed in part. A direction was issued that after registering a case under section 33/39, by arraying Gaon Sabha as a party, the matter may be decided afresh and in case, the entries made in revenue records are found to be forged, proceedings may be initiated against erring officials.*

*14. The petitioners being aggrieved by the order dated 11.10.2000 (annexure no.14) filed writ petition (M.S.) No.174 of 2001 which was allowed vide judgment dated 12.9.2014. It was observed that the petitioners claimed title under section 20 (b) of U.P.Act No.1 of 1951 as their predecessor in interest were recorded occupant in khatauni 1359 Fasli and in view of the law laid down by the Apex Court, entry in 1359 Fasli must be genuine and made according to the provisions of the Land Records Manual and not a fake entry. The said issue has not been decided by any court or authority. No proceedings*

*for correction of land records were taken under U.P. Consolidation of Holdings Act and prior entries continued. It was further observed that in the absence of any notification under section 117 of U.P. Zamindari Abolition & Land Reforms Act, Gaon Sabha has nothing to do in the matter. The matter was thus remanded to the Deputy Director of Consolidation, Kheri to conduct a proper enquiry, after giving an opportunity of hearing to the parties, if necessary, he may frame an issue and remit the matter to the Consolidation Officer for recording oral and documental evidence of the parties and may pass appropriate orders after receiving evidence and findings of the consolidation officer, after hearing the parties.*

*15. After remand, the Deputy Director of Consolidation even without complying the terms of the order of remand, as in view of the law laid down by the apex court in the case of Jasraj versus Hemraj, AIR 1977 SC page 1011. remanded the entire matter to the Consolidation Offier, where the statement of Forest Ranger was recorded. He had specifically stated that he does not know the number of the plots mentioned in the notification under section 20 of the Forest Act. He also does not know the number of the plots in dispute and their corresponding numbers prior to consolidation operations.*

*16. It would be pertinent to point out here that prior to passing of the order by the Sub Divisional Officer, on the subsequent application made by the Forest Department (opposite party no.4) for correction, an exparte report was submitted behind the back of the petitioners as they were not afforded any opportunity to participate in the said enquiry and this Hon'ble Court, while allowing the writ petition filed by the petitioners, after setting aside the orders passed by the Sub Divisional Officer and the Board of Revenue, remanded the matter to the Deputy Director of Consolidation, Kheri to conduct a proper enquiry, after giving an opportunity of hearing to the parties. No such enquiry, after remand of the matter by this Hon'ble Court, was ever made and the Sub Divisional Officer, resting upon the exparte report of the Commissioner (annexure no.12), he passed an order for deleting the names of the petitioners from the plots in dispute and recording the same in the name of Forest Department, as reserve forest, although this Hon'ble Court has also observed, while allowing the writ petition that Forest Department had failed to substantiate its claim by leading any evidence which is also evident from the notification dated 1.7.1968 issued under section 20 of the Forest Act, mentioning the notification issued on 29.3.1954 under section 4 of the Forest Act, wherein the plots in dispute does not find mention, hence the plots in dispute could not be said/held to be reserve forest, more particularly in view of the State Amendment made under section 4 of the Indian Forest Act published on 1.2.1966.*

*17. Being aggrieved by the order dated 16.10.2019 (annexure no.2) passed by the Consolidation Officer, to whom, the matter was remanded by the Deputy Director of Consolidation, Kheri to decide the matter on merits, though in pursuance to the order of remand passed by this Hon'ble Court, vide judgment dated 12.9.2014 (annexure no.15), a direction that was issued to the Deputy Director of Consolidation, Kheri to conduct a proper enquiry, after giving opportunity of hearing to the parties, decide the same. Thus the order passed by the Consolidation Officer (annexure no.2) was not only illegal but also against the terms of the order of*

*remand, in view of the law propounded by the Apex Court aforesaid.*

*18. Being aggrieved, the petitioners filed an appeal before the Settlement Officer of Consolidation, Kheri, who remitted the appeal to the Deputy Director of Consolidation, Kheri, after quoting the observations made by this Hon'ble Court vide judgment dated 12.9.2-14 (annexure no. 19).*

*19. The petitioners thereupon filed a revision under section 48 (1) of U.P. Consolidation of Holdings Act, befoe the Deputy Director of Consolidation, Kheri, who also endorsed the order passed by the Consolidtion Officer, resting upon exparte report submitted by the Commissioner, which was inadmissible as he had not come in the witness box to prove the said report. Deputy Director of Consolidation, Kheri (opposite party no.2), except quoting the judgments passed by the apex court had not decided the lis as per the observations made by this Hon'ble Court, vide judgment dated 12.9.2014 (annexure no.15). Thus the order passed by the opposite party no.2 was not only illegal but also without jurisdiction as well as against the terms of the order of remand. Now it is well settled proposition of law as has been propounded by the Apex Court that if the matter has been remanded by the higher court to the lower court with certain directions, the lower court is bound by the terms of the order of remand and has to decide the matter accordingly and cannot traverse beyond the specific terms of the order of remand. Thus the order passed by the opposite party no.2 is not only illegal but also without jurisdiction.*

*20. Main controversy involved, as has been observed by this Hon'ble Court vide 12.4.2014 (annexure no.15), has not yet been decided and the opposite party no.2, though he was required to decide himself, but instead of doing so, he had remitted the matter to the Consolidation Officer, after deciding the matter in accordance with law merely relying upon the exparte report of the Commissioner which was inadmissible. allowed the application made by the Forest Department and the said order has been endorsed by the opposite party no.2.*

*21. The petitioners submit that there is an enactment known as United Provinces Forest Act, 1948 (U.P.Act No.4 of 1949) (hereinafter called) the Private Forest Act of which section 2 provides that the said Act will not apply to any land which is vested in the Government or to any land in respect of which notifications and orders have been issued under the Indian Forest Act. Section 3 (15) defines the Private Forest. Section 13 deals with the management of the forests by owners under an approved working plan. Section 25 deals with the extinction of rights other than the landlords' rights. Section 42 deals with the right of rightholders to be exercised in accordance with the rules, while section 46 relates to the release of vested forests. As mentioned above, the plots in dispute had never been acquired for reserve forest, which could not be, in view of the submissions made hereinabove i.e. the State Amendment, made in section 3 of the Indian Forest Act and further after insertion of Chapter 5-A by U.P.Amendment, the claimant has been defined in section 38-A (a) means the claimants, claiming to be entitled to the land or any interest therein, acquired, owned, settled or possessed or purported to have been acquired, owned, settled or possessed whether under through or by any lease or license executed before the commencement of Act no.1, 1956 or owned in accordance with the provisions of any enactment, including the said Act. The*

*petitioners, who have acquired rights by remaining in cutltivatory possession in 1359 Fasli, by virtue of section 20 (b) of the Act became Sirdar and after abolition of zamindari and later on after amendment of Act no.131, they became bhumidhar with transferable rights. The State, Forest Department as well as Gaon Sabha had failed to establish the said entry to be forged or fictitious and the sole reliance placed by the Deputy Director of Consolidation as well as Consolidation Officer that there was a cutting/interpolation in the khatauni, the State through its counter affidavit has specifically stated that subsequently an insertion was made below the area of plot no.21 i.e. 393.910 acres as 431.46 acres which is evident from the khatauni filed by the petitioners as annexure no.4 is incorrect as the State of U.P. filed a counter affidavit in writ petition 174 of 2001 (M.S.) filed by the petitioners in which they had annexed the Photostat copy of the certified copy of khatauni obtained on 16.1.1999 as (annexure no.CA-1), there was no such cutting or interpolation. Photostat copy of the said khatauni is annexed herewith. Thus the findings recorded by the opposite parties no.2 and 3, dismissing the revision and allowing the application made by the Forest Department (opposite party no.4) are not only illegal but also against the law.*

*22. The petitioners submit that the provisions of United Provinces Forest Act, 1948 came up for consideration before this Hon'ble Court in the case of Mohd. Karrar Ali & others versus State of U.P. & others) reported in 1954 Allahabad, page 753, wherein it was propounded that U.P. Private Forest Act has got no application to the land other than forests.*

*23. The petitioners submit that so far as section 20-A inserted by the State Amendment Act in the Forest Act is concerned, the same has got no application and the land in dispute could not be said/held and deemed to be reserve forest as the land in dispute does not belong to the category mentioned in that section and the findings recorded by the opposite party no.2 that the land in dispute is deemed forest is vitiated in law. The land which is recorded in the revenue records as forest land belonging to the government in respect to that the said provision will apply and not in respect to the land in dispute of which the petitioners became Bhumidhar by operation of law being recorded occupant in khatauni 1350 Fasli in accordance with the provisions of Land Records Manual, para 123 in Red Ink, with the result, they became bhumidhar.*

*24. In view of the submissions made hereinabove, the writ petition may be allowed. The orders passed by the opposite parties no.2 and 3 be set aside."*

7. From the side of State opposing the present petition and supporting the impugned order(s), in nutshell, Sri Pandey, learned counsel for the State submitted as under:-

(i) Intentionally Khatauni of 1356 Fasli (1949 A.D.) of Gata/Plot No. 21 has not been placed on record. In the 1356 Fasli (1949 A.D.), the land in dispute was recorded as "*Imarati Lakdi Ka Jungle"* (Timber Trees), as indicated in entry (8) (iii)(a)(1) of Para 124-A of U.P. Land Records Manual and in this year the total area was 431.61 acres and in the Khatauni of 1356 Fasli (1949 A.D.) the land in dispute was not recorded in the name of Raja Brijraj Bahadur Singh. To establish the same, a copy of Khatauni of 1356 Fasli (1949 A.D.) was placed before this Court and the same was made part of record.

(ii) In the 1356 Fasli (1949 A.D.) without any order or recording any reasons, the area of Gata/Plot No. 21 was reduced from 436.46 to 431.61 acres as in the Khatauni of 1346 Fasli (1939 A.D.) the area was 436.46 acres. Subsequently in the 1359 Fasli (1952 A.D.), the area of Gata/Plot No. 21 was again reduced as in the Khatauni of 1359 Fasli (1952 A.D.), 37.55 acres were recorded in the name of predecessor-in-interest of petitioners that too without any order of competent person/authority under Ziman 5-A entry, which finds place in Para A-124 of U.P. Land Records Manual, and the same says that "*Occupiers of lands without title when there is no one already recorded in column 5 of the khasra*".

(iii) The Ziman 5-A entry favourable to the petitioners was not based upon any order of comptent revenue Official and in fact, is not in accordance with the procedure prescribed under the U.P. Land Records Manual including Para(s) 80, 81-A, A-80, A-81, 89-A and 89-B and accordingly this entry of 1359 Fasli (1352 A.D.), favourable to the petitioners, is completely fictitious, baseless, bogus, surreptitious and forged and can't be relied upon to extend the benefits to the petitioners.

(iv) The specific findings have been made in the impugned order(s) on the entry favourable to the petitioners and accordingly petitioners ought to have placed the relevant material on record to impeach the said findings related to the entries in the revenue record particularly the entries made in the Khatauni of 1359 Fasli (1952 A.D.), in which names of predecessor-in-interest of the petitioners were entered after creating/carving new Gata(s)/Plot(s) No. 21/1 to 21/7 from Gata/Plot No. 21 that too without any order in this regard. However, no such document has been placed on record to impeach the said findings.

(v) The basis of initiation of proceedings against the petitioners was the report dated 07.06.1999 (Annexure No. 12 to the writ petition). According to this report, the entries, as indicated by the petitioners, of 1356 Fasli (1949 A.D.) and 1359 Fasli (1952 A.D.) are forged/bogus entries and to controvert and impeach the same, no document has been placed on record except a questionnaire, annexed as Annexure No. 3 to the petition, which is also a bogus document and is not liable to be relied upon.

(vi) If the facts mentioned in Para 4 of the petition are taken to be true, though not correct, that Gata/Plot No. 21 area 431.61 acres situated in Mohal Mustahkam Village-Allenganj Pargana-Bhud, Tehsil-Gola, District-Lakhimpur-Kheri, before abolition of zamindari i.e. in Khatauni of 1356 Fasli (1949 A.D.) was recorded in the khewat Khatauni of Raja Brijraj Bahadur of Jhandi Estate in Ziman 8(3)(1) of Non-ZA Khatauni, then also the petitioners would not get any right over the said land or part of the said land because the correct entry i.e. 8(iii)(a)(1) and the note appended to the same itself indicate that the same was under the control of Forest Department meaning thereby under the control of State Government and further, for the reason that at the time of submission of report dated 07.06.1999 trees were about 80-100 year old and accordingly, present age of the trees would be about 105-125 year and the trees of Sal (Shakhu) were/are covered under the expression "*Timber Tree*" as indicated in the said entry i.e. 8(iii)(a)(1) readwith note appended to the same.

(vii) The alleged entry of 1356 Fasli (1949 A.D.) in favour of Raja Brijraj Bahadur Singh, as indicated in questionnaire, is forged one and the fact

that questionnaire itself is forged/fabricated and bogus document can be deduced from the fact that in the year 1999 the age of trees was found to be between 80-100 year and accordingly in the 1356 Fasli (1949 A.D.) or 1359 Fasli (1952 A.D.) the age of the trees must be between 40-60 year and to impeach/controvert the same and also the findings related to existence of trees over the land in issue, which in fact was admitted by Mahesh Chandra Saxena and Nanhey Lal Sharma (Petitioner No. 4) during their examination and the same is evident from the impugned order dated 10.04.2023, nothing has been placed on record and accordingly, the entries of the 1356 Fasli (1949 A.D.) and 1359 Fasli(1952 A.D.) including regarding crop of Barley/Jow etc., as pleaded, are bogus and no right could be provided to any person including the petitioners, who have purchased the land from the persons whose names were recorded in the Khatauni of 1359 Fasli (1952 A.D.) without any order in this regard.

(viii) The land indicated in terms of entry 8(iii)(a)(1) in the revenue record is a 'Public Utility Land' and this entry is similar to the entry indicated in Para A-124 applicable in the area over which Act of 1950 applies and after considering the entry i.e. 5(iii)(a)(1) provided under Para A-124, this Court has already settled the issue in various pronouncements according to which, no right would be available to any person over such type of lands.

(ix) So far as the contention of learned counsel for the petitioners is concerned that the petitioners are saved under Section 20(b) of the Act of 1950. The same has no force as petitioners' case is basically based on entry in the revenue record of the Khatauni of 1359 Fasli (1952 A.D.) and the Section itself indicates 1356 Fasli (1949 A.D.).

(x) The benefit of Section 20(b) of the Act of 1950 would be available if the entry was/is genuine and in this case, the entry of 1359 Fasli (1952 A.D.) itself was/is bogus and fraudulent and as such, no right would be available to the petitioners based upon the sale deed as their basis itself is not a valid document in the eye of law. In this view of the matter, maxim ***'Sublato Fundamento Cadit Opus'***, which means *'foundation being removed, the structure falls',* would apply in the present case.

(xi) A person, who was not having any title, cannot create a title. In view of the fact that the predecessor-in-interest of petitioners were having no right over the land in dispute in terms of entry 8(iii)(a)(1) in the revenue record as also that without any order, the corrections were made in the Khatauni of 1359 Fasli (1952 A.D.), no right would flow to the petitioners despite sale deed(s) in their favour. Reference can be made to the maxim ***'Nemo dat quod non habet'*** which means *'no one can give what they do not have'.*

(xii) In this case, if the orders are interfered with on account of jurisdiction of respondent No.2 and/or on the ground that respondent No.2 has failed to act in terms of order of remand of this Court dated 12.09.2014 or on other procedural irregularities, then in that event, the bogus/forged entries, favourable to the petitioners, would revive in the revenue records, which were not in consonance with the law on issue. Thus, no interference is required in the matter.

(xiii) The entry in the revenue record was undisputedly in the 1356 Fasli (1949 A.D.) and prior to same was 8(iii)(a)(1) i.e. "under the management of Forest Department (including erstwhile forest made over to Forest Department)"

and a conjoint reading of the same as also Section 117 of the Act, 1950 and Section 132 of Act of 1950 would indicate that no right can be provided to an occupier of the forest land or land managed by the Forest Department.

(xiv) The rights were provided to the predecessor-in-interest of the petitioners on the basis of entry in Khatauni of 1359 Fasli (1952 A.D.) ignoring the fact that the original Gata/Plot No.21 indicated in the 1356 Fasli (1949 A.D.) was renumbered as 21/1 to 21/7 without any order of the revenue authority and to dispute or controvert this fact, no order has been placed on record and accordingly, it shall be presumed that the petitioners are admitting the fact that without any order of competent authority, the entries/corrections were made while preparing Khatauni of 1359 Fasli (1952 A.D.).

(xv) In the matter, an inquiry was also carried out by the Commissioner, Lucknow Division, Lucknow and after concluding the inquiry, he submitted his report dated 07.06.1999 to the Principal Secretary, Forest Department. The inquiry report is part of the record as Annexure No.12 to the present petition appended at page No.136 and a perusal of the same indicates that in the 1346 Fasli (1939 A.D.) and 1356 Fasli (1949 A.D.), the land was recorded under Category 8(iii)(a)(1), which in fact was forest land. It also indicates that the new numbers were allotted to original Gata No.21 without any order of the competent authority and this report would override the report of Tehsildar filed in the year 1995, which was basically based on the entries made in 1359 Fasli (1952 A.D.) and the Gata(s) involved in the notification issued under Sections 4 & 6 of the Act of 1927. The report dated 17.06.1999 also indicates that over the land in issue, there are several trees about 82-100 year old.

(xvi) Before the concerned authority i.e. Consolidation Officer, the statements of the witnesses were recorded and as per the statement(s) of Mahesh Chandra Saxena (Petitioner No.1) and Nanhey Lal Sharma (Petitioner No.4) the adjacent land to the land in issue belongs to the Forest Department and over the land in issue, there are as many as 2752 trees. Thus, the submissions of the learned counsel for the petitioners, based on the averments made in the present petition, that land is vacant land and was/is being used for agricultural purpose is completely fallacious and baseless rather false.

(xvii) Section 20A of the Forest Act, as applicable in Uttar Pradesh, provides deeming clause and according to the same, the land in issue is to be recognized and held as land of Forest Department and not of the petitioners.

(xviii) The land of the Forest Department is the land covered under the expression *"the land used for public purpose"* and accordingly, Section 132 of the Act of 1950 would be attracted and no right can be provided to any person over the land described under Section 132 of the Act of 1950 nor the claim over the same is legally valid.

8. In addition to above, the written submission dated 24.05.2024 was also filed on behalf of the State, which is extracted hereinunder:-

*"1. That the Khatauni of village Alanganj, Pargana Bhud, District Kheri, recorded in Account No. 91 of 1356F, plot no. 21, area 431.46 acre, is recorded as timber trees of forest. Notes of Para 124-A Category 8 defines "timber trees" and says it means a tree the value of which mainly lies in its timber for building purposes and in its fruit or like produce. Examples of*

*timber trees are* ***sakhu,*** *sagaun, hasna, deodar, haldua, country mango (not qalmi), neem, sheesham, jamun, asna, mahua, etc. Such trees as bargad, pakar, peepal, gular etc. are not timber trees." Further it admitted fact* ***that the entire portion of Bhukhand numbers - 21 and 22 is a vast forest of Sal trees (Saakhu Trees)*** *with the age of the trees estimated to be between 80 to 100 years. It is noteworthy that the trees grow naturally every year.*

*2. That the area of 431.46 acres of Gata No. 21- recorded in the Khata no. 98 of Khatauni 1359F of Village Alianganj Pargana Bhud District- Kheri was illegally reduced to 393.91 acres without any order.*

*3. That there was consolidation in the above mentioned village (Elanganj), after consolidation as per CH-41, Gata No. 22A area was 158.44 acres of timber forest, 22B area was 2.20 acres of forest, 22C area was 6.60 acres of forest, Gata No. 22D area was 7.15 acres of forest, Gata No. 22E was 8.30 acres of forest, Gata No. 22F was 5.00 acres of forest, Gata No. 22G was recorded as 2.10 acres of forest.*

*4. That Dr. George Joseph, Principal Secretary, Forest Department, Uttar Pradesh Government, through his letter no. 290/15/Camp/98 dated 30.11.98, requested the District Magistrate Lakhimpur-Kheri, to set up inquiry regarding irregularities committed in revenue records of forest land situated at village Ailanganj Pargana Bhood, Lakhimpur-Kheri. Considering the seriousness of the matter, the Government, with the approval of the Honorable Chief Minister, decided to get the matter investigated/inquired by Commissioner, Lucknow Division, Lucknow.*

*5. The Commissioner, Lucknow Division, Lucknow, conducted a site inspection on 04.06.99 in the presence of advocate representative of Shri Mahesh Chandra Saxena and others, village headmen, and former tenure holders/sellers. Following an examination of all village revenue records and land maps, etc., a report on the investigation/inquiry was submitted to the government on 07.06.99. Upon examination, the Commissioner, Lucknow Division, Lucknow, has reached the conclusion that based on the scrutiny of revenue entries, it is evident that prior to the Consolidation, the old plot number 21 (Bhukhand Sankhya-21) had an area of 436.46 acres in the settlement year of 1346 Fasli and it was recorded as Jimman 8(3)(a)(1) of Land Record Manual. It is noteworthy that prior to the abolition of Zamindari, the land under Jimman 8(3)(a)(1) (As per Awadh para 124-A) of Land Records Manual was designated as "forests of timber trees under the management of the forests department (including erstwhile private forests made over to forest department). Notes of Para 124-A Category 8 defines "timber trees" and says it means a tree the value of which mainly lies in its timber for building purposes and in its fruit or like produce. Examples of timber trees are sakhu, sagaun, hasna, deodar, haldua, country mango (not qalmi), neem, sheesham, jamun, asna, mahua, etc. Such trees as bargad, pakar, peepal, gular etc. are not timber trees." Further it admitted fact that the entire portion of Bhukhand numbers - 21 and 22 is a vast forest of Sal trees (Saakhu Trees) with the age of the trees estimated to be between 80 to 100 years. It is noteworthy that the trees grow naturally every year.*

*6. That the examination of the aforementioned entries makes it clear that prior to the Consolidation, the land was area 436.46 acres of plot number 21 (Bhukhand Sankhya-21) in settlement of*

*1346 Fasli and with an area of 436.46 acres was also recorded in Khatauni year of 1346 Fasli, under Jimman 8(3)(a)(1) of the settlement year. It is noteworthy that prior to the abolition of Zamindari, the land under Jimman 8(3)(a)(1) (As per Awadh para 124-A) of Land Records Manual was designated as "forests of timber trees under the management of the forests department (including erstwhile private forests made over to forest department). In the Khatauni of Fasli year of 1354 Fasli, the area of the aforementioned land plot number 21 (Bhukhand Sankhya-21) was recorded area 431.46 acres, Jimman 8(3)(a)(1) (As per Awadh para 124-A) of Land Records Manual was designated as "forests of timber trees under the management of the forests department (including erstwhile private forests made over to forest department) and the same entry was also found and continued in the Khatauni fasli year 1356 Fasli. Notes of Para 124-A Category 8 defines "timber trees" and says it means a tree the value of which mainly lies in its timber for building purposes and in its fruit or like produce. Examples of timber trees are sakhu, sagaun, hasna, deodar, haldua, country mango (not qalmi), neem, sheesham, jamun, asna, mahua, etc. Such trees as bargad, pakar, peepal, gular etc. are not timber trees." Further it admitted fact that **the entire portion of Bhukhand numbers - 21 and 22 is a vast forest of Sal trees (Saakhu Trees)** with the age of the trees estimated to be between 80 to 100 years. It is noteworthy that the trees grow naturally every year.*

*7. That Prior to the abolition of Zamindari, a person who had occupied land without any title was entitle to enter his name in Jimman 5Ka. Upon examination of the Khatauni of 1359 Fasli year, it is apparently evident that in Khata Number – 89 lagayat Khata Number – 94, certain entries at the end of Jimman 5, were initially omitted and cutting was made and later included certain entries in another handwriting, and the area of Bhukhand Number- 21 of Khata number 98 under Jimman 8(3)(a)(1) "forests of timber trees" (As per Awadh para 124-A) of Land Records Manual was reduced from 431.46 acres to 393.91 acres. In the Khasra of 1359 Fasli, the Bhukhand Number- 21 was initially recorded as 431.46 acres under Jimman 8(3)(a)(1) ""forests of timber trees under the management of the forests department (including erstwhile private forests made over to forest department)." (As per Awadh para 124-A), and made a new Plot number- 21/1, and the area was reduced from 431.46 acres to 393.91 acres by cutting down the area. Entries of 21/2 to 21/7, which could have been associated with the aforementioned Bhukhand Number- 21, but it was entered at the end of the Khasra. It is evident that there was no space between Bhukhand Number- 21 and 22, where the entries of 21/2 lagayat 21/7 could have been recorded. In the Khasra of 1359 Fasli, cultivation of "Barley" in the Rabi season is shown in bhukhand numbers - 21/2 to 21/7. However, the total area of barley cultivation in the prepared GOSWARA at the end of the Khasra is 245.72 acres, whereas in all the pages of the Khasra, the total area of barley cultivation in different plots comes 194.75 acres. Clearly, the area recorded in the GOSWARA is higher, which raises doubts about the entries in the Khasra. **During the inspection of the land in dispute, it was found that the entire portion of Bhukhand numbers - 21 and 22 is a vast forest of Sal trees (Saakhu Trees)** with the age of the trees estimated to be between 80 to 100 years. It is noteworthy that the trees grow naturally every year.*

*8. That Bhukhand numbers - 22Kha lagayat 22Chaछ has not been marked neither in the Map of consolidation settlement nor in the revenue map of the concerned village. Additionally, there is no separate sub-division of land Bhukhand number - 22 at the site, and there is no possession by the recorded persons over any area Bhukhand numbers - 22Kha lagayat 22Cha. Therefore, the disputed area 31.35 acres remains part of Bhukhand number - 22, and the entire area of Bhukhand number - 22 is/has been under the exclusive possession of the Forest Department. Thus, it is evident that the entries made in name of sellers and their ancestors in the Khasra and Khatauni were wholly illegal and without any basis. Forged or fraudulent, entries do not give any right to anyone. Fraud and forgery rob a document of all its legal effect and cannot found a claim to possessory title.*

*9. The Apex Court in case of **Bachan and another Vs. Kankar and others, AIR 1972 SC 2157** has held that an entry incorrectly introduced by Patwari into the record of rights in favor of a person is fictitious and confers no right on such person. The entries in the Khatauni of 1359 Fasli are completely illegal because the names Jimman 5A could have been entered in the Khatauni of 1359 Fasli, which name would have been mentioned in column 4 of the Khasra. At the end of the Khatauni of 1359 Fasli, entries were added by different handwriting, while omitting and cutting of certain entries in another handwriting, and fraudulently created a new khatas 21/2 to 21/7. The entry of crop cultivation of "Barley" in the Khasra of 1359 Fasli has been total inconsistent with the spot because agriculture activities are not feasible due to the presence of approximately 80 to 100-years old sal trees on these plots. Bhukhand numbers - 21 and 22 is a vast forest of **Sal trees (Saakhu Trees).***

*10. In view of aforesaid, the entries in revenue record of 1356 Fasli and 1359 Fasli, as pleaded, are fictitious entries. A **fictitious entry is one which is not genuine. It is an unreal entry. A fabricated entry is a fictitious entry, as held by this Hon'ble Court in Ramjeet Upadhyaya and Ors. vs. Dy. Director of Consolidation, Allahabad and Ors. MANU/UP/2846/2011.** The entries made by the revenue officials in the settlement and revenue records of 1359 Fasli do not have any legal basis based on the principle of distant boundary settlement. In **Vikram Singh Junior High School v. District Magistrate (F and R) and ors. 2002 (2) AWC 1262 (SC**, it was held that an entry in the revenue record must have a legal basis.*

*11. "Fraud" as is well known vitiates every solemn act. Fraud and justice never dwell together. Fraud is a conduct either by letter or words, which includes the other person or authority to take a definite determinative stand as a response to the conduct of the former either by words or letter. It is also well-settled that misrepresentation itself amounts to fraud. Indeed, innocent misrepresentation may also give reason to claim relief against fraud. A fraudulent misrepresentation is called deceit and consists in leading a man into damage by willfully or recklessly causing him to believe and act on falsehood. It is a fraud in law if a party makes representations, which he knows to be false, and injury enures therefrom although the motive from which the representations proceeded may not have been bad. An act of fraud on Court is always viewed seriously. A collusion or conspiracy with a view to deprive the rights of the others in relation to a property*

*would render the transaction void ab initio. Fraud and deception are synonymous.*

*12. In* ***A.V. Papayya Sastry v. Government of A.P, (2007) 4 SCC 221****, the Supreme Court was pleased to held that if any judgement or order is obtained by fraud it cannot be said to be a judgement or order. The relevant portion of the aforesaid judgement is quoted below:*

*"19. Now, it is well-settled principle of law that if any judgment or order is obtained by fraud, it cannot be said to be a judgment or order in law. Before three centuries, Chief Justice Edward Coke proclaimed;*

*Fraud avoids all judicial acts, ecclesiastical or temporal.*

*** *** ***

*22. It is thus settled proposition of law that a judgment, decree or order obtained by playing fraud on the Court, Tribunal or Authority is a nullity and non-est in the eye of law. Such a judgment, decree or order by the first Court or by the final Court has to be treated as nullity by every Court, superior or inferior. It can be challenged in any Court, at any time, in appeal, revision, writ or even in collateral proceedings.*

*** *** ***

*38. The matter can be looked at from a different angle as well. Suppose, a case is decided by a competent Court of Law after hearing the parties and an order is passed in favour of the applicant/plaintiff which is upheld by all the Courts including the final Court. Let us also think of a case where this Court does not dismiss Special Leave Petition but after granting leave decides the appeal finally by recording reasons. Such order can truly be said to be a judgment to which Article 141 of the Constitution applies. Likewise, the doctrine of merger also gets attracted. All orders passed by the Courts/authorities below, therefore, merge in the judgment of this Court and after such judgment, it is not open to any party to the judgment to approach any Court or authority to review, recall or reconsider the, order.*

*** *** ***

*39. The above principle, however, is subject to exception of fraud. Once it is established that the order was obtained by a successful party by practising or playing fraud, it is vitiated. Such order cannot be held legal, valid or in consonance with law. It is non-existent and non-est and cannot be allowed to stand. This is the fundamental principle of law 'and needs no further elaboration. Therefore, it has been said that a judgment, decree or order obtained by fraud has to be treated as nullity, whether by the Court of first instance or by the final Court. And it has to be treated as non-est by every Court, superior or inferior."*

*13. That the Indian Forest Act 1927 is a complete code. The Indian Forest Act 1927 is a special Act and these lands have been notified under section 20 of the Forest Act and are national property. In the case of* ***State of U.P. vs. Dy. Director of Consolidation and Ors. MANU/SC/0612/1996****, the Hon'ble Apex Court has held that –*

***"The crucial question for consideration, however, is whether the Consolidation Authorities have the jurisdiction to go behind the notification under Section 20 of the Act and deal with the land which has been declared and notified as a reserve forest under the Act. It is necessary, therefore, to examine the scheme of Chapter II of the Act. Section 3 provides that the State Government may constitute any forest land or waste land which is the property of the Government or over which the Government has proprietary rights, or to the whole or any***

***part of the forest produce to which the Government is entitled, a reserved forest. Section 4 provides for the issue of a notification declaring the intention of the Government to constitute a reserved forest. Section 5 bars accrual of forest rights in the area covered by the notification under Section 4 after the issue of the notification. Section 6, inter alia, gives power to the Forest Settlement Officer to issue a proclamation fixing a period of not less than three months from the date of such proclamation and requiring every person claiming any right mentioned in Section 4 or Section 5 within such period, either to present to the Forest Settlement Officer a written notice specifying or to appear before him, and state the nature of such right and the amount and particulars of the compensation (if any) claimed in respect thereof. Section 7 gives power to the Forest Settlement Officer to investigate the objections. Section 8 prescribes that the Forest Settlement Officer shall have the same powers as a civil court has in the trial of a suit. Section 9, inter alia, provides for the extinction of rights where no claim is made under Section 6. Section 11(1) lays down that in the case of a claim to a right in or over any land, other than a right of way or right of pasture, or a right to forest produce or water course, the Forest Settlement Officer shall pass an order admitting or rejecting the same in whole or in part. In the event of admitting the right of any person to the land, the Forest Settlement Officer, under Section 11(2), can either exclude such land from the limits of the proposed forest or come to an agreement with the owner thereof for the surrender of his rights or proceed to acquire such land in the manner provided by the Land Acquisition Act, 1884. Section 17 provides for appeal from various orders under the Act and Section 18(4) for revision before the State Government. When all the proceedings provided under Section 3 to 19 are over the State Government has to publish a notification under Section 20 specifying definitely the limits of the forest which is to be reserved and declaring the same to be reserved from the date fixed by the notification.***

***It is thus obvious that the Forest Settlement Officer has the power of a civil court and his order is subject to appeal and finally revision before the State Government. The Act is a complete code in itself and contains elaborate procedure for declaring and notifying a reserve forest. Once a notification under Section 20 of the Act declaring a land as reserve forest is published, then all the rights in the said land claimed by any person come to an end and are no longer available. The notification is binding on the Consolidation Authorities in the same way as a decree of the civil court. The respondents could very well file objections and claims including objection regarding the nature of the land before the Forest Settlement Officer. They did not file any objection or claim before the authorities in the proceedings under the Act. After the notification under Section 20 of the Act, the respondents could not have raised any objections qua the said notification before the Consolidation Authorities. The Consolidation Authorities were bound by the notification which had achieved finality."***

*14. In a similar matter the Division of this Hon'ble Court in the case of* ***<u>State of U.P. vs. Kamal Jeet Singh decided on 04.08.2017 MANU/UP/2821/2017</u>****, in which the Hon'ble Court has allowed the claim of State of Uttar Pradesh held the following-*

*"From the above discussions, it is clear that the law laid down by Hon'ble the Apex Court in the case of **State of U.P. v. Deputy Director of Consolidation and others, 1996 All LJ 1393,** is fully applicable in the case and the revenue authorities or the authorities other than the authorities mentioned in the Forest Act cannot adjudicate the claim over the land included in the notification under Section 4 or 20 of the Forest Act.*

*On the basis of above legal propositions, we conclude the present petition as follows:*

*"I. From the date of notification under Section 4 of the U.P. Zamindari Abolition Act all the estate situates in U.P. vested in the State and stand transferred and vested in the State free from all encumbrances.*

*II. The land in question was previously in 1356F or before that was recorded as junglat/ghas/waste land.*

*III. Under the provisions of Section 3 of the Forest Act, the State may constitute any forest land or waste land which is the property of the Government or over which the Government has proprietary right and declare it as reserved forest. The land in question was recorded as junglat being under the proprietary right of the State and State has every authority to declare the land as forest land.*

*IV. After notification of Section 4 of the Forest Act no right shall be acquired in or over the land comprised in such notification except by succession or under a grant or contract in writing made or entered into by or on behalf of the Government. It is not a case where grant was made by the Government.*

*V. No right shall be alienated by a grant, sale or otherwise without the sanction of the State Government. Jagat Ram had no authority to transfer the land. Thus, the respondents have no better title than Jagat Ram.*

*VI. As reported by the revenue authorities the land was recorded as bushes or woody vegetation and it is included in forest in light of Section 38(a) & (b) of U.P. Act No. XXIII of 1965.*

*VII. After the issuance of notification under Section 4 of the Forest Act late Jagat Ram through whom respondents claim their right on the basis of a transfer deed, had filed an objection under Section 6 of the Forest Act and it was decided in the year 1958 and the land was declared as forest land. Thus the dispute reached to its finality, as indicated above, and except revision before the State no authority has jurisdiction to determine the rights as contained in Section 27-A of the Forest Act.*

*VIII. By way of measurement and by way of notification the petitioners have proved that the land in, question is included in the notification under Section 4 of the Forest Act."*

*46. Copy of the same be kept with the Principal Conservator of Forest and concerned revenue records. The Registry is directed to*

*send a copy of this order to the Chief Secretary, Government of U.P. within fifteen days. On the basis of submissions made above, the writ petition deserves to be allowed and the order dated 3.3.1978 passed by opposite party No. 3 and judgment and order dated 15.7.1978 passed by opposite party No. 2 deserve to be quashed. Accordingly, the writ petition is allowed and both the orders mentioned above are hereby quashed. No order as to costs."*

Section 132 of U.P. Zamindari Abolition and Land Reforms Act mentions about the land in which bhumidhari rights shall not accrue. Section 132 of U.P. ***(vi) lands set apart for public purposes under the U.P. Consolidation of Holdings Act, 1953 (U.P. Act No. 5 of 1954).***

*The Sub-clause (3) of Section 132 includes land held for a public purpose on which bhumidhari rights shall not accrue. The aforesaid three plots being recorded as "Dhaka Jangal" were covered by land as enumerated in Section 132 and lease of bhumidhari rights with non-transferable right cannot be granted on the said plots. No error has been committed by the courts below in cancelling the lease granted in favour of the Petitioners. The submission of Petitioners is that other persons have also been granted lease of "Dhaka Jangal", hence Petitioners have been discriminated in so far as the lease of other persons have not been cancelled and the Petitioners have only been singled out for cancellation. The counsel for the Petitioners has raised the submission based on discrimination. As noted above, lease of "Dhaka Jangal" is not permissible in accordance with Section 132 of U.P. Zamindari Abolition and Land Reforms Act and the fact that leases were granted to certain other persons cannot validate the lease of the Petitioners which was in violation of Section 132 of U.P. Zamindari Abolition and Land Reforms Act. The plea of discrimination is not available in a case where the benefit which*

*was taken by other persons cannot be said to be in accordance with law. Apex Court in* ***Chandigarh Administration and Anr. v. Jagjit Singh and another,MANU/SC/0136/1995 : (1995) 1 SCC 745****, held that mere fact that the Respondent has passed a particular order in the case of another person similarly situated can never be the ground for issuing a writ in favour of the Petitioner on the plea of discrimination in case the order in favour of other persons is found to be contrary to law or not warranted in the facts of this case. Following was laid down in paragraph 8 :*

*8. We are of the opinion that the basis or the principle, if it can be called one, on which the writ petition has been allowed by the High Court is unsustainable in law and indefensible in principle. Since we have come across many such instances, we think it necessary to deal with such pleas at a little length. Generally speaking, the mere fact that the Respondent authority has passed a particular order in the case of another person similarly situated can never be the ground for issuing a writ in favour of the Petitioner on the plea of discrimination. The order in favour of the other person might be legal and valid or it might not be. That has to be investigated first before it can be directed to be followed in the case of the Petitioner. If the order in favour of the other person is found to be contrary to law or not warranted in the facts and circumstances of his case, it is obvious that such illegal or unwarranted order cannot be made the basis of issuing a writ compelling the Respondent authority to repeat the illegality or to pass another unwarranted order. The extraordinary and discretionary power of the High Court cannot be exercised for such a purpose. Merely because the Respondent authority has passed one illegal/unwarranted order, it does not entitle the High Court to compel the authority to repeat that illegality over again and again. The illegal/ unwarranted action must be correct, if it can be done according to law indeed, wherever it is possible, the Court should direct the appropriate authority to correct such wrong orders in accordance with law but even if it cannot be corrected, it is difficult to see how it can be made a basis for its repetition. By refusing to direct the Respondent authority to repeat the illegality ; the Court is not condoning the earlier illegal act/order nor can such illegal order constitute the basis for a legitimate complaint of discrimination. Giving effect to such pleas would be prejudicial to the interests of law and will do incalculable mischief to public interest. It will be a negation of law and the rule of law"*

*21. That in this case in his evidence before the Subordinate Court, DW-2 Om Prakash Forest Inspector of the Forest Department (Divisional Forest Officer) has clearly explained the situation in his affidavit that the **entire portion of Bhukhand numbers - 21 and 22 is a vast forest of Sal trees (Saakhu Trees)** with the age of the trees estimated to be between 80 to 100 years. It is noteworthy that Sal trees grow on their own and the entire area is under the exclusive control of the forest department. This Hon'ble Court in the case of **Gyanendra Singh vs. Additional Commissioner, Agra Division, Agra, 2003 (95) RD 286** has held that these are a forest and public utility land and the same cannot be transferred by way of lease, sale etc. and no bhumdhari rights shall accrue in respect of the said land. These lands are saved under Section 132 (c) as held for public purpose of the U.P.ZA. & L.R. Act, 1950 and the said judgment has been further followed by this Court in its judgment dated 05.07.2022 in **Public Interest Litigation No. 7472 of 2021 and in the case of Sharad Kumar Dwivedi vs. State of U.P. through Principal Secretary, Lucknow and others.** Thus, it is a reserved forest as per the provisions of section 20-A of the Indian Forest Act and same is covered under section 132 (c) as held for public purpose of the U.P.ZA. & L.R. Hence, in terms of Section 20A of the Indian Forest Act, the entire area of **Gata Number 21 measuring area 431.46 Acres of Khata No. 91 of village Ailanganj Pargana Bhud District- Kheri,** is a reserved forest land. *23. The legislature has inserted the aforementioned provisions with a laudable object. Forest is a national wealth which is required to be preserved. The State is the owner of the forests and forest-produce. Depletion of forests would lead to ecological imbalance. It is now well-settled that the State is enjoined with a duty to preserve the forests so as to maintain ecological balance and, thus, with a view to achieve the said object forests must be given due protection, keeping the principles contained in Article 48-A and 51-A(g) of the Constitution of India in mind.*

The Government including Revenue Authorities have been mandated to take appropriate steps under the relevant statutory provisions to prevent damage, misappropriation of the such Public-Utility land under Section 132 of the Act and, therefore, no bhumidhari right can be given on the forest land. This is a national property for well-being of entire living creatures. In the above facts and circumstances, the Writ Petition is liable to be dismissed with exemplary costs."*

9. Having considered the aforesaid as also the pleadings and documents on record, this Court finds it appropriate to first consider the issue related to category/entry under which the entire land in issue i.e. Gata/Plot No. 21 was recorded in the Khatauni of 1356 Fasli (1949 A.D.) and the relevant para in this regard is Para-4 of the writ petition, which on reproduction reads as under:-

*"4. That the disputed property was entered in the ownership of Raja Brijraj Bahadur of Jhandi as proprietor/khewatdar/Zamindar of Mohal Mustahkam village Alenganj Pargana Bhud District Kheri, before abolition of Zamindari in Uttar Pradesh. Before 1356 F Gata no.21 area 431.61 acr. was entered as owner with possession in the khewat khatauni of Raja Brijraj Bahadur of Jhandi in Ziman 8(3)1 of Non-ZA khatauni. The photocopy of the questionnaire from record room is being annexed herewith* ***Annexure No.3*** *to this writ petition."*

10. On being asked regarding the entry indicated in Para 4 of writ petition, quoted above, learned Senior Advocate, appearing for petitioners had stated that typographical error regarding the entry, inadvertently, could not be corrected while filing the present petition and this entry should be read as Ziman 8(iii)(a)(1).

11. Before proceeding further on the facts of the case, this Court finds it appropriate to indicate relevant part of para(s) of U.P. Land Records Manual i.e. Para 124 (Applicable for Arrangements of holdings in Agra) and Para 124-A (Applicable for Arrangement of buildings

12. The entry (14)(iii)(a)(1) in Para 124 and entry 8(iii)(a)(1) in Para 124-A and entry 5(iii)(a)(1) in Para A-124 indicates that the land with any of these entries would be the land under management of the Forest Department.

13. Further, according to the 'Note' appended to the provision(s), referred hereinabove, Sal (Sakhu) trees, which were/are situated and were about 80-100 year old at the time of submission of report dated 07.06.1999 by the Commissioner, Lucknow Division, Lucknow and at present the same would be about 105-125 year old, would be covered under expression *"Timber Tree"*.

14. In view of aforesaid, the entire Gata/Plot No. 21 area 431.61 acres in 1356 Fasli (1949 A.D.) was under the management/control of Forest Department, even if it is presumed that in 1356 Fasli (1949 A.D.) the land was recorded in the name of Raja Brijraj Bahadur Singh.

15. Now, the question is as to whether any right would be available to any person over the land of aforesaid nature or over the land with aforesaid category/entry i.e. 8(iii)(a)(1) in Para 124 or 5(iii)(a)(1) in Para A-124. This question has no more res-integra.

16. In the case of ***Gyanendra Singh and Another vs. Additional Commissioner, Agra Division, Agra and Others; 2003 (95) RD 286,*** while dealing with the matter related to Section 198(4) of the Act of 1950 this Court dismissed the petition after taking note of entry in the revenue record i.e. "Jungle Dhak" and Section 132 of the Act of 1950 and also the submissions of learned counsel for the petitioners that opportunity was not provided. As per this judgment, the land recorded as "Jungle Dhak" would be covered under Section 132 and accordingly no right would be available to any person over such type of lands.

*"5. Both the courts below have recorded finding that all the three plots were recorded as "Jangal Dhaka". The word "Jangal Dhaka" means Dhaka Forest, Dhaka is a kind of small tree having large leaves. He entry of the aforesaid plot clearly indicates that the said plots are a kind of forest recorded as Dhaka Forest. The use and utility of forest cannot be denied. Existence of forest are beneficial for human life and environment. There cannot be any denial that forest land is a land of public utility. Section 132 of U.P. Zamindari Abolition and Land Reforms Act mentions about the land in which bhumidhari rights shall not accrue. Section 132 of U.P. Zamindari Abolition and Land Reforms Act is extracted below:-*

*"132. Land in which (bhumidhari) rights shall not accrue.—Notwithstanding anything contained in Section 131, but without prejudice to the provisions of Section 19, (bhumidhari) rights shall not accrue in:*

*(a) pasture lands or lands covered by water and used for the purposes of growing singhara or other produce or land in the bed of a river and used for casual or occasional cultivation;*

*(b) such tracts of shifting or unstable cultivation as the State Government may specify by notification in the Gazette; and*

*(c) lands declared by the State Government by notification in the official Gazette, to be intended or set apart for taungya plantation or grove lands of a (Gaon Sabha) or a local authority or land acquired or held for a public purpose and in particular and without prejudice to the generality of this clause:-*

*(i) land set apart for military encamping grounds;*

*(ii) lands included within railway or canal boundaries;*

*(iii) lands situate within the limits of any cantonment;*

*(iv) lands included in sullage farms or trenching grounds belonging as such to a local authority;*

*(v) lands acquired by a town improvement trust in accordance with a scheme sanctioned under Section 42 of U.P. Town Improvement Act, 1919 (U.P. Act VII of 1919), or by a municipality for purpose mentioned in clause (a) or clause*

*(c) of Section 8 of the U.P. Municipalities Act, 1916 (U.P. Act VII of 1916); and*

*(vi) lands set apart for public purposes under the U.P. Consolidation of Holdings Act, 1953 (U.P. Act No. V of 1954)."*

*6. The sub-clause (3) of Section 132 includes land held for a public purpose on which bhumidhari rights shall not accrue. The aforesaid three plots being recorded as "Dhaka Jangal" were covered by land as enumerated in Section 132 and lease of bhumidhari rights with non-transferable right cannot be granted on the said plots. No error has been committed by the courts below in cancelling the lease granted in favour of the petitioners. The submission of petitioners is that other persons have also been granted lease of "Dhaka Jangal", hence petitioners have been discriminated in so far as the lease of other persons have not been cancelled and the petitioners have only been singled out for cancellation. The counsel for the petitioners has raised the submission based on discrimination. As noted above, lease of "Dhaka Jangal" is not permissible in accordance with Section 132 of U.P. Zamindari Abolition and Land Reforms Act and the fact that leases were granted to certain other persons cannot validate the lease of the petitioners which was in violation of Section 132 of U.P. Zamindari Abolition and Land Reforms Act. The plea of discrimination is not available in a case where the benefit which was taken by other persons cannot be said to be in accordance with law. Apex Court in Chandigarh Administration v. Jagjit Singh, (1995) 1 SCC 745, held that mere fact that the respondent has passed a particular order in the case of another person similarly situated can never be the ground for issuing a writ in favour of the petitioner on the plea of discrimination in case the order in favour of other persons is found to be contrary to law or not warranted in the facts of this case. Following was laid down in paragraph 8:-*

*"8. We are of the opinion that the basis or the principle, if it can be called one, on which the writ petition has been allowed by the High Court is unsustainable in law and indefensible in principle. Since we have come across many such instances, we think it necessary to deal with such pleas at a little length. Generally speaking, the mere fact that the respondent authority has passed a particular order in the case of another person similarly situated can never be the ground for issuing a writ in favour of the petitioner on the plea of discrimination. The order in favour of the other person might be legal and valid or it might not be. That has to be investigated first before it can be directed to be followed in the case of the petitioner. If the order in favour of the other person is found to be contrary to law or not warranted in the facts and circumstances of his case, it is obvious that such illegal or unwarranted order cannot be made the basis of issuing a writ compelling the respondent authority to repeat the illegality or to pass another unwarranted order. The extraordinary and discretionary power of the High Court cannot be exercised for such a purpose. Merely because the respondent authority has passed one illegal/unwarranted order, it does not entitle the High Court to compel the authority to repeat that illegality over again and again. The illegal/unwarranted action must be correct, if it can be done according to law indeed, wherever it is possible, the Court should direct the appropriate authority to correct such wrong orders in accordance with law but even if it cannot be corrected, it is difficult to see how it can be made a basis for its repetition. By refusing to direct the*

*respondent authority to repeat the illegality; the Court is not condoning the earlier illegal act/order nor can such illegal order constitute the basis for a legitimate complaint of discrimination. Giving effect to such pleas would be prejudicial to the interests of law and will do incalculable mischief to public interest. It will be a negation of law and the rule of law…………."*

*7. Thus the submission of counsel for the petitioners that other persons have been granted leases of plots recorded as "Jangal Dhaka" is not relevant nor can validate the lease of petitioners. No error has been committed by the respondents in cancelling the lease of the petitioners.*

*8. The next submission of the petitioners is to the effect that Additional Collector is not Collector within the meaning of U.P. Zamindari Abolition and Land Reforms Act and has no jurisdiction to cancel the lease. Assuming without admitting that power to cancel the lease only vests with Collector, this Court will not exercise its jurisdiction under Article 226 of the Constitution to interfere with an order of Additional Collector, the effect of which is to restore the illegal lease granted to the petitioners. This Court while exercising jurisdiction under Article 226 of the Constitution will not exercise its jurisdiction in a manner the effect of which is to restore illegal order.*

9. *The Apex Court in Gadde Venkateswara Rao v. Government of Andhra Pradesh, AIR 1966 SC 828, has observed that while exercising jurisdiction under Article 226, High Court will not exercise its jurisdiction, the effect of which is to restore an illegal order.* The relevant paragraph of the aforesaid judgment is extracted below:

*"(17) The result of the discussion may be stated thus. The Primary Health Centre was not permanently located at Dharmajigudem. The representatives of the said village did not comply with the necessary conditions for such location. The Panchayat Samithi finally cancelled its earlier resolutions which they were entitled to do and passed a resolution for locating the Primary Health Centre permanently at Lingapalem. Both the orders of the Government, namely the order dated March 7, 1962, and that dated April 18, 1963, were not legally passed; the former, because it was made without giving notice to the Panchayat Samithi, and the latter, because the Government had no power under Section 72 of the Act to review an order made under Section 62 of the Act and also because it did not give notice to the representatives of Dharmajigudem village. In those circumstances, was it a case for the High Court to interfere in its discretion and quash the order of the Government dated April 18, 1963? If the High Court had quashed the said order, it would have restored an illegal order, it would have given the health centre to a village contrary to the valid resolutions passed by the Panchayat Samithi. The High Court, therefore, in our view, rightly refused to exercise its extraordinary discretionary power in the circumstances of the case."*

*10. Both the submissions of counsel for the petitioners being without any substance, the orders impugned in the writ petition need to interference by this Court in exercise of its jurisdiction under Article 226 of the Constitution of India."*

17. This Court in the case of ***Sharad Kumar Dwivedi vs. State of U.P. & Ors. 2022 SCC OnLine All 466;*** took note of relevant provisions including Para A-124 of U.P. Land Records Manual, Section 117 and 132 of the Act of 1950 and Section 101 of U.P. Revenue Code, 2006 (in short

Revenue Code, 2006 reads as under:—*

*Analysis:*

*39. It is a trite law that if a writ petition filed by a person raises question of public importance involving exercise of power by men in authority, then it is the duty of the Court to enquire into the matter. The legal fraud played by the public authority for benefit of the private persons at the expense of public at large cannot be condoned. In the present case, even if it is believed that the petitioner has some personal grudge or score to settle with opposite party no. 5 and his sons, the cause espoused by him in this writ petition is of greater public importance and, therefore, this Court in its order dated 18.3.2021 observed that looking at the facts of the case, this Court may treat this writ petition as Public Interest Litigation suo motu.*

*42. This Court in Gyanendra Singh v. Additional Commissioner, Agra Division, Agra, (2003) 95 RD 286 has held that the land recorded as "Jangal Dhak' is a forest land and is a public utility land and same cannot be transferred by way of lease, sale etc and no bhumidhari rights shall accrue in respect of the said land. These lands are saved under Section 132 of the U.P.Z.A. & L.R. Act, 1950. This Court considering the provisions of Section 132 of the U.P.Z.A. & L.R. Act, 1950 held that lands recorded as "Jangal Dhak' are covered by the lands enumerated under Section 132 U.P.Z.A. & L.R. Act, 1950 and the same cannot be transferred in favour of anyone.*

*43. This Court defined in the said judgment that "Jangal Dhak' means "Dhaka Forest'. Dhaka is a kind of small tree having large leaves. It has been held that the entry of the land as "Jangal Dhak' would mean that it is a forest land and forest is beneficial for human life and environment. Therefore, the land in the category of "Jangal Dhak' is a public utility land, in respect of which no bhumidhari right can accrue. Paragraphs 7 and 8 of the said judgment read as under:—*

*"7. The sub-clause (3) of Section 132 includes land held for a public purpose on which bhumidhari rights shall not accrue. The aforesaid three plots being recorded as "Dhaka Jangal" were covered by land as enumerated in Section 132 and*

18. In ***Writ - C No.1001953 of 2006 (Ramesh vs. Additional Commissioner, Lucknow And 2 Ors.)***, this Court held that the land recorded as "Jungle Dhak" would be covered under Section 132 of the Act of 1950 and according to this judgment, the land recorded as "Timber Trees" as also "Jungle Dhak" would be a public utility land and no right would be available to any person over such type of lands.

19. Undisputedly, the land earlier was recorded under category/entry 8(iii)(a)(1) of Para 124 of U.P. Land Records Manual and subsequently after enforcement of the Act of 1950, the entire land was recorded under categories/entries indicated in Para A-124 of U.P. Land Records Manual. It is for the reason that in 1359 Fasli (1952 A.D.), some portion of Gata/Plot No. 21 was recorded as 'Imarti Lakdi Ka Jungle', under category/entry 5(iii)(a)(1) and out of total area i.e. 431.46 acres of this land 35 acres were recorded under category/entry 5-A, which means "Occupiers of lands without title when there is no one already recorded in column 5 of the khasra" and earlier to the same i.e. in 1346 Fasli (1939 A.D.) and 1356 Fasli (1949 A.D.), the land was recorded under category 8(iii)(a)(1), which means "the land manged by Forest Department".

20. It would not be out of place to indicate here that in terms of Section 20-A inserted in Indian Forest Act, 1927, vide U.P. Act 23 of 1965, no right would be available to any person over any "Forest Land or Waste Land". Section 20-A is extracted hereinunder:-

***"20-A. Certain forest land or waste land when deemed to be reserved forest.***—*(1) Notwithstanding anything contained in this Act or in any other law for the time being in force, including the Merged States (Laws) Act, 1949 or the U.P. Merged States (Application of Laws) Act, 1950, or any order issued thereunder, any forest- land or waste-land in a merged State which immediately before the date of merger (hereinafter in this section referred to as the said date),-*

*(a) was deemed to be a reserved forest under any enactment in force in that State, or*

*(b) was recognized or declared by the Ruler of such State as reserved forest under any law (including any enactment, rule, regulation, order, notification, custom or usage having the force of law) for the time being in force, or*

*(c) was dealt with as a reserved forest in any administrative report or in accordance with any working plan or register maintained and acted upon under the authority of the Ruler.*

*shall be deemed to be and since the said date to have continued to be a reserved forest subject to the same rights or concession, if any, in favour of any person as were in force immediately before the said date.*

*Explanation I- A certificate of the State Government or of any officer authorized in his behalf to the effect that a report, working plan or register was maintained and acted upon under the authority of the Ruler shall be conclusive evidence of the fact that it was so maintained and acted upon.*

*Explanation II- Any question as to the existence or extent of any right or*

*concession referred to in this sub-section shall be determined by the State Government, whose decision, given after such enquiry, if any as it thinks fit shall be final.*

*Explanation III- 'Working plan' includes any plan, scheme, project, map, drawings and lay-outs prepared, for the purpose of carrying out the operations in the course of the working and management of forests.*

*(2) No right shall be deemed to have been acquired on or after the said date in or over any land mentioned in sub-section(I) except by succession or under a grant or contract in writing made or entered into by or on behalf of the State Government or some person in whom such rights was vested immediately before the said date and no fresh clearings since made for cultivation or for any other purpose (except clearings made in accordance with any concessions granted by the Ruler and in force immediately before the said date or in accordance with the rules made by the State Government in this behalf since the said date) shall be recognized as or deemed to be lawful, anything contained in this Act or any other law for the time being in force notwithstanding.*

*(3) The State Government may within five years from the commencement of the Indian Forest (Uttar Pradesh Amendment) Act, 1965, revise any arrangement of the nature specified in section 22, and pass any incidental or consequential, order, including any direction to the effect that any of the proceedings specified in the foregoing provisions of this Chapter be taken.*

*(4) In relation to any land mentioned in sub-section (1), the references in sections 24 and 26-*

*(a) to section 23 shall be construed as references to sub-section (2) ; and*

*(b) to rights admitted, recorded or continued under section 14 or section 15 shall be construed as references to rights of pasture or to forest produce admitted, recorded or continued in or under the corresponding enactment, law or documents referred to in sub-section (1).*

*(5) Without prejudice to any action that may be or may have been taken for ejectment, vacation of encroachment or recovery of damages in respect of any unauthorised occupation of or trespass over any land mentioned in sub-section (1), or for seizure, confiscation, disposal or release (on payment of value or otherwise) of any forest produce in respect of which any forest offence has been committed in relation to such land or of any tools, boats, carts, or cattle used in committing such offence, nothing in this section shall be deemed to authorize the conviction of any person for any act done before the commencement of the Indian Forest (Uttar Pradesh Amendment) Act, 1965, which was not an offence before such commencement."*

21. Regarding expression(s) 'Forest' and 'Forest Land', the Hon'ble Apex Court in the case of **T.N. Godavaraman Thirumulpad etc. vs. Union of India and Others; (1997) 2 SCC 267**, held as under:-

*"4. The Forest Conservation Act, 1980 was enacted with a view to check further deforestation which ultimately results in ecological imbalance; and therefore, the provisions made therein for the conservation of forests and for matters connected therewith, must apply to all forests irrespective of the nature of ownership or classification thereof. The word "forest" must be understood*

*according to its dictionary meaning. This description covers all statutorily recognised forests, whether designated as reserved, protected or otherwise for the purpose of Section 2(i) of the Forest Conservation Act. The term "forest land", occurring in Section 2, will not only include "forest" as understood in the dictionary sense, but also any area recorded as forest in the Government record irrespective of the ownership. This is how it has to be understood for the purpose of Section 2 of the Act. The provisions enacted in the Forest Conservation Act, 1980 for the conservation of forests and the matters connected therewith must apply clearly to all forests so understood irrespective of the ownership or classification thereof. This aspect has been made abundantly clear in the decisions of this Court in Ambica Quarry Works v. State of Gujarat [(1987) 1 SCC 213] , Rural Litigation and Entitlement Kendra v. State of U.P. [1989 Supp (1) SCC 504] and recently in the order dated 29-11-1996 (Supreme Court Monitoring Committee v. Mussoorie Dehradun Development Authority [ WP (C) No 749 of 1995 decided on 29-11-1996] ). The earlier decision of this Court in State of Bihar v. Banshi Ram Modi [(1985) 3 SCC 643] has, therefore, to be understood in the light of these subsequent decisions. We consider it necessary to reiterate this settled position emerging from the decisions of this Court to dispel the doubt, if any, in the perception of any State Government or authority. This has become necessary also because of the stand taken on behalf of the State of Rajasthan, even at this late stage, relating to permissions granted for mining in such area which is clearly contrary to the decisions of this Court. It is reasonable to assume that any State Government which has failed to appreciate the correct position in law so far, will forthwith correct its stance and take the necessary remedial measures without any further delay."*

22. Upon conjoint reading of above indicated entries and note appended to the same as also the observation made in the judgment(s), referred above and the spirit of Section 20-A of the Act of 1927, this Court is of the view that no right would be available to any person over the 'land' if the same is recorded in terms of category/entry 14(iii)(a)(1) in Para 124 or 8(iii)(a)(1) in Para 124-A or 5(iii)(a)(1) in Para A-124 of U.P. Land Records Manual.

23. Now, the issue before this Court is as to whether any right would be available to the petitioner(s) based upon Section 20(b) of the Act of 1950 and the revenue entries indicated in (i) Khatauni of 1356 Fasli (1949 A.D.); (ii) indicated in questionairre (annexed as Annexure No. 3 to the petition) and (iii) Khatauni of 1359 Fasli (1952 A.D.).

24. The aforesaid is in view of the claim of the petitioners, which can be deduced from the following facts:-

25. As per petitioners, in 1356 Fasli (1949 A.D.), the land in issue i.e. Gata/Plot No. 21 area 431.61 acres was recorded in the name of Raja Brijraj Bahadur Singh under Category 8(3)1. Para 4 of Writ Petition, at the cost of repetition, is extracted hereinunder:-

*"4. That the disputed property was entered in the ownership of Raja Brijraj Bahadur of Jhandi as proprietor /khewatdar/Zamindar of Mohal Mustahkam village Alenganj Pargana Bhud District Kheri, before abolition of Zamindari in*

*Uttar Pradesh. Before 1356 F Gata no. 21 area 431.61 acr. was entered as owner with possession in the khewat khatauni of Raja Brijraj Bahadur of Jhandi in Ziman 8(3)1 of Non-ZA khatauni. The photocopy of the questionnaire from record room is being annexed herewith Annexure No. 3 to this writ petition."*

26. As per petitioners, in 1359 Fasli (1952 A.D.) on account of possession of over 31.35 acres of Gata/Plot No. 21 the names of predecessor-in-interest of petitioners were recorded and Gata/Plot No. 21 was re-numbered/sub-divided as Gata/ Plot No. 21, 21/2 to 21/7 and accordingly Gata/Plot No. 21 area 393.91 acres recorded under Category/Entry 8(iii)(a)(1) in Para 124-A, which is similar to category/entry 5(iii)(a)(1) in Para A-124 of U.P. Land Records Manual, and 31.35 acres of Gata/Plot No. 21 was recorded under Category 5-A in Para 124-A of U.P. Land Records Manual, which means *"Occupiers of lands without title when there is no one already recorded in column 5 of the khasra".*

27. Relevant details of entries (as appears from Annexure No. 4 to the petition), which is the copy of Khatauni of 1359 Fasli (1952 A.D.), wherein names of predecessors-in-interest of the petitioners were mentioned, are indicated as under:-

"नकल 'उद्धरण'- खतौनी-सन् फसली 1359
"महाल-मुस्तहकम"
ग्राम-एलनगंज
परगना-भूड

28. In order to decide the issue aforesaid, the relevant part of the Khatauni of 1359 Fasli (1952 A.D.) i.e. where the division of Gata/Plot No.21 has been indicated, is also extracted hereinunder:-

29. From the persons recorded in Khatauni of 1359 Fasli (1952 A.D.) the petitioners purchased the land in issue, which in 1356 Fasli (1949 A.D.) was part of Gata/Plot No. 21 area 431.61 acre under Category 8(iii)(a)(1) of U.P. Land Record Manual, according to which, the land was under the control of Forest Department. Details of acquiring the right in the land in issue, as appears from Annexure No. 17 of this Writ Petition, are as under:-

30. The entries in revenue records favourable to the petitioners were undisputed till Forest Department raised its claim over the land in issue.

31. The Forest Department for the first time disputed this entry in the year 1995. On an objection being raised regarding the entries, the S.D.M, Gola Gokaran Nath, District-Kheri sought report

from the revenue Official/Tehsildar and in response, the report dated 16.05.1995 was submitted. This report says that present Gata No.22 (earlier Gata/Plot Nos.21/2 to 21/7) is not reserved forest. The report is annexed as Annexure No.10 to the present petition and being relevant, the same is reproduced hereinunder:-

*"उपरोक्त स्थिति का मैने भली भाँति निरीक्षण किया है। उपरोक्त वर्णित सम्बन्धित खातेदारों की उपरोक्त भूमि पर शाल आदि प्रजातियों के वृक्ष खड़े है जिन पर भी उनका ही स्वामित्व है। क्योंकि चकबन्दी के पूर्व के नम्बरों में भी जंगल दर्ज है और वर्तमान में भी जंगल दर्ज है।*

*इस प्रकार एक लम्बे अर्से से यथार्थ में उपरोक्त खातेदार अपनी उपरोक्त भूमि तथा उस पर खड़ी सम्पत्ति के काबिज व पैतृक स्वामी है। वे पट्टेदार नहीं अपितु श्रेणी 1 क संक्रमणीय भूमिधर के काश्तकार है।*

*प्रभागीय वनाधिकारी के पत्रांक 5210 दिनाँक 29.5.95 द्वारा राजि अधिकारी भीरा का कथन उपलब्ध वन व वन राजस्व अभिलेखानुसार निराधार सिद्ध हुआ है वर्तमान का 22 नं० विज्ञापित वन क्षेत्र में आरक्षित नहीं है।*

*अतः आज के दिनांक 21.2.95 के आदेशानुपालन में उपरोक्त भूस्वामित्वों को उक्त भूमि पर तथा उस पर खड़ी वृक्ष सम्पदा पर सीमांकन कार्यवाही इजरा अनुरूप दि० 31.3.95 को पुनः सत्यापित कब्जा सुनिश्चित कर दिया गया है। आवश्यक कार्यवाही हेतु पत्रावली सेवा में प्रेषित।"*

32. It reflects from the above quoted report that the same was prepared after taking note of the notifications dated 29.03.1954 and 26.04.1968 issued under Section 4 and 20 of the Act of 1927, respectively, which are also part of the record as Annexure No.8.

33. From a bare perusal of the report, quoted above and the notifications referred above, it is apparent that old Gata/Plot Nos.21/1 to 21/7 were not acquired for reserve forest under the Act of 1927. However, the admitted fact in the 1356 Fasli (1949 A.D.) and prior to that the total area i.e. 431.61 acre of Gata/Plot No.21 was recorded under Category/Entry 8(iii)(a)(1) and out of this, only over 31.35 acres, the petitioners are claiming their rights and rest of the land i.e. 393.91 acres belongs to the Forest Department undisputedly.

34. The S.D.M, District-Kheri, thereafter, by order dated 30.06.1995 rejected the claim of the Forest Department. The basis of rejection, as appears from the order of the S.D.M., Gola Gokaran Nath, District-Kheri, is the report of the Tehsildar dated 16.05.1995.

35. After the order dated 30.06.1995, the Forest Department again raised its claim over the land in issue and the claim of the Forest Department was allowed vide order dated 28.10.1999 passed by S.D.M, Gola, Gokaran Nath in Case No.118/Allenganj-Forest Department-Forged entry 99, dated 28.10.1999. The operative portion of order dated 28.10.1999 is extracted hereinbelow:-

*"अतः आदेश दिया जाता है कि खतौनी 1400-1405 फ० के खाता सं० 1, 7, 34, 57, 60 एवं 129 स्थित ग्राम ऐलनगंज परगना भ० से अंकित सभी मूल खातेदारों एवम् बनामादारों के नाम निरस्त करे भूमि नं० 22 ख से 22 छ की "इमारती लकड़ी के जंगजेर इंतजाम वन विभाग" के रूप में राजकीय भूलेखों में अंकित किया जाये। नायब तहसीलदार के वाद सं० 684, 686, 685-682, 755, 690 व 609 में पारित आदेश व नामान्तर वाद निरस्त किये जाते है। यदि 1406 फसली की खतौनी नई बनाई गयी हो तो यह आदेश भूमि नं० 22 ख से 22 छ पर प्रभावी होगा। आदेश का अंकन राजस्व अभिलेखों में किया जावे।"*

36. Being aggrieved by the order dated 28.10.1999, the petitioners approached the revisional authority by means of the Revision No.53 (LR) 1999-2000 (Mahesh Chandra Saxena vs. State of U.P/Forest Department) and this Revision was allowed vide order dated 11.10.2000. The operative portion of the order dated 11.10.2000 reads as under:-

*"६- उपर्युक्त विवेचना के आधार पर मैं इस निष्कर्ष पर पहुँचा हूँ कि उप जिलाधिकारी का आदेश दिनांक २८-१०-९९ विधिसम्मत नहीं है, जिसे निरस्त किया जाता है तथा निगरानी आंशिक रूप से स्वीकार करते हुए मामला विचारण न्यायालय को इस अभ्युक्ति के साथ प्रतिप्रेषित किया जाता है कि वह भू-राजस्व अधिनियम की धारा ३३/३९ के अन्तर्गत मुकदमा दर्ज करके संबंधित गाँव सभा को पक्ष बनाकर मामले का निस्तारण गुण-दोष के आधार पर इस आदेश की प्राप्ति के तीन माह के भीतर करें तथा यह भी आदेशित किया जाता है कि वह संबंधित मूल अभिलेख के जाँचोपरान्त उसकी फोटो-स्टेट कापी सत्यापित करके अपनी कस्टडी में रख लें तथा वह व्यक्तिगत रूप से यह भी देखेंगे कि गाँव सभा का पक्ष सही ढंग से प्रस्तुत हो। यदि अभिलेखों में फर्जी (forged) प्रविष्टि पाई जाती है तो संबंधित अधिकारी/कर्मचारी के विरूद्ध कार्यवाही की जाये तथा कृत कार्यवाही से परिषद् को भी सूचित किया जाये।"*

37. The operative portion of the order dated 11.10.2000, quoted above, indicates that the revisional authority interfered in the order dated 28.10.1999 passed by S.D.M. Gola Gokaran, whereby the claim of the Forest Department was allowed, and remanded the matter back for deciding afresh on merits after impleading Gaon Sabha as a party to the proceedings.

38. Thereafter, the petitioners challenged both the order(s) dated 28.10.1999 and 11.10.2000 by means of the Misc. Single No.-174 of 2001 (Mahesh Chandra Saxena And Others vs. State of U.P. and Others). The petition referred by the petitioners was finally allowed vide order dated 12.09.2014. The relevant portion of the judgment of this Court dated 12.09.2014 reads as under:-

*"3. Divisional Forest Officer (respondent-4) moved an application for deleting the names of the petitioners from the aforesaid khatas. It has been stated in the application that the land in dispute was Forest land and covered with dense forest of old 'sal' trees. The names of the petitioners/ their transferors were recorded by making forgery in the revenue records, over it. On this application, a report has been called for from Tahsildar, who submitted his report and Up-Ziladhikari, by the order dated 28.10.1999 deleted the names of the petitioners from the land in dispute holding that it were Forest land and the names of the transferors of the petitioners were recorded by making forgery in the revenue records. The petitioners filed a revision (registered as Revision No. 53 (LR) of 1999-2000) from the aforesaid order. The revision was heard by Board of Revenue U.P., who by order dated 11.10.2000 held that the petitioners failed to prove satisfactorily that after date of vesting how their transferors were recorded over the land in dispute. Gaon Sabha was not impleaded as party although after date of vesting, property appeared to have been vested in it and why it had failed to protect the public property. Up-Ziladhikari passed the order in violation of principles of natural justice. On these findings, the order of Up-Ziladhikari, dated 28.10.1999 was set aside and the matter*

*was remanded to Up-Ziladhikari for fresh decision on merit after impleading gaon sabha and giving the parties an opportunity to adduce their evidence and examining original record. Hence this writ petition has been filed.*

*4. A complaint was also made to State Government, in this respect. On which Principal Secretary, Forest Department, Govt. of U.P., by order dated 29.04.1999 called for a report from Commissioner, Lucknow. In pursuance of the order dated 29.04.1999, the Commissioner heard the matter and also made spot inspection and after examining the evidence of the parties as well as original revenue records prior to the consolidation operation, submitted his report dated 07.06.1999. The Commissioner, in his report found that in settlement khatauni of 1346 F, plot 21 (area 436.41 acre) (a part of which is now disputed land) was recorded in khata 66 in ziman 8 (3) as "Krishi Yogy Banjar Bhumi and Imarti Lakari Ke Van" in gair ehatimali mohal and quality of soil was mentioned as 'jangal'. In 1354 F an area of 831.46 acre of plot 21 was recorded in khata 170 as mustahkam in ziman 8 (3) as "Krishi Yogy Banjar Bhumi and Imarti Lakari Ka Jangal". Same entry was repeated in 1356 F khatauni in khata 211. For the first time, in 1359 F, plot 21 was sub-divided and (i) plot 21/1 (area 393.91 acre) was recorded in khata 98 in ziman 8 (3) (1) as "Imarti Lakari Ke Jangal", (ii) plot 21/2 (area 7.85 acre) was recorded in khata 89 in ziman 5-A as "Occupiers of land without title when there is no one already recorded in column 5 of khasra" in the name of Dal Singh, with period of cultivation of one year. (iii) plot 21/3 (area 8.60 acre) was recorded in khata 90 in ziman 5-A in the name of Gopal Singh, with period of cultivation of one year. (iv) plot 21/4 (area 2.50 acre) was recorded in khata 91 in ziman 5-A in the name of Buddhu, with period of cultivation of one year. (v) plot 21/5 (area 8.60 acre) was recorded in khata 92 in ziman 5-A in the name of Surta, with period of cultivation of one year. (vi) plot 21/6 (area 10.00 acre) was recorded in khata 93 in ziman 5-A in the name of Gopal Singh, with period of cultivation of one year. (vii) plot 21/7 (area 2.60 acre) was recorded in khata 94 in ziman 5-A in the name of Amru, with period of cultivation of one year. In khasra 1359 F area of plot 21/1 was recorded as 393.91 acre cutting 431.46 acre and its deducted area were recorded in plots 21/2 to 21/7 as mentioned in the khatauni, in the names of different persons and cultivation of barely was shown but in the remark column entry of "Imarti Lakari Ke Jangal" has been mentioned. The Commissioner further found that this entry was made in different hand writing than the hand writing of then patwari, who had prepared regular khasra. In goswara total area of barely crop was shown as 245.72 acre in plot 21. The names of the persons recorded over plots 21/2 to 21/7 were recorded as sirdar in 1360 F. Same entry continued in 1370 F-1372 F khatauni and maintained during consolidation. After consolidation new plot number 22-ka to 22-chha was recorded of old plots 21/1 to 21/7. The petitioners purchased the aforesaid land in 1997 and on the basis of sale deed their names were mutated.*

*5. The counsel for the petitioners submitted that the predecessors of the petitioners were in cultivatory possession over the land in dispute since 1358 F and their names were recorded in settlement khatauni 1359 F. They acquired sirdari right under Section 20 (b) read with Rule 177-A of U.P. Act No. 1 of 1951 and the Rules framed in it, being recorded*

*occupants in 1359 F. The village has undergone in to consolidation operation. Entry in their favour was maintained during consolidation. The predecessors acquired bhumidhari right under Section 131 as amended by U.P. Act No. 1 of 1977. The petitioners are bonafide transferees. Their names were also mutated in the proceedings under Section 34 of U.P. Land Revenue Act, 1901. Claim of the respondents, if any, is barred under Section 49 of U.P. Consolidation of Holdings Act, 1953. In any case, long standing entry coming since 1359 F and maintained during consolidation cannot be deleted by an administrative order that too without providing any opportunity of hearing, as held by Board of Revenue U.P. in Hira Lal Vs. Aharwa, 1966 RD 10, Bahadur Vs. State of U.P., 1980 RD 1 (FB) and this Court in Maha Lakshmi Land and Finance Company (P) Ltd. Versus Board of Revenue U.P., 1997 (15) LCD 273. He submitted that in the absence of any notification under Section 20 of Indian Forest Act, the land cannot be treated as Forest land and Forest Department of State of U.P. has nothing to do with the land in dispute. He submitted that in the absence of any notification under Section 117 of U.P. Act No. 1 of 1951, Gaon Sabha has nothing to do in the matter, as held by Supreme Court in U.P. State Sugar Corporation Ltd. Vs. Dy. Director of Consolidation, AIR 2000 SC 878. Gaon Sabha did not raise any objection against the petitioners, either before consolidation or during consolidation. Right of Gaon Sabha, if any, is barred under Section 11-A and 49 of U.P. Consolidation of Holdings Act, 1953, as held by Division Bench of this Court in Gaon Sabha Kudra Vs. Noor Mohd. Khan, 1975 RD 61 (DB). Board of Revenue has illegally directed for impleading Gaon Sabha and deciding the dispute afresh, which is merely harassment of the petitioners for nothing. Impugned orders are illegal, without jurisdiction and liable to be set aside.*

*6. I have considered the arguments of the counsel for the parties and examined the record. A perusal of the report of the Commissioner shows that in settlement khatauni of 1346 F, plot 21 (area 436.41 acre) was recorded in khata 66 in ziman 8 (3) as "Krishi Yogy Banjar Bhumi and Imarti Lakari Ke Van" in gair ehatimali mohal and quality of soil was mentioned as 'jangal'. In 1354 F an area of 831.46 acre of plot 21 was recorded in khata 170 as mustahkam in ziman 8 (3) as "Krishi Yogy Banjar Bhumi and Imarti Lakari Ka Jangal". Same entry was repeated in 1356 F khatauni in khata 211. For the first time, in 1359 F, plot 21 was sub-divided and (i) plot 21/1 (area 393.91 acre) was recorded in khata 98 in ziman 8 (3) (1) as "Imarti Lakari Ke Jangal", (ii) plot 21/2 (area 7.85 acre) was recorded in khata 89 in ziman 5-A as "Occupiers of land without title when there is no one already recorded in column 5 of khasra" in the name of Dal Singh, with period of cultivation of one year. (iii) plot 21/3 (area 8.60 acre) was recorded in khata 90 in ziman 5-A in the name of Gopal Singh, with period of cultivation of one year. (iv) plot 21/4 (area 2.50 acre) was recorded in khata 91 in ziman 5-A in the name of Buddhu, with period of cultivation of one year. (v) plot 21/5 (area 8.60 acre) was recorded in khata 92 in ziman 5-A in the name of Surta, with period of cultivation of one year. (vi) plot 21/6 (area 10.00 acre) was recorded in khata 93 in ziman 5-A in the name of Gopal Singh, with period of cultivation of one year. (vii) plot 21/7 (area 2.60 acre) was recorded in khata 94 in ziman 5-A in the name of Amru, with period of cultivation of one year. In khasra 1359*

*F, area of plot 21/1 was recorded as 393.91 acre cutting 431.46 acre and its deducted area were recorded in plots 21/2 to 21/7 as mentioned in the khatauni, in the names of different persons. Although cultivation of barely was shown but in the remark column entry of "Imarti Lakari Ke Jangal" has been mentioned. The Commissioner found that this entry was made in different hand writing than the hand writing of then patwari, who had prepared regular khasra. In goswara total area of barely crop was shown as 245.72 acre in plot 21, which does not tally with the entry of khatauni.*

*7. According to Forest Department of State of U.P., the entire area of old plot 21 is still dense forest of 'sal' timber trees. Agricultural activities are not going on in any part of it. According to the petitioners, land recorded in their names are agricultural land. Entry in ziman 5-A, in Awadh is for "occupiers of land without title, where there is no one already recorded in column 5 of the khasra. Entry in ziman 8 (a), in Awadh is for "Forest of timber trees". Even in khatauni 1359 F, in remark column, entry of "Imarti Lakari Ke Jangal" has been mentioned. If there had been dense forest then, there could have been no agricultural activities. The petitioners claim title under Section 20(b) of U.P. Act No. 1 of 1951, as their predecessors were "recorded occupants" in 1359 F khatauni. A special Bench consisting of five Hon'ble Judges of this Court in Basdeo vs. Board of Revenue, U.P. 1974 R.D. 188 (SB) and Supreme Court in Ram Harakh vs. Hamid Ahmad Khan (1998) 7 SCC 488 held that in order to get right under Section 20(b) of U.P. Act No. 1 of 1951, entry in 1359F must be genuine and made according to the provisions of Land Record Manual and not a fake entry. Till today, this issue has not been decided by any court/authority after hearing the parties. In case, this entry was not genuine, the property in dispute was vested in State of U.P. under U.P. Act No. 1 of 1951 and only on the basis of subsequent possession, no right can be derived on it.*

*8. Admittedly no proceeding for correction of land record was taken under U.P. Consolidation of Holdings Act, 1953 and only the prior entries were maintained. The counsel for the petitioners submitted that after consolidation, their right cannot be challenged in view of Section 49 of the Act, which is quoted below:-*

*"49. Bar to civil jurisdiction.--Notwithstanding anything contained in any other law for the time being in force, the declaration and adjudication of rights of tenure holders in respect of land lying in an area, for which a notification has been issued under sub-section (2) of Section 4 or adjudication of any other rights arising out of consolidation proceedings and in regard to which a proceeding could or ought to have been taken under this Act, shall be done in accordance with the provisions of this Act and no Civil or Revenue Court shall entertain any suit or proceeding with respect to rights in such land or with respect to any other matters for which a proceeding could or ought to have been taken under this Act."*

*9. Supreme Court in Dina Nath v. State of U.P., (2010) 15 SCC 218, while upholding the direction of this Court for holding inquiry in respect of the entries made during consolidation over government land held that the Court cannot be a silent spectator and is bound to perform its constitutional duty for ensuring that the public property is not frittered by unscrupulous elements in the power corridors and acts of grabbing public land are properly inquired into and appropriate remedial action taken.*

*10. In order to avoid bar of Section 49, it is appropriate that District Deputy Director of Consolidation may conduct an inquiry and examine the correctness of the records including prepared during consolidation in exercise of his jurisdiction under Section 48 of U.P. Consolidation of Holdings Act, 1953.*

*11. In the absence of any notification under Section 117 of U.P. Act No. 1 of 1951, Gaon Sabha has nothing to do in the matter, as held by Supreme Court in U.P. State Sugar Corporation Ltd. Vs. Dy. Director of Consolidation, AIR 2000 SC 878. However, under Section 6 (a) of U.P. Act No. 1 of 1951, forest was vested in State of U.P. and respondent-3 is a department of State of U.P. assigned with the responsibility of maintaining forest as such Forest Department of State of U.P. and State of U.P. are necessary parties and required to be heard along with the petitioners by District Deputy Director of Consolidation. Since, the village has undergone into consolidation operation as entry made by consolidation authorities cannot be corrected exercising powers under U.P. Land Revenue Act, 1901.*

*12. In view of the aforesaid discussion, the writ petition is allowed. The orders of Up-Ziladhikari, dated 28.10.1999 and Board of Revenue, U.P. dated 11.10.2000 are set aside. The matter is remanded to District Deputy Director of Consolidation Kheri to conduct a proper inquiry after giving opportunity of hearing to the parties, if necessary he may frame issue and remit the matter to Consolidation Officer for recording oral and documentary evidence of the parties and pass appropriate order. After receiving evidence and findings of Consolidation Officer he shall decide the matter after hearing the parties. Since the matter is lingering for a long time and issue of public property is allegedly involved, he shall decide the matter expeditiously."*

39. A perusal of the above quoted portion of the judgment of this Court dated 12.09.2014 indicates that this Court did not accept the claim of petitioners based upon Section 20(b) of the Act of 1950 and remanded the matter before the respondent No.2-District Magistrate/District Deputy Director of Consolidation, Lakhimpur Kheri, with direction to conduct a proper inquiry after giving opportunity of hearing to the parties, if necessary, he may frame issue and remit the matter back to respondent No.3-Consolidation Officer, for recording oral and documentary evidence of the parties and pass appropriate orders and thereafter decide the matter after hearing the parties.

40. After the order dated 12.09.2014, respondent No.2-District Magistrate/District Deputy Director of Consolidation, Lakhimpur-Kheri, proceeded in the matter, as appears from Annexure no.17 of the petition, which is a copy of the objection filed by the petitioners which was entertained by respondent No.2 on 10.12.2014.

41. Thereafter, respondent No.2 vide order dated 09.09.2015 sent the matter to the respondent No.3-Consolidation Officer, Antim Abhilekh Second, Lakhimpur-Kheri.

42. Before the respondent No.3 the evidence was adduced by the parties, which is evident from the impugned order(s), Para 33 and Annexure No.18 of the Writ Petition. Annexure No. 18 is the copy of affidavit of evidence of the witnesses of the Forest Department, namely Satya Prakash, Van Daroga, who was duly cross examined.

43. It is to be noted that the petitioners have not placed before this Court the evidence adduced from the side of petitioners, though under law, the petitioners are under obligation to place each and every material on record before this Court.

44. Based upon the evidence adduced by the parties respondent No.3 passed the order dated 16.10.2019, impugned herein, whereby a direction was issued to expunge names of the petitioners from the revenue records.

45. The order dated 16.10.2019 was challenged by the petitioners by means of an Appeal No.583/2019541043000575 (Mahesh Chandra & Others vs. Prabhagiya Vanadhikari & Others), which was disposed of on 19.07.2022. Thereafter, the petitioners approached this Court by means of Writ - B No.570 of 2022 (Mahesh Chandra Saxena and 5 others vs. Distt. Dy. Director of Consolidation/Collector, Lakhimpur Kheri And 5 Ors.), challenging the order(s) dated 09.09.2015 and 16.10.2019 passed by respondent No.2 and respondent No.3, respectively, as also consequential order dated 26.08.2021 passed by the respondent No.3-Consolidation Officer, Antim Abhilekh Second, Lakhimpur Kheri.

46. This Court, after considering the entire facts of the case, dismissed the petition vide final order dated 26.09.2022. The relevant part of order of this Court dated 26.09.2022 reads as under:-

*"In the light of the aforesaid directions the District Deputy Director of Consolidation passed the order dated 9.9.2015 which is annexed as Annexure-1 and thereafter the matter was considered by the Consolidation Officer by a detailed order dated 16.10.2019 which came to be assailed in appeal which was allowed on 26.8.2021. It is also to be noticed that the order dated 9.9.2015 whereby the District Deputy Director of Consolidation remanded the matter to the Consolidation Officer was never challenged by the petitioners at that point of time. Moreover, the petitioners participated in the proceedings and never raised any objections regarding jurisdiction. It is also to be noticed that being aggrieved against the order dated 16.10.2019 the petitioners preferred an appeal which came to be allowed and it is only thereafter when the Consolidation Officer by means of his report dated 7.9.2022 by which the entire matter has now again been remitted to the District Deputy Director of Consolidation and now the petitioners have approached this court assailing the entire orders and the exercise which has taken place. The court further finds that the matter is open to be considered before the District Deputy Director of Consolidation, Lakhimpur Kheri, where the date is fixed for 7.10.2022. Till date the petitioners have not raised any objection before any of the Consolidation Authority except by filing the instant writ petition. Once the initial remand order dated 9.9.2015 was not challenged and after having participated in the proceedings and at this later stage the petitioners have preferred this writ petition in the aforesaid background, this court is not inclined to entertain this petition, especially when the entire matter is open to be considered by the District Deputy Director of Consolidation, Lakhimpur Kheri, where the matter is listed on 7.10.2022.*

*It shall be open for the petitioner to raise all his grievances and objections before the said court and in case such*

*objections are raised, needless to say that the authority shall consider and decide the same in accordance with law, however, this court does not deem appropriate to interfere at this stage. Accordingly the petition is dismissed."*

47. After the aforesaid order of Writ Court dated 26.09.2022, respondent No.2 passed the impugned order dated 10.04.2023, after providing proper opportunity of hearing to the parties to the proceedings. The relevant portion of the impugned order dated 10.04.2023 reads as under:-

भारतीय वन अधिनियम 1927 पूर्ण संहिता है। भारतीय वन अधिनियम 1927 विशेष अधिनियम है, जिसमें आरक्षित वन भूमि घोषित करने का प्राविधान वर्णित है। वन संरक्षण अधिनियम 1980 के प्राविधानों के अनुसार आरक्षित वन भूमि पर गैर वानिकी कार्य वर्जित है एवं दण्डनीय अपराध है। AIR 1997 Supreme Court 1228 रिट याचिका सं0-202/95 टी०एन० गोडावर्मन थिरूमलकपाद बनाम यूनियन आफ इण्डिया में माननीय उच्चतम न्यायालय द्वारा पारित आदेश दिनांक 12.12.1996 द्वारा भी वन संरक्षण अधिनियम 1980 का कड़ाई से पालन करने के निर्देश दिये हैं। इसी क्रम में रिट याचिका (सी) संख्या-202/1995 टी०एन० गोडावर्मन थिरुमलकपाद व अन्य में योजित अन्य आई०ए० के साथ आई०ए० संख्या-2469/2009 में माननीय उच्चतम न्यायालय ने दिनांक 05.10.2015 को सुनवाई के उपरान्त आदेश पारित कर इसे माननीय राष्ट्रीय हरित अधिकरण प्रधान बेंच, नई-दिल्ली को अन्तरित कर दिया था जिसमें मा० राष्ट्रीय हरित अधिकरण ने दिनांक 04.05.2016 को निर्णय आदेश देते हुए कहा कि "वन एवं वन सम्पदा की सुरक्षा एवं संरक्षकता सुनिश्चित किये जाने हेतु एवं धारा 4 में विज्ञापित अथवा अन्य वन भूमि के गैर वानिकी उपयोग पर विभिन्न प्रशासनिक अथवा न्यायिक स्तरों द्वारा जारी आदेशों का प्रभाव निरस्त करने के सम्बन्ध में तथा उल्लंघन करने के लिए जिम्मेदार अधिकारियों के विरुद्ध कार्यवाही किये जाने का पारित किया है।

ए0आई0आर0 1996 सुप्रीम कोर्ट 2432 The State of U.P. Vs. Dy. Director of Consolidation & others में माननीय उच्चतम न्यायालय ने पैरा-9 व 10 में विधि व्यवस्था दी है कि-*The crucial question for consideration, however, is whether the Consolidation Authorities have the jurisdiction to go behind the notification under Section 20 of the Act and deal with the land which has been declared and notified as a reserve forest under the Act. It is necessary, therefore, to examine the scheme of Chapter II of the Act. Section 3 provides that the State Government may constitute*

*any forest land or waste land which is the property of the Government or over which the Government has proprietary rights, or to the whole or any part of the forest produce to which the Government is entitled, a reserved forest. Section 4 provides for the issue of a notification declaring the intention of the Government to constitute a reserved forest. Section 5 bars accrual of forest rights in the are covered by the notification under section 4 after the issue of the notification. Section 6, inter alia, gives power to the Forest Settlement Officer to issue a proclamation fixing a period of not less than three months from the date of such proclamation and requiring every person claiming any right mentioned in Section 4 or Section 5 within such period, either to present to the Forest Settlement Officer a written notice specifying or to appear before him, and state the nature of such right and the amount and particulars of the compensation (if any) claimed in respect thereof. Section 7 gives power to the Forest Settlement Officer to investigate the objections. Section 8 prescribes that the Forest Settlement Officer shall have the same powers as a Civil Court has in the trial of a suit. Section, inter alia, provides for the extinction of rights where no claim is made under Section 6. Section 11(1) lays down that in the case of a claim to a right in or over any land, other than a right of way or right of pasture, or a right to forest produce or water course, the Forest Settlement Officer shall pass an order admitting or rejecting the same in whole or in part. In the event of admitting the right of any person to the land, the Forest Settlement Officer, under Section 11(2), can either exclude such land from the limits of the proposed forest or come to an agreement with the ower thereof for the surrender of his rights or proceed to acquire such land in the manner provided by the Land Acquisition Act, 1884. Section 17 provides for appeal from various orders under the Act and Section 18(4) for revision before the State Government. When all the proceedings provided under Section 3 to 19 are over the State Government has to publish a notification under Section 20 specifying definitely the limits of the Forest which is to be reserved and declaring the same to be reserved from the date fixed by the notification.*

*It is thus obvious that the forest settlement officer has the powers of a civil court and his order is subject to appeal and finally revision before the state government. The act is a complete code in itself and contains elaborate procedure for declaring and notifying a reserve forest. Once a notification under section 20 of the act declaring a land as reserve forest in published, then all the rights in the said land claimed by any person come to an end are no longer available. The notification is binding on the Consolidation Authorities in the same way as a decree of the civil court. The respondents could very well file objections and claims including objection regarding the nature of the land before the Forest Officer. They did not file any objection or claim before the authorities in the proceedings under the Act. After the notification under Section 20 of the Act, the respondents could not have raised any objections qua the said notification before the Consolidation Authorities. The Consolidation Authorities were bound by the notification which has achieved finality."*

48. On the question aforesaid, indicated in Para 23 hereinbefore, the judgments referred by the learned counsel for the petitioners have already been indicated in the earlier paragraphs of this judgment and some other cases which are also relevant are required to be indicated at this stage.

49. The Hon'ble Apex Court in the case of **Bachan and Ors. vs. Kankar and Ors. (1972) 2 SCC 555;** observed as under:-

*"15. This Court in Sonawati v. Sri Ram [AIR 1968 SC 466(1968) 1 SCR 617 :] said that Section 20 of the U.P. Zamindari Abolition and Land Reforms Act, 1951 conferred certain rights upon*

*persons whose names were recorded in the revenue records in respect of agricultural land. In Sonawati case this Court found that there was strong evidence which was relied on by the Revenue Court that the name of Pritam Singh predecessor-in-interest of the appellants was surreptitiously entered in the Khasra. The first appellate court there did not at all consider that evidence. The surreptitious entry in Sonawati case was held by this Court to disentitle the appellants to any adhivasi right under Section 20 of the U.P. Zamindari Abolition and Land Reforms Act.*

*16. This Court recently in Ram Das v. Deputy Director of Consolidation, Ballia, [(1971) 1 SCC 460 : AIR 1971 SC 673] dealt with the contention of the appellants on the one hand who were recorded as Sir Khudkasht-holders of the plots in dispute and the contention of the respondents on the other who were entered as sub-tenants in respect of those plots in the year 1356 Fasli. Suits were filed between the parties. A compromise was entered into the suits. It was admitted by the respondents that the appellants were Bhoomidars and that the respondents had no interest. The further admission in the compromise was that the entry in the revenue records in favour of the respondents was fictitious. The respondents subsequently applied for setting aside the compromise decrees on the ground that they had been obtained fraudulently. During the pendency of the suits consolidation proceedings under the U.P. Consolidation of Holdings Act, 1953 commenced. The Consolidation Authorities held that the suits were not maintainable because on the date on which the suits were filed the respondents had become sirdars. The appellants filed a writ petition under Article 226 challenging the order of the Consolidation Authorities. The High Court held in that case relying on the earlier decisions of that Court that even if the entry was fictitious the respondents who were recorded as occupants would, under Section 20(b) of the U.P. Zamindari Abolition and Land Reforms Act, 1951 become adhivasi of the disputed land. This Court relying on the earlier decision in Sonawati case held that there was evidence to show that the entry was fictitious and the person whose name was entered on the record on the material date could not claim the right of an adhivasi.*

*17. The rulings of this Court establish that the decision of the learned Single Judge as well as that of the Division Bench of the Allahabad High Court is erroneous. Section 20 of the U.P. Zamindari Abolition and Land Reforms Act, 1950 speaks of a person recorded as occupant to become adhivasi of the land and will be entitled to take or retain possession as mentioned in the section. One of the principal matters mentioned in the section is that the Khasra or Khatauni of 1356 Fasli is to be prepared under Sections 28 and 33 of the U.P. Land Revenue Act, 1901. The U.P. Land Records Manual in Chapter A-V in para A-55 to A-67 lays down the manner in which the Khasra or the field book showing possession is to be prepared by the Patwari in the areas to which Zamindari Abolition and Land Reforms Act, 1950 applies. There are detailed instructions about the manner in which the enquiry should be carried out about actual possession and change in possession and corrections in the map and field book, the form in which the khasra is to be prepared. The form of khasra is given in para A-80. The form shows that the Lekhpal has to prepare a consolidated list of entries after partial or proper investigation. Again, para A-70 to A-73 to*

*the U.P. Zamindari Abolition and Land Reforms Act show how entries have to be made in khataunis every year showing the nature of tenure of each holder. The khatauni is meant to be a record of tenure-holders. The manner of changes to be made there is laid down in para A-82 to A-83. Entries are to be checked. Extract has to be sent to the Chairman, Land Management Committee as contemplated in paragraph A-82 (iii). In this context Section 20(b)(i) of the U.P. Zamindari Abolition and Land Reforms Act which speaks of the record "as occupant" in the khasra or khatauni of 1355 Fasli refers to the khasra or khatauni being prepared in accordance with the provisions of the Land Revenue Act, 1961. Khasra is the field book provided for by Section 28 of the Land Revenue Act. Khatauni is an annual register prepared under Section 32 of the Land Revenue Act 1951. It has to be emphasised that the entry under Section 20 (b)(i) of the U.P. Zamindari Abolition and Land Reforms Act, 1950 in order to enable a person to obtain adhivasi rights must be an entry under the provisions of law.*

*18. This Court has held that entries which are not genuine cannot confirm adhivasi rights. The High Court wrongly held that though the entry was incorrect it could not be said to be fictitious. It is too obvious to be stressed that an entry which is incorrectly introduced into the records by reason of ill-will or hostility is not only shorn of authenticity but also becomes utterly useless without any lawful basis.*

*19. The learned Single Judge of the Allahabad High Court held that the Deputy Director of Consolidation did not have the jurisdiction while dismissing the revision application in the consolidation proceedings to hold that the entry was fictitious. The Deputy Director of Consolidation pointed out that the entry was held to be fictitious by a civil court also. The Settlement Officer was the final Court of fact. The order of the Settlement Officer found that the entries relied on by the respondents were mala fide, contrary to rules and false. The view of the learned Single Judge confirmed by the Division Bench is antithetic to the basic principles that fraudulent or mala fide actions have no legal sanction.*

*20. The High Court erred in quashing the order of the Deputy Director of Consolidation and the order of the Settlement Officer. The High Court overlooked the evidence. The High Court relied on surreptitious entry as lawful entry. A fabricated entry is obviously a fictitious entry. In the present case, the entry was introduced by the Patwari by devious methods. Such entry is mendacious."*

50. In the case of **Mohd. Ramzan Khan vs. D.D.C., Allahabad and Others; 2009 SCC OnLine All 1111,** this Court observed as under:-

*"Entry of occupant in 1356 Fasli confers a right upon that person under Section 20(b) of the Act. Original petitioner and respondent No. 35 were not recorded in 1356 Fasli. Even in respect of that provision, the Supreme Court has held that an entry in 1356 Fasli may confer right upon the recorded person even if the entry is wrong, however if the entry is fraudulent or made without any basis it will not confer any right vide Wali Mohd. v. Ram Surat, AIR 1989 SC 2296 and "Chandrika Prasad v. Pullo" AIR 2000 SC 1785. Paras No. 4 & 5 of the earlier authority, which were quoted in Para-21 of the later authority also, are quoted below:*

*"4. The said section deals with the question as to who is entitled to take or retain possession of the land in question. The plain language of the aforesaid Cl. (i) of sub-sec. (b) of S. 20 of the said Act suggests that this question has to be determined on the basis of the entry in the Khasra or Khatauni of 1356 Fasli Year prepared under Ss. 28 and 33 respectively of the U.P. Land Revenue Act, 1901. An analysis of the said section shows that under sub-sec. (b) of S. 20 the entry in the Khasra or Khatauni of the Fasli Year 1356 shall determine the question as to the person who is entitled to take or retain possession of the land. It is, of course, true that if the entry is fictitious or is found to have been made surreptitiously then it can have no legal effect as it can be regarded as no entry in law but merely because an entry is made incorrectly that would not lead to the conclusion that it ceases to be an entry. It is possible that the said entry may be set aside in appropriate proceedings but once the entry is in existence in the Khasra or Khatauni of Fasli Year 1356, that would govern the question as to who is entitled to take or retain possession of the land to which the entry relates.*

*5. It was submitted by learned counsel for the appellants that if the entry was not correct it could not be regarded as an entry made according to law at all and the right to take or retain possession of the land could not be determined on the basis of an incorrect entry. He placed reliance on the decision of this Court in Bechan v. Kankar, (1973) 1 SCR 727 : (AIR 1972 SC 2157). In that judgment the nature of the entries in Khasra or Khatauni is discussed and it is also discussed as to how this entry should be made. This Court held that entries which are not genuine cannot confer Adhivasi rights. It has been observed that an entry under S. 20(b) of the said Act, in order to enable a person to obtain Adhivasi rights must be an entry under the provisions of law and entries which are not genuine cannot confer Adhivasi rights. In that judgment it has been stated that the High Court was wrong when it held that though the entry was incorrect, it could not be said to be fictitious. That observation, however, has to be understood in the context of what follows namely, that an entry which is incorrectly introduced into the records by reason of ill-will or hostility is not only shorn of authenticity but also becomes utterly useless without Any lawful basis. This judgment, in our view, does not lay down that all incorrect entries are fictitious but only lays down that a wrong entry or incorrect entry which has been made by reason of ill-will or hostility cannot confer any right under S. 20(b) of the said Act. This decision is clarified by a subsequent judgment of this Court in Vishwa Vijai Bharti v. Fakhrul Hasan, (1976) Suppl SCR 519 : (AIR 1976 SC 1485) where it has been held as follows (at p. 1488 of AIR):*

*"It is true that the entries in the revenue record ought generally, to be accepted at their face value and courts should not embark upon an appellate inquiry into their correctness. But the presumption of correctness can apply only to genuine not forged or fraudulent, entries. The distinction may be fine but it is real. The distinction is that one cannot challenge the correctness of what the entry in the revenue record states but the entry is open to the attack that it was made fraudulently or surreptitiously. Fraud and forgery rob a document of all its legal effect and cannot found a claim to possessory title."*

*Accordingly, I do not find least error in the impugned orders. Original*

*petitioner and respondent No. 35 could not justify the entries of their names in the revenue records of 1358 & 1359 Fasli."*

51. In the case of **Gujj Lal and Ors. vs. Dy. Director of Consolidation, Firozabad and Ors., 2015 SCC OnLine All 8063,** this Court in relation to the entry in the revenue record observed as under:-

*"8. I have considered the arguments of the Counsel for the parties and examined the record. Section 57 of U.??? Land Revenue Act, 1901, attaches presumption of correctness of settlement year khatauni. Khatauni of 1356-F and 1359-F are settlement year khatauni. The respondent filed khatauni 1348-F and 1349-F and proved that joint family property has been partitioned between Vovid and descendants of Shyama, who were brothers by decree of Sub-Divisional Officer dated 6.12.1941, passed in partition Suit No. 42/5, which was incorporated in khata 47 of 1348-F. According to partition decree, 2.73 acre land came in share of Indrapal, 2.73 acre land came in share of Ninnu, Sarnam and Mihilal jointly and 5.45 acre land came in share of Vovid. It has also been noted in khatauni 1348-F that Charani and Shripat being daughter's sons of Vovid were his heirs. According to the partition decree, khatauni 1349-F was prepared, in which, the names of Charani and Shripat sons of Rate were recorded in khata 21, consisting eight plots of an area of 5.45, which had come in the share of Vovid in partition suit. Same plots with same area were recorded in khata 11 of 1356-F khatauni, in which along with Charani and Shripat, names of Ninnu, Sarnam and Mihilal sons of Summer were also recorded and this entry continued later on. Thus the respondent has proved that land which was came in exclusive share of Vovid was inherited by him but names of Ninnu, Sarnam and Mihilal were wrongly recorded over it along with their names in 1356-F khatauni without any basis. Thus presumption of correctness stood rebutted from the evidence of the respondent. Now burden of proof shifted upon the petitioners to prove that their names were correctly recorded.*

*9. The petitioners took plea that Charani and Shripat were unable to pay rent of the land in dispute to zamindars as such they co-opted Ninnu, Sarnam and Mihilal as co-sharers of ½ share in the land in dispute with the consent of zamindar. Section 33 of U.P. Tenancy Act, 1939, which was applicable at the relevant time provides as follows—*

*Section 33. Interest of other tenants.—(1) The interest of a tenant holding on special terms in Oudh, of an ex-proprietary tenant, of an occupancy tenant, of a hereditary tenant, and of a non-occupancy tenant is heritable, but is not transferable otherwise than in accordance with the provisions of this Act.*

*(2) Notwithstanding in forgoing provisions of this section shall render illegal—*

*(a) a sub-lease of a holding as hereinafter provided.*

*(b) a sale of the interest of a tenant under the provisions of section 251.*

*(c) a release or transfer of an interest in favour of a co-tenants:*

*Provided that no person shall be deemed to be a co-tenant notwithstanding that he may have shared in the cultivation of the holding, unless he was a co-tenant from the commencement of the tenancy, or has become such by succession or has been specifically recognized as such in writing by the land holder.*

*10.Thus under law, a written consent of zamindar was necessary for co-*

*option. No such written consent of zamindar was produced by the petitioners. Theory of the petitioners that they had been through out paying rent of their half shares has also not been proved by them as the petitioners have filed 4 rent receipts, out of which one of the year 1358-F, one of the year 1359-F and two were of the year 1397-F. Apart from it, there are noting in khatauni 1356-F and 1359-F that original khataunis were in torn condition, which itself create a doubt regarding its correctness. Thus the findings that the petitioners could not prove that they were co-opted as co-tenant or paying rents of half share or were in possession of the land in dispute, do not suffer from any illegality. An illegal and unauthorized entry in khatauni cannot become a legal entry only on the ground that it has been perpetuated for a long time due to negligence of revenue authority or right owner as such on its basis no right can accrue to any one.*

*11. Supreme Court in Vishwa Vijay Bharati v. Fakhrul Hassan, [1976 RD 237 (SC).] held that it is true that the entries in the revenue record ought, generally, to be accepted at their face value and Courts should not embark upon an appellate inquiry into their correctness. But the presumption of correctness can apply only to genuine, not forged or fraudulent, entries. The distinction may be fine but it is real. The distinction is that one cannot challenge the correctness of what the entry in the revenue record states but the entry is open to the attack that it was made fraudulently or surreptitiously. Fraud and forgery rob a document of all its legal effect and cannot found a claim to possessory title. This judgment has been followed in Wali Mohhd. v. Ram Surat, [1989 RD 403 (SC).] Again in Vikram Singh Junior High School v. District Magistrate (Fin. & Rev.), [2002 (93) RD 278 (SC).] it has been held that the entry in the revenue record must have a legal basis. Further there was no adjudication of dispute as regards continuance of the wrong entry. The appellant could not have claimed any title over the land in dispute merely on the basis of wrong entry which continued in its favour through negligence or failure of the Revenue Officer or the Consolidation Officer to correct the record, in pursuance of the order of the Board of Revenue which had attained finality. In the consolidation proceedings, the Collector is also the District Deputy Director of Consolidation under the U.P. Consolidation of Holdings Act and is authorized to correct any wrong entry continued in the consolidation record in that capacity in the exercise of power under section 48. of the U.P. Con-solidation of Holdings Act.*

*12. A Special Bench of 5 Hon'ble, Judges in Basdeo v. Board of Revenue, U.P., [1974 RD 188 (DB).] and Supreme Court in Bechan v. Kankar, [1972 RD 219 (SC).] and Ram Harakh v. Hamid Ahmad Khan, [(1998) 7 SCC 484.] held that in order to get right under section 20 of U.P. Act No. 1 of 1951 on basis of entry of "recorded occupant" in 1356-F and 1359 F, entry must have been made according to the provisions of Land Records Manual and genuine. In the present case, it has been found that the entry of the names of the petitioners was not a genuine entry as such under law no right accrued to them on the basis of unauthorized entry.*

*13. There is difference between "fraud" and "fabricated entry". Supreme Court in Reliance Salt Ltd. v. Cosmos Enterprises, [2007 (66) ALR 653 (SC) : 2007 (50) AIC 82.] held that "Fraud" means and includes any of the following acts committed by a party to a contract, or with his connivance, or by his agent, with*

*intent to deceive another party thereto or his agent, or to induce him to enter into the contract—*

*"(1) the suggestion, as a fact, of that which is not true, by one who does not believe it to be true;*

*(2) the active concealment of a fact by one having knowledge or belief of the fact;*

*(3) a promise made without any intention of performing it;*

*(4) any other act fitted to deceive;*

*(5) any such act or omission as the law specially declares to be fraudulent.*

*Explanation.—Mere silence as to facts likely to affect the willingness of a person to enter into a contract is not fraud, unless the circumstances of the case are such that, regard being had to them, it is the duty of the person keeping silence to speak, or unless his silence is, in itself, equivalent to speech."*

*14. Supreme Court in Bachan v. Kankar, [1972 RD 219 (SC).] held that fabricated entry is an entry which is incorrectly introduced into the records by reason of ill-will or hostility is not only shorn of authenticity but also becomes utterly useless without any lawful basis.*

*15. Thus case law relied upon by the petitioners, on the proposition of "fraud" has no application in this case. Only this much was required to be examined that entry in favour of the petitioners was genuine or fabricated and unauthorized. It has been found that entry of the names of the petitioners in khata in dispute was unauthorized. There is no illegality in the order of Deputy Director of Consolidation. In view of aforesaid discussions, the writ petition has merit and is dismissed.*

*16.Petition Dismissed."*

52. On the question/issue, indicated in Para 23 of this judgment, this Court considered the (i) facts of the case, (ii) documents on record particularly questionnaire (Annexure No.3) and Khatauni of 1359 Fasli (1952 A.D.) (Annexure No.4), relied upon by the petitioners, and also Khatauni of 1356 Fasli (1949 A.D.), indicated in Para 28 of this judgment and which is also part of written submission dated 01.04.2024 filed by the petitioners, (iii) provisions indicated above and (iv) pronouncements on the issue of extending the benefit of Section 20(b) of the Act of 1950 including the judgments passed in the case of **Smt. Sonawati (Supra) and Ram Avadh (Supra)**, relied upon by learned counsel for the petitioners.

53. Upon due consideration, this Court is of the view that the petitioners are not entitled to benefit of Section 20(b) of the Act of 1950. It is for the following facts and reasons:-

(a) Entries indicated in the documents (Questionnaire and Khatauni of 1359 Fasli), relied upon by the petitioners, are not genuine. The same, to the view of this Court, are bogus, forged, fictitious and fabricated and have been made surreptitiously. It is in view of the following reasons:-

(i) In the 1356 Fasli (1949 A.D.), the land in dispute was recorded as *"Imarati Lakdi Ka Jungle"* (Timber Trees), as indicated in entry (8) (iii)(a)(1) in Para 124-A of U.P. Land Records Manual and in this year the total area was 431.61 acres and in the Khatauni of 1356 Fasli (1949 A.D.) the land in dispute was not recorded in the name of Raja Brijraj Bahadur Singh, (the basis of claim of predecessor-in-interest of petitioner and the petitioners).

(ii) From the certified photocopy of the Khatauni of 1359 Fasli (1952 A.D.), (annexed as Annexure No. 4 to the writ petition), it is evident that area of Gata/Plot No. 21 i.e. 431.46 acres mentioned in Khatauni of 1356 Fasli (1949 A.D.) was reduced by making correction/cutting to 393.91 acres and this correction/cutting was made without any order of the competent Revenue Official and it bears signature of someone, whose designation has not been disclosed.

(iii) After reducing the original area i.e. 431.46 acres to 393.91 acres different Gata(s)/Plot(s) were carved out as Gata No(s). 21, 21/2, 21/3, 21/4, 21/5, 21/6 & 21/7 in the names of Daal Singh S/o Mom Raj Singh, Gopal Singh S/o Sagar, Buddha S/o Kamma, Surta S/o Buddha, Param Singh S/o Mom Raj Singh and Amru S/o Ram Ram, (the basis of claim of predecessor-in-interest of petitioner and the petitioners), respectively, showing Barley (Jow) crop against Gata No(s). 21/1 to 21/7, respectively, under Ziman 5-A entry, which finds place in Para A-124 of U.P. Land Records Manual, and the same says that *"Occupiers of lands without title when there is no one already recorded in column 5 of the khasra"* and this was also carried out without any order in this regard.

(iv) Entry i.e. 8(iii)(a)(1) in Para 124-A of U.P. Land Records Manual and the note appended to the same itself indicate that the same was under the control of Forest Department meaning thereby under the control of State Government.

(v) The alleged entry of 1356 Fasli (1949 A.D.) in favour of Raja Brijraj Bahadur Singh, as indicated in questionnaire, is forged one and the fact that questionnaire itself is forged/fabricated and bogus document is evident from the fact that in the year 1999 the age of trees was found to be between 80-100 year and accordingly in the 1356 Fasli (1949 A.D.) or 1359 Fasli (1952 A.D.) the age of the trees must be between 40-60 year and to impeach/controvert the same and also the findings related to existence of trees over the land in issue, which in fact was admitted by Mahesh Chandra Saxena and Nanhey Lal Sharma (Petitioner No. 4) during their examination and the same is evident from the impugned order dated 10.04.2023, nothing has been placed on record.

(vi) The benefit of Section 20(b) of the Act of 1950 would be available if the entry was/is genuine and in this case, the entry of 1359 Fasli (1952 A.D.) itself was/is bogus and fraudulent and as such, no right would be available to the petitioners based upon the sale deed as their basis itself is not a valid document in the eye of law. Reference in this regard can be made to the maxim(s) ***'Sublato Fundamento Cadit Opus'***, which means *'foundation being removed, the structure falls'*, ***'Nemo dat quod non habet'*** which means *'no one can give what they do not have'.*

54. For the reasons aforesaid, this Court is not inclined to interfere in the impugned order(s) 10.04.2023 and 16.10.2019 passed by respondent No.2-District Magistrate/District Deputy Director of Consolidation, Lakhimpur Kheri and respondent No.3-Consolidation Officer, Antim Abhilekh Second, Lakhimpur Kheri, respectively, on the grounds pressed by the learned counsel for the petitioners including the ground that respondent No.2 has failed to act in terms of order of remand of this Court dated 12.09.2014 as if the order(s) are interfered on this ground, then in that event the bogus/forged entries favourable to the petitioners would revive in the revenue records.

55. Having observed above, this Court finds no force in the present petition. It is accordingly ***dismissed.*** Costs made easy.

56. The Court records the valuable assistance given by Ms. Urmish Shankar, Research Associate, attached with me in drafting this judgment and finding out case laws applicable in the present case.

**A. U.P. Zamindari Abolition and Land Reforms Act, 1951 – U.P. Land Reforms (Supplementary) Act, 1952 – U.P. Consolidation of Holdings Act, 1953-** To claim the status of an Asami or Adhivasi under Section 3 of the U.P. Land Reforms (Supplementary) Act, 1952, the claimant must prove lawful "cultivatory possession" of the land during 1359 Fasli. A trespasser who enters land forcibly or without lawful right cannot claim such possession. A person cannot acquire the status of an Adhivasi against a Bhumidhar merely by forceful occupation of land after 1358 Fasli. **(Para 13)**

**B. Petitioners filed objections under Section 9-A(2) of the U.P. Consolidation of Holdings Act, 1953,** claiming to have been Shikami tenants who became Adhivasi and later Sirdar after the date of vesting. They sought the expunging of the respondents' names from the disputed plots (Nos. 376 and 377), asserting long-standing possession prior to vesting. Respondents claimed Bhumidhar rights through sale deed executed in 1963.*Held :-* Entries in the "remark column" (Khana Kafiyat) were not made as per Paragraph 87 of the U.P. Record Manual and could not be relied upon to determine rights. Deputy Director of Consolidation rightly held that the judgment under Section 229B of the U.P. Zamindari Abolition and Land Reforms Act could not be relied upon in consolidation proceedings due to the abatement of the original proceedings. Revisional court properly exercised its jurisdiction under Section 48 of the U.P. Consolidation of Holdings Act by considering evidence from the Section 229B proceedings where relevant.**(Para 15, 16)**

**Writ Petition dismissed.** (E-5)

(Delivered by Hon'ble Chandra Kumar Rai, J.)

1. Heard Mr. Upendra Nath Yadav, learned counsel for the petitioner, Mr. Raghvendra Pratap Singh, Advocate holding brief of Mr. Abhishek Kumar Tripathi, learned counsel for the contesting respondent and Mr. Tarun Gaur, learned Standing Counsel for the State-respondents.

2. Brief facts of the case are that plot no.376 & 377 situated at Village-Narainpur, Manwarpara, Pargana-Nagar West, Tahsil- Haraya, Basti was recorded in the name of respondent nos.2 & 3, namely, Prabhakar Singh & Sudhakar Singh sons of Uma Shankar Singh in the basic year of consolidation operation. Petitioner nos.1, 2 & 3 filed objection under Section 9-A (2) of U.P. Consolidation of Holdings Act, 1953 (hereinafter referred to as "U.P.C.H. Act") in respect to plot no.377 and petitioner nos.4 to 7 filed objection in respect to plot no.376 alleging that they are Shikami tenant of Ram Anjor Singh and after date of vesting they became Adhivasi later on Sirdar. It is further alleged that right of main tenant extinguished before he executed sale deed dated 3.1.1963 in favour of respondent nos.2 & 3 and petitioners continued in possession since prior to the date of vesting till the start of consolidation operation hence name of respondent nos.2 & 3 be expunged and petitioners be recorded as Sirdar of the plot in question. The suit under Section 229B of U.P. Zamindari Abolition and Land Reforms Act, 1950 (hereinafter referred to as "U.P.Z.A. & L.R. Act) filed by petitioners were ultimately abated. Respondent nos.2 & 3 claimed right of bhumidhar on the basis of sale deed executed on 31.1.1963 by Ram Anjor Singh. The issues were framed before Consolidation Officer and parties lead evidence in support of their cases. Consolidation Officer vide order dated 8.9.1975 disposed of the objection directing to record the name of petitioners as Sirdar declaring their share after expunging the name of respondent nos.2 & 3. Appeals under Section 11 (1) of U.P.C.H. Act were filed by respondent nos.2 & 3 against the order of Consolidation Officer dated 8.9.1975 which were registered as Appeal Nos.73 & 74. Settlement Officer of Consolidation vide order dated 21.11.1980 dismissed the aforementioned appeals. Respondent nos.2 & 3 filed two revisions under Section 48 of U.P.C.H. Act against the order of Settlement Officer of Consolidation which were registered as Revision No.498 & 499. The aforementioned revisions were heard and allowed vide order dated 2.11.1981 setting aside the orders of Consolidation Officers and Settlement Officer of Consolidation as well as declared the respondent nos.2 & 3 as bhumidhar of the plot in question hence this writ petition on behalf of the petitioners challenging the impugned revisional order dated 2.11.1981 passed by respondent no.1/ Deputy Director of Consolidation, Basti.

3. This Court admitted the writ petition on 1.12.1981 and stayed the operation of the impugned order dated 2.11.1981. On the stay vacation application filed on behalf of respondent nos.2 & 3, the interim order dated 1.12.1981 was confirmed subject to condition that the petitioners shall deposit Rs.750/- annually till the decision of the writ petition. According to petitioners they are depositing Rs.750/- annually till date.

4. Learned counsel for the petitioners submitted that the petitioners acquired Adhivasi & Sirdari right after the date of vesting and right of Ram Anjor (main tenant) came to an end, as such, Ram

Anjar had no right to execute the sale deed in favour of respondent nos.2 & 3 in respect to plot in question. He further submitted that no case has been setup by contesting respondents that the petitioners are mortgage hence entry of Bil Ewaj Sood was fictitious. He further submitted that the petitioners actual cultivatory possession in respect to the plot in question is fully proved from the entry of 1359 fasli, as such, petitioners Adhivasi right & Sirdari right after date of vesting is fully established. He further submitted that in view of oral statement of Ram Anjor himself that he has been issuing rent receipt to petitioners there was no necessity to issue P.A.- 10 to main tenant. He further submitted that Consolidation Officer & Settlement Officer of Consolidation has rightly ordered to record the name of the petitioners as Sirdar on the basis of oral and documentary evidence on record but Deputy Director of Consolidation has exceeded his revisional jurisdiction in holding otherwise that petitioners are entitled to be recorded as Sirdar over the plot in question, as such, impugned revisional order is liable to be set aside. He further placed the revenue entry of the plot in support of his argument. He further placed reliance upon the judgment of this Court passed in Writ- B No.2111 of 1976 (Pritam Singh vs. D.D.C. & Others) dated 12.9.2023.

5. On the other hand, learned counsel for respondent nos.2 & 3 submitted that interpolations have been made in the Khasara & Khatauni of 1359 fasli which is proved by Registrar Kanungo, as such, no right will accrue to petitioners in respect to plot in question. He further submitted that the sale deed executed in favour of respondent nos.2 & 3 was neither illegal nor void, as such, petitioners are not entitled to be recorded over the plot in dispute. He further submitted that the suit filed under Section 229B of U.P.Z.A. & L.R. Act was ultimately abated due to consolidation operation, as such, no right can be claimed by petitioners on the basis of judgment and decree passed under Section 229-B of U.P.Z.A. & L.R. Act which has been ultimately abated. He also submitted that at the time of partal, respondent nos.2 & 3 have been found in possession of the plot in dispute. He further submitted that the petitioners have not initiated any proceeding for Adhivasi right, as such, petitioners are not entitled to be recorded over the plot in question. He further submitted that the petitioners have manipulated certain entry in collusion of Lekhpal, as such, petitioners are not entitled to any relief in respect to the plot in dispute. He further submitted that the Consolidation Officer & Settlement Officer of Consolidation have not decided the dispute considering the evidence on record but Deputy Director of Consolidation after considering the evidence on record has found that petitioners were not Sikami tenants, as such, they cannot acquire Sirdari rights by operation of law. He further submitted that finding of fact has also been recorded by Deputy Director of Consolidation that P.A.-10 was neither issued to Ram Anjor Singh nor to respondent nos.2 & 3 and the rent receipt alleged to be issued by Ram Anjor Singh in favour of petitioners is collusive and manipulated. He further submitted that the proceeding under Section 240A & 240B of U.P.Z.A. & L.R. Act were never initiated with respect to disputed plots, as such, no right will accrue to petitioners in respect to disputed plots. He further placed reliance upon the following judgments of Hon'ble Apex Court as well as of this Court in support of his argument:

*i. (2023) 4 S.C.R. 18 M/S South Indian Bank Ltd & Others Vs. Naveen Mathew Philip & Another.*

*ii. (1964)5S.C.R. 64 Syed Yakoob vs. K.S. Radha Krishnan and Others.*

*iii. 2022(156)RD602 Bhagwati Deen Vs. Sheetladin and Others.*

*iv. Neutral Citation No.- 2019:AHC:60861 Mukhtar Ali & Others vs. D.D.C. Fatehpur and Others.*

6. I have considered the argument advanced by learned counsel for the parties and perused the records.

7. There is no dispute about the fact that the Consolidation Officer in the proceeding under Section 9-A (2) of U.P.C.H. Act has ordered vide order dated 8.9.1975 to record the name of petitioners as Sirdar after expunging the names of respondent nos.2 & 3. There is also no dispute about the fact that the appeals filed by respondent nos.2 & 3 against the order of Consolidation Officer were dismissed by Settlement Officer of Consolidation vide order dated 21.11.1980. There is also no dispute about the fact that revisions filed by respondent nos.2 & 3 were allowed by Deputy Director of Consolidation vide order dated 2.11.1981 setting aside the orders of Consolidation Officer & Settlement Officer of Consolidation as well as respondent nos.2 & 3 were declared as bhumidhar of the plot in dispute.

8. On the basis of rival submission of learned counsel for the parties the issues which are to be examined are as to whether the petitioners can be treated as Shikami tenant of the plot in question at the relevant point of time on the basis of revenue entry relied upon by the petitioners accordingly adhivasi / sirdar of the plot in question as well as the exercise of revisional jurisdiction under Section 48 of U.P.C.H. Act is in accordance with law.

9. In order to appreciate the controversy involved in the matter the perusal of Section 20 of U.P.Z.A. & L.R. Act will be relevant which is as under:

*"20. - [Every person who-*

*(a) on the date immediately preceding the date of vesting was or has been deemed to be in accordance with the provisions of this Act]-*

*(i) except as provided in [sub-clause (i) of Clause (b)][Substituted by U.P Act No. 20 of 1954.], a tenant of sir other than a tenant referred to in Clause (ix) of Section 19 or in whose favour hereditary rights accrue in accordance with the provisions of Section 10; or*

*(ii) except as provided in [sub-clause (i) of Clause (b)] [Substituted by U.P Act No. 20 of 1954.], a sub-tenant other than a sub-tenant referred to in proviso to sub-section (3) of Section 27 of the United Provinces Tenancy (Amendment) Act, 1947 (U.P. Act X of 1947), or in sub-section (4) of Section 47 of the United Provinces Tenancy Act, 1939 (U.P. Act XVII of 1939) of any land other than grove land,(*

*b) was recorded as occupant,-(i) of any land [other than grove land or land to which Section 16 applies or land referred to in the proviso to sub-section (3) of Section 27 of the U.P. Tenancy (Amendment) Act, 1947][Substituted by U.P. Act No. 20 of 1954.]in the khasra or khatauni of 1356-F prepared under Section 28 [33] [Substituted by U.P Act No. 20 of 1954, for '32'.] respectively of the U.P. Land Revenue Act, 1901 (U.P. Act III of 1901), or who was on the date immediately preceding the date of vesting entitled to*

*regain possession thereof under Clause (c) of sub-section (1) of Section 27 of the United Provinces Tenancy (Amendment) Act, 1947 (U.P. Act X of 1947); or*

*(ii) of any land to which Section 16 applies, in the [khasra or khatauni of 1356 fasli prepared under Sections 28 and 33 respectively of] [Substituted by U.P Act No. 20 of 1954.] the United Provinces Land Revenue Act, 1901 (U.P. Act III of 1901), but who was not in possession in the year 1356-F;*

*shall, unless he has become a bhumidhar of the land under sub-section (2) of Section 18 or an asami under Clause (h) of Section 21, be called adhivasi of the land and shall, subject to the provisions of this Act, be entitled to take or retain possession thereof.*

*Explanation I. - Where a person referred to in Clause (b) was evicted from the land after June 30, 1948, he shall notwithstanding anything in any order, be deemed to be a person entitled to regain possession of the land.*

*Explanation II. - Where any entry in the records referred to in Clause (b) has been corrected before the date of vesting under or in accordance with the provisions of the U.P. Land Revenue Act, 1901 (U P. Act III of 1901), the entry so corrected shall for the purposes of the said clause, prevail].*

*[Explanation III. - For the purposes of Explanation II an entry shall be deemed to have been corrected before the date of vesting if an order or decree of a competent Court requiring any correction in records had been made before the said date and had become final even though the correction may not have been incorporated in the record.*

*Explanation IV. - For purposes of this section 'occupant' as respects any land does not include a person who was entitled as an* intermediary to the land or any share therein in the Year 1356 fasli.][Added by U.P. Act No. 20 of 1954.]"

10. In order to examine the plea of petitioners regarding S hikami tenant the revenue entry of the plot in question will be relevant. The Khasara entry of plot nos. 376 & 377 are annexed as Annexure Nos.10 to 14 to the writ petition. Annexure Nos.10, 11 & 12 are the Khasara entry of plot no.376, which are as under:

| Khasra Number | Fasli Year | Name of Kastkar | Plot Number | Khana Kafiyat |
|---|---|---|---|---|

11. Annexure No.14 to the writ petition is the khasara entry of plot no.377, which are as under:

| Khasra Number | Fasli Year | Name of Asal Kastkar | Name of Shikami Kastkar | Area | Khana Kafiyat |
|---|---|---|---|---|---|
| 377 | 1357 | Ram Anjor & Indra Bahadur | | 113-2 | |

| 377 | 1364 to 1368 | Ram Anjor | | 113-12 | Ram Anjor Sonar |

12. The finding of fact which has been recorded by revisional Court with respect to plot nos.376 & 377 considering the revenue entry including the khasara entry which are annexed along with writ petition as well as quoted above will be relevant for perusal, which is as under:

"न्यायालय श्री जनार्दन उपाध्याय उ०स०च० बस्ती
पुनरीक्षण सं० 498 प्रभाकर आदि बनाम मेवालाल आदि
प्रभाकर आदि बनाम निरहू
ग्राम नरायनपुर मनवरपार
परगना नगर पश्चिम
त० हरैया, जिला-बस्ती

10. जहाँ तक गाटा स० 376 का संबंध में मौखिक साक्ष्य का संबंध है केवल निरहू सिंह को परीक्षित कराया गया है। जो स्वयं पक्ष्य है इसलिये उनका साक्ष्य स्वतन्त्र नही है। उन्होने 8-5-74 के बयान में अ नी आयू 30वर्ष बताई है जिसका अर्थ यह है कि जमीदारी बिनास के समय वे केवल 8 वर्ष के थे। उन्होने जिरह मे स्वीकार किया है कि जब उनकी पिता ने रामअजोर सिंह से खेत लिया उस समय वे मौजुद नही था। इस प्रकार उनके बयान से भी शिकमी पर खेत लेने बात विलकुल सिद्ध नही होती। इस प्रकार मौखिक तथा अधि लेखित साक्ष्य किसी से भी गाटा सं० 376 पर शिकमी ओर अधिवासर से सीरदार होने का केस बिलकुल सिद्ध नही होता है। ओर अधिनस्थ नयायालयो ने निरहु सिंह आदि को गाटा सं० 376 की सीरदार और भूमिधर मानकर गलती की है। वास्तव में यह भूखण्ड रामअजोर सिंह तथा और बैनामे से प्रभाकर और सुधाकर इसके भुमिधर हो चुके है।

11. जहाँ तक गाटा सं० 377 का प्रश्न है 1357 फ० की खतौनी में यह भुखण्ड भी रामअजोर सिह व कुवर बहादुर की जमीन 6 की आराजी दर्ज है। 1357फ० से 1379 फ० के खसरो की उनके दाखिल की गई है जिनके अनुसार 1357 फ० तथा 358 फ० में विवादित भुखण्ड स० 377 राम अजोर और कुवर बहादुर की जनम 6 की आराजी दर्ज है। और उस पर किसी का कोई कब्जा दर्ज नही है। 1359 फ० में कैफियत के खाने में काविज रामअजोर सोनार बावजूद सूद लिखा हुआ है। 1361 फ० मे केस खसरे मे भी केप्युिित के खाने मे काबिज रामअजोर सोनार व बावजूद सूद लिखा हुआ है। इस संबंध मे उल्लेखनीय बात यह है कि 1358 फ० के संबंध मे दो खसरे कर नकले दाखिल की गई है। जिसमे कैफियत के खाने में गाटा स० 377 प्रार्थी का कोई कबजा दर्ज नही है किन्तु दूसरे मे कैफियत के खाने मे रामअजोर सोनार का कब्जा बावजूद सूद 1358 फ० मे भी दर्ज है यह दोनो नकले

तहसीलदार हर्रेय वदार क्रमशः दि० 11-12-63 और 13-2-3 को जारी की गई है। और परस्पर विरोधी है। इस प्रकार राम अजोर सुनार कबजा 1361 फ० तक 1381 तक कैफियत के खाने मे दर्ज है। 1367 फ० मे इस भूखन्ड पर मेवा का नाम कबजे मे दर्ज है और 1368 फ० में काबिज मेवालाल और रामलाल दर्ज है। यह इन्द्राज 1372 फ० तक दोहराया गया है। फिर 1373 फ० 7 से 1370 फ० तक कबजे का कोई इन्द्राज नही है। एक कच्ची रसीद दाखिल की गई है जिसके द्वारा 27-6-51 को रामअजोर सिह ने गाटा सं० 372/37 का 8 रु० लगान वसूल किया है। और रसीद पर अपनी अंगुठा निसानी बनाई है। रामअजोर सिह अब मर चुके है। 226बी के मुकदमे मे रामअजोर सिंह के बयान दि० 26-10-65 की प्राप्ति प्रतिलिपि दाखिल की गई है जिसमे रामअजोर सिह ने स्वीकार किया है कि इस रसीद पर उनकी अगुठा निसानी है। और यह रसीद उन्होने मेवा के पिता को दी थी। उजरने अपने इस बयान मे यह भी स्वीकार किया है कि मेवा के अलावा उन्होने अन्य किसी को रसीद नही दी। इसके आधार पर अधिनस्थ न्यायालयो ने मेवा लाल तथा उनके पिता रामअजोर सुनार को रामअजोर सिह द्वारा सिकमी पर भूमि उठाने की बात को सही नही माना है किन्तु रामअजोर सिंह का उक्त साक्ष्य निम्नलिखित कारणों से विश्वासनीय नही है

1- रामअजोर सिंह ने अपने उक्त बयान मे यह भी स्वीकार किया है कि उन्होने अभीराजी बनाम उमाशंकर ना मुकदमे उमाशंकर प्रभाकर और संधाकर के पिता को विरुद्ध गवाही दी है। इससे यह स्पष्ट है कि रामअजरो सिह से तथा पुनरीक्षण करता गण के पिता उमाशंकर सिह से बैनामा के बाद किसी कारण शत्रुता हो गई थी। जिसके फलस्वरूप मन केवल इस मुकदमे मे बल्कि दुसरे रामअजोर सिह ने उमाशंकर सिह के विरुद्ध बयान दिया था इससे स्पष्ट है कि उक्त वयान पुनरीक्षण करतागण के पिता से दुश्मनी के कारण रामअजोर सिंह ने दिया था।

2- 1358 फ० 1359 फ० और 1361 फ० के खसरे मे मेवालाल तथा उनके पिता राम अजोर सुनार का कबजा बावजूद सूद लिखा हुआ है। जिससे स्पष्ट है कि मेवालाल आदि का कबजा शिकमी का कबजा नही था बल्कि रीकदाता का कब्जा मुर्तअहल के साथ था। इस प्रकार रामअजोर सिह का साक्ष्य अभिलेखीय साक्ष्य से गलत सिद्ध होता है। और यह तथ्य गलत साबित होते है कि रामअजोर सिह ने सिकमी पर जमीन उठाई थी।

3- स्वंय मेवालाल ने अपनी जिरह दि० 14-2-74 के अन्त में यह स्वीकार किया है कि रामअजोर सिह और उमाशंकर सिंह के बीच आपस में बनामे के बाद खिलाफत अर्थात शत्रुता हो गई। इस प्रकार स्वंय मेवालाल के बयान से ही रामअजोर सिंह की शत्रुता उमाशंकर से सिद्ध हो जाती है।

4- धारा 220 बी के मुकदमे मे मेवालाल के बयान दि० 17-2-64 की नकल दाखिल की गई है। जिसमें मेवालाल ने कहा है कि रसीद पर रामसुन्दर सिंह ने उनके सामने अंगुठा लगाया था। किन्तु जो रसीद दाखिल की गई है उस पर रामसुन्दर सिंह की कोई अगुठा निसानी नही है।

12- उपयुक्त कारणो से मे रामअजोर सिह के बयान को विश्वासनीय नही मानता। और उक्त रसीद फरजी सिद्ध होता है। उक्त रसीद के लेखक तथा गवाह रामसोहरत तिवारी तथा केशव प्रसाद मिश्र जिनके हस्ताक्षर रसीद पर है को परीक्षित नही कराया गया है। अतः उक्त रसीद सिद्ध नही है।

13- जहां तक मौखिक साक्ष्य का प्रश्न है मेवा लाल आदि की ओर से पहले गवाह राम लौट है जिन्होने 14-2-74 को बयान दिया है कि उन्हे होश संभाले केवल 8 वर्ष हुये इसका यह स्पष्ट अर्थ हुआ कि 1966 के पहले और क्या हुआ। इस संबंध मे उनके बयान का कोई मुल्य नही है। वे यह भी कहते है कि सीवाय इस खेत के वे गाँव के अन्य किसी खेत का खसरा न० नही जानते। और यहाँ तक कि अपने खेतो के खसरा न० भी नही जानते। इससे स्पष्ट है कि इस गवाह को कोई ही है। और इसका साक्ष्य अविश्वासनीय है। दूसरे गवाह स्वंय मेवालाल है जो पक्ष है उसका साक्ष्य स्वतन्त्र नही है। मेवालाल और उनके गवाह रामलाल ने खेत की जो चौहद्दी बताई है वह एक दुसरे से नही मिलती। इस प्रकार दोनो गवाहो के साक्ष्य एक दुसरे के विरुद्ध होने के कारण विश्वासनीय नही है। इसके अतिरिक्त अन्य कोई स्वतन्त्र साक्षी इस केस मे पेश नही किया गया है।

14. उपयुक्त विवरण से यह स्पष्ट है कि विवदित भूमि रामअजोर सिंह ने करजा के सूद में एवज मे राम अजोर सोनार को दी थी। और इस प्रकार राम बजोर सोनार और उसके पुत्रगण मेवालाल आदि का कब्जा केवल कर्ज देने वाले मुर्तहीन का अनुमतिपर्ण कबजा मात्र था जिसके आधार पर मेवालाल आदि को विवादित भूमि पर कोद अधिकार प्राप्त नही हुआ। विवादित भूमि सिकमी पर इन लोग का नही उठाई गई थी क्योकि सिकमी पर भूमि उढरनक का जो साक्ष्य है वह विश्वासनीय नही है। बल्कि अभिलेखीय साक्ष्य मे सूद पर भूमि दिये जाने की बात को सिद्ध करता है इसका दूसरा प्रमाण यह है कि 1359 फ० से 1362 फ० की खतौनी की कोई नकल ऐसी नही दाखिल की गई है जीसमे मेवालाल आदि विवादित भेमि के शिकमी या अधिवासी अंकित हो। इससे भी स्पष्ट है कि यह लोग सिकमी या अधिवासी नही थे। 1362 फ० की खतौनी का नकल मे भी जबकि रामअजोर सिंह के अन्य भूखण्डो पर लोगो को अधिवासी से सीरदारी अधिकार दिये गये है गाटा सं० 367 पर मेवालाल आदि को न तो अधिवासर माना गया और न कोई अधिकार ही दिया गया। 1362 फ० मे अन्य अधिवासियो की तरह मेवालाल आदि ने अधिवासी से सीरदार जिनके लिये कोई आपत्ति नही की और धारा 240 के अन्तर्गत कोई कार्यवाही नही हुई। 1963 मे पुनरीक्षणकर्ता गण के बैनामा लेने के बाद तब प्रतिउत्तरदातागण ने अपने को अधिवासी से सिरदार कहना प्रारंभ किया। इस प्रकार शिकमी से अशिवासी और सिरदार होने का बात

*बिलकुल गलत सिद्ध होती है। जहाँ तक वीपरीत कब्जे का प्रश्न है ऐसा कोई केय प्रतिउत्तरदातागण का नही है। अतः प्रतिउत्तरदातागण को विवदित भेमि पर सिरदार तथा भेमिधरी अधिकार देकर अधिनस्थ न्यायालयों ने गलती की है। और उसके आदेश निरस्त होने योग्य है।*

*आदेश*

*दोनो पुनरीक्षण स्वीकार कर लिये जाते है। तथा अधिनस्थ न्यायालयो के निर्णयो को निरस्त करते हुये दोनो भूखण्डों को पुनरीक्षण करतागण की भूमिधरी घोषित किया जाता है। तदनुसार अभिलेखों में अमलदरामद की जाय। इस आदेश की एक एक आदेश की एक एक प्रति दोनो पत्रावलियो पर रखी जाय।*

13. On the point of entry of 1356 & 1359 fasli the judgment of the full Bench of Hon'ble Apex Court reported in ***1968 RD 151 (Sonawati and Others Vs. Sri Ram and Others)*** will be relevant in which it has been held that a person cannot acquire status as 'adhivasi' against bhumidhar merely by occupying land after 1358 fasli by force. Paragraph nos.9, 10 & 11 of the judgment rendered in Sonawati (supra) are relevant for perusal, which are as under:

*"9. The scheme of s. 3 of the U.P. Land Reforms (Supplementary) Act, 1952 is different from the scheme of s. 20(b) of the U.P. Zamindari Abolition and Land Reforms Act 1 of 1951. Whereas under Act 1 of 1951 the entry is made evidence without further enquiry as to his right of the status of the person who is recorded as an occupant under s. 3 of the U.P. Land Reforms (Supplementary) Act, 1952, a person who claims the status of an asami or an adhivasi must establish that he was in "cultivatory possession" of the land during the year 1359 Fasli. The expression "cultivatory possession" is not defined in the Act, but the Explanation clearly implies that the claimant must have a lawful right to be in possession of the land, and must not belong to the classes specified in the explanation. "Cultivatory possession" to be recognized for the purpose of the Act must be lawful, and the whole year 1359 Fasli. A trespasser who has no right to be in possession by merely entering upon the land forcibly or surreptitiously cannot be said to be a person in "cultivatory possession" within the meaning of s. 3 of U.P. Act 31 of 1952. We are of the view that the Allahabad High Court was in holding in Ram Krishna v. Bhagwan Baksh Singh [1961] A.L.J. 301 that a person who through force inducts himself over and into some land and succeeds in continuing his occupation over it cannot be said to be in cultivatory possession of that land so as to invest him with the rights of an asami or an adhivasi, and we are unable to agree with the subsequent judgment of a Full Bench of the Allahabad High Court in Nanhoo Mal v. Muloo and others I.L.R. [1963] All. 751 that occupation by a wrongdoer without any right to the land is "cultivatory possession" within the meaning of s. 3 of the U.P. Act of 31 of 1952.*

*10. A person who has no right to occupy land may rely upon his occupation against a third person who has no better title, but he cannot set up that right against the owner of the land. It must be remembered that by s. 3 of U.P. Act 31 of 1952 the Legislature conferred right upon persons in possession of land against the tenure holders, and in the absence of any express provision, we are unable to hold that it was intended by the Act to put a premium upon forcible occupation of land by lawless citizens. We have no doubt therefore that by forcibly occupying the land after 1358 Fasli, Pritam Singh could not acquire as against the bhumidhar of the land rights of an adhivasi by virtue of s. 3 of U.P. Act 31 of 1952.*

*11. Counsel for the appellants contended that the finding recorded by the First Appellate Court that Pritam Singh was in "cultivatory possession" in 1359 Fasli was binding upon the High Court in Second Appeal. For reasons already set out, possession of a person in wrongful occupation cannot be deemed cultivatory possession. Again the Appellate Judge in arriving at his conclusion ignored very important evidence on the record, and on that account also the conclusion was not binding on the High Court. Pritam Singh's name was recorded in the khasra for the year 1359 Fasli as sub-tenant "without settlement of rent." Pritam Singh did not offer to give evidence at any stage of the trial before the Assistant Collector, and it was not his case that he had entered into any contact of sub-tenancy with Tota Ram and Lajja Ram. The entry which records him as a sub-tenant of Tota Ram and Lajja Ram for the year 1359 Fasli is on his own case untrue. There is further no oral evidence in support of the case of Pritam Singh that he was in actual "cultivatory possession" of land and the entry relied upon by him does not support his case. To get the benefit of s. 3 of U.P. Act 31 of 1952, it had to be established that Pritam Singh was in actual cultivatory possession of the land and that fact is not established by direct evidence of possession, nor is it established by the entry relied upon by him. The conclusion of the learned Appellate Judge that Pritam Singh was in "cultivatory possession" was partially founded on the conclusion recorded by him that in 1356 Fasli Pritam Singh was in possession of the land. We have already pointed out that in so concluding he misread the khasra entry for 1356 Fasli and gave no effect to the khasra Barahsala which showed that Pritam Singh was not in possession of the land till the end of 1358 Fasli. The learned Judge also inferred that because it was stated by Sir Ram the first plaintiff and his witness Maharaj Singh that no crops were cultivated during the Kharif season and as the khasra for 1359 Fasli showed that Bajra was sown in one of the plots in 1359 Fasli and gram was raised in all the plots, Pritam Singh must have been in possession as a sub-tenant and must have cultivated the land in the Kharif season of 1359 Fasli. This was, in our judgment, a far-fetched inference. The Appellate Judge also did not refer to other evidence to which pointed attention was directed in support of his conclusion, by the Assistant Collector Agra : for instance, Banwari Lal, Naib Registrar examined on behalf of the plaintiffs had clearly stated that Pritam Singh was not in possession of the land prior to 1359 Fasli and that Tota Ram who was examined as a witness stated that Pritam Singh was not in possession of the land and he had not given the land to Pritam Singh on lease, and that he did not receive rent from Pritam Singh. We are unable, therefore, to hold that a conclusion arrived at only from an entry in the revenue records which does not prima facie support the case of Pritam Singh, that he wrongfully trespassed upon the land and cultivated it may be regarded as conclusive in Second Appeal. The High Court was, in our judgment, right in reaching the conclusion that Pritam Singh was not in "cultivatory possession" of the land in 1359 Fasli within the meaning of s. 3 of Act 31 of 1952."*

14. The procedure for making entries of sub-tenants and others in Column- 6 of the Khasra has been provided under Paragraph no.87 of the U.P. Land Record Manual, which is as under:

***"87. Entries of sub-tenants and others (Column 6)**.- (i) In Column 6*

*of the khasra will be entered the persons of the following description:*

*(a) Tenants under permanent tenure-holders in Agra, Class 16 of the khatauni.*

*(b) Tenants of sir, tenant of khudkasht of 1333-34 Fasli admitted in 1335 Fasli or subsequently and tenants of khudkasht of not less than 12 year's standing in 1309 Fasli and still so recorded [in Agra Class (17) and in Avadh Class (10) of the khatauni].*

*(c) Tenants under rent-free grantees at a favourable rate of rent [in Agra Class (18) and in Avadh Class (10-A) of the khatauni].*

*(d) Sub-tenants [in Agra class (19); and in Avadh class (11) of the khatauni].*

*(e) Occupiers of land without the consent of the person whose name is entered in Column 5 of the khasra [in Agra Class (20) and in Avadh Class (12) of the khatauni].*

*(ii) In any case in which a person whose name was recorded in Column 6 in the preceding year is still entitled to have his name recorded in the same column, it would be sufficient to record his name, in black ink, with the word "badastur" (as before) appended at the end.*

*(iii) If there was no entry in Column 6 of the khasra in the preceding years and in Lekhpal finds at the time or partal some person belonging to one of the classes mentioned in sub-paragraph (i) in cultivatory occupation of the land, he will enter in Column 6 in red ink the name, parentage and rent, if any, of such person together with his status:*

*Provided that he shall not record any such person as belong the classes (a), (b), (c) or (d) of sub-paragraph (i) unless he is satisfied by an inquiry from the parties concerned that a contractual relation of landholder and tenant exist between them. If he is not so satisfied, he shall record the person as belonging to class (e) pending such inquiry; the Lekhpal shall note the name and parentage of such person in the remarks Column of the khasra.*

*(iv) If any entry already exists in Column 6 of the khasra and the Lekhpal finds at the partal that some person other than the recorded person is in cultivating occupation of the land, then following contingencies may arise:*

*(a) The recorded person is dead and the occupier claims as an heir. In this case the Lekhpal shall proceed as provided in paragraph 82.*

*(b) The occupier claims as sub-tenant of the recorded person. The Lekhpal shall proceed as provided in paragraph 88.*

*(c) The occupier claims to be sajhi or marifatdar of a person belonging to class (a) or (c) of sub-paragraph (1). The Lekhpal shall proceed as provided in paragraph 83. A sajhi of marifatdar of a parson belonging to class (b), (d) or (e) of sub-paragraph (i) shall be ignored.*

*(d) The occupier claims to be recorded in Column 6 to the exclusion of the recorded person. The Lekhpal shall proceed as follows:*

*(i) If the recorded person belongs to classes (b), (d) or (e) of sub-paragraph (i), the Lekhpal will substitute the name of the actual occupier in place of the name of the recorded person but he shall not enter the name in class (b) or class (d) unless the condition laid down in the proviso to sub-paragraph (iii) are fulfilled. If he finds that a contractual relationship has not arisen between the occupier and the person entitled to subject he will treat the occupier as belonging to class (e).*

*(ii) If the recorded-person belongs to class (a) or (c) of sub-paragraph (i), the Lekhpal shall provisionally enter in red ink the name of the actual occupier in the remarks Column of the khasra and shall proceed, as far as possible, as laid down in sub-paragraphs (b) to (d) of paragraph 84, provided that in a case falling under class (d) the name and other particulars of the actual occupier with the words "Qabiz Dawedar" shall be entered below the name and other particulars of the person already recorded in Column 6.*

*(v) A cross mark shall be made at the time of rabi partal, in red ink, so as to occupy the whole space in Column 6 against any plot which has not been held by person of the classes mentioned in sub-paragraph (i) in either crop and no entry shall subsequently be made in the Column without the written order of the '[Revenue Inspector] or higher authority. Such an order if made by the '[Revenue Inspector], shall be written out by him in the remarks Column of the khasra and shall be signed and dated by him."*

15. In the instant matter entry which has been made in the remark column/ khana kafiyat that is not according to the provisions contained under Paragraph no.87 of the U.P. Record Manual, as such, no reliance can be placed upon the entry of the plot nos.376 & 377 as mentioned in the khasra annexed along with writ petition as well as quoted in the earlier paragraph of this judgment in order to claim Adhivasi right/ Sirdari right.

16. So far as the judgment passed under Section 229-B of U.P.Z.A. & L.R. Act are concern, the proceedings of the suit under Section 229-B of U.P.Z.A. & L.R. Act had abated due to consolidation operation, as such, no reliance can be placed upon the judgment passed under Section 229-B of U.P.Z.A. & L.R. Act. The Deputy Director of Consolidation has rightly held that judgment passed under Section 229B of U.P.Z.A. & L.R. Act cannot be relied upon in the consolidation proceeding due to abatement of the proceeding. The revisional Court has however examined the some of the evidence which were adduced in the suit under Section 229B of U.P.Z.A. & L.R. Act, which is correct exercise of revisional jurisdiction under Section 48 of U.P.C.H. Act.

17. The Consolidation Officer and Settlement Officer of Consolidation have decided the matter without considering the provisions of Section 20 of U.P.Z.A. & L.R. Act as well as the principle laid down by Hon'ble Apex Court in ***Sonawati (Supra)***, as such, the orders passed by Consolidation Officer & Settlement Officer of Consolidation have been rightly set aside by revisional Court under Section 48 of U.P.C.H. Act considering the revenue entry of the plot in question w.e.f. 1356 fasli as well as other evidence on record.

18. So far as jurisdiction under Section 48 of U.P.C.H. Act is concern, the legislature has made amendment under Section 48 of U.P.C.H. Act by inserting explanation-3 with effect from 10.11.1980 by U.P. Act no.3 of 2002 by which power has been given to revisional Court to examine the correctness, legality or propriety of any order which includes the power to examine any finding whether of fact or law as well as re-appreciate any oral or documentary evidence. In the instant matter revisional order was passed on 2.11.1981 against the appellate order dated 21.11.1980, as such, amended provisions of

Section 48 of U.P.C.H. Act will be applicable.

19. This Court in the case reported in ***2020 (148) RD 114, Lakshmania Vs. D.D.C. Deoria and Others*** has considered the scope of Section 48 Explanation 3 of U.P.C.H. Act. Paragraph No.44 of the judgment rendered by this Court in Lakshmania (supra) will be relevant for perusal which is as under:

*"44. In this case, the objections were filed in the year 1981, and, therefore, the amended provisions of Section 48, operative retrospectively, would squarely apply. Under the amended statute, the Revisional Court has been conferred with unique powers by virtue of the added Explanation 3 to go into the correctness, legality or propriety of an order passed by an Authority below, whether on fact or law, and includes the powers to appreciate any oral or documentary evidence. Thus, to the understanding of this Court, in view of the added Explanation by U.P. Act no. 3 of 2002, retrospectively w.e.f. 10.11.1980, the Revisional Court is in no manner inhibited from examining any question of fact or law, or appreciating evidence whether documentary or oral, virtually like any other Court of fact and law. It is a unique position that the Revisional Authority enjoys, under Section 48 of the Act, conventionally not associated with the exercise of revisional jurisdiction."*

20. The plea of Shikami tenant, Adhivasi right, Sirdari right on the basis of alleged entry in the revenue record in respect to plot nos.376 & 377 setup by the petitioners has failed, as such, respondent nos.2 & 3 are entitled to be recorded as bhumidhar on the basis of sale-deed executed on 31.1.1963 by Ram Anjor Singh in favour of respondent nos.2 & 3 as held under the impugned revisional order dated 2.11.1981.

21. Learned counsel for the petitioners has not pressed the plea of the adverse possession, as such, issuance of P.A. 10 is not required to be considered.

22. Considering the entire facts and circumstances of the case, there is no illegality in the impugned judgement dated 2.11.1981 passed by respondent no.1/ Deputy Director of Consolidation, Basti.

23. The writ petition stands ***dismissed.***

24. It is further directed that entire amount deposited by the petitioners with effect from 1983 under the interim order of this Court dated 20.9.1983 be released in favour of respondent nos.2 & 3 within period of six weeks from the date of production of certified copy of this order before the authority concern.

25. No order as to costs.

**A. Doctrine of Election - approbate and reprobate -** It is trite law that a party cannot be permitted to approbate and reprobate at the same time. This principle is rooted in the doctrine of election, which is a facet of the law of estoppel. A party cannot blow hot and cold simultaneously. Any party taking advantage of an instrument must accept all its terms. A person cannot assert the validity of a transaction to gain an advantage and later challenge it as void to secure another benefit**. (Para 37)**

**B.** Initially, Flat No. R–152 was allotted to Late Ram Pyare Panika, and a Hire Purchase Agreement was executed between him and the Lucknow Development Authority (L.D.A.), requiring him to deposit ₹3,70,200 along with quarterly installments of ₹18,500. Possession of the flat, valued at ₹6,27,000, was delivered solely for residential purposes, with a sale deed to be executed upon full payment of the sale consideration. However, the full amount was not deposited. Subsequently, on the application of Late Ram Pyare Panika, Flat No. R–152 was exchanged for House No. 5/367, and a request for a refund of the amount paid for Flat No. R–152 was made. On 01.06.1999, Late Ram Pyare Panika executed a notarized will in favor of the petitioner. Petitioner represented to the L.D.A. to transfer the allotment of the said flat in his favor, realize the balance sale consideration, and register the sale deed in his name, which was rejected by the impugned order. **Held**: No right, much less an alienable right, accrued to Late Ram Pyare Panika to have a sale deed or will executed in favor of the petitioner concerning Flat No. R–152. The Hire Purchase Agreement explicitly stated that possession was granted solely for residential purposes and that the allottee could not mortgage, sell, or create third-party interests until the execution of the sale deed by L.D.A. after receiving the full sale consideration. Late Ram Pyare Panika, having failed to pay the entire sale consideration and having opted to exchange the flat with an H.I.G. house, forfeited any rights under the initial agreement. His subsequent request for a refund further negates any claim over the flat. **(Para 40)**

(Delivered by Hon'ble Mrs. Sangeeta Chandra, J.)

1. This petition has been filed praying for quashing of order dated 08.05.2024 passed by the Vice-Chairman, Lucknow Development Authority (hereinafter referred to as "opposite party no.3"), where he has rejected the representation of the petitioner with respect to Flat no.- 152, Ist Floor, Rupayan Gomti Nagar, Lucknow and also praying for a mandamus to be issued to the opposite party no. 2 to enter the name of the petitioner in place of his predecessor-in-interest as allottee of the said Flat and to take balance of the sale consideration from the petitioner and execute a sale deed in his favour and not to allot/settle/sell the said Flat in favour of

any other person and not to disturb the possession of the petitioner over the said Flat.

2. The brief facts of the case as mentioned in writ petition are that one Sri Ram Pyare Panika, Ex-Member of Parliament had applied for allotment of a three bedroom Flat, type "Rupayan", in a residential colony called Nehru Enclave in Gomti Nagar developed by the opposite party no. 2, the Lucknow Development Authority (hereinafter referred to as 'the L.D.A.') and deposited Rs.30,000/- initially on 28.03.1989. He was allotted Flat no. 152, "Rupayan" on Ist floor at an estimated cost of Rs.4,25,000/- payable in quarterly installments of Rs.17,500/-. Sri Ram Pyare Panika deposited some installments thereafter. By a letter dated 28.07.1994, he was informed that the price of the Flat had increased to Rs.6,42,000/- until the said date, the amount deposited by him came to Rs.3,31,250/-. Later on a Hire Purchase Agreement was entered into between the L.D.A. and Sri Ram Pyare Panika on 15.09.1994 requiring him to deposit Rs.3,70,200/-, additionally, in quarterly installments of Rs.18,500/-. Suddenly, a dispute arose between L.D.A. and the Army, which claimed that Nehru Enclave was built upon land, which belonged to the Army. Army personnel occupied all vacant Flats of the said scheme, in 1999 and Sri Ram Pyare Panika decided to withdraw from the said scheme and wrote to L.D.A. to refund the amount deposited by him.

3. It is the case of the petitioner that allotment of Sri Ram Pyare Panika was never cancelled and the amount deposited by Sri Ram Pyare Panika could not be refunded to him as a dispute arose between UCO Bank and the L.D.A. as to the amount deposited by Sri Ram Pyare Panika. UCO Bank informed the L.D.A. that it had no record regarding payments made by Sri Ram Pyare Panika and recommended that the claim of Sri Ram Pyare Panika be settled on the basis of original challans submitted by him. The petitioner was at the time living with and taking care of Sri Ram Pyare Panika. Since Sri Ram Pyare Panika no longer wanted the said Flat, on account of litigation between L.D.A. and, he on receipt of Rs.5,00,000/- from the petitioner, executed a duly notarized agreement to sell on 01.06.1999, in favour of the petitioner to sell the Flat in question. As the sale deed was not executed by L.D.A. in favour of Sri Ram Pyare Panika, he also executed a notarized Will on the same day that is on 01.06.1999 in favour of the petitioner. Sri Ram Pyare Panika died on 24.10.1999, and he could not deposit the rest of the installments towards the Flat in question. The petitioner who is in possession of the Flat has been repeatedly representing to the L.D.A. to transfer the allotment of the said Flat in his favour and to realise the balance of the sale consideration and register the sale deed in his favour, but the L.D.A. has been threatening him that he shall be evicted forcibly from the Flat in question.

4. It has been alleged by the petitioner that he was served a notice on 27.06.2023 and again on 25.09.2023, with regard to certain dispute relating to the Flat in question raised by a neighbour, and the L.D.A. recognized and acknowledged his possession over the property yet it is not executing a sale deed in his favour. On the other hand, the money deposited by Sri Ram Pyare Panika has illegally been credited in the name of one Vipin Bakshi and the Flat in question has been allotted in his favour as per the information available on the website, of the L.D.A.

5. The petitioner being aggrieved filed a writ petition, challenging such action of the L.D.A., namely, *Writ-C No. 117 of 2024, Shiv Kumar Vs. State of UP and Others*. In the counter affidavit filed by the L.D.A., it was stated that the entry of Flat no.- R–152, in the name of Vipin Bakshi was found to be incorrect and accordingly, orders have been passed for expunging the entry made in favour of Vipin Bakshi. The petition was finally disposed of by this Court by an order dated 26.02.2024, directing the opposite party no. 3 to decide the representation of the petitioner and till such decision is taken, it was restrained from taking any action against the petitioner regarding his proposed eviction. Now the representation of the petitioner has been decided by the opposite party no.3, rejecting the same without taking into account Section 5 of the Transfer of Property Act, which provides that a living person may convey property in the present or in the future, to one or more other persons, and also ignoring the provisions of Section 18 of the Registration Act, 1908, which requires that registration of Will which creates, declares or assigns any right/ title or interest in any immovable property in the present or in the future, is completely optional.

6. It has further been argued by the learned counsel for the petitioner that the impugned order mentions about application of children of Late Ram Pyare Panika for refund of money which was never communicated to the petitioner by the opposite party no.3. No copy of such application was supplied to the petitioner. As a result, the petitioner could not reply to this aspect of the matter and without affording any opportunity to the petitioner, in this regard, the petitioner's claim was rejected. Also, it has been argued that in the impugned order dated 08.05.2024, it has been mentioned that the allotment of Sri Ram Pyare Panika was converted from Flat No.- R-152, Nehru Enclave, Gomti Nagar to House No. 5/367 Viram Khand, Gomti Nagar. However, neither the original allotment order dated 05.10.1990, nor the Hire Purchase Agreement dated 15.09.1994 was cancelled. Also, no allotment order was issued for the house allotted in exchange or any agreement to sell was entered with Sri Ram Pyare Panika with respect to House No. 5/367. In fact, Sri Ram Pyare Panika refused to accept House No. 5/367, as is evident from his letter dated 26.07.1997. Sri Ram Pyare Panika never deposited any money in respect to House No. 5/367, and had asked for refund of money which he had earlier deposited for Flat No.- R–152, but the same was never refunded to him. Therefore, Sri Ram Pyare Panika continued in possession of Flat No.R–152.

7. It has further been argued by the learned counsel for the petitioner that the impugned order dated 08.05.2024 stated that the agreement to sell dated 01.06.1999 and the Will dated 01.06.1999 are unregistered, and therefore are doubtful, forged and fabricated documents, and as such cannot be relied upon. It ignores Section 18 of the Registration Act, 1908. The validity of the documents i.e. the Agreement to Sell and the Will dated 01.06.1999 cannot be decided by any Administrative Authority. It is only the competent Civil Court which can test the validity and legality of such documents. Even an unregistered Agreement to Sell can be acted upon through a Suit for Specific Performance. Under Section 18 of the Registration Act, 1908, registration of Will is optional and even unregistered Will is admissible and executable. Even if the

notarized Agreement to Sell is ignored, the petitioner is entitled to retain possession of the Flat on the basis of the Will dated 01.06.1999. Devolution of property or rights through Will is not a transfer of the same, and in view thereof the devolution of allotment, possession, and substitution in Agreement to Sell the same, is not a transfer and under law it is permissible. It has been argued that the directions issued in the impugned order dated 08.05.2024 to vacate the Flat in question within 15 days or else the same shall be got vacated forcibly and further direction to the petitioner to pay the rent of the Flat since 1999 and a direction to concerned officials to refund the deposited amount to the family of Late Ram Pyare Panika is wholly illegal and arbitrary and without jurisdiction. The family of Late Ram Pyare Panika has no claim or right over the consideration deposited by Sri Ram Pyare Panika, and the petitioner alone can claim the same on the basis of the Will executed in his favour by Sri Ram Pyare Panika. On the basis of the said Will, it has been also argued that the allotment of Flat no.- R–152 has already devolved upon the petitioner, and the consideration already paid by Sri Ram Pyare Panika ought to be entered in the name of the petitioner, and L.D.A. is legally bound to take the balance consideration for sale of the said Flat from the petitioner and execute the sale deed in his favour.

8. The Counsel for the petitioner has placed reliance upon judgements of the Supreme Court in the case of ***Puran Singh and others Vs. State of Punjab, 1975 (4) SCC 518; Ram Rattan and others Vs. State of U.P., 1977 (1) SCC 188;Rame Gowda(D) by L.R.s Vs. M. Varadappa Naidu, 2004 (1) SCC 768;*** to argue that even a trespasser cannot be dispossessed except in accordance with due procedure in law.

9. The Counsel for the petitioner has read out Paragraph-12 of *Puran Singh* (supra) where the Supreme Court observed that where a trespasser was in settled possession of the land, he could not be evicted except in due course of law, and he is further entitled to resist or defend his possession, even against the rightful owner who tries to dispossess him. The only condition laid down by the Court was that the possession of the trespasser must be settled possession. The Court explained that the settled possession must be extended over a sufficiently long period of time and acquiesced in by the true owner. The possession of a trespasser must be effective, undisturbed and to the knowledge of the owner or without any attempt at concealment, but the Supreme Court further observed that an occupation of the property by a person as an agent or a servant at the instance of the owner will not amount to actual physical possession. The nature of possession in such cases which may entitle a trespasser to exercise the right of private defence of property and person should contain the following attributes: –

(1) that the trespasser must be in actual physical possession of property over a sufficiently long period;

(2) that the possession must be to the knowledge either express or implied of the owner or without any attempt at concealment, which contains an element of *Animus Possidendi.* The nature of possession of the trespasser would, however, be a matter to be decided on the facts and circumstances of each case;

(3) the process of dispossession of the true owner by the trespasser must be

complete and final, and must be acquiesced in by the true owner; and

(4) that one or usual test to determine the quality of settled possession, in the case of cultivable land would be whether or not the trespasser, after having taken possession, had grown any crop. If the crop had been grown by the trespasser, then even the true owner has no right to destroy the crop grown by the trespasser and take forcible possession, in which case the trespasser will have a right of private defence, and the true owner will have no right of private defence.

The Supreme Court relied upon textbooks of English jurists for example 'Salmond', where it was observed:–

*"In English law possession is a good title of right against anyone who cannot show a better. A wrongful possessor has the rights of an owner with respect to all persons except earlier possessor and except the true owner himself."*

Many other legal systems, however, go much further than this, and treat possession as a provisional or temporary title, even against the owner himself. Even a wrong doer who is deprived of his possession, can recover it from any person whatsoever, simply on the ground of his earlier possession. Even the true owner who takes his own, maybe forced in this way to restore it to the wrongdoer and will not be permitted to set up his own superior title to it. He must first give up possession, and then proceed to recourse of law for the recovery of the thing on the ground of his ownership. The intention of the law is that every possessor shall be entitled to retain and recover his possession, until deprived of it by judgement according to law.

10. The law in India, as it has developed, accords with the jurisprudential thought as propounded by Salmond. However, the courts have mostly quoted Latin maxim:-*"possessio contra omnes valet praeter eur cui ius sit possessionis".* (He that hath possession hath right against all but him that hath the very right).

11. The Supreme Court in almost all the aforecited cases has referred to the observations made by the Allahabad High Court in ***Horam Vs. Rex, AIR 1949 Alld 564*****;** wherein a distinction was drawn between the trespasser in the process of acquiring possession and the trespasser, who had already accomplished or completed his possession, wherein the true owner may be treated to have acquiesced in; while the former can be obstructed and turned out by the true owner, even by using reasonable force, the latter, may be dispossessed by the true owner only by having recourse to the due process of law for a re-acquiring possession over his property.

12. Per contra, Sri Ratnesh Chandra appearing for the L.D.A. has referred to Annexure-16 to the writ petition, which is a counter affidavit filed by the L.D.A. in earlier petition Writ-C No. 117 of 2014; and pointed out that initially Flat No. R–152 was allotted in favour of Late Ram Pyare Panika and a Hire Purchase Agreement was executed in his favour and possession was also delivered to him. Subsequently, on an application being given by Sri Ram Pyare Panika, in place of Flat no. R–152, Nehru enclave, Gomti Nagar, he was allotted House No. 5/367, Viram Khand, Gomti Nagar. While making adjustment of payments already received by L.D.A. for Flat no. R-152 in exchange of House No. 5/367, Viram Khand, Gomti Nagar, Lucknow, Sri Ram Pyare Panika was also provided with the calculation

sheet for making payment in respect of House No. 5/367. A copy of the calculation sheet in respect of House No. 5/367, Viram Khand, as well as the order of adjustment in respect of House No. 5/367, Viram Khand, Gomti Nagar has been filed as an Annexure to the said counter affidavit.

13. Sri Ratnesh Chandra has also pointed out page 139 of the paperbook which is a letter dated 30.11.1996, and it refers to request by Sri Ram Pyare Panika made on 03.09.1996 praying for allotment of HIG House No. 5/367 in Viram Khand, Gomti Nagar in place of Flat R-152, Nehru Enclave, Gomti Nagar. It refers to an order passed by the then Vice Chairman on 10.11.1996 accepting such request and directing conversion/exchange. Rest of the terms and conditions of such allotment would remain the same as before. The cost of such house was indicated as Rs.7,49,718/- and Sri Ram Pyare Panika was directed to deposit the same latest by 31.12.1996 or else penal interest would be charged. At page 141 of the paperbook is the letter dated 03.09.1996, written by Sri Ram Pyare Panika. He has mentioned that he had been allotted Flat No.152 Nehru Enclave and had also been given possession thereof, but the Army, having taken possession had put a lock on it, as a result, it would be difficult to reside in the same as civic amenities were also not available. Sri Ram Pyare Panika referred to his Reserved Category status and poor financial condition and asked for allotment of House No. 5/367 in Viram Khand Phase-V, Gomti Nagar in its place.

14. Also, Sri Ratnesh Chandra has pointed out page-143 of the paperbook, which is a letter written again by Sri Ram Pyare Panika on 26.07.1997, saying that he had been allotted a house in Viram Khand in place of Flat in Nehru Enclave, but the sale consideration was very high, which he could not pay, therefore, he prayed that the amount he had already deposited be returned with interest to him so that he can make efforts to arrange a residence for himself. In pursuance of such application dated 26.07.1997, the refund voucher was prepared in respect of House No. 5/367, Viram Khand, Gomti Nagar and was submitted to the Branch Manager UCO Bank, but in the Challan Nos. 8579, 8591, 8592, 13877, and 12516, which were mentioned in the refund order, the name of Sri Ram Pyare Panika was not shown nor there was any mention of deposit of any amount by Sri Ram Pyare Panika. Hence, the bank returned the said vouchers without making any payment to Sri Ram Pyare Panika . As per challan available of various dates in the office of the L.D.A., payment of Rs.2,37,500/- alone was done by Sri Ram Pyare Panika in pursuance of the allotment of Flat No.R-152, Nehru Enclave. It has been admitted also in the counter affidavit that although refund vouchers were prepared, but were returned by UCO Bank, therefore, no refund could be made to Sri Ram Pyare Panika and he died soon thereafter.

15. On the basis of the counter affidavit and the order impugned dated 08.05.2024, it has been argued by Sri Ratnesh Chandra that the petitioner is claiming that Sri Ram Pyare Panika had executed a Will in his favour on 01.06.1999, and also an unregistered Agreement to Sell on the same day, but since Sri Ram Pyare Panika had himself made an application on 26.07.1997, for getting the said Flat R-152 Nehru Enclave exchanged with House No. 5/367, Viram Khand, Gomti Nagar, and the said house was also allotted to him against which he

also made certain payments, Sri Ram Pyare Panika had no right to execute any Agreement to Sell, or any Will in favour of the petitioner by claiming himself to be the owner of the Flat in question. As soon as House No. 5/367 Viram Khand was allotted on request of Sri Ram Pyare Panika in place of Flat No. R-152 Nehru Enclave, all rights of Panika were extinguished from Flat No.R–152, Nehru Enclave, Gomti Nagar, Lucknow. Sri Ram Pyare Panika was incompetent to enter into any agreement to sell or even bequeath the said Flat through a Will in favour of the petitioner or anyone else.

16. It has also been pointed out from Paragraph-22 of the counter affidavit that Sri Ram Pyare Panika was informed at the time of delivery of possession of the Flat in September, 1994 of the terms and conditions contained in the Hire Purchase Agreement and that he was required to make payment of Rs.3,70,200/- along with interest at the rate of 21% in quarterly installments of Rs.21,425/-. However, the same was not deposited. Sri Ram Pyare Panika instead initially sought exchange of Flat in question with HIG house and later on sought refund of the past payment made by him for the flat. Also, reliance was placed on letters dated 24.04.1993 and 28.07.1994 filed along with the said counter affidavit, mentioning therein the tentative/estimated cost of the Flat, category name Rupayan, of Rs.4,25,000/-, which was later on increased to Rs.6,42,000/-. In the letter dated 18.07.1994, payment of only Rs.3,31,250/- was admitted since the date of its allotment on 23.06.1989, by the Property Officer, Gomti Nagar for L.D.A.

17. It has further been argued by Shri Ratnesh Chandra that in fact, there was no Agreement to Sell as alleged by the petitioner in his petition and also in his representation made to the opposite party No. 3. The alleged agreement to sell which has been filed by the petitioner as annexure-9 to the petition is in fact, a notarized Sale Deed as it clearly mentions at the top of the document "Vikray Vilekh Patra". The said notarized and unregistered sale deed has been read out in its entirety by the counsel for the respondent. It says that Sri Ram Pyare Panika is the owner and in possession of Flat No. R-152, which is free from all encumbrances and for the sale of which he has a legal right and he has decided to sell it off for a sale consideration of Rs.5,00,000/- to Shiv Kumar, son of Kamta Prasad, resident of Teliyarganj, Allahabad. It further recites that such Rs.5,00,000/- has been accepted in cash and possession of the Flat has been given to the purchaser and that Sri Ram Pyare Panika's legal heirs would have no right or interest in the same. It also says that the purchaser would have the right on the basis of said sale deed to get his name mutated in the revenue records as owner and in possession. It has been argued that at the time, when the said sale deed was executed by Sri Ram Pyare Panika, he had no right/ title or interest over the property and such unregistered notarized sale deed ought to be impounded as it allegedly transfers immovable property without payment of requisite Registration fees and Stamp duty.

18. It has also been argued that when Sri Ram Pyare Panika had sold off the Flat in question to the petitioner, he could not have bequeathed it on the same day to the petitioner, hence, the opposite party no. 3 was entitled to presume that the Will could not be relied upon by the petitioner to create any right/ title or interest in the property. Referring to page 140 and 141 of

the paperbook, it has been argued that once allotment of Flat in question had been exchanged for allotment of HIG House No. 5/367, Viram Khand and Sri Ram Pyare Panika, having discovered that he could not pay for the said HIG house, had asked for refund of his money along with interest in July, 1997, he could not have claimed to be the owner and in possession of Flat R–152. The petitioner cannot claim that since the L.D.A. did not refund the amount deposited by Sri Ram Pyare Panika, the Flat in question belonged to him and he could validly transfer the same in favour of the petitioner. The question as to whether L.D.A. had refunded the money deposited by Sri Ram Pyare Panika is a question which Sri Ram Pyare Panika's legal heirs alone can raise.

19. It has also been argued that although in the order dated 08.05.2024 reference has been made of by the opposite party No. 3 of Sri Ram Pyare Panika's children asking for refund of money deposited by Sri Ram Pyare Panika , the petitioner has not impleaded any of them and he claims that he does not know them, although he had been allegedly living with Sri Ram Pyare Panika and taking care of him and moved by his love and affection, Sri Ram Pyare Panika had bequeathed the Flat in question to him. It has also been argued that refund vouchers were indeed prepared, but they did not contain any description of money deposited by Sri Ram Pyare Panika, and therefore, the bank had returned such vouchers and by the time actual refund could be initiated again, Sri Ram Pyare Panika had already died. Sri Ratnesh Chandra has also argued that the petitioner claims to have been sold or bequeathed the Flat in question in 1999, but he made no effort to get such sale deed/will deed executed till filing of the Writ-C No. 117 of 2024: *Shiv Kumar Vs. State of U.P. and others.* The petitioner waited for almost twenty five years before staking his claim on the basis of these alleged documents. In the said petition L.D.A. filed counter affidavit, disputing the claim of the petitioner regarding subsisting allotment in favour of Sri Ram Pyare Panika. They also stated that a wrong entry had been made on the portal with regard to allotment of the Flat in question in favour of Vipin Bakshi, which has been ordered to be corrected. The earlier writ petition was disposed of without entering into the merits of the controversy with the direction to decide the petitioner's representation. Now the representation has has been decided by the opposite party No.3, and in the garb of decision on the said representation, a fresh cause of action has been sought to be created. When the initial writ petition was filed, it was a delayed petition with no explanation for such delay regarding putting forth a dead / stale claim. It has also been argued by the learned counsel for the L.D.A. that writ jurisdiction is an equitable jurisdiction and should not be exercised in favour of a person who is in possession of public property without any right/ title or interest created in his favour by the L.D.A. Sri Ram Pyare Panika had made certain payments to L.D.A. and not full sale consideration for Flat R-152 Nehru Enclave and his children can at best on the basis of such payments having been made by their father ask for refund along with interest.

20. The learned counsel for the petitioner in rejoinder has reiterated the claim of the petitioner and has argued that this Court has to see (a) whether the rights and interest of Sri Ram Pyare Panika stood extinguished after 24.07.1997, when he asked for refund of his money under compulsion as a dispute had been created

by the Army regarding the ownership of the land on which such Flats had been raised by the L.D.A.?; (b) whether on 01.06.1999 when Sri Ram Pyare Panika had made out a Sale deed and Will in favour of the petitioner, he had any alienable right or interest in the property?; (c) whether admitting possession of the petitioner for twenty five years, L.D.A. can forcibly evict the petitioner under the provisions of the U.P. Urban Planning and Development Act of 1973?; (d) whether the findings recorded in the impugned order are arbitrary and perverse?.

21. It has been argued on the basis of Sri Ram Pyare Panika's application for allotment of alternative house in exchange for Flat R–152, that such application was made under duress and compulsion as the Army had taken over all the vacant Flats in Nehru Enclave. The allotment letter approving such exchange asked Sri Ram Pyare Panika to deposit Rs.7,49,718/- latest by 31.12.1996, Sri Ram Pyare Panika could not deposit the money and asked for a refund only out of compulsion as he could not arrange such a huge amount in such a short period of time. The L.D.A. admitted that Rs.3,31,250/- had been deposited till 18.07.1994, by Sri Ram Pyare Panika. They did not return such money. They also did not cancel the allotment of Flat No. R–152, therefore, at the time when Sri Ram Pyare Panika executed the Sale deed and the Will in favour of the petitioner his allotment was intact. Part performance of the contract between L.D.A. and Sri Ram Pyare Panika was also admitted. The agreement entered into between L.D.A. and Panika on 15.09.1994 also stated that his/dependents and legal heirs would be entitled to succeed to such property. Since refund was not made, and the possession of the Flat in question, was still with Sri Ram Pyare Panika, he was entitled to alienate the property by means of either a Will or a Sale deed. Under the Transfer of Property Act, any interest that the seller has in any immovable property, either in the present or in the future, can be transferred by him to the purchaser. One of the residents in the colony had complained about use of garage of Flat R–134, Nehru Enclave by the petitioner to the L.D.A. and the L.D.A. had issued a Show Cause Notice to the petitioner on 27.06.2023 admitting his possession over Flat R–152. Similarly, a joint inspection of the property was done and the Executive Engineer had asked the petitioner to remove the temporary shed he had constructed on the terrace by notice dated 25.09.2023. It has been argued on the basis of such notices, copies of which have been filed as annexures to the petition that the L.D.A. knew since long that the petitioner is in possession over Flat R–152, and even if he was a trespasser, he cannot be removed without following due process of law.

22. Reiterating the argument made earlier that even an unregistered agreement to sell can be enforced by filing a Suit for specific performance, it has been argued that not only present interest in the property can be sold but also future interest in property can be sold through an agreement to sell as per Section 5 and Section 6 of the Transfer of Properties Act. It has also been argued that the Will made out by Sri Ram Pyare Panika on 01.06.1999, in favour of the petitioner has neither been challenged by Sri Ram Pyare Panika's children nor by L.D.A.. Hence it would be binding till it is set aside by competent Civil Court.

23. Reference has been made again to Section 18 of the Registration Act, 1908, and it has been argued that even an

unregistered Will can be acted upon. It has been again reiterated that relinquishment of right of Sri Ram Pyare Panika can only come to be when refund of his money would have been made by L.D.A. and since the petitioner was living with him and taking care of him he had a right to such money and interest there on having accrued in his favour which interest the petitioner is not claiming but he is claiming his right to the property bequeathed by Sri Ram Pyare Panika to him instead. It would therefore be appropriate that this Court directs the L.D.A. to either take remaining sale consideration from the petitioner and execute a sale deed in his favour of the Flat in question or allot him some other vacant Flat which is available with L.D.A. as is evident from information available on their website regarding proposal to auction such vacant properties.

24. Learned Counsel for the petitioner has placed reliance upon ***Jugalkishore Saraf Vs. Raw Cotton Company Ltd., AIR 1955 Supreme Court 376***, and paragraph 53 thereof. Justice Bhagwati, while giving his concurring opinion with regard to whether the Respondent Company could step into the shoes of the decree holder under Order XXI Rule 16 of the C.P.C. made certain observations about Section 5 of the Transfer of Property Act.

25. Justice H.N. Bhagwati, while delivering his concurring opinion explained Section 5 of the Transfer of Property Act. He observed that "Transfer of Property" is an act by which the transferor conveys property in present or in future, to the transferee. A transfer of a decree by assignment in writing may be affected by conveying the decree in the present or in future, to the transferor, but for the transfer to operate in future, the decree which is the subject matter of the transfer must be in existence at the date of the transfer. The words "in present or in future" qualify the word conveys and not the word property in the Section and it has been held that a transfer of property that is not in existence operates as a contract to be performed in the future which may be specifically enforced as soon as the property comes into existence. Justice Bhagwati placed reliance upon observations made by the Privy Council in an English case where it observed:-

*"But how can there be any transfer, actual or constructive, upon a contract under which the vendor sells that of which he has not possession, and to which he may never establish a title? The bill of sale in such a case can only be evidence of a contract to be performed in future and upon the happening of a contingency, of which the purchaser may claim a specific performance, if he comes to court showing that he has himself done all that he was bound to do."*

It is only by operation of the equitable principle that as soon as the property comes into existence and is capable of being identified, equity taking as done that which ought to be done fastens upon the property, and contract to assign thus becomes a complete equitable assignment. The decree not being in existence at the time of the transfer cannot be said to have been transferred by the assignment in writing and the matter resting, merely in a contract to be performed in future, which may be specifically enforced as soon as the decree was passed, and there would be no transfer automatically in favour of the 'transferee' of the decree when passed. It would require a further act on the part of the 'transferor' to completely effectuate the transfer, and if

he did not do so, the only remedy for the transferee would be to sue for the specific performance of the contract to transfer. There would therefore be no legal transfer or assignment of the decree to be passed in future by virtue of the assignment in writing executed before the decree came into existence, and the only way in which the transferee could claim that the decree was transferred to him by assignment in writing would be by the operation of the equitable principle above enunciated, and the contract to assign having become a complete, equitable assignment of the decree.

26. The Judgement in *Jugalkishore* Saraf (supra) is inapplicable to the facts of the case as we shall discuss later in this judgement.

27. The learned Counsel for the petitioner has argued that even an unregistered Will can be enforced and has placed reliance upon judgement rendered by a Coordinate Division Bench in a matter under Article 227 No. 8279 of 2022*: Pramila Tiwari versus Anil Kumar Mishra and 4 others.*

28. We do not dispute the proposition of law pronounced by the Coordinate Bench in *Pramila* Tiwari (supra). However, we have our own view about the applicability of the said judgement to the facts of the instant case.

29. Having heard the learned counsel for the petitioner and the respondent, we have carefully examined the pleadings and also the documents brought on record by the contesting parties.

30. It is evident from the allotment letter issued to Late Ram Pyare Panika that a 3 BHK Flat at an estimated cost of Rs.4,25,000/- was initially allotted on 23.06.1989. Later on another letter was issued on 28.07.1994, indicating the revised estimated cost of the Flat as Rs. 6,42,000/- and admitting payment of Rs. 3,31,250/- being made, till July 1994. Sri Ram Pyare Panika , however, prayed for exchange of Flat allotted to him with HIG House at Viram Khand Phase-V through his letter dated 03.09.1996. Such request was granted by the then Chairman of L.D.A. in November, 1996, and information regarding the same and the cost of such HIG house was communicated to Sri Ram Pyare Panika on 13.11.1996. Sri Ram Pyare Panika, however, could not pay the higher value and asked for refund of his money along with interest. Such letter has been admitted by the petitioner himself.

31. In the counter affidavit filed by the L.D.A. in the earlier petition, it has been stated that refund vouchers were also prepared, but the bank would not ascertain the amount deposited by Sri Ram Pyare Panika, and therefore, returned the said vouchers. It was not as if the L.D.A. did not initiate refund or that it had no intention to return the amount deposited by Sri Ram Pyare Panika, however, Sri Ram Pyare Panika died, before such a refund could actually be given to him. Sri Ram Pyare Panika having relinquished his right to the Flat by his letter dated 03.06.1996, could not have made out any sale deed in favour of the petitioner for the Flat in question. However, he did execute an unregistered notarized document describing it as a Sale Deed (Vikray Vilekh Patra) having taken sale consideration of Rs.5,00,000/- allegedly from the petitioner for the said Flat. Inexplicably, he also allegedly executed a Will in favour of the petitioner for the same Flat. The petitioner is claiming

his rights on the basis of such Sale deed which he claims to be only an agreement to sell, and the Will which he argues can be acted upon, even if it is unregistered.

32. Learned counsel for the petitioner has also placed great reliance upon the agreement entered by L.D.A. with Sri Ram Pyare Panika on 15.09.1994, at the time of giving possession of the Flat in question. It has been argued that such agreement has never been cancelled. It is binding upon L.D.A.

33. On careful examination of the Hire Purchase Agreement signed between the parties on 15.09.1994, we find it mentions the date of allotment as 05.10.1990 and the cost of the Flat as Rs. 6,27,000/- of which Rs.2,56,800/- had been paid and the remaining Rs. 3,70,200/- had to be paid in quarterly installments along with penal interest at the rate of 21% amounting to Rs.21,425/- for each such installment. Only After such payment of Rs.6,27,000/- of sale consideration was made a sale deed would be executed. It also states that possession had been given only for the purpose of residence; until execution of sale deed no construction/changes be brought about in the property by the allottee; the allottee had to make payments of all taxes and dues on such property. It also states that the seller could cancel such allotment at any point of time and Clause 10 states clearly that the agreement would not create any lien/ right, title or interest or ownership in the property. Also, Clause 11 states that during the subsistence of the agreement, the purchaser would not have any right to either mortgage / hypothecate or sell such property.

34. The petitioner is relying upon clause no.-13 of the said Hire Purchase Agreement to say that the legal heirs of the purchaser in case of his death would have all the rights which the purchaser had in the property had he remained alive. It has been argued that since allotment was not cancelled by the L.D.A., the petitioner being the successor through unregistered Will executed by Sri Ram Pyare Panika is entitled to all the rights which Sri Ram Pyare Panika would have had had he been alive.

35. The question before this Court is whether the petitioner can be allowed to rely on one of the clauses of the said Hire Purchase Agreement while ignoring the rest of them. Sri Ram Pyare Panika did not make payments of all the quarterly installments and at the time of his making request to the Chairman L.D.A. for exchange of said Flat with HIG house situated in Viram Khand Phase-V only Rs.3,31,250/- had been paid by him. His request was respected and he was allotted the HIG house in Viram Khand, but its price was naturally greater than the price for the First floor Flat in Nehru Enclave. On receiving letter issued by the L.D.A. for making payment of the estimated cost of the house Sri Ram Pyare Panika expressed his inability and asked for refund. He, therefore, relinquished his right to the Flat in question when he made a request for allotment of HIG house in exchange. His request having been granted, the limited rights that Sri Ram Pyare Panika had acquired in pursuance of such letter dated 30.11.1996 were with respect to the HIG house allotted to him in Viram Khand. Even those rights stood extinguished once Sri Ram Pyare Panika asked for refund of the money deposited by him through his letter dated 26.07.1997. Had full payment

been made by Sri Ram Pyare Panika of the Flat in question in pursuance of the Hire Purchase Agreement, then alone, some alienable right could have been said to have accrued in his favour to bequeath the property which he was likely to have become owner, upon the petitioner through an unregistered Will. The right created through the Hire Purchase Agreement was only a contingent right subject to the condition of making full payment of sale consideration along with penal interest thereon.

36. The argument made by the learned counsel appearing for the petitioner that since no refund was made to Sri Ram Pyare Panika, he had a subsisting right over the Flat in question which he could transfer by way of Sale deed, or by Will in favour of the petitioner cannot be countenanced as such a right allegedly arising out of the Hire Purchase Agreement ignores Clauses 10 and 11 thereof. The petitioner cannot be allowed to approbate and reprobate on the basis of the same document. He cannot be allowed to take advantage of one of the clauses of such agreement and ignore the other clauses thereof.

37. The law does not permit a person to both approbate and reprobate. This principle is based on the doctrine of election, which postulates that no party can accept and reject the same instrument and that "a person cannot say at one time that a transaction is valid and thereby obtain some advantage, to which he could only be entitled on the footing that it is valid, and then turn around and say it is void for the purpose of securing some other advantage;" as observed by Lord Justice Scrutton in **Verschures Creameries Ltd vs. Hull And Netherlands Steamship Co Ltd.**

38. According to Halsburys Laws of England (4th Edn.) Volume 16, as quoted by the Supreme Court in ***R N Gosain v Yashpal Dhir 1992 (4) SCC 683,*** in Para 10; *"after taking an advantage under an order, a party may be precluded from saying that it is invalid and asking to set it aside."*

39. In ***Bhagwat Saran (through L.R.) Vs. Purushottam and Others, 2020 (6) SCC 387***, the Supreme Court observed in paragraph 26 and 27 that *"it is trite law that a party cannot be permitted to approbate and reprobate at the same time. This principle is based on the principle of doctrine of election. The doctrine of election is a facet of law of estoppel. A party cannot blow hot and blow cold at the same time. Any party which takes advantage of any instrument must accept all that is mentioned in the said document. In respect of Wills, this doctrine has been held to mean that a person who takes benefit of a portion of the Will cannot challenge the remaining portion of the Will..."*

40. This Court, hence is of the considered opinion that no right much less an alienable right accrued in Late Ram Pyare Panika to have executed a Sale deed or a Will in favour of petitioner with regard to flat in question, allotment of which was followed by a Hire Purchase Agreement which specifically laid down that possession was being given only for the purpose of residence to the allottee and he would not have any right to mortgage, sell or create any third party interest in such property till Sale deed is executed by L.D.A. on receipt of full sale consideration. The entire sale consideration having not been paid by Late Ram Pyare Panika and his having opted for exchange of allotment

of the flat in question with an H.I.G. house, which request was allowed by the then Vice Chairman of L.D.A.; Late Ram Pyare Panika also did not make any payment for such H.I.G. house and instead opted for refund of amount paid by him for Flat R-152, Nehru Enclave.

41. The order impugned in the writ petition although mentions the sale deed executed by Late Ram Pyare Panika as an Agreement to Sell, cannot be set aside only on this ground. The substance of the order being otherwise sound in law, this Court finds no good ground to issue a writ of Certiorari, which is even otherwise a discretionary writ which cannot be issued as a matter of course.

42. The writ petition is ***dismissed*** with the liberty to the respondents to take possession of Flat R-152 in accordance with procedure prescribed in law.

Judgement and order has been pronounced today under Chapter-VII Rule 1 (2) of the Allahabad High Court Rules, 1952.`

Om Prakash Vs Reliance General Insurance, (2017) 9 SCC 724

(Delivered by Hon'ble Alok Mathur, J.)

1. Heard Sri Sumit Kumar Srivastava, learned counsel for the petitioner as well as learned Standing Counsel for respondent nos. 1 and 2 and Sri Dhruv Kumar, learned counsel appearing for respondent no. 3. Rejoinder affidavit filed today is taken on record.

2. By means of present writ petition the petitioner has challenged the order 01.04.2024, passed by the Permanent Lok Adalat, Lucknow in PLA Case No. 28 of 2018 whereby the claim of respondent no. 3 made under the Mukhyamantri Kisan Evam Sarvahit Bima Yojana (MKSBY) has been allowed and the petitioner Insurance Company has been directed to pay an amount of Rs.5,00,000/- which is the insured amount to respondent no. 3 alongwith legal expenses of Rs.5000/- and Rs.1000/- per week Penalty from the date of rejection of claim till its actual payment has been awarded.

3. It has been submitted by learned counsel for the petitioner that the husband of respondent no. 3 had met a fire accident wherein he received serious burn injuries on 04.01.2017 and was admitted to PGI, Safai, where be succumbed to injuries on 16.01.2017. Postmortem was also conducted and Punchnama was also recorded with regard to aforesaid incident. Respondent no. 3 is the wife of deceased Sandeep who was working as agricultural labourer and used to make earning out of working in fields owned by other persons. The deceased was daily labourer and was the bread earner of the family and there is no dispute with regard to this fact. At the time of death of deceased he was aged about 25 years and it is stated that his annual income was Rs.36,000/-.

4. It is in the aforesaid circumstances an application was made to the petitioner seeking compensation under the MKSBY Scheme, but the same was duly considered and rejected by the petitioner on 10.11.2017 on account of two facts, firstly, that the deceased was not a farmer and secondly that income certificate as required under the said scheme has not been furnished.

5. The respondent no. 3 being aggrieved by the rejection of her claim and having no other forum, filed an application before the Permanent Lok Adalat, Lucknow *(hereinafter referred to as "the PLA")*. The PLA duly considered the entire facts of the case and after framing the issues and receiving evidence and considering contentions of all the parties, allowed the claim of respondent no. 3. The petitioner in the present writ petition has challenged the said order on the ground that the income certificate of the deceased was filed only during the proceedings before the PLA and not at any time prior to the same.

6. It is stated that as per terms of the Policy income certificate had to be filed within 45 days of the death of the insured and the respondent not having filed the certificate were not entitled to receive any claim in this regard. In support of his submissions the petitioner has relied upon the Samajwadi Kisan Evam Sarvahit Bima Yojna form, which according to the petitioner had been issued by the State Government itself.

7. Learned counsel for the respondents on the other hand has opposed the writ petition by submitting that the Scheme has been launched by the State Government taking into account the socio-economic condition of rural-agricultural and marginal farmers and land less labourers known as Samajwadi Kisan Evam Sarvahit Bima Yojna for their benefit so that the poor and marginal farmers and agricultural labourers can be benefited on account of any accidental death occurring to the bread earner of the family. The main object of the scheme is a preventive

measure to save the entire family from becoming destitute and accordingly, it is in pursuance to the aforesaid scheme that respondent no. 3 had moved her claim before the petitioner-Insurance Company on account of death of her husband who died due to burn injuries on 16.01.2017.

8. Perusal of provisions as well as the form annexed alongwith the Samajwadi Kisan Evam Sarvahit Bima Yojna do provide eligibility conditions for a person to be paid compensation of Rs.5,00,000/- on death of the bread earner. As per conditions as laid down in the form, details of deceased have to be provided and also that he had been earning less than Rs.75,000/- per month.

9. Learned counsel for the respondent no. 3 while contenting the claim has submitted that in the written statement filed by the petitioner itself it is stated that income of the applicant-claimant was disclosed rather then income of the deceased. Income of the claimant was shown to be less then Rs.75,000/- per month. Even in the form which has been relied upon by the petitioner there is no mention of the fact that income of the deceased has to be given.

10. In any view of the matter it is not the case of the petitioner that either the deceased or the claimant or the entire family was earning more than Rs.75,000/- per month. This aspect of the matter has also been looked into by the Permanent Lok Adalat and they have recorded a finding that the claimant was fully covered under the Mukhyamantri Kisan Evam Sarvahit Bima Yojana (MKSBY), as the deceased was earning about Rs.3000/- per month and annual income of Rs.36,000/-.

11. With regard to objection in the rejection letter dated 10.11.2017, that the deceased was not a farmer, there is no material available with the petitioner to support the said reasoning. Neither before the Permanent Lok Adalat nor before this Court there is any material available to record a different finding that the deceased was not a farmer.

12. The court is of the considered view that welfare, beneficent aur social justice oriented legislation should always receive a liberal construction. The insurance scheme namely Mukhyamantri Kisan Evam Sarvhit Bima Yojana (MKSBY) being a welfare scheme whose terms have to be interpreted taking into consideration the hardships and welfare of the insured.

13. Hon'ble Supreme Court in the case of **Om Prakash v. Reliance General Insurance, (2017) 9 SCC 724** while dealing with the issue regarding rejection of claim by the Insurance Companies, has held as under:

*"10. The decision of the insurer to reject the claim has to be based on valid grounds. Rejection of the claims on purely technical grounds in a mechanical manner will result in loss of confidence of policy-holders in the insurance industry. If the reason for delay in making a claim is satisfactorily explained, such a claim cannot be rejected on the ground of delay. It is also necessary to state here that it would not be fair and reasonable to reject genuine claims which had already been verified and found to be correct by the investigator. The condition regarding the delay shall not be a shelter to repudiate the insurance claims which have been otherwise proved to be genuine."*

14. In case of insurance contract, it is necessary that the essential conditions of the Insurance policy are fullfilled. However, those essential conditions are to be construed liberally and has to be substantially fulfilled.

15. In this case, submission of Income certificate is a necessary condition and therefore, its submission is mandatory. However, the time limit prescribed for submission is merely a technical and directory provision and cannot be a basis of rejection of the claim.

16. In the aforesaid circumstances, this Court is of the considered view that the Permanent Lok Adalat has rightly come to the conclusion that the deceased was fully covered by the scheme issued by the State Government and that he was the sole bread earner of the family and was earning less than Rs.75,000/- per month.

17. In view of above, this Court does not find any infirmity in the impugned order calling for interference under Article 226/227 of the Constitution of India.

18. The writ petition being devoid of merits is **dismissed.**

Committee of Management, Maharshi Kapil Muni Shiksha Samiti & anr. Vs St. of U.P. & anr. 2021 (2) ADJ 517

(Delivered by Hon'ble Manjive Shukla, J.)

1. Heard Sri Yogesh Kumar Saxena, learned counsel appearing for the petitioner and learned Standing Counsel appearing for Respondents No. 1 to 3.

2. Petitioner through this writ petition has assailed the order dated 01.03.2024 passed by the Joint Director, Secondary Education, Agra Region, Agra whereby, approval sought by the petitioner for amendments in the Scheme of Administration of Sri Mahaveer Inter College, Jauhari Nagar, Mainpuri has been declined.

3. Facts of the case, in brief, are that Sri Mahaveer Vidyalaya, Jauhari Nagar, Esthan Post-Jauhari Nagar, District Mainpuri was a Society registered under the provisions of the Societies Registration Act, 1860. The said Society was managing the affairs of an institution namely Sri Mahaveer Inter College, Jauhari Nagar, Mainpuri. The Scheme of Administration of the College was duly approved by the Joint Director of Secondary Education, Agra Region, Agra. Regulation 6 of Chapter VII of the Regulations framed under the U.P. Intermediate Education Act, 1921 has been amended with the prior approval of His Excellency, the Governor of the State of U.P. and thereby Regulation 6(B) has been added wherein it has been provided that those Intermediate Colleges which are being run by the Society registered under the Societies Registration Act, 1860, 3/4th of the members of the general body of the Society can convert the Society into trust and the said trust must be registered. More than 3/4th members of the general body of the Society in its meeting held on 15.05.2022 took decision to dissolve the Society and for registration of the trust. Thereafter the trust has been registered on 28.05.2022 in the office of the Sub-Registrar, Tehsil Sadar, District Mainpuri. Information about the dissolution of the Society and registration of the trust was duly forwarded to the Deputy-Registrar, Firms, Societies and Chits, Agra Region, Agra and the District Inspector of Schools, Mainpuri on 18.06.2022. The petitioner forwarded all the requisite papers and resolution for making amendments in the Scheme of Administration of the College thereby replacing the Society by the trust, to the District Inspector of Schools, Mainpuri who forwarded papers to the Joint Director, Secondary Education, Agra Region, Agra with his positive recommendation for approval of the amendments sought in the Scheme of Administration of the College.

4. The Joint Director, Secondary Education, Agra Region, Agra raised certain queries and due reply was submitted by the petitioner. Since the Respondent No. 2 did not take any decision regarding approval of the amendments sought to be incorporated in the Scheme of Administration of the College, petitioner filed Writ-C No. 38150 of 2023 which was finally disposed of by a Co-ordinate Bench of this Court with a direction to the Joint Director to consider and decide petitioner's matter in a fixed time frame. The Joint Director, Agra Region, Agra has passed the impugned order dated 01.03.2024 and thereby has declined to grant approval for the amendments sought by the petitioner to be incorporated in the Scheme of Administration of the College on the ground that the proposed amendments are not in the interest of the College.

5. Learned counsel appearing for the petitioner has argued that once Regulation

6 of Chapter VII of the Regulations framed under the U.P. Intermediate Education Act, 1921 (hereinafter referred to as "the Act of 1921") provides that 3/4th members of the general body of the Society can take decision to convert the Society into trust and in the present matter, more than 3/4th members of the general body of the Society which was running the College has taken decision to dissolve the Society and convert it into the trust, the Joint Director, Secondary Education, Agra Region, Agra cannot decline to approve the amendments in the Scheme of Administration of the college consequent to conversion of the Society into the trust.

6. Learned counsel appearing for the petitioner has relied on judgement rendered by a Co-ordinate Bench of this Court in the case of ***Committee of Management, Maharshi Kapil Muni Shiksha Samiti and Another Vs. State of U.P. and Another 2021 (2) ADJ 517*** and has submitted that in the said judgement, it has been held that under Section 13 of the Societies Registration Act, 1860, 3/5th members of the general body of the Society can resolve for dissolution of Society and once the said resolution is passed, the Society automatically stands dissolved. Learned counsel appearing for the petitioner further submits that once the Society in question has been dissolved in terms of the provisions made in Section 13 of the Societies Registration Act, 1860 and consequentially trust has been registered, there cannot be any occasion for the Joint Director, Secondary Education, Agra Region, Agra to deny approval for the consequent amendments in the Scheme of Administration of the College.

7. Learned counsel appearing for the petitioner has also contended before this Court that dissolution of the Society is governed by the provisions of Societies Registration Act, 1860 and further conversion of the Society into the trust has been permitted by making amendment in Regulation 6 of Chapter VII of the Regulations framed under the Act of 1921 therefore, the Joint Director does not have any jurisdiction to adjudicate over the validity of dissolution of the Society and consequent registration of the trust. Learned counsel appearing for the petitioner has further contended that from bare perusal of the impugned order dated 01.03.2024, it can easily be inferred that the Joint Director, in-fact has travelled beyond his jurisdiction and has tried to test the validity of the resolution whereby the Society has been dissolved and the trust has been created.

8. It has also been vehemently argued that there is no dispute by any of the members of the erstwhile Society or by any of the trustee in the amendments sought to be incorporated in the Scheme of Administration of the College consequent to the change of Society into trust, therefore, there cannot be any occasion for the Joint Director to deny the approval of the said amendments, accordingly impugned order dated 01.03.2024 is unsustainable in the eyes of law.

9. Per-contra, learned Standing Counsel appearing for the respondents has argued that the resolution for dissolution of the Society in question and its conversion into trust has not been passed in a proper manner and further 3/4th members of the general body of the Society have not given their affidavits showing their intention to convert the Society into trust, therefore, the Joint Director of Education, Agra Region, Agra has rightly passed the impugned order

dated 01.03.2024 and thereby has declined to grant approval to the proposed amendments in the Scheme of Administration of the College.

10. I have considered the rival arguments advanced by the learned counsels appearing for the parties and I find that Regulation 6 of Chapter VII of the Regulations framed under the Act of 1921 has been amended with the prior permission of His Excellency, the Governor of the State of U.P. and thereby under Regulation 6(B), it has been provided that 3/4th members of the general body of the Society running an Intermediate College can convert it into a trust. For ready reference, amended Regulation 6 is extracted as under:

*" **विनियम-6(क)-** यथावत ।*

***विनियम-6(ख)-** जिन संस्थाओं को परिषद द्वारा सोसाइटी रजिस्ट्रेशन एक्ट -1860 के अधीन मान्यता प्रदान की गई है, उनकी प्रबंध समिति की आम सभा की सहमति से सोसाइटी को ट्रस्ट के रूप में परिवर्तित किया जा सकता है। इसके लिये आम सभा के कुल सदस्यों में से तीन चौथाई सदस्यों की लिखित सहमति अनिवार्य होगी। इस निमित उन्हें सोसाइटी से ट्रस्ट के नाम रजिस्ट्री कराना अनिवार्य होगा ।*

*विनियम-6 (ग)- प्रदेश में आवास विकास परिषद अथवा विकास प्राधिकरणों द्वारा संचालित अथवा संचालित किये जाने वाले विद्यालयों को सोसाइटी अथवा ट्रस्ट के माध्यम से मान्यता प्रदान की जा सकती है । विद्यालय की सोसाइटी यदि यह उचित समझती है कि ट्रस्ट के माध्यम से विद्यालय को संचालित करने में सुविधा होगी तो सोसाइटी की आम सभा के 3/4 सदस्यों की लिखित सहमति से सोसाइटी को ट्रस्ट में परिवर्तित किया जा सकता है । इस निमित्त उन्हें सोसाइटी से ट्रस्ट के नाम भू-खंड का दोबारा रजिस्ट्री कराना अनिवार्य होगा ।"*

11. This Court is of the view that once appropriate amendment has been made in Regulation 6 of Chapter VII of the Regulations framed under the Act of 1921, the Joint Director, Secondary Education does not have any jurisdiction to oppose the conversion of the Society into the trust.

12. This Court finds that provision for dissolution of Society has been made in Section 13 of the Societies Registration Act, 1860 wherein it is provided that 3/5th members of the general body of the Society can resolve for dissolution of the Society and the dissolution of Society shall take place with immediate effect. For ready reference, Section 13 of the Societies Registration Act, 1860 is extracted as under:

***"13. Provision for dissolution of societies and adjustment of their affairs.-***

*Any number not less than three-fifths of the members of any society may determine that it shall be dissolved, and thereupon it shall be dissolved forthwith, or at the time then agreed upon, and all necessary steps shall be taken for the disposal and settlement of the property of the society, its claims and liabilities according to the rules of the said society applicable thereto, if any, and if not, then as the governing body shall find expedient, provided that, in the event of any dispute arising among the said governing body or the members of the society, the adjustment of its affairs shall be referred to the principal Court of original civil jurisdiction of the district in which the chief building of the society is situate; and the Court shall make such order in the matter as it shall deem requisite:*

*Provided that no society shall be dissolved unless three-fifths of the members shall have expressed a wish for such*

*dissolution by their votes delivered in person or by proxy, at a general meeting convened for the purpose:*

*Provided that [whenever any Government] is a member of, or a contributor to, or otherwise interested in any society registered under this Act, such society shall not be dissolved [without the consent of the Government of the [State] of registration.]"*

13. The provisions made in Section 13 of the Societies Registration Act, 1860 have been considered by a Co-ordinate Bench of this Court in its judgement rendered in the case of ***Committee of Management, Maharshi Kapil Muni Shiksha Samiti and Another (Supra)*** and it has been held that once 3/5th members of the general body of the Society have resolved to dissolve the Society, dissolution of the Society takes place with immediate effect and it does not require any approval or confirmation by the Deputy Registrar, Firms, Societies and Chits. Relevant paragraphs of the judgement are extracted as under:

*"5. Counsel for the petitioner has relied upon the provisions of Section 13 of the Act. There appears to be no such provision, as such, I consider it appropriate to discuss the scope of Section 13 containing a provision for dissolution of societies and adjustment of their affairs. The provision for dissolution of societies and adjustment of their affairs is contained in Section 13, which is as under:*

***"13. Provision for dissolution of societies and adjustment of their affairs.?Any number not less than three-fifths of the members of any society may determine that it shall be dissolved, and thereupon it shall be dissolved forthwith, or at the time then agreed upon, and all necessary steps shall be taken for the disposal and settlement of the property of the society, its claims and liabilities, according to the rules of the said society applicable thereto, if any, and if not, then as the governing body shall find expedient, provided that, in the event of any dispute arising among the said governing body or the members of the society, the adjustment of its affairs shall be referred to the principal Court of original civil jurisdiction of the district in which the 'registered office of the society'* (* as amended vide Uttar Pradesh Act 52 of 1975 w.e.f. 10.10.1975) is situate; and the Court shall make such order in the matter as it shall deem requisite:***

***Provided that no society shall be dissolved unless three-fifths of the members shall have expressed a wish for such dissolution by their votes delivered in person, or by proxy, at a general meeting convened for the purpose:***

***Provided that [whenever any Government] is a member of, or a contributor to, or otherwise interested in any society registered under this Act, such society shall not be dissolved [without the consent of the Government of the [State] of registration.]"***

*6. The State of Uttar Pradesh has amended the Societies Registration Act insofar its applicability in the State of Uttar Pradesh is concerned and Section 13A and Section 13B have been incorporated in the Act providing for dissolution of the society in manner other than a voluntary dissolution as provided under Section 13 of the Act, which is quoted hereinabove.*

*7. Section 13A and 13B amended by virtue of U.P. Act No. 52 of 1975 are quoted as under:-*

***"13A. Power of Registrar to apply for dissolution:- (1) Where in the***

***opinion of Registrar, there are reasonable ground to believe in respect of a society registered under this Act that any of the grounds mentioned in clauses (a) to (e) of sub-section (1) of Section 13B exists he shall send to the society, a notice calling upon it to show cause within such time as may be specified in the notice why the society be not dissolved.***

***(2) if on or before the date specified in the notice or within such extended period as the Registrar may allow, the society fails to show any cause or if the cause shown is considered by the Registrar to be unsatisfactory, the Registrar, may move the Court referred to in section 13 for making an order of the dissolution of the society.***

***13B. Dissolution by court:- (1) On the application of the Registrar under section 13 A or under section 24 or on an application made by not less than one tenth of the members of a society registered under this Act, the Court referred to in section 13 may make an order for the dissolution of the society on any of the following grounds, namely:-***

***(a) that the society has contravened any provision of this Act or of any other law for the time being in force and it is just and equitable that the society should be dissolved:***

***(b) that the number of the members of the society is reduced below seven;***

***(c) that the society has ceased to function for more than three years preceding the date of such application;***

***(d)that the society is unable to pay its debts or meet its liabilities; or***

***(e) that the registration of the society has been cancelled under Section 12 D on the ground that its activities or proposed activities have been or will be opposed to public policy.***

***(2) Without prejudice to the provisions of sub-section (1) or of Section 12D, the Court may on an application of the District Magistrate in this behalf make an order for the dissolution of a society on the ground that the activities of the society constitute a public nuisance or are other wise opposed to public policy.***

***(3). When an order for the dissolution of a society is made under sub-section (1) or sub-section (2), all necessary steps for the disposal and the settlement of the property of the society, its claims and liabilities and any other adjustment of its affairs take place in manner as the Court may direct."***

*8. Thus, in the scheme of the Act with regard to dissolution, it is clear that the dissolution of a society can take place by three modes, the first being a voluntary dissolution as provided under Section 13, wherein the requirement is that there has to be a resolution passed by number of members, who are not less than three-fifth of the member of any society and as soon as such resolution is passed, the dissolution happens forthwith or at any time i.e. agreed upon in the resolution. After the dissolution which happens on the passing of the resolution further steps are required to be taken for disposal and settlement of the property of the society, its claims and liabilities according to the Rules of the said society applicable thereto.*

*9. A perusal of Section 13 of the Act also makes it clear that an inbuilt mechanism is provided for contingencies that may arise in the event of any dispute arising among the said governing body or the members of the society or with regard to the affairs which have to be referred to the Principal Court of original civil jurisdiction of the district in which the registered office of the society is situate*

*and such, Court is empowered to pass requisite orders.*

*10. A plain reading of the said section makes it clear that no sanction is required from anyone and the Assistant Registrar need not be approached for giving a seal of approval to the resolution of dissolving the society.*

*11. In addition to the voluntary resolution as provided under Section 13, two other modes of dissolution have also been provided in the State of Uttar Pradesh by incorporation of Section 13A and Section 13B in the Act.*

*12. Section 13A confers power on the Registrar to apply for the dissolution in the event of contingencies which are enumerated under Section 13A (1) of the Act.*

*13. Section 13B provides for yet another manner of dissolution by the Court on an application of the Registrar under Section 13A or Section 24 or on an application made by not less than one-tenth of the members of the society registered under this Act and the Court is empowered to pass orders for the dissolution of the society on the happening of any of the grounds as enumerated in Clause (a) to (e) of Section 13B (1) of the Act.*

*14. Curiously enough Section 13(B) (2) provides yet another mode of dissolution of the society by the Court on an application of the District Magistrate on the limited grounds enumerated therein.*

*15. Thus, under scheme of the Act, three modes of dissolution are prescribed, first one being voluntary dissolution under Section 13, second being dissolution at the instance of the Registrar and the third being dissolution under the orders of the Court.*

*16. In the present case, we are concerned with the voluntary dissolution under Section 13, which simply requires the passing of a resolution by the members of the society no being less than three-forth of the total members of the society. Once the said condition is met, no other condition is required to be fulfilled and the same does not require a seal of approval by any officer or authority. In the present case, it is alleged that by a resolution passed unanimously i.e. by more than three-fifth members of the society on 1.4.2011, the society has been dissolved, as such, no further approval is required and the dissolution would be deemed to be effective from the date of its passing i.e. 1.4.2011.*

*17. As I have recorded above that no seal of approval is required for dissolving the society as has been done in the present case, a writ, as prayed for cannot be granted, however, petitioners are directed to give an information in writing along with the copy of Resolution to the Assistant Registrar of Societies who shall record the same in his records."*

14. In the present case, more than 3/4th members of the general body of the Society in question have passed a resolution for dissolution of the Society and registration of a trust, therefore, the Society in question stood dissolved with effect from the date of resolution passed by the general body of the Society. Under the Societies Registration Act, 1860, the Joint Director, Secondary Education, does not have any jurisdiction to test the validity of the resolution of the Society whereby the Society has been dissolved. The Joint Director, Secondary Education also does not have any jurisdiction to test the validity of the registration of the trust, more so when the said conversion of the Society for formation of the trust has been permitted under the amended Regulation 6 of the Regulations framed under the U.P. Intermediate Education Act, 1921. The bare

perusal of the impugned order dated 01.03.2024 reveals that the Joint Director in the garb of decision over the approval of the amendments sought to be incorporated in the Scheme of Administration of the College has, in-fact tested the validity of the resolution by which the Society has been dissolved and decision to form the trust has been taken, whereas if any amendment is sought in the Scheme of Administration of a College, the Joint Director has to take decision for approval of the said amendment strictly as per the provisions made in Section 16(A) of the Act of 1921.

15. In view of the aforesaid reasons, this writ petition is ***allowed*** and impugned order dated 01.03.2024 is quashed. The matter is remitted to the Joint Director, Secondary Education, Agra Region, Agra to reconsider the amendments proposed by the petitioner in the Scheme of Administration of the College strictly in accordance with the provisions made in Section 16(A) of the Act of 1921 by passing speaking and reasoned order within a period of two months from the date of presentation of certified copy of this order.

2. Capt. Dushyant Somal Vs Smt. Sushma Somal & anr., 1981 (2) SCC 977 (Para 22)

**Present petition assails the order dated 30.03.2024, passed by the Prescribed Authority/Sub-Divisional Magistrate, Tehsil Mau Nath Bhanjan, District Mau whereby direction has been given to the Assistant Registrar, Firms, Societies and Chits, Azamgarh Region, Azamgarh for holding fresh elections of the Committee of Management of the Society.**

(Delivered by Hon'ble Manjive Shukla, J.)

1. Heard Sri Gajendra Pratap, learned Senior Advocate assisted by Sri Rajendra Singh Chauhan, learned counsel appearing for the petitioners, learned Standing Counsel appearing for Respondents No. 1 to 3 and Sri Prabhakar Awasthi as well as Sri Gautam Baghel, learned counsels appearing for Respondent No. 4.

2. Petitioners through this writ petition have assailed the order dated 30.03.2024 passed by the Prescribed Authority/Sub-Divisional Magistrate, Tehsil Mau Nath Bhanjan, District Mau whereby direction has been given to the Assistant Registrar, Firms, Societies and Chits, Azamgarh Region, Azamgarh for holding fresh elections of the Committee of Management of the Society under Section 25(2) of the Societies Registration Act, 1860.

3. Learned Standing Counsel appearing for Respondents No. 1 to 3 and Sri Prabhakar Awasthi, learned counsel appearing for Respondent No. 4, at the very outset, have raised preliminary objection regarding maintainability of this writ petition on the ground that the impugned order dated 30.03.2024 has been passed by the Prescribed Authority/Sub-Divisional Magistrate, Tehsil Mau Nath Bhanjan, District Mau under Section 25 (1) of the Societies Registration Act, 1860 and against the said order, petitioners have efficacious statutory remedy of appeal under Section 25(1)(d) of the Act of 1860.

4. Facts of the case, as culled out from the writ petition, are that Maulana Abdul Kalam Azad Educational Society, Village, Aadedhi, Post Umarpur, Tehsil Sadar, District Mau is a Society registered under the provisions of the Societies Registration Act, 1860.

5. The last undisputed elections of the Committee of Management of the Society took place on 17.09.2016 and under the bye-laws of the Society, the term of the Committee of Management of the Society is five years i.e. the elections held on 17.09.2016 were valid up till 16.09.2021. In the elections held on 17.09.2016, Mr. Amit Kumar Singh was elected as President and Mohd. Javed was elected as Secretary of the Committee of Management of the Society. It has been claimed that Mr. Ajit Kumar Singh was inducted as a member of the general body of the Society vide resolution dated 02.10.2020. Mr. Amit Kumar Singh who was elected President in the elections of the Committee of Management of the Society held on 17.09.2016, died on 16.04.2021 and thereafter it has been claimed that Mr. Ajit Kumar Singh was elected/co-opted as President of the Committee of Management of the Society vide its resolution dated

29.04.2021. It has further been claimed that Mohd. Javed in the capacity of Secretary of the Committee of Management of the Society submitted an application on 28.05.2021 along with the minutes of the meeting of the Committee of Management held on 29.4.2021 before the Assistant Registrar and prayed to register the list of the office bearers and members of the Committee of Management of the Society.

6. The Assistant Registrar, Firms, Societies and Chits, Azamgarh Region, Azamgarh vide its order dated 07.06.2021 registered the list of the office bearers and members of the Committee of Management of the Society as contemplated under Section 4(1) of the Societies Registration Act, 1860 and in the said list in place of Mr. Amit Kumar Singh, Mr. Ajit Kumar Singh has been shown as President of the Committee of Management of the Society.

7. In the writ petition, it has been claimed that the Committee of Management of the Society vide its resolution dated 04.07.2021 inducted nine more members in the general body of the Society including the Petitioner No. 2, Mr. Gulam Navi and thereafter Mohd. Javed in the capacity of Secretary/Manager submitted an application before the Assistant Registrar on 28.07.2021 for registration of the list of members of the general body of the Society.

8. Since the term of the Committee of Management of the Society was to expire, it has been claimed that fresh elections of the Committee of Management of the Society took place on 12.09.2021 in which Mr. Ajit Kumar Singh was elected as President and Mohd. Javed was elected as Secretary/Manager. Mohd. Javed in the capacity of Secretary/Manager of the Committee of Management of the Society submitted the list of the office bearers and members of the Committee of Management of the Society as well as the list of members of the general body of the Society for registration before the Assistant Registrar and the Assistant Registrar vide its order dated 22.09.2021 registered the aforesaid list.

9. It has also been claimed in the writ petition that Mohd. Javed submitted his resignation from the post of Secretary/Manager of the Committee of Management of the Society and the Committee of Management of the Society in its meeting held on 02.10.2021 elected/co-opted Mr. Gulam Navi as Secretary/Manager for remaining term of the Committee of Management of the Society. Mr. Gulam Navi submitted an application on 01.11.2021 before the Assistant Registrar and prayed for registration of the changed list of the office-bearers and members of the Committee of Management of the Society.

10. One Ms. Mridula Mishra filed complaint before the Assistant Registrar on 12.11.2021 along with proceedings of the Committee of Management of the Society dated 07.02.2021 and 07.03.2021 and claimed herself to be the President of the Committee of Management of the Society and further claimed that induction and election/co-option of Mr. Ajit Kumar Singh was based on forged documents. The Assistant Registrar vide its order dated 02.06.2022 rejected the claim of Ms. Mridula Mishra and directed for registration of the list of the office bearers and members of the Committee of Management of the Society on the basis of

the resolution of the Committee of Management of the Society dated 02.10.2021.

11. The order dated 02.06.2022 passed by the Assistant Registrar was put to challenge by Ms. Mridula Mishra in Writ-C No. 20596 of 2022 and a co-ordinate Bench of this Court dismissed the said writ petition vide order dated 24.08.2022. Thereafter Ms. Mridula Mishra filed Special Appeal No. 614 of 2022 which too was dismissed by the Division Bench of this Court vide order dated 30.11.2022.

12. Mohd. Javed filed a complaint before the Assistant Registrar claiming therein that he has never tendered resignation from the post of Secretary/Manager of the Committee of Management of the Society and further claimed that the applications dated 28.05.2021, 28.07.2021 and 20.09.2021 have been filed before the Assistant Registrar under his forged signatures. He also claimed that Mr. Ajit Kumar Singh has never been inducted as a member of the general body of the Society. On the complaint of Mohd. Javed, the Assistant Registrar issued notice to Mr. Gulam Navi on 03.04.2023 and after hearing all the concerned parties, the Assistant Registrar vide its order dated 28.06.2023 recalled his earlier order dated 02.06.2022 whereby list of the office bearers and members of the Committee of Management of the Society was registered pursuant to resolution dated 02.10.2021 by which alleged resignation of Mohd. Javed was accepted. The Assistant Registrar vide aforesaid order dated 28.06.2023 also declared all the proceedings of the Committee of Management of the Society held on or after 29.04.2021 including the alleged proceeding dated 02.10.2020, whereby Mr. Ajit Kumar Singh has been shown to be inducted as member of the general body of the Society, as forged. The Assistant Registrar passed another order on 14.09.2023 whereby he appointed Tehsildar Ghosi, District Mau as Election Officer to conduct the elections of the Committee of Management of the Society under Section 25(2) of the Societies Registration Act, 1860.

13. The petitioners challenged the orders dated 28.6.2023 and 14.9.2023 by filing Writ-C No.21962 of 2023 and a co-ordinate Bench of this Court vide judgment and order dated 6.10.2023 allowed the writ petition and further set aside the orders dated 28.6.2023 and 14.9.2023. The co-ordinate Bench of this Court vide judgment and order dated 6.10.2023 also issued a direction to the Assistant Registrar, Firms, Societies and Chits, Azamgarh to refer the dispute to the Prescribed Authority under Section 25(1) of the Act of 1860. Pursuant to the judgment and order dated 6.10.2023 passed in Writ-C No.21962 of 2023, the Assistant Registrar passed an order on 27.10.2023 and referred the dispute raised by Mohd. Javed to the Prescribed Authority for adjudication under Section 25(1) of the Act of 1860.

14. Though the petitioners in Writ-C No.21962 of 2023 did not raise any serious objection in reference of the dispute raised by Mohd. Javed to the Prescribed Authority for adjudication under Section 25(1) of the Societies Registration Act, 1860 but when the Assistant Registrar referred the matter vide order dated 27.10.2023, petitioners filed Writ-C No.42723 of 2023 and challenged the order dated 27.10.2023 on the ground that the dispute referred by the Assistant Registrar had already been adjudicated by the orders passed by this

Court in Writ-C No.20596 of 2022, Special Appeal No.614 of 2022 and Writ-C No.21962 of 2023 but this Court vide order dated 31.1.2024, while recording finding that petitioners had agreed that dispute may be decided by the Prescribed Authority, disposed of the writ petition with direction to the Prescribed Authority to decide the dispute of the Committee of Management of the Society within a period of six weeks.

15. In the aforesaid background, the Prescribed Authority has decided the reference dated 27.10.2023 made by the Assistant Registrar under Section 25(1) of the Act of 1860 vide order dated 30.3.2024 wherein it has been held that Mohd. Javed has not tendered resignation from the post of Secretary/Manager of the Society and therefore, the proceedings of the Committee of Management of the Society by which his resignation has been accepted and further proceedings are invalid in the eyes of law. The Prescribed Authority has also held that applications dated 28.05.2021, 28.07.2021 and 20.09.2021 by which various proceedings of the Committee of Management of the Society and the general body of the Society were forwarded to the Assistant Registrar, bear forged signatures of Mohd. Javed. The Prescribed Authority vide order dated 30.3.2024 has also directed the Assistant Registrar to hold fresh elections of the Committee of Management of the Society under Section 25(2) of the Societies Registration Act, 1860.

16. It is to be noted that during pendency of this writ petition, elections of the Committee of Management of the Society pursuant to the order dated 30.3.2024 have already been conducted.

17. Sri Gajendra Pratap, learned Senior Advocate appearing for the petitioners has submitted that as Mr. Amit Kumar Singh who was elected Secretary/Manager of the Committee of Management of the Society in the elections held on 17.9.2016, died on 16.4.2021, Mr. Ajit Kumar Singh was elected/co-opted as President vide resolution passed by the Committee of Management of the Society on 29.4.2021 and once the Assistant Registrar vide order dated 7.6.2021 registered the list of the office bearers and the members of the Committee of Management of the Society, there cannot be any occasion for the Assistant Registrar to refer the dispute with respect to the proceedings of the Committee of Management of the Society held on 29.4.2021 to the Prescribed Authority. It has further been submitted that after the term of the Committee of Management of the Society elected on 17.9.2016 ended, fresh elections of the Committee of Management of the Society took place on 12.9.2021 and once Mohd. Javed himself moved an application before the Assistant Registrar and on his application the list of the office bearers and the members of the Committee of Management of the Society has been registered by the Assistant Registrar, the question does not arise before the Assistant Registrar to refer the dispute to the Prescribed Authority vide order dated 27.10.2023.

18. Sri Gajendra Pratap, learned Senior Advocate appearing for the petitioners has argued that once Mohd. Javed tendered his resignation which was accepted by the Committee of Management of the Society on 2.10.2021 and further Mr. Gulam Navi was elected/co-opted as Secretary/Manager for remaining term of the Committee of Management of the Society, the Assistant Registrar while referring the dispute to the Prescribed

Authority has conducted himself in an absolutely arbitrary manner.

19. Learned Senior Advocate appearing for the petitioners has vehemently argued that Ms. Mridula Mishra filed a complaint before the Assistant Registrar on 12.11.2021 claiming therein that she is the President of the Committee of Management of the Society and election/co-option of Mr. Ajit Kumar Singh as Present and further proceedings are forged. Since the complaint filed by Ms. Mridula Mishra was rejected by the Assistant Registrar vide order dated 2.6.2022 and further she was not granted any relief by this Corut in Writ-C No.20596 of 2022 and Special Appeal No.614 of 2022 therefore, there cannot be any occasion for the Assistant Registrar to re-open the entire issue on the complaint of Mohd. Javed and to refer the matter to the Prescribed Authority therefore, the order dated 30.3.2024 passed by the Prescribed Authority on its face is erroneous.

20. Sri Gajendra Pratap, learned Senior Advocate appearing for the petitioners has argued that once a co-ordinate Bench of this Court vide its judgment and order dated 24.8.2022 passed in Writ-C No.20596 of 2022 has negated the claim of Ms. Mridula Mishra and thereby has affirmed the proceedings of the Committee of Management of the Society held on 29.04.2021, elections held on 12.9.2021 and proceedings of the Committee of Management of the Society held on 2.10.2021 and further the said judgment dated 24.8.2022 has been affirmed by the Division Bench of this Court vide its judgment rendered on 30.11.2022 passed in Special Appeal No.614 of 2022, it was not open for the Assistant Registrar to take a different view in the matter and to refer the matter to the Prescribed Authority and further it was also not open for the Prescribed Authority to take a different view contrary to the view taken in the aforesaid judgments as such, the order dated 30.3.2024 passed by the Prescribed Authority cannot sustain in the eyes of law. It has also been argued from the side of the petitioners that this Court while passing the order dated 6.10.2023 has recorded a finding that the claim raised by Mohd. Javed is not sustainable and therefore, the consequential reference made vide order dated 27.10.2023 and the order passed by the Prescribed Authority dated 30.3.2024 allowing the claim of Mohd. Javed cannot sustain in the eyes of law.

21. Sri Gajendra Pratap, learned Senior Advocate appearing for the petitioners in support of his submissions has relied on a judgment rendered by the Hon'ble Supreme Court in the case of **Hope Plantations Ltd. Vs. Taluk Land Board, Peermade and another, (1999) 5 SCC 590** and has submitted that in the said judgment the Hon'ble Supreme Court has held that when the proceedings have attained finality, parties are bound by the judgment and are estopped from questioning it. He further submits that the decisions pronounced by courts of competent jurisdiction should be final unless they are modified or reversed by the appellate forum.

22. Learned Senior Advocate appearing for the petitioners has further placed reliance on the judgment rendered by the Hon'ble Supreme Court in the case of **Capt. Dushyant Somal vs. Smt. Sushma Somal and another, 1981 (2) SCC 977** wherein it has been held that where what is complained of is an impudent disregard of an order of a Court,

the fact certainly cries out that a prerogative writ shall issue and thus, has submitted that in the present case once it is apparent from the record of the case that the order dated 30.3.2024 passed by the Prescribed Authority is contrary to the orders passed in Writ-C No.20596 of 2022, Special Appeal No.614 of 2022 and Writ-C No.21962 of 2023, the statutory remedy of appeal available against the order dated 30.3.2024 shall not be an impediment for this Court in exercising its extraordinary jurisdiction under Article 226 of the Constitution of India.

23. On the other hand, Sri Prabhakar Awasthi, learned counsel appearing for Respondent No.4 submits that in earlier rounds of litigation i.e. in Writ-C No.20596 of 2022, Special Appeal No.614 of 2022 and Writ-C No.21962 of 2023, the claim raised by Mohd. Javed was not before this Court and therefore, in the judgments and orders passed in Writ-C No. 20596 of 2022, Special Appeal No.614 of 2022 and Writ-C No.21962 of 2023, there is no adjudication made by this Court in respect of the claim of Mohd. Javed that he never tendered resignation and forged proceedings of the Committee of Management of the Society were filed before the Assistant Registrar by making his forged signatures on the applications therefore, the said judgments cannot come in the way of adjudication over the claim of Mohd. Javed as such, the Assistant Registrar while referring the dispute vide order dated 27.10.2023 and the Prescribed Authority while deciding the dispute vide order dated 30.3.2024 has not committed any error. It has further been submitted by the learned counsel appearing for Respondent No.4 that in earlier rounds of litigation i.e. in Writ-C No.20596 of 2022, Special Appeal No.614 of 2022 and Writ-C No.21962 of 2023, the claim of Ms. Mridula Mishra has been decided and it has been found that her claim is not sustainable in the eyes of law but so far as the claim raised by Mohd. Javed that he never tendered resignation and his signatures on the applications filed before the Assistant Registrar are forged, is concerned, that has never been decided by this Court.

24. Mr. Prabhakar Awasthi, learned counsel appearing for Respondent No.4 has further argued that so far as the judgment and order dated 6.10.2023 passed by this Court in Writ-C No.21962 of 2023 is concerned, the Court while passing the order dated 6.10.2023 has made a prima facie observation that Mohd. Javed was the Secretary/Manager of the Committee of Management of the Society since 2016 therefore, it cannot give rise to a presumption that he had no knowledge of the proceedings of Writ-C No.20596 of 2022 and Special Appeal No.614 of 2022 but at the same time, accepted that there exists a dispute raised by Mohd. Javed which needs to be adjudicated by the Prescribed Authority and therefore, the Court directed the Assistant Registrar to refer the dispute raised by Mohd. Javed to the Prescribed Authority under Section 25(1) of the Act of 1860. The present petitioners also did not raise any objection regarding reference of the dispute before the Prescribed Authority therefore, it is patently manifest that the dispute raised by Mohd. Javed has not been decided by this Court at any point of time.

25. It has further been argued by Sri Prabhakar Awasthi, learned counsel appearing for Respondent No.4 that when the dispute raised by Mohd. Javed was referred by the Assistant Registrar vide order dated 27.10.2023 to the Prescribed Authority, the petitioners challenged the

order dated 27.10.2023 by filing Writ-C No.42723 of 2023 wherein they took categorical ground that once the issue has been decided by this Court in earlier rounds of litigation, there was no occasion for the Assistant Registrar to refer the dispute to the Prescribed Authority but the grounds raised by the petitioners did not find favour of the Court therefore, petitioners ultimately agreed that a direction may be issued to the Prescribed Authority for deciding the dispute expeditiously and once petitioners themselves agreed for reference of the dispute to the Prescribed Authority, now they cannot be allowed to say that the dispute could not have been decided by the Prescribed Authority.

26. Sri Prabhakar Awasthi, learned counsel appearing for Respondent No.4 has strenuously argued that once there is no adjudication by this Court over the dispute raised by Mohd. Javed and petitioners themselves agreed that the dispute raised by Mohd. Javed may be decided by the Prescribed Authority, the petitioners cannot be permitted to bypass the statutory remedy of appeal available under Section 25(1)(d) of the Act of 1860 against the impugned order dated 30.3.2024 therefore, this writ petition filed under Article 226 of the Constitution of India is not maintainable.

27. I have considered the rival arguments advanced by the learned counsels appearing for the parties.

28. Since this Court is proceeding to decide the issue of maintainability of this writ petition therefore, the facts of the case are not being repeated here.

29. The impugned order dated 30.3.2024 has been passed by the Prescribed Authority/ Sub Divisional Magistrate, Tehsil Mau Nath Bhanjan, District Mau under Section 25(1) of the Societies Registration Act, 1860. Section 25(1)(d) of the Act of 1860 provides that any person aggrieved by an order passed by the Prescribed Authority under Section 25(1) of the Act of 1860 can file an appeal before the Commissioner of concerned region. For ready reference, Section 25(1) of the Act of 1860 is extracted as under:-

***"25. Dispute regarding election of office-bearers.****—(1) The prescribed authority may, on a reference made to it by the Registrar or by at least one-fourth of the members of a society registered in Haryana, meet and decide in a summary manner any doubt or dispute in respect of the election or continuance in office of an office-bearer of such society, and may pass such orders in respect thereof as it deems fit:*

*[Provided that the election of an office-bearer shall be set aside where the prescribed authority is satisfied—*

*(a) that any corrupt has been committed by such office-bearer; or*

*(b) that the nomination of any candidate has been improperly rejected; or*

*(c) that the result of the election insofar as it concerns to such office -bearer has been materially affected by the improper acceptance of any nomination or by the improper reception, refusal or rejection of any vote or the reception of any vote which is void or by any non-compliance with the provisions of any rules of the Society.*

*(d) An appeal against an order made under this sub-section may be preferred to the Commissioner of the Division in whose jurisdiction the headquarter of the Society lies, within one month from the date of communication of such order:*

*Provided that the appellate authority may admit an appeal after the expiry of such period if the appellant satisfies the appellate authority that he had sufficient cause for not preferring the appeal within such period."*

30. The petitioners, to come out from the rigors of availability of statutory remedy of appeal against the impugned order and to maintain this writ petition under Article 226 of the Constitution of India, have taken ground that while deciding the claim raised by Ms. Mridula Mishra in Writ-C No.20596 of 2022 and Special Appeal No.614 of 2022 this Court had already upheld the validity of the resolutions in question passed by the Committee of Management of the Society but the dispute raised by Mohd. Javed has now been decided by the Prescribed Authority in his favour by the impugned order dated 30.3.2024 which is in the teeth of the judgments and orders passed in Writ-C No.20596 of 2022, Special Appeal No.614 of 2022 and Writ-C No.21962 of 2023 therefore, the petitioners cannot be relegated to the statutory remedy of appeal and this writ petition under Article 226 of the Constitution of India is maintainable.

31. The Hon'ble Supreme Court vide its judgment rendered in the case of **Hope Plantations Ltd. Vs. Taluk Land Board, Peermade and another, (1999) 5 SCC 590** has held that the important consideration of public policy is that the decisions pronounced by Courts of competent jurisdiction should be final unless they are modified or reversed by the appellate forum and no one should be made to face the same kind of litigation twice. The relevant paragraphs of the judgment rendered by the Hon'ble Supreme Court in the case of **Hope Plantations Ltd.** (supra) are extracted as under:-

*"17. In Devilal Modi, the question before this Court was whether the principle of constructive res judicata could be invoked against writ petition filed by the appellant under Article 226 of the Constitution. The appellant had been assessed to sales-tax for the year 1957-58 under Madhya Bharat Sales Tax Act, 1950. He challenged the validity of the order of assessment by a writ petition which was dismissed by the High Court of Madhya Pradesh. The Appellant's appeal by special leave to this Court was also dismissed. At the hearing of the appeal before this Court, appellant sought to raise two additional points, but he was not permitted to do so on the ground that they had not been specified in the writ petition filed before the High Court and had not been raised at an early stage. On those points which were not allowed to be raised, the appellant filed another writ petition in the High Court challenging the validity of the same very assessment for the year 1957-58. The High Court considered the merits of the additional grounds urged by the appellant but rejected them. The Appellant again came to this Court. This Court dismissed the appeal on the ground that principle of constructive res judicata was applicable in the circumstances and referred to its earlier decision in Daryao & Ors. vs. State of U.P. holding that the general principle underlying the doctrine of res judicata i.e. ultimately based on considerations of public policy. One important consideration of public policy is that the decisions pronounced by courts of competent jurisdiction should be final, unless they are modified or reversed by appellate authorities; and the other principle is that no one should be made to face the same*

*kind of litigation twice over, because such a process would be contrary to considerations of fair play and justice.*

*26. It is settled law that principles of estoppel and res judicata are based on public policy and justice. Doctrine of res judicata is often treated as a branch of the law of estoppel though these two doctrines differ in some essential particulars. Rule of res judicata prevents the parties to a judicial determination from litigating the same question over again even though the determination may even be demonstratedly wrong. When the proceedings have attained finality, parties are bound by the judgment and are estopped from questioning it. They cannot litigate again on the same cause of action nor can they litigate any issue which was necessary for decision in the earlier litigation. These two aspects are 'cause of action estoppel' and 'issue estoppel'. These two terms are of common law origin. Again once an issue has been finally determined, parties cannot subsequently in the same suit advance arguments or adduce further evidence directed to showing that the issue was wrongly determined. their only remedy is to approach the higher forum if available. the determination of the issue between the parties gives rise to as noted above, an issue estoppel. It operates in any subsequent proceedings in the same suit in which the issue had been determined. It also operates in subsequent suits between the same parties in which the same issue arises. Section 11 of the Code of Civil Procedure contains provisions of res judicata but these are not exhaustive of the general doctrine of res judicata. Legal principles of estoppel and res judicata are equally applicable in proceedings before administrative authorities as they are based on public policy and justice."*

32. The Hon'ble Supreme Court vide its judgment rendered in the case of **Capt. Dushyant Somal vs. Smt. Sushma Somal and another, 1981 (2) SCC 977** has held that where, what is complained of, is an impudent disregard of an order of a Court, the fact certainly cries out that a prerogative writ shall issue. The relevant paragraph of the judgment rendered by the Hon'ble Supreme Court in the case of **Capt. Dushyant Somal** (supra) is extracted as under:-

*"7. It was argued that the wife had alternate remedies under the Guardian and Wards Act and the CrPC and so a Writ should not have been issued. True, alternate remedy ordinarily inhibits a prerogative writ. But it is not an impassable hurdle. Where what is complained of is an impudent disregard of an order of a Court, the fact certainly cries out that a prerogative writ shall issue. In regard to the sentence, instead of the sentence imposed by the High Court, we substitute a sentence of three months, simple imprisonment and a fine of Rupees Five hundred. The sentence of imprisonment or such part of it as may not have been served will stand remitted on the appellant-petitioner producing the child in the High Court. With this modification in the matter of sentence, the appeal and the Special Leave Petition are dismissed. Criminal Miscellaneous Petition No. 677/81 is dismissed as we are not satisfied that it is a fit case for laying a complaint.*

33. In the aforesaid judgments rendered by the Hon'ble Supreme Court it had been categorically held that once an issue had been adjudicated by the Court, then same parties cannot be allowed to face litigation regarding the same issue again and further if any authority while passing

the order has taken a different view to that of the view settled by the Court, then against the said order writ petition under Article 226 of the Constitution of India shall be maintainable and the writ petition cannot be dismissed on the ground of availability of alternative remedy against the said order.

34. In view of the aforesaid law laid down by the Hon'ble Supreme Court, now this Court proceeds to analyse as to whether dispute raised by Mohd. Javed vide his complaint dated 28.3.2023, before the Assistant Registrar, has been adjudicated by this Court while deciding Writ-C No.20596 of 2022, Special Appeal No.614 of 2022 and Writ-C No.21962 of 2023.

35. It is to be noted in categorical terms that the dispute raised by Mohd. Javed before the Assistant Registrar was that he neither tendered resignation from the post of Secretary/Manager of the Society nor he ever filed any application before the Assistant Registrar and has submitted proceedings of the Committee of Management of the Society and proceedings of general body of the Society on or after 24.9.2021. Mohd. Javed in his complaint has categorically submitted that resignation under his forged signatures and certain applications under his forged signatures have been presented before the Assistant Registrar and on that basis, an attempt has been made by certain persons to take over the control of the Society.

36. This Court finds that Ms. Mridula Mishra filed an application on 12.11.2021 before the Assistant Registrar annexing therewith the minutes of the meeting of the Committee of Management of the Society held on 7.2.2021 and 7.3.2021 and thereby she claimed that election/co-option of Mr. Ajit Kumar Sigh as President of the Society is based on forged documents and actually she is the President of the Society. Since the Assistant Registrar did not recognize the claim raised by Ms. Mridula Mishra and did not refer the election dispute to the Prescribed Authority under Section 25(1) of the Act of 1860, she filed Writ-C No.20596 of 2022 and a co-ordinate Bench of this Court vide order dated 24.8.2022 had held that since the claim raised by Ms. Mridula Mishra on its face is not a valid claim therefore, the Assistant Registrar was not under obligation to refer the election dispute under Section 25(1) of the Societies Registration Act, 1860 to the Prescribed Authority for adjudication. The relevant paragraphs of the judgment and order dated 24.8.2022 passed by this Court are extracted as under:-

*"11. Now coming to the arguments advanced by learned counsel for the petitioner No. 2, on the merits, the Court finds that the Assistant Registrar in the impugned order has clearly recorded the factum that arguments of the parties were heard on 12.5.2022 and the judgment was reserved. It was agreed between the parties that they would submit written submissions and original documents by 20.5.2022. In pursuance to the order dated 12.5.2022, Shri Gulam Nabhi submitted the original documents pertaining to the proceedings while Smt. Mridula Mishra failed to produce any original documents and only submitted her written arguments. The Court is not impressed with the argument advanced by the learned counsel for the petitioners that the respondent No. 1 even after reserving the judgment, after hearing the parties on 12.5.2022 relied upon documents submitted by Gulam Nabhi on 20.5.2022 inasmuch as it had been*

*agreed between the parties to do so. The respondent No. 1 had permitted the original records to be filed. Shri Gulam Nabhi filed the original records, but Smt. Mridula Mishra, petitioner No. 2 failed to filed any original documents and pleaded that the documents had been stolen as an after thought. The case law relied upon by the learned counsel reported **in Ramadhar Shashtri's case (supra)** is clearly distinguishable on facts as in that case the Deputy Director permitted both parties to file documents after hearing the case on his own, but in the case at hand, the parties had themselves agreed to submit the original records by a particular date. The impugned order cannot be said to have been passed in violation of principal of natural justice as ample equal opportunity had been given to the petitioner No. 2 to establish her case.*

*12. It has also been argued that the impugned order dated 2.6.2022 passed by the Assistant Registrar/respondent No. 1 is without jurisdiction inasmuch as instead of referring the rival claims set up before him under Section 25 (I) of the Societies Registration Act, 1860, the Assistant Registrar proceeded to adjudicate the doubt or dispute with regard to the office bearers of the Society. Learned counsel for the petitioners has placed reliance upon the decision of Division Bench of this Court reported in **Gram Shiksha Sudhar Samiti's case** (supra). There can be no quarrel about the law laid down by Their Lordships in the decision reported in **Gram Shiksha Sudhar Samiti's case** (supra). However, the Court is of the opinion that only genuine rival claim / disputes or doubts about the office bearers of the Society are required to be referred for adjudication by Prescribed Authority under Section 25 (i) of the Societies Registration Act, 1860 and the Assistant Registrar, Firms, Societies and Chits while referring the dispute is not to function as a post office/rubber stamp. Sufficient, prima facie, material must be produced before the Registrar before he can validly exercise his jurisdiction of referring the dispute.*

*13. In the case at hand, the Assistant Registrar while, prima facie, considering the existence of a bona fide dispute regarding the office bearers of the Society has recorded in his order that in the typed copy of the proceedings submitted along with her application / objection dated 12.11.2021, the petitioner No. 2 Smt. Mridula Mishra, the details of the number of members of present are not mentioned. It has also not been mentioned as to who convened the meeting of the General Body and who informed the members. The said aspect has neither been clarified nor any evidence has been filed in support thereof. In the absence of proof of convening the meeting as per the registered bye laws of the Society, the proceedings submitted by Smt. Mridula Mishra appears to be doubtful. Besides the above, the Assistant Registrar has in its order recorded the factum that in respect of the meeting of the General Body on 3.10.2021 in which the vacant post of the President Shri Amit Kumar Singh has been filled up by Smt. Mridula Mishra. Much prior to the said date on 15.4.2021, the President Shri Amit Kumar Singh is stated to have expired and in terms of Rule 10, the then Manager Mohd. Javed was authorized to convene the meeting of the General Body on 3.10.2021 and send information to the members. No statement has been made by Smt. Mridula Mishra that the meeting had been convened by Mohd. Javed nor any document to that effect has been presented. In contrast to the above, much before the submission of the proceedings on 12.11.2021 i.e. 28.5.2021, the proceedings of filling the casual*

*vacancy of the post of President has been submitted by Mr. Mohd. Javed on 29.4.2021. The Assistant Registrar has on this basis returned a finding that the meeting of the General Body convened on 3.10.2021 was convened unauthorizedly and is void since the beginning. In contract to the above, the proceedings presented by Shri Gulam Nabhi and available in the office file have been found to confirm to the original records and as per the approved bye laws, the Assistant Registrar thus concluded that the application/objection dated 12.11.2021 submitted by the petitioner No. 2 Smt. Mridula Mishra as President and the proceedings attached with the objections are not found in accordance with the registered bye laws of the Society. In substance the Assistant Registrar has found that the rival claim set up by the petitioner No. 2 Smt. Mridula Mishra is not bona fide and accordingly has declined to refer the dispute to the prescribed authority under Section 25 (I) of the Societies Registration Act, 1860 and has ordered for proceeding under Section 4 (1) of the Act in respect of the proceedings submitted by Gulam Nabhi.*

*14. The Court finds no error in the view taken by the Assistant Registrar, Firms, Societies and Chits in refusing to refer the rival disputes for adjudication to the Prescribed Authority under Section 25 (I) of the Societies Registration Act, 1860 so as to warrant any interference in exercise of writ jurisdiction under Article 226 of the Constitution of India. The view of the Assistant Registrar is in consonance with the ratio of the decision of a Division Bench of this Court reported in* ***Committee of Management, Rashtriya Junior High School (Society), Babhaniyaon, District Jaunpur versus The Assistant Registrar, Firms, Societies and Chits, Varanasi Region, Varanasi and others, 2005 (61) ALR 74*** *decided on 11.8.2005. The relevant paragraph 4 of the aforesaid decision is being reproduced hereunder:-*

*"4. It is the standard law that if any bona fide dispute as to two rival Committees of Managements is shown to be in existence to the Registrar or Assistant Registrar, a reference by him of the dispute to the Prescribed Authority follows as a matter of course. But a bona fide dispute does come into existence merely because one member, even if he is a founder member, chooses simply to he has say or assert that he has a rival Committee and therefore, a bona fide dispute as to Management exists. Sufficient prima facie material must be produced before the Registrar before he can validly exercise his jurisdiction of referring the dispute. He must, simply put, be satisfied that there is something to refer and he is not merely sending litigations before the Prescribed Authority, without there being even a shadow of real cause for litigation."*

*15. In view of the above, the writ petition lacks merit. It is accordingly* ***dismissed.*** *No order as to costs.*

37. This Court finds that learned Single Judge while deciding Writ-C No.20596 of 2022 has not made any adjudication regarding the dispute raised by Mohd. Javed as in the entire order dated 24.8.2022 there is no finding as to whether Mohd. Javed ever tendered resignation from the post of Secretary/Manager of the Committee of Management of the Society and there is also no finding as to whether signatures on the alleged resignation and on the alleged applications are of Mohd. Javed. Learned Single Judge had decided the issues involved in Writ- C No.20596 of 2022 viz-a-viz the claim of Ms. Mridula Mishra and therefore, in no way it can be

said that the said judgment had decided the dispute raised by Mohd. Javed.

38. Ms. Mridula Mishra challenged the order dated 24.8.2022 passed by this Court in Writ- C No.20596 of 2022 by filing Special Appeal No.614 of 2022 and the Division Bench of this Court again decided the entire issue viz-a-viz the claim raised by Ms. Mridula Mishra and dismissed the special appeal vide judgment and order dated 30.11.2022. The relevant paragraphs of the judgment and order dated 30.11.2022 are extracted as under:-

*"We have given our thoughtful consideration to the rival submissions and have perused the record.*

*The facts which we have noticed above reflect that the last election as regards which there exist no dispute was held on 17.9.2016, returning Amit Singh as President and Mohd. Javed as Secretary. On 16.4.2021 Amit Singh died. The respondents set up a meeting dated 29.04.2021 showing election of Ajit Kumar as President for the remainder period, which was to expire within 5 years starting from 17.09.2016 or from the date of its recognition. The minutes of the meeting dated 29.04.2021 along with the list of office bearers was submitted for registration and that list was accepted on 07.06.2021 by the Assistant Registrar while exercising his power under Section 4(1) of the 1860 Act. The writ petitioner set up her claim questioning the entire proceeding in the month of November 2021 and to support her claim she set up a resolution, dated 03.10.2021, electing her as President in lieu of death of Amit Singh. In that claim, there was no specific prayer to recall the order, dated 07.06.2021, accepting the list of office bearers. In such circumstances, when the replacement of deceased Amit Singh by the writ petitioner Mridula Mishra was itself in the teeth of the bye-laws of the Society inasmuch as replacement could be only for the remainder term, which had already expired, and there being no prayer questioning the registration of the office-bearers on 07.06.2021, the Assistant Registrar was justified in finding the claim of the petitioner as not bonafide. For the reasons above, we do not find a good reason to interfere with the order of the learned Single Judge.*

*The appeal is, therefore,* ***dismissed.*** *Dismissal of the appeal as well as of the writ petition shall be without prejudice to the right of the writ petitioners to take recourse to other alternative remedies."*

39. This Court finds that even the Division Bench of this Court while dismissing Special Appeal No.614 of 2022 vide judgment and order dated 30.11.2022 has not adjudicated over the dispute raised by Mohd. Javed as the said dispute is based on the genuineness of the signatures of Mohd. Javed on the alleged resignation and also genuineness of his signatures on the alleged applications therefore, there is no hesitation for this Court to record the finding in categorical terms that judgments and orders passed in Writ-C No.20596 of 2022 and Special Appeal No.614 of 2022 only decide the issues raised therein viz-a-viz the claim of Ms. Mridula Mishra and do not decide the issues viz-a-viz the dispute raised by Mohd. Javed.

40. The claim raised by Mohd. Javed was accepted by the Assistant Registrar by passing orders dated 28.6.2023 and 14.9.2023 whereby fresh elections were directed to be held under Section 25(2) of the Act of 1860. The petitioners challenged

the said orders dated 28.6.2023 and 14.9.2023 by filing Writ-C No.21962 of 2023 which has been allowed vide judgment and order dated 6.10.2023 passed by a co-ordinate Bench of this Court. Vide judgment and order dated 6.10.2023, this Court had set aside the orders dated 28.6.2023 and 14.9.2023 with a direction to the Assistant Registrar to refer the dispute raised by Mohd. Javed to the Prescribed Authority for adjudication under Section 25(1) of the Act of 1860. The Court in its order dated 6.10.2023 had also recorded a finding that petitioners have no serious objection if the dispute raised by Mohd. Javed is referred by the Assistant Registrar to the Prescribed Authority for decision on merits. The learned Single Judge while issuing direction to the Assistant Registrar to refer the dispute raised by Mohd. Javed to the Prescribed Authority had also made few observations regarding claim of Mohd. Javed and has deliberately used word 'prima facie'. The relevant paragraphs of the judgment and order dated 6.10.2023 are extracted as under:-

*"10. There being some factual dispute in relation to resignation tendered by Mohd. Javed, however, after perusing the order impugned, I find that though as per the decision of Co-ordinate Bench as well as Division Bench dismissing the claim set up by Mridula Mishra in relation to the enrollment of new member Ajit Kumar Singh and further proceedings culminated into the decision dated 02.06.2022, ultimately, merged into the decisions of this Court, re-opening of the closed issue at the instance of Mohd. Javed in the facts and circumstances of the case, particularly when, he claimed himself to be continuing as Secretary/ Manager since 2016 onwards, prima facie, cannot give rise to a presumption that he had no knowledge of the proceedings of Writ Petition and Special Appeal pressed at the behest of allegedly elected President Mridula Mishra. The Assistant Registrar, though has referred to the decisions of this Court, in the discussion/finding part he has not recorded any finding as to the effect of the orders passed by this Court.*

*11. In the opinion of the Court, the decision making process adopted by the Assistant Registrar suffers from serious infirmities and, therefore, matter requires consideration.*

*12. When the Court proceeded to pass an interim order in the present case, learned counsel for the respondent no.3 submits that there being serious election dispute as well as continuance of office bearership covered by Section 25(1) of the Act, 1860 and the Competent Authority has to examine the entire things, the matter may be referred to the Prescribed Authority. He has also referred to the identical observations made by the Co-ordinate Bench and Division Bench of this Court in the earlier round of litigation.*

*13. Learned counsel for the petitioners has no serious objection to this submission, however, he submits that since election programme has been notified under the consequential order impugned, both the orders may be set aside.*

*14. Having heard learned counsel for the parties, I am of the view that the orders impugned cannot sustain in view of upholding of the ultimate decision dated 02.06.2022 upto Division Bench of this Court.*

*15. The writ petition succeeds and is* ***allowed****.*

*16. The order dated 28.06.2023 (impugned with the writ petition) and the order dated 14.09.2023 (impugned through the amendment application) passed by the Assistant Registrar, Firms, Societies and*

*Chits, Azamgarh Region, Azamgarh as well as election schedule notified pursuant thereto are hereby* ***set aside.***

*17. The Assistant Registrar, Firms, Societies and Chits, Azamgarh Region, Azamgarh (respondent no.2) is directed to refer the dispute to the Prescribed Authority under Section 25(1) of the Act, 1860."*

41. This Court finds that learned Single Judge vide its order dated 6.10.2023 passed in Writ-C No.21962 of 2023 has not made any final adjudication regarding the dispute raised by Mohd. Javed and has made only prima facie observations in paragraph 10 and when the said observations are seen in the light of direction issued by the learned Single Judge to the Assistant Registrar for referring the matter to the Prescribed Authority, it can be easily inferred that the learned Single Judge was of the view that the dispute raised by Mohd. Javed has to be decided by the Prescribed Authority.

42. Pursuant to the order dated 6.10.2023 passed by this Court in Writ-C No.21962 of 2023, the dispute raised by Mohd. Javed was referred by the Assistant Registrar to the Prescribed Authority vide order dated 27.10.2023 for adjudication under Section 25(1) of the Act of 1860. Petitioners again challenged the order dated 27.10.2023 by filing Writ-C No.42723 of 2023 and there they took categorical ground that reference made vide order dated 27.10.2023 is in the teeth of judgments and orders passed in Writ-C No.20596 of 2022, Special Appeal No.614 of 2022 and Writ-C No.21962 of 2023 but the learned Single Judge of this Court did not find any apparent infirmity in the order dated 27.10.2023 and ultimately petitioners also agreed that a direction may be issued to the Prescribed Authority to decide the reference in a time bound manner and therefore, the learned Single Judge vide order dated 31.1.2024 issued direction for expeditious disposal over the reference by the Prescribed Authority.

43. Without making any comment on the merits of the claim of Mohd. Javed and the order dated 30.3.2024 passed by the Prescribed Authority, this Court finds that there is no final adjudication viz-a-viz the dispute raised by Mohd. Javed in the judgments and orders passed in Writ-C No.20596 of 2022, Special Appeal No.614 of 2022 and Writ-C No.21962 of 2023. Even further petitioners themselves, twice i.e. at the time of passing of the judgment and order dated 6.10.2023 in Writ-C No.21962 of 2023 and judgment and order dated 31.1.2024 in Writ-C No.42723 of 2023 had agreed that dispute raised by Mohd. Javed may be decided by the Prescribed Authority.

44. Once this Court is of the view that dispute raised by Mohd. Javed has not been decided by this Court in earlier rounds of litigation and petitioners themselves agreed that dispute raised by Mohd. Javed may be decided by the Prescribed Authority, now it is not open for them to urge before this Court that they may be allowed to bypass the remedy of statutory appeal available under Section 25(1)(d) of the Act of 1860 against the impugned order dated 30.3.2024 on the ground that the impugned order dated 30.3.2024 passed by the Prescribed Authority is contrary to decisions rendered by this Court in earlier rounds of litigation.

45. In view of the aforesaid reasons, this writ petition is dismissed on the ground of statutory remedy of appeal available to

the petitioners under Section 25(1)(d) of the Societies Registration Act, 1860.

46. Since the petitioners against the impugned order dated 30.3.2024 had approached this Court by filing this writ petition on 13.4.2024 and this writ petition remained pending for a quite some time therefore, it is provided that if petitioners file the statutory appeal under Section 25(1)(d) of the Act of 1860 within three weeks from today, the appellate authority shall hear and decide the appeal on merits and shall make endeavour to decide the appeal within three months from the date of its filing.

47. Since during pendency of this writ petition, pursuant to the impugned order dated 30.3.2024 elections of the Committee of Management of the Society have already taken place therefore, the elections held pursuant to the order dated 30.3.2024 shall abide by the decision in the appeal.

(Delivered by Hon'ble Dinesh Pathak, J.)

1. Heard learned counsel for the petitioner, learned counsel for the private respondent No. 3 as well as learned Standing Counsel for the State-respondents and perused the record on board.

2. Petitioner has invoked the extraordinary jurisdiction of this Court under Article 226 of the Constitution of India assailing the order dated 21.3.2024 passed by Sub-Divisional Officer, Aonwla, Bareilly whereby election petition under Section 12-C of UP Panchayat Raj Act, 1947 (in brevity, 'Act, 1947') moved on behalf of Rajkumari, respondent No. 3, has been allowed and she has been declared returned candidate on the post of Pradhan of the village Guleli, Vikas Khand Ramnagar, Tehsil- Aonwla, District Bareilly, after recounting of ballot papers in pursuance of the order dated 2.3.2024.

3. Facts culled out from the record are that in UP Panchayat Election 2020-2021 held on 15.4.2021, present petitioner has been declared successful to the post of Pradhan. Counting of votes was conducted on 2.5.2021 and, thereafter, result was declared on the same day. In the final result, returned candidate (petitioner) has secured 650 votes and the first runner respondent No. 3 has secured 644 votes. Having been aggrieved with the result of the panchayat election, Smt. Raj Kumari (respondent No. 3) has filed an election petition dated 25.5.2021 with the prayer to cancel the election result on the post of Pradhan of village/Gram Panchayat, Guleli and declare the election-petitioner as a returned candidate after recounting of votes. After exchange of respective pleadings between the parties, learned Prescribed Authority (Election Tribunal) has framed as many as 11 issues and, after due discussion, has allowed the election petition in part, vide its order dated 2.3.2024, with a direction for recounting of

ballot papers fixing 9.3.2024 as a date. Having been aggrieved with the order of recounting dated 2.3.2024, the returned candidate (present petitioner) has preferred a revision dated 12.3.2024 which has been ordered to be registered and admitted, vide order dated 22.3.2024 (Annexure No. 10). During pendency of the revision, recounting process was completed. Consequently, the Prescribed Authority has passed fresh order dated 21.3.2024 allowing the election petition and declared the respondent No. 3 as a returned candidate, which is under challenge before this Court.

4. In this backdrop of the facts, learned counsel for the petitioner, while assailing the order impugned dated 21.3.2024, has questioned the jurisdiction of the Prescribed Authority in passing the order dated 21.3.2024 on the ground that while passing the previous order dated 2.3.2024, whereby election petition has been allowed in part, the Prescribed Authority became functus officio, thus, he has inherent lack of jurisdiction to pass subsequent order impugned dated 21.3.2024 whereby the same election petition has been allowed second time and, consequently, respondent No. 3 has been declared as a returned candidate. He has laid emphasis on the final observation made by the Prescribed Authority in its previous order dated 21.3.2024 whereby election petition has been partially allowed. It is next submitted that once the election petition has been partially allowed without fixing any date for further proceeding or action, it amounts to final decision on the election petition and nothing remains to be decided in the said petition. Thus, subsequent order dated 21.3.2024 passed by the Prescribed Authority, who became functus officio, is nullity in the eye of law. In support of his submissions, learned counsel for the petitioner has placed reliance on the follwoing cases:

(i) **Parshuram vs. State of UP and others (Matter under Article 227 No. 31424 of 2021), decided on 23.12.2022 by coordinate Bench at Lucknow of this Court, 2022 O Supreme (All) 1629,**

**(ii) Manoj Devi vs. State of UP and 20 others (Writ C No. 33777 of 2022), decided on 29.3.2023 by the coordinate Bench of this Court, Neutral Citation No. 2013:AHC:67092**

**(iii) Ram Kali vs. District Judge Hardoi and 10 others (Writ C No. 6852 of 2023), decided on 9.8.2023 by the coordinate Bench at Lucknow of this Court (Neutral Citation No. 2023: AHC-LKO 53074), and**

**(vi) Smt. Maneeta Devi vs. State of UP and 8 others (Writ C No. 10442 of 2022), decided on 13.4.2022 by the coordinate Bench of this Court (Neutral Citation No. 2022:AHC:54664)**

5. Per Contra, learned counsel for the contesting respondent No. 3 has vehemently opposed the submissions as advanced by the learned counsel for the petitioner and contended that issuing a direction for recounting of the ballot papers is simply an aid to final decision on the election petition, therefore, order of recounting cannot be treated as a final order rather same is an interlocutory order, therefore, after recounting of ballot papers, final decision has rightly been taken on the election petition, vide order impugned dated 21.3.2024. It is next submitted that direction for recounting of the ballot papers amounts to pendency of the election

petition subject to final outcome of the recounting. Thus, learned Tribunal has rightly allowed the election petition finally, having regard to the result of the recounting. In support of his contention, learned counsel for the respondents has placed reliance on the follwoing judgments:-

**(i) Mohd Mustafa vs. U.P. Ziladhikari and others, 2007 103 RD 282,**

**(ii) Kusum Misra vs State of U.P., 2023 (5) AWC 4247, and**

**(iii) Jahida Begam vs State of U.P. and 8 others, 2023 AIR (All) 120.**

6. Having considered the rival submissions advanced by learned counsel for the parties and perusal of record, it is manifested that point for consideration in the instant writ petition lies in a narrow compass as to whether the Prescribed Authority has become functus officio while partly allowing the election petition and issuing a direction for recounting of ballot papers, vide order dated 2.3.2024, thus, he has inherent lack of jurisdiction to pass subsequent order dated 21.03.2024, having considered the final outcome of recounting, again allowing the same election petition finally and declaring the respondent No. 3 as a returned candidate?

7. In view of the point involved in the instant matter, as mentioned above, it would be befitting to define the phrase "Functus Officio". Needless to say that any judge or quasi-judicial authority would be considered as functus officio in the eventuality that he/she has performed his/her duty finally in its official capacity and nothing remains to be decided/considered/revisit on the said subject matter unless there is a legal provision to do so. In the recent judgment of **Orissa Administrative Tribunal Bar Association vs. Union of India and others, 2003 SCC OnLine SC 309**, Hon. Supreme Court has discussed the phrase "functus officio". The relevant paragraphs of the aforesaid judgment are quoted herein below:-

***107. P. Ramanath Aiyer's The Law Lexicon (1997 edition) defines the term functus officio as:-***

***"A term applied to something which once has had a life and power, but which has become of no virtue whatsoever One who has fulfilled his office or is out of office an authority who has performed the act authorised so that the authority is exhausted"***

***108. Black's Law Dictionary (5th edition) defines the term as follows***

***"Having fulfilled the function, discharged the office or accomplished***

***agency, etc. which has fulfilled the purpose of its creation, and is therefore of no further virtue or effect***

***109. The doctrine of functus officio gives effect to the principle of finality. Once a judge or quasi-judicial authority has rendered a decision, it is not open to her to revisit the decision and amend. correct clarify, or reverse it (except in the exercise of the power of review, conferred by law) Once a Judicial or quasi-judicial decision attains finality, it is subject to change only in proceedings before the appellate court***

***110. For instance, Section 362 of the Code of Criminal Procedure 1975***

***provides that a court of law is not to alter its judgment once it is signed***

***"362 Court not to alter judgment. Save as otherwise provided by this Code or by any other law for the time being in force, no Court, when it has signed its judgment or final order disposing of a case, shall alter or review the same except to correct a clerical or arithmetical error."***

***111. In Hari Singh Mann v. Harbhajan Singh Bajwa35, this Court recognized that Section 362 was based on the doctrine of functus officio***

***70. The section is based on an acknowledged principle of law that once a matter is finally disposed of by a court, the said court in the absence of a specific statutory provision becomes functus officio and disentitled to entertain a fresh prayer for the same relief unless the former order of final disposal is set aside by a court of competent jurisdiction in a manner prescribed by law. The court becomes functus officio the moment the official order disposing of a case is signed. Such an order cannot be altered except to the extent of correcting a clerical or an arithmetical error."***

***112. The doctrine of functus officio exists to provide a clear point where the adjudicative process ends and to bring quietus to the dispute. Without it, decision-making bodies such as courts could endlessly revisit their decisions. With a definitive endpoint to a case before a court or quasi-judicial authority, parties are free to seek judicial review or to prefer an appeal. Alternatively, their rights are determined with finality. Similar considerations do not apply to decisions by the state which are based entirely on policy or expediency.***

***115. Turning to the present case, the appellants' argument that the Union Government was rendered functus officio after establishing the OAT does not stand scrutiny. The decision to establish the OAT was administrative and based on policy considerations. If the doctrine of functus officio were to be applied to the sphere of administrative decision-making by the state, its executive power would be crippled. The state would find itself unable to change or reverse any policy or policy-based decision and its functioning would grind to a halt. All policies would attain finality and any change would be close to impossible to effectuate.***

***114. This would impact not only major policy decisions but also minor ones. For example, a minor policy decision such as a bus route would not be amenable to any modification once it was notified. Once determined, the bus route would stay the same regardless of the demand for say, an additional stop at a popular destination. Major policy decisions such as those concerning subsidies, corporate governance, housing, education and social welfare would be frozen if the doctrine of functus officio were to be applied to administrative decisions. This is not conceivable because it would defeat the purpose of having a government and the foundation of governance. By their very nature, policies are subject to change depending on the circumstances prevailing in society at any given time. The doctrine of functus officio cannot ordinarily be applied in cases where the government is formulating and implementing a policy.***

***115. In the present case, the State and Union Governments' authority has not been exhausted after the establishment of an SAT. Similarly, the State and Union Governments cannot be said to have fulfilled the purpose of their creation and to be of no further virtue or effect once they have established an SAT. The state may revisit its policy decisions in accordance with law. For these reasons, the Union Government was not rendered functus officio after establishing the OAT."***

8. In the matter of Lalit Narayan Mishra vs. State of Himachal Pradesh and others, 2016 SCC OnLine HP 2866, Division Bench of Hon'ble Himachal Pradesh High Court has held that "Functus officio" is a Latin term meaning having performed his or her office. With regard to an officer or official body, it means without further authority or legal competence because the duties and functions of the original commission have been fully accomplished. "Functus" means having performed and "officio" means office. Thus, the phrase functus officio means having performed his or her office, which in turn means that the public officer is without further authority or legal competence because the duties and functions of the original commission have been fully accomplished.

Trayner's Latin Maxims, 4th Edn. gives the expression functus officio the following meaning "Having discharged his official duty. This is said of any one holding a certain appointment, when the duties of his office have been discharged. Thus a Judge, who has decided a question brought before him, is functus officio and cannot review his own decision."

In Wharton's Law Lexicon, 14th Edn., the expression functus officio is given the meaning: "a person who has discharged his duties, or whose office or authority is at an end."

P. Ramanatha Aiyar's Law Lexicon gives the expression the meaning: "A term applied to something which once has had a life and power, but which has become of no virtue whatsoever. Thus when an agent has completed the business which he was entrusted his agency is functus officio."

In Black's Law Dictionary Tenth Edition, meaning of functus officio is: "having performed his or her office (of an officer or official body) without further authority or legal competence because the duties and functions of the original commission have been fully accomplished." In other words, the authority, which had a life and power, has lost everything on account of completion of purpose/activities/act.

**(Emphasis added)**

9. Dealing with the execution proceedings, Hon'ble Single Bench of Madras High Court in the matter **of VG Naidu vs. Pahalraj Gangaram, 2016 SCC OnLine Mad 9710** has observed that till the time of limitation subsists, there can be any number of execution applications and if statute, provides power to correct certain account of certain kinds of errors, then the doctrine of functus officio would be subject to such qualification and its applicability would dependent upon the nature and extent of power conferred on the authority functioning. It is further observed that "principle of finality is attached to the doctrine of functus officio, but, there are exceptions to the principle of finality. However, the court's inherent power to set

aside the judgment only be invoked in exceptional circumstances to avoid miscarriage of justice. Fraud as is a genuine, albeit limited, exceptions to the important principle of finality of litigation.

**(Emphasis added)**

10. To apply the proposition of law qua functus officio, as discussed above, in the given circumstances of the present matter, it would be befitting to refer and discuss the final observation made by the Prescribed Authority in his order dated 2.3.2024, which is quoted herein below:

**अतः उक्त विवेचना के आधार पर चुनाव याचिका राजकुमारी की आंशिक रूप से स्वीकार की जाती है। मतपत्रों की पुर्नगणना हेतु दिनांक 09-03-2024 नियत की जाती है। पुर्नगणना की कार्यवाही विकास खण्ड रामनगर तहसील आंवला जिला बरेली में करायी जायेगी।**

"**Thus, in view of the discussion as above, election petition of Raj kumari is partly allowed. Date 9.3.2024 is being fixed for recounting of ballot papers. Proceeding of recounting will be conducted in Vikas Khand, Ram Nagar, Tehsil Aonwla, District Bareilly.**"

**(Tranlation by Court)**

11. It is evident from the first order dated 2.3.2024 passed by Prescried Authority that the election petition has been allowed partially fixing the date for recounting, without fixing any date for further hearing in the election petition, which resulted into final termination of the proceeding in election petition filed on behalf of respondent No. 3 under section 12-C of the Act, 1947. There is nothing on record to demonstrate that further date has been fixed for hearing in the election petition intending to decide it finally after final outcome of the recounting. Thus, a genuine question has arisen as to what remains to be decided in the election petition while it has been allowed, even partially, without fixing any further date for the purposes of further hearing in the election petition? Recounting of ballot papers was the consequential effect of the order dated 2.3.2024. However, declaring the respondent No. 3 as a returned candidate in consequence to the final outcome of the recounting may be a ministerial/procedural issue, but, same cannot be made an integral part of the such judicial proceedings under Section 12-C of the Act, 1947, which has already been terminated by previous order dated 2.3.2024. Partly allowing the election petition and fixing the date for recounting, vide order dated 2.3.2024 passed by Prescribed Authority, is a paramount consideration for the purposes to decide as to whether, after said order being passed, the Prescribed Authority became functus officio or not. Dealing with this question, the coordinate Bench at Lucknow of this Court in the case of Parshuram (supra) has held that once the final order has been passed in an election petition, the Prescribed Authority became functus officio and cannot pass any order subsequent thereto even if election petition has been decided finally for recounting of votes. The relevant paragraphs No. 6, 36 and 37 of the aforesaid judgment are quoted in hereinbelow:-

***"6. The legal question which has arisen in the instant petition is whether the Prescribed Authority has erred in law in directing for re-counting of votes while finally deciding the election petition***

***inasmuch as to whether the Prescribed Authority could pass any further order on receipt of the result of the re-counting of votes once the election petition had been finally decided and consequently the Prescribed Authority became 'functus officio'?***

***36. As already indicated above, the Apex Court in the case of Hari Vishnu Kamath (supra) has held that after the Election Tribunal finally pronounces its decision, it becomes 'functus officio' meaning thereby that it would not have any power to pass any order in the election petition after it pronounces its order. In the instant case what the Election Tribunal headed by the Prescribed Authority has done is that it has finally allowed the election petition and has directed for a recounting. Even if the result of recounting of the votes is to be either way, the Election Tribunal having become 'functus officio' after pronouncement of its decision/allowing the petition, it would not be able to pass any further orders. As such keeping in view the settled proposition of law, Article 243-O of the Constitution of India categorically providing that only by means of an election petition the election to the Panchayat can be called in question and the election petition having been finally decided, the Prescribed Authority/Election Tribunal, thus became functus officio and cannot pass any further orders in the matter. As such, the impugned order has to be treated as a final order in all respects and accordingly it is apparent that the Prescribed Authority has passed a patently perverse order and has failed to exercise jurisdiction vested in him i.e. of finally deciding an election petition either way.***

***37. Keeping in view the aforesaid discussion, the legal question which has arisen in the instant petition is answered below:-***

***The Prescribed Authority on finally deciding an election petition becomes functus officio and can not pass any order subsequent thereto even if the election petition has been decided finally calling for the re-counting of votes."***

12. In the case of **Mohd. Mustafa (supra),** the Division Bench of this Court has discussed scope of maintainability of the revision under Section 12-C (6) of the Act, 1947 in the event where order of recounting has been passed by the Prescribed Authority. The questions, which were referred to Hon'ble Division Bench, as mentioned in paragraph No.2 of the aforesaid judgement, are quoted herein below:-

***"[2] The learned Single Judge hearing the writ petition pointed out the conflict in the view taken by the learned Single Judge in Abrar's case (supra) with that of the decisions relied on by the learned Counsel for the petitioner and framed the following questions to be answered by a larger Bench:***

***(I) Whether the revision under Section 12-C (6) shall lie only against a final order passed by Prescribed Authority deciding the election petition under Section 12-C(1)_or a writ petition can be filed against an order of recount, which has been passed after deciding certain issues raised in the election petition?***

***(II)Whether the judgment or learned Single Judge in Abrar v. State of U.P., 2004 5 AWC 4088 and Ors. lays down correct law?"***

13. While answering the quetion referred in the matter of Mohd. Mustafa (supra), Hon'ble Division Bench has shown its inability to circumscribe to the view taken by the learned Single Judge in the matter of Abrar v. State of U.P. and others, 2004(5) AWC 4088 that the disposal of an application for recount would amount to be a final order as it disposes of the application for recounting finally. It is observed that the finality comes only after the disposed of the election application as the relief of setting aside an election or dismissing an election application comes at the final stage and not by mere disposal of an application of recount or ordering recount on deciding the issue framed for this purpose. Discussing the facts and circumstance of the **Mohd. Mustafa** (supra) case, it has been observed that only the order of recount has been passed by the Prescribed Authority and other issues were remained to be decided after recounting of ballot papers, as to whether the election had been held in accordance with law and as to whether the votes casted in favour of contesting respondents have been mixed up with the votes of the returned candidate and on the basis of which the petitioner has been declared elected. It was further to be decided as to whether election petition is to be allowed or dismissed. In this backdrop of the facts, Hon'ble Division Bench of this Court has observed that by no stretch of imagination it can be held that the order of recounting of votes has finally disposed of the election petition. In such specific facts and circumstances of the case, wherein simply order for recounting has been passed and original election petition was kept pending to be decided, Hon'ble Division Bench of this Court answered to the questions referred that revision under Section 12-C(2) of Act 1947 is always preferred against the final order passed by the Prescribed Authority, and the order for recounting is an interlocutory order, therefore, revision is not maintainable. Relevant paragraphs No. 24, 25, 26 and 27 of the aforesaid case are quoted herein below:

***"[24] The order impugned in the writ petition cannot be held to have disposed of the election application for the reason that the Election Tribunal framed following three issues:***

***(1) Whether the counting in the election on the post of Praonan of village Handia was conducted in accordance with law?***

***(2) Whether the agents of the applicant in election application, were forcibly removed from the place of counting and the votes cast in favour of the election applicant had been mixed up with the votes of the returned candidate (present petitioner) and on the basis of which opposite party No. 1 (present petitioner) was declared elected? And***

***(3) Whether on the facts and circumstances of the case, the recounting of votes is permissible and the election had been held in accordance with law?***

***[25] It is evident from the order impugned that only the order of recount has been passed. However, the other issues are yet to be decided after recount of ballot papers as to whether the -election had been held in accordance with law and as to whether the votes cast in lavour of the contesting respondent has been mixed up with the votes of the returned candidate and on the basis of which the petitioner has been declared elected. It is further to be decided as to whether the election***

***application is to be allowed or dismissed, Therefore, by no stretch of imagination, it can be held that the order of recount of votes has finally disposed of the election application.***

***[26] We are, therefore, with the utmost respect, not able to circumscribe to the view taken by the learned Single Judge in the Abrar's case (supra) for the reasons aforesaid and, therefore, we nave no hesitation in holding that the said decision does not lay down the law correctly on the question of the maintainability of revision under Section 12-C(6) of the Act in respect of an application disposed of by the Prescribed Authority for recount. We further approve the law lald down in the cases relied upon by the learned Counsel for the petitioner,***

***[27] We answer the questions referred to by the learned Single Judge as follows:***

***(I) A revision under Section 12-C(6) of the Act shall lie only against a final order passed by the Prescribed Authority deciding the election application preferred under Section 12-C(1) and not against any interlocutory order or order of recount of votes by the Prescribed Authority.***

***(II) The judgment of the learned Single Judge in the case of Abrar v. State of U.P. and Ors., 2004 5 AWC 4088 does not lay down the law correctly and is, therefore, overruled to the extent of the question of maintainability of a revision petition, as indicated hereinabove.***

***(III) As a natural corollary to the above, we also hold that a writ petition would be maintainable against an order of recount passed by the Prescribed Authority while proceeding in an election application under Section 12-C of the U.P. Panchayat Raj Act, 1947."***

14. Facts and circumstances of the cited case viz**. Mohd. Mustafa** (supra) is distinguishable from the facts and circumstances of the present case wherein election petition has been allowed partly by order dated 2.3.2024. Prescribed Authority has decided all the eleven (11) issues as formulated in the election petition filed under Section 12-C of the Act, 1947 and nothing remains to be decided. It would not be befitting to discuss the issues at this juncture inasmuch as order dated 2.3.2024 is under challenge in revison under Section 12-C(6) of Act, 1947 which is still pending before revisional court. While dealing with an election petition, there would be two options available for the Prescribed Authority; either to decide the election petition finally leaving no issue to be decided in further proceeding or fix dates for further proceedings intending to decide the election petition finally. If the Prescribed Authority chose to keep the election petition pending and directs to recount of votes then it would be an interlocutory order, in view of the ratio decided by the Hon'ble Division Bench of this Court in the matter of **Mohd. Mustafa** (supra). However, on the flip side, if the Prescribed Authority passes an order allowing or dismissing the election petition, may be partly, without keeping the election petition pending, with direction for recounting of votes, then, in my considered opinion, it would tantamount a final order and to that extent, the Prescribed Authority would be treated as functus officio, who has finally terminated the proceeding of election petition without keeping it pending for further proceedings.

15. The case of **Mohd. Mustafa** (supra) was discussed by the coordinate Bench at Lucknow of this Court in case of **Parshuram** (supra) and concluded that Election Tribunal become functus offico after pronouncement of its decision on the election petition. Hon'ble Judge has considered the provisions under Article 243-O of the Constitution of India as well. In similar facts and circumstances, wherein election petition has been allowed and direction has been issued for recounting of ballot papers, co-ordinate Bench of this Court in the case of **Kusum Kumari** (supra) and **Ram Kali** (supra) has finally upheld that such orders are final order in the eye of law subject to remedy of revision under Section 12-C (6) of the Act, 1947. It is apposite to mention that while entertaining the revision under Section 12-C (6) of the Act, 1947 against the order dated 2.3.2024, the revisional court, vide order dated 22.3.2024, has considered the order under revision as a final order to be revisable under Section 12-C (6) of the Act, 1947 and, accordingly, passed order for admission of the revision and its registration. While confronted with the counsel for the parties querying the pendency of the revision petition, they have admitted that said revision is still seized with the revisional court against the order dated 2.3.2024.

16. In this conspectus, as above, I found substance in the submissions advanced by the learned counsel for the petitioner that in view of allowing the election petition partly, vide order dated 2.3.2024, that too, without fixing any date for the further proceedings in the election petition intending to decide any issue or to take final decision on said election petition, the Prescribed Authority became functus officio and he has an inherent lack of jurisdiction to entertain such election petition again and allowed the same second time declaring respondent No. 3 as a returned candidate. It appears, prima facie, that learned Prescribed Authority has passed order dated 21.3.2024 in zeal, while the revision dated 12.3.2024 was seized with the revisional court to examine the legality and validity of the order dated 2.3.2024. Even assuming that no interim order was passed by the revisional court, the Prescribed Authority has not justified in passing the order dated 21.3.2024 while he had already laid his hands off from the election petition by terminating its proceeding finally vide order dated 2.3.2024. There is no provision under the Act, 1947 authorizing the Prescribed Authority to re-entertain the election petition, which has already been decided, and modify the previous order dated 2.3.2024 passed by him or to pass subsequent fresh order in furtherance of the previous order. The order under challenge, passed by the Prescribed Authority, is patently erroneous and perverse to the provisions of the Act, 1947 and same is liable to be qushed being illegal, unwarranted under the law, cryptic and suffers from infirmity warranting the indulgence of this Court in exercise of its extraordinary jurisdiction under Article 226 of the Constitution of India. The existence of such order beget prejudice and miscarriage of justice to the present petitioner, who is an elected representative in the democratic setup.

17. Resultantly, instant writ petition succeeds and is allowed. Order impugned dated 21.3.2024 passed by the Prescribed Authority/Sub-Divisional Officer, Aonwla (Annexure No. 1) is hereby quashed. Parties are already under litigation before the Revisional Court in

revision filed on behalf of present petitioner assailing the order dated 2.3.2024. The final outcome of the recounting, subject to objection if any at the relevant time, shall be kept in the sealed cover and shall be subject to the final decision of the revisional court. The revisional court, before whom revison filed on behalf of the petitioner is pending consideration, is expected to decide the said revision strictly in accordance with law as early as possible.

**Pradhan Mantri Garib Kalyan Package: Insurance Scheme for Health Workers Fighting COVID-19 –** The scheme was extended via several notifications, including Notification No. F.No.Z.21020/16/2028-PH issued on 26.04.2021. By virtue of this notification, the scheme was extended upto 24.03.2021. The notification clarified that the period would continue for 180 days w.e.f. 24.04.2021. Petitioner's husband, a Ward Boy working in the O.P.D. located opposite the COVID section, succumbed to COVID-19. Benefit was rejected on the grounds that the death of the petitioner's husband occurred three months after 28.03.2020, and he was not directly working in the COVID ward but was in the O.P.D. department. *Held:* Beneficial schemes provided by the Government are not to be interpreted in a technical manner but must be viewed holistically. Health workers at risk of being impacted by COVID-19, including accidental loss of life due to contracting COVID-19, are to be covered under such schemes. Since the petitioner's husband passed away on 08.05.2021, he would be covered under the scheme. The authorities were directed to provide the petitioner with ex-gratia payment in accordance with the law. **(Paras 4, 5)**

(Delivered by Hon'ble Shekhar B. Saraf, J.
&
Hon'ble Manjive Shukla, J.)

1. Heard Sri Nishant Mishra and Sri Vinay Kumar, learned counsel appearing for the petitioner, Sri Sudarshan Singh, learned counsel appearing for Respondent No.1 and learned Standing Counsel appearing for Respondents No. 2 to 6.

2. This is a writ petition under Article 226 of the Constitution of India wherein the petitioner is aggrieved by the impugned order passed by the respondent no.6 under **'Pradhan Mantri Garib Kalyan Package : Insurance Scheme for Health Workers Fighting COVID-19'.**

3. The grounds taken by the authorities are dual in nature. The first ground is that death of the petitioner's husband took place subsequent to three months of the date 28.3.2020 and therefore, the same would not be covered by the

Scheme. It is to be noted that the Scheme had been extended vide several notifications including the one bearing No. F.No.Z. 21020/16/2028-PH issued on April 26, 2021. By virtue of this notification it is clear that the Scheme was extended twice uptil 24.3.2021. Furthermore, the notification clarifies that the period shall continue for a period of 180 days w.e.f. 24.4.2021. Since the petitioner's husband expired on 8.5.2021, he would be covered under the Scheme. The second reason given in the rejection order that the petitioner was not directly working in Covid ward but was a Ward Boy in the O.P.D. Department.

4. The beneficial schemes provided by the Government are not to be read in a technical manner and are required to be looked in a holistic manner. The relevant portion of the order dated 28.03.2020 is provided below:-

*"i. It will be a comprehensive personal accident cover of Rs. 50 lakh for ninety (90) days to a total of around 22.12 lakh public healthcare providers, including community health workers, who may have to be in direct contact and care of COVID-19 patients and who may be at risk of being impacted by this. It will also include accidental loss of life on account of contracting COVID-19."*

5. Upon perusal of the said paragraph, it appears that Health Workers who may be at risk of being impacted by COVID-19 including accidental loss of life on account of contracting COVID-19 would also be included in the same order.

6. Reliance may be placed on the Delhi High Court judgment in **Sangeeta Wahi -v- Union of India and others,** reported in **2023 SCC OnLine Del 6808**. The ratio of the said judgment is provided below:-

*"8. Covid-19 Pandemic struck the country in March, 2020. Lakhs of persons lost their lives in the Pandemic. Police officials, healthcare workers, Doctors, Paramedics, etc. were braving the Pandemic and were in the line of duty to provide assistance to persons who fell victims to the life taking virus. Concerns had been raised regarding the country's healthcare system and its capacity to cope with the massive outbreak. Doctors, nurses, paramedical staff, including security staff in various hospitals, were working day and night to streamline the patients to ensure that the patients are screened at the earliest and are quarantined so that the virus does not spread. Persons who were affected by any fever were in a state of panic and not knowing what is to be done, they were rushing to hospitals not knowing where to go and whom to meet. People were crowding OPDs and the causality in the hospital to get themselves screened. At this juncture, it was these security guards, paramedical staff, who not only to ensured the safety of the hospitals but were also acting as guides by directing the patients to approach the correct centre. It, therefore, cannot be said that the security guards who were posted at various places were not in direct contact of Covid-19 patients. It is well known that Covid-19 virus spread through air and any patient who was coming to the hospital could have been infected by the virus, whether he/she was symptomatic or not. The patients got in touch with many service providers, be it security guards, nurses, paramedical staff, who might or might not have been posted in the Covid-19 ward. The Central Government, therefore, cannot take such a narrow approach that only such persons*

*who were posted in the Covid-19 ward or centre only will be covered by the "Pradhan Mantri Garib Kalyan Package: Insurance scheme for health workers fighting COVID-19". The Scheme was actually brought out as a measure to benefit the family members of persons who became martyrs in the line of duty while protecting thousands of persons affected by Covid-19 Pandemic. Taking such a narrow view actually goes against the spirit of the Scheme which was meant to provide immediate relief to persons who were tackling the situation and were protecting the lives of thousands of patients. This Court can take judicial notice of the fact that any person having mildest of the symptoms of Covid-19 was getting himself/herself tested. Poor people who could not afford private testing centres were rushing to the Government hospitals. A normal person would never know that there is a special Covid- 19 ward and his normal reaction would be to approach either the OPD desk or the casualty of the hospital to meet the Doctor. At that point of time, to streamline the queue, the services of the security guards were availed. The security guards were also directing the people to the Departments where the patients have to approach in order to get themselves treated. It, therefore, cannot be said that the late husband of the Petitioner herein, who died of Covid-19 which he may have contracted in the Hospital, was not in direct contact with the Covid-19 patients.*

*9. The Scheme has been brought out as a social welfare scheme and application of such schemes are not to be put in Procrustean beds or shrunk to Liliputian dimensions. Welfare Schemes must necessarily receive a broad interpretation. Where Scheme is designed to give relief, the Court should not be inclined to make etymological excursions [refer: Workmen v. American Express International Banking Corpn., (1985) 4 SCC 71].*

*10. The Apex Court in Regl. Provident Fund Commr. v. Hooghly Mills Co. Ltd., (2012) 2 SCC 489, has observed as under:*

*"24. If we look at the modern legislative trend we will discern that there is a large volume of legislation enacted with the purpose of introducing social reform by improving the conditions of certain class of persons who might not have been fairly treated in the past. These statutes are normally called remedial statutes or social welfare legislation, whereas penal statutes are sometime enacted providing for penalties for disobedience of laws making those who disobey, liable to imprisonment, fine, forfeiture or other penalty.*

*25. The normal canon of interpretation is that a remedial statute receives liberal construction whereas a penal statute calls for strict construction. In the cases of remedial statutes, if there is any doubt, the same is resolved in favour of the class of persons for whose benefit the statute is enacted, but in cases of penal statutes if there is any doubt the same is normally resolved in favour of the alleged offender.*

*26. It is no doubt true that the said Act effectuates the economic message of the Constitution as articulated in the directive principles of State policy. Under the directive principles the State has the obligation for securing just and humane conditions of work which includes a living wage and decent standard of life. The said*

*Act obviously seeks to promote those goals. Therefore, the interpretation of the said Act must not only be liberal but it must be informed by the values of the directive principles. Therefore, an awareness of the social perspective of the Act must guide the interpretative process of the legislative device."*

*11. In view of the above, the narrow and pedantic stand taken by the Central Government cannot be accepted and the Petitioner is entitled to the benefit of "Pradhan Mantri Garib Kalyan Package: Insurance scheme for health workers fighting COVID-19".*

7. Keeping in view the above judgment, we are of the view that the present case is very much covered by '**Pradhan Mantri Garib Kalyan Package : Insurance Scheme for Health Workers Fighting COVID-19'** as the petitioner's husband was a Ward Boy working in the O.P.D. that was just opposite the Covid Section. The pedantic view taken by the authorities is without application of mind that too with narrow interpretation of the said Scheme. Such an interpretation would be wholly contrary to the intention of the said Scheme.

8. Accordingly, the impugned order dated 29.2.2024 is quashed and set aside with a direction given on the authorities concerned to implement the Scheme expeditiously. The petitioner should be provided with the ex-gratia payment in accordance with law preferably within a period of three months from date.

9. With the above direction, the writ petition is allowed.

Writ C No. 59959 of 2016; Mohd. Farid Vs U.O.I. & anr. decided on 20.12.2016

(Delivered by Hon'ble Manjive Shukla, J.)

1. Heard Sri Suhel Ahmad Azmi, learned counsel appearing on behalf of the petitioner and learned counsel appearing on behalf of the respondents.

2. Petitioner through this writ petition has challenged the communication dated 30.05.2023 issued by the Regional Passport Officer, Vipin Khand, Gomti Nagar, Lucknow whereby he has been informed that decision has been taken to impound the passport No. M1266202 issued in his favour on 20.08.2014, under Section 10 (3) (e) of the Passports Act, 1967 on the ground of pending criminal case.

3. Facts of the case, in brief, are that pursuant to petitioner's application, Passport No. M1266202 was issued to him on 20.08.2014. The said passport is valid up to 19.08.2024. The petitioner on the basis of the aforesaid passport was residing in Kingdom of Saudi Arabia and was doing a private job. Petitioner's wife Fatima Jahara has lodged an F.I.R. against the petitioner which has been registered as Case Crime No. 25 of 2023 under Sections 498-A, 323, 406, 504, 506 I.P.C., Section 3/4 Dowry Prohibition Act and Section 3/4 of Muslim Women (Protection of Rights of Marriage) Act, 2019 at Police Station Mahila Thana, District Ambedkar Nagar. The investigating officer after completing his investigation in the aforesaid crime had submitted charge-sheet on 27.08.2023 before the competent court. The petitioner and other accused of the aforesaid crime have filed an application under Section 482 Cr.P.C. before this Court at Lucknow bearing Case No. 4935 of 2024 and the Court vide order dated 29.05.2024 has stayed the proceedings of the criminal case pending before the Court concerned.

4. Learned counsel appearing for the petitioner has submitted that Section 10 (3) (e) of the Passports Act, 1967 provides that the passport authority may impound or cause to be impounded or revoked a passport or travel document if proceedings in respect of an offence alleged to have been committed by the holder of the passport or travel document are pending before criminal court in India. He further submits that under Section 10 (5) of the Passports Act, 1967 provides that where the passport authority makes an order impounding a passport or travel document under sub-section 3 of Section 10 of the Passports Act, 1967, it shall record in writing a brief statement of the reasons of the making such order and furnish it to the holder of the passport.

5. Learned counsel appearing for the petitioner has argued that the legislature while enacting Section 3 of the Passports Act, 1967 had conferred discretion to the passport authority that in the case of pending criminal proceedings against a passport holder, he may impound the passport. He further argues that the legislature in Section 10 (3) had deliberately used word 'may' therefore intention of the legislature is very clear that a passport officer may impound the passport if criminal proceedings are pending against a passport holder but that does not mean that the passport officer is required to impound the passport of a person in every case where the criminal proceedings are pending against the said person. The passport officer as per the mandate of the legislature under Section 10

(3) (e) is required to consider each and every case on its own facts and thereafter by recording reasons of a possible misuse of the passport for avoiding presence of the passport holder before the court trying the offence or possibility of delay in conclusion of the criminal proceedings, can impound the passport.

6. Learned counsel appearing for the petitioner has further argued that when Section 10 (3) (e) is read with Section 10 (5) of the Passports Act, 1967 it can easily be inferred that the legislature had mandated the passport officer to give reasons for recording his satisfaction that a case for impounding passport is made out under Section 10 (3) (e) of the Passports Act, 1967 but in the case of the petitioner no reasons for recording satisfaction of the passport officer has been given and in the impugned communication dated 30.05.2023 it has been stated that because of the pending criminal case before the court, petitioner's passport has been impounded under Section 10 (3) (e) of the Passports Act, 1967.

7. Learned counsel appearing for the petitioner has vehemently argued that since the decision of impounding petitioner's passport is unreasoned and without consideration of the necessary facts, the said decision cannot be sustained in the eyes of law.

8. Learned counsel appearing for the petitioner in support of his arguments has relied on the judgment dated 20.12.2016 rendered by a Divisional Bench of this Court in Writ-C No. 59959 of 2016 and has contended that in the said judgment it has categorically been held that the passport officer is required to record reasons for arriving at a conclusion that in view of pending criminal case before the court, impounding of passport is necessary and only thereafter the order for impounding of passport can be passed, whereas in the case of the petitioner no such consideration has been done and straightaway his passport has been impounded, therefore the decision of the passport officer cannot sustain in the eyes of law.

9. Per contra, learned counsel appearing for the respondents has argued that the passport officer is empowered to impound passport of a person under Section 10 (3) (e) of the Passports Act, 1967 on the ground of pending criminal proceedings against him and therefore the passport officer while taking decision for impounding petitioner's passport under Section 10 (3) (e) of the Passports Act, 1967 in view of the pending criminal case against the petitioner in the competent court has acted strictly in accordance with law. He further submits that in view of the criminal case pending against the petitioner in the competent court, interference may not be shown by this Court in the impugned communication dated 30.05.2023.

10. We have considered the arguments advanced by the learned counsels appearing for the parties. We find that Section 10 (3) (e) of the Passports Act, 1967 provides that the passport authority may impound or cause to be impounded a passport if the proceedings in respect of an offence alleged to have been committed by the holder of the passport are pending before the criminal court in India. For ready reference Section 10 of the Passports Act, 1967 is extracted as under :-

"**10. Variation, impounding and revocation of passports and travel documents.—**

(1)The passport authority may, having regard to the provisions of sub-section (1) of section 6 or any notification under section 19, vary or cancel the endorsements on a passport or travel document or may, with the previous approval of the Central Government, vary or cancel the conditions (other than the prescribed conditions) subject to which a passport or travel document has been issued and may, for that purpose, require the holder of a passport or a travel document, by notice in writing, to deliver up the passport or travel document to it within such time as may be specified in the notice and the holder shall comply with such notice.

(2) The passport authority may, on the application of the holder of a passport or a travel document, and with the previous approval of the Central Government also vary or cancel the conditions (other than the prescribed conditions) of the passport or travel document.

(3) The passport authority may impound or cause to be impounded or revoke a passport or travel document,—

(a) if the passport authority is satisfied that the holder of the passport or travel document is in wrongful possession thereof;

(b) If the passport or travel document was obtained by the suppression of material information or on the basis of wrong information provided by the holder of the passport or travel document or any other person on his behalf:

Provided that if the holder of such passport obtains another passport, the passport authority shall also impound or cause to be impounded or revoke such other passport.

(c) if the passport authority deems it necessary so to do in the interests of the sovereignty and integrity of India, the security of India, friendly relations of India with any foreign country, or in the interests of the general public;

(d) if the holder of the passport or travel document has, at any time after the issue of the passport or travel document, been convicted by a court in India for any offence involving moral turpitude and sentenced in respect thereof to imprisonment for not less than two years;

(e) if proceedings in respect of an offence alleged to have been committed by the holder of the passport or travel document are pending before a criminal court in India;

(f) if any of the conditions of the passport or travel document has been contravened;

(g)if the holder of the passport or travel document has failed to comply with a notice under sub-section (1) requiring him to deliver up the same;

(h) if it is brought to the notice of the passport authority that a warrant or summons for the appearance, or a warrant for the arrest, of the holder of the passport or travel document has been issued by a court under any law for the time being in force or if an order prohibiting the departure from India of the holder of the passport or other travel document has been made by any such court and the passport authority is satisfied that a warrant or

summons has been so issued or an order has been so made.

(4) The passport authority may also revoke a passport or travel document on the application of the holder thereof.

(5) Where the passport authority makes an order varying or cancelling the endorsements on, or varying the conditions of, a passport or travel document under sub-section (1) or an order impounding or revoking a passport or travel document under sub-section (3), it shall record in writing a brief statement of the reasons for making such order and furnish to the holder of the passport or travel document on demand a copy of the same unless in any case the passport authority is of the opinion that it will not be in the interests of the sovereignty and integrity of India, the security of India, friendly relations of India with any foreign country or in the interests of the general public to furnish such a copy.

(6) The authority to whom the passport authority is subordinate may, by order in writing, impound or cause to be impounded or revoke a passport or travel document on any ground on which it may be impounded or revoked by the passport authority and the foregoing provisions of this section shall, as far as may be, apply in relation to the impounding or revocation of a passport or travel document by such authority.

(7) A court convicting the holder of a passport or travel document of any offence under this Act or the rules made thereunder may also revoke the passport or travel document: Provided that if the conviction is set aside on appeal or otherwise the revocation shall become void.

(8) An order of revocation under sub-section (7) may also be made by an appellate court or by the High Court when exercising its powers of revision.

(9) On the revocation of a passport or travel document under this section the holder thereof shall, without delay, surrender the passport or travel document, if the same has not already been impounded, to the authority by whom it has been revoked or to such other authority as may be specified in this behalf in the order of revocation."

11. We find that the legislature under Section 10 (3) (e) of the Passports Act, 1967 had deliberately used word 'may' meaning thereby that in the eventualities enumerated under Section 3 of the Passports Act, 1967 of the passport officer by recording reasons can impound passport but it is not necessary that in every case falling under Section 3 the passport officer is mandatorily required to impound the passport. The legislature under Section 10 (3) (e) has given power/discretion to the passport authority that if he is satisfied then he can impound the passport of a person on the ground of pending proceedings in relation to an offence in the criminal court, therefore prior to passing the order of impounding passport, the passport officer after considering the facts and circumstances of each case has to record reasons to arrive at a conclusion that due to pending criminal proceedings in a criminal court, the passport holder may misuse the passport for avoiding his appearance before the court and can delay the conclusion of the the proceedings.

12. The Division Bench of this Court vide its judgment rendered on 20.12.2016 in ***Writ-C No. 59959 of 2016***

***(Mohd. Farid Vs. Union of India & Anr.)*** had considered the purport of Section 10 (3) (e) of the Passports Act, 1967 and has held that before impounding the passport of a person, the passport authority is required to record reasons for arriving at a conclusion that the passport holder may misuse the passport for avoiding his appearance before the court concerned and for delaying the conclusion of the criminal proceedings. Relevant paragraphs of the judgment rendered in the case of Mohd. Farid (supra) are extracted as under :-

"After respective arguments have been advanced, we have proceeded to examine the provisions of the Passport Act, 1967 wherein section 10 confers power on the Passport Authority to pass orders for impounding/revocation of passports and travel documents. The grounds of impounding/revocation has been provided under Clause (a) to (h) of sub-section 3 of Section 10 of the Passport Act, 1967. Sub-section (5) of Section 10 obligates the Passport Authority to give reasons for making such an order. The relevant provisions that have been invoked in the present case is as follows:-

"(3) The passport authority may impound or cause to be impounded or revoke a passport or travel document:-

(e) if proceedings in respect of an offence alleged to have been committed by the holder of the passport or travel document are pending before a criminal court in India

(5) Where the passport authority makes an order varying or cancelling the endorsement on, or varying the conditions of, a passport or travel document under sub-section (1) or an order impounding or revoking a passport or travel document under sub-section (3), it shall record in writing a brief statement of the reasons for making such order and furnish to the holder of the passport or travel document on demand a copy of the same unless in any case, the passport authority is of the opinion that it will not be in the interests of the sovereignty and integrity of India, friendly relations of India with any foreign country or in the interests of the general public to furnish such a copy."

A bare perusal of the provisions quoted above would go to show that the Passport Authority under the Passports Act, 1967 has been conferred with the Authority to impound or caused to be impounded/revoked a passport or travel document if proceedings in respect of an offence have been committed by the holder of the passport or travel document are pending before a criminal Court in India. Sub-section 5 of Section 10 obligates the Passport Authority to record in writing a brief statement of reasons for making such an order.

Apex Court in the case of ***Menaka Gandhi vs. Union of India 1978 (1) SCC 248*** has taken the view that sub-section 5 of Section 10 of the Passports Act, 1967 requires the Passport Authority impounding the passport to record reasons of making such order and the necessity of giving reasons has obviously been introduced in the sub-section so that it may act as a healthy check against abuse or misuse of power. If the reasons given are not relevant and there is no nexus between reasons and the ground on which the passport was impounded, it would be open to the holder of the passport to challenge the order of impounding in a Court of law

and if the Court is satisfied that the reasons are extraneous or irrelevant, the Court would struck down the order.

Apex Court in the case of ***Suresh Nanda vs. CBI 2008 (3) SCC 674*** has taken the view that impounding of passport entails civil consequences and in view of this, the Authorities are duty bound to give opportunity of hearing to the person concerned.

There is no doubt on this fact that discretion is vested with the Passport Authority in terms of section 10 of the Passports Act, 1967 but it is not at all mandatory on the passport authority to impound or caused to be impounded or revoke a passport or travel document if proceedings in respect of offence merely alleged to have been committed by the holder of the passport or travel document are pending before the Court in India.

Pendency of criminal case against the holder of passport would not automatically result in impounding of his passport and the mere fact that certain conditions specified in Section 10 (3) of the Act, on the basis of which a passport can be impounded, subsists in a given case cannot by itself result in impounding of passport automatically and once the Passport Authority, in his wisdom, chooses to exercise his discretion in the said direction as to whether on account of pendency of such criminal case, the passport in question should be impounded or not, then, at the said point of time, the Passport Officer should apply his mind looking into the nature of the criminal cases that have been lodged/initiated against the petitioner and further that if a passport is not impounded, then there are possibilities that the incumbent would not at all face the criminal cases. Even if criminal case is pending against a person that by itself does not require passport authority to impound/revoke the passport in every given case. It is only in appropriate cases for adequate and cogent reasons such an order could be passed. While passing order of impounding/revocation of passport, merely by quoting the requirement mentioned in the section is clearly indicative of circumstance that order has been passed without there being any objective consideration of the subject matter."

13. We find that a criminal case relating to a matrimonial discord is pending against the petitioner in the criminal court and proceedings of the said case have been stayed by the High Court and mediation proceedings in between the parties are in process.

14. The passport officer in the present matter has taken decision to impound petitioner's passport under Section 10 (3) (e) of the Passports Act, 1967 only on the ground that proceedings related to an offence are pending against the petitioner before criminal court but he has not considered the facts of the criminal case and has also not recorded reasons to arrive at a conclusion that petitioner may misuse his passport for avoiding his presence before the criminal court and also for delaying the conclusion of the criminal proceedings and therefore it is necessary to impound his passport under Section 10 (3) (e) of the Passports Act, 1967. More so we find that Section 10 (5) of the Passports Act, 1967 mandates the passport authority to give brief reasons for passing the order for impounding of the passport but in the present case impugned communication dated 30.05.2023 does not disclose that the passport authority has made any

consideration of the facts of the case and has recorded reasons. Ergo, the impugned decision for impounding petitioner's passport contained in the impugned order dated 30.05.2023 cannot be sustained in the eyes of law.

15. In view of the aforesaid reasons, this writ petition is allowed. The impugned decision of impounding petitioner's passport No. M1266202 contained in impugned order dated 30.05.2023 is quashed. The Respondent No. 2 is directed to reconsider the entire matter, grant an opportunity of hearing to the petitioner and thereafter pass a fresh order within a period of six weeks from the date of service of a copy of this order.

Ramadhar Singh Vs Prescribed Authority & ors., 1994 (Supp 3) SCC 702

(Delivered by Hon'ble Chandra Kumar Rai, J.)

1. Heard Sri Satyendra Pratap Singh, learned counsel for the petitioner and Sri Krishna Mohan Mishra, learned counsel for the State.

2. Brief facts of the case are that plot no. 156 area 0.50 Dismal situated in village Ahirauli Rai, Tappa Parwarpar, Pargana Sidhuwa Jobna, Tehsil Kasya, District-Deoria at present District Kushinagar was purchased by the petitioner by way of a registered sale deed executed in his favour on 10.03.1960. In proceeding under Section 10 (2) of U.P. Imposition of Ceiling on Land Holdings Act 1960 hereinafter to referred as Ceiling Act, the aforementioned plot no. 156 was declared

as surplus vide order dated 19.02.1990 without any notice to petitioner accordingly petitioner filed an objection under Section 11 (2) of the Ceiling Act stating that petitioner had purchased the plot in question by way of registered sale deed from the then recorded tenure holder Laxmi Pratap Narayan Singh, but without any notice and opportunity to petitioner, the plot in question has been declared as surplus. State has filed his reply in the aforementioned proceeding under Section 11 (2) of the Ceiling Act. The Prescribed Authority vide order dated 03.05.1994 allowed the objection of the petitioner under Section 11 (2) of the Ceiling Act and separated the plot no. 156 area 0.50 Dismil from the Ceiling proceedings. Against the said order dated 03.05.1994, State filed an appeal before Commissioner along with the prayer for condonation of delay of five years. The aforementioned appeal was registered as appeal no. 1/K of 1999. The Commissioner vide order dated 31.05.2022 allowed the appeal, set aside the order of the Prescribed Authority dated 03.05.1994 and remanded the matter before the Prescribed Authority for fresh decision of the dispute under Section 11 (2) of the Ceiling Act after affording opportunity of hearing to both the parties. Hence, the present petition on behalf of petitioner for the following reliefs:-

***i) issue a writ, order or direction in the nature of certiorari quashing the impugned order dated 31.05.2002.***

***ii) issue a writ, order or direction in the nature of mandamus commanding the respondents not to dispossess the petitioner from the land in dispute in pursuant to order dated 31.05.2002.***

***iii) issue any other and further suitable order or direction in the nature which this Hon'ble Court may deem fit and proper in the circumstances of the case.***

***iv) award cost of the writ petition to the petitioner***.

3. This Court entertained the matter on 05.08.2002 and stayed the operation of the order dated 03.05.2002.

4. In pursuance of the order dated 05.08.2002 the State has filed Counter affidavit and petitioner has filed his rejoinder affidavit.

5. Learned counsel for the petitioner submitted that the objection under Section 11 (2) of the Ceiling Act filed by the petitioner on the basis of registered sale deed executed on 10.03.1960 in his favour was allowed after giving proper opportunity to the State, as such the order passed by the Prescribed Authority under Section 11 (2) of the Ceiling Act can not be set aside in appeal filed by the State after five years from the date of judgment of the Prescribed Authority. He further submitted that the appellate Court after granting benefit of Section 5 of Limitation Act, allowed the appeal setting aside the order of Prescribed Authority and remanded the matter back to the Prescribed Authority for fresh decision of objection, which is abuse of process of law. He next submitted that the sale deed executed in favour of the petitioner has not been cancelled, as such the order passed under Section 11 (2) of the Ceiling Act can not be set aside in appeal filed by the State. He further submitted that in respect to the remaining area of the same plot, another sale deed was executed by the then

recorded owner Laxmi Pratap Narayan Singh in favour of one Jagar Nath and Others and under similar circumstances his appeal was allowed by the Commissioner, as such the claim of the petitioner can not be refused by the Ceiling Authorities. He submitted that under the impugned appellate order dated 31.05.2002 the matter has been again remanded before the Prescribed Authority for fresh decision, which is illegal, as such the same is liable to be set aside and the order passed by the Prescribed Authority deserves to be maintained.

6. On the other hand, Sri Krishna Mohan Mishra, learned Additional Chief Standing Counsel, submitted that the objection under Section 11 (2) of the Ceiling Act filed by the petitioner has been allowed in arbitrary manner, as such the said order has rightly been set aside in appeal filed by State. He next submitted that petitioner has not taken any steps to get his name recorded in the revenue record on the basis of the sale deed executed on 10.03.1960, as such the sale deed relied upon by the petitioner can not be taken into consideration. He next submitted that by the appellate order the matter has been remanded back to the Prescribed Authority for fresh decision of the dispute, as such no interference is required in the matter. He further submitted that there was a delay in filing the appeal before the Commissioner, which has been properly explained in the affidavit filed in support of the appeal, accordingly the delay was rightly condoned by the appellate Court. He next submitted that no interference is required in the matter and the petition is liable to be dismissed.

7. I have considered the arguments advanced by the Counsel for the parties and the perused the record.

8. There is no dispute about the fact that objection under Section 11 (2) of the Ceiling Act filed by the petitioner was allowed by the Prescribed Authority, vide order dated 03.05.1994, and plot no. 156 area 0.5 Dismil was separated from the Ceiling proceedings. There is also no dispute about the fact that on a time-barred appeal filed by the State against the order dated 03.05.1994, the matter was remanded back before the Prescribed Authority for fresh decision of the objection filed under Section 11 (2) of the Ceiling Act.

9. In order to redress the controversy involved in the matter a perusal of Section 5 (1) Explanation I & II and the Ceiling Act will be relevant, which are as under:-

***Section 5 :- Imposition of Ceiling. - (1) [On and from the commencement of the Uttar Pradesh Imposition of Ceiling on Land Holdings (Amendment) Act, 1972], no tenure-holder shall be entitled to hold in the aggregate through-out Uttar Pradesh, any land in excess of the ceiling area applicable to him.***

***[Explanation I. - In determining the ceiling area applicable to a tenure-holder, all land held by him in his own right, whether in his own name, or ostensibly in the name of any other person, shall be taken into account.***

***Explanation II. - [If on or before January 24,1971, any land was held by a person who continues to be in its actual cultivatory possession and the name of any other person is entered in the annual 5 register after the said date] either in addition to or to the exclusion of the former and whether on the basis of a deed***

***of transfer or licence or on the basis of a decree, it shall be presumed, unless the contrary is proved to the satisfaction of the prescribed authority, that the first mentioned person continues to hold the land and that it is so held by him ostensibly in the name of the second mentioned person.]***

***Section 11(2)- The Prescribed Authority shall, on application made within thirty days, from the date of the order under sub-section (1) by a tenure holder aggrieved by such order passed in his absence and on sufficient cause being shown for his absence, set aside the order and allow such tenure-holder to file objection against the statement prepared under Section 10 and proceed to decide the same in accordance with the provisions of Section 12.***

10. Perusal of the aforementioned provision clearly demonstrates that the sale deed executed before 24.01.1971 can not be ignored by the Ceiling Authorities.

11. Perusal of relevant portion of finding of fact recorded by prescribed Authority will be relevant which is as under:-

12. The objection under Section 11 (2) of the Ceiling Act filed by the petitioner on the basis of registered sale deed executed in his favour before the relevant date was allowed after hearing the objector as well as the State, as such the order of prescribed Authority dated 03.05.1994 can not be set aside in appeal unless there is sufficient evidence before Appellate Court. The appeal filed by the State after five years from the date of judgment passed by the Prescribed Authority under Section 11 (2) of the Ceiling Act has been allowed by Appellate Court and the matter has been remanded back before the prescribed Authority for fresh consideration, which is abuse of process of law, as the Prescribed Authority has already decided the objection of the petitioner on merit taking into consideration the sale deed executed in year 1960, which has yet not been cancelled. It is also material that appeal filed in similar situation on the basis of the sale deed executed by the Laxmi Pratap Narayan Singh in favour of another person in respect to the remaining area of the same plot has been allowed by the Commissioner.

13. **Hon'ble Apex Court** in the case reported **in 1994 (Supp3) SCC 702 Ramadhar Singh Versus prescribed Authority and Others** has held that sale-deed executed prior to 29.01.1971 can not be ignored paragraph no. 2 of the judgment rendered in Ramadhar Singh (Supra) will be relevant for perusal, which is as under:-

***2. "It has to be seen under what provision of the Act can the validity of the sale executed prior to January 24, 1971, the appointed day, be gone into? Sub-section (6) of Section 5 of the said Act says that in January, 1971, which but for the transfer would have been declared as surplus land under the Act shall be ignored and not taken into account. The proviso (b) thereto, inter alia, provides that a transfer proved to the satisfaction of the prescribed authority to be in good faith and for adequate consideration and an irrevocable instrument, not being of benami transaction or for immediate or deferred benefit for the tenureholder or other members of the family, is outside the scope fo the aforesaid sub-section. Thereafter explanation II provides that the burden of proving that a case falls within clause (b) of the proviso shall rest with the party claiming its benefit. Apparently, it is under this provision of law that the validity of the sake deed dated April 22, 1969 was put to test. The***

***authorities under the Act took the view that the sale deed was not genuine because no consideration appears to have passed before the Sub-Registrar and that it was a transfer between father and son raising a dust of suspicion. Otherwise it was not disputed on fact that the sale had been effected by means of a registered deed in which the passing of consideration was mentioned as a recital. The existence of the sale deed being not disputed and it having taken place, as said before, on February 24, 1969, prior to the appointed day that is January 24, 1971, the inquiry regarding the validity of the sale deed under sub-section (6) of Section 5 was totally misplaced. Thereunder, as it appears to us, the appropriate authority had no jurisdiction to be put the validity of the sale deed to test since his jurisdiction arose only when the deed of transfer had been effected on or after the appointed day. Not only the first and the appellate authority under the Act persisted in that view, but the High Court tooo proceeded on that basis. The effort of the appellant to have it declared that the authorities had no jurisdiction to in validate the sale under sub-section (6) of Section 5 when read with Explanation II to sub-section (1) of Section 5 also was a futile attempt because the High Court followed the path, as did the authorities under the Act, and rejected the writ petition. We are of the view that this was a wholly erroneous approach. Sub-section (6) of Section 5 did not confer jurisdiction on the authorities to determine the validity of the sale and if that is so any finding of theirs as to the contents of the sale is of no assistance. In the result the appeal must succeed. Accordingly, allowing the same we set aside all the orders of the authorities below as also that of the High Court.***

14. Considering the findings recorded by the Prescribed Authority under Section 11 (2) Ceiling Act while allowing the objection filed by the petitioner, there was no occasion for the Commissioner to allow the appeal filed by the State and remand the matter back before Prescribed Authority for fresh consideration of the objection. The remand order passed by the Commissioner in appeal is nothing, but abuse of the process of law.

15. Considering the entire facts and circumstances of the case as well as ratio of law laid down by Hon'ble Apex Court in Ramadhar Singh (Supra) the impugned appellate order dated 31.05.2022 is hereby set aside and order of the Prescribed Authority dated 03.05.1994 is affirmed.

16. The writ petition stands **allowed**.

17. No order as to costs.

On the recommendations submitted by the Committee constituted under the chairmanship of Hon'ble Jail Minister Sh. Rajendra Chaudhary, the Government Order No. 1015/77-3-14-6C/12 dated 29.08.2014 has been issued by the Government, vide which, directions to pay 64.7% extra compensation as no litigation incentive on the compensation paid towards the land acquisition or direct purchase of land within the area of Authority, have been received. (Para 11)

The G.O. in question provided that the farmers should be offered 64.7% additional amount on the condition that they withdraw their petitions challenging the acquisition proceedings and undertake not to institute any litigation and create any hindrance in the development work of YEIDA. It was also clarified in the G.O. in question that the Government would not bear the burden of the additional amount. The G.O. in question was placed before the Board of YEIDA in its 51st Board Meeting held on 15.09.2014 and the same was approved in the said meeting on the very same day vide Resolution dated 15.09.2014. (Para 10)

Present writ petition is preferred against the demand of Rs.33.04 crores alleged and described as "No Litigation Incentive/ 64.7% Additional Compensation" in the impugned letter dated 20.09.2022 (consequential demand notice). It appears that some other demands have also been mentioned by YEIDA in the same letter, namely, Differential Amount @ Rs.1041/- per sq. m. and External Development Charges (EDC). (Para 72)

**It is obligatory on the St. to ensure that people are adequately compensated for the transfer of resource to the private domain. When the change in the policy of the St. is in public interest, it will override all private agreements entered into by the St..** (Para 75)

**As an instrumentality of the St., YEIDA is legally bound to implement the directives of the Supreme Court, once the same serve a public duty by ensuring the equitable distribution of additional compensation among affected farmers. This legal framework mandates YEIDA's compliance to uphold social justice and public interest, reinforcing the status of G.O. in question as lawful enactment in the pursuit of its statutory obligations.** Petitioner's attempt to contest the additional compensation and the associated levy of interest through repeated litigation is to be seen in the light of these constitutional provisions. Moreover, once the Supreme Court had validated the GO in question as well as the Board Resolution in question, therefore, the duty is cast upon YEIDA to enforce the GO and Board Resolution in question in their entirety. Pick and choose policy cannot be adopted by YEIDA. (Para 80)

**B. It is well settled that Order 2 Rule 2 CPC requires the unity of all claims based on the same cause of action in one suit, it does not contemplate unity of distinct and separate cause of action.** The earlier proceeding, which were drawn by the petitioner while filing the earlier writ petition, wherein he has challenged the demand of 2014 and the GO as well as Resolution in question, the same was put at rest by the Supreme Court on 19.05.2022 in *Yamuna Expressway (infra).* Subsequently, present proceeding has been drawn in the year 2022. Considering the relief, no fresh cause of

action arose between first proceeding and second proceeding. (Para 93)

**If the petitioner is entitled to seek relief against YEIDA in respect of the same cause of action, the petitioner cannot split up the claim so as to omit one part to the claim and sue for the other cause i.e. interest in the subsequent petition.**

The penal interest was shown in the first demand as well as interest and penal interest were also indicated in the second demand of the year 2018 due to alleged default of the petitioner. The subsequent (third) notice has been challenged in the present proceeding. Surprisingly earlier petition was filed in the year 2018 and at the same time it was known to the petitioner *qua* interest and penal interest. After finalisation of the earlier proceeding and approval of demand of YEIDA based upon GO and the Resolution in question, present proceeding has been drawn questioning the validity of impugned demand letter dated 20.9.2022 sent by YEIDA to the extent that the said letter pertains to demand of 64.7% additional compensation (inasmuch as other demands mentioned in the letter already stand challenged by way of other legal remedies adopted by the petitioner as St.d in the present writ petition). Alternatively, it had also been prayed for a direction to YEIDA not to recover from the petitioner any amount other than the amount of 64.7% additional compensation. **The impugned demand notice dated 20.9.2022 is only reiteration of earlier first and second demand notices of the year 2014 and 2018 respectively.** (Para 94)

**<u>Order 2 Rule 2 CPC</u> provides that every proceeding (suit) shall include the whole of the claim, which the petitioner (plaintiff) is entitled to make in respect of same cause of action. The petitioner is not entitled to split the cause of action into parts by filing separate proceedings (suits).** The petitioner had not omitted present relief but infact challenged the demand letter in the light of G.O. in question and resolution in question in the previous litigation. Even in such situation, it cannot be presumed that the petitioner had omitted certain reliefs, which they want to press in the present proceeding. Present relief was available to the petitioner and infact it had also been challenged in the previous proceeding, therefore, it cannot be permitted to reagitate the same cause of action in the subsequent writ petition. The object of Order 2 Rule 2 CPC is to avoid multiplicity of proceedings and not to vex the parties again and again in a litigative process. The object is very noble and laudable and it has a larger public purpose to achieve by not burdening the court with repeated proceedings. (Para 95)

**C. The <u>Principle of restitution</u> is founded on the ideal of complete justice, entitling the successful party to compensation, including interest, for the period it was deprived of its lawful dues.**

**The rule in equity is that interest is payable even in the absence of any agreement or custom to that effect though subject, of course, to a contrary agreement.** At this stage, it is not amenable to the petitioner to press the relief that the interest cannot be charged except in accordance with law. The G.O. in question, Resolution in question and subsequent demand notice had been approved by the Supreme Court and the interest is also payable in equity in certain circumstances. (Para 87)

In the present case, the petitioner is liable to pay interest on additional compensation during the pendency of litigation initiated by it, as per the <u>doctrine of restitution</u> upheld by the Hon'ble Supreme Court. The interest acts as compensation for the period during which the petitioner was unjustly enriched by withholding the lawful dues owed to YEIDA. Interest on the additional compensation can be claimed by YEIDA as part of <u>equitable restitution</u>, given that the petitioner benefited from the interim relief granted during the litigation. (Para 101)

**D. The directives (GO and Resolution) derive their legal force from the Constitution and must be treated with the same deference as statutory law - G.O. in question as well as Board Resolution in question, having been held to serve a larger public interest, constitute "law"**

**within the meaning of Article 13(2) r/w Article 13(3)(a) of the Constitution.**

**In the present matter, the G.O. in question as well as Board Resolution in question are not only lawful but also essential *qua* equitable and efficient administration of public policy.** Once the additional compensation has decisively been settled by the Supreme Court in *Yamuna Expressway (infra)* and the Board Resolution in question does contain a provision for payment of interest, particularly in view of G.O., which entitles YEIDA to levy not only interest but the penal interest upon the allottees, the same were also reflected from all the three demand notices, the same has binding effect to be enforced by YEIDA in the pursuit of its statutory obligations. (Para 80)

The first demand notice was given to the petitioner on 15.12.2014 and once G.O. as well as Board Resolution were upheld by the Supreme Court in *Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & ors. (infra),* which mandates the payment of additional compensation as part of the land allotment cost, therefore, the directives in the said judgment are authoritative and legally binding and established the petitioner's obligation to pay both principal and interest on the delayed payment. The conduct of the petitioner was not *bonafide* as it never made any payment, following the first demand notice dated 15.12.2014. Only part payment of Rs.15 crores was made only in compliance of the interim order dated 05.01.2023 (vide interim order in question dated 05.01.2023, the Coordinate Bench had dismissed the challenge to the additional compensation on the ground of proportionality and quantum and only on the issue of interest, the response was asked from YEIDA). The record clearly reflects that at no point of time prior to interim order in question the petitioner was ever inclined to deposit even the additional compensation. (Para 84, 86)

Petitioner is also liable to pay penal interest from the date of accrual of demand till the date of actual payment, as mandated by the Supreme Court in *Yamuna Expressway (infra)* and non-compliance thereof attracts the imposition of penal interest as a lawful consequence. **YEIDA's issuance of demand notices and enforcement of the G.O. in question and Board Resolution in question constitute acts in aid of the Supreme Court's order. YEIDA's actions align with its constitutional obligation to uphold the rule of law and facilitate the implementation of judicial directives.** Conversely, the petitioner has consistently disregarded the legal obligations inspite of the mandate in *Yamuna Expressway (infra)*. (Para 102)

**E. While common law provisions like the Interest Act and Contract Act provide a supplementary framework, they do not supersede the constitutional directives governing the imposition of additional compensation in this case**. The G.O. in question and Board Resolution in question, upheld by the Supreme Court, override the lease deed and establish a higher legal authority integrating principles of justice, equity, and public interest. The petitioner's claim of unjust enrichment on YEIDA's part is unsubstantiated and lacks merit. The interest levied is a legitimate exercise of YEIDA's rights under the law and serves as compensation for the delay in fulfilling a lawful obligation, rather than being an unjust benefit. (Para 103)

**F. The Petitioner's claim of charitable status and financial hardship are contradicted by their operational practices, which suggest a profit-driven approach. Nonetheless, these claims cannot override their legal obligations or the constitutional mandate in the public interest.** In the interest of justice, equity, and the larger public good, it is imperative that the petitioner adheres to the lawful demands. (Para 105)

**The educational institution cannot be exempted from obligation to pay additional compensation as this could create an unfair disparity among farmers, whose land has been acquired. Moreover all the farmers are entitled to equal compensation irrespective of any use of land by the allottees.** (Para 89)

**Object of the 51st Board Resolution** was to pay additional compensation to the farmers and even in case of allottees, who did not agree to pay additional compensation, leave was accorded to them to surrender the plot and get refund of the deposited amount (other than penal interest) along with interest @ 6% p.a. However, no such endeavour or serious efforts reflected from the record that the petitioner was even willing to pay up the additional compensation. (Para 90)

**In view of the uncontroverted facts, the issue w.r.t. liability of petitioner for payment of additional compensation to be paid to the farmers has been set at rest.** Therefore, the computation made by YEIDA while raising the first demand in the year 2014 and later on through second demand of the year 2018 is no longer *res integra* in view of the judgment in *Yamuna Expressway (infra)* (in *Yamuna Expressway (infra),* the G.O. in question; resolution in question as well as the demand notice of the year 2014 was approved by the Supreme Court). (Para 92)

Petitioner's plea of being an educational institute and the absence of an undertaking to pay future liabilities cannot be considered valid, as this argument was already dismissed by Hon'ble Supreme Court in *Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & ors. (infra).* The said judgment did not recognize any exemption for educational institutions regarding the liability to pay additional compensation. Moreover, the Petitioner's claim of having meagre sources of income contradicts the information available on their official website, which clearly suggests that the petitioner is focused on profit making through undisclosed fees for premium amenities. There is nothing on record to convince us that the petitioner is not indulged in profit making. Moreover, all the farmers are entitled to equal compensation irrespective of any use of land. (Para 36, 56, 59, 70, 104)

**G. The principles of constructive *res judicata* further reinforce the finality of the matter, precluding the petitioner from re-litigating settled issues (issue of interest on additional compensation, as it was an integral part of the cause of action in the earlier litigation).** Continued defiance would not only undermine the authority of the judiciary but also impede the timely fulfillment of YEIDA's public duty to disburse the additional compensation to the farmers. We find that YEIDA's actions in levying interest and demanding additional compensation are legally justified and essential for upholding legal obligations in the public interest, and ensuring equitable treatment of all stakeholders involved. (Para 92, 103, 106)

**The principle of *res judicata* fully operates in the court proceeding. It is the courts, which are prohibited from trying the issue, which was directly and substantially in issue in the earlier proceedings between the same parties, provided the court trying the subsequent proceeding is satisfied that the earlier court was competent to dispose of the earlier proceedings and that the matter had been heard and finally decided by such court.** While deciding the matter by the Supreme Court, not only G.O. in question and resolution in question but the demand notices were also under challenge and the matter had been heard and finally decided by the Supreme Court. In the instant case, the parties were the same. Hon'ble Supreme Court was competent to decide the issue, which it did with a reasoned order on merits after the contested hearing. In the earlier proceeding, the ground of interest and penal interest were also the subject matter in view of the first and second demand notice, which the YEIDA claimed and the Supreme Court had approved the G.O. in question and the Resolution in question, therefore, the decision was final and at present it is not open to the petitioner to reagitate the issue. **Since the relief, as has been prayed for, is already negated by the Supreme Court, therefore, at this stage, the petitioner cannot be permitted to turn back and challenge the demand on the ground that the liability, rate, period etc. of interest had not been disclosed in G.O. in question, Resolution in question and YEIDA's demand notices. The principles of *res judicata* laid down u/s 11 CPC including**

**the principles of constructive *res judicata* are applicable in the present matter.** [*Details of earlier litigation in Para 83, 91, 96*] (Para 97, 98, 99)

**The principles of restitution, public interest, and the rule of law converge to uphold YEIDA's demand for additional compensation and the interest thereon.** Petitioner's contentions lack legal and factual merit, as they disregard the binding nature of the Supreme Court's judgments and the constitutional framework governing YEIDA's actions. The petitioner's repeated attempts to evade its lawful obligations jeopardize the distribution of additional compensation intended for the affected farmers. The government directives, validated by the Hon'ble Apex Court, serve as a bulwark against such actions, ensuring that the benefits reach their rightful beneficiaries. (Para 105)

**H. Words and Phrases – (1) *'Debt'*** – 'Debt' has been defined in **Section 2 (c) of Interest Act**, to be a '**liability** for an ascertained sum' and has been held by the courts to mean a fixed and determined sum agreed and known to both the parties i.e. known not only to the party claiming the sum but also known from before to the party said to be liable so that it constitutes an obligation of the latter party to pay the sum. Such pre-existing knowledge of both the parties can be either owing to an agreement or adjudication of a dispute. An ascertained or known 'debt' is a jurisdictional pre-condition for the grant of interest u/s 3 of Interest Act. If there is no such 'debt', no interest can be awarded. **A demand of any sum unsupported by any statute, contract, usage or implied agreement and made unilaterally by any person would not be covered by the word 'liability' in Section 2 (c) r/w Section 3 of interest Act for award of interest.** (Para 26)

**Recovery of Debts and Bankruptcy Act, 1993: Section 2 (g) - 'debt'** means any liability (inclusive of interest) which is claimed as due from any person by a bank or a financial institution…..". (Para 27)

**(2) 'law' - Article 13(3)(a) of the Constitution of India** elaborates that "law" includes any Ordinance, order, bye-law, rule regulation, notification, custom, or usage having the force of law in India. (Para 52)

**Both the writ petitions dismissed**. (E-4)

4. Since the controversy involved in both the writ petitions are similar, with the consent of parties, they are being decided by this common judgment and the facts of Writ-C No.38069 of 2022 are being taken as a leading case for deciding the controversy.

**BRIEF HISTORY OF THE LITIGATION**

5. This much is averred that a vast area of land was acquired by the State of Uttar Pradesh in District Gautam Budh Nagar for public purposes. The said area of land was acquired for the benefit of YEIDA. After the land was acquired, YEIDA invited applications for the allotment of plots in the area developed by it. In response to the notice inviting applications for such allotment, various allottees including the petitioner applied.

6. The petitioner is a society registered under the Societies Registration Act, 1860 having the aim and object of imparting education. The YEIDA allotted a plot of land viz. Plot No.02, Sector 17A to the petitioner having an area of 50 acres, which is equivalent to 2,02,350 sq. mtr. (@ Rs.1055/- per sq. mtr.) situated on Yamuna Expressway, Gautam Budh Nagar by means of Allotment Letter dated 10.12.2009. Finally in terms of the allotment letter, lease deed was executed in favour of the petitioner-institution on 22.01.2010 for a period of 90 years for institutional purpose namely establishing a private University. The lease deed further provided that in addition to the amount payable by the petitioner, as mentioned in the allotment letter, a further amount i.e. 2.5% of the total premium of the plot was payable as annual lease rent. Consequently, over the said plot, Galgotias University was constructed as per the purpose for which the plot was allotted.

7. The State of U.P. had also made large scale acquisition of lands for the benefit of New Okhla Industrial Development Authority2 and Greater Noida. Against the said acquisition, a large number of writ petitions were filed before this Court by the farmers on various grounds. The ground of attack in the said proceeding was invocation of urgency clause under Section 17 of the Land Acquisition Act, 18943 and the dispensation of enquiry under Section 5A of the L.A. Act. All the said writ petitions were decided by the Full Bench of this Court vide its judgment and order dated 21.10.2011 with leading case viz. **Gajraj v. State of U.P.4.** The Full Bench had held that the urgency clause ought not to have been invoked and the farmers were unlawfully denied the benefit of Section 5A of the L.A. Act as there was no plausible reason for invocation of Section 17 of the L.A. Act. However, taking into consideration the subsequent developments that the lands had already been developed and third party rights had accrued, the Full Bench in Gajraj (Supra) considered it appropriate not to disturb the acquisition. In order to balance the equities, the Full Bench directed payment of additional compensation of 64.7% plus some other benefits to the farmers. The aforesaid judgment of Full Bench in Gajraj (Supra) was approved by Hon'ble Supreme Court in **Savitri Devi v. State of Uttar Pradesh5**.

8. As the farmers, whose lands were acquired for the benefit of Noida and

Greater Noida, were paid additional compensation of 64.7%, there was unrest amongst the farmers, whose lands were acquired for YEIDA. They also started agitating and demanding similar treatment. In this connection, more than 600 writ petitions were filed in the High Court and various interim orders were also passed. As a result of which, vast stretches of lands could not be developed. The said factual situation was communicated to the State Government by the then Chief Executive Officer on 10.04.2013 apprising the ground realities and the agitations launched by the affected farmers.

9. On 03.09.2013, the State Government had constituted a High-Level Committee under the Chairmanship of Shri Rajendra Chaudhary, Minister of Prison, State of U.P.6. The Chaudhary Committee submitted its recommendations to the State Government recommending for the payment of 64.7% additional amount as "no litigation incentive" to the farmers and for its reimbursement from the allottees in the appropriate proportion. The State Government had accepted the recommendations of the Chaudhary Committee and issued a Government Order dated 29.08.20147.

10. The G.O. in question provided that the farmers should be offered 64.7% additional amount on the condition that they withdraw their petitions challenging the acquisition proceedings and undertake not to institute any litigation and create any hindrance in the development work of YEIDA. It was also clarified in the G.O. in question that the Government would not bear the burden of the additional amount. The G.O. in question was placed before the Board of YEIDA in its 51st Board Meeting held on 15.09.2014 and the same was approved in the said meeting on the very same day vide Resolution dated 15.09.20148. For ready reference, the G.O. in question is reproduced as under:-

*Subject: Regarding grant of 64.7% additional compensation to the farmers affected by land acquisition in Notified Area of Yamuna Expressway Industrial Development Authority.*

*Sir,*

*After due consideration, regarding the implementation of recommendations of Committee constituted under the chairmanship of Sh. Rajendra Chaudhary, Hon'ble Minister, Jail vide Office Memorandum No 4/4/2/2013-C.X.(1) dated 03.09.2013 of Confidential Section-1 for giving recommendations regarding resolving the problems of the villagers of notified areas of the Noida, Greater Noida, Yamuna Expressway Industrial Development Authority i.e. District-Gautambudhnagar, Bulandshahar, Hathras, Aligarh, Mathura and Agra, demands raised by the farmers'*

*representatives/organizations and the problems of farmers related to acquisition of land of any particular industry or any other Industrial Area, the following decision has been taken by the Government:-*

*(1) In the common order passed in the different Writ Petitions filed by Noida and Greater Noida Authorities, the Hon'ble High Court by not finding the proceedings conducted under Section 17 of Land Acquisition Act, 1894 to be proper, had directed that the Authority shall pay 64.7% additional compensation to the farmers and return them 10% developed land. Also in the Yamuna Expressway Authority, around 700 Writ Petitions have been filed by the farmers by challenging the different notifications, wherein, stay orders have been passed in the most of the Petitions, the circumstances which were existing in the acquisition made by Noida and Greater Noida Authority, same circumstances are also existed in the most of the cases of acquisition of Yamuna Expressway. The lands acquired by the Authority, have been allotted to the different allottees for different projects, due to which, the third party rights have been created in this acquired land and if order is passed against the Authority in the Petitioners filed against the Acquisition Proceedings, then, many difficulties would arise Therefore, keeping in view the legal expected legal complications, it is required to do the out of court settlement with the affected farmers. At the time of discussion, it was assured by the farmers' representatives that if the Government/ Authority agrees to give 64.7% additional compensation, then, the farmers will withdraw the Petitions filed in the Court,*

*(2) If, all the farmers/ Petitioners of a village related to the land acquired/ purchased by the Yamuna Expressway Authority, withdraw their Petitions filed in the Hon'ble High Court or in any other Court and if they give written assurance for future that they will not file any claim against the Authority or it's allotee in any Court and will not cause any obstruction in the Development Works, then, like the Greater Noida Authority, the Authority may consider to give amount equivalent to 64.7% additional compensation in the form of No Litigation Incentive/Additional Compensation, which may be concerned allottees and same may also be imposed proportionally in the costing of allotment of land available with the Authority.*

*(3) These benefits will be allowed also to those farmers, whose' lands have been purchased by the Authority vide Sale Deed on mutual consent basis.*

*(4) The process of payment of additional compensation, be completed Villagewise in accordance with the Schemes/Priorities of Authority after obtaining physical possession of on the spot and after withdrawal of all the Writ petitions/ Cases of concerned village after doing settlement with the farmers. In view of the financial condition of Authority, if the payment of additional compensation is not possible in lumpsum, then, the consideration could also be made regarding payment in installments or in the form of developed land)*

*(5) The aforementioned additional benefits be granted to the landowners only in that case when they will handover the physical possession of land to the Authority and withdraw Writ Petition/Case pending in Hon'ble High Court or any other Court and agreement for not causing any obstruction in future in the development works of allottees and for not filing any claim in any Court against the acquisition of land in future. The expenses to be accrued on the additional*

*compensation will be borne by the Authority itself from it's own sources and no financial aid will be granted by the State Government.*

*(6) If, the Government receives other recommendations of the Committee constituted under the chairmanship of Sh. Rajendra Chaudhary, Hon'ble Minister, Jail vide Office Memorandum No 4/4/2/2013-C.X.(1) dated 03.09.2013 of Confidential Section-1 for giving recommendations regarding resolving the problems of the villagers of notified areas of the Noida, Greater Noida, Yamuna Expressway Industrial Development Authority i.e. District- Gautambudhnagar, Bulandshahar, Hathras, Aligarh, Mathura and Agra, demands raised by the farmers' representatives/organizations and the problems of farmers related to acquisition of land of any particular industry or any other Industrial Area, then, Hon'ble Chief Minister will be authorized for taking decision on the same.*

*2. In this regard, I have been directed to say that kindly ensure to conduct the aforementioned proceedings regarding grant of 64.70% additional compensation to the affected farmers of notified area of Yamuna Expressway Industrial Development Authority.*

11. For ready reference, the Resolution in question is also reproduced as under:-

*"ITEM/NO. 51/04: Recommendations of High Level Committee constituted under the chairmanship of Hon'ble Minister Sh. Rajendra Chaudhary for analysis of demands of farmers of Yamuna Expressway Authority Area and for disposal of their problems and regarding conducting further proceedings in compliance of the Government Order No. 1015/77-3-14-6C/12 dated 29.08.2014 issued by the Government of U.P. in that continuation.*

*On the recommendations submitted by the Committee constituted under the chairmanship of Hon'ble Jail Minister Sh. Rajendra Chaudhary, the Government Order No. 1015/77-3-14-6C/12 dated 29.08.2014 has been issued by the Government, vide which, directions to pay 64.7% extra compensation as no litigation incentive on the compensation paid towards the land acquisition or direct purchase of land within the area of Authority, have been received. In pursuance of the recommendations of committee constituted under the chairmanship of Hon'ble minister, vide office Order dated 13.08.2014, a Committee headed by Deputy Chief Executive Officer was constituted for determining the procedure regarding grant of aforementioned extra compensation and other benefits. The aforesaid Committee after taking into consideration the financial status, cash outflow, available land etc. of the Authority, has submitted it's recommendations. Government Order dated 29.08.2014 Encl.01), Recommendations of High Level Committee constituted under the chairmanship of Hon'ble Minister (Encl-2) and Recommendations of Committee constituted under the chairmanship of Deputy Chief Executive Officer (Encl.-03) are enclosed herewith. On the basis of above, it is proposed to take following decision:-*

*1. By calculating 64.7% extra compensation on the compensation determined in District- Gautambudh Nagar*

*for the year 2007-08 i.e. on Rs.800/- Per Sq. Mtrs., it is proposed to determine the compensation as Rs. 517,60 Per Sq. Mirs. The extra compensation will be payable on the aforesaid rates on all the lands acquired or directly purchased on or after 2007-08. Similarly in other districts of Yamuna Expressway Authority viz. Bulandshahar, Aligarh, Hathras, Mathura and Agras, these rates will be Rs. 517.60, 267.90, 251, 251, 274.30 per sq. mtrs.*

*2. On calculating in the aforesaid manner, the following amount of extra compensation shall be paid district wise :-*

| *District* | *Extra Compensation (In Crores)* |
|---|---|
| *Gautambudh Nagar and Bulandshahar* | *4630.48* |
| *Aligarh* | *197.35* |
| *Hathras* | *10.88* |
| *Mathura* | *213.60* |
| *Agra* | *192.74* |
| *Total:* | *5245.05* |

*It is proposed to pay the extra compensation on priority basis in view of the status of liquidity, as may be determined by the Chief Executive Officer, within a period of 2 years.*

*3. The aforementioned additional benefits will be given to the land only in that condition, when, they will handover the physical possession of land to the Authority, withdraw any Writ Petition/Suit pending in the Hon'ble High Court or any other Court, and produce the agreement of not causing any hindrance in the development works of allottess of Authority and in future, they will not file any case in any Court against the land acquisition.*

*4. It is proposed to disburse the extra compensation from the level of Authority because if this compensation is disbursed through the Land Acquisition Office, then, 10% more liable on this amount of extra compensation, would accrue towards the additional acquisition expenses, which has to he deposited in the account of State Government. Keeping in view the financial condition of Authority, it is proposed to take this decision that the disbursement of compensation be carried out directly through the Authority level.*

*5. (a) According to the Authority's Policy, 10% of the total paid compensation, is get deposited through the Land Owners in the head of allotment of 7% abadi land to be given to the ancestral farmers and the development fees of the area of 7% plot is deposited on the half rates of compensation, which amounts to 3.5% of the total amount. Therefore, on adding the extra amount to be distributed at present to the land owners in the amount of compensation paid earlier, total 13.5% of the total amount, has to be deposited through the Land Owners towards the allotment of 07% abadi land Therefore, it is recommended that after deducting the 13.5% amount as calculated above from the amount of extra compensation to be paid to the ancestral farmers, the balance amount be paid to them.*

*(b) Under the provisions of Land Management Regulations, it has been decided by the Authority Board to lease back the acquired abadi land of certain farmers. Also in the cases of Lease Bank, the amount of compensation received towards the being leased back to the farmers, has to be refunded in the Account of Authority. Therefore, it is recommended that it would be appropriate to adjust the aforesaid amount with the amount being paid as the extra compensation.*

*6. It is also proposed that if any farmer wants to take plot in place of extra compensation from the Authority, then, on his written consent, plot could be allotted to him in place of extra compensation in*

*case. Since, the most of acquired/ reserved land, Industrial-use, are available with the Authority, therefore, it is proposed that on the written consent of farmers, the industrial plot of equivalent area be allotted to them in place of additional compensation and the rate of plot proposed to be allotted will be determined by giving concession of 10% from the existing rates. It is pertinent to mention here that if the amount of extra compensation is paid in cash, then, aforesaid amounts shall have to be paid after taking loan from the Financial Institutions, on which, at present 10.20% interest is payable. Therefore, if any farmer takes plot in place of cash compensation from the Authority, then, due to granting him concession of 10%, the Authority would not suffer any financial burden and the status of financial liquidity of authority will also not get disturbed.*

*Regarding giving developed land in lieu of cash amount, the Committee is of the opinion that the Land Owners could give option of developed land against their entire amount of extra compensation or it's part. In view of the Planning, it would be appropriate that the plots to be given as developed land in lieu of cash amount, be planned in some regular shapes. In view of the above, the Committee is of the opinion that the slabs of the developed plots to be provide i.e. 450, 600, 900, 1200, 1800 sq. mtrs, shall also be published for the information of public at large. The area of plot which would be approximate to actual area to be given to the Land Owner, the plot of such area would be given to the Land Owner and the cash amount will be paid against the balance area. For example, if total 617 sq. mtrs. area has to be given to any land owner, then, the plot of 600 Sq. Mtrs. will be allotted to him and the cash amount will be paid to him towards 17 Sq. Mtrs.*

*The industrial plot which is being allotted to the farmers in lieu of the compensation, on that plot, the farmer shall have to operate the industry within a period of 03 years. If, the farmer fails to establish industry on the aforesaid plot, then, with his consent, the farmer will be free to transfer the said land to any Industrialist without establishing /operating industry, within a period of 3 years. In such cases, transfer fees shall be payable by the buyer to the Authority as per Rules. The period prescribed for operating industry on the land transferred to the Buyer, will be calculated from the date of sale deed. The person, to whom the plot will be allotted by the farmer, on him, all the Rules and conditions related to Industrial Allotment of Authority will be applicable.*

*It would not be appropriate to pay the amount to be paid as extra compensation, in installments because from this, the difficulties would arise in taking the physical possession and the land owners will cause hindrance in the development works on the ground of payment of balance installments.*

*7. The Authority shall collect the amount to be given as extra compensation, from it's allotees or by enhancing the rates of allotment of acquired land, which is yet to be allotted.*

*A. From Allottees: It will be recovered in 04 six monthly installments from the Allottes, wherein, the first installment will start after 03 months of issuance of order. For this purpose, it is proposed as under:-*

| *S No.* | *Particulars* | *Amount to be imposed (Rupees per sq. mtrs.)* |

*8. Due to the pendency of Writ petitions and due to passing stay orders therein, the development work being carried out by the Allottees is stopped. Moreover, the development works of Authority are also stopped. In view of this, the Allottees have raised demand time to time to make the disputed period as zero period.*

*In this regard, it is proposed that :-*

*(1) For completion of pending Projects, additional period of 2 years will be granted to each allottee without any penalty apart from the period prescribed under relevant rules and Bylaws. In the matters of personal residential plot additional period of 2 years from the date of Lease Deed and in other cases, additional period of 2 years will be granted for completing the project.*

*(2) The Penal Interest to be imposed on the defaulted amount of allottees (2% in housing scheme and 03% in others) will not be imposed.*

*(3) If the allotee is agreed to pay 50% of defaulted amount in lump sum within a period of 60 days, then, the defaulted amount, will be reassessed with the balance installments.*

*(4) The late fees to be imposed on delay in the execution of Lease Deed, will not be imposed. *

*(5) This option will also be available to the allottees of this scheme that such allottees who are not agreed to pay the burden imposed on the allottee as a result of extra compensation to be given to the farmers, then, they by surrendering the allotted plot in favour of the Authority till 30.04.2010, may get the refund of their deposited amount (other than Penal*

*Interest) alongwith interest @ 6% per annum. If, the allottee has deposited lump sum lease rent, then, apart from the Lease Rent from the date of Lease Deed till the date of Surrender, they may get the refund of balance amount of lease rent.*

All such appeals were allowed by Hon'ble Supreme Court on 19.05.2022 in Civil Appeal Nos.4178-4197 of 2022 **(Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors.)** and other connected appeals11. The relevant portion of the said judgment is quoted as under:-

*"…………..60. It is trite law that an interference with the policy decision would not be warranted unless it is found that the policy decision is palpably arbitrary, mala fide, irrational or violative of the statutory provisions. We are therefore of the considered view that the High Court was also not right in interfering with the policy decision of the State Government, which is in the larger public interest.*

*61. It will also be apposite to refer to the following observations of this Court in the case of APM Terminals B.V. vs. Union of India and another (2011) 6 SCC 756:*

*"67. It has been the consistent view of this Court that a change in policy by the Government can have an overriding effect over private treaties between the Government and a private party, if the same was in the general public interest and provided such change in policy was guided by reason. Several decisions have been cited by the parties in this regard in the context of preventing private monopolisation of port activities to an extent where such private player would assume a dominant position which would enable them to control not only the berthing of ships but the tariff for use of the port facilities."*

*62. It could thus be seen that it is more than settled that a change in policy by the Government can have an overriding effect over private treaties between the Government and a private party, if the same was in the general public interest. The additional requirement is that such change in policy is required to be guided by reason.*

*63. Insofar as the reliance placed by the respondents on the judgment of this Court in the case of ITC Limited (supra) is concerned, in our considered view, the said judgment would not be of any assistance to the case of the respondents. This Court in the said case in paragraph 107.1 has clearly observed that in the case of conflict between public interest and personal interest, public interest should prevail.*

*64. A number of judgments of this Court have been cited at the Bar by the respondents in support of the proposition that in view of concluded contracts, it was not permissible for the appellants to unilaterally increase the premium by framing a policy.*

*65. We have hereinabove elaborately discussed that when a policy is changed by the State, which is in the general public interest, such policy would prevail over the individual rights/interests. In that view of the matter, we do not find it necessary to refer to the said judgments. The policy of the State Government as reflected in the said G.O. was not only in the larger public interest but also in the interest of the respondents.*

*66. We further find that the respondents have indulged into the conduct of approbate and reprobate. They have changed their stance as per their convenience. When their projects were stalled on account of the farmers' agitation, it is they who approached the State Authorities for finding out a solution. When the State Government responded to their representations and came up with a policy which was equitable and in the interest of both, the farmers and the allottees and when the said policy paved the way for development, when called upon to pay the additional compensation, the respondentsallottees somersaulted and challenged the very same policy before the High Court, which benefitted them. We have already hereinabove made reference to the various communications made by the allottees of the land for intervention of the State Government.*

*67. Insofar as the individual plot owners are concerned, it will be worthwhile to mention that the residential plot owners in Sectors 18 and 20 of Yamuna Expressway city have formed an association, viz., Yamuna Expressway ResidentialPlotOwners Welfare Association (hereinafter referred to as "the YERWA"). The communication addressed by the president of the YERWA to the CEO of YEIDA would reveal that 98.5% of the allottees/owners have voted in favour of paying the additional premium demanded by the Authority. The only request made by the YERWA is with regard to making a provision for paying additional premium in installments.*

*68. It can thus be seen that even insofar as the individual residential plot owners are concerned, more than 98% of the plot owners do not have any objection to the payment of the additional compensation.*

*69. With respect to the contention of the respondent No.19 Supertech with regard to initiation of CIRP, we are not concerned with the said issue in the present proceedings. The law will take its own course.*

*70. In conclusion, we are of the considered view that the policy decision of the State Government as reflected in the said G.O. dated 29th August, 2014 and the Resolution of the Board of YEIDA dated 15th September, 2014 were in the larger public interest, taking care of the concerns of the allottees as well as the farmers. As already discussed hereinabove, had the said decision not been taken, there was a hanging sword of the acquisition being*

*declared unlawful. The development of the entire project was stalled on account of farmers' agitation. Before taking the policy decision, the State Government, through the Chaudhary Committee, had done a wide range of deliberations with all the stakeholders including the allottees, farmers and YEIDA. The policy decision was taken after taking into consideration all relevant factors and was guided by reasons. In any case, it is a settled position of law that in case of a conflict between public interest and personal interest, public interest will outweigh the personal interest. The High Court was therefore not justified in holding that the policy decision of the State was unfair, unreasonable and arbitrary. We are of the considered view that the High Court has erred in allowing the writ petitions. The present appeals, therefore, deserve to be allowed.*

*71. In the result, we pass the following order:*

*(i) The appeals are allowed;*

*(ii) The impugned judgment and order dated 28 th May, 2020, passed by the Allahabad High Court in Writ Petition No. 28968 of 2018 and companion matters is quashed and set aside;*

*(iii) The writ petitions filed by the respondents covered by the impugned judgment and order dated 28th May, 2020 passed by the Allahabad High Court are dismissed;*

*72. Applications for Intervention are allowed. Pending applications, including the applications for directions, shall stand disposed of in the above terms. There shall be no order as to costs."*

18. Once Hon'ble Supreme Court had upheld the Government Order in question as well as Board Resolution in question, afresh a demand notice was issued by YEIDA to the petitioner on 20.09.202212 (impugned in this writ petition) for payment of additional compensation and accrued interest due to their default as admittedly no payment was made in response to the first demand notice or subsequent demand notices. The consequential demand notice is subject matter of challenge in the present writ petition. For ready reference, the consequential demand notice is reproduced as under:-

19. On the matter being taken up on 5.01.2023, following interim order13 was passed by this Court, the relevant portion of which, for ready reference is reproduced as under:-

*"1. Heard Sri Sunil Gupta and Sri Anurag Khanna learned Senior Counsels assisted by Sri Ashish Kumar learned counsel for the petitioner and Sri Manish Goyal learned Senior Counsel assisted by Sri Aditya Bhushan Singhal learned counsel for the Yamuna Expressway Industrial Development Authority (in short YEIDA).*

*2. This writ petition is directed against the letter of demand dated 20.09.2022 issued by YEIDA, to the extent that it pertains to the demand of 64.7% additional compensation to be given to the farmers which is to the tune of Rs.33.4 crores.*

*Summary of grounds of challenge:-*

*3. The challenge is pressed on four grounds:-*

*(i) The first attack is on the question of proportionality as per the recommendation of the Chaudhary Committee, Government order dated 29.08.2014 (as affirmed by the Supreme Court in its judgement and order dated dated 19.05.2022) and on the principle of parity with the judgement of the Full Bench of this Court in Gajraj and others Vs. State of U.P. and others1.*

*(ii) The quantum of additional compensation of 64.7% being excess to the amount of Rs.517.60 per square meters actually paid by the acquiring authority to the farmers.*

*(iii) On the levy of interest that it is being charged without backing of any law, statute or contract on the amount of*

*additional compensation worked out by YEIDA.*

*(iv) Last ground is that the petitioner has not indulged in unjust enrichment and since it has not collected any amount towards the additional compensation from its end users, it cannot be saddled with the liability of interest on the additional compensation amount on any ground or otherwise for the period of pendency of litigation in Court.*

*Brief facts:-*

*4. The petitioner is a society registered under the Societies Registration Act' 1860, having the object of imparting education. On a piece of land which was allotted by YEIDA to the petitioner, they had established a University known as "Galgotia University". The allotment process was completed in the year 2009-10 and the University was started w.e.f. 01.07.2011 with the completion of admission and commencement of classes. The impugned demanded vide letter dated 20.09.2022 to the extent of 64.7% additional compensation, is a renewed demand by YEIDA which was firstly made vide notice dated 15.12.2014. The demand letter appended as Annexure No.'1' to the writ petition records that with respect to the demand notice dated 15.12.2014, pursuant to the Government order dated 29.08.2014 of 64.7% additional compensation as 'No Litigation Incentive', the petitioner herein namely Shakuntala Educational and Welfare Society filed a writ petition No.28968 of 2018 which was allowed vide judgement and order dated 28.05.2020 passed by this Court quashing the aforesaid government order. In the Special Leave Petition (Civil) No.10015-10034 of 2020 (Civil Appeal No.4178-4197 of 2022), the Apex Court vide judgement and order dated 19.05.2022 set aside the judgment of the Writ Court and all the writ petitions including the writ petition filed by the petitioner herein had been dismissed. The notice of demand under challenge, thus, states that the petitioner herein is liable to pay 64.7% additional compensation pursuant to the order of the Apex Court.*

*5. This is, thus, the second round of litigation by the petitioner to challenge the demand of 64.7% additional compensation.*

*Preliminary Objection:-*

*6. Sri Manish Goyal learned Senior Counsel appearing for YEIDA raised a preliminary objection with regard to the maintainability of the writ petition on the first two grounds noted above, i.e. on the question of proportionality and quantum of additional compensation. While placing the relief clause of the previous writ petition filed by the petitioner therein, it was urged by the learned Senior Counsel appearing for YEIDA that the relief in the previous writ petition was not only confined to the challenge to the government order dated 29.08.2014, but also to the decision of the Board of YEIDA at item No.51/4 of 51st meeting of the Board dated 15.09.2014 whereby computation of additional compensation was made for different categories of allottees as also the consequent demand notice dated 15.12.2014 issued by YEIDA demanding Rs.12 crores and odd towards 64.7% additional compensation. It was urged that with the dismissal of the previous writ petition by the judgement and order dated 19.05.2022 passed by the Apex Court, the issue in relation to the computation of additional compensation or quantum fixed by the Board cannot be re-agitated on any ground whatsoever, including the grounds of proportionality and the factors to be worked out to compute the amount of 64.7% additional compensation.*

*7. As regards the demand of interest, it was submitted that as the petitioner has failed to meet the demand raised on 15.12.2014 within the time given in the said demand notice, with the dismissal of the writ petition filed by the petitioner, the demand would go back to the date when it was first raised and as per the original demand notice dated 15.12.2014, the petitioner herein is liable to pay interest as intimated therein.*

………………….

………………….

*39. The 'proportionality' observation, i.e. "collection of additional compensation proportionally from the concerned allottees" as propounded in the Government Order dated 29.08.2014 is to be understood in terms of the resolution of the 51th Board meeting of YEIDA. A perusal of the relevant clauses of the Board's resolution, extracted above, makes it evident that 64.7% additional compensation for District Gautam Buddh Nagar for the year 2007-08 on the compensation determined by YEIDA to the tune of Rs.800/- per square meter, was worked out to be Rs. 517.60 square meter. The district-wise liability of additional compensation for District Gautam Buddh Nagar and Bulandshahr was worked to Rs. 4630.48 crores and the distribution of said amount amongst the allottees was made in terms of the table given in 'para 7' of the resolution at item No.51/04 of the 51st Board meeting of YEIDA, which clearly provides for apportionment of extra/additional compensation by applying different rates per square meters to be imposed upon different categories of allottees.*

*40. It may be seen that for residential township/group housing the rate is Rs.1770/- per square meter; for residential plot scheme 2009 the rate is Rs1330/- per square meter; for institutional scheme of plot from 25 to 200 acres (the category to which the petitioner belongs) the rate is Rs.600/- per square meters whereas for industrial plot (offices) 2010-11 and Mixed land use the rate is Rs600/- per square meters; for industrial purposes the amount to be imposed upon the allottees is Rs.550/- square meter.*

*41. In our considered opinion, the 'proportionality principle' propounded in the recommendation of the Chaudhary Committee and approved by the State Government in the order dated 29.08.2014, i.e. to consider the amount of 64.7% additional compensation to be paid to the farmers in the form of 'No Litigation Incentive', "which may be collected proportionally from the applied allottee and which may be imposed proportionally in the costing of allotment of land available with the authority (i.e. for existing allottees and future allottees)" has been duly applied by YEIDA (development authority) while distributing its total liability of additional compensation amongst different categories of allottees proportionally.* ***The decision of Board of YEIDA in its 51st meeting taken in compliance of the Government Order dated 29.08.2014 has been upheld by the Apex Court while dismissing the previous writ petition filed by the petitioner herein vide judgement and order dated 19.05.2022 in Yamuna Expressway Industrial Development Authority Etc Vs. Shakuntala Educational and Welfare Society & others19.***

*42.* ***The issue as to the liability of additional compensation fastened upon different categories of allottees of the lands*** *by YEIDA has been upheld by the Apex Court in the above noted decision which is binding between the parties herein. The quantum of additional compensation determined by YEIDA in its*

*Board meeting dated 15.09.2014 @ of Rs.600/- per square meter having been upheld by the Apex Court in the above noted decision is not open for consideration before us in this second round of litigation.* ***Challenge to the demand notice dated 20.09.2022 is nothing but reiteration of the demand raised by the first notice dated 15.12.2014 upheld by the Apex Court.*** *Any observations of the learned Single Judge of this Court in Gaursons (supra) on the issue of 'proportionality' as observed in Gajraj (supra) in no way is attracted in the present case nor the word "proportionally" used in the recommendation of the Chaudhary Committee and the Government Order dated 29.08.2014 can be interpreted in the manner as has been submitted by the learned Senior Counsel for the petitioner herein.*

*43. The emphasis laid on the decision of the learned Single Judge in Gaursons (supra) to draw analogy for interpretation of word "proportionally" occurring in the Government Order dated 29.08.2014 is wholly misconceived. We are convinced to uphold the preliminary objection raised by the learned Senior Counsel for YEIDA that the challenge to the reiterated demand notice dated 20.09.2022 after dismissal of the previous Writ Petition No.28968 of 2018 by the Apex Court on the issue of determination of the liability of the allottee towards additional compensation, i.e. quantum as determined in the 51st Board meeting of YEIDA dated 15.09.2014 is no longer res integra and is hit by the principles of res judicata under Section 11 of the Code of Civil Procedure. As the proportionality principle raised by the learned Senior Counsel for the petitioner based on the decision of the learned Single Judge in Gaursons (supra), has no applicability in the facts and circumstances of the case, we are not required to deal with the detail arguments raised on the principle of res judicata, i.e. the interpretation, scope and applicability of Section 11 and Order 2 Rule 2 CPC. The plea that the matter of proportionality is an independent ground and the question of* ***quantum of liability remains open for consideration in this second round of litigation between the parties, is liable to be turned down.***

*44. The first two grounds of challenge, as noted above (in the beginning of this judgement), to the demand notice dated 20.09.2022 requiring the petitioner to deposit Rs.33.04 crores towards the additional compensation to be paid to the farmers are, thus, turn down.*

*45. However, the question remains of the liability of interest on the initial demand of Rs.12,14,10,000/- raised by the first demand notice dated 15.12.2014. In this regard, it was argued by the learned Senior Counsel for the petitioner that there is no legal backing to the demand of penal interest as indicated in the first demand notice dated 15.12.2014. Moreover, the petitioner was not obliged to deposit the demanded money in view of the fact that the challenge raised by it was upheld by this Court. The amount of Rs.33.04 crores which include interest as is evident from the language of the notice dated 20.09.2022 is exorbitant and has no rationale basis or backing of legal or statutory provisions. It was argued that there is no break up of the interest liability in the demand notice and hence rationale for the same cannot be examined by this Court without calling for a reply from YEIDA.*

*46. It was also argued that the petitioner being an institutional allottee has not been benefited, in any manner, on account of non-deposit of the additional*

*compensation as its end users are students to whom the liability could not be passed on. The contention is that the case of the petitioner is to be distinguished from that of the colonizer/builders who have collected the additional compensation paid by them from their allottees/home buyers. The demand of any sum of interest or otherwise for the period of pendency of litigation in Court is inequitable, unfair, unreasonable and violative of Article 14 of the Constitution of India.*

*47. On the above issue, i.e. to the extent of the dispute pertaining to the demand of interest over the additional amount of compensation computed at the rate of Rs.600/- per square meter for the total land area of 202350.00 square meter, we are of the opinion that the matter is required to be considered after exchange of pleadings between the parties.*

*48. We, therefore, call upon the respondent-YEIDA to file a counter affidavit within a period of three weeks from today confined to the challenge to the levy of interest raised herein. Two weeks , thereafter is granted to the petitioner to file rejoinder.*

*49. Put up on 14.02.2023 in the additional cause list.*

*50. In view of the above discussion, the demand of Rs.33.04 crores towards 64.7% additional compensation as raised in the demand notice dated 20.09.2022 is partially stayed, i.e. subject to the condition that an amount of Rs.15 crores shall be deposited by the petitioner with the development authority namely YEIDA within a period of four weeks from today.*

*51. Any default on the part of the petitioner in complying with the above condition would give rise to a cause of action to YEIDA to press the entire demand raised in the notice dated 20.09.2022 with respect to 64.7% additional compensation to be paid to the farmers."*

*(Emphasis supplied)*

20. As per the record, this much is reflected that the aforesaid condition stipulated in the interim order in question qua deposit of Rs.15 crores by the petitioner with the YEIDA has been fulfilled by the petitioner. The interim order in question has also attained finality as there was no challenge to the same as yet.

**ARGUMENTS ON BEHALF OF THE PETITIONER**

21. Shri Sunil Gupta, learned Senior Counsel appearing for the petitioner submitted that the Division Bench while passing the interim order in question has turned down the grounds of challenge to the demand notice dated 20.09.2022 i.e. the consequential demand notice, requiring the petitioner to deposit Rs.33.04 crores towards the additional compensation to be paid to the farmers and in compliance of the same the requisite amount has already been deposited by the petitioner. The interim order in question has also not been challenged before the Supreme Court and as such he is not pressing the said ground. At present he has confined his prayer only to challenge the levy of interest.

22. Shri Gupta, learned Senior Counsel submitted that it is well settled that interest on delayed payment of a debt is a matter of substantive law and can be claimed or awarded only if it is provided for in any of the following ways:-

(i) a statutory provision in an enactment

(ii) express terms of a contract
(iii) mercantile or trade usage or

(iv) implied agreement between the parties.

23. He vehemently submitted that in the present case, so far as the petitioner is concerned, interest on the item of ‘additional compensation, was never provided for in any of the above four ways. There was clearly no enactment or trade usage for the same. The G.O. in question, which was issued for additional compensation is purely an administrative decision and at no point of time the petitioner was part of deliberations before the Chaudhary Committee. The terms in the contract of the petitioner with YEIDA in 2009-10 viz. the Allotment Letter and Lease Deed comprised of only three items of consideration viz. Land Premium, External Development Charges (EDC) and Lease Rent. The item of additional compensation did not even exist at that time.

24. He next submitted that the ‘liability’ to pay the said sum also never got imposed on the petitioner by way of implied agreement as might have been the case with some other allottees viz. the allottees, who had given undertakings to YEIDA to pay additional compensation in lieu of YEIDA removing for them the obstructions caused by the farmers. Moreover, the petitioner had already completed its project and established the University in the year 2011 and it did not face any farmers obstruction, gave no such undertaking and entered no such implied agreement. He submitted that some written undertaking agreeing to pay additional compensation was given by various companies, if the hindrances caused by the farmers are removed by the authorities and that such allottees were bound by their undertakings and cannot ‘somersault’ or ‘approbate and reprobate’. While referring to the judgment of Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra), he submitted that in the said judgment, the Supreme Court has named some of the companies/ incumbents, who had given such an undertaking but the name of the petitioner was not there in the said judgment. Therefore, there was no agreement or implied agreement whatsoever given by the petitioner so as to pay additional compensation and/or interest.

25. Learned Senior Counsel appearing for the petitioner has heavily relied upon the Interest Act, 197814, which is a general and comprehensive substantive law on the subject of interest and applies only where, at least, an implied agreement to pay interest exists. In the petitioner’s case, there being no agreement for additional compensation, there was obviously no implied agreement even for interest and as such the demand of interest in demand notices dated 15.12.2014 and 20.09.2022 is ex facie without jurisdiction, illegal and impermissible in law. In support of his submissions, he has placed reliance on Section 3 read with Section 2 (c) of the Interest Act. He has submitted that in the present case, there is no ‘debt’ or ‘liability for an ascertained sum’, which is a precondition for any interest to be allowed under Section 3 read with Section 2 (c) of the Interest Act, hence the demand notices for interest are wholly unsustainable.

26. To elaborate, learned Senior Counsel submitted that interest under Section 3 of the Interest Act can be claimed only in respect of a ‘debt’. ‘Debt’ has been defined in Section 2 (c) to be a ‘liability for an ascertained sum’ and has been held by

the courts to mean a fixed and determined sum agreed and known to both the parties i.e. known not only to the party claiming the sum but also known from before to the party said to be liable so that it constitutes an obligation of the latter party to pay the sum. Such pre-existing knowledge of both the parties can be either owing to an agreement or adjudication of a dispute. An ascertained or known 'debt' is a jurisdictional pre-condition for the grant of interest under Section 3 of Interest Act. If there is no such 'debt', no interest can be awarded. A demand of any sum unsupported by any statute, contract, usage or implied agreement and made unilaterally by any person would not be covered by the word 'liability' in Section 2 (c) read with Section 3 of interest Act for award of interest. It is claimed that in the instant case the unilateral levy and demand of additional compensation contained in Government Order in question, Board Resolution in question and the demand notices was never a liability upon the petitioner.

27. Reliance has also been placed on Section 2 (g) of the Recovery of Debts and Bankruptcy Act, 1993, which provides, 'debt' means any liability (inclusive of interest) which is claimed as due from any person by a bank or a financial institution…..". In the interest Act, the word 'debt' has been defined under Section 2 (c) of that Act by using specific terms of restricted character. It means 'any liability for an ascertained sum of money and includes a debt payable in any kind but does not include a 'judgment debt'. In this definition, the 'ascertained sum' obviously means a sum which has been determined under any methods of the adjudicative process. Ref. **Eureka Forbes Ltd. v. Allahabad Bank15.** Reliance has also been placed on the judgments in **Jyothi Ltd. v. Boving Fouress16, Viva Highways v. MP RDC17 and Union of India v. A.L. Rallia Ram18**. Heavy reliance has also been placed on the judgment **in Central Bank of India v. Ravindra & Ors.19.** For ready reference, paras 30, 38 and 39 are reproduced as under:-

*"……..30. Their Lordships cited with approval the following passage from Halsbury's Laws of England (4th Edition) (Vol. 3, at page 118, para 160) :-*

*"160. Interest. By the universal custom of bankers, a banker has the right to charge simple interest at a reasonable rate on all overdrafts. An unusual rate of interest, interest with periodical rests, or compound interest can only be justified, in the absence of express agreement, where the customer is shown or must be taken to have acquiesced in the account being kept on that basis. Whether such acquiescence can be assumed from his failure to protest at an interest entry in his statement of account is doubtful.*

*Acquiescence in such charges only justifies them so long as the relation of banker and customer exists with respect to the advance. If the relation is altered into that of mortgagee and mortgagor by the taking of a mortgage, interest must be calculated according to the terms of the mortgage, or according to the new relation.*

*The taking of a mortgage to secure a fluctuating balance of an overdrawn account, is not, however, inconsistent with the relation of a banker and customer, so as to displace a previously accrued right to charge compound interest.*

*It is the practice of bankers to debit the accrued interest to the borrower's current account at regular periods (usually half-yearly); where the current account is*

*overdrawn or becomes overdrawn as the result of the debit the effect is to add the interest to the principal, in which case it loses its quality of interest and becomes capital."*

*………..*

*38. However 'penal interest' has to be distinguished from 'interest'. Penal interest is an extraordinary liability incurred by a debtor on account of his being a wrong-doer by having committed the wrong of not making the payment when it should have been made, in favour of the person wronged and it is neither related with nor limited to the damages suffered. Thus, while liability to pay interest is founded on the doctrine of compensation, penal interest is a penalty founded on the doctrine of penal action. Penal interest can be charged only once for one period of default and, therefore, cannot be permitted to be capitalised.*

*39. Mulla on the Code of Civil Procedure (1995 Edition) sets out three divisions of interest as dealt in Section 34 of CPC. The division is according to the period for which interest is allowed by the Court, namely- (1) interest accrued due prior to the institution of the suit on the principal sum adjudged; (2) additional interest on the principal sum adjudged, from the date of the suit to the date of the decree, at such rate as the Court deems reasonable; (3) further interest on the principal sum adjudged, from the date of the decree to the date of the payment or to such earlier date as the Court thinks fit, at a rate not exceeding 6 per cent per annum. Popularly the three interests are called pre-suit interest, interest pendente lite and interest post-decree or future interest. Interest for the period anterior to institution of suit is not a matter of procedure; interest pendente lite is not a matter of substantive law (See, Secretary, Irrigation Department, Government of Orissa & Ors. v. G.C. Roy, [1992] 1 SCC 508, Pr. 44-iv). Pre-suit interest is referable to substantive law and can be sub-divided into two sub-heads; (i) where there is a stipulation for the payment of interest at a fixed rate; and (ii) where there is no such stipulation. If there is a stipulation for the rate of interst, the Court must allow that rate upto the date of the suit subject to three exceptions; (i) any provision of law applicable to money lending transactions, or usury laws or any other debt law governing the parties and having an overriding effect on any stipulation for payment of interest voluntarily entered into between the parties; (ii) if the rate is penal, the Court must award at such rate as it deems reasonable; (iii) even if the rate is not penal the Court may reduce it if the interest is excessive and the transaction was substantially unfair. If there is no express stipulation for payment of interest the plaintiff is not entitled to interest except on proof of mercantile usage, statutory right to interest, or an implied agreement. Interest from the date of suit to date of decree is in the discretion of the Court. Interest from the date of the decree to the date of payment or any other earlier date appointed by the Court is again in the discretion of the Court - to award or not to award as also the rate at which to award. These principles are well established and are not disputed by learned counsel for the parties. We have stated the same only by way of introduction to the main controversy before us which has a colour little different and somewhat complex. The learned counsel appearing before us are agreed that pre-suit interest is a matter of substantive law and a voluntary stipulation entered into between the parties for payment of interest would being the parties*

*as also the Court excepting in any case out of the three exceptions set out hereinbefore. ……………….”*

28. Learned Senior Counsel appearing for the petitioner, in support of his submissions, has also placed reliance on the judgment in **Secretary, Irrgation Department, Government of Orissa & ors. v. G.C. Roy20**, specially in the context, wherein the agreement does not provide either for grant or denial of interest and the question arises whether in such an event the Arbitrator has power and authority to accord pendente lite interest. For ready reference, the relevant portion of the said judgment is reproduced as under:-

*“………..10. Certain English decisions including the decisions in Chandris 1951 (1) K.B. 240 were brought to the notice of the learned Judges apart from certain passages from Halsbury's Law of England and Russell's Arbitration. The learned Judge however, refrained from referring to them in view of the abundance of authoritative pronouncements by this Court. The correctness of the decision in Jena’s case is challenged by the respondent. We therefore departed from the normal rule and heard learned Counsel for the respondent Mr. Milon Banerji before hearing the appellant's counsel. Mr. Banerji appearing for the respondent made the following submissions:*

*(1) The power of an Arbitrator to award interest is by virtue of an implied term in the arbitration agreement or reference i.e. by virtue of the arbitrator's implied authority to follow the ordinary rules of law;*

*(2) It is an implied term in every arbitration agreement that the arbitrator will decide the dispute according to Indian Law. Though Section 34 of the civil Procedure Code does not expressly apply to arbitrators, its principle applies, just as the principle of several other provisions (e.g., Section 3 of the Limitation Act) has been held applicable to the arbitratOrs. Inasmuch as the arbitrator is an alternative forum for resolution of disputes he must be deemed to possess all such powers as are necessary to do complete justice between the parties. The power to award interest pendente lite is a power which must necessarily be inferred to do complete justice between the parties. The principle is that a person who has been deprived of the use of money should be compensated in that behalf.*

*In short it is based upon the principle of compensation or restitution, as it may be called.*

*(3) In every case where the arbitration agreement does not exclude the jurisdiction of the arbitrator to award interest pendente lite, such power must be inferred.*

*(4) The decision in Jena does not take into account several earlier decisions of this Court where the power of the arbitrator to award interest pendente lite has been upheld. Many such decisions have been explained away as cases where reference to arbitration was in a pending suit, though as a matter of fact it is not so. Even on principle the said decision does not represent the correct view.*

*…………..*

***12. On the other hand, Shri Sanghi, learned Counsel appearing for the State of Orissa urged that interest was never regarded as a matter of right at common law. It is either a matter of agreement or a right created by statute. Of Course, interest can also be awarded on the ground of equity but that is applicable only to limited class of cases referred to in the decision of Privy Council in Bengal***

***Nagpur Railway Co. Ltd. v. Ruttanji Ramji and Ors. 65 LA. 66. This indeed is the basis of the judgment of this Court in Seth Thawardas Pherumal v. The Union of India: [1955]2SCR48 . According to learned Counsel, a reading of Sections 3, 17 and 41 of the Arbitration Act goes to establish that arbitrator is denied such a power. If this Court holds that the arbitrator has the power to award interest pendente lite on the ground that principle of Section 34 C.P.C. avails him though the section itself does not if apply, it will open the door for innumerable cases. It will create room for submitting that all the powers of the civil Court should be inferred in the case of arbitrator as well as by extending the same analogy. This would indeed amount to legislation by this Court which it ought to desist from doing.***

*(Emphasis added)*

*..........*

*40. The first decision relied upon by him is in Union of India v. West Punjab Factories Ltd. : [1966]1SCR580 . He referred to the passage at Page 590 to contend that the Constitution Bench in this case has approved decision in Thawardas. We do not agree. The question, the Constitution Bench was considering in the said paragraph was whether interest could be awarded for the period prior to the institution of the suit. (It was not a case under Arbitration Act but was a civil Suit). In that connection the Court referred to Thawardas, as laying down the correct law in that behalf, alongwith Bengal Nagpur Railway (supra) and Union of India v. A.L. Rallia Ram : [1964]3SCR164 . It is not possible to read this paragraph as approving or affirming the decision of Thawardas insofar as it held that an arbitrator had no power to award interest pendente lite.*

*........*

*43. The question still remains whether arbitrator has the power to award interest pendente lite, and if so on what principle. We must reiterate that we are dealing with the situation where the agreement does not provide for grant of such interest nor does it prohibit such grant In other words, we are dealing with a case where the agreement is silent as to award of interest. On a conspectus of aforementioned decisions, the following principles emerge:*

*(i) A person deprived of the use of money to which he is legitimately entitled has a right to be compensated for the deprivation, call it by any name. It may be called interest, compensation or damages. This basic consideration is as valid for the period the dispute is pending before the arbitrator as it is for the period prior to the arbitrator entering upon the reference. This is the principle of Section 34, C.P.C., and there is no reason or principle to hold otherwise in the case of arbitrator.*

*(ii) an arbitrator is an alternative form for resolution of disputes arising between the parties. If so, he must have the power to decide all the disputes or differences arising between the parties. If the arbitrator has no power to award interest pendente lite, the party claiming it would have to approach the Court for that purpose, even though he may have obtained satisfaction in respect of other claims from the arbitrator. This would lead to multiplicity of proceedings.*

*(iii) An arbitrator is the creature of an agreement It is open to the parties to confer upon him such powers and prescribe such procedure for him to follow, as they think fit, so long as they are not opposed to law. (The proviso to Section 41 and Section 3 of Arbitration Act illustrate this point). All the same, the agreement must be in conformity with law. The arbitrator must*

*also act and make his award in accordance with the general law of the land and the agreement.*

*(iv) Over the years, the English and Indian Courts have acted on the assumption that where the agreement does not prohibit and a party to the reference makes a claim for interest, the arbitrator must have the power to award interest pendente lite. Thawardas has not been followed in the later decisions of this Court. It has been explained and distinguished on the basis that in that case there was no claim for interest but only a claim for unliquidated damages. It has been said repeatedly that observations in the said judgment were not intended to lay down any such absolute or universal rule as they appear to, on first impression. Until Jena's case almost all the Courts in the country had upheld the power of the arbitrator to award interest pendente lite. Continuity and certainty is a highly desirable feature of law.*

*(v) Interest pendente lite is not a matter of substantive law, like interest for the period anterior to reference (pre-reference period). For doing complete justice between the parties, such power has always been inferred.*

*44. Having regard to the above considerations, we think that the following is the correct principle which should be followed in this behalf:*

*Where the agreement between the parties does not prohibit grant of interest and where a party claims interest and that dispute (alongwith the claim for principal amount or independently) is referred to the arbitrator, he shall have the power to award interest pendente lite. This is for the reason that in such a case it must be presumed that interest was an implied term of the agreement between the parties and therefore when the parties refer all their disputes-or refer the dispute as to interest as such-to the arbitrator, he shall have the power to award interest. This does not mean that in every case the arbitrator should necessarily award interest pendente lite. It is a matter within his discretion to be exercised in the light of all the facts and circumstances of the case, keeping the ends of justice in view.*

*…………..”*

29. Reliance has also been placed on the judgment in **LIC of India & Anr. v. S. Sindhu21**, wherein it is held that the courts cannot rewrite the contract of insurance and cannot direct the insurer to pay interest contrary to the terms of the contract. For ready reference, the relevant paras of the said judgment is reproduced as under:-

*“…….9. We will now examine whether award of interest can be sustained in any manner. It is now well-settled that interest prior to the date of suit/claim (as contrasted to pendente-lite interest and future interest) can be awarded in the following circumstances :*

*(a) Where the contract provides for payment of interest; or*

*(b) Where a statute applicable to the transaction/ liability, provides for payment of interest; or*

*(c) Where interest is payable as per the provisions of the Interest Act, 1978.*

*……….*

*13. Let us now consider the provisions of Interest Act, 1978 ('Act' for short) which deals with payment of interest upto the date of suit/claim. The Act was enacted to consolidate and amend the law relating to the allowance of interest in certain cases. The objects and reasons states that the Act was enacted to prescribe the general law of interest in a*

*comprehensive and precise manner, which becomes applicable in the absence of any contractual or statutory provision specifically dealing with interest. Sub-section (1) of Section 3 of the Act provides that in any proceedings for the recovery of any debt or damages, or in any proceedings in which a claim for interest in respect of any debt or damages already paid is made, the Court may, if it thinks fit, allow interest to the person entitled to the debt or damages or to the person making such claim, as the case may be, at a rate not exceeding the current rate of interest, for the whole or part of the following period, that is to say, --*

*(a) if the proceedings relate to a debt payable by virtue of a written instrument at a certain time, then, from the date when the debt is payable to the date of institution of the proceedings;*

*(b) if the proceedings do not relate to any such debt, then, from the date mentioned in that regard in a written notice given by the person entitled or the person making the claim to the person liable that interest will be claimed, to the date of institution of the proceedings.*

*………*

*15. Even assuming that interest can be awarded on grounds of equity, it can be awarded only on the reduced sum to be quantified and paid from the date when it becomes due under the policy (that is on the date of death of the assured) and not from any earlier date. We do not propose to examine the question as to whether interest can be awarded at all, on equitable grounds, in view of the enactment of Interest Act, 1978 making a significant departure from the old Interest Act (of 1839). The present Act does not contain the following provision contained in the proviso to section (1) of the old Act :"interest shall be payable in all cases in which it is now payable by law." How far the decisions of this Court in Satinder Singh v. Umrao Singh etc. [AIR 1961 SC 908] and Hirachand Kothari (D) by LRs. v. State of Rajasthan & Anr. [1985 Supp SCC 17] and the decision of the Privy Council in Bengal Nagpur Railway Co. Ltd., vs. Rultanji Ramji [AIR 1938 PC.67], holding that interest can be awarded on equitable grounds, all rendered with reference to the said proviso to section (1) of old Interest Act (Act of 1839), will be useful to interpret the provisions of the new Act (Act of 1978) may require detailed examination in an appropriate case.*

*……..*

*17. This takes us to the question whether the decision in Harshad J. Shah (supra) lays down any principle of law that LIC should pay such interest on the premium amounts, from the dates of payment of premium, as assumed by the Consumer Forum, State Commission and National Commission. We have carefully examined the said decision and find that no such principle is enunciated therein. In that case, one J. took out four insurance policies on 6.3.1986 through a general agent of LIC. The insured paid the first and second premiums. The third half- yearly premium which fell due on 6.3.1987 was not paid within the prescribed period. On 4.6.1987, the general agent of LIC obtained from J a bearer cheque dated 4.6.1987 for Rs.2,730/-, (being the half-yearly premium in regard to the four policies), encashed the cheque through his son, and deposited the premium with LIC on 10.8.1987. In the meanwhile, the insured died on 9.8.1987. The widow of the deceased, as the nominee under the policy, made a claim with LIC for payment of the sum assured under the four policies. It was repudiated by the LIC on the ground that the policies had lapsed on account of non-payment of half-yearly*

*premium which fell due on 6.3.1987, within the grace period. The widow of the insured submitted a complaint to the State Commission claiming the sum assured under the said 4 policies, namely, Rs.4,32,000/-. The State Commission held that LIC was negligent in its service to the policyholder and directed LIC to settle the claim. On the other hand, the National Commission held that the Insurance Agent was not acting as agent of LIC in receiving the bearer cheque from the insured and therefore, LIC was not liable. That order was challenged by the claimant before this Court. The question that arose for consideration of this Court in that case was whether the payment of premium in respect of a life insurance policy by the insured to the general agent of the LIC can be regarded as payment to the insurer so as to constitute a discharge of liability of the insured. This Court answered the said question in the negative. No other question was raised or considered by this Court. Consequent to its decision, the appeal was disposed of by this Court with the following directions :*

*"For the reasons aforementioned, we are unable to uphold the claim of the appellants. No ground is made out for interfering with the decision of the National Commission that Respondent 3 in receiving the bearer cheque for Rs.2730 from the insured was not acting as an agent of the LIC. But keeping in view the facts and circumstances of the case we direct the LIC to refund the entire amount of premium paid to the LIC on the four insurance policies to Appellant 2 along with interest @ 15% per annum. The interest will be payable from the date of receipt of the amounts of premium. "*

*[Emphasis supplied]*

…………

*21. However, we find that the following order had been passed on 7.8.2000 while granting leave :*

*"Learned Solicitor General has placed on record copy of the communication received by the instructing counsel dated 26th July, 2000, according to which amount payable to the respondent, as per directions of the Consumer Disputes Redressal Commission, have already been paid. It is submitted that irrespective of the result of the appeal, the amount which stands paid, shall not be sought for any adjustment, in the peculiar facts and circumstances of the case and no relief would be sought in that behalf against the respondent. It is submitted that the question of law involved in the case is of great importance and likely to arise in other cases."*

*22. In view of it, this decision does not render the respondent liable to refund any amount already received in pursuance of the order of the consumer forum, even though we have held that the respondent is not entitled to any interest on Rs.1,13,750/-. We may clarify the contents of this para is purely based on a concession made on 7.8.2000."*

30. Learned Senior Counsel appearing for the petitioner submitted by giving an example before this Court that suppose while X and Y may be parties operating under a particular contract, if any amount becomes payable by X to Y on account of an act, event or reason occurring outside the terms of that contract, X will not be liable to pay interest to Y on that amount on the basis of the said contract. He explained that if amounts A, B and C are items of consideration payable by X to Y under the terms of a contract, A and B being amounts with provisions for interest for delayed payment and C not even having

any such provision, and on account of some reason, though pertaining to the subject matter of the said contract but still outside the terms of that contract, a further amount D becomes payable by X to Y, then for any delayed payment on the amounts A, B, C or D:

a) Interest on amounts A and B will be payable as per their respective provisions for interest as stipulated in the terms of the said contract

b) Interest on amount C may be payable under the provisions of Interest Act.

c) No interest will be payable on amount D unless it has arisen due to a separate express or implied contract. If the reason for amount D is a separate express or implied contract, then (as in the case of C) interest on the amount D may also be payable under the provisions of Interest Act.

31. He submits that merely because an amount becomes payable by X to Y for some reason, interest does not ipso facto become payable for any delay in payment thereof unless the said amount has the legal character of a 'debt' or 'liability' under Interest Act. Interest on the ground of equity was granted only in specific circumstances which would attract the jurisdiction of an equity court, not because the claimant had taken a Bank loan and had himself been paying interest to the Bank, the Court could not award interest just because it thought it was reasonable to do so. In support of his submissions, he has placed reliance on the judgments in **Bengal Nagpur Railway Co. v. Ruttanji Ramji22, Seth Thawardas Pherumal v. Union of India23, Union of India v. A.L. Rallia Ram24 and Union of India v. West Punjab Factories25**.

32. Learned Senior Counsel appearing for the petitioner has assertively argued that the impugned demand for interest on additional compensation is also devoid of merit as the same was unilaterally and high-handedly fixed by the YEIDA authorities without pursuing the legal procedure and method available to it in law, namely, by filing a suit, claim petition or ‘proceeding’ in the capacity of a plaintiff or claimant itself praying for the relief of interest from the petitioner in the court constituted for that purpose under Section 3 of the Interest Act. Inspite of being a statutory body, the YEIDA has no independent right, jurisdiction or authority in law to raise a demand of interest from any citizen and allottee at its own sweet-will without following the due procedure and remedy prescribed by law. As such the interest, which has been asked by YEIDA through its demand notices on additional compensation is ultra vires the scheme of Interest Act and that so without jurisdiction and arbitrary.

33. In support of his submissions, he has placed reliance on the judgment in Jyothi Ltd. v. Boving Fouress (Supra), wherein it has been held by the Karnataka High Court that even in a petition for winding up of a company instituted by a creditor against a company, he cannot seek the relief of interest as a disputed sum from the court. The Court held that even though it may result in multiplicity of proceedings, the claim for interest should be made by the claimant in a regular and separate ‘proceeding’ brought by him squarely under the Interest Act for the specific relief of award of interest by the Court. For ready reference, para 21 of the said judgment is quoted as under:-

*“21. I may now summarise the legal position as to claims for "interest" in*

*a proceeding for winding up under section 433(e) of the Act:*

*(d) Where there is bona fide dispute in regard to interest, the court considering a petition under section 433(e) should not decide the issue, merely to avoid multiplicity proceedings. The purpose of winding up proceedings being completely different from the purpose of proceedings for recovery of a debt, winding up proceedings are not a substitute for a civil suit and therefore relegating parties to a civil suit, cannot be considered as resulting in multiplicity of proceedings.*

*(e) Interest under section 61(2)(a) of the Sale of Goods Act, can be awarded by a court in a suit for recovery of the price of goods. Interest under section 3 of the Interest Act, can be awarded in any proceedings for recovery of any debt or damages or in any proceedings for interest (on any debt or damages already paid). Both these provisions specifically provide that interest can be awarded only in proceedings to recover money. They do not contemplate award of interest in proceedings which are not for recovery of money. Proceedings for winding up being proceedings not for recovery of money, no interest can be permitted or granted under section 61(2)(a) of the Sale of Goods Act, 1930, or section 3 of the Interest Act.*

34. He has submitted that in the absence of any proceeding instituted by YEIDA as the plaintiff or claimant itself under Section 3 of the Interest Act, there is no scope for interest being claimed or justified by it or being awarded to it by this Court. He submitted that the impugned demands dated 15.12.2014 and 20.09.2022 insofar as they levy interest and / or penal interest, are without the basis of any substantive statutory law. On the one hand, it is clear that there is no written contract, implied agreement or trade usage warranting the levy of interest and on the other hand there is also no substantive enactment by the Legislature for the grant of interest as per Section 4 read with Section 3 of Interest Act. Moreso, the G.O. in question dated 29.08.2014 too did not provide for any interest on delay in the payment of additional compensation. As such the demand letters are without jurisdiction ultra vires, and violative of Articles 14 and 19 (1) (g) of the Constitution of India, illegal and unconstitutional. Ref. **V.V.S. Sugars v. State of AP (CB)26 and Shree Bhagwati Steel Rolling Mills v. CCE27.** For ready reference, the judgment in V.V.S. Sugars (Supra) is reproduced as under:-

*"We are concerned with the interpretation of Section 21 of the Andhra Pradesh Sugarcane (Regulation of Supply and Purchase) Act, 1961, as amended by Act 25 of 1976. Principally, the provisions to be dealt with are sub-sections 3D, 4 and 5 of Section 21 which read thus:*

*(3-D) In relation to the tax levied under sub-section (1) and in respect of purchase of sugarcane on or after the date of commencement as aforesaid :-*

*(a) Sub-sections (4) and (5) shall not apply, and the tax shall be deemed due date of purchase of sugarcane or the date of commencement as aforesaid, whichever is later,*

*(b) Sub-section (3-C) shall apply with the modification that where the assessing authority is satisfied that the Occupier of a factory or Owner of Khandasari unit has removed or cause to be removed any sugar in contravention of the provision of this section or has failed to account fully for the sugar produced in the factory or Khandasari unit or deposited by him under the provision to sub-section (3),*

*the person liable to pay the tax shall in addition to the amount payable under sub-section (3) in respect of the quantity of sugar so removed or caused to be removed or unaccounted for, be also liable to pay by way of penalty a further sum not exceeding one hundred percent of the sum so payable;*

*(c) The provisions of the sub-section shall be without prejudice to the provisions of sub-section (3-C).*

*(4) The tax payable under sub-section (1) shall be levied and collected from the Occupier of the factory or Owner of the Khandasari unit in such manner and by such authority as may be prescribed.*

*(5) Arrears of tax shall carry interest at such rate as may be prescribed,*

*2. The question is whether, subsequent to the said provisions as amended, any interest could be levied on arrears of tax under sub-rule (4) of Rule 45 of the Andhra Pradesh Sugarcane (Regulation of Supply & Purchase) Rules, 1961. Rule 45, so far as it is relevant, reads thus :*

*45(3) Any amount of tax still remaining unpaid, as finally arrived at, at the end of the crushing season on the revised assessment of tax worked out and communicated by the assessing authority under sub-section (3-B) of Section 21, shall be treated as arrear under sub-section (5) of Section 21 of the Act.*

*(4) Such arrears shall carry interest at the rate of 16 percent per annum from the date following the date of closure of crushing till the amount is finally paid.*

*3. The argument on behalf of the appellants is that by reason of clause (a) of sub-section 3D of Section 21, as amended, sub-sections (4) & (5) thereof are not to apply in respect of purchases of sugarcane made on or after the date of the commencement of the Amending Act, which was 29th December, 1975; that sub-section (5) of Section 21 was the provision that required the payment of interest on arrears of tax; and that, having regard to the inapplicability of that provision for the relevant period, no interest could be levied. The High Court in the principal judgment, which was followed in the subsequent orders, took the view that the scope of sub-section 3D of Section 21 and its application was restricted to the crushing season 1975-76 during which the Amending Act had come into force.*

*4. The said Act is a taxing statute and a taxing statute must be interpreted as it reads, with no additions and no subtractions, on the ground of legislative intendment or otherwise.*

*5. On the plain wording of clause (a) of sub-section (3D) of Section 21 of the Act as amended, we find it difficult to agree with the High Court. The provisions thereof say that sub-section (5) shall not apply in relation to tax levied under sub-section (1) of Section 21 on purchase of sugarcane. The provisions came into force on the date of the commencement of the Amending Act. The provisions are open ended and are intended to apply upon the commencement of the Amending Act with no limitation in time.*

*6. This Court in India Carbon Limited & Ors. vs. State of Assam (1997 (6) SCC 479) has held, after analysing the Constitution Bench judgment in J.K. Synthetic vs. CTO (1994 (4) SCC 276), that interest can be levied and charged on delayed payment of tax only if the statute that levies and charges the tax makes a substantive provision in this behalf. There being no substantive provision in the Act for the levy of interest on arrears of tax that applied to purchases of sugarcane made subsequent to the date of commencement of the Amending Act, no interest thereon*

*could be so levied, based on the application of the said Rule 45 or otherwise.*

*7. The appeals are allowed. The judgments and orders under appeal are set aside.*

*8. This Court, by order dated 23rd Novemeber, 1983, had refused stay of the judgment and orders under appeal and had directed that, in the event the appeals succeeded and the respondents were held liable to refund the amounts recovered on account of refusal of stay, the entire amounts should be refunded within three months from the date of the order with 18% interest from the date of the payment till the amounts were refunded. The appeals having succeeded, the respondents shall refund the amounts that the appellants have paid within three months from today with interest at the rate of 18% per annum from the date of payment till the refund is made. No order as to costs."*

35. He further submitted that it is well settled principle of law that when the status is clear the equity has no role to play. Even if for the sake of argument the legal and jurisdictional precondition of Section 6 of the Interest Act are kept aside, in the special facts and circumstances of the petitioner's case, the Court would not think it fit and equitable to allow interest. He submits that equity stands excluded from Interest Act. Ref. LIC of India & Anr. v. S. Sindhu (Supra) (para 15). He submits that the equity has to follow law, if the law is clear and unambiguous. Ref. **Celir LLP vs. Bafna Motors (Mumbai) Pvt. Ltd. and Ors.28. Even otherwise in NTPC Ltd. vs. M.P. State Electricity Board and Ors.29,** Hon'ble Supreme Court has held that interest cannot be awarded on the ground of equity, if the circumstances of the case do not warrant the same. Heavy reliance has also been placed on the judgment of Hon'ble Supreme Court in **T.M.A. Pai Foundation v. State of Karnataka30.**

36. Lastly he has submitted that there are various reasons for refusal of interest as the petitioner is an educational society, which is inherently charitable and non-profitable in nature. The petitioner has used the land allotted to it not for establishing any profit making industry, therefore, the same is distinguishable from other commercial and profit making enterprises. Even if interest is awarded against the builders, colonisers and other allottees, who had given undertaking and entered into implied agreement with the authorities to pay additional compensation for being protected from the farmers' agitation, whereas in the present matter, the petitioner society has not faced any such crisis and accordingly had never given any such undertaking and even did not enter into any such implied agreement with the Government or YEIDA. Whereas other builders, at the time of farmers' agitation, had given undertaking to the Authorities and had made a commitment for payment of additional compensation for being protected from the farmers' agitation. Even they indulged in unjust enrichment by collecting additional compensation from their end users namely home buyers or flat owners. It is claimed that the petitioner has not collected any such sum from its end users namely the students. Therefore, the question of petitioner having any debt or liability to pay additional compensation did not arise as there is no default and there can be no interest.

37. We have also heard Shri H.N. Singh, learned Senior Advocate appearing in the connected matter, who has strenuously argued on various grounds. The said arguments are in line with the

arguments advanced by Shri Sunil Gupta, learned Senior Advocate appearing in the leading writ petition and as such, we do not find additional arguments, which are to be considered separately.

**ARGUMENTS ON BEHALF OF RESPONDENT-YEIDA**

38. Shri Manish Goyal, learned Senior Counsel appearing for YEIDA has submitted that the petitioner and other similarly situated persons had earlier invoked the extraordinary jurisdiction of the High Court for quashing the demand of additional compensation in respect of land leased out to it, Board Resolution in question and the G.O. in question, whereby the said demand was permitted and allowed to be recovered from the allottees. Even it was also prayed for a direction that the State as well as YEIDA be restrained from demanding any additional amount over and above as mentioned in the lease deed. The Division Bench of this Court vide judgment and order dated 28.05.2020 had allowed all such writ petitions in Shakuntla Educational and Welfare Society v. State of U.P. & Ors. (Supra). Thereafter, the YEIDA had challenged the same before Hon'ble Apex Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra).

39. Shri Manish Goyal, learned Senior Counsel appearing for YEIDA has vehemently submitted that the validity of demand of additional compensation along with interest thereon by the YEIDA is no more res integra in view of the judgment passed by Hon'ble Apex Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra), wherein Hon'ble Apex Court had dismissed the challenge to the demand for additional compensation including interest levied by YEIDA in the demand letters thereof. Present litigation is an attempt to reagitate the issue, which the Supreme Court has already conclusively decided and resolved the matter. The Supreme Court had set aside the Division Bench judgment in Shakuntla Educational and Welfare Society v. State of U.P. & Ors. (Supra) and dismissed the challenge to the demand of additional compensation including interest levied by YEIDA in first demand notice.

40. It is contended that the first demand notice sent to the petitioner for payment of additional compensation expressly stipulated three terms:-

a) Rate of additional compensation @ 600/sqm;
b) Four installments for payment of the entire additional compensation;
c) Levy of interest in case of failure to deposit additional compensation by the specified dates.

41. Admittedly the petitioner had challenged not only the first demand notice but also assailed the validity of the G.O. in question as well as the Board Resolution in question mainly on the ground that the decision of the Full Bench of the High Court in Gajraj (Supra) is not applicable in respect of land acquired for YEIDA. The burden of additional compensation cannot be shifted upon the allottees and the YEIDA cannot realize any amount over and above, which has been mentioned in the allotment letter or in the lease deed, which is a binding contract. Earlier writ petition was allowed by means of judgment and order dated 28.05.2020 and the Division Bench had quashed the G.O. in

question as well as the Board Resolution in question. Against the said judgment, the YEIDA had preferred SLP No.10034 of 2020 before Hon'ble Supreme Court, which was converted into Civil Appeal No.4218-4219 of 2022. The said appeals were allowed by Hon'ble Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) and the judgment of this Court dated 28.05.2020 had been reversed. Hon'ble Supreme Court while deciding the same had not only approved the G.O. in question of the State Government but also approved the Board Resolution in question of YEIDA regarding additional compensation by holding that the same was policy decision in public interest and it overrides the private treaty between the parties. He has vehemently submitted that even though the Supreme Court had approved the G.O. in question as well as the Board Resolution in question but the petitioner, inspite of first demand notice, did not turn up and deposit the requisite amount in response to the said notice. Consequently, another notice dated 20.09.2022 (consequential demand notice) was issued, which is impugned in the present writ petition, whereby YEIDA again demanded additional compensation with interest for default in payment of additional compensation.

42. He submitted that in the present petition the main grievance of the petitioner is the levy of interest on the additional compensation but the petitioner had deliberately challenged the demand for additional compensation on the ground of proportionality and the quantum. However, at the admission stage, the Division Bench while entertaining the present writ petition vide interim order in question had dismissed the challenge to the additional compensation on these two grounds and only on the issue of interest, the Court had entertained the writ petition and accorded a conditional stay order. The interim order in question was not challenged by the petitioners and the condition mentioned in the interim order in question was also complied with by the petitioner. Hence the scope of the present writ petition is now limited to the issue of interest only.

43. In the earlier petition the petitioner has already assailed the validity of the first demand notice and as per first demand notice issued by YEIDA the petitioner was required to pay additional compensation explicitly outlying the imposition of penal interest in the event of failure to deposit the additional compensation by the specific date. Consequently, the demand notice dated 09.02.2018, which was also known to the petitioner and also under challenge in earlier petition and thereafter the consequential demand notice (impugned in this writ petition), which are consequential to the first demand notice, cannot be questioned in the subsequent writ petition. The first demand notice was strictly in compliance with the Board Resolution in question. Even this Court in its interim order in question had also approved the first demand notice as the same was in compliance of the Board Resolution. Since the challenge of the petitioner was dismissed, it is not open to the petitioner to challenge it again. Moreover, the first demand notice has been upheld by Hon'ble Apex Court, therefore, at this stage, the challenge qua either the rate at which additional compensation has been demanded or levy of penal interest, the same is not open to be challenged by the petitioner.

44. It is contended that another application was also filed by another allottee-M/s Jai Prakash Associates (in short "JAL") before Hon'ble Supreme Court for directions regarding the YEIDA's ability to recover the additional compensation from the allottees, along with disputing the imposition of interest by YEIDA for delayed payment of additional compensation. One of the grounds in the said application was that *"without having paid the concerned farmers additional compensation itself, has imposed a component interest on the applicant for delay in payment of the additional compensation amount."* Hon'ble Supreme Court vide its order dated 10.08.2022 dismissed JAL's application. Furthermore, after the decision in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) an application was filed by JAL seeking a review of it but the same was also dismissed by the Supreme Court on 31.01.2023. Therefore, it is contended that the principle of constructive res judicata shall be applicable debarring the petitioner to challenge the demand on any ground especially on the interest in a subsequent writ petition. Reliance in this regard has been placed on **State Bank of India v. Gracure Pharmaceuticals Ltd.31.** The relevant paragraphs of the said judgment is reproduced as under:-

*"……….11. The above-mentioned decisions categorically lay down the law that if a plaintiff is entitled to seek reliefs against the defendant in respect of the same cause of action, the plaintiff cannot split up the claim so as to omit one part to the claim and sue for the other. If the cause of action is same, the plaintiff has to place all his claims before the Court in one suit, as Order 2 Rule 2, CPC is based on the cardinal principle that defendant should not be vexed twice for the same cause.*

*12. Order 2 Rule 2, CPC, therefore, requires the unity of all claims based on the same cause of action in one suit, it does not contemplate unity of distinct and separate cause of action. On the above- mentioned legal principle, let us examine whether the High Court has correctly applied the legal principle in the instant case.*

*……………*

*17. When we go through the above quoted paragraph it is clear that the facts on the basis of which subsequent suit was filed, existed on the date on which the earlier suit was filed. The earlier suit was filed on 15.03.2003 and subsequent suit was filed on 21.05.2003.* ***No fresh cause of action arose in between the first suit and the second suit.*** *The closure of account, as already indicated, was intimated on 20.03.2002 due to the alleged fault of the respondent in not regularizing their accounts i.e. after non-receipt of payment of LC, the account became irregular. When the first suit for recovery of dues was filed i.e. on 15.03.2001 for alleged relief, damages sought for in the subsequent suit could have also been sought for. Order 2 Rule 2 provides that every suit shall include the whole of the claim which the plaintiff is entitled to make in respect of the same cause of action. Respondent is not entitled to split the cause of action into parts by filing separate suits.* ***We find, as such, that respondent had omitted certain reliefs which were available to it at the time of filing of the first suit and after having relinquished the same, it cannot file a separate suit in view of the provisions of sub- rule 2 of Order 2 Rule 2, CPC. The object of Order 2 Rule 2 is to avoid multiplicity of proceedings and not to vex the parties over and again in a litigative***

***process. The object enunciated in Order 2 Rule 2, CPC is laudable and it has a larger public purpose to achieve by not burdening the court with repeated suits………..***

*(Emphasis supplied)*

45. Shri Manish Goyal, learned Senior Counsel appearing for YEIDA submitted that learned Senior Counsel appearing for the petitioner has placed heavy reliance upon 'equity' and 'interest'. Therefore, the said aspect can be broadly analyzed by considering the following three questions:-

a) Whether the allottee is liable to pay interest during the pendency of litigation initiated by allottee?

b) Whether under the facts of the present case, interest can be claimed by way of restitution as part of an equitable right?

c) Whether the allottee, due to non-fulfilment of the conditions mentioned in the Board Resolution, is liable to pay penal interest from the date of the demand till the date of actual payment, especially considering that the Board Resolution has been upheld by the Supreme Court?

46. As regards the first question, he submitted that the additional compensation is nothing but the cost of the land. The said stand is also fortified in the light of G.O. in question, which unambiguously mandates that the additional compensation is an integral part of the cost of the allotted land. Only in the said light, the Board resolution was also passed. The lease deed constitutes a specific contractual arrangement between the Government and the private party but the Government Order in question as well as Board Resolution in question override its terms with respect to the consideration of the cost of land allocation. The said stand is further fortified, once the G.O. in question as well as the Board Resolution in question had been approved by the Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra).

47. Referring to the second question, he submitted that the first demand notice also stipulates that the installments would be commenced after three months and the principal amount was to be deposited in four quarterly installments. The said demand was raised as a cost of land. The first demand notice is of the year 2014 but the petitioner had deliberately evaded the payment of additional compensation in terms of G.O. and Board Resolution and as an afterthought he preferred previous writ petition in the year 2018. The interim order was accorded by the Division Bench on 29.08.2018 and the Government Order in question as well as Board Resolution in question was set aside on 28.05.2020. However, Hon'ble Supreme Court vide its judgment in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) had upheld the validity of G.O. in question and Board Resolution in question and set aside the judgment passed by the Division Bench dated 28.05.2020. Therefore, in the present matter, the concept of restitution is applicable and the same would not be governed by the provisions of Interest Act.

48. Learned Senior Counsel for YEIDA, in support of his submissions, has also placed reliance on the Constitution Bench judgment of the Supreme Court in **Indore Development Authority v.**

**Manoharlal & Ors.32.** The relevant para 335 of the said judgment, for ready reference, is quoted as under:-

*"335. The principle of restitution is founded on the ideal of doing complete justice at the end of litigation, and parties have to be placed in the same position but for the litigation and interim order, if any, passed in the matter.* ***In South Eastern Coalfields Ltd. v. State of M.P. 46, it was held that no party could take advantage of litigation. It has to disgorge the advantage gained due to delay in case lis is lost. The interim order passed by the court merges into a final decision. The validity of an interim order, passed in favour of a party, stands reversed in the event of a final order going against the party successful at the interim stage. Section 144 of the Code of Civil Procedure is not the fountain source of restitution. It is rather a statutory recognition of the rule of justice, equity and fair play. The court has inherent jurisdiction to order restitution so as to do complete justice. This is also on the principle that a wrong order should not be perpetuated by keeping it alive and respecting it.*** *In exercise of such power, the courts have applied the principle of restitution to myriad situations not falling within the terms of Section 144 CPC. What attracts applicability of restitution is not the act of the court being wrongful or mistake or an error committed by the court; the test is whether, on account of an act of the party persuading the court to pass an order held at the end as not sustainable, resulting in one party gaining an advantage which it would not have otherwise earned, or the other party having suffered an impoverishment, restitution has to be made. Litigation cannot be permitted to be a productive industry. Litigation cannot be reduced to gaming where there is an element of chance in every case. If the concept of restitution is excluded from application to interim orders, then the litigant would stand to gain by swallowing the benefits yielding out of the interim order."*

*(Emphasis supplied)*

49. He vehemently submitted that on account of petitioner's inaction, the YEIDA had been denied payment of its lawful dues and the petitioner's endeavour was to litigate the matter and all efforts were made to delay the payment and deprive the YEIDA for its lawful dues and thereby undermine the public purpose. He submitted that in such situation YEIDA is having every right and claim to recover the interest for the period during which the petitioner obtained and enjoyed the interim protection. As a compensatory measure, YEIDA must be compensated for this delay. Moreover, though the demand of additional compensation has been found to be lawful by the Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) but the petitioner refused to pay the same and denied the said amount to YEIDA. In support of his submissions, he has placed reliance on the judgment in **South Eastern Coalfields Ltd. v. State of M.P.33.**

50. He submitted that the aforesaid principles laid down by the Supreme Court is also applied in the present matter and the action of YEIDA is fully justified and sustainable to levy interest on payment from petitioner since in the given facts it deserves to do so in the equity.

51. He also submitted that the Board Resolution clearly stipulates that YEIDA will procure loans from the banks and other

financial institutions to pay the additional compensation to the farmers. YEIDA borrows these loans because it provides the allottees with a two year period in the first demand notice to pay the additional compensation. However, that two year period has expired and the petitioner has not paid the amount in question.

52. Shri Manish Goyal, learned counsel for YEIDA has submitted that the G.O. in question as well as the Board Resolution in question, having been held to serve a larger public interest, constitute ‘law’ within the meaning of Article 13 (2) read with Article 13 (3) of the Constitution of India. Article 13 (3) (a) of the Constitution of India elaborates that “law” includes any Ordinance, order, bye-law, rule regulation, notification, custom, or usage having the force of law in India. He has also placed reliance on the seven Judge Bench judgment of the Supreme Court in **Pradeep Kumar Biswas v. Indian Institute of Chemical Biology34,** wherein it is held in para 94 as under:-

*“94. A reference to Article 13(2) of the Constitution is apposite. It provides-*

*"13 (2) The State shall not make any law which takes away or abridges the right conferred by this part and any law made in contravention of this clause shall, to the extent of the contravention, be void".*

*Clause (3) of Article 13 defines 'law' as including any Ordinance, order, bye-law, rule, regulation, notification, custom or uses having in the territory of India the force of law. We have also referred to the speech of Dr. B.R. Ambedkar in Constituent Assembly explaining the purpose sought to be achieved by Article 12. In RSEB's case, the majority adopted the test that a statutory authority "would be within the meaning of 'other authorities' if it has been invested with statutory power to issue binding directions to the parties, disobedience of which would entail penal consequences or it has the sovereign power to make rules and regulations having the force of law". In Sukhdev Singh's case, the principal reason which prevailed with A.N. Ray, CJ for holding ONGC, LIC and IFC as authorities and hence 'the State' was that rules and regulations framed by them have the force of law.*

*In Sukhdev Singh's case, Mathew J. held that the test laid down in RSEB's case was satisfied so far as ONGC is concerned but the same was not satisfied in the case of LIC and IFC and, therefore, he added to the list of tests laid down in RSEB's case, by observing that though there are no statutory provisions, so far as LIC and IFC are concerned, for issuing binding directions to third parties, the disobedience of which would entail penal consequences, yet these corporations (i) set up under statutes, (ii) to carry on business of public importance or which is fundamental to the life of the people ___ can be considered as the State within the meaning of Article 12. Thus, it is the functional test which was devised and utilized by Mathew J. and there he said,*

*"the question for consideration is whether a public corporation set up under a special statute to carry on a business or service which Parliament thinks necessary to be carried on in the interest of the nation is an agency or instrumentality of the State and would be subject to the limitations expressed in Article 13(2) of the Constitution. The State is an abstract entity. It can only act through the instrumentality or agency of natural or juridicial persons. Therefore, there is nothing strange in the notion of the State*

*acting through a corporation and making it an agency or instrumentality of the State".*

*It is pertinent to note that functional tests became necessary because of the State having chosen to entrust its own functions to an instrumentality or agency in absence whereof that function would have been a State activity on account of its public importance and being fundamental to the life of the people………..”*

53. He has also placed reliance on para 12 of the Constitution Bench judgment of the Supreme Court in **H.C. Narayanappa v. State of Mysore35**, which, for ready reference, is reproduced as under:-

*“…….12. In any event, the expression " law " as, defined in Art. 13(3)(a) includes any ordinance, order, bye-law, rule, regulation, notification custom, etc., and the scheme framed under s. 68C may properly be regarded as " law " within the meaning of Art. 19(6) made by the State excluding private operators from notified routes or notified areas, and immune from the attack that it infringes the fundamental right guaranteed by Art. 19(1)(g)……”*

54. With regard to the third question, he has vehemently submitted that the G.O. in question as well as subsequent Board Resolution in question upheld by the Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) constitute ‘law under Art.13 (3) of the Constitution and as an instrumentality of the State, YEIDA is legally bound to implement these directives, which in the present case, serve a public duty by ensuring the equitable distribution of additional compensation among affected farmers. This legal framework mandates YEIDA’s compliance to uphold social justice and public interest, reinforcing the status of G.O. in question as lawful enactment in the pursuit of its statutory responsibilities.

55. He has further raised an objection that the land cannot be fragmented or compartmentalised on the ground that the land was developed sector wise and villages are e-phased. Sectors allotted to allottees do not explicitly mentioned the villages as area developed by the YEIDA as big chunk of land is being developed for planned development. The G.O. in question, the Board Resolution in question as well as judgment in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) do not recognise educational institutions as special class. Therefore, there is no justification for exempting them from liability of additional compensation specially when other allottees are being required to make the same payment. He vehemently submitted that the assertion of being an educational institution in the absence of any undertaking to the State Government regarding future liability and specially in the light of affidavit sworn by the petitioner in the year 2012, wherein it affirmed to bear any future liability arising towards lease rent, cannot be considered, as the said argument had already been held to be untenable by the Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra).

56. He has vehemently submitted that there is unjust enrichment by the

petitioner institution as it had claimed status of charitable institution but nowhere provided any credible evidence to substantiate their assertion of having meagre source of income. In this regard heavy burden lies upon the petitioner to demonstrate their limited financial capacity. In the present litigation, there is no scope and ambit to scrutinse the overall financial health/ status of the institution but as the petitioner claims the status of being a charitable institution, it does not automatically exempt the petitioner from their financial obligations, especially if the institution engages in profit-generating activities. From the information available on petitioner's official website, it is evident that they are private institutions primarily focused on profit-making endeavour under the guise of providing amenities such as luxury hotels, mess facilities and other services. Furthermore, they do not publicly disclose the fees for these amenities, raising questions about transparency and financial practices.

57. It is also submitted that the petitioner has established following institutions:-

a) Galgotias Institute of Management & Technology (GIMT)
b) Galgotias College of Engineering & Technology (GCET)
c) Galgotias College of Pharmacy (GCP)
d) Galgotias University GU

58. All the aforesaid institutions are situated in the District of Gautam Buddha Nagar. Galgotias University was granted the status of a university through an enactment known as "The Galgotias University Uttar Pradesh Act, 201136. The petitioner is not a minority private institution, and, therefore, the judgment in T.M.A. Pai Foundation v. State of Karnataka (Supra) cited by learned Senior Counsel for the petitioner is not applicable in the present matter as the minority private institutions have been explicitly excluded from the provisions of U.P. Private Universities Act, 201937.

59. Shri Manish Goyal, learned Senior Counsel appearing for YEIDA has vehemently submitted that Shakuntala Welfare and Education Society through Galgotias University must adhere to the regulatory requirements of both the Act, 2011 and the Act, 2019. He submitted that the Act 2019 mandates financial transparency and accountability for private universities in Uttar Pradesh but the petitioner's failure to disclose the complete fee structure for premium amenities contravenes the principles of transparency and casts doubt on its claimed charitable status. Despite claiming charitable status, the petitioner has not disclosed the full fee structure and amenities, therefore, violating transparency obligations in the present litigation.

60. This much is contended that under clause 1(A) of the Lease Deed, the Respondent Authority is entitled to levy interest (including penal interest) in case of default in payment of land premium. The clause 1 (A) provides as under:

*"(A) the premium of Rs 21,34,79,250/- (Rupees Twenty One Crore Thirty Four Lac Seventy Niue Thousand Two Hundred Fifty only) out of which an amount equivalent to 10% of the total premium of plot has been paid by the Lessee as reservation money and the lessor hereby acknowledges the receipt thereof, and balance amount of 90% to be paid by the lessee in installments as indicated*

*below along with interest @ 12% p.a. (for availing the facility of payment of the premium in installments). In case of default in payment of installment(s) interest @ 15% per annum compounded every half yearly, would be chargeable on the installment amount for the period of delay of each installment."*

61. Under clause 1(B) of the Lease Deed, the Respondent Authority is entitled to levy interest (including penal interest) in case of default in payment of EDC. The clause 1 (B) provides as under:

*"The external development charges @ Rs. 574/- (Rupees Five Hundred Seventy Four only) per square meter to be paid in 20 equal half yearly installment along with interest on reducing balance at an interest rate of 12% or SBI PLR whichever is higher as per the Schedule prescribed hereafter and in case of default in payment of any installment further interest @15% or 3% above the SBI PLR which ever is higher, shall be charges on the amount for the defaulted period."*

62. Learned Senior Counsel appearing for YEIDA, in support of his submissions, has placed reliance on the definition of 'unjust enrichment' given in American Jurisprudence, Second Edition, Volume 66, which is reproduced as under:-

*"3. Unjust enrichment.*

*The phrase "unjust enrichment is used in law to characterize the result or effect of a failure to make restitution of, or for, property or benches result or ender such circumstances as to give rise to a legal or equitable obligation to account therefor. It is a general principle, underlying various legal doctrin and remedies, that one person should not be permitted unjustly to enrich himself at the expense of another, but should be required to make restitution of or for property or benefits received, retained, or appropriated, where it is just and equitable that such restitution be made, and where such action involves no violation or frustration of law or opposition to public policy, either directly or indirectly.*

*Unjust enrichment is basic to the subject of restitution, and is indeed approached as a fundamental principle thereof. They are usually linked together, and restitution is frequently based upon the theory of unjust enrichment. 26 However, although unjust enrichment is often referred to or regarded as a ground for restitution, it is perhaps more accurate to regard it as a prerequisite, for usually there can be no restitution without unjust enrichment. 28 It is defined as the unjust retention of a benefit to the loss of another, or the retention of money or property of another against the fundamental principles of justice or equity and good conscience. A person is enriched if he has received a benefit, and he is unjustly enriched if retention of the benefit would be unjust. 30 Unjust enrichment of a person occurs when he has and retains money or benefits which in justice and equity belong to another.31*

*Generally, quasi-contractual liability for unjust enrichment is based upon the ground that a person received a benefit which it is unjust for him to retain ought to make restitution or pay the value of the benefit to the party entitled thereto. Recovery in an action of unjust enrichment depends upon whether, by the receipt of the funds in controversy, the defendant was enriched at the loss and expense of the plaintiff. A right of recovery under the doctrine of unjust enrichment is essentially equitable, its basis being that in a given situation it is contrary to equity and good*

*conscience for one to retain a benefit which has come to him at the expense of another. A person who has been unjustly enriched at the expense of another is required to make restitution to the other.*

*While the most prevalent implied contract recognized under the doctrine of unjust enrichment is predicated upon a relationship between the parties from which the court infers an intent, the doctrine also recognizes an obligation imposed by law regardless of the intent of the parties, where good conscience dictates that under the circumstances the person benefited should make reimbursement. 30 Unjust enrichment arises not only where an expenditure by one person adds to the property of another, but also where the expenditure saves the other from expense or loss.37*

*One is not unjustly enriched, however, by retaining benefits involuntarily acquired which law and equity give him absolutely without any obligation on his part to make restitution. No person is unjustly enriched unless the retention of the benefit would be unjust."*

63. He has also placed reliance on American Jurisprudence Second Edition Volume 45, wherein it is provided that in the absence of a contract to the contrary, interest on money generally runs from the time that it becomes due and payable. (Ref. **Smyth v. U.S.38**). It is also provided that when a contract term is ambiguous as to when an amount is due, the court looks to the rest of the contract to determine the date, and interest will run from that date. (Ref.**Bangley Const. Development & Engineering Inc. v. All Phase Elec. & Maintenance, Inc.39.**

64. Learned Senior Counsel for YEIDA submits that in the present matter penal interest was mentioned in the first demand letter of the year 2014 and the interest was also shown while raising the second demand notice. Therefore, it is not in dispute that the interest and penal interest were mentioned. In this regard, he has placed reliance on the averments contained in the counter affidavit filed by YEIDA. He submitted that the State fulfills its responsibility by upholding the 'public conscience' by implementing initiative intended for public purposes specially for providing additional compensation of 64.7% additional compensation in view of the judgment in Gajraj (Supra). In support of his submissions, he has placed relinace in **Arnold Rodricks v. State of Maharashtra40 and State of Bombay v. BhanjiMunji41.**

65. It is also contended that in the judgment dated May 19, 2022 in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra), Hon'ble Supreme Court has, after detailed scrutiny and examination, held that the decision of the Respondent Authority to pay the additional compensation to the farmers whose lands have been acquired, was in public interest since its objective was to quell the farmers' agitation and prevent disruption in the development activity on that account.

66. While filing the counter affidavit, YEIDA has taken a precise objection that in view of the judgment passed by the Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra), the petitioner's objection regarding additional compensation, interest and penal interest demanded by YEIDA has finally been

settled and cannot be reagitated in the subsequent proceeding. Therefore, additional compensation qua quantum of proportionality is no more res integra. An objection is being taken that the additional compensation is infact demand of land premium and levy of interest (including penal interest) in case of default of land premium. For ready reference, paragraphs 22 to 34 of the counter affidavit filed by YEIDA in Writ Petition No.2674 of 2023 are reproduced as under:-

***"Levy of interest (including penal interest) in case of default of land premium***

*22. Under Clause 1(A) of the Lease Deed, the Respondent Authority is entitled to levy interest (including penal interest) in case of default in payment of land premium. The clause 1(A) provides as under:*

*"(A) the premium of Rs-32,02,18875/- (Rupees Thirty two crore two lacs eighteen thousand eight hundred seventy five only) out of which an amount equivalent to 10% of the total premium of plot has been paid by the Lessee as reservation money and the lesser hereby acknowledges the receipt thereof, and balance amount of 90% to be paid by the lessee in installments as indicated below along with interest @ 12% p.a. (for availing the facility of payment of the premium in installments). In case of default in payment of installment(s) interest @ 15% per annum compounded every half yearly would be chargeable on the installment amount for the period of delay of each installment."*

***Levy of Interest (including penal interest) on EDC***

*23. Under clause 1(B) of the Lease Deed, the Respondent Authority is entitled to levy interest (including penal interest) in case of default in payment of EDC. The clause 1(B) provides as under:*

*"(B) The external development charges Rs 574/- (Five hundred seventy four only) per square meter to be paid in 20 equal installments along with interest reducing balance at an Interest rate of 12% or SBI PLR whichever is higher as per the Schedule prescribed hereafter and incase of default in payment of any Installment further above the SBI PLR which ever is higher, shall be charged on the defaulted period."*

***Payment of Additional Compensation and Levy of Interest (including penal interest) on delayed payment of additional compensation***

*24. Without prejudice to the above, the Respondent Authority submits that in the Shakuntla judgment, the Hon'ble Supreme Court, having undertaken a thorough and meticulous review, has conclusively determined that the Respondent Authority's decision to disburse additional compensation to the farmers whose lands have been subject to acquisition was found to be in the interest of the public at large. This decision was made with the primary objective of quelling the farmers' agitation and averting any disruption in the ongoing development activities. In this respect, the Hon'ble Supreme Court held as follows:*

*"55. If we apply the principle as laid down in the case of Kasinka Trad Trading (supra) to the facts of the present case, it will be clear that the policy decision of the State Government was not only in the larger public interest but also in the interest of the respondents. The projects were stalled on account of the farmers' agitation. The farmers felt discriminated as they found that the compensation paid to them was much lesser than the one being paid to the equally circumstanced farmers*

*in NOIDA and Greater NOIDA. It was the allottees of the land who had approached the State Government for redressal of the problem. In these circumstances, the Government took cognizance of the problem and appointed the Commissioner recommended appointment of High- Level Committee, the Chaudhary Committee was appointed. The Chaudhary Committee had threadbare discussions with all the stakeholders. It also took into consideration that on account of stay orders passed by the High Court in various writ petitions, the development of the project was stalled. On account of pendency of the writ petitions, there was always a hanging sword over the entire acquisition of it being declared unlawful. In this premise in order to find out a workable solution and that too, on the basis of the law laid down by the High Court in the case of Gajraj (supra) as affirmed by this Court in the case of Savitri Devi (supra) and followed by this Court in the case of Savitri Mohan (Dead) (supra), recommendations were made by the Chaudhary Committee. The Chaudhary Committee specifically recommended that the additional compensation and other incentives would be paid only if the landowners agree to handover physical possession of the land to YEIDA and withdraw all the litigations.*

*56. It could thus be seen that the recommendations, which were accepted by the State Government and formulated in the policy, were made taking into consideration the interests of all the stakeholders. As held by this Court, it is not only the interest of a small section of the allottees, which should weigh with the Government, but the Government should also give due weightage to the interest of the large section of farmers, whose lands were acquired."*

*25. In order to redress the grievances of the farmers and forestall any hindrance to the progress of development activities, the Respondent Authority found it necessary to disburse the additional compensation prior to receiving the due amounts from the respective allottees. It is imperative to note that the Respondent Authority operates as a self- financing entity. Consequently, to secure the financial means for disbursing the additional compensation, it had to procure loans from established lending institutions.*

*26. Pursuant to the G.O., the total amount payable to the original landowners as additional compensation is Rs. 5245 crores. Out of the said amount, the Respondent Authority has already paid Rs.3436.18 crores (approximately) to the original landowners, and a sum of Rs. 1808.87 crores (approximately) are still payable.*

*27. It is further submitted that the Respondent Authority had raised a demand for Rs. 4562.60 crores from its allottees out of which a sum of Rs.1712.62 crores (approximately) have been deposited by several allottees. A balance sum of Rs. 2849.98 crore (approximately) is still outstanding.*

*28. The Respondent Authority issued another Demand Notice i.e., the Impugned Demand Notice to the Petitioner seeking to realize the amount of INR 53.26 crore, on account of default in payment of additional compensation (No- Litigation Incentive). The Petitioner, however, failed to comply with the Demand Notice and did not pay the amount demanded on account of additional compensation.*

*29. As mentioned above, the Respondent Authority has diligently proceeded with the disbursement of additional compensation to the farmers, a measure that has necessitated securing*

*bank loans in order to fund this process. In doing so, the Respondent Authority is also incurring interest expenses on these loans.*

*30. Conversely, the Petitioner has consistently failed to fulfill its financial obligations concerning the additional compensation, despite the fact that the Hon'ble Supreme Court has unequivocally validated the demand stipulated in the Impugned Demand Notice, deeming it legitimate and in the best interest of the public. Further, the Petitioner has failed to make timely payments of the sums owed pursuant to clauses 1(A), 1(B) and 1(C) of the Lease Deed.*

*31. In these circumstances, it is only just and equitable that the Respondent Authority's demand for interest (including penal interest) on the delayed payments be upheld, more so because Respondent Authority is a public authority engaged in public service and not in private enterprise driven by profit.*

***Rate of Interest leviable on delayed payment***

*32. As is apparent from the Lease Deed, for the delay and default in payment of land premium (including the balance amount) the Respondent Authority has levied interest rate stipulated in clause 1(A) of the Lease Deed and the Petitioner is not entitled to dispute such rate.*

*33. Similarly, for the delay and default in payment of EDC, the Respondent Authority has levied interest at the rate stipulated in clause 1(B) which too the Petitioner is not entitled to dispute.*

*34. The Respondent Authority has levied the same interest rate for both the delay and default in payment of additional compensation, as stipulated in the Demand Notice, and for the delay in payment of EDC in accordance with clause 1(B). It is submitted that application of the same rate is rational and reasonable as explained in the following paragraph."*

67. Learned Senior Counsel appearing for YEIDA also submitted that the principles of Order II Rule 2 & Section 11 Explanation IV of the Civil Procedure Code, 1908 are applicable to the writ proceedings. The abandonment of a relief and re-agitation in a fresh petition is a clear abuse of the process of court. (Ref.**Forward Constructions Co. v. Prabhat Mandal (Regd.)42, Direct Recruit Class II Engg. Officers' Assn. v. State of Maharashtra43 and Sarguja Transport Service v. S.T.A.T.44)**

68. He further submitted that Art.144 of the Constitution of India is applicable in the matter and the writ jurisdiction cannot be invoked by a party not complying with Art.144 of the Constitution. (Ref. **Kantaru Rajeevaru (Sabarimala Temple Review-5 J.) v. Indian Young Lawyers Assn.45, Spencer & Co. Ltd. v. Vishwadarshan Distributors (P) Ltd.46 and State of Tamil Nadu v. State of Karnataka & Ors.47)**

**REJOINDER ARGUMENTS ON BEHALF OF THE PETITIONER**

69. Shri Sunil Gupta, learned Senior Counsel appearing for the petitioner, in rejoinder, has vehemently submitted that by no stretch of imagination the G.O. in question as well as Board Resolution in question could be placed in the category of 'law' and if it is 'law', it is so only for the limited context of Art.13 (3) of the Constitution of India namely to prevent any infringement of citizens' fundamental rights under Part III of the Constitution of India. Ref. **Union of India v. Colonel**

**L.S.N. Murthy and Anr.48; Pharmacy Council of India v. Rajeev College49; Bijoe Emmanuel v. State of Karala50 and Union of India v. Naveen Jindal51.**

70. He has also submitted that the private educational institutions are important and are charitable institutions. Ref.**Unni Krishnan, J.P. State of U.P.52** and T.M.A. Pai Foundation v. State of Karnataka (Supra). He submitted that the liability, rate, period etc. of interest had not been disclosed in G.O. in question, Board Resolution in question and YEIDA demand notice in 2014. First time the same has been disclosed in the counter affidavit of YEIDA dated 17.02.2023. Therefore, the said facts does not constitute any part of cause of action regarding the main demand of 64.7% additional compensation nor the petitioner was entitled to make any claim in respect of any such cause of action as regards interest in its earlier writ petition.

71. He submits that the judgment relied upon by YEIDA in **South Eastern Coal Fields v. State of M.P.53** is distinguishable from the present dispute as the said case involved liability to pay interest of mining lease.

## ANALYSIS BY THE COURT

72. Present writ petition is preferred against the demand of Rs.33.04 crores alleged and described as “No Litigation Incentive/ 64.7% Additional Compensation” in the impugned letter dated 20.09.2022 (consequential demand notice). It appears that some other demands have also been mentioned by YEIDA in the same letter, namely, Differential Amount @ Rs.1041/- per sq. m. and External Development Charges (EDC).

73. The petitioner has also challenged the orders dated 01.08.2022 and 02.08.2022 raising demand of differential amount by way of preferring Writ Petition No.24184 of 2022 in which interim order was accorded on 21.11.2022 keeping the demand of differential amount under the orders dated 01.08.2022 and 02.08.2022 in abeyance and directing the respondents to file counter affidavit. The said writ petition is stated to be still pending consideration. The petitioner had also challenged the demand dated 09.02.2018 for EDC in O.S. No.145 of 2018 before the Civil Court, Gautam Budh Nagar in which an injunction order dated 29.03.2019 has been passed for maintaining status quo as regards adverse action of cancellation of lease deed etc. against the petitioner. Against the said injunction order, the YEIDA has filed FAFO No.1635 of 2021, which is pending consideration in the High Court and there is no interim order in it.

74. In the present matter, after the judgment of Hon’ble Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra), non-payment of additional compensation is wholly attributable to the default on the part of the petitioner. The first demand notice was given to the petitioner in the year 2014 and first time he had challenged the same when another demand notice was given to him in the year 2018, which was questioned before the High Court in the year 2018. Initially the petitioner got interim order but finally the Division Bench had allowed the writ petition vide judgment and order dated 28.05.2020 holding that the decision of Gajraj (Supra) as approved by the Supreme Court in the case of Savitri Devi (Supra) was not a judgment in rem and could not

have been applied to the proceeding for acquiring the land under different notifications for YEIDA. It was observed that the G.O. in question as well as Resolution in question were violative of the provisions of Land Acquisition Act and the policy of the State Government was unfair, unreasonable, arbitrary and in violation of the provisions of Transfer of Property Act.

75. The said judgment of the Division Bench of this Court was challenged by YEIDA before the Supreme Court by way of filing SLPs. The main contention of YEIDA before the Supreme Court was to the effect that the G.O. in question was a policy decision of the State Government, taken in public interest. The said policy decision was taken after taking into consideration the farmers' agitation, the report of Chaudhary Committee and other relevant factors. The main thrust was in order to avoid acquisition from being declared illegal, the said policy was formulated and carved out on the basis of judgment of this Court in Gajraj (Supra), which was approved by the Supreme Court in Savitri Devi (Supra). Reliance was also placed before the Supreme Court in the case of Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) that the said policy was in consonance with the decision of the Supreme Court in the case of **Centre for Public Interest Litigation v. Union of India54,** wherein it is held that it is obligatory on the State to ensure that people are adequately compensated for the transfer of resource to the private domain. Reliance was also placed on the judgment in **Narmada Bachao Andolan v. Union of India55** and it was pressed by YEIDA before the Supreme Court that the policy of the State Government was formulated by looking at the welfare of the people at large rather than restricting the benefit to a small section of the society. In the light of above judgments of the Supreme Court, it can be safely concluded that when the change in the policy of the State is in public interest, it will override all private agreements entered into by the State.

76. For deciding the controversy, it would be appropriate to have a glance on the relevant grounds, which were taken by YEIDA in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra), which is as under:-

*"…….20. We have heard Shri C.A. Sundaram, Shri C.U. Singh and Shri Maninder Singh, learned Senior Counsel appearing on behalf of YEIDA, Shri Vinod Diwakar, learned Additional Advocate General appearing on behalf of the State of Uttar Pradesh, Shri Rakesh U. Upadhyay and Dr. Surat Singh, learned counsel appearing on behalf of the farmers whose lands were acquired, Shri Nakul Dewan, Shri Sunil Gupta, Shri Ravindra Srivastava and Shri Sanjiv Sen, learned Senior Counsel appearing on behalf of the respondentsoriginal allottees of land.*

*21. The main contention of the appellants in the present appeals is that the said G.O. was a policy decision of the State Government, taken in public interest. It is submitted that the said policy decision was taken after taking into consideration the farmers' agitation, the report of the Chaudhary Committee and all other relevant factors. It is submitted that in order to avoid acquisitions from being declared illegal, the Cabinet of Ministers of the State Government had taken a considered decision to adopt a formula, which was carved out by the judgment of*

*the Full Bench of the Allahabad High Court in the case of Gajraj (supra) and approved by this Court in the case of Savitri Devi (supra).*

*22. It is also the contention on behalf of the appellants that the policy of the State Government was in consonance with the decision of this Court in the case of Centre for Public Interest Litigation and others vs. Union of India and others 3, wherein this Court has held that it is obligatory on the State to ensure that people are adequately compensated for the transfer of resource to the private domain. Relying on the judgment of this Court in the case of Narmada Bachao Andolan vs. Union of India and others4, it is submitted that the policy of the State Government was formulated by looking at the welfare of the people at large rather than restricting the benefit to a small section of the society. Relying on various judgments of this Court, it is submitted that when the change in the policy of the State is in public interest, it will override all private agreements entered into by the State.*

*23. It is further submitted on behalf of the appellants that, as a matter of fact, on account of agitation of the farmers, development could not take place in the concerned area. It is submitted that various plot owners had approached the State Government and its authorities for finding out a solution to these problems, so that the development could proceed further. It is submitted that the proceedings of the Chaudhary Committee would itself reveal that all the stakeholders including the representatives of allottees were heard by the Chaudhary Committee. Not only that, but various allottees had, in writing, agreed that they are willing to pay the additional compensation so that the hindrance in the development is removed. It is therefore submitted that it does not lie in the mouth of the respondents to question the said G.O. and oppose the payment of additional compensation.*

*24. Relying on various judgments of this Court, it is further submitted on behalf of the appellants that the lease deed itself permitted additions, alterations or modifications in the terms and conditions of the lease. As such, even as per the lease deed, the appellants were entitled to modify or alter the terms and conditions of the lease. It is submitted that the word "modify" has to be used in a broader sense and not in a narrower sense.*

*25. Learned counsel for the appellants further submitted that the High Court fell in great error in holding that no writ petitions were pending. It is submitted that, as a matter of fact, more than 600 writ petitions were pending when the policy decision was taken by the State Government. It is submitted that the policy decision was taken so as to save the acquisition, which was otherwise liable to be quashed and set aside. It is submitted that it is, in fact, the respondents, who are the beneficiaries of the said measure and as such, having taken benefit of the said measure, they cannot be permitted to refuse to pay the additional compensation.*

*26. It is also submitted on behalf of the appellants that the allotees had an option, either to make additional payment or to take refund with interest. Having opted not to seek refund with interest, it does not lie in the mouth of the respondents to refuse to pay the additional compensation.*

*27. It is also submitted on behalf of appellantYEIDA that it had specifically submitted that stay orders passed by the High Court were in force in most of the cases related to residential plots, due to*

*which the development work could not be completed.*

*28. Learned counsel appearing on behalf of the farmers also support the stand of YEIDA. It is submitted that the builders had already recovered additional compensation from the homebuyers. As such, the additional compensation was already passed on by the builders to the homebuyers. It is submitted that if the contention of the respondents is accepted, it will amount to nothing else but allowing of unjust enrichment.*

*29. It is further submitted that the respondents were not entitled to the discretionary relief under Article 226 of the Constitution of India. The writ petitions filed by them before the Allahabad High Court were filed without impleading the farmers who were necessary parties as respondents to the writ petitions………..."*

77. The Supreme Court in the said judgment had also considered the objections of the respondents (petitioner herein), which were summarized in para 30, reproduced as under:-

*"……..30. Elaborate arguments have been advanced on behalf of the respondents. To summarize, they are as under:*

*(i) The respondents had not given any undertaking to pay additional compensation, as stated;*

*(ii) The term "modification/addition" with regard to payment was restricted only to any clerical or technical error;*

*(iii) The High Court has rightly held that Gajraj (supra) and Savitri Devi (supra) applied only to the peculiar facts and circumstances of those cases. In the case of Gajraj (supra), the High Court had done elaborate exercise of categorizing the cases into three types. In any case, it is submitted that the State itself was aggrieved by the decision in Gajraj (supra), which has been challenged by it before this Court;*

*(iv) In the present case, many of the acquisitions were by private negotiations and as such, there is no question of applicability of either Section 17 or Section 5A of the L.A. Act;*

*(v) There were concluded contracts entered between the allottees and YEIDA. As such, it was not open for YEIDA to unilaterally change the terms and conditions of the contract and enhance the lease premium;*

*(vi) The High Court has rightly held that the socalled policy of the State Government was arbitrary, irrational and therefore not sustainable in law;*

*(vii) On behalf of the respondent No.19Supertech Limited, an additional submission was made that the appropriate authority has already passed an order admitting the petition filed under Section 7 of the Insolvency and Bankruptcy Code, 2016;*

*(viii) On behalf of the individual plot owners, it is submitted that the said plot owners, who belong to the middle class section of the society cannot be burdened with the additional amount.*

*(ix) The respondents also placed reliance on the judgment of this Court in the case of ITC Limited vs. State of Uttar Pradesh and others5 to support the proposition that concluded contracts cannot be interfered with or reopened……."*

78. In Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra), the Supreme Court had also considered the policy decision of the State

Government formulated in the G.O. in question, as under:-

*"………42. After the decision of this Court in the cases of Gajraj (supra) and Savitri Devi (supra), 64.7% additional compensation and 10% of the land acquired of each of the land owners, instead of 5% and 6% was made available to the farmers whose lands were acquired for the benefit of NOIDA as well as Greater NOIDA. The lands acquired for the benefit of YEIDA were also for the development of adjoining areas. Feeling discriminated that they were being paid compensation at much lesser rate as compared to the farmers whose lands were acquired for NOIDA and Greater NOIDA, various farmers' organizations started agitations. It is some of the allottees who made representations to the CEO of YEIDA. One of such representations was made by the respondent No.19Supertech Private Limited to the CEO of YEIDA on 22nd November, 2013, stating therein that on account of agitation by the Bhartiya Kisan Union, they had to stop their work with effect from 20 th November, 2013. The said letter/representation stated that that the main grievance of the officeholders of the Bhartiya Kisan Union was that they want increased compensation and for compensating the same, the Authority wants money from the Builders. The said representation states that:*

*""the Authority is not resolving the problems of the Farmers. The main issue of farmers is that they want increased compensation, and for compensating the same, the Authority wants money from the Builders. Builders are not ready to pay this amount, due to which, we are stopping the construction works of Builders." During the discussion, it was said by the Company that "We are not against the farmers or against their rights and company gives it's consent on this fact that whatever the consent would be made out between the Authority and Government on the compensation amount of farmers, that would be accepted by the company."*

*43. The said letter/representation categorically states that the Company was not against the farmers or against their rights and that it was willing to abide by whatever decision was arrived at between the Authority and the Government on the compensation amount of farmers.*

*44. Similar representations were made by Orris Greenbay Golf Village on the same day, by Sunworld City Pvt. Ltd. on 26 th November, 2013, and by Gaursons Realtech Pvt. Ltd. on 4 th December, 2013.*

*45. It could thus be seen that on account of farmers' resistance and their agitation, the development work of the projects was stalled. When this was brought to the notice of the State Government, the State Government nominated the Commissioner, Meerut Division, Meerut vide order dated 10 th April, 2013, for looking into the issue. The Commissioner after holding various meetings with the farmers' organization/representatives submitted his report on 16 th July, 2013, stating therein that the lands have been acquired by YEIDA at large scale and taking into consideration the nature of demands having wide implications, it was necessary that a HighLevel Committee at the State Government level for examining the demands of farmers be constituted. In this background, the State Government vide order dated 3 rd September, 2013 constituted a Committee under the Chairmanship of Shri Rajendra Chaudhary, Minister of Prison, State of Uttar Pradesh. The Divisional Commissioner of the concerned Division*

*and the Collector of the concerned District were also the members of the Chaudhary Committee. The Chaudhary Committee was constituted for the purpose of resolving the problems of the villagers/farmers and the problems related to the industries. The Chaudhary Committee considered the following issues:*

*"a. Demands raised by the Farmers/ Farmers' Organizations/ Representatives and Memorandums/ Demand Letters produced by them and the favour put forth by them during the personal hearing.*

*b. Favour put forth by the Industrialists/ Builders/ Allottees during personal hearing.*

*c. Favour and opinion of Yamuna Expressway Authority."*

*46. The Chaudhary Committee conducted its proceedings on 30th September, 2013 with the representatives of the farmers. The said Committee thereafter held deliberations with the representatives of the allottees on 29 th October, 2013. It will be apposite to refer to the relevant part of the discussion that took place in the meeting held with the representatives of the allottees on 29th October,2013, which reads thus:*

*"2. It was informed by the representative of M/s. SDIL that due to the agitation of local farmers on the issues of their problems/demands, at present, we are not available to carry out any work on the spot, therefore, whatever the decision will be taken by the Committee/ Government for disposal of the problems of farmers, we will cooperate in the same.*

*3. It was informed by the representative of M/s. Supertech Pvt. Ltd. that the farmers are agitating in the entire area and they are interrupting the development work. It is necessary to solve the problems of farmers. It was also informed by him that he will cooperate in the decision to be taken by the Government/Committee for disposal of the problems.*

*4. It was informed by the representatives of M/s. Silverline and other Units/Institutions that due to interrupting their development works as a result of the demands being raised by the farmers of the area, the project cost is getting escalated. Due to solving the problems of farmers, the investment will be increased in the area and in disposal of the same, they will provide their assistance.*

*5. Regarding the demand of giving 10% abadi land in place of 7% abadi land to be given to the ancestral farmers, it was said by the representative of M/s. J.P. Infratech Pvt. Ltd. namely Sh. Sameer Gaur that earlier, they have been paid value of 7% abadi land and development charges, now, if any other cost is imposed, then, company is not in position to bear the same."*

*47. It could thus be seen that even the representatives of the allottees were of the opinion that on account of the agitation of the local farmers, the developers were not in a position to carry out any work on the spot. It was also impressed upon that on account of this, the cost of the project was getting escalated. As such, it was urged to solve the problem.*

*48. The Chaudhary Committee also considered the submissions made on behalf of the appellantYEIDA. It was submitted on behalf of the appellantYEIDA that on account of the judgment delivered in a similar case, i.e., in the case of Gajraj (supra), the farmers, whose lands were acquired, were also demanding the compensation on similar lines.*

*49. After considering the rival submissions, the Chaudhary Committee gave its recommendation as under:*

*"Recommendation of Committee:*

*The opinion of Authority as well as the demands of the Farmers' Organizations were carefully considered by the Committee. In the common order passed in the different Writ Petitions filed by Noida and Greater Noida Authorities, the Hon'ble High Court by not finding the proceedings conducted under Section 17 of Land Acquisition Act, 1894 to be proper, had directed that the Authority shall pay 64.7% additional compensation to the farmers and return them 10% developed land. Also in the Yamuna Expressway Authority, around 700 Writ Petitions have been filed by the farmers by challenging the different notifications, wherein, stay orders have been passed in the most of the Petitions, the circumstances which were existing in the acquisition made by Noida and Greater Noida Authority, same circumstances are also existed in the most of the cases of acquisition of Yamuna Expressway. The lands acquired by the Authority, have been allotted to the different allottees for different projects, due to which, the third party rights have been created in this acquired land and if order is passed against the Authority in the Petitioners filed against the Acquisition Proceedings, then, many difficulties would arise. Therefore, keeping in view the legal expected legal complications, it is required to do the out of court settlement with the affected farmers. At the time of discussion, it was assured by the farmers' representatives that if the Government/ Authority agrees to give 64.7% additional compensation, then, the farmers will withdraw the Petitions filed in the Court. Therefore, Committee recommends that:*

*I .(a) If, all the farmers/ Petitioners of a village related to the land acquired/ purchased by the Yamuna Expressway Authority, withdraw their Petitions filed in the Hon'ble High Court or in any other Court and if they give written assurance for future that they will not file any claim against the Authority or it's allottees in any Court and will not cause any obstruction in the Development Works, then, like the Greater Noida Authority, the Authority may consider to give amount equivalent to 64.7% additional compensation in the form of No Litigation Incentive/ Additional Compensation, which may be compensated proportionally from the concerned allottees and same may also be imposed proportionally in the costing of allotment of land available with the Authority.*

*These benefits shall be allowed also to those farmers, whose' lands have been purchased by the Authority vide Sale Deed on mutual consent basis.*

*(b) The process of payment of additional compensation, be completed villagewise in accordance with the Schemes/ Priorities of Authority after obtaining physical possession of on the spot and after withdrawal of all the Writ petitions/ Cases of concerned village after doing settlement with the farmers. In view of the financial condition of Authority, if the payment of additional compensation is not possible in lumpsum, then, the consideration could also be made regarding payment in installments or in the form of developed land.*

*2. Regarding allotment of 10% developed land in place of 7% developed land, the proceedings be conducted according to the order of Appeal/SLP filed by the Noida/Greater Noida Authorities.*

*3. The proceedings of amendment proposed by the Authority in Abadi Rules, are at final stage of approval, the proceedings be conducted as per the decision of Government.*

*4. Regarding abolishing the distinction between ancestral and non-ancestral, this decision has been taken in the 48th meeting dated 08.01.2014 of Yamuna Expressway Authority Board, that such land owners of the lands acquired or to be acquired/purchased by the Authority, whose' names have remained recorded in Six Yearly Register/ Khatauni on the acquired land prior to the date of establishment of Authority i.e. 24.04.2001, and the landowners are residents of any village related to any District lying within the notified area of Yamuna Expressway Authority, then, the benefit of 7% abadi land be granted to him against his acquired land. In the decision of Authority Board, this facility has also been allowed to the successors of eligible land owners, who fulfill the aforesaid conditions. The further proceedings be conducted as per the decision of Authority Board.*

*5. In view of the demands of farmers organizations and local public of District Mathura, after taking into consideration the proposal submitted by Concessionaire namely M/s. J.P. Infratech Ltd., in the 48th meeting dated 08.01.2014 of Yamuna Expressway Authority Board, a decision in principle has been taken for construction of Exist & Entry Ramps at BajnaNauhjheel Road at Yamuna Expressway and by making necessary amendments in DPR accordingly, a letter has been sent to the Concessionaire namely M/s. J,P. Infratech for necessary action. The further proceedings be conducted as per the decision of Authority Board.*

*It is recommended by the Committee that the aforementioned additional benefits be granted to the landowners only in that case when they will handover the physical possession of land to the Authority and withdraw Writ Petition/Case pending in Hon'ble High Court or any other Court and agreement for not causing any obstruction in future in the development works of allottees and for not filing any claim in any Court against the acquisition of land in future. Regarding the other demands, the Committee will give it's recommendation after further consideration."*

*50. It could thus be seen that the recommendations of the Chaudhary Committee were principally intended to resolve the issue between the farmers and the allottees, and to find out a workable solution to the problem. The Chaudhary Committee recommended similar treatment to be given to the farmers whose lands were acquired for YEIDA, as was given to the farmers whose lands were acquired for the benefit of NOIDA and Greater NOIDA. The Chaudhary Committee found that the same benefits as were given to the farmers whose lands were acquired for the benefit of NOIDA and Greater NOIDA in view of the judgment of the High Court in the case of Gajraj (supra), as affirmed by this Court in the case of Savitri Devi (supra) should also be given to the farmers whose lands were acquired for the benefit of YEIDA. However, this was made conditional. Additional benefit was granted to the landowners on the condition that they would handover the physical possession of land to YEIDA and withdraw the writ petitions/cases filed by them pending before the High Court.*

*51. The State Government vide the said G.O. gave effect to the recommendations of the Chaudhary Committee. YEIDA too, in its Board meeting dated 15 th September, 2014, resolved to implement the decision of the State Government. Accordingly, demand notices came to be issued to the allottees.*

*52. It could thus be seen that the policy decision of the State Government is*

*preceded by various factors. Firstly, the farmers' agitation, after they were denied the benefits which were granted to the farmers whose lands were acquired for the benefit of NOIDA and Greater NOIDA; the report of the Commissioner, the appointment of the Chaudhary Committee, the deliberations of the Chaudhary Committee with various stakeholders, and thereafter the recommendations of the Chaudhary Committee.*

*53. It will be relevant to refer to the judgment of this Court in the case of the Kasinka Trading and another vs. Union of India and another7, wherein this Court has referred to various earlier pronouncements and the treatise of Prof. S.A. de Smith on "Judicial Review of Administrative Action". The relevant paragraphs of the said judgment read thus:*

*"12. It has been settled by this Court that the doctrine of promissory estoppel is applicable against the Government also particularly where it is necessary to prevent fraud or manifest injustice. The doctrine, however, cannot be pressed into aid to compel the Government or the public authority "to carry out a representation or promise which is contrary to law or which was outside the authority or power of the officer of the Government or of the public authority to make". There is preponderance of judicial opinion that to invoke the doctrine of promissory estoppel clear, sound and positive foundation must be laid in the petition itself by the party invoking the doctrine and that bald expressions, without any supporting material, to the effect that the doctrine is attracted because the party invoking the doctrine has altered its position relying on the assurance of the Government would not be sufficient to press into aid the doctrine. In our opinion, the doctrine of promissory estoppel cannot be invoked in the abstract and the courts are bound to consider all aspects including the results sought to be achieved and the public good at large, because while considering the applicability of the doctrine, the courts have to do equity and the fundamental principles of equity must for ever be present to the mind of the court, while considering the applicability of the doctrine. The doctrine must yield when the equity so demands if it can be shown having regard to the facts and circumstances of the case that it would be inequitable to hold the Government or the public authority to its promise, assurance or representation.*

*13. The ambit, scope and amplitude of the doctrine of promissory estoppel has been evolved in this country over the last quarter of a century through successive decisions of this Court starting with Union of India v. IndoAfghan Agencies Ltd. [(1968) 2 SCR 366 : AIR 1968 SC 718] Reference in this connection may be made with advantage to Century Spg. & Mfg. Co.Ltd. v. [(1979) 2 SCC 409 :1979 SCC (Tax) 144 : (1979) 2 SCR 641] ; Jit Ram Shiv Kumar v. State of Haryana [(1981) 1 SCC 11 : (1980) 3 SCR 689] ; Union of India v. Godfrey Philips India Ltd. *Punjab [(1992) 2 SCC 411] and Union of India v. Hindustan Development Corpn. [(1993) 3 SCC 499 : JT (1993) 3 SC 15] In Godfrey Philips India Ltd. [(1985) 4 SCC 369 : 1986 SCC (Tax) 11] this Court opined: (SCC p. 388, para 13)*

*"We may also point out that the doctrine of promissory estoppel being an equitable doctrine, it must yield when the equity so requires; if it can be shown by the Government or public authority that having regard to the facts as they have transpired, it would be inequitable to hold the Government or public authority to the promise or representation made by it, the Court would not raise an equity in favour of the person to whom the promise or representation is made and enforce the promise or representation against the Government or public authority. The doctrine of promissory estoppel would be displaced in such a case, because on the facts, equity would not require that the Government or public authority should be held bound by the promise or representation made by it."*

*14. In Excise Commissioner, U.P. v. Ram Kumar [(1976) 3 SCC 540 : 1976 SCC (Tax) 360 : AIR 1976 SC 2237] four learned Judges of this Court observed: (SCC p.545, para 19)*

*"The fact that sales of country liquor had been exempted from sales tax vide Notification No. ST1149/X802 (33)51 dated 641959 could not operate as an estoppel against the State Government and preclude it from subjecting the sales to tax if it felt impelled to do so in the interest of the revenues of the State which are required for execution of the plans designed to meet the ever increasing pressing needs of the developing society. It is now well settled by a catena of decisions that there can be no question of estoppel against the Government in the exercise of its legislative, sovereign or executive powers."*

*15. Prof. S.A. de Smith in his celebrated treatise Judicial Review of Administrative Action, 3rd Edn., at p. 279 sums up the position thus:*

*"Contracts and covenants entered into by the Crown are not to be construed as being subject to implied terms that would exclude the exercise of general discretionary powers for the public good. On the contrary they are to be construed as incorporating an implied term that such powers remain exercisable. This is broadly true of other public authorities also. But the status and functions of the Crown in this regard are of a higher order. The Crown cannot be allowed to tie its hands completely by prior undertakings is as clear as the proposition that the Courts cannot allow the Crown to evade compliance with ostensibly binding obligations whenever it thinks fit. If a public authority lawfully repudiates or departs from the terms of a binding contract in order to have been bound in law by an ostensibly binding contract because the undertakings would improperly fetter its general discretionary powers the other party to the agreement has no right whatsoever to damages or compensation under the general law, no matter how serious the damages that party may have suffered."*

*54. It has been held by this Court that the doctrine of promissory estoppel cannot be invoked in the abstract and the courts are bound to consider all aspects including the results sought to be achieved and the public good at large. It has been held that while considering the applicability of the doctrine, the courts have to do equity and the fundamental principles of equity must for ever be present to the mind of the court, while*

*considering the applicability of the doctrine. It has been held that the doctrine being an equitable doctrine, it must yield when the equity so requires, if it can be shown by the Government or Public Authority that having regard to the facts and circumstances as they have transpired, it would be inequitable to hold the Government or the Public Authority to the promise, assurance or representation made by it. The judgment of this Court in the case of Kasinka Trading (supra) has been consistently followed.*

*55. If we apply the principle as laid down in the case of Kasinka Trading (supra) to the facts of the present case, it will be clear that the policy decision of the State Government was not only in the larger public interest but also in the interest of the respondents. The projects were stalled on account of the farmers' agitation. The farmers felt discriminated as they found that the compensation paid to them was much lesser than the one being paid to the equally circumstanced farmers in NOIDA and Greater NOIDA. It was the allottees of the land who had approached the State Government for redressal of the problem. In these circumstances, the Government took cognizance of the problem and appointed the Commissioner to look into the issue. Since the Commissioner recommended appointment of a HighLevel Committee, the Chaudhary Committee was appointed. The Chaudhary Committee had threadbare discussions with all the stakeholders. It also took into consideration that on account of stay orders passed by the High Court in various writ petitions, the development of the project was stalled. On account of pendency of the writ petitions, there was always a hanging sword over the entire acquisition of it being declared unlawful. In this premise, in order to find out a workable solution and that too, on the basis of the law laid down by the High Court in the case of Gajraj (supra) as affirmed by this Court in the case of Savitri Devi (supra) and followed by this Court in the case of Savitri Mohan (Dead) (supra), recommendations were made by the Chaudhary Committee. The Chaudhary Committee specifically recommended that the additional compensation and other incentives would be paid only if the landowners agree to handover physical possession of the land to YEIDA and withdraw all the litigations.*

*56. It could thus be seen that the recommendations, which were accepted by the State Government and formulated in the policy, were made taking into consideration the interests of all the stakeholders. As held by this Court, it is not only the interest of a small section of the allottees which should weigh with the Government, but the Government should also give due weightage to the interest of the large section of farmers, whose lands were acquired……."*

79. Hon'ble Apex Court in the said judgment had also approved the policy decision of the State Government with categorical terms in following paragraphs:-

*"……….57. We further find that the High Court fell in error in observing that no writ petitions were filed challenging the acquisition for YEIDA. The report of the Chaudhary Committee itself would clarify that YEIDA had itself submitted that insofar as the residential plots are concerned, there were stay orders operating in majority of the writ petitions due to which the development of the project work was stalled.*

*58. We are therefore of the considered view that the policy decision of*

*the State Government was in the larger public interest. It was taken considering entire material collected by the Chaudhary Committee after due deliberations with all the stakeholders. The factors which were taken into consideration by the State Government were relevant, rational and founded on ground realities. In this view of the matter, the finding of the High Court that the policy decision of the State Government was arbitrary, irrational and unfair, is totally incorrect.*

*59. The law with regard to interference in the policy decision of the State is by now very well crystalized. This Court in the case of Essar Steel Limited vs Union of India and others8 had an occasion to consider the scope of interference in the policy decision of the State. After referring to various decisions of this Court, the Court observed thus:*

*"43. Before we can examine the validity of the impugned policy decision dated 63 2007, it is crucial to understand the extent of the power vested with this Court to review policy decisions.*

*44. In DDA [DDA v. Allottee of SFS Flats, (2008) 2 SCC 672 : (2008) 1 SCC (Civ) 684] on issue of judicial review of policy decisions, the power of the Court is examined and observed as under: (SCC pp.69798, paras 6465)*

*"64. An executive order termed as a policy decision is not beyond the pale of judicial review. Whereas the superior courts may not interfere with the nitty gritty of the policy, or substitute one by the other but it will not be correct to contend that the court shall lay its judicial hands off, when a plea is raised that the impugned decision is a policy decision. Interference therewith on the part of the superior court would not be without jurisdiction as it is subject to judicial review.*

*65. Broadly, a policy decision is subject to judicial review on the following grounds:*

*(a) if it is unconstitutional;*

*(b) if it is dehors the provisions of the Act and the Regulations;*

*(c) if the delegatee has acted beyond its power of delegation;*

*(d) if the executive policy is contrary to the statutory or a larger policy."*

*45. Thus, we will test the impugned policy on the above grounds to determine whether it warrants our interference under Article 136 or not. Further, this Court neither has the jurisdiction nor the competence to judge the viability of such policy decisions of the Government in exercise of its appellate jurisdiction under Article 136 of the Constitution of India. In Arun Kumar Agrawal v. Union of India [Arun Kumar Agrawal v. Union of India, (2013) 7 SCC 1] , this Court has further held as under: (SCC p. 17, para 41)*

*"41. ... This Court sitting in the jurisdiction cannot sit in judgment over the commercial or business decision taken by parties to the agreement, after evaluating and assessing its monetary and financial implications, unless the decision is in clear violation of any statutory provisions or perverse or taken for extraneous considerations or improper motives. States and its instrumentalities can enter into various contracts which may involve complex economic factors. State or the State undertaking being a party to a contract, have to make various decisions which they deem just and proper. There is always an element of risk in such decisions, ultimately it may turn out to be a correct decision or a wrong one. But if the decision is taken bona fide and in public interest, the mere fact that decision has ultimately*

*proved to be wrong, that itself is not a ground to hold that the decision was mala fide or taken with ulterior motives." (emphasis supplied)*

*46. In Villianur Iyarkkai Padukappu Maiyam v. Union of India [Villianur Iyarkkai Padukappu Maiyam v. Union of India, (2009) 7 SCC 561] , it was held as under: (SCC p. 605, para 169)*

*"169. It is neither within the domain of the courts nor the scope of judicial review to embark upon an enquiry as to whether a particular public policy is wise or whether better public policy can be evolved. Nor are the courts inclined to strike down a policy at the behest of a petitioner merely because it has been urged that a different policy would have been fairer or wiser or more scientific or more logical. Wisdom and advisability of economic policy are ordinarily not amenable to judicial review. In matters relating to economic issues the Government has, while taking a decision, right to "trial and error" as long as both trial and error are bona fide and within the limits of the authority. For testing the correctness of a policy, the appropriate forum is Parliament and not the courts." (emphasis supplied)*

*47. A threeJudge Bench of this Court in Narmada Bachao Andolan v. Union of India [Narmada Bachao Andolan v. Union of India, (2000) 10 SCC 664] cautioned against courts sitting in appeal against policy decisions. It was held as under:(SCC p. 763, para 234)*

*"234. In respect of public projects and policies which are initiated by the Government the courts should not become an approval authority. Normally such decisions are taken by the Government after due care and consideration. In a democracy welfare of the people at large, and not merely of a small section of the society, has to be the concern of a responsible Government. If a considered policy decision has been taken, which is not in conflict with any law or is not mala fide, it will not be in public interest to require the court to go into and investigate those areas which are the function of the executive. For any project which is approved after due deliberation the court should refrain from being asked to review the decision just because a petitioner in filing a PIL alleges that such a decision should not have been taken because an opposite view against the undertaking of the project, which view may have been considered by the Government, is possible. When two or more options or views are possible and after considering them the Government takes a policy decision it is then not the function of the court to go into the matter afresh and, in a way, sit in appeal over such a policy decision." (emphasis supplied)*

*48. A similar sentiment was echoed by a Constitution Bench of this Court in Peerless General Finance & Investment Co. Ltd. v. RBI [Peerless General Finance & Investment Co. Ltd. v. RBI, (1992) 2 SCC 343] , wherein it was observed as under:(SCC p. 375, para 31)*

*"31. ... Courts are not to interfere with economic policy which is the function of experts. It is not the function of the courts to sit in judgment over matters of economic policy and it must necessarily be left to the expert bodies. In such matters even experts can seriously and doubtlessly differ. Courts cannot be expected to decide them without even the aid of experts."*

*49. A perusal of the abovementioned judgments of this Court would show that this Court should exercise great caution and restraint when confronted with matters related to the policy regarding commercial matters of the country. Executive policies are usually*

*enacted after much deliberation by the Government. Therefore, it would not be appropriate for this Court to question the wisdom of the same, unless it is demonstrated by the aggrieved persons that the said policy has been enacted in an arbitrary, unreasonable or mala fide manner, or that it offends the provisions of the Constitution of India."*

*60. It is trite law that an interference with the policy decision would not be warranted unless it is found that the policy decision is palpably arbitrary, mala fide, irrational or violative of the statutory provisions. We are therefore of the considered view that the High Court was also not right in interfering with the policy decision of the State Government, which is in the larger public interest.*

*61. It will also be apposite to refer to the following observations of this Court in the case of APM Terminals B.V. vs. Union of India and another9:*

*"67. It has been the consistent view of this Court that a change in policy by the Government can have an overriding effect over private treaties between the Government and a private party, if the same was in the general public interest and provided such change in policy was guided by reason. Several decisions have been cited by the parties in this regard in the context of preventing private monopolisation of port activities to an extent where such private player would assume a dominant position which would enable them to control not only the berthing of ships but the tariff for use of the port facilities."*

*62. It could thus be seen that it is more than settled that a change in policy by the Government can have an overriding effect over private treaties between the Government and a 9 (2011) 6 SCC 756 private party, if the same was in the general public interest. The additional requirement is that such change in policy is required to be guided by reason.*

*63. Insofar as the reliance placed by the respondents on the judgment of this Court in the case of ITC Limited (supra) is concerned, in our considered view, the said judgment would not be of any assistance to the case of the respondents. This Court in the said case in paragraph 107.1 has clearly observed that in the case of conflict between public interest and personal interest, public interest should prevail.*

*64. A number of judgments of this Court have been cited at the Bar by the respondents in support of the proposition that in view of concluded contracts, it was not permissible for the appellants to unilaterally increase the premium by framing a policy.*

*65. We have hereinabove elaborately discussed that when a policy is changed by the State, which is in the general public interest, such policy would prevail over the individual rights/interests. In that view of the matter, we do not find it necessary to refer to the said judgments. The policy of the State Government as reflected in the said G.O. was not only in the larger public interest but also in the interest of the respondents.*

*66. We further find that the respondents have indulged into the conduct of approbate and reprobate. They have changed their stance as per their convenience. When their projects were stalled on account of the farmers' agitation, it is they who approached the State Authorities for finding out a solution. When the State Government responded to their representations and came up with a policy which was equitable and in the interest of both, the farmers and the allottees and when the said policy paved the way for development, when called upon*

*to pay the additional compensation, the respondentsallottees somersaulted and challenged the very same policy before the High Court, which benefitted them. We have already hereinabove made reference to the various communications made by the allottees of the land for intervention of the State Government.*

*67. Insofar as the individual plot owners are concerned, it will be worthwhile to mention that the residential plot owners in Sectors 18 and 20 of Yamuna Expressway city have formed an association, viz., Yamuna Expressway ResidentialPlotOwners Welfare Association (hereinafter referred to as "the YERWA"). The communication addressed by the president of the YERWA to the CEO of YEIDA would reveal that 98.5% of the allottees/owners have voted in favour of paying the additional premium demanded by the Authority. The only request made by the YERWA is with regard to making a provision for paying additional premium in installments.*

*68. It can thus be seen that even insofar as the individual residential plot owners are concerned, more than 98% of the plot owners do not have any objection to the payment of the additional compensation.*

*69. With respect to the contention of the respondent No.19 Supertech with regard to initiation of CIRP, we are not concerned with the said issue in the present proceedings. The law will take its own course.*

*70. In conclusion, we are of the considered view that the policy decision of the State Government as reflected in the said G.O. dated 29th August, 2014 and the Resolution of the Board of YEIDA dated 15th September, 2014 were in the larger public interest, taking care of the concerns of the allottees as well as the farmers. As already discussed hereinabove, had the said decision not been taken, there was a hanging sword of the acquisition being declared unlawful. The development of the entire project was stalled on account of farmers' agitation. Before taking the policy decision, the State Government, through the Chaudhary Committee, had done a wide range of deliberations with all the stakeholders including the allottees, farmers and YEIDA. The policy decision was taken after taking into consideration all relevant factors and was guided by reasons. In any case, it is a settled position of law that in case of a conflict between public interest and personal interest, public interest will outweigh the personal interest. The High Court was therefore not justified in holding that the policy decision of the State was unfair, unreasonable and arbitrary. We are of the considered view that the High Court has erred in allowing the writ petitions. The present appeals, therefore, deserve to be allowed.*

*71. In the result, we pass the following order:*

*(i) The appeals are allowed;*

*(ii) The impugned judgment and order dated 28 th May, 2020, passed by the Allahabad High Court in Writ Petition No. 28968 of 2018 and companion matters is quashed and set aside;*

*(iii) The writ petitions filed by the respondents covered by the impugned judgment and order dated 28th May, 2020 passed by the Allahabad High Court are dismissed;*

*72. Applications for Intervention are allowed. Pending applications, including the applications for directions, shall stand disposed of in the above terms. There shall be no order as to costs."*

80. We find that as an instrumentality of the State, YEIDA is legally bound to implement the directives of the Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra), once the same serve a public duty by ensuring the equitable distribution of additional compensation among affected farmers. This legal framework mandates YEIDA's compliance to uphold social justice and public interest, reinforcing the status of G.O. in question as lawful enactment in the pursuit of its statutory obligations. We also find that the petitioner's attempt to contest the additional compensation and the associated levy of interest through repeated litigation is to be seen in the light of these constitutional provisions. Moreover, once the Supreme Court had validated the Government Order in question as well as the Board Resolution in question, therefore, the duty is cast upon YEIDA to enforce the Government Order in question as well as Board Resolution in question in its entirety. Pick and choose policy cannot be adopted by YEIDA. In the present mater, the G.O. in question as well as Board Resolution in question are not only lawful but also essential qua equitable and efficient administration of public policy. Once the additional compensation has decisively been settled by the Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) and the Board Resolution in question does contain a provision for payment of interest, particularly in view of G.O., which entitles YEIDA to levy not only interest but the penal interest upon the allottees, the same were also reflected from all the three demand notices, the same has binding effect to be enforced by YEIDA in the pursuit of its statutory obligations.

81. After going through the first demand notice, we find that it clearly provides in categorical terms that the amount of additional compensation was demanded in the light of G.O. in question, which was issued qua the farmers affected by land acquisition in the form of no litigation incentive/ additional compensation, which shall be compensated from the concerned allottees in proportionate manner. It talks about 51st Board Meeting of Authority, wherein it has been decided to realize Rs.600/- per sq. mtr. as additional dues other than rate of allotment for compensating the burden of extra compensation on the plots allotted under the Mini SEZ (25 to 250 acres) Scheme. In terms of the aforesaid notice, the extra compensation installment was due w.e.f. 16.03.2015. The same had commenced after three months of notice and the same was to be paid in four half yearly installments without any interest or penal interest. While demanding the extra compensation installments, request was also made to ensure to deposit due demand of the extra compensation on the prescribed date in the prescribed bank, otherwise in case of default, the penal interest will be imposed.

82. Therefore, at this stage, it can be safely said that while giving first demand notice the Authority had relied upon the G.O. in question as well as resolution of 51st Board meeting of the Authority and provided that in case of default penal interest will be levied. Surprisingly, last and fourth installment had to be paid on or before 13.09.2016 but there is nothing on record to show that the

petitioner had made any endeavor to pay the installments in time though the same was without interest towards extra compensation of 64.7% and even though the Supreme Court had already approved the judgment of Gajraj (Supra) in Savitri Devi (Supra) on the basis of considering the ground realities of the matter and arrived at more practical and workable solution.

83. In the subsequent notice dated 20.08.2018 the YEIDA has reiterated the demand of additional compensation along with interest. The petitioner had challenged the demand notices and the Board resolution in question in writ proceeding in which initially an interim order was passed on 29.08.2018. Eventually all such writ petitions were allowed by the Division Bench and the demand notices as well as G.O. in question were set aside on 28.05.2020. The judgment and order dated 28.05.2020 was challenged by YEIDA in SLPs. The SLPs were allowed by Hon'ble Apex Court on 19.05.2022 in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra). Thereafter, consequential demand notice dated 20.09.2022 was issued by YEIDA against which present writ petition is preferred.

84. In the present matter, vide interim order in question dated 05.01.2023, the Coordinate Bench had dismissed the challenge to the additional compensation on the ground of proportionality and quantum and only on the issue of interest, the response was asked from YEIDA.

85. In the connected Writ-C No.2674 of 2023 (M/s Maruti Educational Trust v. State of U.P. & Anr.), the petitioner has challenged the demand notice dated 20.09.2022 of Rs.53.56 crores. The interim order was accorded by this Court on 17.02.2023 subject to deposit of Rs.30 crores. However, on modification, the amount was modified to the tune of Rs.18,21,15,000/-, which the petitioner had already deposited.

86. In the present matter, the respondent authority has vehemently pressed that there is unjust enrichment. The first demand notice was given to the petitioner on 15.12.2014 and once G.O. in question as well as Board Resolution in question were upheld by the Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra), which mandates the payment of additional compensation as part of the land allotment cost, therefore, we find that the directives in the said judgment are authoritative and legally binding and established the petitioner's obligation to pay both principal and interest on the delayed payment. The conduct of the petitioner was not bonafide as it never made any payment, following the first demand notice dated 15.12.2014. Only part payment of Rs.15 crores was made only in compliance of the interim order in question dated 05.01.2023. The record clearly reflects that at no point of time prior to interim order in question the petitioner was ever inclined to deposit even the additional compensation. Hon'ble Supreme Court in **Dr. Sham Lal Narula v. Commissioner of Income-Tax, Punjab56** has observed in para 8 as under:-

*"……..8. The Legislature expressly used the word "interest" with its well konwn connotation under s. 34 of the Act. It is, therefore, reasonable to give that*

*expression the natural meaning it bears. There is an illuminating exposition of the expression "interest" by the House of Lords in Westminster Batik, Ltd. v. Riches(1). The question there was whettier where in an action for recovery of any debt or damages the court exercises its discretionary power under a statute and orders that there shall be included in the sum for which the judgment is given interest on the debt or damages, the sum of interest so included is taxable under the Income-tax Acts. If the said amount was "interest of money" within Schedule D and the General Rule 21 of the All Schedules Rules of the Income Tax Act, 1918, income-tax was payable thereon. In. that context it was contended that money awarded as damages for the detention of money was not interest and bad not the quality of interest. Lord Wright observed: "The general idea is that he is entitled to compensation for the deprivation. From that point of view it would seem immaterial whether the money was due to him under a contract express or implied, or a statute, or whether the money was due for any other reason in law. In either case the money was due to him and was not paid or, in other words, was withheld from him by the debtor after the time when payment should have been made, in breach of his legal rights, and interest was a compensation, whether the compensation was liquidated under an agreement or statute, as for instance under section 57 of the Bills of Exchange Act, 1882, or was unliquidated and claimable under the Act as in the present case. The essential quality of the claim for compensation is the same, and the compensation is properly des- cribed as interest".*

*This passage indicates that interest, whether it is statutory or contractual, represents the profit the creditor might have made if he had the use of the money or the loss he suffered, because he had not that use. It is something in addition to the capital amount, though it arises 'out of it. Under s. 34 of the Act when the Legislature designedly used the word "interest" in contradistinction to the amount awarded, we do not see any reason why the expression should not be given the natural meaning it bears. The scheme of the Act and the express provisions there,of establish that the statutory interest payable under s. 34 is not compensation paid to the owner for depriving him of his right to possession of the land acquired, but that given to him for the deprivation of the use of the money representing the compensation for the land acquired………..."*

87. We find that the judgment in **South Eastern Coalfields Ltd. v. State of M.P. (Supra)** is fully applicable upon the present case, wherein the State Government, enhanced the royalties payable on coal by the mine lessees, similar to the additional compensation in the present case, which initially was not part of the lease deed. The High Court initially accorded interim orders protecting the recovery of enhanced royalties from the mining companies but finally quashed the notification enhancing the royalties. However, the Supreme Court upheld the demand for enhanced royalty. Subsequently, interest was demanded as restitution along with royalty, which was considered and the Supreme Court upheld the demand for interest as restitution, even for the period during which the opposite party benefitted from the interim order. Furthermore, the Supreme Court held that interest is an obligation to pay in equity, even in the absence of an agreement or custom to that effect. The ratio of the judgment in South Eastern Coalfields

(Supra) is principally based upon the law of equity and has been followed in numerous subsequent cases. At this stage, it is not amenable to the petitioner to press the relief that the interest cannot be charged except in accordance with law. The G.O. in question, Resolution in question and subsequent demand notice had been approved by the Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) and the interest is also payable in equity in certain circumstances. The rule in equity is that interest is payable even in the absence of any agreement or custom to that effect though subject, of course, to a contrary agreement. For ready reference, the relevant paragraphs of the judgment in South Eastern Coalfields Ltd. (Supra) is reproduced as under:-

*"......21. Interest is also payable in equity in certain circumstances, me rule in equity is that interest is payable even in the absence of any agreement or custom to that effect though subject, of course, to a contrary agreement (See : Chitty on Contracts, Addition 1999, Vol. II, Part 38-248, at page 712). Interest in equity has been held to be payable on a market rate even though the deed contains no mention of interest. Applicability of the rule to award interest in equity is attracted on the existence of a state of circumstances being established which justify the exercise of such equitable jurisdiction and such circumstances can be many.*

*22. We may refer to the decision of this Court in Executive Engineer, Dhenkanal Minor Irrigation Division, Orissa and Ors. v. N.C. Budharaj (Deceased) by Lrs. and Ors., (2001) 2 5CC 721, wherein the controversy relating to the power of an arbitrator (under the Arbitration Act 1940) to award interest for pre-reference period has been settled at rest by the Constitution Bench. The majority speaking through Doraiswamy Raju, J., has opined that the basic proposition of law that a person deprived of the use of money to which he is legitimately entitled has a right to be compensated for the deprivation by whatever name it may be called, viz., interest, compensation or damages and this proposition is unmistakable and valid; the efficacy and binding nature of such law cannot be either diminished or whittled down. It was held that in the absence of anything in the arbitration agreement, excluding the jurisdiction of the arbitrator to award interest on the amount due under the contract, and in the absence of any other prohibition, the arbitrator can award interest.*

.........

*24. We are, therefore, of the opinion that in the absence of there being a prohibition either in law or in the contract entered into between the two parties, there is no reason why the Coalfields should not be compensated by payment of interest for the period for which the consumers/purchasers did not pay the amount of enhanced royalty which is a constituent part of the price of the mineral for the period for which it remained unpaid. The justification for award of interest stands fortified by the weighty factor that the Coalfields themselves are obliged to pay interest to the State on such amount. It will be a travesty of justice to hold that though the Coalfields must pay the amount of interest to the State but the consumers/purchasers in whose hands the money was actually withheld be exonerated from liability to pay the interest.*

***Liability of the consumers/purchasers to pay interest to the Coalfields :***

*(b) (for the period for which the restraint order passed by the Court remained in operation)*

*………..*

*26. In our opinion, the principle of restitution takes care of this submission. The word 'restitution' in its etymological sense means restoring to a party on the modification, variation or reversal of a decree or order, what has been lost to him in execution or decree or order or the court or in direct consequence of a decree or order (See : Zafar Khan and Ors. v. Board of Revenue, U.P., and Ors., . In law, the term 'restitution' is used in three senses; (i) return or restoration of some specific thing to its rightful owner or status; (ii) compensation for benefits derived from a wrong done to another; (iii) compensation or reparation for the loss caused to another. (See Black's Law Dictionary, Seventh Edition, p.1315). The Law of Contracts by John D. Calamari & Joseph M. Perillo has been quoted by Black to say that 'restitution' is an ambiguous term, sometimes referring to the disgorging of something which has been taken and at times referring to compensation for injury done.*

*"Often, the result in either meaning of the term would be the same. ..... Unjust impoverishment as well as unjust enrichment is a ground for restitution. If the defendant is guilty of a non-tortuous misrepresentation, the measure of recovery is not rigid but, as in other cases of restitution, such factors as relative fault, the agreed upon risks, and the fairness of alternative risk allocations not agreed upon and not attributable to the fault of either party need to be weighed."*

*The principle of restitution has been statutorily recognized in Section 144 of the Code of Civil Procedure, 1908. Section 144 of the C.P.C. speaks not only of a decree being varied, reversed, set aside or modified but also includes an order on par with a decree. The scope of the provision is wide enough so as to include therein almost all the kinds of variation, reversal, setting aside or modification of a decree or order. The interim order passed by the Court merges into a final decision. The validity of an interim order, passed in favour of a party, stands reversed in the event of final decision going against the party successful at the interim stage. Unless otherwise ordered by the Court, the successful party at the end would be justified with ail expediency in demanding compensation and being placed in the same situation in which it would have been if the interim order would not have been passed against it. The successful party can demand (a) the delivery of benefit earned by the opposite party under the interim order of the court, or (b) to make restitution for what it has lost; and it is the duty of the court to do so unless it feels that in the facts and on the circumstances of the case, the restitution would far from meeting the ends of justice, would rather defeat the same. Undoing the effect of an interim order by resorting to principles of restitution is an obligation of the party, who has gained by the interim order of the Court, so as to wipe out the effect of the interim order passed which, in view of the reasoning adopted by the court at the stage of final decision, the court earlier would not or ought not to have passed. There is nothing, wrong in an effort being made to restore the parties to the same position in which they would have been if the interim order would not have existed.*

*27. Section 144 of the C.P.C. is not the fountain source of restitution; it is rather a statutory recognition of a pre-existing rule of justice, equity and fair play.*

*That is why it is often held that even away from Section 144 the Court has inherent jurisdiction to order restitution so as to do complete justice between the parties. In Jai Berham v. Kedar Nath Marwari (1922) 49 LA. 351, their Lordships of the Privy council said:*

*"It is the duty of the Court under Section 144 of the Civil Procedure Code to place the parties in the position which they would have occupied but for such decree or such part thereof as has been varied or reversed. Nor indeed does this duty or jurisdiction arise merely under the said section. It is inherent in the general jurisdiction of the Court to act rightly and fairly according to the circumstances towards all parties involved.*

*Cairns, L.C., said in Rodger v. Comptoir d'Escompte de Paris, (1871) L.R. 3 P.C.:*

*"One of the first and highest duties of all Courts is to take cars that the act of the Court does no injury to any of the suitors and when the expression, the act of the Court is used, it does not mean merely the act of the primary Court, or of any intermediate Court of appeal, but the act of the Court as a whole from the lowest court which entertains jurisdiction over the matter up to the highest Court which finally disposes of the case".*

*This is also on the principle that a wrong order should not be perpetuated by keeping it alive and respecting it, A.A. Nadar v. S.P. Rathinasami, (1971) 1 MLJ 220. In the exercise of such inherent power the Courts have applied the principles of restitution to myriad situations not strictly falling within the terms of Section 144.*

*……….*

*29. Once the doctrine of restitution is attracted, the interest is often a normal relief given in restitution. Such interest is not controlled by the provisions of the Interest Act of 1839 or 1978."*

88. Similar view has also been taken by Hon'ble Apex Court in **T.N. General & Distribution Corpn. Ltd. v. PPN Power Generating Co. (P) Ltd.57.** For ready reference, the relevant paragraphs 73 ad 74 of the said judgment is reproduced as under:-

*"….73. With regard to the issue raised about the interest on late payment, APTEL has considered the entire matter and come to the conclusion that interest is payable on compound rate basis in terms of Article 10.6 of the PPA. In coming to the aforesaid conclusion, APTEL has relied on a judgment of this Court in Central Bank of India vs. Ravindra & Ors. [19]. In this judgment it has been held as follows:*

> *"………The essence of interest in the opinion of Lord Wright, in Riches v. Westminster Bank Ltd.All ER at p. 472 is that:*

*….it is a payment which becomes due because the creditor has not had his money at the due date. It may be regarded either as representing the profit he might have made if he had had the use of the money, or, conversely, the loss he suffered because he had not that use. The general idea is that he is entitled to compensation for the deprivation; the money due to the creditor was not paid, or, in other words, was withheld from him by the debtor after the time when payment should have been made, in breach of his legal rights, and interest was a compensation whether the compensation was liquidated under an agreement or statute.*

*A Division Bench of the High Court of Punjab speaking through Tek Chand, J. in CIT v. Dr Sham Lal*

*Narula thus articulated the concept of interest:*

*the words 'interest' and 'compensation' are sometimes used interchangeably and on other occasions they have distinct connotation. 'Interest' in general terms is the return or compensation for the use or retention by one person of a sum of money belonging to or owed to another. In its narrow sense, 'interest' is understood to mean the amount which one has contracted to pay for use of borrowed money. ...*

*In whatever category 'interest' in a particular case may be put, it is a consideration paid either for the use of money or for forbearance in demanding it, after it has fallen due, and thus, it is a charge for the use or forbearance of money. In this sense, it is a compensation allowed by law or fixed by parties, or permitted by custom or usage, for use of money, belonging to another, or for the delay in paying money after it has become payable."*

*74. Similar observations have been made by this Court in Indian Council of Enviro-Legal Action vs. Union of India & Ors. [20] wherein it has been held as follows:*

*"178. To do complete justice, prevent wrongs, remove incentive for wrongdoing or delay, and to implement in practical terms the concepts of time value of money, restitution and unjust enrichment noted above—or to simply levelise—a convenient approach is calculating interest. But here interest has to be calculated on compound basis—and not simple—for the latter leaves much uncalled for benefits in the hands of the wrongdoer.*

*179. Further, a related concept of inflation is also to be kept in mind and the concept of compound interest takes into account, by reason of prevailing rates, both these factors i.e. use of the money and the inflationary trends, as the market forces and predictions work out.*

*180. Some of our statute law provide only for simple interest and not compound interest. In those situations, the courts are helpless and it is a matter of law reform which the Law Commission must take note and more so, because the serious effect it has on the administration of justice. However, [pic]the power of the Court to order compound interest by way of restitution is not fettered in any way. We request the Law Commission to consider and recommend necessary amendments in relevant laws……."*

89. A plea has also been taken by learned Senior Counsel for the petitioner before this court as well as before the Supreme Court that being an educational institution, the petitioner had never given an undertaking to the State Government for payment of additional compensation. Hon'ble Apex Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) did not accept these pleas and upheld the validity of G.O. in question as well as Board Resolution in question along with consequential demand of all allottees equally. It was also argued by Shri Manish Goyal that the petitioner had given undertaking on 07.06.2014 affirming to pay any future liability arising towards lease rent. Hon'ble Apex Court while passing the judgment in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) had already rejected the plea of the petitioner qua educational institution and observed that the educational institution cannot be exempted from obligation to pay additional

compensation as this could create an unfair disparity among farmers, whose land has been acquired. Moreover all the farmers are entitled to equal compensation irrespective of any use of land by the allottees.

90. We find that initially the object of the 51st Board Resolution was to pay additional compensation to the farmers and even in case of allottees, who did not agree to pay additional compensation, leave was accorded to them to surrender the plot and get refund of the deposited amount (other than penal interest) along with interest @ 6% p.a. However, no such endeavour or serious efforts reflected from the record that the petitioner was even willing to pay up the additional compensation.

91. The demand notice of the year 2014 sent by YEIDA to the petitioner for payment of additional compensation specifically stipulated two terms i.e. (a) rate of additional compensation @ 600/sqm; (b) levy of penal interest in case of failure to deposit additional compensation by the specified dates. Finally the Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) had approved the demand notice of the year 2014. The demand letter of the year 2014, which was subject matter of challenge before the Division Bench in earlier round of litigation in which initially interim order was accorded but later on the writ petition was allowed. However, finally in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra), the G.O. in question; resolution in question as well as the demand was approved by the Supreme Court.

92. In view of the above uncontroverted facts, the issue with regard to liability of petitioner for payment of additional compensation to be paid to the farmers has been set at rest. Therefore, the computation made by YEIDA while raising the first demand in the year 2014 and later on through second demand of the year 2018 is no longer res integra in view of the judgment in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra). In the aforesaid circumstances, if the petitioner is entitled to seek relief against YEIDA in respect of the same cause of action, the petitioner cannot split up the claim so as to omit one part to the claim and sue for the other cause i.e. interest in the subsequent petition. If the cause of action is same, the petitioner has to place all his claims before the Court in one proceeding, as Order 2 Rule 2 CPC is based on the cardinal principle that the respondent-YEIDA should not be vexed twice for the same cause of action.

93. It is well settled that Order 2 Rule 2 CPC requires the unity of all claims based on the same cause of action in one suit, it does not contemplate unity of distinct and separate cause of action. The earlier proceeding, which were drawn by the petitioner while filing the earlier writ petition, wherein he has challenged the demand of 2014 and the Government Order in question as well as Resolution in question, the same was put at rest by the Supreme Court on 19.05.2022 in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra). Subsequently, present proceeding has been drawn in the year 2022. Considering the relief, we find that no fresh cause of action arose between first proceeding and second proceeding.

94. The penal interest was shown in the first demand as well as interest and

penal interest were also indicated in the second demand of the year 2018 due to alleged default of the petitioner. The subsequent (third) notice has been challenged in the present proceeding. Surprisingly earlier petition was filed in the year 2018 and at the same time it was known to the petitioner qua interest and penal interest. After finalisation of the earlier proceeding and approval of demand of YEIDA based upon Government Order in question and the Resolution in question, present proceeding has been drawn questioning the validity of impugned demand letter dated 20.9.2022 sent by YEIDA to the extent that the said letter pertains to demand of 64.7% additional compensation (inasmuch as other demands mentioned in the letter already stand challenged by way of other legal remedies adopted by the petitioner as stated in para 5 of the present writ petition). Alternatively, it had also been prayed for a direction to YEIDA not to recover from the petitioner any amount other than the amount of 64.7% additional compensation. The impugned demand notice dated 20.9.2022 is only reiteration of earlier first and second demand notices of the year 2014 and 2018 respectively.

95. Order 2 Rule 2 CPC provides that every proceeding (suit) shall include the whole of the claim, which the petitioner (plaintiff) is entitled to make in respect of same cause of action. The petitioner is not entitled to split the cause of action into parts by filing separate proceedings (suits). We find, as such, that the petitioner had not omitted present relief but infact challenged the demand letter in the light of G.O. in question and resolution in question in the previous litigation. Even in such situation, it cannot be presumed that the petitioner had omitted certain reliefs, which they want to press in the present proceeding. Present relief was available to the petitioner and infact it had also been challenged in the previous proceeding, therefore, it cannot be permitted to reagitate the same cause of action in the subsequent writ petition. The object of Order 2 Rule 2 CPC is to avoid multiplicity of proceedings and not to vex the parties again and again in a litigative process. The object is very noble and laudable and it has a larger public purpose to achieve by not burdening the court with repeated proceedings.

96. We cannot, at this juncture, ignore the facts that the petitioner in its attempt had challenged the Government Order dated 29.8.2014 and demands raised on its basis and the Division Bench of this Court had clubbed all such matters and allowed the same vide its judgment and order dated 28.05.2020 and held that the G.O. dated 29.8.2014 and its acceptance by YEIDA is patently illegal. It is violative of the provisions of the L.A. Act and is otherwise without jurisdiction as no such Government Order is liable to be issued in equity by the Government and that the policy behind it is unfair, unreasonable and arbitrary which is in violation of the provisions of the T.P. Act. Thereafter, the Government Order dated 29.08.2014 was held to be invalid and consequentially, all actions and demands of the YEIDA based upon it were held to be illegal. The aforesaid judgment and order passed by the Division Bench of this Court was challenged by YEIDA before Hon'ble Apex Court by way of SLPs and the SLPs were allowed by way of judgment in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra). The relevant paragraph nos.70, 71 and 72 of the said judgment are again reproduced as under:-

*70. In conclusion, we are of the considered view that the policy decision of the State Government as reflected in the said G.O. dated 29th August, 2014 and the Resolution of the Board of YEIDA dated 15th September, 2014 were in the larger public interest, taking care of the concerns of the allottees as well as the farmers. As already discussed hereinabove, had the said decision not been taken, there was a hanging sword of the acquisition being declared unlawful. The development of the entire project was stalled on account of farmers' agitation. Before taking the policy decision, the State Government, through the Chaudhary Committee, had done a wide range of deliberations with all the stakeholders including the allottees, farmers and YEIDA. The policy decision was taken after taking into consideration all relevant factors and was guided by reasons. In any case, it is a settled position of law that in case of a conflict between public interest and personal interest, public interest will outweigh the personal interest. The High Court was therefore not justified in holding that the policy decision of the State was unfair, unreasonable and arbitrary. We are of the considered view that the High Court has erred in allowing the writ petitions. The present appeals, therefore, deserve to be allowed.*

*71. In the result, we pass the following order:*

*(i) The appeals are allowed;*

*(ii) The impugned judgment and order dated 28 th May, 2020, passed by the Allahabad High Court in Writ Petition No. 28968 of 2018 and companion matters is quashed and set aside;*

*(iii) The writ petitions filed by the respondents covered by the impugned judgment and order dated 28th May, 2020 passed by the Allahabad High Court are dismissed;*

*72. Applications for Intervention are allowed. Pending applications, including the applications for directions, shall stand disposed of in the above terms. There shall be no order as to costs."* .

97. Since the relief, as has been prayed for, is already negated by the Supreme Court, therefore, at this stage, the petitioner cannot be permitted to turn back and challenge the demand on the ground that the liability, rate, period etc. of interest had not been disclosed in G.O. in question, Resolution in question and YEIDA's demand notices. The matter in issue is already decided for the parties interse by Hon'ble Apex Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra), hence the principle of resjudicata would also be attracted. (Ref. **M.P. Palanisamy & Ors. v. A Krishnan & Ors.58 and Pondicherry Khadi & Village Industries Board v. P. Kulothangan & Ors.59)**. For ready reference, paragraph 39 of the judgment in M.P. Palanisamy & Ors. v. A Krishnan & Ors. (Supra) is reproduced as under:-

*"39. We cannot, at this juncture, ignore the fact that the appellants in their first attempt before the Tribunal, challenged only the first condition regarding the appointment and chose not to challenge the second condition. At that juncture, they had the full opportunity of challenging the second condition also. They conveniently interpreted the G.O.Ms. No. 1813 in their favour, and in our opinion, wrongly, and ignored to challenge the second condition. This is not permissible. They could not thereafter turn back and challenge the second condition in the second or third round of litigation. It is*

*for this reason also, that the claim of the appellants must fail."*

98. We find that the principles of resjudicata laid down under Section 11 CPC including the principles of constructive resjudicata are applicable in the present matter. Since the Supreme Court has already approved the G.O. in question, resolution in question as well as first and second demand notices in the earlier proceeding, therefore, it is not amenable to the petitioner to turn around and press the present relief, which is barred by principles of resjudicata.

99. The principle of res judicata fully operates in the court proceeding. It is the courts, which are prohibited from trying the issue, which was directly and substantially in issue in the earlier proceedings between the same parties, provided the court trying the subsequent proceeding is satisfied that the earlier court was competent to dispose of the earlier proceedings and that the matter had been heard and finally decided by such court. While deciding the matter by the Supreme Court, not only G.O. in question and resolution in question but the demand notices were also under challenge and the matter had been heard and finally decided by the Supreme Court. In the instant case, the parties were the same. Hon'ble Supreme Court was competent to decide the issue, which it did with a reasoned order on merits after the contested hearing. In the earlier proceeding, the ground of interest and penal interest were also the subject matter in view of the first and second demand notice, which the YEIDA claimed and the Supreme Court had approved the G.O. in question and the Resolution in question, therefore, the decision was final and at present it is not open to the petitioner to reagitate the issue. (Ref. **K. Ethiajan (dead) by Lrs. v. Lakshmi & Ors.60 and Gorte Gouri Naidu (minor) and Anr. v. Thandrothu Bodemma & Ors.61. For ready reference, paragraphs 13 to 20 of K. Ethiajan (dead) by Lrs. v. Lakshmi & Ors.** (Supra) are reproduced as under:-

*"……..13. After considering the rival contentions advanced by the counsel for the parties and on perusal of the record of this case, we find that there was no justification for the High Court in second appeal to reverse the concurrent findings and judgments of the two courts below.*

*14. As held by this Court in the two decisions in cases of Ramalinga Samigal Madam and R. Manicka Naicker (supra), erders or decisions of the Settlement Officers granting patta under the Act of 1948 are not conclusive with regard to the dispute of title between parties to the lands in question and civil court alone is competent to decide the question of title. In the present case, the question of title to the suit properties, particularly on the plea of claim of ownership by deceased K. Ethirajan, directly and substantially arose between the same parties in earlier Original Suit No. 9003 of 1973 and the Apeal Suit No. 389 of 1977 arising therefrom. In the aforesaid previous litigation deceased M.Gurunathan sought eviction of deceased K. Ethirajan claiming exclusive title to the suit properties.*

*15. Deceased K. Ethirajan as defendant to the previous suit resisted it both on the ground of adverse possession as well as on the alleged co-ownership of the parties recognised by grant of joint patta (Ex. A-7).*

*16. We have perused the contents of the two judgments in Civil Suit No. 9003 of 1973 (Ex. A-22) and appellate judgment*

*dated 24.4.1979 (Ex. A-32). We find that the High Court has clearly erred in observing in the impugned judgment that in the earlier suit, co-ownership to the suit property was not claimed by deceased - plaintiff (K. Ethirajan). In the paper book containing additional documents, copies of the judgments of Exs. A-22 and A-23 have been placed before us. The trial court dismissed the suit of deceased - respondent (M. Gurunathan) on the ground that the case of grant of leave and licence set up by him was not poved and the defendant being in possession since 1940 onwards has perfected his title by adverse possesion. The appellate court negatived the plea of adverse possession set up by Ethirajan as defendant but by relying on the joint patta (marked as Ex. B-6 in that Suit) came to the conclusion that the parties were co-owners. It was held that between co-owners, plea of adverse possession cannot accepted. The decree of dismissal of the suit for eviction of deceased - K. Ethirajan granted by the trial court was upheld by the appellate court on the ground that plea of grant of licence by deceased M. Gurunathan was not proved and the parties were co-owners under the joint patta in their favour. The appellate judgment upholding the dismissal of the suit on the finding of co-ownership of the parties was not challenged by any further appeal. The said judgment has thus attained finality. The learned counsel appearing for the respondents is right in his submission that the dispute of title to the suit properties between the parties was an issue directly and substantially involved in the earlier suit and on the principle of res judicata, in the present suit defendant - M. Gurunathan or his LRs are estopped from questioning the claim of co-ownership urged by deceased K. Ethirajan and his LRs. The following observations at para 26 in the case of Hope Plantations Ltd (supra) relied upon by the counsel appearing for the appellant fully support his argument based on the principle of res judicata and estoppel :*

*"26. It is settled law that the principles of estoppel and res judicata are based on public policy and justice. Doctrine of res judicata is often treated as a branch of the law of estoppel though these two doctrines differ in some essential particulars. Rule of res judicata prevents the parties to a judicial determination from litigating the same question over again even though the determination may even be demonstratedly wrong. When the proceedings have attained finality, parties are bound by the judgment and are estopped from questioning it. They cannot litigate again on the same cause of action nor can they litigate any issue which was necessary for decision in the earlier litigation. These two aspects are "cause of action estoppel" and "issue estoppel". These two terms are of common law origin. Again, once an issue has been finally determined, parties cannot subsequently in the same suit advance arguments or adduce further evidence directed to showing that the issue was wrongly determined. Their only remedy is to approach the higher forum if available. The determination of the issue between the parties gives rise to, as noted above, an issue estoppel. It operates in any subsequent proceedings in the same suit in which the issue had been determined. It also operates in subsequent suits between the same parties in which the same issue arises."*

*17. Learned counsel appearing for the respondents in his reply to the plea based on res judicata and estoppel contended that if at all the judgments in the earlier suits (Exs. A-22 and A-23) can be held to operate as res judicata between the parties, it would fee operative only in*

*respect of a portion of the suit property measuring 37'x20' with super-structure thereon which alone was the subject matter of dispute in the earlier suit.*

*18. The above contention advanced in reply of the learned counsel appearing for the respondents, cannot be accepted. In the earlier suit, deceased - M. Gurunathan sought eviction of deceased - K. Ethirajan from a portion of the suit property by claiming exclusive title to the whole property involved in the present suit. The case of deceased - K. Ethirajan in that suit was of adverse possession and alternatively co-ownership on the basis of joint patta (Ex. A-7). Looking to the pleadings of the parties in that suit (copies of which are placed before us in additional paper-book), the ground urged by the respondent that in the earlier litigation, claim of exclusive ownership set up by deceased - M. Gurunathan was restricted only to a portion of the whole property involved in this suit, does not appear acceptable. On the basis of pleadings of the earlier suit, we find that the issue directly involved was claim of exclusive ownership of deceased - M. Gurunathan to the whole property left behind by deceased Gangammal although eviction was sought of the defendant from a particular portion of the land on which he had built a hut for residence. The suit was resisted by deceased K. Ethirajan claiming adverse possession and alternatively as co- owner on the basis of joint patta (Ex. A-7).*

*19. It is true that joint patta (Ex. A-7) granted by Settlement Authorities in proceedings under the Act of 1948 cannot itself be a source of title to claim ownership and right of partition but as has been found by the trial court and the first appellate court, the plaintiffs claim for partition is not based on joint patta (Ex. A-7) alone but judgments rendered between same parties [Exs. A-22 and A-23] in the previous suit and appeal, have also been relied wherein the claim of the present plaintiff to remain in possession of the suit property without any interference by deceased M. Gurunathan and now his LRs had been crystalised by decree of dismissal of suit for eviction agains him. Based on the judgment in the previous litigation an indefeasible right to continue to occupy the suit property as owner had been created in favour of the present plaintiff and the said judgment has attained finality between the same parties and their LRs.*

*20. The argument that principle of res judicata cannot apply because in the previous suit only a part of the property was involved when in the subsequent suit the whole property is the subject matter cannot be accepted. The principle of res judicata under Section 11 of the Code of Civil Procedure is attracted where issues directly and substantially involved between the same parties in the previous and Subsequent suit are the same - maybe - in the previous suit only a part of the property was involved when in the subsequent suit, the whole property is the subject matter……..”*

100. For ready reference, the relevant paragraph 4 of the judgment in Gorte Gouri Naidu (minor) and Anr. v. Thandrothu Bodemma & Ors. (Supra) is also reproduced as under:-

*“......4. It however appears to us that previously between the parties another suit was instituted in the Court of the learned Subordinate Judge Srikakulam being original suit No.50 of 1954. In the said suit, the validity of the deed of gifts made by Sowaramma was questioned. It was held by the learned Subordinate Judge that the said deed of gifts were not valid*

*under the Hindu Law. The appeal was taken to the Andhra Pradesh High Court being appeal No.514 of 1968 and by judgment dated 12.2.1971, the High Court disposed of the said appeal No.514 of 1968 wherein the High Court disposed of the said appeal No.514 of 1968 wherein the High Court held that such dead of gift was invalid in law. By the impugned judgment, the Division Bench of the Andhra Pradesh High Court has held that in view of such declaration of the said deed of gifts as invalid, no claim of title on the basis of the said deed of gift or family settlement can be made. In our view, such decision of the division Bench is Justified since the said earlier decision in declaring the deeds of gift as invalid, is binding between the parties. There is no occasion to consider the principle of estoppel since considered by the learned Single Judge in the facts and circumstances of the case for holding the said transfers as valid, in view of the earlier adjudication on the validity of the said deeds in the previous suit between the parties. The law is well settled that even if erroneous, an inter party judgment binds the party if the court of competent jurisdiction has decided the lis. We, therefore, find no reason to interfere with the impugned decision of the High Court. This appeal therefore fails and is dismissed without any order as to costs.*

**CONCLUSION**

101. Considering the facts and circumstances of the case, we find that the petitioner is liable to pay interest on additional compensation during the pendency of litigation initiated by it, as per the doctrine of restitution upheld by the Hon'ble Supreme Court. The interest acts as compensation for the period during which the petitioner was unjustly enriched by withholding the lawful dues owed to YEIDA. Interest on the additional compensation can be claimed by YEIDA as part of equitable restitution, given that the petitioner benefited from the interim relief granted during the litigation. The Principle of restitution is founded on the ideal of complete justice, entitling the successful party to compensation, including interest, for the period it was deprived of its lawful dues.

102. We find that the petitioner is also liable to pay penal interest from the date of accrual of demand till the date of actual payment, as mandated by the Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra) in which the validity of G.O. in question as well as Board Resolution in question had been affirmed and non-compliance thereof attracts the imposition of penal interest as a lawful consequence. We find that G.O. in question as well as Board Resolution in question, having been held to serve a larger public interest, constitute "law" within the meaning of Article 13(2) read with Article 13(3)(a) of the Constitution. These directives derive their legal force from the Constitution and must be treated with the same deference as statutory law. YEIDA's issuance of demand notices and enforcement of the G.O. in question and Board Resolution in question constitute acts in aid of the Supreme Court's order. YEIDA's actions align with its constitutional obligation to uphold the rule of law and facilitate the implementation of judicial directives. Conversely, the petitioner has consistently disregarded the legal obligations inspite of the mandate in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla

Education and Welfare Society & Ors. (Supra) by which the G.O. in question as well as the Board Resolution in question had been upheld.

103. We find that while common law provisions like the Interest Act and Contract Act provide a supplementary framework, they do not supersede the constitutional directives governing the imposition of additional compensation in this case. The G.O. in question and Board Resolution in question, upheld by the Supreme Court, override the lease deed and establish a higher legal authority integrating principles of justice, equity, and public interest. The petitioner's claim of unjust enrichment on YEIDA's part is unsubstantiated and lacks merit. The interest levied is a legitimate exercise of YEIDA's rights under the law and serves as compensation for the delay in fulfilling a lawful obligation, rather than being an unjust benefit. We find that the principle of constructive res judicata precludes the petitioner from re- litigating the issue of interest on additional compensation, as it was an integral part of the cause of action in the earlier litigation.

104. We also find that the Petitioner's plea of being an educational institute and the absence of an undertaking to pay future liabilities cannot be considered valid, as this argument was already dismissed by Hon'ble Supreme Court in Yamuna Expressway Industrial Development Authority etc. v. Shakuntla Education and Welfare Society & Ors. (Supra). The said judgment did not recognize any exemption for educational institutions regarding the liability to pay additional compensation. Moreover, the Petitioner's claim of having meagre sources of income contradicts the information available on their official website, which clearly suggests that the petitioner is focused on profit-making through undisclosed fees for premium amenities. There is nothing on record to convince us that the petitioner is not indulged in profit making. Moreover, all the farmers are entitled to equal compensation irrespective of any use of land.

105. We find that the petitioner's contentions lack legal and factual merit, as they disregard the binding nature of the Supreme Court's judgments and the constitutional framework governing YEIDA's actions. The principles of restitution, public interest, and the rule of law converge to uphold YEIDA's demand for additional compensation and the interest thereon. The petitioner's repeated attempts to evade its lawful obligations jeopardize the distribution of additional compensation intended for the affected farmers. The government directives, validated by the Hon'ble Apex Court, serve as a bulwark against such actions, ensuring that the benefits reach their rightful beneficiaries. The Petitioner's claim of charitable status and financial hardship are contradicted by their operational practices, which suggest a profit-driven approach. Nonetheless, these claims cannot override their legal obligations or the constitutional mandate in the public interest. In the interest of justice, equity, and the larger public good, it is imperative that the petitioner adheres to the lawful demands. YEIDA, as an instrumentality of the state, is duty-bound to enforce these directives without deviation, ensuring the distribution of additional compensation to the farmers and maintaining the rule of law.

106. The principles of constructive res judicata further reinforce the finality of

the matter, precluding the petitioner from re-litigating settled issues. Continued defiance would not only undermine the authority of the judiciary but also impede the timely fulfillment of YEIDA's public duty to disburse the additional compensation to the farmers. In the face of such compelling legal and constitutional imperatives, the petitioner's contentions fail to withstand scrutiny. We find that YEIDA's actions in levying interest and demanding additional compensation are legally justified and essential for upholding legal obligations in the public interest, and ensuring equitable treatment of all stakeholders involved.

107. In the aforesaid facts and circumstances, we are not inclined to interfere in the matters. Both the writ petitions lack merit and are accordingly **dismissed.**

1. Writ Petition No. 11073 of 2011 (Manav Vikas Shiksha Samiti Vs St. of U.P. & ors.)

2. Jai Bahadur Singh & ors. Vs St. of U.P. & ors. 2016 (1) UPLBEC 368

3. Chandra Singh Vs St. of Raj. & anr. (2003) 6 S.C.C. 545

(Delivered by Hon’ble Manjive Shukla, J.)

1. Heard Mr. Yogesh Kumar Saxena, learned counsel appearing for the petitioner, learned Standing Counsel appearing for Respondents No. 1 to 4 and learned counsel appearing for Respondent No. 5.

2. Petitioner through this writ petition has assailed the order dated 24.08.2015 passed by the Deputy Registrar, Firms, Societies and Chits, (Headquarter), U.P. at Lucknow whereby

claim of Respondent No. 5 in respect of the renewal of registration of Manav Vikas Siksha Samiti has been accepted and direction has been issued to the Deputy Registrar, Firms Societies and Chits, Kanpur Nagar to issue necessary order for renewal of registration of the society in terms of Section 3-A of the Societies Registration Act, 1860 and further to register the list of the office bearers and members of the Committee of Management of the Society filed by Mr. Gyan Chandra Tripathi and Mr. Vinod Chandra Srivastava.

3. Facts of the case, in brief, are that Mahatama Gandhi Shiksha Samiti, Kanpur was registered on 16.11.1951 and was assigned Registration No. 127/1951-52. Later on name of the aforesaid society was changed on 09.05.1976 to Manav Vikash Shiksha Samiti. The said society continued to perform its work and its registration remained valid till 10.10.1995, thereafter the registration of the society could not be renewed.

4. It appears that taking advantage of non renewal of the registration of Manav Vikas Siksha Samiti, petitioner got one society registered in the name of Manav Vikas Shiksha Sansthan, Kanpur Nagar having Registration No. 331 of 1989 and thereafter claimed that the said Manav Vikas Shiksha Sansthan has been merged in Manav Vikas Shiksha Samiti and thereby presented proceedings of the elections of the Committee of Management of Manav Vikas Shiksha Samiti before the Deputy Registrar, Firms, Societies and Chits, Kanpur Region, Kanpur. Another election proceeding was also placed before the Deputy Registrar by the actual office bearers of the Manav Vikas Shiksha Samiti before the Deputy Registrar.

5. Since there were two rival claims in respect of elections of the Committee of Management of Manav Vikas Shiksha Samiti, the Deputy Registrar, Kanpur Nagar referred the matter for decision to Prescribed Authority/Sub Divisional Magistrate, Sadar, Kanpur Nagar under Section 25(1) of the Societies Registration Act, 1860 on 16.11.2005.

6. The Prescribed Authority/Sub Divisional Magistrate, Sadar, Kanpur Nagar decided the aforesaid reference vide order dated 17.03.2008 wherein he has recorded a finding that present petitioner i.e. Mr. Sunit Kumar Verma could not produce the documents regarding registration of his society and also could not produce any document to show that at any point of time merger of Manav Vikas Shiksha Sansthan in Manav Vikas Shiksha Samiti has taken place and thereby it was held that election proceedings filed by Mr. Sunit Kumar Verma are not in respect of the elections of the Manav Vikas Shiksha Samiti. The Prescribed Authority vide its order dated 17.03.2008 further directed Mr. Vinod Chandra Srivastava to file application for renewal of the registration of Manav Vikas Shiksha Samiti before the Deputy Registrar, Firms, Societies and Chits, Kanpur Nagar with a direction that Deputy Registrar may decide the said application.

7. Though the claim of the present petitioner was rejected by the Prescribed Authority/Sub Divisional Magistrate, Kanpur Nagar but the Deputy Registrar in a very cursory manner passed an order on 05.02.2011 whereby he accepted the claim of Mr. Sunit Kumar Verma and renewed the registration of the society in his favour and also registered the list of the members of the general body of the society for the

year 2010-11 provided by Mr. Sunit Kumar Verma. In the aforesaid circumstances, Manav Vikas Shiksha Samiti challenged the order dated 05.02.2011 passed by the Deputy Registrar, Firms, Societies and Chits, Kanpur Nagar by filing Civil Misc. ***Writ Petition No. 11073 of 2011 (Manav Vikas Shiksha Samiti Vs. State of U.P. & Ors.)*** and this Court decided the writ petition vide order dated 23.02.2011 wherein categorical finding has been recorded that once the Prescribed Authority vide order dated 17.03.2008 had rejected the claim of Mr. Sunit Kumar Verma, the Deputy Registrar cannot sit in appeal over the decision of the Prescribed Authority and therefore the Deputy Registrar was only required to pass order for renewal of registration on the basis of application filed by Mr. Vinod Chandra Srivastava. The aforesaid judgment and order dated 23.02.2011 passed by this Court in Civil Misc. Writ Petition No. 11073 of 2011 has attained finality as no one has raised any challenge against the said judgment.

8. Pursuant to the judgment and order dated 23.02.2011 passed in Civil Misc Writ Petition No. 11073 of 2011 proceedings started before the Deputy Registrar, Firms, Societies and Chits, Kanpur Nagar but an application was filed by Mr. Gyan Prakash Tripathi Manager of the Manav Vikas Shiksha Samiti on 20.06.2014 before the Registrar, Firms, Societies and Chits, (Headquarter) U.P. at Lucknow for transfer of the case from the Deputy Registrar, Kanpur Nagar to any other Deputy Registrar on the ground that the Deputy Registrar, Kanpur Nagar is relative of Mr. Sunit Kumar Verma. The Registrar on the said application passed an order on 01.07.2014 whereby he directed for transfer of the aforesaid case to the Headquarter at Lucknow.

9. Pursuant to the order dated 01.07.2014 passed by the Registrar, all the concerned parties appeared before the Deputy Registrar (Headquarter) U.P. at Lucknow and contested their matter without raising any issue in respect of the jurisdiction of the Deputy Registrar (Headquarter) U.P. at Lucknow. The Deputy Registrar, Firms, Societies and Chits (Headquarter) U.P. at Lucknow after hearing all the parties had passed a detailed order on 24.08.2015 whereby direction was given to renew the registration of the society on the basis of the papers filed by Mr. Gyan Prakash Tripathi and Mr. Vinod Chandra Srivastava and also a direction for registration of the list of the office bearers and the members of the Committee of Management of the society. The petitioner has challenged the aforesaid order dated 24.08.2015 by filing this writ petition.

10. Learned counsel appearing for the petitioner has vehemently argued that the Deputy Registrar under the Societies Registration Act, 1860 exercises the same powers which are exercised by the Registrar, Firms, Societies and Chits, therefore the Registrar was not empowered to transfer the case from the Deputy Registrar, Kanpur Nagar to the Deputy Registrar (Headquarter) U.P. at Lucknow, accordingly the order dated 24.08.2015 passed by the Deputy Registrar, Firms, Societies and Chits (Headquarter) U.P. at Lucknow is without jurisdiction and thus cannot sustain in the eyes of law.

11. Learned counsel appearing for the petitioner in support of his arguments has relied on the judgment rendered by a co-ordinate Bench of this Court in the case ***of Jai Bahadur Singh & Ors. Vs. State of U.P. & Ors. 2016 (1) UPLBEC 368***, wherein it has been held that under the

Societies Registration Act, 1860 Registrar, Firms, Societies and Chits does not have power to transfer a case pending before one Deputy Registrar to another Deputy Registrar.

12. Learned counsel appearing for the petitioner has thus vehemently argued that his case is squarely covered by the judgment rendered by this Court in the case of Jai Bahadur Singh (Supra) and therefore, this writ petition is liable to be allowed.

13. Per contra, learned Standing Counsel appearing for Respondents No. 1 to 4 has argued that the Prescribed Authority/Sub Divisional Magistrate vide order dated 17.03.2008 had declared that the petitioner is a rank trespasser in respect of Manav Vikas Shiksha Samiti and the said order has already been affirmed by this Court vide judgment and order dated 23.02.2011 passed in Civil Misc. Writ Petition No. 11073 of 2011 wherein it has been categorically held that petitioner has no concern with the Manav Vikas Shiksha Samiti. The Judgment and order dated 23.02.2011 has attained finality, therefore by no stretch of imagination registration of the society in question can be renewed in favour of the petitioner and further his list of office bearers for managing affairs of the society cannot be registered.

14. Learned Standing Counsel has vehemently argued that even if this court comes to the conclusion that transfer of the case from the Deputy Registrar, Kanpur Nagar to the Deputy Registrar (Headquarter) U.P. at Lucknow was without jurisdiction and thereby the impugned order dated 24.08.2015 cannot sustain in the eyes of law, this court may not interfere in the matter as by interfering in the impugned order dated 24.08.2015 only illegality shall be perpetuated as it has already been held by this court vide judgment and order dated 23.02.2011 passed in Civil Misc. Writ Petition No. 11073 of 2011 that petitioner has no concern with the Manav Vikas Shiksha Samiti.

15 . Learned counsel appearing for Respondent No. 5 has argued that the case was transferred from Deputy Registrar, Kanpur Nagar to Deputy Registrar, (Headquarter) U.P. at Lucknow vide order dated 01.07.2014 passed by the Registrar, Firms, Societies and Chits, (Headquarter) U.P. at Lucknow but petitioner at no point of time has challenged the said order and even the said order is not under challenge in the present writ petition and further petitioner himself participated in the proceedings before the Deputy Registrar (Headquarter) U.P. at Lucknow without raising any protest in respect of his jurisdiction, therefore now the petitioner cannot be allowed to challenge the impugned order dated 24.08.2015 only on the ground of lack of jurisdiction.

16. It has further been argued by the learned counsel appearing for Respondent No. 5 that petitioner has no concern with the Manav Vikas Shiksha Samiti and he is just trying to enter in the affairs of the society by creating fake paper work and once this court by recording categorical findings in the judgment and order dated 23.02.2011 passed in Civil Misc. Writ Petition No. 11073 of 2011 had held that the registration of the society cannot be renewed in favour of the petitioner and he has not challenged the said order till date, there may not be any occasion for this Court to interfere in the impugned order dated 24.08.2015 on the ground of lack of jurisdiction as the said interference will only perpetuate illegality.

17. Learned counsel appearing for Respondent No. 5 has vehemently argued that if interference by this Court in an order leads to perpetuating an illegality, then this Court may deny to exercise its extraordinary jurisdiction enshrined under Article 226 of the Constitution of India, even if the order under challenge is without jurisdiction.

18. Learned counsel appearing for the Respondent No. 5 has thus concluded his arguments and has submitted that the writ petition filed by the petitioner is liable to be dismissed by this Court.

19. I have considered the rival arguments advanced by the learned counsels appearing for the parties, and I find that petitioner claims himself to be the office bearer of the Committee of Management of Manav Vikas Shiksha Samiti on the strength that another society which was registered in the name of Manav Vikas Shiksha Sansthan having petitioner as member was merged in Manav Vikas Shiksha Samiti and therefore as as result of the said merger petitioner became member of the general body of the Manav Vikas Shiksha Samiti.

20. The aforesaid claim raised by the petitioner has not been accepted by the Prescribed Authority/Sub Divisional Magistrate vide his order dated 17.03.2008 on the ground that the petitioner could not produce any document to show that at any point of time merger of Manav Vikas Shiksha Sansthan with Manav Vikas Shiksha Samiti has taken place. The Prescribed Authority negated the claim of the petitioner and vide order dated 17.03.2008 directed the Deputy Registrar to renew the registration of the Manav Vikas Shiksha Samiti on the application filed by Mr. Vinod Chandra Srivastava. In spite of the categorical order passed by the Prescribed Authority negating the claim of the present petitioner, the Deputy Registrar in the garb of the proceedings for renewal of registration of the society entertained the application given by present petitioner i.e. Mr. Sunit Kumar Verma and renewed the registration of Manav Vikas Shiksha Samiti in his favour and also registered the list of members of the general body of the society provided by him vide order dated 05.02.2011.

21. The Committee of Management of the Manav Vikas Shiksha Samiti challenged the order dated 05.02.2011 passed by the Deputy Registrar by filing ***Civil Misc. Writ Petition No. 11073 of 2011 ( Manav Vikas Shiksha Samiti Vs. State of U.P. & Ors.)*** and the said writ petition has been allowed by a co-ordinate Bench of this Court vide order dated 23.02.2011. The relevant paragraphs of the order dated 23.02.2011 are extracted as under :-

"The challenge is to the order passed by the Deputy Registrar, Firms, Societies & Chits, Kanpur Nagar, dated 5.2.2011, whereby on a request for renewal of the Society known as Manav Vikas Samiti of the petitioners has been rejected and the Society has been renewed through the respondent No.3 as an office-bearer of the Society. The petitioners have come up questioning the correctness of the said order primarily on the ground that it is without jurisdiction and that it proceeds on a presumption as if the respondent No.3 was the rightful claimant to get the Society renewed through him. It is urged by Sri Dwivedi that this procedure adopted by the Assistant Registrar virtually accepts a rank trespasser as an office-bearer which is also

in teeth of the final order passed by the Prescribed Authority on 17.3.2008 in relation to the same Society. The contention, therefore, in short is that the Respondent No.3 had virtually no right to get the renewal of the Society made in his favour that too even after the order of the Prescribed Authority dated 17.3.2008.

Sri Saxena contends that as a matter of fact the Assistant Registrar has taken into consideration all the documents that were on record to conclude that the answering respondent was the rightful claimant and therefore there being no error, the petitioners should, if aggrieved, raise the dispute elsewhere and the same cannot be gone into by exercising jurisdiction under Article 226 of the Constitution of India. Learned Standing Counsel has also adopted the same arguments.

Having heard learned counsel for the parties, it is evident that the dispute relating to the validity of the elections and office-bearers was allegedly raised before the Prescribed Authority. The Prescribed Authority called for comments and objections and it was ultimately found that there was no dispute which remained to be decided, on the premise that the claim of the petitioners was in respect of Manav Shiksha Samiti whereas the claim of Sunit Kumar Verma emanated on the strength of a Society by the name of Manav Vikas Sansthan that had ultimately merged with Manav Vikas Samiti. The Prescribed Authority found that no document was produced by Sunit Kumar Verma to establish the alleged merger and, therefore, the order dated 17.3.2008 virtually rejected the claim of Sunit Kumar Verma and directed the petitioner - Vinod Chandra Srivastava to approach the Deputy Registrar for renewal after payment of late fee. The said order dated 17.3.2008 remained unchallenged and in pursuance thereof, the petitioners appears to have approached the Deputy Registrar for renewal which remained pending for the past 3 years.

The impugned order proceeds to accept the claim of Sunit Kumar Verma, which, in the opinion of the Court, had already been rejected by the Prescribed Authority under the order dated 17.3.2008. In this view of the matter, the Deputy Registrar has virtually sat in Appeal over the order of the Prescribed Authority which is impermissible in law. The Deputy Registrar could have proceeded to decide the claim of renewal only under the provisions of Section 3A of the Societies Registration Act, 1860, but it was not open to the Deputy Registrar to have ignored the impact of the order dated 17.3.2008.

In this view of the matter, the writ petition is allowed. The order dated 5.2.2011 is unsustainable and is hereby quashed. All the consequential actions pursuant to the impugned order are also quashed. The Deputy Registrar - Respondent No.2 shall now proceed to pass fresh orders in accordance with law and in the light of the observations made herein above."

22. The Co-ordinate Bench of this court in its order dated 23.02.2011 passed in Civil Misc. Writ Petition No. 11073 of 2011 has recorded a categorical finding that present petitioner i.e. Mr. Sunit Kumar Verma could not prove merger of Manav Vikas Shiksha Sansthan in the Manav Vikas Shiksha Samiti and therefore, his claim in respect of Manav Vikas Shiksha Samiti stood rejected, as such the Deputy Registrar, Firms, Societies and Chits,

Kanpur Nagar while renewing the registration of the society in favour of Mr. Sunit Kumar Verma and registering the list of the members of the general body of the Society provided by him has acted illegally and thereby this Court quashed the order dated 05.02.2011 passed by the Deputy Registrar.

23. This Court finds that order dated 17.03.2008 passed by the Prescribed Authority/Sub Divisional Magistrate, Sadar, Kanpur Nagar and judgment and order dated 23.02.2011 passed by the co-ordinate Bench of this court in Civil Misc. Writ Petition No. 11073 of 2011 have not been challenged by the present petitioner. Once the petitioner has not challenged the aforesaid orders wherein it has been categorically held that petitioner has no connection with the Manav Vikas Shiksha Samiti then he cannot be allowed to raise any claim in respect of the Manav Vikas Shiksha Samiti.

24. So far as the argument advanced by the learned counsel appearing for the petitioner that the Registrar does not have any jurisdiction under the provisions of the Societies Registration Act, 1860 to transfer any case from one Deputy Registrar to another Deputy Registrar and thereby the Registrar while transferring the case in question from the Deputy Registrar, Kanpur Nagar to Deputy Registrar (Headquarter) U.P. at Lucknow has acted without jurisdiction and consequently the impugned order dated 24.08.2015 passed by the Deputy Registrar (Headquarter) U.P. at Lucknow is without jurisdiction is concerned, this Court finds that issue as to whether the Registrar can transfer a case from one Deputy Registrar to another has already been thrashed out by a co-ordinate Bench of this court vide its judgment rendered in the case of **Jai Bahadur Singh & Ors. Vs. State of U.P. & Ors. 2016 (1) UPLBEC 368** wherein it has been held that the Registrar does not have power to transfer the case from one Deputy Registrar to another Deputy Registrar.

25. The relevant paragraphs of the judgment rendered in the case of Jai Bahadur Singh (supra) are extracted as under :-

*"So far as the Registrar is concerned, the Legislature itself by enacting the Act has vested certain authority and power in him, however, it is the Legislature itself which has empowered the State Government for conferring the functions of Registrar to an Additional Registrar or a Joint Registrar or a Deputy Registrar or an Assistant Registrar. The Additional Registrar or other such officers who are administratively subordinate to the Registrar, thus, can not exercise any of the functions assigned to the Registrar under the Act merely because they are appointed in the department to hold such posts. They will have their jurisdiction or power vested in them to exercise the functions of Registrar under the Act only and only when the State Government confers such power or authority on these officers by a general or special order. Once conferment by the State Government by a general or special order is made on these officers to discharge the functions and powers of Registrar under the Act, these officers no more remain subordinate to the Registrar so far as discharge of statutory functions under the Act is concerned. Once conferment by the State Government has been made upon these officers, the powers and functions to be exercised by the Additional Registrar/Joint Registrar/Deputy Registrar/Assistant Registrar become co-*

*extensive with the powers and functions of the Registrar. Thus, these subordinate officers, in so far as the statutory functions under the Act as conferred by the State Government are concerned, cannot be termed to be subordinate to the Registrar. The proceedings relating to a Society are drawn and conducted by the Deputy Registrars and such officers under the Act only when the State Government confers such powers on these officers and they conduct their authority and proceedings under the Act and not administratively.*

*The proceedings which in the present case are pending consideration and for decision before the Deputy Registrar are statutory in nature and they are to be decided as per the requirement and in terms of the provisions contained in Sections 4-B and 15 of the Act. Thus, the Deputy Registrar while dealing with the proceedings in question between the parties in this case is not acting in his capacity as an ordinary administrative officer, rather he has to consider and decide the matter statutorily.*

*Submission of learned counsel for the petitioner that since there is only one Registrar in the State of Uttar Pradesh and all the Deputy Registrars are his subordinate, as such the Registrar will have ample power, authority and jurisdiction to transfer the proceedings, in my considered opinion, is not tenable for the reason that the nature of proceedings, as observed above, are not administrative in their terms, rather the same are statutory in nature as the proceedings are to be decided as per the requirement of the Act. It may be true that the Registrar in certain administrative matters may exercise certain powers over the Deputy Registrars, however, when it comes to the proceedings under the Act, it cannot be said that the Registrar will have supervisory jurisdiction or power. I may reiterate that the Deputy Registrar and such other officers as are mentioned in Section 21 of the Act are conferred with the powers of the Registrar under the Act by the State Government and once such conferment is in existence, they have the same authority which is at par with that of the Registrar under the Act, in other words, the powers of the Deputy Registrar are co-extensive with those of the Registrar*

*It may also be noticed that the State Government by a notification dated 20.07.1981 has established three regional offices in addition to the office of Registrar at Lucknow. These regional offices have been set up at Varanasi, Bareilly and Meerut. The said notification further states that the functions being discharged by the Registrar pertaining the districts falling in the Divisions mentioned in the said notification will be discharged by the offices mentioned in the said notification. The State Government by means of another notification dated 07.01.1982 issued under Section 21 of the Act conferred the powers of Registrar on all the Deputy Registrars and Assistant Registrars. The said notification dated 07.01.1982 is quoted below:*

*"सोसाइटी रजिस्ट्रीकरण अधिनियम 1860 (अधिनियम संख्या 21 सन 1860) की धारा 21 के अधीन शक्ति का प्रयोग करके राज्यपाल रजिस्ट्रार, फर्म और सोसाइटी, उत्तर प्रदेश के संगठन के समस्त उप रजिस्ट्रार और सहायक रजिस्ट्रार को उपर्युक्त अधिनियम के अधीन रजिस्ट्रार की समस्त शक्तियों प्रयोग प्रदान करते है, जिनका प्रयोग वे अपनी-अपनी अधिकारिता के क्षेत्र के भीतर करेंगे"*

*By means of another notification dated 31.07.1985, apart from Varanasi,*

*Bareilly and Meerut, regional offices at Kanpur, Agra and Gorakhpur as well were established and the territorial jurisdiction was, thus, distributed. According to said notification, the Registrar at the headquarter at Lucknow was to exercise his jurisdiction on all the districts of Lucknow and Faizabad Divisons, that is to say the Registrar at Lucknow was to exercise his jurisdiction on all the disputes relating to the Societies Registration Act arising in all the districts of Lucknow and Faizabad Divisions. The said jurisdiction of the regional offices was altered by a notification dated 24.01.1987. By means of another notification dated 29.10.1991, the territorial jurisdiction of regional offices was further altered and determined, according to which, the regional office of the department at Faizabad is to exercise the jurisdiction relating to all the districts of Faizabad Division. There was some discrepancy in the english version of the notification dated 07.01.1982 which was rectified by another notification dated 28.07.1994 which reads as under:*

*"In exercise of the powers under Section 21 of the Societies Registration Act, 1860 (Act no.XXI of 1860) the Governor is pleased to confer on all the Deputy Registrars and Assistant Registrars of the organization of the Registrar of firms and Societies, Uttar Pradesh, all the powers of the Registrar under the aforesaid Act to be exercised within the area of their respective jurisdiction."*

*On the basis of the occurrence of the words 'इनके अधीनस्थ क्षेत्रीय कार्यालयों का कार्यक्षेत्र निम्नानुसार निर्धारित करने की सहर्श स्वीकृति प्रदान करते है' in the notification dated 29.10.1991, it has been submitted by the learned counsel for the petitioners that all the regional offices are subordinate to the office of Registrar and hence, the officers working in the regional offices will be subordinate to the Registrar as well.*

*The aforesaid submission of learned counsel for the petitioners may be true but only in respect of and in regard to the general administrative powers which are exercised by the Registrar while working as the Head of the Department, however, the said submission cannot be taken to be correct in so far as the statutory functions under the Act, as conferred by the State Government on these officers including the Deputy Registrar under Section 21, are concerned. The distinction between the statutory functions under the Act and general administrative functions are to be kept in mind while dealing with the submissions being advanced by the learned counsel for the petitioners. There are various functions assigned to the Registrar as Head of the Department in his organization. He will have all the authority and power to exercise his administrative control over the Deputy Registrars. However, unless and untill the Legislature while enacting the Act vests an express authority in the Registrar to transfer the proceedings being drawn and continued under the Act by the Deputy Registrar, in my considered opinion, the Registrar will have no source of power or authority backed by the legislation to withdraw the proceedings from one Deputy Registrar and transfer the same to some other Deputy Registrar.*

*A close scrutiny of the scheme of the Act does not leave any room of doubt that the Legislature has not vested any authority on the Registrar to transfer the proceedings under the Act from one Deputy Registrar to the other Deputy Registrar.*

*The Registrar may only exercise certain control over the Deputy Registrars administratively such as issuing certain instructions and circulars for the guidance of the Deputy Registrars or taking departmental action in case he receives any complaint.*

*Assuming that the Registrar, being the highest authority in the department/in his organization, is vested with the power to transfer the statutory proceedings under the Act from one Deputy Registrar to the other Deputy Registrar, it will amount to vesting an authority in the Registrar which the Legislature never intended to vest in him.*

26. This Court is in complete agreement with the aforesaid judgment rendered by the co-ordinate Bench of this court in the case of Jai Bahadur Singh (supra) but certain issues which are peculiar in the case in hand are to be taken note of i.e. case in question was transferred by the Registrar vide his order dated 01.07.2014 from the Deputy Registrar, Kanpur Nagar to the Deputy Registrar (Headquarter) at Lucknow but petitioner did not challenge the said order rather he appeared before the Deputy Registrar (Headquarter) at Lucknow and contested the matter. Even till today petitioner has not challenged the order dated 01.07.2014 passed by the Registrar whereby the case was transferred. The petitioner has only challenged the order dated 24.08.2015 passed by the Deputy Registrar (Headquarter) at Lucknow on the ground that the said order is without jurisdiction. Apart from the ground of jurisdiction the petitioner has not taken any other ground on merits to challenge the aforesaid order dated 24.08.2015.

27. Once the petitioner did not challenge the order of transfer of the case passed by the Registrar and in fact contested the matter before the authority where the case was transferred, that changes the complete texture of the case that too when the petitioner even in this writ petition has not challenged the order dated 24.08.2015 on merits and the challenge is based on only on the ground of jurisdiction.

28. This Court finds that once the Prescribed Authority vide order dated 17.03.2008 had declared petitioner to be a rank trespasser in respect of the Manav Vikas Shiksha Samiti and even the co-ordinate Bench of this Court in its judgment and order dated 23.02.2011 passed in Civil Misc. Writ Petition No. 11073 of 2011 had recorded a finding that petitioner has no concern with the Manav Vikas Shiksha Samiti and the said judgment had attained finality, there cannot be any occasion for the Deputy Registrar to revisit the matter and by hook and crook induct the petitioner in the affairs of Manav Vikas Shiksha Samiti.

29. Though this Court finds that the impugned order dated 24.08.2015 passed by the Deputy Registrar, Firms, Societies and Chits (Headquarter) at Lucknow may be an order without jurisdiction but if the said order is interfered by this Court at this stage that may lead to perpetuating an illegality and it is settled proposition of law that this court may refuse to interfere with an order if the said interference leads to perpetuating an illegality, even if the order is patently illegal.

30. The Hon'ble Supreme Court vide its judgment rendered in the case of ***Chandra Singh Vs. State of Rajasthan & Anr. (2003) 6 S.C.C. 545*** had categorically

held that the High Court can refuse to exercise its extraordinary jurisdiction enshrined under Article 226 of the Constitution of India in the cases where such exercise of jurisdiction may lead to perpetuating an illegality.

31. The relevant paragraphs of the judgment rendered by the Hon'ble Supreme Court in the case of Chandra Singh (supra) are extracted as under :-

*" 42. In any event, even assuming that there is some force in the contention of the appellants, this Court will be justified in following Taherakhatoon vs. Salambin Mohammad (1999) 2 SCC 635 wherein this Court declared that even if the appellants contention is right in law having regard to the overall circumstances of the case, this Court would be justified in declining to grant relief under Article 136 while declaring the law in favour of the appellants.*

*43. Issuance of a Writ of Certiorari is a discretionary remedy. [See Champalal Binani vs. CIT, AIR 1970 SC 645]. The High Court and consequently this Court while exercising its extra-ordinary jurisdiction under Articles 226 or 32 of the Constitution of India may not strike down an illegal order although it would be lawful to do so. In a given case, the High Court or this Court may refuse to extend the benefit of a discretionary relief to the applicant. Furthermore, this Court exercised its discretionary jurisdiction under Article 136 of the Constitution of India which need not be exercised in a case where the impugned judgment is found to be erroneous if by reason thereof substantial justice is being done. [See S.D.S. Shipping (P) Ltd. vs. Jay Container Services Co. (P) Ltd. & Ors. [2003 (4) Supreme 44]. Such a relief can be denied, inter alia, when it would be opposed to public policy or in a case where quashing of an illegal order would revive another illegal one. This Court also in exercise of its jurisdiction under Article 142 of the Constitution of India is entitled to pass such order which will do complete justice to the parties."*

32. This court is of the categorical view that the co-ordinate Bench of this Court had already considered the petitioner's case in detail and vide judgment and order dated 23.02.2011 rendered in Civil Misc. Writ Petition No. 11073 of 2011 had affirmed that the petitioner is a rank trespasser in respect of Manav Vikas Shiksha Samiti, Kanpur Nagar and the said judgment had attained finality, therefore, even if the impugned order dated 24.08.2015 may be without jurisdiction, this Court in exercise of its extraordinary jurisdiction enshrined under Article 226 of the Constitution of India should not interfere in the said order as the same will lead to perpetuating an illegality and the consequence of setting a aside the order dated 24.08.2015 would give leverage to the petitioner to raise his claim before the concerned Deputy Registrar even though the co-ordinate Bench of this Court had already rejected the petitioner's claim.

33. In view of the aforesaid reasons, this writ petition lacks merit and accordingly is **dismissed.**

**A. Constitution of India,1950 - Article 226 - Inquiry - Allegation of transplantation of answer sheets - Mere possibility cannot substitute a definitive conclusion regarding the culpability in the alleged transplantation of answer sheets. Mere passing of an adverse order during an inquiry is insufficient; it is essential and mandatory to communicate such an order to the delinquent at the conclusion of the inquiry proceedings. Non-communication renders the order non-est and non-existent, and no action can be sustained based on such an uncommunicated order. The callous and negligent actions of Lucknow University caused unnecessary delay and inconvenience to the petitioner, warranting compensatory costs.**

**B. Petitioner, a B.Sc. 3rd-year student, appeared for her examinations in 2009. Her result was withheld due to alleged manipulation of answer sheets. A cryptic show-cause notice was issued without providing copies of the incriminating answer sheets. Despite the petitioner denying the allegations, the University failed to communicate any decision and subsequently cancelled her examination based on presumptions. After a lapse of five years, she was offered the opportunity to reappear for the 2014-15 examinations. Held: University's actions, based on presumptions and without any definitive finding of misconduct, violated the principles of natural justice. Enquiry committee failed to establish the petitioner's culpability in transplanting answer sheets. Non-communication of adverse orders rendered such orders non-est and non-existent. University was held responsible for ruining the petitioner's academic career, and costs of ₹2,00,000 was imposed on the University to compensate for the delay inconvenience caused to the petitioner.(Para 11, 22)**

2. St. of Punj. & anr.Vs Resham Singh & ors., AIR 1966 SC 1313

3. Laxminarayan R. Bhattad Vs St. of Mah., (2003) 5 SCC 413

(Delivered by Hon'ble Alok Mathur, J.)

1. Heard Shri Sidharth Nath Singh, Advocate holding brief of Shri Avinash Chandra, learned counsel on behalf of the petitioner and learned Standing Counsel on behalf of the respondent no.1 and Shri Savitra Vardhan Singh, appearing on behalf of the Lucknow University- respondent no. 2 to 5.

2. The present case clearly demonstrates callous and negligence attitude and actions of the Lucknow University with regard to the petitioner, who was a student of B.Sc. 3rd year and had appeared in the examinations in 2009. The result of the said examinations were declared, but the result of the petitioner was withheld. Subsequently, the petitioner came to know that the result has been withheld on account of certain allegations attributable to the petitioner, according to which the answersheets were manipulated in six subjects.

3. Despite repeated attempts made by the petitioner, no order was passed by the respondent-University either scoring her answersheets in the aforesaid subjects nor passing any order which may indicate

her misconduct due to which the said examination was cancelled. No order was passed by the Lucknow University till a show cause notice was given to the petitioner for the first time on 20.02.2010. In the said show cause notice dated 20.2.2010 passed by the office of the Controller of Examination the petitioner was asked to respond to the allegations with regard to the subjects which were coded as S-648, S-649, S-650, S-671, S-672 and S-673 the answersheets were transplanted and the petitioner was directed to respond to the said allegations within a period of 15 days. The petitioner duly responded to the said show cause notice by a reply dated 12.03.2010 and denied the said allegations and further stated that she was never made aware of the aforesaid allegations. After submitting a reply on 12.03.2010, the respondent University did not communicate any decision in pursuance of the show cause notice given to the petitioner.

4. It seems that the Lucknow University on receiving the response of the petitioner had constituted an Examination Committee to take a decision with regard to the petitioner. It has been informed that the said committee came to a decision on 21.05.2012 to the effect that the petitioner be permitted to appear as an exempted candidate in the year 2012-13 and also took a decision that her examinations in the year 2009 stood cancelled. There is no dispute that the decision of the examination committee dated 21.05.2012 was never communicate to the petitioner and it is on account of the said fact that the petitioner could not even appear in 2012-13 examination. It seems that respondent University realised their mistake that the order of the Examination Committee dated 21.05.2012 was never communicated to the petitioner, and in the meanwhile the petitioner had approached this Court by filing a writ petition being Writ Petition No.6992 (MS) of 2014. It is during hearing of the said writ petition, Counsel for the Lucknow University informed the Court that a decision in this regard has been taken by the University on 15.11.2014. When the counsel for the petitioner was informed about the fresh decision having been taken by the Lucknow University, he prayed for dismissal of the the writ petition as withdrawn with a liberty to file afresh petition assailing the decision of the Lucknow University. It is the subsequent decision dated 15.11.2014 passed by the Examination Committee that the present writ petition has been filed by the petitioner.

5. A perusal of the order dated 15.11.2014 would clearly indicates that there is no finding the petitioner had in fact transplanted the answersheets and was guilty of misconduct. For sake of convenience, paragraph No.1(v) of the said order is quoted herein below:-

''परीक्षा समिति की बैठक दिनांक 21.05.2012 को बी0एस0सी0 तृतीय वर्ष की छात्रा प्रियंका दुबे की वर्ष 2008–09 के प्रकरण के सम्बन्ध में समिति द्वारा गहन विचार विमर्श किया गया तथा सर्वसम्मति से यह निर्णय प्रदान किया गया कि समिति द्वारा गठित उपसमिति की रिर्पोट में यह स्पष्ट किया गया है कि ऐसा प्रतीत होता है कि उत्तर पुसितिकाओं में प्रत्योरापण किया गया है परन्तु प्रत्यारोपण किस स्तर पर हुआ है इसकी पुष्टि नहीं हो सकी है। अतः समिति द्वारा सर्वसम्मिति से यह निर्णय प्रदान किया गया कि छात्रा प्रियंका दुबे की वर्ष 2008–09 की परीक्षा निरस्त की जाती है तथा यदि छात्रा पुनः बी0एस0सी0 तृतीय वर्ष की परीक्षा में सम्मिलित होना चाहती है तो उसे वर्ष 2012–13 की परीक्षा में एग्जम्टेड अभ्यर्थी के रूप में सम्मिलित करा दिया जाए।''

6. The aforesaid order clearly indicates that the Committee was of the

view that there was **possibility** of the answersheets having been transplanted but no fact leading to such presumption was even narrated in the said order. It is merely on account of the aforesaid presumption, surmises and conjectures that the Committee proceeded to cancel the examinations and offered the petitioner to appear in the subsequent examinations of 2014-15. In the said order, the Lucknow University itself has admitted that the order dated 21.05.2012 was never communicated to the petitioner and a decision has already been taken previously that the examination for 2009 of the B.Sc. 3rd Year Examination stood cancelled. In the last paragraph of the said order, it has been stated that considering the serious nature of the allegation against the petitioner and also considering the serious lapse on the part of the University Authorities, a detailed enquiry ought to be instituted to fix the responsibility of the person, who is responsible for the same and the said enquiry to be produced in the next meeting of the Committee. At this stage, it is sufficient to indicate that despite the counter affidavit having been filed by the Lucknow University on 27.11.2016, there is no whisper with regard to any enquiry proceedings having been conducted or concluded as per the order dated 15.11.2014. While assailing the order dated 15.11.2014, counsel for the petitioner has vehemently submitted that no opportunity has been given to the petitioner and the entire proceedings have been conducted exparte in gross violation of principle of nature justice.

7. A cryptic show cause notice was given to the petitioner on 20.02.2010, merely narrating the allegation against the petitioner without even supplying a photocopy of the answersheets, on the basis of which such allegations were made. In the said show cause notice, a mention has been made to an enquiry which was got conducted previously where the allegations were found true against the petitioner but surprisingly, the enquiry report was also never submitted to the petitioner nor does the same find mentions in the show cause notice.

8. A perusal of the order dated 21.05.2012 by which the paper of the petitioner was cancelled and she was held responsible for transplantation of the answersheets, even the enquiry committee could not come to a definite conclusion with regard to the culpability of the petitioner for transplanting the answersheets and the Controller of the Examinations has only held that there was a possibility of transplantation of the answersheets. Mere possibility can never be a substitute for coming to a definitive conclusion with regard to the culpability of the petitioner being involved in transplantation of the answersheet which could have been a misconduct, had the same been proved by the authority concerned.

9. From the aforesaid, it is clear that merely on account of the possibility of involvement of the petitioner in transplantation of the ordersheets, she has been held to be guilty on the basis of which her examinations for the 3rd year B.Sc. has been cancelled and after a lapse of more than 5 years was offered to appear again in the examinations of 2014-15.

10. Considering the first submission of counsel for the petitioner that the proceedings were in gross violation of principle of nature justice, it is abundantly clear that after show cause

notice, the petitioner had submitted her response. But, no order was communicated to the petitioner on the conclusion of the inquiry proceedings. Even the show cause notice is bereft of the relevant material relied upon in the show cause notice itself, neither the copies of the answersheets were provided to the petitioner nor was the copy of the inquiry report, which was an existence at the time of passing of the show cause notice was supplied to the petitioner.

11. In the aforesaid circumstances, this Court is of the considered view that the proceedings conducted by the respondents were clearly in gross violation of principle of natural justice and such proceedings cannot be sustained. The second aspect of the matter is with regard to the non-communication of the order dated 21.05.2012. Merely passing of the order is not sufficient to hold a person guilty during an inquiry but it is equally essential and mandatory that such an order should in fact be communicated to the delinquent at the conclusion of the enquiry proceedings. Non-communication of the order renders the same non-est and non-existing and no action can be taken in furtherance of the order which has not been communicated to the party concerned.

12. The impugned order dated 15.11.2014 has been passed only on the basis of previous order dated 21.05.2012. Once we have held the order dated 21.05.2012 being illegal and non-est, then the subsequent order dated 15.11.2014 based solely on the previous order dated 21.05.2012 would suffer the same fate and is also illegal and arbitrary to the extent it cancels the papers of the petitioner pertaining to the examinations held in 2009.

13. The pronouncements of the Supreme Court in the case **of Bachhittar Singh v. State of Punjab and another reported in AIR 1963 SC 395** and the **State of Punjab and another v. Resham Singh and others** reported in **AIR 1966 SC 1313** have firmly established the rule that an administrative order takes effect from the date it is communicated to the person concerned or is otherwise published in the appropriate manner.

14. The Hon'ble Supreme Court in a catena of cases have clearly laid down the consequences of non-communication of orders to the affected party and in this regard one may gainfully refer to the decision in **Sethi Auto Service Station vs. DDA** reported in **(2009) 1 SCC 180** wherein the Hon'ble Supreme Court after referring to the case of **Bachhittar Singh vs. State of Punjab** reported in **AIR 1963 SC 395** made the following observation:-

*"14. It is trite to state that notings in a departmental file do not have the sanction of law to be an effective order. A noting by an officer is an expression of his viewpoint on the subject. It is no more than an opinion by an officer for internal use and consideration of the other officials of the department and for the benefit of the final decision-making authority. Needless to add that internal notings are not meant for outside exposure. Notings in the file culminate into an executable order, affecting the rights of the parties, only when it reaches the final decision-making authority in the department, gets his approval and the final order is communicated to the person concerned.*

15. In **Bachhittar Singh v. State of Punjab AIR 1963 SC 395**, a Constitution Bench of this Court had the

occasion to consider the effect of an order passed by a Minister on a file, which order was not communicated to the person concerned. Referring to Article 166(1) of the Constitution, the Court held that order of the Minister could not amount to an order by the State Government unless it was expressed in the name of the Rajpramukh, as required by the said article and was then communicated to the party concerned. The Court observed that business of State is a complicated one and has necessarily to be conducted through the agency of a large number of officials and authorities. Before an action is taken by the authority concerned in the name of the Rajpramukh, which formality is a constitutional necessity, nothing done would amount to an order creating rights or casting liabilities to third parties. It is possible, observed the Court, that after expressing one opinion about a particular matter at a particular stage a Minister or the Council of Ministers may express quite a different opinion which may be opposed to the earlier opinion. In such cases, which of the two opinions can be regarded as the "order" of the State Government? It was held that opinion becomes a decision of the Government only when it is communicated to the person concerned."

16. To the like effect are the observations of this Court in **Laxminarayan R. Bhattad v. State of Maharashtra [Laxminarayan R. Bhattad v. State of Maharashtra, (2003) 5 SCC 413],** wherein it was said that a right created under an order of a statutory authority must be communicated to the person concerned so as to confer an enforceable right."

17. From the above, it is clear that the manner of conducting the inquiry by the Lucknow University in the present case was clearly illegal and arbitrary as no opportunity given to the petitioner and the first order dated 21.05.2012 it seems was passed three years after the alleged incident with regard to transplantation of the order sheets. The matter directly pertains to the educational future of the student, who was deprived from sitting in the examinations of the B.Sc. 3rd year and even pursuing further education, to which the candidate may have been entitled. The action of the Lucknow University in not only in violation of principle of nature justice but has deleterious effect on the future of the candidate and such an action is deplorable.

18. It is in the aforesaid circumstance, this Court is of the considered view that merely permitting the petitioner to sit in the examinations of 2014-15 does not in any way justify the negligent and careless conduct of the University.

19. In the impugned order dated 15.11.2024 an inquiry was also ordered by the Vice-Chancellor to inquire into the circumstances as to why the order dated 21.05.2012 was not communicated to the petitioner. The counter affidavit of the University is silent on this aspect of the matter. It seems that the University is not serious about such directions and even the Vice-Chancellor has not cared to see that his orders are complied.

20. In light of the above, the writ petition is **allowed** and the order dated 15.11.2014 stands quashed except Clause 3 which provides for conduct of inquiry, in view of the fact that I have already held that the previous order dated 21.05.2012 is non-est and non-existing.

21. Before parting, it is pertinent to add, as recorded above, no opportunity was given to the petitioner nor there is a definite

finding with regard to the culpability of the petitioner, coupled with the fact that the order dated 21.05.2012 was not communicated to the petitioner and hence she was not permitted to sit in the examinations for the year 2012-13, the Lucknow University is responsible for ruining the career of a student without there being any definite and concrete finding of misconduct in the alleged transplantation of answersheets.

22. The courts have consistently laid down that for unnecessary delay and inconvenience, the opposite party must be compensated with costs. Discussing the purpose, Hon'ble Supreme Court in the case of **Revajeetu Builders and Developers versus Narayanswamy and sons and others** reported in **(2009) 10 Supreme Court Cases 84** has held :

*"62. The purpose of imposing costs is to:*

*(a) discourage mala fide amendments designed to delay the legal proceedings;*

*(b) compensate the other party for the delay and the inconvenience caused;*

*(c) compensate the other party for avoidable expenses on the litigation which had to be incurred by the opposite party for opposing the amendment; and*

*(d) to send a clear message that the parties have to be careful while drafting the original pleadings."*

23. In view of the above, cost must be compensatory in nature so as to provide remedy for the inconvenience and anguish suffered by the aggrieved due to negligence and failure to discharge duty enshrined upon the authority.

24. In these circumstances, the petitioner at best can only be compensated and accordingly, the petition is **allowed** at the cost of rupees two lakhs, which shall be paid by the respondent University to the petitioner within a period of two months from the date a certified copy of the order is produced before the concerned authority.

Ziley Singh Vs State: 1978 All.L.J. 772

(Delivered by Hon'ble Subhash Vidyarthi, J.)

1. By means of the instant Writ Petition filed under Article 226 of the Constitution of India, the petitioner – State of U.P. has sought quashing of an order dated 23.05.1998 passed by the Additional Commissioner (Administration), Lucknow Division, Lucknow allowing Appeal No. 287/291/92-93 under Section 13 (1) of the U.P. Imposition of Ceiling on Land Holdings Act, 1961.

2. Briefly stated, facts of the case are that a notice dated 19.11.1974 under Section 10(2) of the U.P. Imposition of Ceiling on Land Holdings Act, 1961 (which will hereinafter be referred to as 'the Ceiling Act') was issued to Sri. Murlidhar Hakim, the recorded tenure holder of the land in question. He did not submit any reply to the notice and on 16.01.1975, the Prescribed Authority Ceiling (Second) Nighasan passed an order declaring land bearing Gata No. 197 Ga having an area of 7.78 acres, Gata No. 200 Kh having an area of 8.72 acres, Gata No. 202 M having an area of 7.812 acres, Gata No. 203 having an area of 1.00 acres and Gata No. 207 Sa having an area of 3.62 acres, total 28.93 acres, situated in village Mahangapur, Pargana Palia, Tahsil Nighasan, District Kheri to be the surplus land of Sri. Murlidhar Hakim.

3. On 28.06.1978, Anokh Singh, Pyara Singh and Hazara Singh, the predecessors in interest of the private respondents, filed an application for their impleadment and for redetermination of the ceiling and surplus area of Murlidhar Hakim, stating that the applicant no. 1 Anokh Singh was the Seerdar/Bhumidhar of land bearing Gata No. 207 Kh/3.62 acres, Pyara Singh was the Seerdar/Bhumidhar of land bearing Gata No. 197 Ga/7.78 and 200 Kh/8.75 acres and Hazara Singh was the Seerdar/Bhumidhar of land bearing Gata No. 202/25.85 acres and that they had acquired the Seeradari rights by adverse possession much before the enforcement of

the amended Ceiling Act. They had filed suits under Section 229-B of the U. P. Zamindari Abolition and Land Reforms Act, 1950 (which will hereinafter be referred to as 'the U.P.Z.A.L.R.Act') and their rights were acknowledged vide orders dated 01.08.1975, 20.12.1973 and 12.01.1977 passed by the Divisional Commissioner, Lucknow Division, Lucknow. The land in their possession had wrongly been declared as surplus land of Murlidhar Hakim. It was stated in the application that the applicants came to know about the order dated 16.01.1975 passed by the Prescribed Authority on 17.04.1978, when they obtained a copy of the extract of Khatauni.

4. The applicants were impleaded and they were given an opportunity to present their case. They filed copies of the relevant extract of Khatauni for the year 1380 to 1382 Fasli, copies of plaint filed in the three suits no. 187, 383/355 and 37 filed under Section 229-B of the U.P.Z.A.L.R. Act and copies of the orders passed by the Additional Commissioner, Lucknow in appeals and they got their statements recorded.

5. The State filed objections against the application and got the statement of Lekhpal recorded.

6. The Prescribed Authority had rejected the claim of the predecessors of the private respondents by means of an order dated 30.04.1988. Appeals were filed against the aforesaid order, which were allowed by a composite order dated 31.01.1992 passed by the Additional Commissioner (Judicial) and the matter was remanded to the Prescribed Authority for being decided afresh.

7. The objectors had relied upon a decision of this Court in the case of Ziley Singh versus State: 1978 All.L.J. 772,

8. The Prescribed Authority rejected the objections by means of an order dated 24.02.1993 holding that in Ziley Singh (Supra), the land in question was recorded in the name of the claimant on the reference date whereas in the present case, the claimants' name was not recorded as the tenure holders of the land in question on the date of reference or on the date of declaration. The suits filed by them under Section 229-B of the U.P.Z.A.L.R. Act were dismissed by means of orders dated 20.04.1972, 31.12.1973 and 05.07.1974. The Prescribed Authority accepted the submission of the State that before filing of appeals against the orders dismissing the suits under Section 229-B, the claimant's had got knowledge of the provisions of the Ceiling Act and in these circumstances, it was natural that the claimants had colluded with the tenure holders and for this reason, the tenure holder Murlidhar Hakim did not contest the appeals and the appellate Court allowed the appeals and declared the objectors to be the Seerdars of the land in question. The order passed by the Additional Commissioner was not an order on the merits of the case and it was not binding on the Ceiling Authorities. The claimants had not filed any documentary evidence in the shape of Khatauni etc. to prove their claim and they had based their claims merely on the ex-parte orders passed by the Additional Commissioner.

9. The claimants filed appeal no. 287/291/92-93 against the aforesaid order passed by the Prescribed Authority, which was disposed off by an order dated 23.05.1996. However, the order dated 23.05.1996 was recalled by means of an

order dated 05.03.1997 upon an application dated 17.06.1996 filed by the claimants and thereafter the appeal was allowed by the impugned order dated 23.05.1998 passed by the Additional Commissioner (Administration), Lucknow Division, Lucknow holding that the appeals preferred by the claimants had been decided after hearing the State and the Prescribed Authority erred in holding that appellate orders had not been passed on merits of the case.

10. It has inter alia been stated in the Writ Petition that the land in dispute stood vested in the State upon its declaration as surplus land by means of the order dated 06.06.1975 passed by the Prescribed Authority and the State Government had taken possession of the land on the same date.

11 . An interim order was passed in this Writ Petition on 09.10.2002 directing the parties to maintain status quo.

12. Notices were issued to the private respondents, who put in appearance through Sri. V. K. Pandey Advocate. The following order was passed in this case on 05.03.2022: -

*"1. Private opposite parties have claimed to be sirdar of the land in question on the basis of the ex-parte judgement and decree/order passed by the appellate authority after their claim was rejected by the Sub-Divisional Magistrate under Section 229-B of the U.P.Z.A. & L.R. Act. However, the orders passed by the Sub-Divisional Magistrate and the appellate authority have not been placed on record.*

*2. Sri V.K. Pandey, learned counsel for the private opposite parties is directed to place on record the two orders passed by the Sub-Divisional Magistrate rejecting the claim of the opposite parties to be sirdar of the land in question on the basis of their adverse possession and the ex-parte judgment and decree/order passed by the appellate authority within two weeks.*

*3. List this petition in the first week of April, 2022 peremptorily."*

13. Thereafter the case was adjourned on plural occasions, but the private opposite parties did not file any counter affidavit and they have not brought on record the orders passed by the Sub-Divisional Magistrate rejecting the claim of the opposite parties to be Sirdar of the land in question and the ex-parte judgment and decree/order passed by the appellate authority. Thus there is no material available on record to substantiate the pleas taken by the private respondents and the pleas taken by the State in the Writ Petition remain uncontroverted.

14. While assailing the validity of the impugned appellate order, Sri S. K. Khare, the learned Standing Counsel for the petitioner – State of U. P., has submitted that after dismissal of the suits filed under Section 229-B of the the U.P.Z.A.L.R.Act filed by the claimants, the appeals filed by them were allowed without any contest by the tenure holder, which indicates that the tenure holder had colluded with the claimants. He has further submitted that the Appellate Authority had no jurisdiction to recall / review the earlier order dated 23.05.1998.

15. Per contra, Sri V.K. Pandey, the learned counsel for the respondents, has submitted that the State and the Gaon

Sabha are necessary parties to a Suit under Section 229-B of the U.P.Z.A.L.R. Act and as the State had contested the appeal, the appellate order was not an ex-parte order.

16. Before proceeding to decide the controversy, it will be appropriate to have a look at the provision contained in Section 5(6) of the U. P. Imposition of Ceiling on Land Holdings Act, which is being reproduced below: -

*"(6) In determining the ceiling area applicable to a tenure-holder, any transfer of land made after the twenty-fourth day of Jan., 1971, which but for the transfer would have been declared surplus land under this Act, shall be ignored and not taken into account;*

*Provided that nothing in this sub-section shall apply to—*

*(a) a transfer in favour of any person (including Government) referred to in sub-sec. (2).*

*(b) a transfer proved to the satisfaction of the prescribed authority to be in good faith and for adequate consideration and under an irrevocable instrument not being a benami transaction or for the immediate or deferred benefit of the tenure holders or other members of his family.*

*Explanation I—* ***For the purposes of this sub-section the expression 'transfer of land made after the twenty-fourth day of Jan. 1971' includes****—*

*(a) a declaration of a person as a cotenure holder made after the twenty-fourth day of Jan., 1971 in a suit or proceeding irrespective of whether such suit or proceeding was pending on or was instituted after the twenty-fourth day of January, 1971;*

*(b)* ***any admission, acknowledgment, relinquishment or declaration in favour of a person to the like effect made in any other deed or instrument or in any other manner.***

*Explanation II— The burden of proving that a case falls within Cl. (b) of the proviso shall rest with the party claiming its benefit."*

17. The claimants had filed suits under Section 229-B of the U.P.Z.A.L.R. Act claiming to have acquired rights in respect of the land in question by adverse possession. The suits were dismissed by means of orders dated 20.04.1972, 31.12.1973 and 05.07.1974. The claimants filed appeal against the aforesaid orders dismissing their suits. The tenure holder did not contest the appeal and thus he impliedly admitted the contention of the claimants that they had perfected their title by adverse possession. Thus the appeal was allowed on the basis of the implied admission made by the tenure holder regarding the claimant's claim of being in adverse possession of the tenure-holder's land.

18. The declaration of the claimant's title by the appellate orders dated 01.08.1975, 20.12.1973 and 24.03.1975 on the basis of the impliedly admitted plea of adverse possession would certainly fall within the expression "transfer of land made after the twenty-fourth day of Jan. 1971" on the basis of an admission, acknowledgment, relinquishment or declaration in favour of a person to the like effect made in any other manner occurring in Explanation I

appended to Section 5(6) of the Ceiling Act and, therefore, this will be a transfer of land made after the twenty-fourth day of Jan., 1971, which is liable to be ignored and not taken into account while determining the surplus land of the tenure holder.

19. It is also significant to note that the plea taken by the State in the writ Petition that the proceedings under Section 229-B of the U.P.Z.A.L.R. Act were collusive, remains uncontroverted.

20. In view of the aforesaid discussion, I am of the considered view that the Prescribed Authority had rightly held that the claimants had colluded with the tenure holders and for this reason, the tenure holder Murlidhar Hakim did not contest the appeals and the appellate Court allowed the appeals and declared the Seerdars of the land in question. The order passed by the Additional Commissioner was not an order on the merits of the case and keeping in view the aforesaid facts and circumstances of the case, it did not bar the jurisdiction of the Ceiling Authorities to proceed under the Ceiling Act in accordance with the law.

21. The claimants had not filed any documentary evidence in the shape of Khatauni etc. before the Prescribed Authority to prove their claims and they had based their claims merely on the ex-parte orders passed by the Additional Commissioner.

22. In spite of a specific direction issued by this Court directing the private respondents to bring on record the orders passed by the Sub-Divisional Magistrate rejecting the claim of the opposite parties to be sirdar of the land in question on the basis of their adverse possession and the ex-parte judgment and decree/order passed by the appellate authority, they have not brought the same on record.

23. In these circumstances, there appears to be no illegality in the order dated 24.02.1993 passed by the Prescribed Authority rejecting the claim of the private respondents based on the plea of adverse possession.

24. The order dated 23.05.1998 passed by the Additional Commissioner (Administration), Lucknow Division, Lucknow allowing Appeal No. 287/291/92-93 and setting aside the order dated 24.02.1993 passed by the Prescribed Authority, is unsustainable in law and is liable to be quashed.

25. Accordingly, the Writ Petition stands ***allowed.*** The order dated 23.05.1998 passed by the Additional Commissioner (Administration), Lucknow Division, Lucknow allowing Appeal No. 287/291/92-93 is quashed. The order dated 24.02.1993 passed by the Prescribed Authority Ceiling / Additional Collector, Kheri in Case No. 266/92/11/39/14 under Section 10(2) of the Ceiling Act is restored and affirmed.

26. The parties will bear their own costs of litigation.

**B. When the land in question continued to be recorded in the name of Rana Swayambar Singh without any protest by the petitioner, the Ceiling authorities did not commit any illegality in passing the order whereby the land in question was declared to be surplus land of the tenure holder Rana Swayambar Singh. Solitary evidence of possession relied upon by the petitioner was CH Form 2-A, which was prepared after the commencement of consolidation operations in the year 1963. Entry made in CH Form 2-A does not establish that the petitioner was in possession of the land in dispute *'on the date immediately preceding the date of vesting.'* Subsequent entry made in CH Form 45, which is the new record of rights, shall be presumed to be correct, and the burden to prove that the entry in CH Form 45 is incorrect would lie on the petitioner, and the petitioner has failed to discharge this burden (Para 15).**

(Delivered by Hon'ble Subhash Vidyarthi, J.)

1. Heard Sri Mohd. Arif Khan Senior Advocate assisted by Sri Mohammad Aslam Khan Advocate, the learned counsel for the petitioner and the learned Standing Counsel.

2. By means of the instant writ petition filed under Article 226 of the Constitution of India the petitioner has challenged validity of an order 28.10.1987 passed by the Additional District Magistrate (Finance and Revenue), Raebareli in Case No. 5 (85-86) under Section 11(2) read with Section 14(3) of U.P. Imposition of Ceiling on Land Holdings Act, 1960 (hereinafter referred to as 'the Ceiling Act'), whereby the application filed by the petitioner under Section 11(2) of the Ceiling Act had been rejected. The petitioner has also challenged validity of an order dated 15.03.1989 passed by the Additional Commissioner (Judicial), Lucknow Division, Lucknow, dismissing Appeal No. 21(87-88) filed by

the petitioner under Section 13 of the Ceiling Act against the aforesaid order dated 28.10.1987.

3. It has been pleaded in the writ petition that the petitioner's father had planted a grove on land bearing plot no. 150 (of third settlement), new plot number whereof is 61/3, having an area of 1 Bigha, 2 Biswa and 10 Biswansi situated in Village Alipur Khalso, Pargana, Tehsil and District Raebareli with the permission of Rana Uma Nath Bux Singh – the then proprietor of Khajoorgaon Estate. Consolidation proceedings commenced in the village in the year 1963 and after survey, a Khasra Chakbandi was prepared on C.H. Form 2-A, wherein it is mentioned that Ram Swaroop Baghdar was found in possession whereas Rana Uma Nath Singh was recorded as the chief tenant of the land in question.

4. The petitioner claims that when C.H. Form 2-A mentioned that he was found in possession of the land as the grove holder, the Assistant Consolidation Officer ought to have referred the matter to the Consolidation Officer, but it was not done and no notice was sent to the petitioner. The land in question was included in the surplus land of Raja Khajoorgaon under the Ceiling Act. The petitioner claims that the land being in the nature of grove and in possession of the petitioner, it could not have been declared to be surplus land of Raja Khajoorgaon. The land was declared as surplus and was allotted to the opposite party no. 8 without the petitioner having any knowledge of the proceedings under the Ceiling Act. Upon coming to know about this fact, the petitioner filed an application under Section 198(4) of U.P. Zamindari Abolition and Land Reforms Act for cancellation of the lease deed granted in favour of opposite party no. 8. A commission was issued in those proceedings and the commissioner submitted a report stating that 10 Mango trees aged between 50-75 years, a Mahua tree aged about 50 years, a Ber tree aged about 5 years and 3 Neem trees aged about 5 to 25 years were standing on the land in question. No crop had been sown on the land and the petitioner's payaal ki khahi was found there. However, as the proceedings under Section 198(4) of the U.P.Z.A.L.R. Act were not maintainable, the petitioner did not pursue the same and the proceedings were dismissed for want of prosecution.

5. Thereafter, the petitioner filed objections under Section 11(2) of the Ceiling Act along with an application under Section 5 of the Limitation Act and he prayed for cancellation of the patta granted in favour of the opposite party no. 8 and the order declaring the land in question to be surplus land of Rana Swayambar Singh.

6. The opposite party no. 8 filed objections stating that the land in question had been leased to him. In support of this submission, the opposite party no. 8 filed a copy of the relevant extract of khataunis of Village Alipur Khalso and a copy of C.H. Form 41, which showed that the old plot number of land bearing Gata No. 150 is 61/3 and it was recorded that the land was in possession of Ramau son of Matau. It is recorded in khatauni for the year 1387-92 Fasli that the land had been declared surplus by the Prescribed Authority.

7. The Additional District Magistrate (Finance and Revenue), Raebareli rejected the petitioner's application by means of the impugned order dated 28.10.1987, holding that the

petitioner could not produce any evidence to establish his possession in respect of the land in dispute. He had not submitted any objections in proceedings under the Consolidation of Holdings Act during consolidation proceedings and, therefore, his claim regarding ownership is barred by the provisions of Section 49 of the Consolidation of Holdings Act.

8. Being aggrieved, the petitioner filed an Appeal No. 21 (87-88) against the aforesaid order dated 28.10.1987, which has been dismissed by means of a judgment and order dated 15.03.1989 passed by the Additional Commissioner (Judicial), Lucknow Division, Lucknow.

9. The petitioner had contended before the appellate court that he had not filed any objection during consolidation proceedings because the land was in the shape of a grove and there was no dispute at that time. The appellate court found that as the petitioner had not filed any objection during consolidation proceedings, his claim regarding title is barred by Section 49 of the Consolidation of Holdings Act.

10. While assailing the validity of the aforesaid orders, the learned counsel for the petitioner has submitted that the petitioner's name was recorded as the grove holder in C.H. Form 2-A and, therefore, the grove land stood vested in the petitioner by virtue of the provisions contained in Sections 18 and 21 of the U.P.Z.A.L.R. Act. He has relied upon decisions of this Court in the case of **Lal Behari and others versus Ram Adhar:** 1987 RD 206 = 1985 SCC OnLine All 1197, **Gurmukh Singh and Ors. versus Dy. Director of Consolidation/A.D.M. (F. and R.) and Ors**.: 1997 RD 276 and **Shafir versus District Judge, Gonda and others:** 1987 R.D. 113.

11. In **Lal Behari and others versus Ram Adhar**, this Court held that: -

*"6. It is well settled that under Section 57 of the Land Revenue Act the entries in the current records of the latest settlement are presumed to be correct unless rebutted by cogent evidence. However, in this connection the question which sometimes arises for consideration is, whether the entries made in the subsequent settlements, which are different with those of the earlier settlements, would stand rebutted by the earlier settlement entries or not? It goes without saying that at each settlement the entries are made in accordance with the prescribed procedure contained in Chapter IV of the U.P. Land Revenue Act. Therefore, the entries in the record-of-rights prepared in accordance with the provisions of Chapter IV would be presumed to be true unless the contrary is proved as provided under Section 57 of the Act. Thus, where the entries made at the earlier and subsequent settlements are conflicting, the entries made in subsequent settlement can be given preference with those of the previous settlement unless the contrary is proved by cogent and strong evidence. During the course of every subsequent settlement proceeding the then existing entries in the record-of-right are checked and verified and the same are corrected, if found to be wrong, after following the prescribed procedure under Chapter IV of the Land Revenue Act. Thus, the entries at the latest settlement would be presumed to be correct and the earlier conflicting settlement entries would not be enough evidence to rebut the correctness of the subsequent settlement entries. The entries in the record of rights of the latest*

*settlement would, therefore, be presumed to be correct unless rebutted by cogent evidence and the same cannot be discarded merely on the ground* of conflicting entries in the earlier settlement records."

(Emphasis added)

12. In **Gurmukh Singh and Ors**. (Supra) it was held that: -

*"5. It is clear from para 102-C of the Land Records Manual that the entries will have no evidenciary value if they are not made in accordance with the provisions of Land Records Manual. There is presumption of correctness of the entries provided it is made in accordance with the relevant provision of Land Records Manual and secondly, in case where a person is claiming adverse possession against the recorded tenure holder and he denies that he had not received any P.A. 10 or he had no knowledge of the entries made in the revenue records, the burden of proof is further upon the person claiming adverse possession to prove that the tenure holder was duly given notice in prescribed form…*

*6. In Jamuna Prasad v. Dy. Director of Consolidation, Agra, 1981 RD 112, this court repelled the contention that the burden of proof was upon the person who challenges the correctness of the entries. It was observed:—*

*"Learned counsel for the petitioner argued that there was a presumption of correctness about the entries in the revenue records and the onus lay upon the respondent to prove that the entries showing the petitioner's possession had not been in accordance with law. This contention is untenable. Firstly, it is not possible for a party to prove a negative fact. Secondly, the question as to whether the notice in form P.A. 10 was issued and served upon the petitioner also is a fact which was within his exclusive knowledge."*

*"Petitioner's contention that the burden lay on the respondents to disprove the authenticity and destroy the probative value of the entry of possession cannot be accepted. In my opinion, where possession is asserted by a party who relies mainly on the entry of adverse possession in his favour and such possession is denied by the recorded tenure holder, the burden is on the former to establish that the entries in regard to his possession were made in accordance with law."*

13 . Section 57 of the U. P. Land Revenue Act, 1901 provides as follows: -

***"Section 57 - Presumption as to entries***

*All entries in the record-of-rights prepared in accordance with the provisions of this Chapter shall be presumed to be true until the contrary is proved ; and all decisions under this Chapter in cases of dispute shall, subject to the provisions of sub-section (3) of section 40, be binding on all Revenue Courts in respect of the subject-matter of such disputes; but no such entry or decision shall affect the right of any person to claim and establish in the Civil Court any interest in land which requires to be recorded in the registers prescribed by Section 32."*

14. However, the petitioner's name was not recorded in any record of settlement prepared under the Land Revenue Act. The Consolidation proceedings commenced in the village in

the year 1963 and it was mentioned in the Khasra Chakbandi prepared on C.H. Form 2-A that Ram Swaroop Baghdar was found in possession whereas Rana Uma Nath Singh was recorded as the chief tenant of the land in question. Khasra Chakbandi is prepared under Rule 21 of the U.P. Consolidation of Holdings Rules, 1954, which provides for recording the findings of the field to field partal (enquiry) carried out by the Consolidator. However, after preparation of Khasra Chakbandi, the Assistant Consolidation Officer checks the same under Rule 24 and thereafter the Assistant Consolidation Officer in consultation with the Consolidation Committee prepares the 'Statement of Principles' under Rule 24-A, which is published and objections against the same are invited under Section 9 of the U. P. Consolidation of Holdings Act. The Assistant Consolidation Officer decides the objections and ultimately the Khatauni is prepared under Section 27 of the Consolidation of Holdings Act on CH Form 45, which is the new revenue record of rights.

15. In the Khatauni prepared under Section 27 of the Consolidation of Holdings Act on C.H. Form 45, the petitioner's name does not find any mention. Therefore, even as per the principle of law laid down in **Lal Behari**, the subsequent entry made in CH Form 45, which is the new record of rights, shall be presumed to be correct and as per the law laid down **in Gurmukh Singh** (Supra), the burden to prove that the entry in CH Form 45 is incorrect, would lie on the petitioner and the petitioner has failed to discharge this burden.

16. In **Shafir v. District Judge, Gonda**, 1985 SCC OnLine All 220 : 1987 RD 113, this Court relied upon an earlier decision and held that:

*"8. In Dilbagh Singh's case (Dilbagh Singh v. State of U.P., 1978 All.L.J. 717) it was held by the Division Bench that Section 11(2) permits a tenure-holder to file objections. Such tenure-holders may be those who have been served with a notice and a statement under Section 10(2). It also includes tenure-holders who have not been given or served with any such notice or statement. The construction put by the Full Bench also embraces persons who claim to be tenure-holders and who having come to know of the declaration of their land as surplus land of some other person wish to challenge that declaration or notification thereof in the gazette under Section 14. They are all entitled to file an objection under Section 11(2) and get an adjudication thereon as required by Section 12…."*

17. The petitioner's objections have not been rejected as not maintainable on the ground that he was not recorded as a tenure holder and the same have been entertained an decided on their merits. Therefore, the principle of law laid down in Dilbagh Singh v. State of Uttar Pradesh, 1978 SCC OnLine All 393, and followed in Shafir (Supra) has been followed in the present case.

18. The learned Counsel for the petitioner has paced reliance upon the provisions contained in Sections 18 and 21 of the U.P.Z.A.L.R. Act, 1950, which are being reproduced below: -

**"*18. Settlement of certain lands with intermediaries or cultivators as Bhumidhar.—(1) Subject to the provisions of Sections 10, 15, 16 and 17, all lands*—**

*(a) in possession of or held or deemed to be held by an intermediary as sir, khudkasht or an intermediary's grove,*

*(b) held as a grove by, or in the personal cultivation of a permanent lessee in Avadh,*

*(c)held by a fixed-rate tenant or a rent-free grantee as such, or*

*(d) held as such by—*

*(i) an occupancy tenant,*

*(ii) a hereditary tenant, possessing the right to transfer the holding by sale,*

*(iii) a tenant on Patta Dawami or Istamrari referred to in Section 17,*

*(e)* ***held by a grove holder,***

***on the date immediately preceding the date of vesting shall be deemed to be settled by the State Government with such intermediary, lessee, tenant, grantee or grove-holder, as the case may be, who shall, subject to the provisions of this Act, be entitled to take or retain possession as a bhumidhar thereof.***

*(2) Every person belonging the class mentioned in Section 3 or sub-section (2) of Section 3-A of the United Provinces Agricultural Tenants (Acquisition of Privileges) Act, 1949 (U.P. Act X of 1949), who has been granted the declaration referred to in Section 6 of the said Act in respect of any holding or share thereof shall, unless the declaration is subsequently set aside, be deemed to be the bhumidhar of the holding or the share in respect of which the declaration has been made and continues in force.*

*(3) Notwithstanding anything contained in the United Provinces Agricultural Tenants (Acquisition of Privileges) Act, 1949 (U.P. Act X of 1949), any declaration granted under Section 6 of the said Act in favour of a tenant whom sub-section (2) of Section 10 applies, shall be and is hereby cancelled and the amount deposited by him under Section 3 or 6 of the said Act shall, after deducting the amount which might have been paid or be payable by the State Government to his landholder under Sections 7 and 8 of the said Act, be refunded to the person entitled in such manner as may be prescribed."*

* * *

***21. Non-occupancy tenants, sub-tenants of grovelands and tenant's mortgagees to be asamis.—***

*(1) Notwithstanding anything contained in this Act, every person who, on the date immediately preceding the date of vesting, occupied or held land as—*

*(a) a non-occupancy tenant of an intermediary's groveland,*

*(b) a sub-tenant of a groveland,*

*(c) a sub-tenant referred to in the proviso to sub-section (3) of Section 27 of the United Provinces Tenancy (Amendment) Act, 1947 (U.P. Act X of 1947),*

*(d) a mortgagee in actual possession from a person belonging to any of the classes mentioned in clauses (b) to*

*(e) of sub-section (1) of Section 18 or clauses (i) to (vii) and (ix) of Section 19,*

*(e) a non-occupancy tenant of pasture land or of land covered by water and used for the purpose of growing singhara or other produce or of land in the bed of a river and used for casual or occasional cultivation,*

*(f) a non-occupancy tenant of land declared by the State Government by notification in the Gazette, to be intended or set apart for taungya plantation, or*

*(g) a tenant of land, which the State Government has, by a notification in the Gazette declared to be part of tract of shifting or unstable cultivation,*

*(h) a tenant of sir of land referred to in sub-clause (a) of clause (i) of the Explanation under Section 16, a sub-tenant referred to in sub-clause (ii) of clause (a) of Section 20 or an occupant referred to in sub-clause (i) of clause (b) of the said section where the landholder or if there are more than one landholders, all of them were person or persons belonging—*

*(a) if the land was let out or occupied prior to the ninth day of April, 1946, both on the date of letting a occupation, as the case may be, and on the ninth day of April, 1946, and*

*(b) if the land was let out or occupied on or after the ninth day of April, 1946, on the day of letting or occupation,*

*to any one or more of the classes mentioned in sub-section (1) of Section 157;*

*(i) a lessee holding under a lease from a court under sub-section (1) of Section 252 of the U.P. Tenancy Act, 1939,*

*shall be deemed to be an asami thereof.*

*Explanation.—The expression "taungya plantation" means the system of afforestation in which the plantation of trees is, in the earlier stages, done simultaneously with the cultivation of agricultural crops which ceases when the trees so planted begin to form a canopy rendering the cultivation of agricultural crops impossible.*

*(2) Occupants of groveland.—Every person, who, on the date immediately preceding the date of vesting was a person recorded, in the manner stated in clause (b) of Section 20, as occupant of any grove land, shall be called an asami of the land and shall, subject to the provisions of this Act, be entitled to take or retain possession thereof as an asami from year to year."*

19. The grove land in question could have vested in the petitioner only in accordance with the provisions of Section 18 of the U.P.Z.A.L.R.Act if the land was held by him as a grove holder on the date immediately preceding the date of vesting. The solitary evidence of possession relied upon by the petitioner is the CH-Form 2-A, which was prepared after commencement of consolidation operations in the year 1963. The entry made in CH Form 2-A does not establish that the petitioner was in possession of the land in dispute 'on the date immediately preceding the date of vesting'. Therefore, the material placed by the petitioner does not establish fulfillment of the conditions of Section 18 of the U.P.Z.A.L.R. Act.

20. So far as the submission based on Section 21 of the U.P.Z.A.L.R. Act. is concerned, the petitioner merely claims that he had planted trees with the permission of the proprietor of the land and he does not claim himself to be any kind of tenant referred to in Section 21 or a mortgagee and, therefore, the petitioner cannot claim any right on the basis of the provisions contained in Section 21 of the U.P.Z.A.L.R. Act also.

21. Even in the Khasra prepared on C.H. Form 2-A after commencement of the consolidation operations in the year 1963, the name of the tenure holder of the land in dispute was mentioned as Rana Syambar Singh. In spite of having been found in possession of the land in question, the petitioner was not mentioned as the tenure holder of the land in the Khasra. The petitioner did not feel aggrieved by this entry and it is the petitioner's own case that as he was recorded as the person in possession of the land, he did not file any objections. Subsequently in the new revenue record of rights prepared on CH Form-45, Rana Syambar Singh was recorded as the tenure holder and the petitioner's name did not find any mention and the petitioner did not challenge this entry also.

22. When the land in question continued to be recorded in the name of Rana Swayambar Singh without any protest by the petitioner, the Ceiling authorities did not commit any illegality in passing the order dated 29.03.1979 whereby the land in question was declared to be surplus land of the tenure holder Rana Swayambar Singh.

23. After declaration of the land as surplus land of Rana Swyambar Singh, its possession was taken and the land was allotted to the opposite party no. 8. In the year 1986, the petitioner filed a suit for cancellation of the lease deed executed in favour of the opposite party no. 8, but he allowed it to be dismissed for want of prosecution on 26.05.1986. '

24. Although the commission report submitted in proceedings under Section 198(4) of U.P.Z.A.L.R.Act mentioned that 10 Mango trees aged between 50-75 years, a Mahua tree aged about 50 years, a Ber tree aged about 5 years and 3 Neem trees aged about 5 to 25 years were standing on the land in question, no crop had been sown on the land and the petitioner's payaal ki khahi was found there, this status was of the date of commission and not of the date of vesting. Moreover, the proceedings under Section 198(4) were dismissed for want of prosecution and this report was not accepted. Therefore, the petitioner would not get any benefit from the observations recorded in the commission report.

25. Thereafter the petitioner had filed his objections/application under Section 11 (2) of the U. P. Imposition of Ceiling on Land Holdings Act,1960, claiming that he had been found in possession of the land and his name had been recorded as 'Baghdar Qabiz' in CH Form 2-A. However, the land continued to be recorded in the name of Rana Uma Nath Bux Singh, who had died about 50 years' ago and thereafter the name of his heir Rana Swayambar Singh was recorded in the Khatauni prepared on C.H. Form 45.

26. Section 27 (2) of the U. P. Consolidation of Holdings Act provides that all entries in the records of rights prepared in accordance with the provisions

of sub-section (1) shall be presumed to be true until the contrary is proved.

27. Section 49 of the U. P. Consolidation of Holdings Act provides that: -

"***49. Bar to Civil Court jurisdiction.—****Notwithstanding anything contained in any other law Courts for the time being in force, the declaration and adjudication of rights of tenure-holder in respect of land, lying in an area, for which a notification has been issued under sub-section (2) of Section 4, or adjudication of any other right arising out of consolidation proceedings and in regard to which a proceeding could or ought to have been taken under this Act, shall be done in accordance with the provisions of this Act and no Civil or Revenue Court shall entertain any suit or proceeding with respect to rights in such land or with respect to any other matters for which a proceeding could or ought to have been taken under this Act:*

*Provided that nothing in this section shall preclude the Assistant Collector from initiating proceedings under Section 122-B of the U.P. Zamindari Abolition and Land Reforms Act, 1950 (U.P. Act 1 of 1951) in respect of any land, possession over which has been delivered or deemed to be delivered to a Gram Sabha under or in accordance with the provisions of this Act.*

28. In spite of the aforesaid statutory provision barring the jurisdiction of civil and revenue Courts, the petitioner had filed the application under Section 11(2) of the Ceiling Act, which has rightly been dismissed on the ground that the land continued to be recorded in the name of Rana Uma Nath Bux Singh, who had died about 50 years' ago and thereafter the name of his heir Rana Swayambar Singh was recorded in the Khatauni, which is the new revenue record of rights prepared under Section 27(1) of the U. P. Consolidation of Holdings Act on C.H. Form 45 and the petitioner had not challenged this entry..

29. In view of the aforesaid discussion, there is no illegality in the order 28.10.1987 passed by the Additional District Magistrate (Finance and Revenue), Raebareli rejecting the petitioner's application under Section 11(2) of the Ceiling Act, or in the order dated 15.03.1989 passed by the Additional Commissioner (Judicial), Lucknow Division, Lucknow, dismissing the Appeal filed by the petitioner against the aforesaid order dated 28.10.1987.

30. The Writ Petition lacks merit and the same is **dismissed**. Costs made easy.

Hence, in view of the decision of the Division Bench of this Court in Virendra Gupta (supra) wherein the reference made in Virendra Gupta (referred by learned Single Judge of this Court) (supra) was answered as mentioned here-in-above. The controversy sets at rest and it can safely be held that if a vehicle is seized under the provisions of the Excise Act and confiscation proceedings in respect thereof are going on before the Collector, a Judicial Magistrate has got no jurisdiction to release the aforesaid vehicle. Needless to say that even if the petitioner before the Court is the registered owner of the vehicle, this fact does not offer any certificate regarding his entitlement to move an application for release of such vehicle before the Court of a Judicial Magistrate who is denuded of his jurisdiction in such matters as the jurisdiction is an ornament of the Court which cannot be imposed or created and it is inherited in a particular Court. (Delivered by Hon'ble Nalin Kumar Srivastava, J.)

1. Heard Sri Rajiv Sisodia, learned counsel for the petitioner, learned A.G.A. for the State and perused the record.

2. Criminal Misc. Exemption Application is allowed.

3. The factual matrix of the matter may be summarized in the manner that two persons Pramit and Surendra were intercepted by the police while engaged in transporting 12 bottles of illegal liquor having a wrapper with remark of *'Royal Stag Whisky for sale in Haryana and Delhi'* endorsed upon it in a Ford Ecosport Car

bearing registration No. HR 06AH - 2718 on 25.10.2023 at 18:30 P.M. Both the accused persons were arrested and the liquor was seized and sample was taken by the police on spot and memo of recovery and arrest was also prepared and F.I.R. was lodged under Sections 60, 63, 72 of the Uttar Pradesh Excise Act, 1910 (hereinafter referred to as the 'Act').

4. Subsequently an application for release of Car No. HR 06AH - 2718 claiming himself to be the registered owner of the said vehicle was moved by one of the accused Pramit, but the said application was rejected by the Chief Judicial Magistrate, Shamli vide order dated 19.12.2023 in case crime no.591 of 2023 simply on the ground that since the confiscation proceedings are reported to be pending before the District Magistrate, the Judicial Magistrate has got no jurisdiction to entertain the application for release of the vehicle seized under the provisions of the Excise Act in respect thereof confiscation proceedings are pending before the District Magistrate. The said order was challenged by way of criminal revision no.1 of 2024 before the District Judge, Shamli which on the same analogy was rejected by the revisional court as well vide judgment and order dated 6.4.2024, feeling aggrieved to which the present petition under article 227 of the Constitution of India has been preferred.

5. It is submitted by learned counsel for the petitioner that the impugned orders passed by the learned Chief Judicial Magistrate as well as by the District Judge are bad in law and have been passed without taking into account the correct legal position into the matter.

Another point of argument is that the release application was rejected by the Chief Judicial Magistrate, Shamli solely on the ground that since confiscation proceedings are going on before the District Magistrate, the case property could not be released under Section 72 of the Act and the said view was legally not sustainable.

It has been further urged by the learned counsel for the petitioner that the aforesaid wrong legal notion was affirmed by the District & Sessions Judge in criminal revision no.1 of 2024 and the impugned order passed by the learned Magistrate was upheld and the revision was dismissed.

Another limb of argument is that the legal position in this regard is very explicit according to which even if the confiscation proceedings are going on before the District Magistrate in a case under the Act, the release of property cannot be refused on this ground alone. The petitioner before the Court is the registered owner of the vehicle in question and the Magistrate was fully empowered to pass an order for release of the said vehicle under Section 457 of the Code of Criminal Procedure.

Reliance has been placed by the learned counsel for the petitioner upon the decisions of the Single Bench of this Court rendered in **Chandra Pal Vs. State of U.P. and Another (Application u/s 482 No. - 1325 of 2021) decided on 12.2.2021 and Vikas Kumar Vs. State of U.P and Another (Application u/s 482 No. - 33012 of 2019) decided on 22.1.2020** by a learned Single Judge of this Court.

6. Per contra, learned A.G.A. vehemently opposed the prayer made in the petition. It has been urged that in the facts and circumstances of the present case, the Magistrate was seized of his power to release the vehicle in question under

Section 457 Cr.P.C. In support of his contention, he has placed reliance on the following decisions rendered by the coordinate Benches of this Court –

**(i) Virendra Gupta Vs. State of U.P., 2019 (6) ADJ 432 (D.B.)**
**(ii) Jaikawar Vs. State of U.P. and Another (Application u/s 482 No. - 9961 of 2021) decided on 4.10.2021**
**(iii) Akhilesh Kumar Vs. State of U.P. and Another (Application u/s 482 No. - 20096 of 2021) decided on 4.3.2022**

7. The provisions of Article 227 of the Constitution of India under which the present petition has been filed, are extracted below –

**"227. Power of superintendence over all courts by the High Court --**(1) Every High Court shall have superintendence over all courts and tribunals throughout the territories interrelation to which it exercises jurisdiction.

(2) Without prejudice to the generality of the foregoing provisions, the High Court may--

(a) call for returns from such courts;

(b) make and issue general rules and prescribe forms for regulating the practice and proceedings of such courts; and

(c) prescribe forms in which books, entries and accounts shall be kept by the officers of any such courts.

(3) The High Court may also settle tables of fees to be allowed to the sheriff and all clerks and officers of such courts and to attorneys, advocates and pleaders practising therein:Provided that any rules made, forms prescribed or tables settled under clause (2) or clause (3) shall not be inconsistent with the provision or any law for the time being in force, and shall require the previous approval of the Governor.

(4) Nothing in this article shall be deemed to confer on a High Court powers of superintendence over any court or tribunal constituted by or under any law relating to the Armed Forces."

8. In order to adjudge the validity of the impugned orders, to cast a fleeting glance over the provisions of Section 72 of the Act would be appropriate which are extracted as below.

**"72. What things are liable to confiscation** -(1) Whenever an offence punishable under this Act has been committed-

(a)every [intoxicant]2 in respect of which such offence has been committed ;

(b)every still, utensil, implement or apparatus and all materials by means of which such offence has been committed ;

(c)every [intoxicant]2 lawfully imported, transported, manufactured, held in possession or sold along with or in addition to any [ intoxicant]2 liable to confiscation under clause (a) ;

(d)every receptacle, package and covering in which any [intoxicant]2 as aforesaid or any materials, still, utensil, implement or apparatus is or are found, together with the other contents (if any ) of such receptacle or package ; and

(e)every animal, cart, vessel or other conveyance used in carrying such receptacle or package; shall be liable to confiscation.

(2) Where anything or animal is seized under any provision of this Act and the Collector is satisfied for reasons to be recorded that an offence has been

committed due to which such thing or animal has become liable to confiscation under sub-section (1), he may order confiscation of such thing or animal whether or not a prosecution for such offence has been instituted :

Provided that in the case of anything (except an intoxicant)or animal referred to in sub-section (1), the owner thereof shall be given an option to pay in lieu of its confiscation such fine as the Collector thinks adequate not exceeding its market value on the date of its seizure.

(3) Where the Collector on receiving report of seizure or on inspection of the seized thing, including any animal, cart, vessel or other conveyance, is of the opinion that any such thing or animal is subject to speedy wear and tear or natural decay or it is otherwise expedient in the public interest so to do, he may order such thing (except an intoxicant) or animal to be sold at the market price by auction or otherwise.

(4) Where any such thing or animal is sold as aforesaid, and -

(a) no order of confiscation is ultimately passed or maintained by the Collector under sub-section (2) or on review under sub-section (6); or (b) an order passed on appeal under sub-section (7) so requires; or (c) in the case of a prosecution being instituted for the offence in respect of which the thing or the animal seized, the order of the Court so requires; the sale proceeds after deducting the expenses of the sale shall be paid to the person found entitled thereto;

(5) (a) No order of confiscation under this section shall be made unless the owner thereof or the person from whom it is seized is given -

I. a notice in writing informing him of the grounds on which such confiscation is proposed ;

II. an opportunity of making a representation in writing within such reasonable time as may be specified in the notice ; and

III. a reasonable opportunity of being heard in the matter.

(b) Without prejudice to the provisions of clause (a), no order confiscating any animal, cart, vessel, or other conveyance shall be made if the owner therof proves to the satisfaction of the Collector that it was used in caring the contraband goods without the knowledge or connivance of the owner, his agent, if any, and the person-in-charge of the animal, cart, vessel or other conveyance and that each of them had taken all reasonable and necessary precautions against such use.

(6) Where on an application in that behalf being made to Collector within one month from any order of confiscation made under sub-section (2), or as the case may be, after issuing notice on his own motion within one month from the order under that sub-section refusing confiscation to the owner of the thing or animal seized or to the person from whose possession it was seized, to show cause why the order should not be reviewed, and after giving him a reasonable opportunity of being heard, the Collector is satisfied that the order suffers from a mistake apparent on the face of the record including any mistake of law, he may pass such order on review as he thinks fit.

(7) Any person aggrieved by an order of confiscation under sub-section(2) or sub-section (6) may, within one month from the date of the communication to him of such order, appeal to judicial authority as the State Government may appoint in this behalf and the judicial authority shall, after giving an opportunity to the appellant

to be heard, pass such order as it may think fit, confirming, modifying or annulling the order appealed against.

(8) Where a prosecution is instituted for the offence in relation to which such confiscation was ordered the thing or animal shall, subject to the provisions of sub-section (4), be disposed of in accordance with the order of the Court.

(9) No order of confiscation made by the Collector under this section shall prevent the infliction of any punishment to which the person affected thereby may be liable under this Act."

9. Section 72 of the Act stipulates that whenever an offence punishable under the Act has been committed then every thing or article seized in respect of which such offence has been committed, Section 72 of the Act empowers the Collector to confiscate the articles enumerated therein which are in any manner connected with any offence punishable under the Act.

10. The sole question involved in this matter is whether the Judicial Magistrate has got any jurisdiction to deal with the matter in respect of the release of a vehicle seized under the provisions of the Act while in connection thereof, confiscation proceedings are pending before the District Magistrate.

11. The issue involved in this matter has been a debatable point in the legal circle for long, but the controversy has now been set at rest by the Division Bench judgment of this Court passed in Virendra Gupta (supra).

12. Before referring to the judgment of the Division Bench in Virendra Gupta (supra) it would be appropriate to discuss the law promulgated in Chandra Pal (supra) and Vikas Kumar (supra) decided on 12.2.2021 and 22.1.2020 respectively, relied upon by the learned counsel for the petitioner.

13. In Chandra Pal (supra) it was found that on challenge of the order of the Magistrate refusing to release the vehicle seized under the provisions of the Excise Act, the revisional court in a criminal revision filed against the said order of the Magistrate concluded that since proceedings under section 72 of the Act are pending, no directions can be issued for the release of the vehicle in question. The learned Single Judge observed that albeit the release application was rejected by the Magistrate and the criminal revision filed against the said rejection order was also dismissed by the revisional court but both the courts declined to decide the issue regarding their own jurisdiction for releasing the vehicle in exercise of powers under the Code in respect of the vehicle which has been seized and confiscation proceedings in respect of which are pending consideration before the District Magistrate under section 72 of the Act and since the said issue remains unanswered by both the subordinate courts and their orders were silent on the point of their own jurisdiction, the application under section 482 Cr.P.C. was allowed and the matter was remitted to the Magistrate to decide the release application afresh in the light of the observations made in the judgment aforesaid.

14. In Vikas Kumar (supra), the learned Single Judge of this Court while referring to **Sunderbhai Ambalal Desai, AIR 2003 SC 638, Nand Vs. State of U.P., 1996 Law Suit (All) 423, Jai Prakash Vs. State of U.P., 1992 AWC**

**1744 and Kamaljeet Singh Vs. State of U.P. 1986 U.P. Cri. Ruling 50 (Alld)** opined that in the matter of release of a vehicle, the Magistrate Court should follow the procedure as contemplated under section 457 Cr.P.C. promptly. In the said case also, the application for release of the vehicle seized under the provisions of the Act in respect of which confiscation proceedings were pending before the District Magistrate under section 72 of the Act was rejected. The application u/s 482 Cr.P.C. was allowed and the Magistrate concerned was directed to decide the release application afresh in the light of the observations made in the body of the said judgment.

15. Since the Chandra Pal (supra) case deals with another aspect of the matter which is not a subject matter of the instant petition, it offers no assistance to the case of the petitioner.

16. In Jaikawar (supra) and Akhilesh Kumar (supra), the issue involved was identical and the same and it was explicitly held in both the judgments that during confiscation proceedings pending in respect of a vehicle involved under the provisions of the Excise Act, the Magistrate has no power under Sections 451 and 457 Cr.P.C. to release the said vehicle and a Division Bench judgment of this Court in **Virendra Gupta Vs. State of U.P., 2019 (6) ADJ 432** was relied upon in both the judgments in support of the conclusion arrived at therein.

17. In **Virendra Gupta Vs. State of U.P., 2018 105 AllCriC 518**, learned Single Judge of this Court while referring to the discordant views expressed by the learned Single Judges of this Court in several decisions over the subject, found it appropriate to refer the matter to the larger Bench to set the controversy at rest and the following question was found to be arisen for consideration by the Court which was as hereunder:

"Whether pending confiscation proceedings under Section 72 of the U.P. Excise Act before the Collector, the Magistrate/ Court has jurisdiction to release any property subject matter of confiscation proceedings, in the exercise of powers under Sections 451, 452 or 457 of the Code of Criminal Procedure?"

18. On reference, the matter was dealt with by the Division Bench of this Court in Virendra Gupta (supra) wherein various laws on the subject were taken into consideration such as **Sunderbhai Ambalal Desai vs. State of Gujarat, 2002 (10) SCC 283, Nand vs. State of U.P., 1997 (1) AWC 41, Rajiv Kumar Singh vs. State of U.P. and others, 2017 (5) ADJ 351, Ved Prakash vs. State of U.P., 1982 AWC 167 All, (G.N.C.T. of Delhi) vs. Narender, (2014) 13 SCC 100, General Insurance Counsel and others Vs. State of Andhra Pradesh and others, Muntazir Vs. State of U.P. and Another, Dilip Sinh Ram Sinh Solanki Vs. State of Gujarat and Mustafa and Another Vs. State of U.P. and Another** and the Division Bench expatiated upon the correct legal position to be kept in mind by the Magistrate at the time of dealing with the issue of release of any thing seized under the provisions of the Act and in connection of which confiscation proceedings are going on before the Collector under section 72 of the Act and it was concluded by the Division Bench of this Court as follows :

"Section 72 of the 'Act' which is admittedly a local act does not contain any

provision for release of anything seized or detained in connection with an offence committed under the Act in respect of which confiscation proceedings are pending. In fact the sub-section (1) to sub-section (4) of Section 72 of the 'Act' prescribe the manner in which anything seized in connection with an offence committed under the 'Act' and in respect of which confiscation proceedings u/s 72 of the 'Act' are pending, shall be dealt with. Section 72 of the 'Act' does not contain any provision indicating that such seized property may be released by the Magistrate in the exercise of his power u/s 457 Cr.P.C. The provisions contained in sub-sections (1) to (4) of Section 72 of the 'Act', clearly denudes the Magistrate of his power to pass any order u/s 457 Cr.P.C. for release of anything seized in connection with an offence purporting to have been committed under the 'Act'.

In view of the foregoing discussion, we find that the case of Ved Prakash (supra) lays down the correct law on the subject matter of this reference and neither Nand vs. State of U.P., 1997 (1) AWC 41 or Rajiv Kumar Singh vs. State of U.P. and others, 2017 (5) ADJ 351 nor Sunderbhai Ambalal Desai vs. State of Gujarat, 2002 (10) SCC 283 can be said to be authorities on the power of the Magistrate to release anything seized or detained in connection with an offence committed under the 'Act' in respect of which confiscation proceedings u/s 72 of the U.P. Excise Act are pending before the Collector."

19. The Division Bench got an opportunity to examine the various aspects of the matter pertaining to the release of a vehicle to which provisions of Sections 451 and 457 Cr.P.C. were applicable and Sunderbhai Ambalal Desai (supra) case was distinguished on the point that the Hon'ble Supreme Court in the said case had neither any occasion to examine the effect of section 72 of the Act on the power of a Magistrate to release seized properties in view of the section 5 of the Code of Criminal Procedure nor any direction in respect of the vehicle seized under any special enactment was specifically given by the Hon'ble Supreme Court. Further, the law laid down by the Single Bench of this Court in Ved Prakash (supra) explaining the power of the Magistrate to release the vehicle seized under the provisions of the Excise Act in respect of which confiscation proceedings are going on was held as a good and correct law on the subject by the Division Bench.

20. To refer the view taken in Ved Prakash (supra) which was marked as a correct law on the subject shall be advantageous and relevant at this juncture. The legal principle which was enumerated in Ved Prakash (supra) is that the Magistrate is denuded of his jurisdiction to release anything under section 457 Cr.P.C. seized in connection with a criminal case in respect of which confiscation proceedings under section 72 of the Act are pending.

21. Hence, in view of the decision of the Division Bench of this Court in Virendra Gupta (supra) wherein the reference made in Virendra Gupta (referred by learned Single Judge of this Court) (supra) was answered as mentioned here-in-above. The controversy sets at rest and it can safely be held that if a vehicle is seized under the provisions of the Excise Act and confiscation proceedings in respect thereof are going on before the Collector, a Judicial Magistrate has got no jurisdiction to release the aforesaid vehicle. Needless to say that even if the petitioner before the Court is the

registered owner of the vehicle, this fact does not offer any certificate regarding his entitlement to move an application for release of such vehicle before the Court of a Judicial Magistrate who is denuded of his jurisdiction in such matters as the jurisdiction is an ornament of the Court which cannot be imposed or created and it is inherited in a particular Court.

22. **Mustafa Vs. State of Uttar Pradesh & Ors. decided by the Hon'ble Supreme Court in Civil Appeal No.6438 of 2019 (arising out of SLP (Civil) No.11110 of 2018) on 20.8.2019** is another authority on the subject of this petition wherein legal position as enumerated by the Division Bench of this Court in Virendra Gupta (supra) has been reiterated and it was so concluded:

"30) After examining the provisions of the Act, we hold that the Collector has exclusive jurisdiction to confiscate the vehicles and in case the seized things are subject to speedy wear and tear or natural decay, he may order to sell the same in the manner prescribed under sub-section (3) of Section 72 of the Act. Sub- section (4) deals with distribution of sale proceeds when the seized thing is sold which is subject to wear and tear and natural decay or when it is expedient in public interest to do so. Sub- section (8) of Section 72 of the Act deals with a situation where a prosecution of an offence is instituted in relation to which confiscation was ordered, the thing or animal shall be disposed of subject to the provisions of sub-section (4) of Section 72 of the Act in accordance with the order of the Court. The order of the Court in sub-section (8) of Section 72 of the Act is after conclusion of the prosecution which is different from the seized things which are subject to speedy wear and tear or natural decay as contemplated by sub-section (3) of Section 72 of the Act.

31) In view of the above, we do not find any error in the order passed by the High Court which may warrant interference in the present appeal. Since the High Court has decided the matter only on the question of jurisdiction of the Collector to order confiscation, the matter is remitted back to the High Court to exercise power of judicial review over the order of confiscation passed by the Collector and as affirmed by the District Judge. The appeal is disposed of accordingly."

23. In view of the above settled legal position, the decision made in Vikas Kumar (supra) and relied upon by the learned counsel for the petitioner is also not helpful to him in any manner in the issue involved in the case in hand.

24. In the impugned order dated 19.12.2023 passed by the Chief Judicial Magistrate, Shamli, reliance has been placed over the decision of this Court in Virendra Gupta Vs. State of U.P. (D.B.) (Criminal Revision No.2177 of 2018, order dated 26.4.2019) and on the basis thereof it was held that if the confiscation proceedings under Section 72 of the Excise Act are pending, the seized property under the said Act cannot be released by the Magistrate in exercise of its power under Section 457 Cr.P.C. and the power to release such property to be exercised by the Magistrate is barred under the provisions of Sub-section (1) of Section 72 of the Excise Act.

25. In the impugned order dated 6.4.2024 passed by the learned District Judge, Shamli, reliance has been placed upon Mustafa (supra) passed by the

Hon'ble Supreme Court and the judgment passed by Division Bench of this Court in Virendra Gupta (supra) and relying upon the aforesaid decisions, the criminal revision was dismissed by the leaned District Judge, Shamli by the impugned order dated 6.4.2024.

26. The aforesaid discussion brings the Court to the conclusion that if confiscation proceedings are going on before the Collector in respect of release of a vehicle seized under the provisions of U.P. Excise Act, 1910, the Judicial Magistrate has got no jurisdiction to release the same and this conclusion is drawn on the basis of the law promulgated by Hon'ble Supreme Court in Mustafa (supra) and this Court in Virendra Gupta (Alld.) (D.B.) (supra) which is authoritative law on the subject.

27. Hence, both orders dated 19.12.2023 passed by the Chief Judicial Magistrate, Shamli and dated 6.4.2024 passed by the District Judge, Shamli, in my considered opinion are having no perversity or legal lacuna and need no interference or direction to be issued by this Court in the instant Petition. The Petition under article 227 of the Constitution of India has no force and is liable to be dismissed and is accordingly dismissed.

(Delivered by Hon'ble Saurabh Shyam Shamshery, J.)

1. Present bunch of applications filed under Section 482 Cr.P.C. are arising out of commercial transaction between parties, wherein number of cheques allegedly issued in favour of Complainant by applicant Company were got dishonoured and the Complainant has initiated separate proceedings under the provisions of Section 138 of Negotiation Instruments Act, 1881 *(hereinafter referred to as "NI Act").*

2. Legal and factual issue involved in all cases are common, therefore, all the applications are being decided by this common judgment.

**Factual Matrix**

3. In order to appreciate factual and legal issue involved in present cases, it would be relevant to reproduce relevant documents annexed in leading matter being Application under Section 482 No. 617 of 2020 as under:

A. Complainant has filed a complaint under Sections 138, 141 and 142 of NI Act and the same in its entirety is reproduced hereinafter:

D. The Complainant in order to fill up a legal lacuna, filed an impleadment application to implead applicant No. 1 i.e. M/S Kitply Industries, to which objections were also filed, though after remand the applicants have no lis before Trial Court. E. Aforesaid order was again challenged before Revisional Court at the behest of all applicants, however, the same was dismissed vide impugned order dated 15.05.2019 and relevant part thereof is mentioned hereinafter:

*"उक्त निगरानी सं०-२३०/१२ में दिये गये दिशा निर्देश का अनुपालन करते हुये अवर न्यायालय द्वारा दिनांक ०३.०९.२०१५ को नवीन आदेश करते हुये मैसर्स किटप्लाई इण्डस्ट्रीज लि० द्वारा चेयरमेन पी०के० गोयनका, गौरव गोयनका, शबनम जमाल, देवेन्द्र सिहं व सुरेश चन्द्र बरनावत को धारा १३८ पराक्रम्य विलेख अधिनियम के तहत विचारण हेतु तलब किया, जिससे क्षुब्ध होकर निगरानीकर्तागण द्वारा वर्तमान निगरानी प्रस्तुत की गयी।* ***मुख्यतः इस कथन के साथ कि निगरानी न्यायालय द्वारा ऐसा कोई आदेश पारित नहीं किया गया, जिसके आधार पर मैसर्स किटप्लाई इण्डस्ट्रीज लि० को अभियुक्त बनाया जाये। माननीय उच्चतम न्यायालय की विधि व्यवस्था अनीता हाडा आदि बनाम गौड फादर्स ट्रेवल्र्स एण्ड टूरल्स प्रा०लि० २०१२ (७७) ए०सी०सी०पृष्ठ १२४ का विवरण रिवीजन न्यायालय के निर्णय में किया गया है। परन्तु रिवीजन न्यायालय ने इस विधि व्यवस्था के आधार पर परिवादी को यह अधिकार नहीं दिया कि वह मैसर्स किटप्लाई इण्डस्ट्रीज लि० को परिवाद में अभियुक्त बनायें। परिवादी का प्रार्थना पत्र दिनांकित १६.०१.२०१५ पूर्णतयां गैरकानूनी है। उनके विरूद्ध कोई मामला धारः १३८ पराक्रम्य विलेख अधिनियम के अन्तर्गत नहीं बनता है। मैसर्स किटप्लाई निगरानीकर्ता सं०१ को कोई विधिक नोटिस आदि भी प्रेषित***

*इस सन्दर्भ में यदि दाण्डिक निगरानी सं०-२३०/२०१२ में पारित निर्णय दिनांकित १८.०६.२०१३ को देखें तो* ***उपरोक्त निगरानी में यही मुख्य तकनीकी आपत्ति उठायी गयी थी कि किटप्लाई इण्डस्ट्रीज लि० को परिवाद पत्र में पक्षकार नहीं बनाया गया, जो कि आवश्यक है और न उसे नोटिस भेजा गया, न दिया गया। निगरानी न्यायालय द्वारा अपने आदेश दिनांकित १८.०६.२०१३ मे विधि व्यवस्था अनीता हाडा आदि बनाम गौड फादर्स ट्रैवलर्स एण्ड टूरल्स प्रा० लि० २०१२(७७) ए०सी०सी० पृष्ठ ९२४ में माननीय सर्वोच्च न्यायालय द्वारा यह स्पष्ट किया गया है कि कम्पनी और जो व्यक्ति कम्पनी के कार्य की देखरेख करने वाले है, वह भी धारा १४१ पराक्राम्य विलेख अधिनियम के अन्तर्गत अभियुक्त है, क्योंकि उनका दायित्व उक्त धारा के अन्तर्गत समझा गया है। माननीय सर्वोच्च न्यायालय द्वारा यह स्पष्ट किया गया है कि कम्पनी के पदाधिकारी समय समय पर बदल सकते है और कम्पनी छोड़ कर जा सकते है, जबकि कम्पनी एक न्यायिक व्यक्ति है और कम्पनी एक आवश्यक पक्षकार होगी तथा प्रारम्भिक अपराधिक दायित्व कम्पनी का होगा तथा मुख्य दायित्व कम्पनी का ही होगा और यदि कम्पनी के विरूद्ध अभियोजन नहीं चलाया गया है तो दूसरी व तीसरी श्रेणी में आने वाले व्यक्तियों को कम्पनी की ओर से उत्तरदायी होना नहीं कहा जा सकता है।*** *क्योंकि दूसरी व तीसरी श्रेणी में आने वाले व्यक्तितयों का उत्तरदायित्व का निर्धारण करने से पहले कम्पनी के उत्तरदायित्व का निर्धारित किया जाना पराक्रम्य विलेख अधिनियम की धारा १४१ के अन्तर्गत आवश्यक है। सम्मानीय विधि व्यवस्था में यह प्राविधानित किया गया कि दूसरी व तीसरी श्रेणी में आने वाले व्यक्तियों के उत्तरदायित्व का निर्धारण करने से पहले कम्पनी के उत्तरदायित्व का निर्धारण आवश्यक है। पराक्रम्य विलेख अधिनियम की धारा १४१ के अन्तर्गत साथ ही निगरानी न्यायालय द्वारा यह भी निष्कर्ष दिया गया कि माह जून २०१२ में परिवाद पत्र प्रस्तुत किया गया है और उससे कुछ ही समय पहले दिनांक २७.०४.१२ को माननीय सर्वोच्च न्यायालय की वृहद पीठ की उक्त विधि व्यवस्था आयी है। ऐसा सम्भव है कि परिवादी के विद्वान अधिवक्ता या न्यायालय के संज्ञान में उक्त विधि व्यवस्था न आ पायी हो। अतः उक्त व्यवस्था जो माननीय सर्वोच्च न्यायालय की नवीनतम व्यवस्था है, उसके अनुसरण में उक्त बिन्दु पर अवर न्यायालय द्वारा अपने प्रश्नगत आदेश में कोई निष्कर्ष नहीं दिया जा सका है। अतः अवर न्यायालय माननीय सर्वोच्च न्यायालय की विधि व्यवस्था अनीता हाडा आदि बनाम गौड फादर्स ट्रेवलर्स एण्ड टूरल्स प्रा० लि० २०१२(७७)ए०सी०सी० १२४ में प्रतिपादित सिद्धान्तों के आधार पर पुनः विपक्षी/परिवादी के परिवाद पत्र का विचारण करे और आदेश पारित करें। अतः निगरानी न्यायालय द्वारा उक्त के निगरानीकर्तागण की तलबी को विधि विरूद्ध नहीं बताया था।* ***बल्कि माननीय सर्वोच्च न्यायालय द्वारा विधि व्यवस्था अनीता हाडा आदि बनाम गौड फादर्स ट्रैवल्स एण्ड टूरल्स प्रा० लि० २०१२ (७७) ए०सी०सी० पृष्ठ १२४ में प्रतिपादित सम्मानीय सिद्धान्त को दृष्टिगत रखते हुये कम्पनी के सन्दर्भ में चूंकि***

4. Above referred both orders are impugned in first application and similar impugned orders are challenged in respective applications.

5. **Undisputed facts**

(i) All cheques in question were issued by authorised signatories of applicant-company, M/s Kitply Industries Ltd. in favour of complainant towards commercial transactions between parties.

(ii) All cheques in question were got dishonoured on ground of "insufficient balance".

(iii) Statuary notice was issued to applicants No. 2 to 5 but not to the Company, the principal offender. A complaint was filed only against applicants No. 2 to 5 under Sections 138, 141, 142 of NI Act disclosing that all proposed accused worked for the Company.

(iv) The applicants No. 2 to 5 were summoned but it was challenged and Revisional Court remanded the matter for fresh consideration in view of judgment passed by Supreme Court in **Aneeta Hada (supra).** This order was not challenged at behest of either party.

(v) At this stage an application for impleadment of Company was filed to which objections were also filed. Though there was no specific order passed on it, however, it was taken note in impugned summoning order as well as objection to it was also taken note of.

(vi) On remand for fresh order all applicants including the Company were also summoned and challenge to it before the Revisional Court remained unsuccessful.

6. **Submission on behalf of Applicants**

(i) The complaint as filed by complainant under N.I. Act was not maintainable for non-joinder of necessary party i.e. the Company, being principal offender as contemplated in **Aneeta Hada (supra).**

(ii) The application filed at this stage of remand to implead the Company was not maintainable as well as the application was neither considered nor allowed nor rejected.

(iii) On remand, the summoning order was passed taking an analogy of State case, whereas present is a proceedings arising out of complaint case. The Trial Court has committed a legal error by summoning the Company as well as other applicants. The said legal error was not cured by the Revisional Court as such it was perpetuated further.

(iv) The Revisional Court vide it's order dated 18.06.2013 has remanded the matter which was patently illegal and should have quashed the proceedings in view of fact that Supreme Court only declares the law and the maxim ignorantia juris non excusat, a settled principle of law and therefore it could not be said that Trial Court was not aware of law pronounced by Supreme Court.

(v) Drawing analogy from provisions of Cr.P.C. for summoning accused is patently illegal in view of fact that NI Act is a complete code in itself and therefore provisions of Cr.P.C. are not applicable as has been held by Supreme

Court, in **N. Harihara Krishnan Vs. J Thomas, 2018 (13) SCC 663.**

(vi) The impleadment application was not accompanied by any delay condonation application and since the complaint was filed on 20.06.2012, while impleadment application was filed on 16.01.2015, i.e. after a delay of approximately 2 ½ years, the same could not have been allowed since the same was much beyond mandatory timelines given under Section 138 of N.I Act. Reference was made to a judgement of Supreme Court in **Himanshu vs B. Shivamurthy and another, 2019 (3) SCC 797.**

(vii) A bare perusal of complaint would also demonstrate that no specific role was assigned to accused and therefore in view of law declared by Supreme Court, the applicants could not have been summoned. Reference was made to the judgements passed by Supreme Court in **Sunita Palita vs M/S. Panchami Stone Quarry:(2022)10 SCC 152, Siby Thomas Vs. M/s. Somany Ceramics Ltd:(2024)1 SCC 348 and Dilip Hiraramani vs Bank Of Baroda: (2019)3 SCC 797.**

(viii) It was further submitted that without arraying Company as an accused on whose behalf cheques were issued, complaint would not be maintainable, reference was made to a three Judges judgement of Supreme Court in **Aneeta Hada (supra),** which has consistently been followed till date. Reference was also made to **Dilip Hiraramani (supra)** and **Himanshu (supra).**

7. **Submissions on behalf of Opposite Party No. 2/Complainant**

(i) It is a specific case of Complainant that all applicants even worked at accused Company at relevant time and were equally responsible for dishonoured cheques.

(ii) A Legal lacuna for not impleading Company was cured as admittedly an application for impleadment was filed after matter was remanded for fresh order subsequent to **Aneeta Hada (supra).** Objection to it was also filed.

(iii) The Trial Court as well as Revisional Court has considered factum of impleadment application as such formal order on application was not required (application was neither allowed nor rejected).

(iv) The proposition of law that unless the company is made accused, its Directors/Officers cannot be prosecuted is premised on the concept of law that unless the finding of guilt is recorded against the company its Directors/Officers cannot be punished vicariously but this proposition of law has an exception that where there is a legal bar for proceeding against the company due to operation of certain other laws, or that the company is legally disable from being prosecuted then in such case the director or the officers of the company can be prosecuted independently without the company being impleaded as accused (ref: **Ajay Kumar Radheshyam Goenka Vs Tourism Finance Corpn. of India Ltd, (2023) 10 SCC 545**). So where from their own pleadings in the instant application, the applicants had stated about the company being under the process of IBC, no prejudice is likely to be caused to Directors/Officers especially those who have signed the cheques (Applicant Nos. 3 & 4) if they are prosecuted because they can independently establish their defense in trial in terms of Section141 (2) NI Act.

(v) The accused-applicants were first summoned vide order dated 21.9.2012 passed by the Magistrate. They had challenged it on all these grounds before

Lower Revisional Court, which vide its order dated 18.06.2013 had then remanded the case to Magistrate for passing fresh order of summoning and no further challenge was made by them to such revisional order before this Court. It is thereafter that during proceedings before the Magistrate that Complainant had sought amendment in complaint seeking impleadment of Company as accused, which stands allowed impliedly when Magistrate vide his fresh order of summoning had summoned Company also on premise that cognizance is taken of offence and there is no legal bar in then summoning those who appears to be the offenders even if they were not arrayed in the title of complaint by complainant. Recourse to such amendments in complaint, which causes no prejudice to accused is legally permissible and which position of law has been exhaustively dealt with by this Court in the case of **M/s Narender Kumar @ Brothers vs State of UP & others, 2022:AHC:211261,** which is relied upon by complainant in toto.

(vi) The Director or officer of the Company who had signed the cheque can be prosecuted without making any averment in the complaint to effect that they were in charge of, or responsible to Company for conduct of its business hence impugned complaint qua Applicant Nos. 3 & 4 survives since they were the joint signatories of the cheque. (Ref. **Sunita Palita vs Panchami Stone Quarry, (2022) 10 SCC 152**)

8. Heard learned counsel for rival parties, perused the record as well as written submissions filed by both parties.

9. **Discussion and Conclusion**

(i) In above referred undisputed facts, now the applicants have no legal right to challenge the order whereby Revisional Court has remanded the case for fresh consideration in view of **Aneeta Hada (supra).** There was no legal requirement that applicants (proposed accused) be heard at the stage of summoning even though matter was remanded to Trial Court for this purpose. The objections filed by applicants to impleadment application was not required to be taken note of.

(ii) The first issue for consideration is whether on remand the Trial Court has to pass an order only in view of **Aneeta Hada (supra)** without consideration of impleadment application or not. If the answer would be affirmative then in strict view of **Aneeta Hada (supra),** since principal offender i.e. Company was not arrayed as an accused therefore, no criminal proceeding could be initiated under NI Act against applicants No. 2 to 5. However, if the answer would be negative then, the Court will consider whether application for impleadment was considered and allowed or contents of impugned order do indicate that it was allowed as well as whether pleadings are to the effect that Company and applicants have committed prima-facie offence under NI Act.

(iii) The Revisonal Court while remitting the case has neither put any caveat nor restricted the Trial Court to consider impleadment application in accordance with law, if so filed. It is important to note here that none of applicants have challenged the order passed by Revisional Court whereby matter was remitted for fresh consideration.

(iv) In regard to amendment in a complaint, few paragraphs of M/s **Narender Kumar @ Brothers (supra),** a

judgement passed by this Court and relied upon by complainant would be relevant where this issue was considered in detail:-

*"9. The first issue before this Court is whether amendment in a complaint was legally permissible?*

*10. In this regard rival parties have placed reliance on S.R.Sukumar (Supra).*

*11. Learned counsel for the applicants has submitted that amendment which could cause prejudice to accused, such cannot be allowed. Contrary, according to counsel for complainant no prejudice was caused.*

*12. Before considering rival submissions, relevant paragraphs no.18 and 19 of S.R.Sukumar (supra) would be relevant to mention hereinafter:*

*"18. Insofar as merits of the contention regarding allowing of amendment application, it is true that there is no specific provision in the Code to amend either a complaint or a petition filed under the provisions of the Code, but the Courts have held that the petitions seeking such amendment to correct curable infirmities can be allowed even in respect of complaints. In U.P. Pollution Control Board vs. Modi Distillery And Ors., (1987) 3 SCC 684, wherein the name of the company was wrongly mentioned in the complaint that is, instead of Modi Industries Ltd. the name of the company was mentioned as Modi Distillery and the name was sought to be amended. In such factual background, this Court has held as follows:-*

*"...The learned Single Judge has focussed his attention only on the technical flaw in the complaint and has failed to comprehend that the flaw had occurred due to the recalcitrant attitude of Modi Distillery and furthermore the infirmity is one which could be easily removed by having the matter remitted to the Chief Judicial Magistrate with a direction to call upon the appellant to make the formal amendments to the averments contained in para 2 of the complaint so as to make the controlling company of the industrial unit figure as the concerned accused in the complaint. All that has to be done is the making of a formal application for amendment by the appellant for leave to amend by substituting the name of Modi Industries Limited, the company owning the industrial unit, in place of Modi Distillery.... Furthermore, the legal infirmity is of such a nature which could be easily cured…"*

*19. What is discernible from the U.P. Pollution Control Board's case is that easily curable legal infirmity could be cured by means of a formal application for amendment. If the amendment sought to be made relates to a simple infirmity which is curable by means of a formal amendment and by allowing such amendment, no prejudice could be caused to the other side, notwithstanding the fact that there is no enabling provision in the Code for entertaining such amendment, the Court may permit such an amendment to be made. On the contrary, if the amendment sought to be made in the complaint does not relate either to a curable infirmity or the same cannot be corrected by a formal amendment or if there is likelihood of prejudice to the other side, then the Court shall not allow such amendment in the complaint."*

*13. xxxxx*

*14. xxxxx*

*15. xxxxx*

*16. In S.R. Sukumar (supra), Supreme Court has reproduced part of U.P. Pollution Control, Board (supra) wherein amendment of details of the company was allowed and it was held that*

*Court may permit an amendment which are formal in nature though a caveat was put that in event of likelihood of prejudice to the other side, such amendment may not be allowed."*

(v) To further consider the rival submissions on issue, I have carefully perused the complaint where it was specifically stated that opposite party (the Company) has issued cheques in pursuance of commercial transactions, which got dishonoured and named accused were employees of the Company and were equally responsible for dishonour, as such prima-facie allegations against the Company, being principal offender, was part of proceeding since inception and are sufficient to summon the Company also being principal offender as well as other applicants including signatories to the cheques. The Trial Court has not committed any legal error by considering an application for impleadment.

(vi) Now the Court has to consider effect of a fact that application for impleadment was neither allowed nor rejected, though from the contents of impugned order, Trial Court was apparently considering the said application only as it would be evident from first Para of impugned order and for reference said paragraph is again reproduced hereinafter:-

*"उल्लेखनीय है कि सम्बन्धित कम्पनी को परिवादी ने पक्षकार नहीं बनाया गया है, जिसके संदर्भ में परिवादी ने प्रार्थना पत्र दिनांकित 16-01-2015 मैसर्स किट प्लाई इण्डस्ट्रीज लि० को पक्षकार बनाये जाने हेतु प्रस्तुत किया तथा उसमें कथन किया गया कि उसने मैसर्स किट प्लाई इण्डस्ट्रीज लि० को विधिवत रूप से नोटिस भी दे दिया है। विपक्षी पी० के० गोयनका द्वारा दाखिल आपत्ति दिनांकित 30-03-2015 के द्वारा यह कहा कि प्रस्तुत प्रकरण में अब मैसर्स किट प्लाई इण्डस्ट्रीज लि० को पक्षकार बनाये जाने हेतु प्रार्थना पत्र स्वीकार नहीं किया जा सकता, क्योंकि वह संशोधन की प्रकृति का है।"*

(viii) As referred above, the Trial Court was in fact considered the application for impleadment only but while considering the issue, it lost track and dealt the issue on different analogy i.e. power of Magistrate to summon even an accused not named in charge-sheet if so warrant, however, a fact that present case was arising out of a complaint case under a Special Act was completely ignored. Therefore, reason and analogy for allowing impugned order has a legal error and impugned order in its present form could not legally survive.

(ix) The impugned order has two errors, first impleadment application was not finally decided and secondly, reason assigned to summon applicants suffered with a legal error, however, for both errors, the complainant could not be penalized since he has done everything to summon applicants including the Company by way of filing an impleadment application.

(x) The judgments relied upon by applicants i.e. **N. Harihara Krishnan (supra); Himanshu (supra); Sinuta Palita (supra); Siby Thomas (supra)** and **Dilip Hiraramani (supra)** are on the point that if Company was not convicted, their Director would also not be convicted either, or vicarious liability would also not fall on non-executive Directors or on summon under Section 319 Cr.P.C. No judgment on issue whether amendment could not be allowed is being placed on record. Proceedings still have not reached upto a

stage, where other cited judgements would have application.

(xi) The law in regard to amendment in a complaint is being referred in **Narender Kumar @ Brothers (supra).** The Trial Court has adopted a wrong approach to consider the case and in interest of justice such approach could not prejudice the complainant's case. In first round Revisional Court has remitted the case for fresh consideration, where impleadment application was filed in view of **Aneeta Hada (supra)** therefore, it was maintainable, however, as discussed above said application was not decided on merit.

(xii) Therefore, this Court is of considered opinion that impugned order in its present form does not survive.

10. In view of above, impugned summoning orders in all these applications are set aside and matter is remitted back to Trial Court concerned to decide the impleadment applications in accordance with law after hearing complainant only as well as taking note of above referred judgments. Applicants are not required to be heard at this stage. The proceedings shall be concluded within two months from today, if there is no legal impediment.

11. The applications are accordingly disposed of.

12. Registrar (Compliance) to take steps.

बयान धारा 164 CrPC पीड़िता रोली यादव D/O श्री विनेश कुमार यादव निवासी 155 बर्रा गांव थाना बर्रा, जनपद कानपुरनगर सम्बन्धित मु०अ०सं०885/18 धारा 376, 406 IPC व ¾ DP Act थाना बर्रा कानपुरनगर

मेरे द्वारा पीड़िता को समझाया गया कि वो यह बयान बिना किसी भय के दे, उसने इस बात को समझा तत्पश्चात सःशपथ यह बयान दिया कि-

मेरी शादी योगेन्द्र यादव से 2016 में हुई थी। तब वो एक स्कूल अध्यापक थे। हमारी बरीक्षा 10.10.16 को हुई थी, जिसमें हमने 10 लाख नकद दिया था और 3 लाख का सामान दिया था।

वरीक्षी के बाद योगेन्द्र का चयन PCS में हो गया। उसके बाद से योगेन्द्र, नरेन्द्र, चरन, प्रेम सिंह, संदीप, कुलदीप, कान्ती देवी, शिवरामदास, राधा, कुन्ती देवी, भावना, प्रहलाद, सिद्ध गोपाल मुझसे और मेरे घरवालों से पैसे मांगने लगे। घर का हर इन्सान मुझसे काल करके की 2 लाख कभी 1 लाख रूपये बहाने से मांगता था। और बोलता था कि बस इतने पैसे दे दो, तो हम शादी की तारीख बता देंगे। ऐसा करते करते पूरे 25 लाख ले चुके है और अब शादी से इन्कार कर रहे है। योगेन्द्र की शादी कही और तय कर दी है।

मैं और योगेन्द्र के साथ दो साल तक थे। उसने मेरे साथ जबरदस्ती शारीरिक संबंध स्थापित करे। वो अक्सर मेरे घर रूकने आते थे और चुपके से मेरे कमरे में आ जाते थे। मेरी इच्छा के विरूद्ध वो मेरे साथ संबंध स्थापित करते थे।

अंत में योगेन्द्र, नरेन्द्र ने एक स्कारपिओ कार और एक 2 गज का प्लाट मांगा। और शादी की तारीख को टालते रहे। और अब मना कर दिया।"

6. After investigation, a charge-sheet was filed only under Section 406 I.P.C. and 3/4 of Dowry Prohibition Act against Narenda Singh and ShivRam Das i.e. brother of O.P. 2 and his father. No charge-sheet was filed against any other accused persons named in the F.I.R., including opposite party no.2 herein i.e. complainant's husband as well as no offence was found under Section 376 of I.P.C.

7. At the stage of cognizance, victim filed an application dated 2.1.2019 with a prayer that during investigation, statement of victim recorded under Section 164 Cr.P.C. was not considered, therefore, it may be sent to the Investigation Officer for further investigation.

8. Learned Trial Court considered the above referred application and rejected the same and thereafter took cognizance of the offence and summoned two accused persons against whom charge-sheet was filed. Relevant part of said order is mentioned hereinafter:

"प्रस्तुत मामले में वादी मुकदमा पीड़िता का पिता है, जिसके द्वारा प्रथम सूचना रिपोर्ट दर्ज कराई गई है। शादी न हो

पाने पर उभयपक्षों के मध्य समझौता हुआ है, जिसे वादी मुकदमा द्वारा फाड़े जाने का कथन किया गया है। उक्त फटे हुए समझौतानामें की फोटो प्रति विवेचक द्वारा केस डायरी के साथ प्रस्तुत की गई। प्रस्तुत मामले में विवेचक द्वारा वादी मुकदमा के सगे भाई सुरेश यादव पुत्र जगजीवन लाल, विष्णु कुमार यादव पुत्र जगजीवन लाल तथा राजेश कुमार जो कि सुरेश का साला है, राम प्रताप यादव पुत्र जगजीवन लाल तथा राजेश कुमार जो कि सुरेश का साला है, राम प्रताप यादव पुत्र स्व० अतर सिंह यादव उक्त साक्षियों में राजेश के अलावा शेष सभी साक्षी वादी मुकदमा के मकान नं० 155, बर्रा में ही निवास करते हैं, जिनके द्वारा घटना का समर्थन नहीं किया गया है, साथ ही यह भी कथन किया गया है कि अभियुक्त योगेन्द्र सिंह द्वारा वादी मुकदमा द्वारा कथित घटना कारित नहीं की गई है। उपरोक्त के अलावा विवेचक द्वारा वादी मुकदमा, पीड़िता, उसकी मां व अन्य साक्षियों के बयान दर्ज कर नियमानुसार विवेचना की गई है। विवेचक द्वारा धारा-376 का अपराध नहीं पाते हुए न्यायालय में धारा-406 भा०दं०सं० व धारा-3/4 दहेज प्रतिषेध अधिनियम में आरोप पत्र प्रस्तुत किया गया है। सम्पूर्ण केस डायरी के अवलोकन से पीडिता की ओर से प्रस्तुत प्रार्थना पत्र का समर्थन नहीं होता है। विवेचक द्वारा नियमानुसार विवेचना कर आरोप पत्र न्यायालय प्रेषित किया गया है। आरोप पत्र न्यायालय प्रेषित किए जाने के उपरान्त पुनः धारा-164 दं०प्र०सं० के बयान विवेचक के पास भेजे जाने का आधार पर्याप्त नहीं है। तदनुसार पीड़िता की ओर से प्रस्तुत प्रार्थना पत्र दिनांकित 02.01.19 निरस्त किया जाता है।

न्यायालय में प्रेषित आरोप पत्र सं० 550/2018, अंतर्गत धारा-406 भा०दं०सं० व धारा-3/4 दहेज प्रतिषेध अधिनियम अंतर्गत थाना बर्रा, कानपुर नगर विरूद्ध कथित अभियुक्तगण पर प्रसंज्ञान लिया जाता है।

अभियुक्तगण जरिए सम्मन दिनांक 31.01.19 को तलब हों।"

9. It appears that a report was filed by Investigation Officer after further investigation, whereby the charge-sheet submitted earlier was again approved.

10. Learned counsel for applicant has submitted that aforesaid order is impugned in present case. It was urged on behalf of complainant that O.P. No.2 be summoned under Section 376 I.P.C. as on basis of material available, said offence was made out.

11. Aforesaid argument was considered by learned Trial Court and by impugned order dated 29.11.2019, it was rejected and relevant part thereof is mentioned hereinafter:

"प्रस्तुत मामले में दिनांक-11.02.2019 को विद्वान पूर्वाधिकारी द्वारा पूर्व में प्रेषित आरोप पत्र के आधार पर

संज्ञान लिया जा चुका है, अग्रिम विवेचना के उपरान्त विवेचक द्वारा पूर्व में विवेचना के निष्कर्षों से अपनी सहमति जताई है, किसी नये तथ्य का उल्लेख नहीं किया गया है। ऐसी स्थिति में न्यायालय के मत में किसी अन्य अभियुक्त के विरूद्ध किसी अन्य धाराओं में संज्ञान लिये जाने का कोई औचित्य प्रतीत नहीं हो रहा है।

न्यायालय का यह मत है कि न्यायालय आदेश दिनांकित-11.01.2019 को न तो अपास्त कर सकता है और न ही उसका पुनर्विलोकन कर सकता है। आपराधिक क्षेत्राधिकार वाले विचारण न्यायालय को अपने आदेश के पुनर्विलोकन का क्षेत्राधिकार प्राप्त नहीं है। इस संबंध में अदालत प्रसाद बनाम रूप लाल जिंदल व अन्य, 2004(50) ए०सी०सी० 924 में माननीय उच्चतम न्यायालय द्वारा प्रतिपादित विधि व्यवस्था अनुकरणीय है।"

12. Learned counsel for applicant has not been able to deny that that at the stage of cognizance in view of judgment passed by Supreme Court in ***State of Gujarat Vs. Girish Radhakrishnan Varde (2014) 3 SCC 659,*** learned Trial Court has no option, to add or subtract any offence other than offence under which a charge-sheet has been filed, therefore, at this stage, offence under Section 376 I.P.C. could not be added.

13. Learned counsel for applicant has referred judgments passed by Supreme Court in case of ***Dharampal & Ors Vs. State of Haryana & Anr (2014) 3 SCC 306 and Kishun Singh & Ors. Vs. State of Bihar (1993) 2 SCC 16*** to emphasize that Court of Sessions has complete and unfettered jurisdiction to take cognizance of offence which would include summoning of a person or persons whose complicity in commission of crime was prima-facie evident gathered from material available on record, even though no charge sheet was filed against them and for that learned Trial Court does not need to wait till the stage of Section 319 Cr.P.C. is reached in trial. For reference relevant paragraphs of aforesaid judgments Dharampal and Kishun Singh (Supra) are reproduced hereinafter :

*"40. **Dharampal (supra)** In that view of the matter, we have no hesitation in agreeing with the views expressed in Kishun Singh case [Kishun Singh v. State of Bihar, (1993) 2 SCC 16 : 1993 SCC (Cri) 470] that the Sessions Court has jurisdiction on committal of a case to it, to take cognizance of the offences of the persons not named as offenders but whose complicity in the case would be evident from the materials available on record. Hence, even without recording evidence, upon committal under Section 209, the Sessions Judge may summon those persons shown in column 2 of the police report to stand trial along with those already named therein.*

*16. **Kishun Singh (supra)** . We have already indicated earlier from the ratio of this Court's decisions in the cases of Raghubans Dubey [(1967) 2 SCR 423 : AIR 1967 SC 1167 : 1967 Cri LJ 1081] and Hareram [(1978) 4 SCC 58 : 1978 SCC (Cri) 496 : (1979) 1 SCR 349 : AIR 1978 SC 1568] that once the court takes cognizance of the offence (not the offender) it becomes the court's duty to find out the real offenders and if it comes to the*

*conclusion that besides the persons put up for trial by the police some others are also involved in the commission of the crime, it is the court's duty to summon them to stand trial along with those already named, since summoning them would only be a part of the process of taking cognizance. We have also pointed out the difference in the language of Section 193 of the two Codes; under the old Code the Court of Session was precluded from taking cognizance of any offence as a court of original jurisdiction unless the accused was committed to it whereas under the present Code the embargo is diluted by the replacement of the words the accused by the words the case. Thus, on a plain reading of Section 193, as it presently stands once the case is committed to the Court of Session by a Magistrate under the Code, the restriction placed on the power of the Court of Session to take cognizance of an offence as a court of original jurisdiction gets lifted. On the Magistrate committing the case under Section 209 to the Court of Session the bar of Section 193 is lifted thereby investing the Court of Session complete and unfettered jurisdiction of the court of original jurisdiction to take cognizance of the offence which would include the summoning of the person or persons whose complicity in the commission of the crime can prima facie be gathered from the material available on record. The Full Bench of the High Court of Patna rightly appreciated the shift in Section 193 of the Code from that under the old Code in the case of Sk. Lutfur Rahman [1985 PLJR 640 : 1985 Cri LJ 1238 (Pat HC) (FB)] as under:*

*"Therefore, what the law under Section 193 seeks to visualise and provide for now is that the whole of the incident constituting the offence is to be taken cognizance of by the Court of Session on commitment and not that every individual offender must be so committed or that in case it is not so done then the Court of Session would be powerless to proceed against persons regarding whom it may be fully convinced at the very threshold of the trial that they are prima facie guilty of the crime as well .... Once the case has been committed, the bar of Section 193 is removed or, to put it in other words, the condition therefore stands satisfied vesting the Court of Session with the fullest jurisdiction to summon any individual accused of the crime."*

*We are in respectful agreement with the distinction brought out between the old Section 193 and the provision as it now stands."*

14. Learned counsel for applicant has referred two arguments. Firstly on basis of material available and statement of victim recorded under Section 164 Cr.P.C., offence of rape is made out against O.P.No.2. However, as referred above, in **Varde (supra),** it has been held that no addition or subtraction in offences under which charge-sheet was filed could be done at the stage of cognizance or summoning the accused and relevant part of said judgment is mentioned hereinafter:

*"The question, therefore, emerges as to whether the complainant/informant/prosecution would be precluded from seeking a remedy if the investigating authorities have failed in their duty by not including all the sections of IPC on which offence can be held to have been made out in spite of the facts disclosed in the FIR. The answer obviously has to be in the negative as the prosecution cannot be allowed to suffer prejudice by ignoring exclusion of the sections which*

*constitute the offence if the investigating authorities for any reason whatsoever have failed to include all the offences into the charge-sheet based on the FIR on which investigation had been conducted. But then a further question arises as to whether this lacunae can be allowed to be filled in by the Magistrate before whom the matter comes up for taking cognizance after submission of the charge-sheet and as already stated, the Magistrate in a case which is based on a police report cannot add or subtract sections at the time of taking cognizance as the same would be permissible by the trial court only at the time of framing of charge under Sections 216, 218 or under Section 228 CrPC as the case may be which means that after submission of the charge-sheet it will be open for the prosecution to contend before the appropriate trial court at the stage of framing of charge to establish that on the given state of facts the appropriate sections which according to the prosecution should be framed can be allowed to be framed. Simultaneously, the accused also has the liberty at this stage to submit whether the charge under a particular provision should be framed or not and this is the appropriate forum in a case based on police report to determine whether the charge can be framed and a particular section can be added or removed depending upon the material collected during investigation as also the facts disclosed in the FIR and the charge-sheet."*

(Emphasis Supplied)

15. Accordingly, first argument is rejected. Second limb of argument of learned counsel for applicant is that on basis of material available, O.P. No.2 may be summoned to face trial at least for the offence under which charge-sheet has been filed i.e. for Section 406 I.P.C. and 3/4 of Dowry Prohibition Act and for that counsel for applicant has referred judgments passed in **Dharampal and Kishun Singh (supra).**

16. Per contra, learned counsel for O.P.No.2 and learned A.G.A. have opposed the above submissions and they submittted that on basis of material available, no case is made out against O.P. No.2 to summon him for offence under which charge-sheet was filed.

17. I have carefully perused the above referred part of judgments of **Dharampal and Kishun Singh (supra)** and law in regard to summoning is clear that since cognizance is taken of an offence, therefore, in case there is a complicity of accused against whom charge-sheet has not been filed still, they could be summoned.

18. In order to appreciate as to whether there are sufficient evidence to summon O.P. No.2 for the offence under Section 406 I.P.C. and 3/4 of D.P. Act, I have carefully perused statements of complainant and victim also. However, there is no specific allegation against O.P. No.2 that he has demanded dowry or he was a party in the allegations that the amount paid towards marriage was not returned, therefore, on basis of material available, Court is of the view that even no offence is made out against O.P. No.2 to summon him for offence under Section 406 I.P.C. and 3/4 of D.P. Act at the stage of cognizance and summoning. However, this order will not come in the way, if Trial Court at the stage of Section 319 Cr.P.C., on basis of evidence available during trial found material to summon O.P. No.2 before trial under Section 406 of I.P.C. and 3/4 of D.P. Act. It is also observed that if there is evidence during trial, against applicant or co-accused for the offence

under which charge-sheet has not been filed in such event, complainant as well as Court is at liberty to proceed under Section 217 Cr.P.C. at appropriate stage.

19. Prayers made in this application are accordingly rejected.

20. With the aforesaid observation/direction, this application is disposed of.

(Delivered by Hon'ble Saurabh Shyam Shamshery, J.)

1. Applicants are aggrieved by impugned order dated 02.12.2023 passed by Chief Judicial Magistrate, Firozabad in Complaint Case No. 22712 of 2022 (Dev Kumar vs. Santosh Kumar Sharma and others), under Sections 304, 420 IPC, Police Station Shikohabad, District Firozabad, whereby they have been summoned to face trial.

2. Complainant has initially lodged a FIR for offence under Sections 467, 468, 420, 302 IPC that applicants who are his brother and Bhabhi have committed offence of cheating and forgery whereby they have forcefully took signatures and thumb impressions of his father and executed a Will on 27.01.2017 in their favour in exclusion of Complainant and

under unnatural circumstances on very next day, his father died on 28.01.2017.

3. After investigation in aforesaid FIR, a final report was submitted. At that stage further investigation was directed by Police Officials, however, again a final report was submitted that there was no reason to take a contrary view to earlier final report.

4. A protest petition thereafter was filed by Complainant, which was treated as a complaint and thereafter statements of Complainant and other witnesses were recorded under Sections 200 and 202 Cr.P.C. and applicants were summoned by means of impugned order dated 02.12.2023 passed under Section 204 Cr.P.C.

5. Mrs. Anita Singh, learned counsel for applicants submitted that Complainant has also filed a civil suit for cancellation of Will. Complainant was mainly aggrieved that Will was prepared only in favour of applicants and he was not included and in order to give a criminal colour to a civil dispute, criminal proceedings were initiated. Learned counsel further submits that only on basis that their father died after a day of execution of Will, it could not be a case for offence under Section 304 IPC without any evidence. It is on record that applicants' father was an 80 year old person and was suffering from old age ailments. He got admitted in hospital on 27.01.2024 and discharged on 28.01.2024, however, he died on same day. No objection was made when cremation was conducted. He refers some statements recorded during investigation specifically the statement of Doctor. There are no ground to proceed against the applicants and summoning order is liable to be quashed.

6. Per contra, Sri Mithilesh Kumar, learned AGA for State and Sri Arvind Agarwal, learned counsel for Opposite Party No. 2, has submitted that applicants have taken advantage of old age of his father and forced him to execute a Will in favour of applicants. He was not in best of his mental condition. Complainant's father died in suspicious circumstances. It was not normal that on the very next date of execution of Will his father got admitted and was forcefully discharged and later on same day he died. Factum of filing a suit for cancellation of Will was not denied.

7. Heard learned counsel for parties and perused the material available on record.

8. Before adverting to rival submissions it would be relevant to refer few paragraph of a recent judgement passed by Supreme Court in **A.M. Mohan Vs. State Represented by SHO and another, 2024 SCC OnLine SC 339:-**

*"9. The law with regard to exercise of jurisdiction under Section 482 of Cr. P.C. to quash complaints and criminal proceedings has been succinctly summarized by this Court in the case of Indian Oil Corporation v. NEPC India Limited1 after considering the earlier precedents. It will be apposite to refer to the following observations of this Court in the said case, which read thus:*

*"12. The principles relating to exercise of jurisdiction under Section 482 of the Code of Criminal Procedure to quash complaints and criminal proceedings have been stated and reiterated by this Court in several decisions. To mention a few—Madhavrao Jiwajirao Scindia v. Sambhajirao Chandrojirao Angre [(1988) 1 SCC 692 : 1988 SCC (Cri) 234], State of*

*Haryana v. Bhajan Lal [1992 Supp (1) SCC 335 : 1992 SCC (Cri) 426], Rupan Deol Bajaj v. Kanwar Pal Singh Gill [(1995) 6 SCC 194 : 1995 SCC (Cri) 1059], Central Bureau of Investigation v. Duncans Agro Industries Ltd. [(1996) 5 SCC 591 : 1996 SCC (Cri) 1045], State of Bihar v. Rajendra Agrawalla [(1996) 8 SCC 164 : 1996 SCC (Cri) 628], Rajesh Bajaj v. State NCT of Delhi [(1999) 3 SCC 259 : 1999 SCC (Cri) 401], Medchl Chemicals & Pharma (P) Ltd. v. Biological E. Ltd. [(2000) 3 SCC 269 : 2000 SCC (Cri) 615], Hridaya Ranjan Prasad Verma v. State of Bihar [(2000) 4 SCC 168 : 2000 SCC (Cri) 786], M. Krishnan v. Vijay Singh [(2001) 8 SCC 645 : 2002 SCC (Cri) 19] and Zandu Pharmaceutical Works Ltd. v. Mohd. Sharaful Haque [(2005) 1 SCC 122 : 2005 SCC (Cri) 283]. The principles, relevant to our purpose are:*

*(i) A complaint can be quashed where the allegations made in the complaint, even if they are taken at their face value and accepted in their entirety, do not prima facie constitute any offence or make out the case alleged against the accused. For this purpose, the complaint has to be examined as a whole, but without examining the merits of the allegations. Neither a detailed inquiry nor a meticulous analysis of the material nor an assessment of the reliability or genuineness of the allegations in the complaint, is warranted while examining prayer for quashing of a complaint.*

*(ii) A complaint may also be quashed where it is a clear abuse of the process of the court, as when the criminal proceeding is found to have been initiated with mala fides/malice for wreaking vengeance or to cause harm, or where the allegations are absurd and inherently improbable.*

*(iii) The power to quash shall not, however, be used to stifle or scuttle a legitimate prosecution. The power should be used sparingly and with abundant caution.*

*(iv) The complaint is not required to verbatim reproduce the legal ingredients of the offence alleged. If the necessary factual foundation is laid in the complaint, merely on the ground that a few ingredients have not been stated in detail, the proceedings should not be quashed. Quashing of the complaint is warranted only where the complaint is so bereft of even the basic facts which are absolutely necessary for making out the offence.*

*(v)* ***A given set of facts may make out : (a) purely a civil wrong; or (b) purely a criminal offence; or (c) a civil wrong as also a criminal offence. A commercial transaction or a contractual dispute, apart from furnishing a cause of action for seeking remedy in civil law, may also involve a criminal offence. As the nature and scope of a civil proceeding are different from a criminal proceeding, the mere fact that the complaint relates to a commercial transaction or breach of contract, for which a civil remedy is available or has been availed, is not by itself a ground to quash the criminal proceedings. The test is whether the allegations in the complaint disclose a criminal offence or not."***

9. It is well settled that process of summoning is a serious matter. It became more serious when order of summoning is for offence under Section 304 IPC, i.e., culpable homicide not amounting to murder. It is on record that on investigation of FIR, a final report was prepared and despite further investigation again a final report was submitted that no case is made

out. It is also on record that a suit for cancellation of Will is filed at the behest of Complainant against present applicants.

10. In above background, the Court proceed to consider statements recorded under Sections 200 and 202 Cr.P.C. as well as impugned order passed under Section 204 Cr.P.C. and relevant part thereof are mentioned hereinafter:

11. Complainant in his statement recorded under Section 200 Cr.P.C. has narrated the version made in protest petition which appears to be corroborated to some extent by statements of witnesses. However, Court has to examine, whether on basis of above referred statements there are sufficient ground to proceed against applicants as well as whether Complainant has given cloak of criminality to a case which is essentially of civil nature.

12. In this regard the reason assigned by Trial Court in impugned order could become relevant that on basis of material available there was a suspicion that father

of Complainant died under unnatural circumstances and essentially on basis of such reason it was considered to be a case of 'cheating', i.e., under Section 420 IPC as well as Section 304 IPC.

13. At this stage, it would be relevant to mention few paragraphs of judgments passed by Supreme Court in **Lalankumar Singh and others vs. State of Maharashtra, 2022 SCC OnLine SC 1383 and Sachin Gang vs. State of U.P. and another, 2024 INSC 72**, as under:

**Lalankumar Singh (supra)**

*"38. The order of issuance of process is not an empty formality. The Magistrate is required to apply his mind as to whether sufficient ground for proceeding exists in the case or not. The formation of such an opinion is required to be stated in the order itself. The order is liable to be set aside if no reasons are given therein while coming to the conclusion that there is a prima facie case against the accused. No doubt, that the order need not contain detailed reasons. A reference in this respect could be made to the judgment of this Court in the case of Sunil Bharti Mittal v. Central Bureau of Investigation, (2015) 4 SCC 609 which reads thus:*

*"51. On the other hand, Section 204 of the Code deals with the issue of process, if in the opinion of the Magistrate taking cognizance of an offence, there is sufficient ground for proceeding. This section relates to commencement of a criminal proceeding. If the Magistrate taking cognizance of a case (it may be the Magistrate receiving the complaint or to whom it has been transferred under Section 192), upon a consideration of the materials before him (i.e. the complaint, examination of the complainant and his witnesses, if present, or report of inquiry, if any), thinks that there is a prima facie case for proceeding in respect of an offence, he shall issue process against the accused.*

*52. A wide discretion has been given as to grant or refusal of process and it must be judicially exercised. A person ought not to be dragged into court merely because a complaint has been filed. If a prima facie case has been made out, the Magistrate ought to issue process and it cannot be refused merely because he thinks that it is unlikely to result in a conviction.*

***53. However, the words "sufficient ground for proceeding" appearing in Section 204 are of immense importance. It is these words which amply suggest that an opinion is to be formed only after due application of mind that there is sufficient basis for proceeding against the said accused and formation of such an opinion is to be stated in the order itself. The order is liable to be set aside if no reason is given therein while coming to the conclusion that there is prima facie case against the accused, though the order need not contain detailed reasons. A fortiori, the order would be bad in law if the reason given turns out to be ex facie incorrect."***

**Sachin Garg (supra)**

***"18. While it is true that at the stage of issuing summons a magistrate only needs to be satisfied with a prima facie case for taking cognizance, the duty of the magistrate is also to be satisfied whether there is sufficient ground for proceeding, as has been held in the case of Jagdish Ram (supra). The same proposition of law has been laid down in the case of Pepsi Foods Ltd. and Anr. -vs Special Judicial Magistrate and Ors. [(1998) 5 SCC 749]. The learned Magistrate's order issuing summons records the background of the case in rather longish detail but reflects his***

***satisfaction in a cryptic manner...."***
*(Emphasis supplied)*

14. In above background and taking note that Complainant has already filed a civil suit for cancellation of Will, at this stage there is no material before Trial Court as well as no reason has been assigned that there are sufficient ground to proceed against applicants to summon under Section 420 IPC. The ingredients of Section 420 IPC that applicants have cheated and thereby dishonestly induces the person deceived to deliver any property, are not made out as at this stage it could not be concluded that deceased has signed Will under force. In this regard I have also perused photocopy of Will wherein not only thumb impression of deceased was marked but he has also put his signatures.

15. With regard to summon under Section 304 IPC, Trial Court has noted that Will was executed on 27.01.2017 and executor was admitted in Hospital on same day and he expired on next date. Trial Court considered the said circumstances suspicious and sufficient to summon applicants. In this regard Trial Court has taken note of statement of Complainant and his mother. However, without any post mortem report or without any statement of Doctor before Trial Court only on basis that executor of Will, a person aged about 80 years, died on very next day as well as without any medical report that he was a person of unsound mind, I do not find that there are sufficient ground to proceed against applicants to summon them under Section 304 IPC also. Accordingly, ingredients of Section 304 IPC are also not made out. Court has taken note of **Lalankumar Singh (supra)** and **Sachin Garg (supra).**

16. In in view of above and taking note of **A.M. Mohan (supra),** application is allowed. Impugned summoning order dated 02.12.2023 passed by Chief Judicial Magistrate, Firozabad as well as entire proceedings of Complaint Case No. 22712 of 2022 (Dev Kumar vs. Santosh Kumar Sharma and others), under Section 304, 420 IPC, Police Station Shikohabad, District Firozabad, are hereby quashed.

5. Learned counsel further submits that date mentioned in complaint, statements recorded under Sections 200 and 202 Cr.P.C. as well as in Police investigation report is different as such even ingredients under Section 406 IPC is not made out. In support of her submissions she placed reliance on a Coordinate Bench judgment of this Court in **Sanjeev Rawat alias Teetu and another vs. State of U.P. and another, Neutral Citation No. 2023:AHC:179057** and a judgment passed by Supreme Court in **M/s Eicher Tractor Ltd. and others vs. Harihar Singh and another, 2008(16) SCC 763.**

6. Per contra, learned AGA as well as learned counsel appearing for Complainant have supported the impugned order and submit that all the allegations are supported by statements recorded during proceeding and there are reasons assigned by Trial Court concerned that there are sufficient ground to proceed.

7. In order to appreciate rival submissions the Court takes note of a recent judgment passed by this Court in **Sanjay Gupta alias Sanju Mohan vs. State of U.P. and another, Neutral Citation No. 2024:AHC:105492** wherein ingredients to commit offence under Section 384 IPC were discussed in detail and Court has also placed reliance on two judgments passed by Supreme Court in **Dhananjay @ Dhandnjay Kumar Singh Vs. State of Bihar and others, (2007)14 SCC 768 and Salib @ Shalu @ Salim vs. State of U.P. and others, 2023 INSC 687.** Relevant paragraphs of Sanjay Gupta alias Sanju Mohan (supra) are reproduced hereinafter:

*"10. In order to appreciate, whether contents of Section 387 IPC are made out or not, it would be appropriate to reproduce relevant part of judgments passed by Supreme Court in Dhananjay @ Dhandnjay Kumar Singh Vs. State of Bihar and others, (2007)14 SCC 768 and Salib @ Shalu @ Salim vs. State of U.P. and others, 2023 INSC 687:*

*Dhananjay @ Dhandnjay Kumar Singh (Supra)*

*"5.Section 384 provides for punishment for extortion. What would be an extortion is provided under Section 383 of the Penal Code in the following terms:*

*"383.Extortion.--Whoever intentionally puts any person in fear of any injury to that person, or to any other, and thereby dishonestly induces the person so put in fear to deliver to any person any property or valuable security, or anything signed or sealed which may be converted into a valuable security, commits ''extortion'."*

*6.A bare perusal of the aforementioned provision would demonstrate that the following ingredients would constitute the offence:*

*1. The accused must put any person in fear of injury to that person or any other person.*

*2. The putting of a person in such fear must be intentional.*

*3. The accused must thereby induce the person so put in fear to deliver to any person any property, valuable security or anything signed or sealed which may be converted into a valuable security.*

*4. Such inducement must be done dishonestly.*

*7. A First Information Report as is well known, must be read in its entirety. It is not in dispute that the parties entered into transactions relating to supply of bags. The fact that some amount was due to the appellant from the First Informant, is not in dispute. The First Information Report itself disclosed that accounts were settled a year prior to the date of incident and the appellant owed a sum of about Rs.400-500 from (sic) Gautam Dubey (sic).*

*8. According to the said Gautam Dubey, however, a sum of Rs.1500/- only was due to him.*

*9. It is in the aforementioned premise the allegations that Gautam Dubey and the appellant slapped the first informant and took out Rs.1580/- from his upper pocket must be viewed.*

*10. No allegation was made that the money was paid by the informant having been put in fear of injury or putting him in such fear by the appellant was intentional.*

*11. The first informant, admittedly, has also not delivered any property or valuable security to the appellant.*

*12. A distinction between theft and extortion is well known. Whereas offence of extortion is carried out by overpowering the will of the owner; in commission of an offence of theft the offender's intention is always to take without that person's consent.*

*13. We, therefore, are of the opinion that having regard to the facts and circumstances of the case, no case under Section 384 of the Penal Code was made out in the first information report."*

<u>*Salib @ Shalu @ Salim (supra)*</u>

*"21. "Extortion" has been defined in Section 383 of the IPC as follows:—*

*"Section 383. Extortion.—Whoever intentionally puts any person in fear of any injury to that person, or to any other, and thereby dishonestly induces the person so put in fear to deliver to any person any property or valuable security or anything signed or sealed which may be converted into a valuable security, commits 'extortion.*

*Illustrations*

*(a) A threatens to publish a defamatory libel concerning Z unless Z gives him money. He thus induces Z to give him money. A has committed extortion.*

*(b) A threatens Z that he will keep Z's child in wrongful confinement, unless Z will sign and deliver to A a promissory note binding Z to pay certain monies to A. Z sings and delivers the note. A has committed extortion.*

*(c) A threatens to send club-men to plough up Z's field unless Z will sign and deliver to B a bond binding Z under a penalty to deliver certain produce to B, and thereby induces Z to sign and deliver the bond. A has committed extortion.*

*(d) A, by putting Z in fear of grievous hurt, dishonestly induces Z to sign or affix his seal to a blank paper and deliver it to A. Z sings and delivers the paper to A. Here, as the paper so signed may be converted into a valuable security. A has committed extortion."*

*22. So from the aforesaid, it is clear that one of the necessary ingredients of the offence of extortion is that the victim must be induced to deliver to any person any property or valuable security, etc. That is to say, the delivery of the property must be with consent which has been obtained by putting the person in fear of any injury. In contrast to theft, in extortion there is an element of consent, of course, obtained by putting the victim in fear of injury. In extortion, the will of the victim has to be*

*overpowered by putting him or her in fear of injury. Forcibly taking any property will not come under this definition. It has to be shown that the person was induced to part with the property by putting him in fear of injury. The illustrations to the Section given in the IPC make this perfectly clear.*

*23. In the aforesaid context, we may refer to the following observations made by a Division Bench of the High Court of Patna in Ramyad Singh v. Emperor Criminal Revision No. 125 of 1931 (Pat):-*

*"If the facts had been that the complainant's thumb had been forcibly seized by one of the petitioners and had been applied to the piece of paper notwithstanding his struggles and protests, then I would agree that there is good ground for saying that the offence committed whatever it may be, was not the offence of extortion because the complainant would not have been induced by the fear of injury but would have simply been the subject of actual physical compulsion."*

*It was held:-*

*"It is clear that this definition makes it necessary for the prosecution to prove that the victims Narain and Sheonandan were put in fear of injury to themselves or to others, and further, were thereby dishonestly induced to deliver papers containing their thumb impressions. The prosecution story in the present case goes no further than that thumb impressions were 'forcibly taken' from them. The details of the forcible taking were apparently not put in evidence. The trial Court speaks of the wrists of the victims being caught and of their thumb impressions being then 'taken' ……. The lower Courts only speak of the forcible taking of the victim's thumb impression; and as this does not necessarily involve inducing the victim to deliver papers with his thumb impressions (papers which could no doubt be converted into valuable securities), I must hold that the offence of extortion is not established."*

*24. Thus, it is relevant to note that nowhere the first informant has stated that out of fear, she paid Rs. 10 Lakh to the accused persons. To put it in other words, there is nothing to indicate that there was actual delivery of possession of property (money) by the person put in fear. In the absence of anything to even remotely suggest that the first informant parted with a particular amount after being put to fear of any injury, no offence under Section 386 of the IPC can be said to have been made out." (Emphasis supplied)*

*11. I have carefully perused the contents of complaint, statements recorded under Sections 200 and 202 Cr.P.C. as well as impugned order. As referred in Dhananjay @ Dhandnjay Kumar Singh (supra) and Salib @ Shalu @ Salim (supra), in order to make out a case of extortion, one of the essential ingredient is to deliver any property or valuable security being under threat by Complainant to accused, whereas in the present case such ingredient is absolutely missing as it was not a case of Complainant that he actually handed over Rs. 5 lacs to accused.*

*12. The nature of allegation is that Complainant was put under threat of fear of death that he has to pay Rs. 5 lacs to run the business of Gutkha but admittedly no amount was paid. A reference be taken of statement of Complainant and other witnesses being part of present order that, "बंदूक तान दी और बोले कि अगर अपना गुटखा चलाना हो तो मुझे 5,00,000 रूपये हर महीने दो".*

*13. The words used in Section 387 IPC, i.e., "in order to the committing*

*of extortion" is used for an act committed during act of extortion and for that act of extortion has to be concluded in terms of Section 383 IPC.*

*14. In aforesaid circumstances, since in the present case act of 'extortion' was not concluded as Rs. 5 lacs was not paid, therefore, offence under Section 383 IPC was not made out and consequently offence under Section 387 IPC was also not made out. [See, Dhananjay @ Dhandnjay Kumar Singh (supra) and Salib @ Shalu @ Salim (supra)]"*

8. As referred above, in order to prove the offence of extortion there must be delivery of amount demanded. However, as clearly reflected from statements of Complainant as well as witnesses the alleged demand of Rs. 1 crore was never materialized as it was never handed over by Complaint to applicants. As such, offence under Section 383 IPC punishable under Section 384 IPC is not made out.

9. In order to appreciate the submission with regard to offence under Section 504 IPC, the Court takes note of a judgment passed by Supreme Court in **Mohammad Wajid and another vs. State of U.P. and others, 2023 INSC 683** wherein the Court considered ingredients of Section 503 IPC and relevant paragraphs of judgment are mentioned hereinafter:

*"23. Chapter XXII of the IPC relates to Criminal Intimidation, Insult and Annoyance. Section 503 reads thus:-*

*"Section 503. Criminal intimidation. —Whoever threatens another with any injury to his person, reputation or property, or to the person or reputation of any one in whom that person is interested, with intent to cause alarm to that person, or to cause that person to do any act which he is not legally bound to do, or to omit to do any act which that person is legally entitled to do, as the means of avoiding the execution of such threat, commits criminal intimidation.*

*Explanation.—A threat to injure the reputation of any deceased person in whom the person threatened is interested, is within this section.*

*Illustration*

*A, for the purpose of inducing B to resist from prosecuting a civil suit, threatens to burn B's house. A is guilty of criminal intimidation."*

*Section 504 reads thus:-*

*"Section 504. Intentional insult with intent to provoke breach of the peace.—Whoever intentionally insults, and thereby gives provocation to any person, intending or knowing it to be likely that such provocation will cause him to break the public peace, or to commit any other offence, shall be punished with imprisonment of either description for a term which may extend to two years, or with fine, or with both."*

*XXXXX*

*24. An offence under Section 503 has following essentials:-*

*1) Threatening a person with any injury;*

*(i) to his person, reputation or property; or*

*(ii) to the person, or reputation of any one in whom that person is interested.*

*2) The threat must be with intent;*

*(i) to cause alarm to that person; or*

*(ii) to cause that person to do any act which he is not legally bound to do as the means of avoiding the execution of such threat; or*

*(iii) to cause that person to omit to do any act which that person is legally*

*entitled to do as the means of avoiding the execution of such threat.*

*25. Section 504 of the IPC contemplates intentionally insulting a person and thereby provoking such person insulted to breach the peace or intentionally insulting a person knowing it to be likely that the person insulted may be provoked so as to cause a breach of the public peace or to commit any other offence. Mere abuse may not come within the purview of the section. But, the words of abuse in a particular case might amount to an intentional insult provoking the person insulted to commit a breach of the public peace or to commit any other offence. If abusive language is used intentionally and is of such a nature as would in the ordinary course of events lead the person insulted to break the peace or to commit an offence under the law, the case is not taken away from the purview of the Section merely because the insulted person did not actually break the peace or commit any offence having exercised self control or having been subjected to abject terror by the offender. In judging whether particular abusive language is attracted by Section 504, IPC, the court has to find out what, in the ordinary circumstances, would be the effect of the abusive language used and not what the complainant actually did as a result of his peculiar idiosyncrasy or cool temperament or sense of discipline. It is the ordinary general nature of the abusive language that is the test for considering whether the abusive language is an intentional insult likely to provoke the person insulted to commit a breach of the peace and not the particular conduct or temperament of the complainant.*

*26. Mere abuse, discourtesy, rudeness or insolence, may not amount to an intentional insult within the meaning of Section 504, IPC if it does not have the necessary element of being likely to incite the person insulted to commit a breach of the peace of an offence and the other element of the accused intending to provoke the person insulted to commit a breach of the peace or knowing that the person insulted is likely to commit a breach of the peace. Each case of abusive language shall have to be decided in the light of the facts and circumstances of that case and there cannot be a general proposition that no one commits an offence under Section 504, IPC if he merely uses abusive language against the complainant. In King Emperor v. Chunnibhai Dayabhai, (1902) 4 Bom LR 78, a Division Bench of the Bombay High Court pointed out that:-*

*"To constitute an offence under Section 504, I.P.C. it is sufficient if the insult is of a kind calculated to cause the other party to lose his temper and say or do something violent. Public peace can be broken by angry words as well as deeds." (Emphasis supplied)*

10. As discussed above, in the statements of Complainant as well as witnesses the nature of threat is not specified that whether it will fall within the parameters that person to whom insult was made was likely to commit an act which would provoke breach of peace. As such, ingredients of Section 504 IPC are also not made out.

11. Lastly, this Court proceed to consider the argument with regard to offence under Section 406 IPC, i.e., criminal breach of trust. There is merit in the argument of learned counsel for applicant that date of offence of criminal breach of trust are different, therefore, the very basis of offence does not survive. Still this Court further proceed that even the statements considered to be true, can it be a

case of criminal breach of trust since basis element of entrustment is missing. In this regard, it would be apposite to refer a judgement passed by Supreme Court in **Vijay Kumar Ghai and others vs. State of West Bengal and others, (2022) 7 SCC 124** wherein the ingredients for criminal breach of trust were discussed and relevant paragraphs thereof are mentioned hereinafter:

*"27. Section 405 of IPC defines "Criminal Breach of Trust" which reads as under: -*

***"405. Criminal breach of trust.--*** *Whoever, being in any manner entrusted with property, or with any dominion over property, dishonestly misappropriates or converts to his own use that property, or dishonestly uses or disposes of that property in violation of any direction of law prescribing the mode in which such trust is to be discharged, or of any legal contract, express or implied, which he has made touching the discharge of such trust, or wilfully suffers any other person so to do, commits "criminal breach of trust".*

*The essential ingredients of the offence of criminal breach of trust are:-*

*(1) The accused must be entrusted with the property or with dominion over it,*

*(2) The person so entrusted must use that property, or;*

*(3) The accused must dishonestly use or dispose of that property or wilfully suffer any other person to do so in violation,*

*(a) of any direction of law prescribing the mode in which such trust is to be discharged, or;*

*(b) of any legal contract made touching the discharge of such trust.*

*28. "Entrustment" of property under Section 405 of the Indian Penal Code, 1860 is pivotal to constitute an offence under this. The words used are, "in any manner entrusted with property'. So, it extends to entrustments of all kinds whether to clerks, servants, business partners or other persons, provided they are holding a position of "trust'. A person who dishonestly misappropriates property entrusted to them contrary to the terms of an obligation imposed is liable for a criminal breach of trust and is punished under Section 406 of the Penal Code.*

*29. The definition in the section does not restrict the property to movables or immoveable alone. This Court in R K Dalmia vs Delhi Administration, (1963) 1 SCR 253 held that the word "property' is used in the Code in a much wider sense than the expression "moveable property'. There is no good reason to restrict the meaning of the word "property' to moveable property only when it is used without any qualification in Section 405.*

*30. In Sudhir Shantilal Mehta Vs. CBI, (2009) 8 SCC 1 it was observed that the act of criminal breach of trust would, Interalia mean using or disposing of the property by a person who is entrusted with or has otherwise dominion thereover. Such an act must not only be done dishonestly but also in violation of any direction of law or any contract express or implied relating to carrying out the trust."*

12. In view of above, since ingredients of above referred offences are not made out, therefore, it is a fit case wherein inherent power under Section 482 Cr.P.C. can be exercised in the light of para 102 of judgment passed by Supreme Court in **State of Haryana v. Bhajan Lal, 1992 Supp (1) SCC 335 : 1992 SCC (Cri) 426.** For reference para 102(7) of **Bhajan Lal (supra)** is reproduced hereinafter:

*"(7) Where a criminal proceeding is manifestly attended with mala fide and/or where the proceeding is maliciously instituted with an ulterior motive for wreaking vengeance on the accused and with a view to spite him due to private and personal grudge."*

13. Since Applicant-1 has already initiated criminal proceedings against her husband and in-laws, therefore, it is a case wherein opposite parties have initiated present proceedings for wreaking vengeance.

14. The outcome of above discussion is that, the application is allowed. Entire proceedings of Complaint Case No. 3921 of 2023 as well as summoning order dated 18.12.2023 passed by Additional Civil Judge (Senior Division)/ Additional Chief Judicial Magistrate, Court No. 4, Ghaziabad, are hereby quashed.

15. Registrar (Compliance) to take steps.

(Delivered by Hon'ble Saurabh Lavania, J.)

1. Heard.

2. Shri Nadeem Murtaza, learned counsel for the opposite party has raised preliminary objection regarding the maintainability of the instant application under Section 482 Cr.P.C..

3. By means of the instant application under Section 482 Cr.P.C., the applicant has challenged the order dated 13.04.2018 which has been passed by Additional District Judge/ Special Judge (Essential Commodities Act), Room No. 2, Barabanki (in short "revisional Court") in Criminal revision No. 128 of 2017 (Drig Pal Singh Vs. State of U.P.).

4. The revisional Court vide order dated 13.04.2018 interfered in the summoning order dated 31.05.2017 passed by C.J.M., Barabanki (in short "Magistrate") whereby the Magistrate summoned the persons impleaded as opposite parties in Complaint Case no. 191/2016 (Ram Sanehi Vs. Drig Pal Singh) under sections 147, 148, 149, 302, 504 IPC, Police Station - Tikait Nagar, District - Barabanki.

5. On the issue of maintainability, it is stated by Shri Nadeem Murtaza, learned counsel for the opposite parties that the order dated 13.04.2018 under challenge was passed by revisional Court in exercise of powers under Section 397 Cr.P.C. and the remedy of revision is available under the said section to the presentapplicant which is permissible under the law, and as such in view of the statutory remedy available to the applicant, the present application is not maintainable.

6. In support of his submissions, reliance has been placed on the judgement passed by Hon'ble Apex Court in the case of **Vipin Sahni and Another Vs. Central Bureau of Investigation,** reported in **2024 SCC OnLine SC 511**. Relevant para of the judgment reads as under:

*"23. As regards the objection raised by the appellants as to the maintainability of the CBI's petition filed before the High Court under Section 482 Cr. P.C., we may note that, as per Article 131 in the Schedule to the Limitation Act, 1963, the limitation period for filing a criminal revision under Section 397 Cr. P.C., be it before the High Court or the Sessions Court, is 90 days. However, there is no limitation prescribed for invocation of the inherent powers of the High Court under Section 482 Cr. P.C. and it can be at any time. It is a matter of record that when the learned Special Magistrate, CBI Court, dismissed the appellants' discharge petition in the first instance, they had filed a revision before the Sessions Court under Section 397 Cr. P.C. and the matter was remanded for hearing afresh. However, the CBI did not choose to adopt this course when the appellants' discharge petition was allowed by the learned Special Magistrate in the second round. Long after the expiry of the limitation period of 90 days, the CBI filed a petition before the High Court at Allahabad under Section 482 Cr. P.C. This was obviously to get over the hurdle of the limitation for filing of a revision under Section 397 Cr. P.C. <u>In this regard, useful reference may be made to the decision of this Court in Mohit alias Sonu v. State of U.P.3, wherein it was observed thus:</u>*

*'28. So far as the inherent power of the High Court as contained in Section 482 CrPC is concerned, the law in this regard is set at rest by this Court in a catena of decisions. However, we would like to reiterate that when an order, not*

*interlocutory in nature, can be assailed in the High Court in revisional jurisdiction, then there should be a bar in invoking the inherent jurisdiction of the High Court. In other words, inherent power of the Court can be exercised when there is no remedy provided in the Code of Criminal Procedure for redressal of the grievance. It is well settled that the inherent power of the Court can ordinarily be exercised when there is no express provision in the Code under which order impugned can be challenged.*

*29. Courts possess inherent power in other statute also like the Code of Civil Procedure (CPC), Section 151 whereof deals with such power. Section 151 CPC reads:*

*"**151. Saving of inherent powers of court.**—Nothing in this Code shall be deemed to limit or otherwise affect the inherent power of the court to make such orders as may be necessary for the ends of justice or to prevent abuse of the process of the court."*

*30. This Court in Padam Sen v. State of U.P. [AIR 1961 SC 218 : (1961) 1 Cri LJ 322] regarding inherent power of the Court under Section 151 CPC observed : (AIR p. 219, para 8)*

*"8. ... The inherent powers of the court are in addition to the powers specifically conferred on the court by the Code. They are complementary to those powers and therefore it must be held that the Court is free to exercise them for the purposes mentioned in Section 151 of the Code when the exercise of those powers is not in any way in conflict with what has been expressly provided in the Code or against the intentions of the legislature. It is also well recognised that the inherent power is not to be exercised in a manner which will be contrary to or different from the procedure expressly provided in the Code."*

*31. In a Constitution Bench decision rendered in Manohar Lal Chopra v. Seth Hiralal [AIR 1962 SC 527], this Court held that : (AIR p. 537, para 43)*

*"43. ... The inherent jurisdiction of the court to make orders ex debito justitiae is undoubtedly affirmed by Section 151 of the Code, but [inherent] jurisdiction cannot be exercised so as to nullify the provisions of the Code of Civil Procedure. Where the Code of Civil Procedure deals expressly with a particular matter, the provision should normally be regarded as exhaustive."*

*32. The intention of the legislature enacting the Code of Criminal Procedure and the Code of Civil Procedure vis-à-vis the law laid down by this Court it can safely be concluded that when there is a specific remedy provided by way of appeal or revision the inherent power under Section 482 CrPC or Section 151 CPC cannot and should not be resorted to.'*

*24. In the light of the above edict, it was not open to the CBI to blithely ignore the statutory remedy available to it under Section 397 Cr. P.C. and thereafter resort to filing of an application under Section 482 Cr. P.C."*

7. In response, it is stated by learned counsel for the applicant that the present application was entertained by this Court challenging the order passed by the revisional Court in exercise of power under Section 397 Cr.P.C. read with Section 399 Cr.P.C. and thereafter, the final order was passed on 09.05.2018 whereby this Court allowed the present application and set aside the order dated 13.04.2018 and directed the Magistrate to proceed in accordance with law without any delay. Thereafter aggrieved, the parties

approached the Hon'ble Apex Court by filing **SLP(Crl.) No. 8396 of 2018 (Drigpal Singh and Ors. Vs. Sanehi @ Ram Sanehi and Ors.),** which was converted into **Criminal Appeal No. 366 of 2024** and the Hon'ble Apex Court after considering the fact that all the accused were not impleaded in the instant application interfered in the judgment dated 09.05.2018 passed by this Court and remanded the matter back and in terms of the said order, the instant application is listed before this Court for final disposal, after impleading all the accused.

8. It is thus stated that in the aforesaid background of the case as also the law laid down by the Hon'ble Apex Court in the case of **Prabhu Chawla Vs. State of Rajasthan & Anr.** reported in **(2016) SCC OnLine SC 905**, the application is liable to be entertained, heard and decided on merits. Reference has been made to following paragraphs:

*"5. Mr Goswami also placed strong reliance upon the judgment of Krishna Iyer, J. in a Division Bench in Raj Kapoor v. State [Raj Kapoor v. State, (1980) 1 SCC 43 : 1980 SCC (Cri) 72] . Relying upon the judgment of a Bench of three Judges in Madhu Limaye v. State of Maharashtra [Madhu Limaye v. State of Maharashtra, (1977) 4 SCC 551 : 1978 SCC (Cri) 10] and quoting therefrom, Krishna Iyer, J. in his inimitable style made the law crystal clear in para 10 which runs as follows : (Raj Kapoor case [Raj Kapoor v. State, (1980) 1 SCC 43 : 1980 SCC (Cri) 72] , SCC pp. 47-48)*

*"10. The first question is as to whether the inherent power of the High Court under Section 482 stands repelled when the revisional power under Section 397 overlaps. The opening words of Section 482 contradict this contention because nothing of the Code, not even Section 397, can affect the amplitude of the inherent power preserved in so many terms by the language of Section 482. Even so, a general principle pervades this branch of law when a specific provision is made : easy resort to inherent power is not right except under compelling circumstances. Not that there is absence of jurisdiction but that inherent power should not invade areas set apart for specific power under the same Code. In Madhu Limaye v. State of Maharashtra [Madhu Limaye v. State of Maharashtra, (1977) 4 SCC 551 : 1978 SCC (Cri) 10] this Court has exhaustively and, if I may say so with great respect, correctly discussed and delineated the law beyond mistake. While it is true that Section 482 is pervasive it should not subvert legal interdicts written into the same Code, such, for instance, in Section 397(2). Apparent conflict may arise in some situations between the two provisions and a happy solution 'would be to say that the bar provided in sub-section (2) of Section 397 operates only in exercise of the revisional power of the High Court, meaning thereby that the High Court will have no power of revision in relation to any interlocutory order. Then in accordance with one of the other principles enunciated above, the inherent power will come into play, there being no other provision in the Code for the redress of the grievance of the aggrieved party. But then, if the order assailed is purely of an interlocutory character which could be corrected in exercise of the revisional power of the High Court under the 1898 Code, the High Court will refuse to exercise its inherent power. But in case the impugned order clearly brings about a situation which is an abuse of the process of the court or for the purpose of securing the ends of justice*

*interference by the High Court is absolutely necessary, then nothing contained in Section 397(2) can limit or affect the exercise of the inherent power by the High Court. But such cases would be few and far between. The High Court must exercise the inherent power very sparingly. One such case would be the desirability of the quashing of a criminal proceeding initiated illegally, vexatiously or as being without jurisdiction'. (SCC pp. 555-56, para 10)*

*In short, there is no total ban on the exercise of inherent power where abuse of the process of the court or other extraordinary situation excites the Court's jurisdiction. The limitation is self-restraint, nothing more. The policy of the law is clear that interlocutory orders, pure and simple, should not be taken up to the High Court resulting in unnecessary litigation and delay. At the other extreme, final orders are clearly capable of being considered in exercise of inherent power, if glaring injustice stares the court in the face. In between is a tertium quid, as Untwalia, J. has pointed out as for example, where it is more than a purely interlocutory order and less than a final disposal. The present case falls under that category where the accused complain of harassment through the court's process. Can we state that in this third category the inherent power can be exercised? In the words of Untwalia, J. : (SCC p. 556, para 10)*

*'10. ... The answer is obvious that the bar will not operate to prevent the abuse of the process of the court and/or to secure the ends of justice. The label of the petition filed by an aggrieved party is immaterial. The High Court can examine the matter in an appropriate case under its inherent powers. The present case undoubtedly falls for exercise of the power of the High Court in accordance with Section 482 of the 1973 Code, even assuming, although not accepting, that invoking the revisional power of the High Court is impermissible.'*

*I am, therefore clear in my mind that the inherent power is not rebuffed in the case situation before us. Counsel on both sides, sensitively responding to our allergy for legalistics, rightly agreed that the fanatical insistence on the formal filing of a copy of the order under cessation need not take up this Court's time. Our conclusion concurs with the concession of counsel on both sides that merely because a copy of the order has not been produced, despite its presence in the records in the court, it is not possible for me to hold that the entire revisory power stands frustrated and the inherent power stultified."*

*6. In our considered view any attempt to explain the law further as regards the issue relating to inherent power of the High Court under Section 482 CrPC is unwarranted. We would simply reiterate that Section 482 begins with a non obstante clause to state:*

***"482. Saving of inherent powers of High Court.****—Nothing in this Code shall be deemed to limit or affect the inherent powers of the High Court to make such orders as may be necessary to give effect to any order under this Code, or to prevent abuse of the process of any court or otherwise to secure the ends of justice."*

*A fortiori, there can be no total ban on the exercise of such wholesome jurisdiction where, in the words of Krishna Iyer, J.*

*"abuse of the process of the court or other extraordinary situation excites the Court's jurisdiction. The limitation is self-restraint, nothing more". (Raj Kapoor case [Raj Kapoor v. State, (1980) 1 SCC 43 : 1980 SCC (Cri) 72] , SCC p. 48, para 10)*

*We venture to add a further reason in support. Since Section 397 CrPC is attracted against all orders other than interlocutory, a contrary view would limit the availability of inherent powers under Section 482 CrPC only to petty interlocutory orders! A situation wholly unwarranted and undesirable.*

*7. As a sequel, we are constrained to hold that the Division Bench, particularly in para 28, in Mohit [Mohit v. State of U.P., (2013) 7 SCC 789 : (2013) 3 SCC (Cri) 727] in respect of inherent power of the High Court in Section 482 CrPC does not state the law correctly. We record our respectful disagreement.*

*8. In our considered opinion the learned Single Judge of the High Court should have followed the law laid down by this Court in Dhariwal Tobacco Products Ltd. [Dhariwal Tobacco Products Ltd. v. State of Maharashtra, (2009) 2 SCC 370 : (2009) 1 SCC (Cri) 806] and other earlier cases which were cited but wrongly ignored them in preference to a judgment of that Court in Sanjay Bhandari [Sanjay Bhandari v. State of Rajasthan, (2009) 1 Cri LR 282 : 2009 SCC OnLine Raj 456] passed by another learned Single Judge on 5-2-2009 in SB Criminal Miscellaneous Petition No. 289 of 2006 which is impugned in the connected criminal appeal arising out of Special Leave Petition No. 4744 of 2009. As a result, both the appeals, one preferred by Prabhu Chawla and the other by Jagdish Upasane and others are allowed. The impugned common order dated 2-4-2009 [Ashish Bagga v. State, 2009 SCC OnLine Raj 1552] passed by the High Court of Rajasthan is set aside and the matters are remitted back to the High Court for fresh hearing of the petitions under Section 482 CrPC in the light of law explained above and for disposal in accordance with law. Since the matters have remained pending for long, the High Court is requested to hear "5. A close scrutiny of the order of the High Court reveals that the whole basis for the High Court to pass the order impugned is that there is an alternative remedy available to the petitioner i.e. by way of revision under Section 156(3) CrPC. Hence, the jurisdiction under Section 482 CrPC cannot be exercised by indirect method when statutory remedy of revision is available. Hence, the High Court disposed of the application reserving liberty to the appellants to take appropriate steps as are available in law and further directed to complete the investigation within three months from the date of the order.*

*6. The learned counsel appearing for the appellants relied upon the judgment of this Court in Dhariwal Tobacco Products Ltd. v. State of Maharashtra [Dhariwal Tobacco Products Ltd. v. State of Maharashtra, (2009) 2 SCC 370 : (2009) 1 SCC (Cri) 806] : (SCC p. 372, para 6)*

*"6. ... Only because a revision petition is maintainable, the same by itself, in our considered opinion, would not constitute a bar for entertaining an application under Section 482 of the Code. Even where a revision application is barred, as for example the remedy by way of Section 115 of the Code of Civil Procedure, 1908, this Court has held that the remedies under Articles 226/227 of the Constitution of India would be available."*

*The learned counsel further relied upon the recent judgment of this Court in Prabhu Chawla v. State of Rajasthan [Prabhu Chawla v. State of Rajasthan, (2016) 16 SCC 30] .*

*7. After hearing the counsel and also after perusing the impugned order, we are of the considered opinion that the order of the High Court has no legs to stand in*

*view of the law laid down by this Court in Prabhu Chawla [Prabhu Chawla v. State of Rajasthan, (2016) 16 SCC 30] . In the above referred case, in view of the divergent opinions of this Court in Dhariwal Tobacco Products Ltd. [Dhariwal Tobacco Products Ltd. v. State of Maharashtra, (2009) 2 SCC 370 : (2009) 1 SCC (Cri) 806] and Mohit v. State of U.P. [Mohit v. State of U.P., (2013) 7 SCC 789 : (2013) 3 SCC (Cri) 727] , the matter was placed before the three-Judge Bench of this Court. The three-Judge Bench took the view that Section 482 CrPC begins with a non obstante clause to state:*

***"482. Saving of inherent powers of High Court.***—*Nothing in this Code shall be deemed to limit or affect the inherent powers of the High Court to make such orders as may be necessary to give effect to any order under this Code, or to prevent abuse of the process of any court or otherwise to secure the ends of justice."*

*As Section 397 CrPC is attracted against all orders other than interlocutory, a contrary view would limit the availability of inherent powers under Section 482 CrPC only to petty interlocutory orders! A situation which is wholly unwarranted and undesirable. The three-Judge Bench has confirmed the law laid down by this Court in Dhariwal Tobacco Products Ltd. [Dhariwal Tobacco Products Ltd. v. State of Maharashtra, (2009) 2 SCC 370 : (2009) 1 SCC (Cri) 806]*

*8. In view of the above settled law, mere availability of alternative remedy cannot be a ground to disentitle the relief under Section 482 CrPC and, apart from this, we feel that the learned Judge without appreciating any of the factual and legal position, in a mechanical way, passed the impugned order, which warrants interference by this Court. Accordingly, the order of the High Court is set aside and the matter is remanded to the High Court for reconsideration in the light of the settled legal position."and decide the matters expeditiously, preferably within six months."*

9. Considered the aforesaid and perused the records.

10. Before proceeding further on the issue of maintainability of the present application, it would be fruitful to extract relevant paras of the judgment passed by the Hon'ble Apex Court in the case of **Vijay and Another Vs. State of Maharasthra, (2017) 13 SCC 317,** which read as under:

*"5. A close scrutiny of the order of the High Court reveals that the whole basis for the High Court to pass the order impugned is that there is an alternative remedy available to the petitioner i.e. by way of revision under Section 156(3) CrPC. Hence, the jurisdiction under Section 482 CrPC cannot be exercised by indirect method when statutory remedy of revision is available. *The learned counsel further relied upon the recent judgment of this Court in Prabhu Chawla v. State of Rajasthan [Prabhu Chawla v. State of Rajasthan, (2016) 16 SCC 30] .*

*7. After hearing the counsel and also after perusing the impugned order, we are of the considered opinion that the order of the High Court has no legs to stand in view of the law laid down by this Court in Prabhu Chawla [Prabhu Chawla v. State of Rajasthan, (2016) 16 SCC 30] . In the above referred case, in view of the divergent opinions of this Court in Dhariwal Tobacco Products Ltd. [Dhariwal Tobacco Products Ltd. v. State of Maharashtra, (2009) 2 SCC 370 : (2009) 1 SCC (Cri) 806] and Mohit v. State of U.P. [Mohit v. State of U.P., (2013) 7 SCC 789 : (2013) 3 SCC (Cri) 727] , the matter was placed before the three-Judge Bench of this Court. The three-Judge Bench took the view that Section 482 CrPC begins with a non obstante clause to state:*

***"482. Saving of inherent powers of High Court.**—Nothing in this Code shall be deemed to limit or affect the inherent powers of the High Court to make such orders as may be necessary to give effect to any order under this Code, or to prevent abuse of the process of any court or otherwise to secure the ends of justice."*

*As Section 397 CrPC is attracted against all orders other than interlocutory, a contrary view would limit the availability of inherent powers under Section 482 CrPC only to petty interlocutory orders! A situation which is wholly unwarranted and undesirable. The three-Judge Bench has confirmed the law laid down by this Court in Dhariwal Tobacco Products Ltd. [Dhariwal Tobacco Products Ltd. v. State of Maharashtra, (2009) 2 SCC 370 : (2009) 1 SCC (Cri) 806]*

*8. In view of the above settled law, mere availability of alternative remedy cannot be a ground to disentitle the relief under Section 482 CrPC and, apart from this, we feel that the learned Judge without appreciating any of the factual and legal position, in a mechanical way, passed the impugned order, which warrants interference by this Court. Accordingly, the order of the High Court is set aside and the matter is remanded to the High Court for reconsideration in the light of the settled legal position."*

11. Upon due consideration of the aforesaid particularly the fact that the present application was finally allowed vide order dated 09.05.2018 by this Court and this order was challenged before the Hon'ble Apex Court and the Hon'ble Apex Court interfered in the order of this Court and remanded the matter back to decide the case afresh vide final judgment/order dated 23.01.2024 as also the observation made by the Hon'ble Apex Court in the case of **Prabhu Chawla (supra),** wherein the Hon'ble Apex Court with regard to judgment passed in case of **Mohit Vs. State of U.P., (2013) 7 SCC 789,** relied upon in the judgment passed in the case of **Vipin Sahni (supra),** observed that "we are constrained to hold that the Division Bench, particularly in para 28, in **Mohit (supra)** in respect of inherent power of the High Court in Section 482 CrPC does not state the law correctly. We record our respectful disagreement", and Vijay (supra), this Court, at this stage of the proceedings, is not inclined to relegate the

applicant to avail the remedy under Section 397 Cr.P.C. and accordingly, the issue of maintainability is decided.

12. Accordingly, list this case on **29.07.2024** for final disposal.

1. Heard learned counsel for the applicant and learned A.G.A. for the State as well as perused the records.

2. By means of the present application, the applicant has assailed the order dated 28.02.2023 passed by Chief Judicial Magistrate, Pratapgarh (in short "trial Court") in Criminal Misc. Case No. 349 of 2023 (Bade Lal Pandey Vs. Arpan alias Anil Pandey and Another) whereby the trial Court entertained the application preferred by the applicant under Section 156(3) Cr.P.C. as a complaint case. The order impugned, on reproduction, reads as under:

3. The applicant has also assailed the order dated 06.03.2024 passed by Additional Sessions Judge/Fast Tract Court, Pratapgarh (in short "revisional Court") passed in Criminal Revision No. 180 of 2023 (Bade Lal Pandey Vs. Arpan alias Anil Pandey and Another) whereby the revisional Court dismissed the criminal revision filed by the applicant impeaching the order dated 28.02.2023. The relevant portion of the order, on reproduction, reads as under:

4. Brief facts of the case are to the effect that the applicant preferred an application under Section 156(3) Cr.P.C. levelling allegations of conspiracy against the private opposite party nos. 2 to 6. According to this application, in nutshell, the opposite parties in the premises of the applicant hatched a conspiracy (i) to attack the applicant and his wife, (ii) to implicate

the applicant and his family in false criminal cases and (iii) to commit loot in the house of the applicant and this incident was recorded in the Closed Circuit Television (in short "CCTV") situated at the premises of the applicant. The relevant portion of the application, on reproduction, reads as under:

"(3) यह कि प्रस्तुत प्रार्थना-पत्र मुख्य रूप से दिनांक 25.04.2022 को शाम लगभग7:15 से 8बजे के मध्य पाण्डेय के घर में अभियुक्तगण द्वारा प्रार्थी व उसकी पत्नी के ऊपर जानलेवा हमला करने, और झूठे मुकदमें में फंसाने तथा घर लूट लेने आदि की योजना बनाने के संबंध में है।

(4) यह कि प्रार्थी व अभियुक्तगण /अभियुक्त 2 का घर प्रार्थी के घर से जुड़ा हुआ है तथा प्रार्थी के घर के सी०सी०टी०वी० जिसमें आवाज भी रेकॉर्ड होती है लगा हुआ है अतः विपक्षीगण की उक्त षड्यंत्रकारी योजना काफी हद तक प्रार्थी के घर में लगे सी०सी०टी०वी० में रेकॉर्ड हुई है- रेकॉर्डिंग में आवाज थोड़ी धीमी है किन्तु बात समझ आ रही है और आवश्यकता पड़ने पर पुलिस जांच के दौरान तकनीकी विभाग द्वारा आवाज को बढ़ा कर स्पष्ट सुना जा सकता है।"

5. It appears that the trial Court, taking note of the facts indicated above which includes the availability of the evidence i.e. CCTV footage with the applicant, observed that investigation in the matter is not required. Accordingly, treated the application under Section 156(3) Cr.P.C. filed by the applicant as a complaint case vide order dated 28.02.2023, quoted above.

6. The order dated 28.02.2023 was challenged by the applicant by preferring revision under Section 397 Cr.P.C., which was registered as Criminal Revision No. 180 of 2023. In the memo of revision, in nutshell, it has been stated that in the present matter, the investigation is required as such, the trial Court erred in entertaining the application under Section 156(3) Cr.P.C. as a complaint case. The revisional Court dismissed the revision vide order dated 06.03.2024, quoted above.

7. Learned counsel for the applicant, while impeaching the orders in issue, stated that the case of the appicant is squarely covered by the judgment passed by the Hon'ble Apex Court in the case of **XYZ Vs. State of M.P. and Ors.** reported in **2023 (1) JIC 538 (SC)** and **Lalita Kumari Vs. State of U.P.** reported in **(2014) 2 SCC 1.** In continuation, he stated that the evidence i.e. CCTV footage can only be retrieved/collected/recovered by the Investigating Officer during the investigation. As such, the orders are liable to be interfered and direction be issued to police to lodge an FIR.

8. Learned counsel for the applicant also submitted that an application was preferred before the trial Court in terms of order dated 26.02.2024 and along with same, the CCTV footage as also the certificate which is required under Section 65B of Indian Evidence Act, 1872 (in short "Act of 1872") were filed and this application was not considered by the revisional Court while passing the order dated 06.03.2024. Para 38 of the instant

application referred in this regard reads as under:

*"38. That the Ld. Additional Sessions Judge/Fast Track Court, Pratapgarh, on 26.02.2024, directed the Petitioner to file the CCTV footage available with him and the Petitioner along with a Miscellaneous Application Dated: 04.03.2024 narrating the part of the conversation of Opposite Party No. 2 to 6 filed the CCTV footage in a Pen Drive duly supported by a Certificate under Section 65B of the Indian Evidence Act, 1872. A certified true copy of the Miscellaneous Application narrating the conversation of Opposite Party No. 2 to 6 is being filed and marked as Annexure No. 6 to this affidavit. A certified true copy of the Certificate under Section 65B of the Indian Evidence Act, 1872 is being filed and marked as Annexure No. 7 to this affidavit."*

9. At this stage, on being asked as to whether the order dated 26.02.2024 is on record and as to whether in absence of the same, the facts related to the same mentioned in para 38 of the application can be considered.

10. In response, learned counsel for the applicant stated that the copy of the order dated 26.02.2024 has not been brought on record.

11. In view of the aforesaid, after taking note of the settled principle that pleadings are not evidence and that a party who wants to prove anything as made out in his/her pleading has to give evidence to prove his/her assertions, this Court finds that the reliance on averment made in regard to passing of order dated 26.02.2024 cannot be made.

12. Learned A.G.A. opposed the application. He stated that the order(s) passed by the trial Court as also by the revisional Court are just and proper in the facts and circumstances of the case and accordingly, no interference in the matter is required.

13. Learned counsel for the applicant in support of his contentions placed reliance on the following paras of the judgment passed in the case of **XYZ (supra):**

*"15. First, we find it appropriate to reiterate the duty of police to register an FIR whenever a cognizable offence is made out in a complaint. A Constitution Bench of this Court in Lalita Kumari v Government of Uttar Pradesh5 has laid out the position of law as summarized in the following extract of the decision:*

*"119. Therefore, in view of various counterclaims regarding registration or non-registration, what is necessary is only that the information given to the police must disclose the commission of a cognizable offence. In such a situation, registration of an FIR is mandatory. However, if no cognizable offence is made out in the information given, then the FIR need not be registered immediately and perhaps the police can conduct a sort of preliminary verification or inquiry for the limited purpose of ascertaining as to whether a cognizable offence has been committed. But, if the information given clearly mentions the commission of a cognizable offence, there is no other option but to register an FIR forthwith. Other considerations are not relevant at the stage of registration of FIR, such as, whether the information is falsely given, whether the information is genuine, whether the information is credible, etc. These are the issues that have to be verified during the investigation of the FIR. At the stage of registration of FIR, what is to be seen is*

*merely whether the information given ex facie discloses the commission of a cognizable offence. If, after investigation, the information given is found to be false, there is always an option to prosecute the complainant for filing a false FIR."*

*16. We cannot help but note that the police's inaction in this case is most unfortunate. It is every police officer's bounden duty to carry out his or her functions in a public-spirited manner. The police must be cognizant of the fact that they are usually the first point of contact for a victim of a crime or a complainant. They must abide by the law and enable the smooth registration of an FIR. Needless to say, they must treat all members of the public in a fair and impartial manner. This is all the more essential in cases of sexual harassment or violence, where victims (who are usually women) face great societal stigma when they attempt to file a complaint. It is no secret that women's families often do not approve of initiating criminal proceedings in cases of sexual harassment. Various quarters of society attempt to persuade the survivor not to register a complaint or initiate other formal proceedings, and they often succeed. Finally, visiting the police station and interacting with police officers can be an intimidating experience for many. This discomfort is often compounded if the reason for visiting the police station is to complain of a sexual offence.*

*X X X X X..*

*23. It is true that the use of the word "may" implies that the Magistrate has discretion in directing the police to investigate or proceeding with the case as a complaint case. But this discretion cannot be exercised arbitrarily and must be guided by judicial reasoning. An important fact to take note of, which ought to have been, but has not been considered by either the Trial Court or the High Court, is that the appellant had sought the production of DVRs containing the audio-video recording of the CCTV footage of the then Vice-Chancellor's (i.e., the second respondent) chamber. As a matter of fact, the Institute itself had addressed communications to the second respondent directing the production of the recordings, noting that these recordings had been handed over on his oral direction by the then Registrar of the Institute as he was the Vice-Chancellor. Due to the lack of response despite multiple attempts, the Institute had even filed a complaint with PS Gole Ka Mandir on 29 October 2021 for registering an FIR against the second respondent for theft of the DVRs.*

*24. Therefore, in such cases, where not only does the Magistrate find the commission of a cognizable offence alleged on a prima facie reading of the complaint but also such facts are brought to the Magistrate's notice which clearly indicate the need for police investigation, the discretion granted in Section 156(3) can only be read as it being the Magistrate's duty to order the police to investigate. In cases such as the present, wherein, there is alleged to be documentary or other evidence in the physical possession of the accused or other individuals which the police would be best placed to investigate and retrieve using its powers under the CrPC, the matter ought to be sent to the police for investigation."*

14. He also placed reliance on para 120 of the judgment passed in the case of **Lalita Kumari Vs. State of U.P.,** reported in (2014) 2 SCC 1, which reads as under:

*"120. In view of the aforesaid discussion, we hold:-*

*120.1. The registration of FIR is mandatory under Section 154 of the Code, if the information discloses commission of a cognizable offence and no preliminary inquiry is permissible in such a situation.*

*120.2. If the information received does not disclose a cognizable offence but indicates the necessity for an inquiry, a preliminary inquiry may be conducted only to ascertain whether cognizable offence is disclosed or not.*

*120.3. If the inquiry discloses the commission of a cognizable offence, the FIR must be registered. In cases where preliminary inquiry ends in closing the complaint, a copy of the entry of such closure must be supplied to the first informant forthwith and not later than one week. It must disclose reasons in brief for closing the complaint and not proceeding further.*

*120.4. The police officer cannot avoid his duty of registering offence if cognizable offence is disclosed. Action must be taken against erring officers who do not register the FIR if information received by him discloses a cognizable offence.*

*120.5. The scope of preliminary inquiry is not to verify the veracity or otherwise of the information received but only to ascertain whether the information reveals any cognizable offence.*

*120.6. As to what type and in which cases preliminary inquiry is to be conducted will depend on the facts and circumstances of each case. The category of cases in which preliminary inquiry may be made are as under:*

*(a) Matrimonial disputes/family disputes*
*(b) Commercial offences*
*(c) Medical negligence cases*
*(d) Corruption cases*
*(e) Cases where there is abnormal delay/laches in initiating criminal prosecution, for example, over 3 months' delay in reporting the matter without satisfactorily explaining the reasons for delay.*

*The aforesaid are only illustrations and not exhaustive of all conditions which may warrant preliminary inquiry.*

*120.7 . While ensuring and protecting the rights of the accused and the complainant, a preliminary inquiry should be made time-bound and in any case it should not exceed fifteen days generally and in exceptional cases, by giving adequate reasons, six weeks' time is provided. The fact of such delay and the causes of it must be reflected in the General Diary entry.*

*120.8. Since the General Diary/Station Diary/Daily Diary is the record of all information received in a police station, we direct that all information relating to cognizable offences, whether resulting in registration of FIR or leading to an inquiry, must be mandatorily and meticulously reflected in the said diary and the decision to conduct a preliminary inquiry must also be reflected, as mentioned above."*

15. Learned A.G.A. for the State indicated para 20 and 22 of the judgment passed in the case of **Ramdev Food Products Private Limited Vs. State of Gujarat,** reported in **(2015) 6 SCC 439:**

*"20. It has been held, for the same reasons, that direction by the Magistrate for investigation under Section 156(3) cannot be given mechanically. In Anil Kumar v. M.K. Aiyappa [(2013) 10 SCC 705 : (2014) 1 SCC (Cri) 35] , it was observed : (SCC p. 711, para 11)*

*11. "The scope of Section 156(3) CrPC came up for consideration before this Court in several cases. This Court in Maksud Saiyed case [Maksud Saiyed v. State of Gujarat, (2008) 5 SCC 668 : (2008) 2 SCC (Cri) 692] examined the requirement of the application of mind by the Magistrate before exercising jurisdiction under Section 156(3) and held that where jurisdiction is exercised on a complaint filed in terms of Section 156(3) or Section 200 CrPC, the Magistrate is required to apply his mind, in such a case, the Special Judge/Magistrate cannot refer the matter under Section 156(3) against a public servant without a valid sanction order. The application of mind by the Magistrate should be reflected in the order. The mere statement that he has gone through the complaint, documents and heard the complainant, as such, as reflected in the order, will not be sufficient. After going through the complaint, documents and hearing the complainant, what weighed with the Magistrate to order investigation under Section 156(3) CrPC, should be reflected in the order, though a detailed expression of his views is neither required nor warranted. We have already extracted the order passed by the learned Special Judge which, in our view, has stated no reasons for ordering investigation."*

*The above observations apply to category of cases mentioned in para 120.6 in Lalita Kumari [Lalita Kumari v. State of U.P., (2014) 2 SCC 1 : (2014) 1 SCC (Cri) 524] .*

*22. Thus, we answer the first question by holding that:*

*22.1. The direction under Section 156(3) is to be issued, only after application of mind by the Magistrate. When the Magistrate does not take cognizance and does not find it necessary to postpone the issuance of process and finds a case made out to proceed forthwith, direction under the said provision is issued. In other words, where on account of credibility of information available, or weighing the interest of justice it is considered appropriate to straightaway direct investigation, such a direction is issued.*

*22.2. The cases where Magistrate takes cognizance and postpones issuance of process are cases where the Magistrate has yet to determine "existence of sufficient ground to proceed". Category of cases falling under para 120.6 in Lalita Kumari [Lalita Kumari v. State of U.P., (2014) 2 SCC 1 : (2014) 1 SCC (Cri) 524] may fall under Section 202.*

*22.3. Subject to these broad guidelines available from the scheme of the Code, exercise of discretion by the Magistrate is guided by interest of justice from case to case.*

16. Learned A.G.A. also placed reliance on the judgmetn passed in the case of **Vishwanath Vs. State of U.P. and 4 Ors,** reported in **(2020) ILR 2 All 889,** wherein this Court while dealing with similar issue, after considering the relevant previsions of Cr.P.C. and various pronouncements, concluded as under:

*55. Thus, in the whole scheme of the Code of Criminal Procedure as clarified in the pronouncements of the Apex Court ranging from 1951 to 2019, it is evident that if a person has a grievance that his F.I.R. has not been registered by the police, his first remedy is to approach the Superintendent of Police under Section 154(3), Cr.P.C. or other police officer referred to in Section 36, Cr.P.C. If his grievances still persist, then he can approach a Magistrate under Section*

*156(3), Cr.P.C. He has a further remedy of filing a criminal complaint under Section 200, Cr.P.C. On receipt of the complaint, however, several courses are open to the Magistrate:*

*(i) He may take cognizance of the offence at once and proceed to record statements of the complaints and the witnesses present under Section 200, and proceed under Chapter XV and Chapter XVI, accordingly.*

*(ii) If, he thinks fit, he may postpone the issue of process and either inquire into the case himself or direct an investigation to be made by the police officer or such other process as he may thinks fit, for the purpose of deciding whether or not there is sufficient ground for proceeding. He may then issue process if in his opinion there is sufficient ground of proceeding; or dismiss the complaint if there is no sufficient ground for proceeding.*

*(iii) Yet another course open to the Magistrate is that instead of taking cognizance of the offence and following the procedure laid down under Section 200 or Section 202, he may order investigation to be made by the police under Section 156(3).*

*(iv) On receiving the police report, the Magistrate may take cognizance of the offence under Section 190(1)(b) and issue process straightway to the accused. The Magistrate may exercise his power in this behalf irrespective of the view expressed by the police in their report whether an offence has been made out or not. This is because the Magistrate is not bound by the opinion of the police officer as to whether an offence has been made out or not.*

*56. Thus, the above discussion pertaining to the power of the Magistrate under Section 156(3) in Chapter XII read with Section 190 in Chapter XIV of the Code leaves no room for doubt that there is nothing in the Code of Criminal Procedure, which curtails or puts any embargo on the power of the Magistrate to make an "inquiry" as defined under Section 2(g) of the Code or to order for "investigation" defined under Section 2(h) of the Code, in dealing with the application under Section 156(3), Cr.P.C. i.e., in exercise of the power conferred upon it under Chapter XII or Chapter XIV of the Code to satisfy itself about the veracity of the allegations of commission of a criminal offence made therein.*

*57. In its discretionary power, it is open for the Magistrate to direct the police to register a criminal case under Section 154, Cr.P.C. and conduct investigation. At the same time, it is open for the Magistrate, where the facts of the case and the ends of justice so demand, to take cognizance of the matter by treating it as a complaint and proceed for the "inquiry" under Sections 200 and 202, Cr.P.C.*

*58. It cannot be said nor it could be demonstrated that in each case, without application of its independent mind, the Magistrate shall issue simply direction "to register and investigate" i.e., to lodge a first information report on an application filed under Section 156(3), Cr.P.C. The power to conduct a preliminary inquiry into the report of commission of criminal offence(s), conferred on the Magistrate within the scheme of the Code of Criminal Procedure has not been curtailed by any of the observations made by the Apex Court in the case of Lalita Kumari, MANU/SC/1166/2013MANU/SC/1166/2013 : 2014(2) SCC 1.*

*59. However, it is pertinent to note that while exercising its discretionary power under Section 156(3), Cr.P.C., the*

*Magistrate like any other court of discretionary jurisdiction is to act fairly and consciously and ensure that the discretion conferred upon it is exercised within the limits of judicial discretion. The entire emphasis is to act in an unbiased and just manner, strictly in accordance with law, to find but the truth of the case which shall come before it.*

*60. It is a Magistrate who is the competent authority to take cognizance of an offence and it is his duty to decide whether on the basis of the record and documents produced, an offence is made out or not and if made out, what course of law should be adopted. Emphasis is laid to the statement in Vinubhai (supra), wherein it is stated that "it is the judicial conscience of the Magistrate which has to be satisfied with reference to the record and the documents placed before him by the investigating agency, in coming to an appropriate conclusion in consonance with the principles of law." It would not be out of place to note para '17' of the report in Vinubhai, at this stage:*

*"17. It is clear that a fair trial must kick off only after an investigation is itself fair and just. The ultimate aim of all investigation and inquiry, whether by the police or by the Magistrate, is to ensure that those who have actually committed a crime are correctly booked, and those who have not/are not arraigned to stand trial That this is the minimal procedural requirement that is the fundamental requirement of Article 21 of the Constitution of India cannot be doubted. It is the hovering omnipresence of Article 21 over the Cr.P.C. that must needs inform the interpretation of all the provisions of the Cr.P.C., so as to ensure that Article 21 is followed both in letter and in spirit."*

*(Emphasis added)*

*61. Applying the above legal principles, in the facts of the present case, this Court finds that the application under Section 156(3), Cr.P.C. was filed after a period of two months of the alleged incident and it was noted by the court concerned that nothing could be traced in favour of the prosecution by medical examination etc. In the circumstances before it, the court deemed it fair, just and proper to search the evidence(s) which is/are well known to the applicant and in his possession so as to find out the truth of the allegations in the application.*

*62. Having perused the contents of the application and the order of the court below, it cannot be said that the court concerned has committed illegally in exercise of its discretionary jurisdiction under Section 156(3), Cr.P.C. or it has exceeded in its jurisdiction in any manner or has exercised jurisdiction not vested in it in law. It cannot be said also that any material injustice has been caused to the applicant on account of the decision of the court below to treat the application under Section 156(3), Cr.P.C. as a complaint for the purpose of deciding whether or not there is sufficient ground for proceeding, rather than directing the police to register an F.I.R. and investigate under Section 154 of the Code."*

17. Considered the aforesaid submissions and perused the records.

18. Law related to dealing with an application under Section 156(3) Cr.P.C. has already been settled in various pronouncements including the following judgments:

**(i) Sukhwasi Vs. State of U.P., reported in 2007 (59) ACC 739 (All);**

**(ii) Lalita Kumari Vs. State of U.P., reported in (2014) 2 SCC 1;**

**(iii) Priyanka Srivastava Vs. State of U.P., reported in (2015) 6 SCC 287;**

**(iv) Ramdev Food Products Private Limited (supra);**

**(v) Vishwanath Vs. State of U.P. and 4 Ors, reported in (2020) ILR 2 All 889;**

**(vi) Kailash Vijayvargiya vs Rajlakshmi Chaudhuri, reported in (2023) SCC OnLine SC 569**

19. As per settled view, the Magistrate/Court of competent of jurisdiction, after verifying the truth and veracity of the allegations made in the application under Section 156(3) Cr.P.C., can (i) pass an order contemplated by Section 156(3) Cr.P.C., (ii) direct examination of complaint and witnesses and proceed further in the manner provided by Section 202 Cr.P.C. and (iii) can also direct the preliminary inquiry by police in terms of law laid down in the judgment passed in the case of **Lalita Kumari (supra).** The Magistrate/Court of competent of jurisdiction is also empowered to reject the application under Section 156(3) Cr.P.C..

20. In other words, the Magistrate/Court of competent of jurisdiction while dealing with an application under Section 156(3) Cr.P.C. is empowered to pass an order for registration of FIR and investigate into he matter or to treat such application as a 'complaint case' and he is fully empowered to reject the application under Section 156(3) Cr.P.C.

21. Regarding expression 'investigation', it would be appropriate to refer the paras 53 to 55 of the judgment passed in the case of **Kailash Vijayvargiya (supra),** which reads as under:

***"Relevant legal provisions of Chapter XII of the Criminal Procedure Code, 1973.***

*53. The Code vide Chapter XII, ranging from Section 154 to Section 176, deals with information to the Police and their power to investigate. Section 154 deals with the information relating to the commission of a cognizable offence and fiats the procedure to be adopted when prima facie commission of a cognizable offence is made out. Section 156 authorises a police officer in-charge of a Police station to investigate any cognizable offence without the order of a Magistrate. Sub-section (3) of Section 156 provides for any Magistrate empowered under Section 190 to order an investigation as mentioned in Section 156(1). In cases where a cognizable offence is suspected to have been committed, the officer in-charge of the Police station, after sending a report to the Magistrate empowered to take cognizance of such offence, is entitled under Section 157 to investigate the facts and circumstances of the case and also to take steps for discovery and arrest of the offender. Clauses (a) and (b) of the proviso to sub-section (1) to Section 157 give discretion to the officer in-charge not to investigate a case, when information of such offence is given against any person by name and the case is not of serious nature; or when it appears to the officer in-charge of the Police station that there is no sufficient ground for entering the investigation. In each of the cases mentioned in clauses (a) and (b) to the proviso to sub-section (1) to Section 157, the officer in-charge of the Police station has to file a report giving reasons for not complying with the requirements of sub-*

*section (1) and in a case covered by clause (b) to the proviso, also notify the informant that he will not investigate the case or cause it to be investigated. Section 159 gives power to a Magistrate, on receiving such report of the officer in-charge, to either direct an investigation or if he thinks fit, proceed to hold a preliminary inquiry himself or through a Magistrate subordinate to him, or otherwise dispose of the case in the manner provided by the Code.*

*54. Sections 160 to 164 deal with the power of the Police to require attendance of witnesses, examination of witnesses, use of such statements in evidence, inducement for recording statement and recording of statements. Section 165 deals with the power of a Police officer to conduct search during investigation in the circumstances mentioned therein.*

*55. The power under the Code to investigate generally consists of following steps : (a) proceeding to the spot; (b) ascertainment of facts and circumstances of the case; (c) discovery and arrest of the suspected offender; (d) collection of evidence relating to commission of offence, which may consist of examination of various persons, including the person accused, and reduction of the statement into writing if the officer thinks fit; (e) the search of places of seizure of things considered necessary for investigation and to be produced for trial; and (f) formation of opinion as to whether on the material collected there is a case to place the accused before the Magistrate for trial and if so, taking the necessary steps by filing a chargesheet under Section 173."*

22. Even in the judgment passed in the case of XYZ (supra) referred by learned counsel for the applicant, the Hon'ble Apex Court in para 23 has observed as under:

*"It is true that the use of the word "may" implies that the Magistrate has discretion in directing the police to investigate or proceeding with the case as a complaint case. But this discretion cannot be exercised arbitrarily and must be guided by judicial reasoning."*

23. In view of aforesaid, this Court is of the view that if investigation in the matter is not required then in that eventuality, the Magistrate/Court of competent of jurisdiction can treat the application under Section 156(3) Cr.P.C. as a 'complaint case'.

24. The undisputed facts of the case are to the effect that :

(i) The alleged incident took place in the premises of the applicant;

(ii) The CCTV is situated in the premises of the applicant;

(iii) The CCTV footage and the recording, as indicated in the application under Section 156(3) Cr.P.C. as also in para 38 of the instant application, quoted in para 8 of this judgment, was/is available with the applicant;

(iv) The applicant himself produced the evidence i.e. CCTV footage and the certificate, which is apparent from record available before this Court, which includes the application filed before the revisional Court.

25. In the aforesaid facts of the case, this Court is of the view that the judgment passed by the Hon'ble Apex Court in the case of **XYZ (supra)** would not help the applicant. For the reason that the CCTV footage in the case of **XYZ (supra)** was

not in possession of the informant/complainant and the same was required as such the Hon'ble Apex took note of the said fact and thereafter observed that in the matter the investigation is required.

26. In the present case, the certificate, as required under Section 65B of the Act of 1872, and evidence i.e. CCTV footage is available with the applicant, as observed above.

27. Having considered the aforesaid, this Court finds that the trial Court as also the revisional Court have not committed any illegality in passing the orders under challenge and the trial Court has rightly treated the application under Section 156(3) Cr.P.C. filed by the applicant as a 'complaint case'. Accordingly, no interference in the matter is required and being so the instant applicant having no force is hereby **rejected**.

**List of Cases cited:**

1. Jamboo Bhandari Vs M.P. State Industrial Development Corp. Ltd. & ors. in Criminal Appeal No.2741 of 2023 decided on 04.09.2023.

2.Rakesh Ranjan Shrivastava Vs St. of Jhar. & anr. - (2024) 4 SCC 419

(Delivered by Hon'ble Abdul Moin, J.)

1. Heard learned counsel for the applicant, Sri Anurag Verma, learned Additional Government Advocate appearing for respondent no.1 and Sri Vimal Kumar, learned counsel, who files Vakalatnama on behalf of respondents no.2 and 3 in both the petitions, which are taken on record.

2. Learned counsels for the contesting parties state that facts of Application U/s 482 Cr.P.C. (now Section 528 of Bharatiya Nyaya Sanhita) No.5955 of 2024 and

Application U/s 482 Cr.P.C. (now Section 528 of Bharatiya Nyaya Sanhita) No.5927 of 2024 are one and the same and that both the matters can be heard and decided together.

3. Accordingly, the Court proceeds to hear and decide both the matters together. For convenience, the facts of Application U/s 482 Cr.P.C. No.5955 of 2024 are being taken into consideration.

4. Under challenge is the order dated 19.04.2024 passed in Criminal Appeal No.111 of 2024 in re: Mohd. Javed Farooqui vs. State of U.P. and others, a copy of which is Annexure-1 to the application, whereby upon an appeal filed by the applicant/petitioner, the learned court has required the appellant/applicant herein, to deposit 20% of the total fine imposed by the learned trial court within 30 days as a precondition for staying of the sentence and realization of fine.

5. The argument of learned counsel for the applicant is that the learned appellate court has patently erred in law in passing the order impugned dated 19.04.2024 to the extent it directs for deposit of 20% of the total fine.

6. The contention is that when from the merits of the case itself it emerges that no cheque had been issued by the applicant consequently there could not have been any occasion of conviction of the applicant and for that matter in the appeal filed by the applicant, there could not be any occasion for the appellate court to have directed for deposit of 20% of the total fine imposed by the trial court.

7. In this regard, reliance has been placed on the judgment of the Hon'ble Supreme Court in the case of **Jamboo Bhandari vs. M.P. State Industrial Development Corporation Ltd. & others** passed in Criminal Appeal No.2741 of 2023 decided on 04.09.2023.

8. Placing reliance on the aforesaid judgment of the Hon'ble Supreme Court in the case of **Jamboo Bhandari (supra)** the argument of learned counsel for the applicant is that for the appellate court to direct the appellant to deposit a certain amount the exceptions should be spelt out per which the amount is required to be deposited. However, the order impugned dated 19.04.2024 passed by the appellate court does not spell out the exceptions which have prevailed on the appellate court per which it has directed the applicant to deposit 20% of the amount of fine and as such the order impugned merits to be set-aside on this ground alone apart from the order impugned reflecting patent non-application of mind to the relevant facts of the case.

9. On the other hand, Sri Anurag Verma, learned AGA as well as Sri Vimal Kumar, learned counsel appearing for the private respondents, have supported the order impugned dated 19.04.2024 by contending that it is only in the exceptional circumstances that the amount as required to be deposited under the provisions of Section 148 of the Negotiable Instrument Act, 1881 (hereinafter referred to as the Act, 1881) is not to be deposited keeping in view the law laid down by the Apex Court in the case of **Jamboo Bhandari (supra)** which aspect of the matter has been considered threadbare by the learned appellate court while passing the order impugned and as such there is no illegality or infirmity in the said order.

10. In support of his argument, Sri Anurag Verma, learned AGA has placed reliance on a recent judgment of Hon'ble Supreme Court in the case of **Rakesh Ranjan Shrivastava vs. State of Jharkhand and another - (2024) 4 SCC 419** wherein Hon'ble Supreme Court after considering its earlier judgment in the case of **Jamboo Bhandari (supra)** has again considered the provisions of Section 148 of the Act, 1881 and has held likewise.

11. Heard learned counsels for the contesting parties and perused the records.

12. From the arguments as raised by the learned counsels for the contesting parties and perusal of records it emerges that in a complaint no.7078 of 2019 filed under Section 138 of the Act, 1881 in re: Asif Ali Ahmed Siddiqui and another vs. Mohd. Jawed Farooqui, the learned court vide judgment and order dated 14.03.2024, a copy of which is Annexure-13 to the application, has convicted the applicant herein under Section 138 of the Act, 1881. Thereafter, by means of order dated 20.03.2024, which is part of Annexure-13 to the application, the applicant has been directed to undergo imprisonment for a period of one year and a fine of Rs.15,00,000/- has also been imposed out of which Rs.11,00,000/- has been directed to be paid to the complainant as compensation. In default of payment of fine, the applicant was directed to undergo 3 months' simple imprisonment.

13. Being aggrieved, the applicant filed an appeal. The learned appellate court vide the order impugned dated 19.04.2024, a copy of which is Annexure-1 to the application, after considering the entire facts and circumstances of the case has stayed the operation of the impugned judgment so far as it relates to the sentence and realization of fine subject to the condition that the appellant/applicant herein deposits 20% of the total fine imposed by the learned trial court within 30 days.

14. Being aggrieved by the said order to the extent that it has directed the applicant to deposit 20% of the total fine, the instant petition has been filed.

15. The argument of learned counsel for the applicant is that the provisions of Section 148 of the Act, 1881, so far as they pertain to the appellant/applicant being required to deposit a certain sum, starts of with the word 'may'. It is contended that it is the discretion of the learned appellate court to have directed for deposit of fine but the learned appellate court without considering the entire facts and circumstances of the case has directed for deposit of 20% of the total fine imposed by the learned trial court which would run contra to the judgment of the Hon'ble Supreme Court in the case of **Jamboo Bhandari (supra)** and as such the order impugned merits to the set-aside on this ground alone.

16. The further argument, as advanced by the learned counsel for the applicant, is that there is no liability of the applicant to pay the aforesaid amount which aspect of the matter has not been considered by the learned appellate court while passing the order impugned.

17. In this regard, the Court may consider the provisions of Section 148 of the Act, 1881, which, on reproduction, read as under:-

***"148. Power of Appellate Court to order payment poending appeal against conviction. -*** *(1) Notwithstanding anything*

*contained in the Code of Criminal Procedure, 1973, in an appeal by the drawer against conviction under section 138, the Appellate Court may order the appellant to deposit such sum which shall be a minimum of twenty percent of the fine or compensation awarded by the trial Court:*

*Provided that the amount payable under this sub-section shall be in addition to any interim compensation paid by the appellant under section 143A.*

*(2) The amount referred to in sub-section (1) shall be deposited within sixty days from the date of the order, or within such further period not exceeding thirty days as may be directed by the Court on sufficient cause being shown by the appellant.*

*(3) The Appellate Court may direct the release of the amount deposited by the appellant to the complainant at any time during the pendency of the appeal:*

*Provided that if the appellant is acquitted, the Court shall direct the complainant to repay to the appellant the amount so released, with interest at the bank rate as published by the Reserve Bank of India, prevalent at the beginning of the relevant financial year, within sixty days from the date of the order, or within such further period not exceeding thirty days as may be directed by the Court on sufficient cause being shown by the complainant."*

18. From perusal of Section 148 of the Act, 1881, it emerges that in an appeal filed by the drawer against conviction under section 138, the Appellate Court may order the appellant to deposit such sum which shall be a minimum of twenty percent of the fine or compensation awarded by the trial Court.

19. Admittedly, the applicant has been convicted by the learned trial court vide judgment and order dated 14.03.2024 and 20.03.2024. In the appeal filed by the applicant, learned appellate court has required a deposit of 20% of the total fine. Sub-section (1) of Section 143 of the Act, 1881 gives the discretion to the Court to deposit such sum which shall be minimum of 20% of the fine or compensation which aspect of the matter has been considered by Hon'ble Supreme Court in the case of **Jamboo Bhandari (supra)** wherein the Hon'ble Court has held that non-deposit of the said amount would only be there in exceptional cases which warrants grant of suspension of sentence without imposing the condition of deposit of 20% of the fine/compensation amount meaning thereby that in case the appellate court is of the view that 20% amount is not to be deposited the same would fall within the exceptional circumstances and not invariably as is the argument advanced by the learned counsel for the applicant.

20. For the sake of convenience, the relevant observation of Hon'ble Supreme Court in the case **Jamboo Bhandari (supra)** is reproduced as under:-

*"7. Therefore, when Appellate Court considers the prayer under Section 389 of the Cr.P.C. of an accused who has been convicted for offence under Section 138 of the N.I. Act, it is always open for the Appellate Court to consider whether it is an exceptional case which warrants grant of suspension of sentence without imposing the condition of deposit of 20% of the fine/compensation amount. As stated earlier, if the Appellate Court comes to the conclusion that it is an exceptional case, the reasons for coming to the said conclusion must be recorded."*

21. As already indicated above, a perusal of the judgment of Hon'ble Supreme Court in the case **Jamboo Bhandari (supra)** clearly indicates that the Hon'ble Supreme Court has held that non-deposit of the amount under Section 148 by the learned appellate court would be an exception which has also been clearly spelt out by the appellate while requiring non-deposit of the said amount of 20%. In the present case, from perusal of the order impugned as passed by the appellate court dated 19.04.2024 it clearly emerges that no exceptions have been spelt out by the appellate court whereby it did not require deposit of 20% of the fine and as such once no exceptional circumstances have been spelt out by the learned appellate court in the order impugned clearly no error has been committed by the appellate court while requiring the deposit of the 20% amount.

22. Again this aspect of the matter has been considered by Hon'ble Supreme Court in a recent judgment of Rakesh Ranjan Shrivastava (supra) wherein after considering the earlier judgment **Jamboo Bhandari (supra)** the Hon'ble Supreme Court has held as under:-

*"Even sub-section (1) of Section 148 uses the word "may". In the case of Surinder Singh Deswal v. Virender Gandhi, this Court, after considering the provisions of Section 148, held that the word "may" used therein will have to be generally construed as "rule" or "shall". **It was further observed that when the Appellate Court decides not to direct the deposit by the accused, it must record the reasons.** After considering the said decision in the case of Surinder Singh Deswal1, this Court, in the case of Jamboo Bhandari v. Madhya Pradesh State Industrial Development Corporation Limited & Ors., in paragraph 6, held thus:*

*"6. What is held by this Court is that a purposive interpretation should be made of Section 148 NI Act. **Hence, normally, the appellate court will be justified in imposing the condition of deposit as provided in Section 148. However, in a case where the appellate court is satisfied that the condition of deposit of 20% will be unjust or imposing such a condition will amount to deprivation of the right of appeal of the appellant, exception can be made for the reasons specifically recorded."***

(emphasis by the Court)

23. In the case of **Rakesh Ranjan Shrivastava (supra)** the Hon'ble Supreme Court has also considered the use of the word 'may' as used in sub-section (1) of Section 148 of the Act, 1881 to hold that the use of the word 'may' will have to be considered as 'shall' and also reiterated that when the appellate court decides not to direct the deposit by the accused it must record the reasons i.e. the exceptional reason for non-deposit will have to be recorded.

24. As already indicated above, no exceptional circumstances have been indicated by the learned appellate court as to why it was of the view that 20% of the total fine should not be deposited meaning thereby that there were no exceptional circumstances which were found by the appellate court in not directing for deposit of the 20% of the total fine.

25. As regards the argument of the learned counsel for the applicant that there is no liability of the applicant to pay the amount, this argument will always be considered by the appellate court while deciding the appeal.

26. Keeping in view the aforesaid discussion, no case for interference is made out. Accordingly, the application under Section 482 Cr.P.C. is **dismissed**.

*3. Considering the aforesaid submission, present petition is disposed of with liberty to the petitioners to surrender before the trial Court within a period of 15 days and apply for regular bail. Trial Court is directed to consider the bail application of the petitioners in accordance with law and also take into account the order of the Supreme Court in the case of Satender Kumar Antil (supra)."*

5. It appears from the above quoted order that the charge sheet No.221 of 2021 dated 09.06.2021 in Case Crime No.037 of 2021 under Sections 419, 420, 504 and 506 I.P.C., Police Station- Cantt, District-Ayodhya, which has also been challenged in the instant case, was assailed and summoning order was also assailed and thus, it is apparent that entire proceedings of Criminal Case No.258 of 2022 *"State vs. Mamta and another"* arising out of Case Crime No.037 of 2021 was challenged and the counsel for the applicants did not press the prayers sought in the earlier petition and prayed for seeking benefit of judgment passed by the Hon'ble Apex Court in the case of ***Satendra Kumar Antil Vs. Central Bureau of Investigation and another (Special Leave to Appeal (Crl.) No.5191 of 2021*** and considering the said prayer, this Court disposed of the ***Application U/s 482 Cr.P.C. No.5705 of 2022*** with liberty to the applicants to surrender before the trial Court within a period of 15 days and apply for regular bail.

6. After the aforesaid, the applicants did not appear before the Court concerned seeking benefit of the judgment of Hon'ble Apex Court passed in the case of ***Satendra Kumar Antil (supra)*** in terms of the order

of this Court dated 26.08.2022 passed in the **Application U/s 482 Cr.P.C. No.5705 of 2022** and challenged the summoning order dated 03.02.2022, which was in issue in **Application U/s 482 Cr.P.C. No. 5705 of 2022**, before the Sessions Judge, Ayodhya (in short Revisional Court) by preferring the Criminal Revision No.101 of 2024 (Ravendra Shukla Vs. State and Another).

7. The Revisional Court upon due consideration of the facts of the case rejected the Revision vide order dated 15.05.2024, the relevant portion of which is extracted herein under:-

8. It is apt to indicate that Memo of Revision has not been placed on record,

though the same, to the view of this Court, is relevant to ascertain some facts including that as to whether therein the facts related to filing of earlier **Application U/s 482 Cr.P.C. No.5705 of 2022** were disclosed.

9. The order passed by the Revisional Court dated 15.05.2024, relevant portion of which is extracted herein-above, indicates that applicants before the Revisional Court concealed the materiel facts related to order dated 26.08.2022 passed in **Application U/s 482 Cr.P.C. No.5705 of 2022,** wherein the summoning order dated 03.02.2022, which was assailed before the Revisional Court, was assailed, but the same was not pressed.

10. In regard to the concealment of facts, the view of the Hon'ble Apex Court can be deduced from various pronouncements.

11. In ***Oswal Fats & Oils Ltd. Vs. Additional Commissioner (Administration), Bareilly Division, Bareilly and others, (2010) 4 SCC 728*** the Hon'ble Apex Court held that a person who approaches the Court for grant of relief, equitable or otherwise, is under a solemn obligation to candidly disclose all the material/important facts which have bearing on the adjudication of the issues raised in the case. In other words, he owes a duty to the Court to bring out all the facts and refrain from concealing/suppressing any material fact within his knowledge or which he could have known by exercising diligence expected of a person of ordinary prudence. If he is found guilty of concealment of material facts or making an attempt to pollute the pure stream of justice, the Court not only has the right but a duty to deny relief to such person.

12. In ***Kishore Samrite vs. State of Uttar Pradesh and others, (2013) 2 SCC 398*** the Hon'ble Apex Court observed and held as under in Paras 34 to 39:-

*"34. It has been consistently stated by this Court that the entire journey of a Judge is to discern the truth from the pleadings, documents and arguments of the parties, as truth is the basis of the Justice-delivery System.*

*35. With the passage of time, it has been realised that people used to feel proud to tell the truth in the Courts, irrespective of the consequences but that practice no longer proves true, in all cases. The Court does not sit simply as an umpire in a contest between two parties and declare at the end of the combat as to who has won and who has lost but it has a legal duty of its own, independent of parties, to take active role in the proceedings and reach at the truth, which is the foundation of administration of justice. Therefore, the truth should become the ideal to inspire the courts to pursue. This can be achieved by statutorily mandating the Courts to become active seekers of truth.* ***To enable the courts to ward off unjustified interference in their working, those who indulge in immoral acts like perjury, prevarication and motivated falsehood, must be appropriately dealt with. The parties must state forthwith sufficient factual details to the extent that it reduces the ability to put forward false and exaggerated claims and a litigant must approach the Court with clean hands. It is the bounden duty of the Court to ensure that dishonesty and any attempt to surpass the legal process must be effectively curbed and the Court must ensure that there is no wrongful, unauthorised or unjust gain to anyone as a result of abuse of the process of the***

***Court. One way to curb this tendency is to impose realistic or punitive costs.***

*36. The party not approaching the Court with clean hands would be liable to be non-suited and such party, who has also succeeded in polluting the stream of justice by making patently false statements, cannot claim relief, especially under Article 136 of the Constitution. While approaching the court, a litigant must state correct facts and come with clean hands. Where such statement of facts is based on some information, the source of such information must also be disclosed. Totally misconceived petition amounts to abuse of the process of the court and such a litigant is not required to be dealt with lightly, as a petition containing misleading and inaccurate statement, if filed, to achieve an ulterior purpose amounts to abuse of the process of the court. A litigant is bound to make "full and true disclosure of facts". (Refer : Tilokchand H.B. Motichand & Ors. v. Munshi & Anr. [1969 (1) SCC 110]; A. Shanmugam v. Ariya Kshatriya Rajakula Vamsathu Madalaya Nandhavana Paripalanai Sangam & Anr. [(2012) 6 SCC 430]; Chandra Shashi v. Anil Kumar Verma [(1995) SCC 1 421]; Abhyudya Sanstha v. Union of India & Ors. [(2011) 6 SCC 145]; State of Madhya Pradesh v. Narmada Bachao Andolan & Anr. [(2011) 7 SCC 639]; Kalyaneshwari v. Union of India & Anr. [(2011) 3 SCC 287)].*

*37. The person seeking equity must do equity. It is not just the clean hands, but also clean mind, clean heart and clean objective that are the equi-fundamentals of judicious litigation. The legal maxim jure naturae aequum est neminem cum alterius detrimento et injuria fieri locupletiorem, which means that it is a law of nature that one should not be enriched by the loss or injury to another, is the percept for Courts. Wide jurisdiction of the court should not become a source of abuse of the process of law by the disgruntled litigant. Careful exercise is also necessary to ensure that the litigation is genuine, not motivated by extraneous considerations and imposes an obligation upon the litigant to disclose the true facts and approach the court with clean hands.*

*38. No litigant can play "hide and seek" with the courts or adopt "pick and choose". True facts ought to be disclosed as the Court knows law, but not facts. One, who does not come with candid facts and clean breast cannot hold a writ of the court with soiled hands. Suppression or concealment of material facts is impermissible to a litigant or even as a technique of advocacy. In such cases, the Court is duty bound to discharge rule nisi* ***and such applicant is required to be dealt with for contempt of court for abusing the process of the court.*** *{K.D. Sharma v. Steel Authority of India Ltd. & Ors. [(2008) 12 SCC 481].*

*39. Another settled canon of administration of justice is that no litigant should be permitted to misuse the judicial process by filing frivolous petitions. No litigant has a right to unlimited drought upon the court time and public money in order to get his affairs settled in the manner as he wishes. Easy access to justice should not be used as a licence to file misconceived and frivolous petitions. Buddhi Kota Subbarao (Dr.) v. K. Parasaran, (1996) 5 SCC 530)."*

13. In ***Kishore Samrite (supra),*** the Hon'ble Apex Court has clearly held that it is the bounden duty of the Court to ensure that dishonesty and any attempt to surpass the legal process must be effectively curved and the Court must ensure that there is no wrongful unauthorized or unjust gain to any one as a result of abuse of the process

of the Court and one way to curve this tendency is to impose realistic or punitive costs.

14. In ***Kishore Samrite (supra),*** the Hon'ble Supreme Court held that no litigant can play "hide and seek" with the courts or adopt "pick and choose". True facts ought to be disclosed as the court knows law, but not facts. One, who does not come with candid facts and clean breast cannot hold a writ of the court with soiled hands. Suppression or concealment of material facts is impermissible to a litigant or even as a technique of advocacy. In such cases, the court is duty-bound to discharge rule nisi and such applicant is required to be dealt with for contempt of court for abusing the process of court.

15. The present one is the second Application U/s 482 Cr.P.C. on the same facts and for the same reliefs except with regard to the challenge made to the order dated 15.05.2024 passed by the revisional Court in the revision filed by the applicants challenging the summoning order dated 03.02.2022, which was challenged earlier in **Application U/s 482 Cr.P.C. No.5705 of 2022** and this Court did not cause interference in the same, and as such this Court finds it appropriate to take note of the observations made by the Hon'ble Apex Court passed in the case of ***Bhisham Lal Verma Vs. State of Uttar Pradesh and another (2023) SCC OnLine SC 1399*** . The relevant para are extracted herein-under:-

*"6. Long thereafter, the petitioner filed his first petition under Section 482 Cr.P.C., viz., Criminal Misc. Application No. 8465 of 2018, before the Allahabad High Court. Therein, he chose to challenge only the Government's sanction order dated 03.12.2013. The State opposed the application, pointing out that a challenge to the sanction could be made before the Trial Court. Thereupon, the petitioner's counsel sought liberty to approach the Trial Court by way of an appropriate application challenging the sanction. Accepting that plea, the High Court disposed of the application, vide order dated 15.12.2020, granting liberty to the petitioner to approach the Trial Court and challenge the sanction order. Significantly, at the time of filing of this first petition under Section 482 Cr.P.C., the charge sheet was very much on record and the learned Sessions Judge, Rampur, had already taken cognizance.*

*7. However, it was only in the year 2022 that the petitioner felt inspired to file a second petition under Section 482 Cr.P.C., viz., Criminal Misc. Application No. 2014 of 2022. His prayers therein were to quash the charge sheet dated 30.04.2015; the cognizance order dated 12.06.2015; and the proceedings in Special Case No. 19 of 2016, insofar as he was concerned. This application was dismissed by the Allahabad High Court, vide order dated 20.02.2023. Therein, the High Court noted that the petitioner had earlier filed Criminal Misc. Application No. 8465 of 2018 under Section 482 Cr.P.C. with a limited prayer - to quash the sanction order dated 30.12.2013. Holding that it was not open to the petitioner to go on challenging the proceedings one by one and as he had not felt aggrieved by the charge sheet or the order of cognizance when he had filed the first petition under Section 482 Cr.P.C., the High Court concluded that the subsequent petition challenging the same would not be maintainable and dismissed the application. It is against this order that the petitioner approached this Court by way of the present case.*

*8. On behalf of the petitioner, Mr. Pradeep Kumar Singh Baghel, learned senior counsel, would argue that a second petition is maintainable under Section 482 Cr.P.C.. He relied on the judgment of this Court in Superintendent and Remembrancer of Legal Affairs, West Bengal vs. Mohan Singh and others1. Therein, it was held that a subsequent application under Section 561-A of the Code of Criminal Procedure, 1898, presently Section 482 Cr.P.C, would be maintainable in changed circumstances. It was affirmed that a subsequent application, which is not a (1975) 3 SCC 706 repeat application squarely on the same facts and circumstances, would be maintainable. To the same effect was the more recent decision of this Court in Anil Khadkiwala vs. State (Government of NCT of Delhi) and another2. Earlier, in S.M.S. Pharmaceuticals Ltd. vs. Neeta Bhalla and another 3, this Court held that when the first petition under Section 482 Cr.P.C was withdrawn with liberty to avail remedies, if any, available in law, the High Court would not be denuded of its inherent jurisdiction under Section 482 Cr.P.C. on being petitioned again and the principle of res judicata would not stand attracted. Again, in Vinod Kumar, IAS. vs. Union of India and others4, a 3-Judge Bench of this Court observed that dismissal of an earlier petition under Section 482 Cr.P.C would not bar filing of a subsequent petition thereunder in case the facts so justify.*

*9. Mr. S. Nagamuthu, learned amicus curiae, would however point out that entertainment of the second petition in Mohan Singh (supra) was held permissible as the circumstances obtaining at the time of the subsequent petition were clearly different from what they were at the time of the earlier one and that was the distinguishing factor which saved the second petition. He would further point out that, in Simrikhia vs. Dolley (2019) 17 SCC 294 (2007) 4 SCC 70 Writ Petition No. 255 of 2021, decided on 29.06.2021 = 2021 SCC OnLine SC 559 Mukherjee and Chhabi Mukherjee and another 5, this Court cautioned that the inherent jurisdiction under Section 482 Cr.P.C cannot be invoked to override the bar of review under Section 362 Cr.P.C. Reference was made to Sooraj Devi vs. Pyare Lal and another 6 which held that the inherent power of the Court could not be exercised for doing that which is specifically prohibited by the Code of Criminal Procedure, 1973. He also drew our attention to R. Annapurna vs. Ramadugu Anantha Krishna Sastry and others7, wherein a quash petition under Section 482 Cr.P.C. was dismissed on 28.01.1995 and without mentioning the same, another petition was filed under Section 482 Cr.P.C. with a similar prayer. Noting that the second petition was not made on the strength of anything which had developed after 28.01.1995 but only on the facts which subsisted prior to that date, this Court held that the second petition was not maintainable, as the High Court did not have the power to upset the order dated 28.01.1995 which had attained finality.*

*10. In S. Madan Kumar vs. K. Arjunan 8, the Madras High Court observed that a person who invokes Section 482 Cr.P.C. should honestly come before the Court raising all the pleas available to him at that point of (1990) 2 SCC 437 (1981) 1 SCC 500 (2002) 10 SCC 401 (2006) 1 MWN (Cri) DCC 1 = 2006 SCC Online Mad 94 time and he is not supposed to approach the Court with instalment pleas. It was further observed that there may be a change of circumstances during the course of criminal proceedings which would give scope for the person aggrieved*

*to invoke the inherent jurisdiction of the Court, but when he is posted with all the facts and circumstances of a case, he cannot withhold part of it for the purpose of filing yet another petition seeking the same relief.*

*11. We are in complete agreement with these observations of the Madras High Court. Though it is clear that there can be no blanket rule that a second petition under Section 482 Cr.P.C. would not lie in any situation and it would depend upon the facts and circumstances of the individual case, it is not open to a person aggrieved to raise one plea after the other, by invoking the jurisdiction of the High Court under Section 482 Cr.P.C., though all such pleas were very much available even at the first instance. Permitting the filing of successive petitions under Section 482 Cr.P.C. ignoring this principle would enable an ingenious accused to effectively stall the proceedings against him to suit his own interest and convenience, by filing one petition after another under Section 482 Cr.P.C., irrespective of when the cause therefor arose. Such abuse of process cannot be permitted."*

16. In view of above, this second application on the same grounds is not maintainable.

17. Having considered the aforesaid facts of the case, as also taking note of the observations of the Hon'ble Apex Court in the judgments referred above, this Court is of the view that no indulgence in the matter is required. Accordingly, the present application is **rejected**. No order as to costs.

Case No. 335 of 2015 (Prem Narayan vs. Awadhesh Kumar).

3. By the impugned order dated 29.01.2016, the trial Court rejected the application preferred by the applicant under Section 156(3) Cr.P.C.. The relevant portion of the order dated 29.01.2016 reads as under:-

*"मामला राजस्व न्यायालय से सम्बन्धित है। तथाकथित वसीयत कूटकृत है या नहीं इसका निर्धारण सक्षम न्यायालय द्वारा ही किया जाना न्यायोचित है। प्रार्थना पत्र में वर्णित तथ्यों के अवलोकन से स्पष्ट हो रहा है कि वर्तमान प्रकरण सिविल प्रकृति का है तथा माननीय उच्चतम न्यायालय ने मो० इब्राहिम बनाम बिहार राज्य ए. एस. सी 2009 (67) पेज 629 में यह विधिक मत प्रकट किया गया है कि जहां मामला शुद्धतः दीवानी प्रकृति के है उन्हे दाण्डिक आवरण पहनाकर मामला प्रस्तुत न किया जाय। इसी प्रकार माननीय उच्चतम न्यायालय द्वारा मेसर्स इण्डिया कार्पोरेशन बनाम मेसर्स एण्ड ए. ई. पी सी एवं अन्य जे टी 2006 (6) सुप्रीम कोर्ट पेज 474 तथा माननीय उच्च न्यायालय की विधि व्यवस्था जी सागर सूरी व अन्य बनाम स्टेट आफ यू०पी० एवं अन्य 2002 एस सी सी 639 के परिप्रेक्ष्य में एवं प्रस्तुत मामले के तथ्य एवं परिस्थितियों को देखते हुये प्रार्थना पत्र स्वीकृत किये जाने का आधार पर्याप्त नहीं है और प्रस्तुत प्रार्थना पत्र अन्तर्गत धारा 156 (3) द०प्र०सं० खारिज किये जाने योग्य है।*

*प्रार्थी प्रेमनारायण द्वारा प्रस्तुत प्रार्थना पत्र अन्तर्गत धारा 156 (3) द०प्र०सं० सिविल प्रकृति का होने के कारण खारिज किया जाता है।"*

4. Being aggrieved by the order dated 29.01.2016, the applicant filed Criminal Revision No. 40 of 2016 (Prem Narayan vs. State of U.P. and 6 Others) and the Revisional Court dismissed the said revision vide order dated 28.07.2023 with following observations:-

*"The grounds shown in the revision also established that there involves a controversy of his civil nature. The findings arrived by the learned Trial Court is in accordance with law and the learned Magistrate has relied upon the case laws passed by the Hon'ble Apex Court and Hon'ble High Courts.*

*8.- There is no illegality or impropriety in the impugned order. Revision is devoid of merits and is liable to be dismissed.*

*Order*

*Crl Revision N0-40 of 2016 preferred by the revisionist is accordingly dismissed. Record of the Learned Trial Court be returned to Trial Court. And record of this revision be consigned in accordance with law."*

5. From the submissions made by the learned counsel for the applicant as also the averments made in the application under consideration, the order(s) aforesaid have been impeached by the applicant on the ground that from a bare reading of the application under Section 156(3) Cr.P.C. it appears that cognizable offence is made out and as such the order dated 29.01.2016 rejecting the application under Section 156(3) Cr.P.C. and also the order dated 28.07.2023 affirming the order dated 29.01.2016 are liable to be interfered with by this Court.

6. Per contra, learned AGA stated that a bare reading of the application under Section 156(3) Cr.P.C. would show that subject matter of the same relates to a "Will", which, according to the applicant, is forged and the genuineness of the "Will" can be ascertained by the Court of first instance having competent jurisdiction on the basis of evidence adduced before it and accordingly no interference of this Court in the present application is required. Prayer is to dismiss the application.

7. Considered the submissions of learned counsel for the parties and perused the records.

8. Law dealing with an application under Section 156(3) Cr.P.C. has already been settled in various pronouncements including the following judgments:-

9. Relevant paras of the judgment passed in the case of **Sukhwasi vs. State of U.P.,** reported in **2007 SCC OnLine All 1088;** wherein this Court answered the question referred on account of difference of opinion on the issue of exercise of power under Section 156(3) Cr.P.C., are as under:-

*""Whether the Magistrate is bound to pass an order on each and every application under Section 156(3) Cr.P.C. containing allegations of commission of a cognizable offence for registration of the F.I.R. and its investigation by the police even if those allegations, prima-facie, do not appear to be genuine and do not appeal to reason, or he can exercise judicial*

*discretion in the matter and can pass order for treating it as 'complaint' or to reject it in suitable cases"?*

*XXXXXXXXXXXXXXXXXXXXXXXXXXXXX XXXXXXXXXXXXXXXX*

*18. It is hardly possible to infer from the aforesaid observations that the Magistrate cannot treat an application under Section 156(3) Cr.P.C. as a 'complaint'. Even a nebulous of far fetched interpretation will not lead to that inference. The inference drawn by Hon'ble Vinod Prasad, J. is not logical.*

*19. The Hon'ble Judge has also referred to the case of State of Haryana v. Bhajan Lal: JT 1990 (4) SC 650 : (1992 Supp (1) SCC 335 : AIR 1992 SC 604) and has extracted the following observations:— (Paras 30, 32)*

*"At the stage of registration of a crime or a case on the basis of the information disclosing a cognizable offence in compliance with the mandate of Section 154(1) of the Code, the concerned police officer cannot embark upon any enquiry as to whether the information, laid by the informant is reliable and genuine or otherwise and refuse to register a case on the ground that the information is not reliable or credible. On the other hand, the officer-in-charge of a police station is statutorily obliged to register a case and then to proceed with the investigation if he has reason to suspect the commission of an offence which he is empowered under Section 157 of the Code to investigate, subject to the proviso to Section 157 (as we have proposed to make a detailed discussion about the power of a police officer to the field of investigation of a cognizable offence within the ambit of Sections 156 and 157 of the Code in the issuing part of this judgment, we do not propose to deal with those sections in extenso in the present context).*

*In case an offence incharge of a police station refuses to exercise the jurisdiction in him and to register a case on the information of a cognizable offence reported and thereby violates the statutory duty cast upon him, the person aggrieved by such refusal can send the substance of the information in writing and by post to the superintendent of police concerned who if satisfied that the information forwarded to him discloses a cognizable offence, should either investigate the case himself or direct an investigation to be made by any police officer subordinate to him in the manner provided by sub-section (3) of Section 154 of the Code.*

*Be it noted that in Section 154(1) of the Code, the legislature in its collective wisdom has carefully and cautiously used the expression "information" without qualifying the same as in Section 41(1)(a) or (g) of the Code wherein the expressions, "reasonable complaint", and "credible information" are used. Evidently, the non-qualification of the word "information" in Section 154(1) unlike in Section 41(1)(a) and (g) of the Code may be for the reason that the police officer should not refuse to record an information relating to the commission of a cognizable offence and to register a case thereon on the ground that he is not satisfied with the reasonableness or credibility of the information. In other words, 'reasonableness' or 'credibility' of the said information is not a condition precedent for registration of a case. A comparison of the present Section 154 with those of the earlier Codes will indicate that the legislature had purposely thought it fit to employ only the word "information" without qualifying the said word. Section 139 of the Code of Criminal Procedure of 1861 (Act 25 of 1861) passed by the Legislative Council of India read that 'every complaint or information' preferred*

*to an officer-in-charge of a police station should be reduced into writing which provision was subsequently modified by Section 112 of the Code of 1872 (Act 10 of 1872) which thereafter read that 'every complaint' preferred to an officer-in-charge of a police station shall be reduced in writing. The word 'complaint' which occurred in previous two codes of 1861 and 1872 was deleted and in that place the word 'information' was used in the Codes of 1882 and 1898 which word is now used in Sections 154, 155, 157 and 189(c) of the present Code of 1973 (Act 2 of 1974). An overall reading of all the Codes makes it clear that the condition which is sine qua non for recording a first information report is that there must be an information and that information must disclose a cognizable offence."*

*"It is, therefore, manifestly clear that if any information disclosing a cognizable offence is laid therefore, officer-in-charge of a police station satisfying the requirements of Section 154(1) of the Code, the said police officer had no other option except to enter the substance thereof in the prescribed from, that is to say, to register a case on the basis of such information."*

*(Emphasis mine)*

*20. As in the earlier case, a completely irrational and egregiously erroneous inference has been drawn from the aforesaid observation. The observations relate to the registration of a case by a police officer as will appear from the last paragraph with emphasis and they have nothing to do with the order passed by the Magistrate under Section 156(3) Cr.P.C.*

*21. It will not be out of place to note that even for registration of a case by a police officer, the condition is that he must have reason to suspect the commission of an offence as will appear from the following quotations extracted from the case of Ramesh Kumari v. State NCT of Delhi: JT 2006 (2) SC 548 : ((2006) 2 SCC 677 : AIR 2006 SC 1322) the following are the words extracted:—*

*"The true test is whether the information furnished provides a reason to suspect the commission of an offence which the concerned police officer is empowered under Section 156 of the code to investigate. If it does he has no option but to record the information and proceed to investigate the case either himself or depute any other competent officer to conduct the investigation. The question as to whether the report is true, whether it discloses full details regarding the manner of occurrence, whether the accused is named and whether there is sufficient evidence to support the allegations are all matters which are alien to the consideration of the question whether the report discloses commission of a cognizable offence. Even if the information does not give full details regarding these matters, the investigating officer is not absolve of his duty to investigate the case and discover the true facts, if he can."*

*22. In a recent pronouncement, Hon'ble Mr. Justice Shiv Charan Sharma in the case of Chandrika Singh v. State of U.P. (2007 (58) ACC 777) : (2007 (4) ALJ 157), has held that a Magistrate can treat an application under Section 156(3) Cr.P.C. as a complaint. The Hon'ble Judge referred to various cases in his judgment and has come to this conclusion thereafter. It was observed by Shiv Charan, J. as follows (paras 24 to 26):*

*"In view of this judgment of Full Bench, the Magistrate is fully competent to pass an order to register a case and investigate on an application under Section 156(3) Cr.P.C., all the application under Section 156(3) Cr.P.C. may be treated as*

*complaint and in the circumstance, the Magistrate shall follow the procedure as provided in Chapter XV Cr.P.C. This, judgment of Full Bench has not been set aside. Hence, in view of the Apex Court and Full Bench of this Court the Magistrate is fully competent to treat an application under Section 156 Cr.P.C. as a complaint and in the present case the Magistrate passed an order in the circumstances of the case that it may be registered as a complaint case and proceed to record the statement under Sections 200 and 202 Cr.P.C. There appears no illegality and impropriety in the order of the Magistrate.*

*This controversy must come to an end that an application under Section 156(3) Cr.P.C. can only be treated as an application for passing an order for registration of the case and investigation cannot be treated as a complaint case. The Magistrate is not bound in each and every case to pass an order to register a case and investigate if cognizable offence is made out. The Magistrate is fully competent to use this judicial direction in the matter. This is wrong notion that if an application has been moved under Section 156(3) Cr.P.C. that the only order can be passed for registration in the matter. The magistrate has got direction under Section 190 Cr.P.C. to take the cognizance directly or to pass an order that the police to investigate and then take cognizance on submissions of a report under Section 173 Cr.P.C. The Magistrate is also expected to act under some guidelines and it should not be left at the arbitrary discretion of the Magistrate to pass an order or not to pass an order to register the case and investigation under Section 156(3) Cr.P.C. In Gulab Chandra Upadhaya v. State of U.P. (2002 All LJ 1225). Hon'ble Single Judge of this Court laid down the guidelines for the guidance of Magistrate while deciding the application under Section 156(3) Cr.P.C. and the guidelines cannot be said against any provision of law or check on the judicial direction of the Magistrate. Even Hon'ble Apex Court also held that the Magistrate has got a direction to pass an order to register the case and investigation under Section 156(3) Cr.P.C. or to treat an application as a complaint case.*

*In the law laid down by Hon'ble the Apex Court and various judgments of this Court clearly laid down that the Magistrate is not always bound to pass an order to register a case and investigation when application under Section 156(3) Cr.P.C. is moved. It will not be proper to deal with this hypothetical position that if the Magistrate is of opinion that false and frivolous allegation has been made in application then he may reject the application or it is for the investigating officer to decide the truthfulness of the story and if found false then launch prosecution against the applicant. But it is discretion of the Magistrate to be used judiciously while disposing of the application.*

*For the reasons mentioned above, I am of the opinion that the Magistrate is not always bound to pass an order for register of the case and investigation after receipt of the application under Section 156(3) Cr.P.C. disclosing a cognizable offence. The Magistrate may use his discretion judiciously and if he is of the opinion that in the circumstances of the case, it will be proper to treat the application as a complaint case then he may proceed according to the procedure provided under Chapter XV of Cr.P.C. I am also of the opinion that it is not always mandatory in each and every case for the Magistrate to pass an order to register and investigate on receipt of the application*

*under Section 156(3) Cr.P.C. In the present case, the Magistrate is perfectly within the judicial power to treat the application under Section 156(3) Cr.P.C. as a complaint case. There is no illegality or impropriety in the order. The revision is devoid of merit and is liable to be dismissed."*

*23. The Full Bench decision of Ram Babu Gupta's case (2001 All LJ 1587) (supra) also lays down that the Magistrate can treat an application under Section 156(3) Cr.P.C. as a complaint. This will appear from the following observations (Para 18):—*

*"Coming to the second question noted above, it is to be at once stated that a provision empowering a Court to Act in a particular manner and a provision creating a right for an aggrieved person to approach a Court or authority, must be understood distinctly and should not be mixed up. While Sections 154, 155 sub-section (1) and (2) of 156, Cr.P.C. confer right on an aggrieved person to reach the police, 156(3) empowers a Magistrate to act in a particular manner in a given situation. Therefore, it is not possible to hold that where a bare application is moved before Court only praying for exercise of powers under Section 156(3) Cr.P.C., it will remain an application only and would not be in the nature of a complaint. It has been noted above that the Magistrate has to always apply his mind on the allegations in the complaint where he may use his powers under Section 156(3) Cr.P.C. In this connection, it may be immediately added that where in an application, a complainant states facts which constitute cognizable offence but makes a defective prayer, such an application will not cease to be a complaint nor can the Magistrate refuse to treat it as a complaint even though there be no prayer seeking trial of the known or unknown accused. The Magistrate has to deal with such facts as constitute cognizable offence and for all practical purposes even such an application would be a complaint. This Court can do no better than refer to the following observations in Suresh Chand Jain: ((2001) 2 SCC 628 : AIR 2001 SC 571) (supra) (Para 10):—*

*"The position is thus clear. Any judicial Magistrate, before taking cognizance of the offence, can order investigation under Section 156(3) of the Code…………… could take further steps contemplated in Chapter XII of the Code only thereafter."*

10. In the case of **Lalita Kumari vs. State of U.P.,** reported in **(2014) 2 SCC 1**; the Hon'ble Apex Court concluded as under:-

*"120. In view of the aforesaid discussion, we hold:-*

*120.1. The registration of FIR is mandatory under Section 154 of the Code, if the information discloses commission of a cognizable offence and no preliminary inquiry is permissible in such a situation.*

*120.2. If the information received does not disclose a cognizable offence but indicates the necessity for an inquiry, a preliminary inquiry may be conducted only to ascertain whether cognizable offence is disclosed or not.*

*120.3. If the inquiry discloses the commission of a cognizable offence, the FIR must be registered. In cases where preliminary inquiry ends in closing the complaint, a copy of the entry of such closure must be supplied to the first informant forthwith and not later than one week. It must disclose reasons in brief for closing the complaint and not proceeding further.*

*120.4. The police officer cannot avoid his duty of registering offence if cognizable offence is disclosed. Action must be taken against erring officers who do not register the FIR if information received by him discloses a cognizable offence.*

*120.5. The scope of preliminary inquiry is not to verify the veracity or otherwise of the information received but only to ascertain whether the information reveals any cognizable offence.*

*120.6. As to what type and in which cases preliminary inquiry is to be conducted will depend on the facts and circumstances of each case. The category of cases in which preliminary inquiry may be made are as under:*

*(a) Matrimonial disputes/family disputes*

*(b) Commercial offences*

*(c) Medical negligence cases*

*(d) Corruption cases*

*(e) Cases where there is abnormal delay/laches in initiating criminal prosecution, for example, over 3 months' delay in reporting the matter without satisfactorily explaining the reasons for delay.*

*The aforesaid are only illustrations and not exhaustive of all conditions which may warrant preliminary inquiry.*

*120.7 . While ensuring and protecting the rights of the accused and the complainant, a preliminary inquiry should be made time-bound and in any case it should not exceed fifteen days generally and in exceptional cases, by giving adequate reasons, six weeks' time is provided. The fact of such delay and the causes of it must be reflected in the General Diary entry.*

*120.8. Since the General Diary/Station Diary/Daily Diary is the record of all information received in a police station, we direct that all information relating to cognizable offences, whether resulting in registration of FIR or leading to an inquiry, must be mandatorily and meticulously reflected in the said diary and the decision to conduct a preliminary inquiry must also be reflected, as mentioned above."*

11. In the case of **Ramdev Food Products Private Limited vs. State of Gujarat** reported in **(2015) 6 SCC 439,** the appellant making allegations of preparing forged partnership deed, sought directions for investigation under Section 156(3) Cr.P.C. and the Magistrate instead of directing investigation as prayed for, thought it fit to conduct further inquiry under Section 202 and sought report of the Police Sub-Inspector within thirty days and being aggrieved by the order of Magistrate the appellant approached the High Court and the High Court declined to interfere in the order of Magistrate and thereafter the appellant approached the Hon'ble Apex Court and after considering the facts and issue involved the Hon'ble Apex Court framed three questions and while dealing with question as to "(i) Whether the discretion of the Magistrate to call for a report under Section 202 instead of directing investigation under Section 156(3) is controlled by any defined parameters?" the Hon'ble Apex Court observed as under:-

*"15. Cognizance is taken by a Magistrate under Section 190 (in Chapter XIV) either on "receiving a complaint", on "a police report" or "information received" from any person other than a police officer or upon his own knowledge.*

*16. Chapter XV deals exclusively with complaints to Magistrates. Reference*

*to Section 202, in the said Chapter, shows that it provides for "postponement of issue of process" which is mandatory if the accused resides beyond the Magistrate's jurisdiction (with which situation this case does not concern) and discretionary in other cases in which event an enquiry can be conducted by the Magistrate or investigation can be directed to be made by a police officer or such other person as may be thought fit "for the purpose of deciding whether or not there is sufficient ground for proceeding". We are skipping the proviso as it does not concern the question under discussion. Clause (3) provides that if investigation is by a person other than a police officer, he shall have all the powers of an officer in charge of a police station except the power to arrest.*

*17. Chapter XII, dealing with the information to the police and their powers to investigate, provides for entering information relating to a "cognizable offence" in a book to be kept by the officer in charge of a police station (Section 154) and such entry is called "FIR". If from the information, the officer in charge of the police station has reason to suspect commission of an offence which he is empowered to investigate subject to compliance with other requirements, he shall proceed, to the spot, to investigate the facts and circumstances and, if necessary, to take measure, for the discovery and arrest of the offender [Section 157(1)].*

*18. In Lalita Kumari v. State of U.P. [Lalita Kumari v. State of U.P., (2014) 2 SCC 1 : (2014) 1 SCC (Cri) 524] , this Court dealt with the questions : (SCC p. 28, para 30)*

*"30.1. (i) Whether the immediate non-registration of FIR leads to scope for manipulation by the police which affects the right of the victim/complainant to have a complaint immediately investigated upon allegations being made; and*

*30.2. (ii) Whether in cases where the complaint/information does not clearly disclose the commission of a cognizable offence but the FIR is compulsorily registered then does it infringe the rights of an accused."*

*These questions were answered as follows : (Lalita Kumari case [Lalita Kumari v. State of U.P., (2014) 2 SCC 1 : (2014) 1 SCC (Cri) 524] , SCC pp. 35-36, 41, 51-52, 57-59 & 61, paras 49, 72-73, 94, 107-108, 111, 114-15 & 120)*

*49. "Consequently, the condition that is sine qua non for recording an FIR under Section 154 of the Code is that there must be information and that information must disclose a cognizable offence. If any information disclosing a cognizable offence is led before an officer in charge of the police station satisfying the requirement of Section 154(1), the said police officer has no other option except to enter the substance thereof in the prescribed form, that is to say, to register a case on the basis of such information. The provision of Section 154 of the Code is mandatory and the officer concerned is duty-bound to register the case on the basis of information disclosing a cognizable offence. Thus, the plain words of Section 154(1) of the Code have to be given their literal meaning.*

***'Shall'***

***

*72. It is thus unequivocally clear that registration of FIR is mandatory and also that it is to be recorded in the FIR book by giving a unique annual number to each FIR to enable strict tracking of each and every registered FIR by the superior police officers as well as by the competent*

*court to which copies of each FIR are required to be sent.*

*"**Information**"*

*73. The legislature has consciously used the expression 'information' in Section 154(1) of the Code as against the expression used in Sections 41(1)(a) [Ed. : Vide Act 5 of 2009, w.e.f. 1-1-2010 Sections 41(1)(a) and (b) of the principal Act were substituted with differently worded Sections 41(1)(a) and (b) : the new clause (b) being substantially in pari materia with the old clause (a). A new clause (ba) was also added. The old clause (a) mentioned in most of the judgments cited hereinbelow stood as follows:"41. (1)(a) who has been concerned in any cognizable offence, or against whom a reasonable complaint has been made, or credible information has been received, or a reasonable suspicion exists, of his having been so concerned; or"The new Sections 41(1)(a), (b) and (ba) are as follows:"41. (1)(a) who commits, in the presence of a police officer, a cognizable offence;(b) against whom a reasonable complaint has been made, or credible information has been received …(ba) against whom credible information has been received that he has committed a cognizable offence …"Clause (g) of Section 41(1) remains unaltered.] and (g) where the expression used for arresting a person without warrant is 'reasonable complaint' or 'credible information'. The expression under Section 154(1) of the Code is not qualified by the prefix 'reasonable' or 'credible'. The non-qualification of the word 'information' in Section 154(1) unlike in Sections 41(1)(a) [Ed. : Vide Act 5 of 2009, w.e.f. 1-1-2010 Sections 41(1)(a) and (b) of the principal Act were substituted with differently worded Sections 41(1)(a) and (b) : the new clause (b) being substantially in pari materia with the old clause (a). A new clause (ba) was also added. The old clause (a) mentioned in most of the judgments cited hereinbelow stood as follows:"41. (1)(a) who has been concerned in any cognizable offence, or against whom a reasonable complaint has been made, or credible information has been received, or a reasonable suspicion exists, of his having been so concerned; or"The new Sections 41(1)(a), (b) and (ba) are as follows:"41. In other words, reasonableness or credibility of the said information is not a condition precedent for the registration of a case.*

*94. Principles of democracy and liberty demand a regular and efficient check on police powers. One way of keeping check on authorities with such powers is by documenting every action of theirs.*

*Accordingly, under the Code, actions of the police, etc. are provided to be written and documented. For example, in case of arrest under Section 41(1)(b) of the Code, the arrest memo along with the grounds has to be in writing mandatorily; under Section 55 of the Code, if an officer is deputed to make an arrest, then the superior officer has to write down and record the offence, etc. for which the*

*person is to be arrested; under Section 91 of the Code, a written order has to be passed by the officer concerned to seek documents; under Section 160 of the Code, a written notice has to be issued to the witness so that he can be called for recording of his/her statement, seizure memo/panchnama has to be drawn for every article seized, etc.*

*****

*107. While registration of FIR is mandatory, arrest of the accused immediately on registration of FIR is not at all mandatory. In fact, registration of FIR and arrest of an accused person are two entirely different concepts under the law, and there are several safeguards available against arrest. Moreover, it is also pertinent to mention that an accused person also has a right to apply for 'anticipatory bail' under the provisions of Section 438 of the Code if the conditions mentioned therein are satisfied. Thus, in appropriate cases, he can avoid the arrest under that provision by obtaining an order from the court.*

*108. It is also relevant to note that in Joginder Kumar v. State of U.P. [(1994) 4 SCC 260 : 1994 SCC (Cri) 1172] , this Court has held that arrest cannot be made by the police in a routine manner. Some important observations are reproduced as under : (SCC pp. 267-68, para 20)*

*'20. ... No arrest can be made in a routine manner on a mere allegation of commission of an offence made against a person. It would be prudent for a police officer in the interest of protection of the constitutional rights of a citizen and perhaps in his own interest that no arrest should be made without a reasonable satisfaction reached after some investigation as to the genuineness and bona fides of a complaint and a reasonable belief both as to the person's complicity and even so as to the need to effect arrest. Denying a person of his liberty is a serious matter. The recommendations of the Police Commission merely reflect the constitutional concomitants of the fundamental right to personal liberty and freedom. A person is not liable to arrest merely on the suspicion of complicity in an offence. There must be some reasonable justification in the opinion of the officer effecting the arrest that such arrest is necessary and justified. Except in heinous offences, an arrest must be avoided if a police officer issues notice to person to attend the Station House and not to leave the Station without permission would do.'*

*****

*111. Besides, the Code gives power to the police to close a matter both before and after investigation. A police officer can foreclose an FIR before an investigation under Section 157 of the Code, if it appears to him that there is no sufficient ground to investigate the same. The section itself states that a police officer can start investigation when he has "reason to suspect the commission of an offence". Therefore, the requirements of launching an investigation under Section 157 of the Code are higher than the requirement under Section 154 of the Code. The police officer can also, in a given case, investigate the matter and then file a final report under Section 173 of the Code seeking closure of the matter. Therefore, the police is not liable to launch an investigation in every FIR which is mandatorily registered on receiving information relating to commission of a cognizable offence.*

*****

*(emphasis in original)*

*114. It is true that a delicate balance has to be maintained between the*

*interest of the society and protecting the liberty of an individual. As already discussed above, there are already sufficient safeguards provided in the Code which duly protect the liberty of an individual in case of registration of false FIR. At the same time, Section 154 was drafted keeping in mind the interest of the victim and the society. Therefore, we are of the cogent view that mandatory registration of FIRs under Section 154 of the Code will not be in contravention of Article 21 of the Constitution as purported by various counsel.*

*Exceptions*

*115. Although, we, in unequivocal terms, hold that Section 154 of the Code postulates the mandatory registration of FIRs on receipt of all cognizable offences, yet, there may be instances where preliminary inquiry may be required owing to the change in genesis and novelty of crimes with the passage of time. One such instance is in the case of allegations relating to medical negligence on the part of doctors. It will be unfair and inequitable to prosecute a medical professional only on the basis of the allegations in the complaint.*

***

*120.6. As to what type and in which cases preliminary inquiry is to be conducted will depend on the facts and circumstances of each case. The category of cases in which preliminary inquiry may be made are as under:*

*(a) Matrimonial disputes/family disputes*

*(b) Commercial offences*

*(c) Medical negligence cases*

*(d) Corruption cases*

*(e) Cases where there is abnormal delay/laches in initiating criminal prosecution, for example, over 3 months' delay in reporting the matter without satisfactorily explaining the reasons for delay."*

*19. Thus, this Court has laid down that while prompt registration of FIR is mandatory, checks and balances on power of police are equally important. Power of arrest or of investigation is not mechanical. It requires application of mind in the manner provided. Existence of power and its exercise are different. Delicate balance had to be maintained between the interest of society and liberty of an individual. Commercial offences have been put in the category of cases where FIR may not be warranted without enquiry.*

*20. It has been held, for the same reasons, that direction by the Magistrate for investigation under Section 156(3) cannot be given mechanically. In Anil Kumar v. M.K. Aiyappa [(2013) 10 SCC 705 : (2014) 1 SCC (Cri) 35] , it was observed : (SCC p. 711, para 11)*

*11. "The scope of Section 156(3) CrPC came up for consideration before this Court in several cases. This Court in Maksud Saiyed case [Maksud Saiyed v. State of Gujarat, (2008) 5 SCC 668 : (2008) 2 SCC (Cri) 692] examined the requirement of the application of mind by the Magistrate before exercising jurisdiction under Section 156(3) and held that where jurisdiction is exercised on a complaint filed in terms of Section 156(3) or Section 200 CrPC, the Magistrate is required to apply his mind, in such a case, the Special Judge/Magistrate cannot refer the matter under Section 156(3) against a public servant without a valid sanction order. The application of mind by the Magistrate should be reflected in the order. The mere statement that he has gone through the complaint, documents and heard the complainant, as such, as reflected in the order, will not be sufficient. After going through the complaint,*

*documents and hearing the complainant, what weighed with the Magistrate to order investigation under Section 156(3) CrPC, should be reflected in the order, though a detailed expression of his views is neither required nor warranted. We have already extracted the order passed by the learned Special Judge which, in our view, has stated no reasons for ordering investigation."*

*The above observations apply to category of cases mentioned in para 120.6 in Lalita Kumari [Lalita Kumari v. State of U.P., (2014) 2 SCC 1 : (2014) 1 SCC (Cri) 524] .*

*21. On the other hand, power under Section 202 is of different nature. Report sought under the said provision has limited purpose of deciding "whether or not there is sufficient ground for proceeding". If this be the object, the procedure under Section 157 or Section 173 is not intended to be followed. Section 157 requires sending of report by the police that the police officer suspected commission of offence from information received by the police and thereafter the police is required to proceed to the spot, investigate the facts and take measures for discovery and arrest. Thereafter, the police has to record statements and report on which the Magistrate may proceed under Section 190. This procedure is applicable when the police receives information of a cognizable offence, registers a case and forms the requisite opinion and not every case registered by the police.*

*22. Thus, we answer the first question by holding that:*

*22.1. The direction under Section 156(3) is to be issued, only after application of mind by the Magistrate. When the Magistrate does not take cognizance and does not find it necessary to postpone the issuance of process and finds a case made out to proceed forthwith, direction under the said provision is issued. In other words, where on account of credibility of information available, or weighing the interest of justice it is considered appropriate to straightaway direct investigation, such a direction is issued.*

*22.2. The cases where Magistrate takes cognizance and postpones issuance of process are cases where the Magistrate has yet to determine "existence of sufficient ground to proceed". Category of cases falling under para 120.6 in Lalita Kumari [Lalita Kumari v. State of U.P., (2014) 2 SCC 1 : (2014) 1 SCC (Cri) 524] may fall under Section 202."*

12. In the case of **Priyanka Srivastava vs. State of U.P.,** reported in **(2015) 6 SCC 287;** subject matter of which relates to preferring an application under Section 156(3) Cr.P.C. by the borrower against the Officer of the financial institution after initiation of proceedings under SARFAESI Act, 2002, the Hon'ble Apex Court, after considering the judgment(s) passed in the case of Devarapalli Lakshminarayana Reddy v. V. Narayana Reddy [(1976) 3 SCC 252 : 1976 SCC (Cri) 380] (Para 17); Anil Kumar v. M.K. Aiyappa [(2013) 10 SCC 705 : (2014) 1 SCC (Cri) 35] (Para 11); Dilawar Singh v. State of Delhi [(2007) 12 SCC 641 : (2008) 3 SCC (Cri) 330] (Para 18); Mohd. Yousuf v. Afaq Jahan, (2006) 1 SCC 627, SCC p. 631, Para 11 : (2006) 1 SCC (Cri) 460.]; CREF Finance Ltd.v. Shree Shanthi Homes (P) Ltd. [(2005) 7 SCC 467 : 2005 SCC (Cri) 1697]; Madhao v. State of Maharashtra [Madhao v. State of Maharashtra, (2013) 5 SCC 615 : (2013) 4 SCC (Cri) 141] (Para 18); Ramdev Food Products (P) Ltd. v. State of Gujarat [(2015) 6 SCC 439] (Para 22); Lalita

Kumari v. State of U.P. [(2014) 2 SCC 1 : (2014) 1 SCC (Cri) 524] (Para 30), observed as under:-

*29. At this stage it is seemly to state that power under Section 156(3) warrants application of judicial mind. A court of law is involved. It is not the police taking steps at the stage of Section 154 of the Code. A litigant at his own whim cannot invoke the authority of the Magistrate. A principled and really grieved citizen with clean hands must have free access to invoke the said power. It protects the citizens but when pervert litigations takes this route to harass their fellow citizens, efforts are to be made to scuttle and curb the same.*

*30. In our considered opinion, a stage has come in this country where Section 156(3) CrPC applications are to be supported by an affidavit duly sworn by the applicant who seeks the invocation of the jurisdiction of the Magistrate. That apart, in an appropriate case, the learned Magistrate would be well advised to verify the truth and also can verify the veracity of the allegations. This affidavit can make the applicant more responsible. We are compelled to say so as such kind of applications are being filed in a routine manner without taking any responsibility whatsoever only to harass certain persons. That apart, it becomes more disturbing and alarming when one tries to pick up people who are passing orders under a statutory provision which can be challenged under the framework of the said Act or under Article 226 of the Constitution of India. But it cannot be done to take undue advantage in a criminal court as if somebody is determined to settle the scores.*

*31. We have already indicated that there has to be prior applications under Sections 154(1) and 154(3) while filing a petition under Section 156(3). Both the aspects should be clearly spelt out in the application and necessary documents to that effect shall be filed. The warrant for giving a direction that an application under Section 156(3) be supported by an affidavit is so that the person making the application should be conscious and also endeavour to see that no false affidavit is made. It is because once an affidavit is found to be false, he will be liable for prosecution in accordance with law. This will deter him to casually invoke the authority of the Magistrate under Section 156(3). That apart, we have already stated that the veracity of the same can also be verified by the learned Magistrate, regard being had to the nature of allegations of the case. We are compelled to say so as a number of cases pertaining to fiscal sphere, matrimonial dispute/family disputes, commercial offences, medical negligence cases, corruption cases and the cases where there is abnormal delay/laches in initiating criminal prosecution, as are illustrated in Lalita Kumari [(2014) 2 SCC 1 : (2014) 1 SCC (Cri) 524] are being filed. That apart, the learned Magistrate would also be aware of the delay in lodging of the FIR."*

13. In the judgment passed in **Criminal Revision No. 4629 of 2019 (Vishwanath Vs. State of U.P. and 4 Ors.) dated 09.12.2019,** wherein this Court while dealing with similar issue, after considering the relevant previsions of Cr.P.C. and various pronouncements, concluded as under:-

*55. Thus, in the whole scheme of the Code of Criminal Procedure as clarified in the pronouncements of the Apex Court ranging from 1951 to 2019, it is evident that if a person has a grievance*

*that his F.I.R. has not been registered by the police, his first remedy is to approach the Superintendent of Police under Section 154(3), Cr.P.C. or other police officer referred to in Section 36, Cr.P.C. If his grievances still persist, then he can approach a Magistrate under Section 156(3), Cr.P.C. He has a further remedy of filing a criminal complaint under Section 200, Cr.P.C. On receipt of the complaint, however, several courses are open to the Magistrate:*

*(i) He may take cognizance of the offence at once and proceed to record statements of the complaints and the witnesses present under Section 200, and proceed under Chapter XV and Chapter XVI, accordingly.*

*(ii) If, he thinks fit, he may postpone the issue of process and either inquire into the case himself or direct an investigation to be made by the police officer or such other process as he may thinks fit, for the purpose of deciding whether or not there is sufficient ground for proceeding. He may then issue process if in his opinion there is sufficient ground of proceeding; or dismiss the complaint if there is no sufficient ground for proceeding.*

*(iii) Yet another course open to the Magistrate is that instead of taking cognizance of the offence and following the procedure laid down under Section 200 or Section 202, he may order investigation to be made by the police under Section 156(3).*

*(iv) On receiving the police report, the Magistrate may take cognizance of the offence under Section 190(1)(b) and issue process straightway to the accused. The Magistrate may exercise his power in this behalf irrespective of the view expressed by the police in their report whether an offence has been made out or not. This is because the Magistrate is not bound by the opinion of the police officer as to whether an offence has been made out or not.*

*56. Thus, the above discussion pertaining to the power of the Magistrate under Section 156(3) in Chapter XII read with Section 190 in Chapter XIV of the Code leaves no room for doubt that there is nothing in the Code of Criminal Procedure, which curtails or puts any embargo on the power of the Magistrate to make an "inquiry" as defined under Section 2(g) of the Code or to order for "investigation" defined under Section 2(h) of the Code, in dealing with the application under Section 156(3), Cr.P.C. i.e., in exercise of the power conferred upon it under Chapter XII or Chapter XIV of the Code to satisfy itself about the veracity of the allegations of commission of a criminal offence made therein.*

*57. In its discretionary power, it is open for the Magistrate to direct the police to register a criminal case under Section 154, Cr.P.C. and conduct investigation. At the same time, it is open for the Magistrate, where the facts of the case and the ends of justice so demand, to take cognizance of the matter by treating it as a complaint and proceed for the "inquiry" under Sections 200 and 202, Cr.P.C.*

*58. It cannot be said nor it could be demonstrated that in each case, without application of its independent mind, the Magistrate shall issue simply direction "to register and investigate" i.e., to lodge a first information report on an application filed under Section 156(3), Cr.P.C. The power to conduct a preliminary inquiry into the report of commission of criminal offence(s), conferred on the Magistrate within the scheme of the Code of Criminal Procedure has not been curtailed by any of*

*the observations made by the Apex Court in the case of Lalita Kumari, MANU/SC/1166/2013MANU/SC/1166/2013 : 2014(2) SCC 1.*

*59. However, it is pertinent to note that while exercising its discretionary power under Section 156(3), Cr.P.C., the Magistrate like any other court of discretionary jurisdiction is to act fairly and consciously and ensure that the discretion conferred upon it is exercised within the limits of judicial discretion. The entire emphasis is to act in an unbiased and just manner, strictly in accordance with law, to find but the truth of the case which shall come before it.*

*60. It is a Magistrate who is the competent authority to take cognizance of an offence and it is his duty to decide whether on the basis of the record and documents produced, an offence is made out or not and if made out, what course of law should be adopted. Emphasis is laid to the statement in Vinubhai (supra), wherein it is stated that "it is the judicial conscience of the Magistrate which has to be satisfied with reference to the record and the documents placed before him by the investigating agency, in coming to an appropriate conclusion in consonance with the principles of law." It would not be out of place to note para '17' of the report in Vinubhai, at this stage:*

*"17. It is clear that a fair trial must kick off only after an investigation is itself fair and just. The ultimate aim of all investigation and inquiry, whether by the police or by the Magistrate, is to ensure that those who have actually committed a crime are correctly booked, and those who have not/are not arraigned to stand trial That this is the minimal procedural requirement that is the fundamental requirement of Article 21 of the Constitution of India cannot be doubted. It is the hovering omnipresence of Article 21 over the Cr.P.C. that must needs inform the interpretation of all the provisions of the Cr.P.C., so as to ensure that Article 21 is followed both in letter and in spirit."*

*(Emphasis added)*

*61. Applying the above legal principles, in the facts of the present case, this Court finds that the application under Section 156(3), Cr.P.C. was filed after a period of two months of the alleged incident and it was noted by the court concerned that nothing could be traced in favour of the prosecution by medical examination etc. In the circumstances before it, the court deemed it fair, just and proper to search the evidence(s) which is/are well known to the applicant and in his possession so as to find out the truth of the allegations in the application.*

*62. Having perused the contents of the application and the order of the court below, it cannot be said that the court concerned has committed illegally in exercise of its discretionary jurisdiction under Section 156(3), Cr.P.C. or it has exceeded in its jurisdiction in any manner or has exercised jurisdiction not vested in it in law. It cannot be said also that any material injustice has been caused to the applicant on account of the decision of the court below to treat the application under Section 156(3), Cr.P.C. as a complaint for the purpose of deciding whether or not there is sufficient ground for proceeding, rather than directing the police to register an F.I.R. and investigate under Section 154 of the Code."*

14. The Hon'ble Apex Court in the case of **XYZ vs. State of Madhya Pradesh and Others** reported in **(2023) 9 SCC 705;** observed as under:-

*"14. First, we find it appropriate to reiterate the duty of police to register an FIR whenever a cognizable offence is made out in a complaint. A Constitution Bench of this Court in Lalita Kumari v. State of U.P. [Lalita Kumari v. State of U.P., (2014) 2 SCC 1 : (2014) 1 SCC (Cri) 524] has laid out the position of law as summarised in the following extract of the decision : (SCC p. 60, para 119)*

*"119. Therefore, in view of various counterclaims regarding registration or non-registration, what is necessary is only that the information given to the police must disclose the commission of a cognizable offence. In such a situation, registration of an FIR is mandatory. However, if no cognizable offence is made out in the information given, then the FIR need not be registered immediately and perhaps the police can conduct a sort of preliminary verification or inquiry for the limited purpose of ascertaining as to whether a cognizable offence has been committed. But, if the information given clearly mentions the commission of a cognizable offence, there is no other option but to register an FIR forthwith. Other considerations are not relevant at the stage of registration of FIR, such as, whether the information is falsely given, whether the information is genuine, whether the information is credible, etc. These are the issues that have to be verified during the investigation of the FIR. At the stage of registration of FIR, what is to be seen is merely whether the information given ex facie discloses the commission of a cognizable offence. If, after investigation, the information given is found to be false, there is always an option to prosecute the complainant for filing a false FIR."*

*15. We cannot help but note that the police's inaction in this case is most unfortunate. It is every police officer's bounden duty to carry out his or her functions in a public-spirited manner. The police must be cognizant of the fact that they are usually the first point of contact for a victim of a crime or a complainant. They must abide by the law and enable the smooth registration of an FIR. Needless to say, they must treat all members of the public in a fair and impartial manner. This is all the more essential in cases of sexual harassment or violence, where victims (who are usually women) face great societal stigma when they attempt to file a complaint. It is no secret that women's families often do not approve of initiating criminal proceedings in cases of sexual harassment. Various quarters of society attempt to persuade the survivor not to register a complaint or initiate other formal proceedings, and they often succeed. Finally, visiting the police station and interacting with police officers can be an intimidating experience for many. This discomfort is often compounded if the reason for visiting the police station is to complain of a sexual offence.*

*16. This being the case, the police ought not to create yet another obstacle by declining to register an FIR despite receiving a complaint regarding sexual harassment. Rather, they should put the complainant at ease and try to create an atmosphere free from fear. They ought to be sensitive to her mental state and the fact that she may have recently been subjected to a traumatic experience.*

*17. Whether or not the offence complained of is made out is to be determined at the stage of investigation and/or trial. If, after conducting the investigation, the police find that no offence is made out, they may file a B Report under Section 173CrPC. However, it is not open to them to decline to register an FIR. The law in this regard is clear — police officers*

*cannot exercise any discretion when they receive a complaint which discloses the commission of a cognizable offence.*

*18.Second, we deal with the issue of the discretion granted to a Magistrate vis-à-vis the exercise of powers under Section 156(3)CrPC. On this issue, the High Court has held that the JMFC was not under an obligation to direct the police to register the FIR and the use of the expression "may" in Section 156(3)CrPC indicated that the JMFC had the discretion to direct the complainant to examine witnesses under Sections 200 and 202CrPC, instead of directing an investigation under Section 156(3).*

*19. A Division Bench of this Court in Sakiri Vasu v. State of U.P. [Sakiri Vasu v. State of U.P., (2008) 2 SCC 409 : (2008) 1 SCC (Cri) 440] expounded upon the Magistrate's powers under Section 156(3)CrPC. In this decision, the Court noted : (SCC pp. 412-15, paras 11, 13, 15 17 & 26)*

*11. In this connection we would like to state that if a person has a grievance that the police station is not registering his FIR under Section 154CrPC, then he can approach the Superintendent of Police under Section 154(3)CrPC by an application in writing. Even if that does not yield any satisfactory result in the sense that either the FIR is still not registered, or that even after registering it no proper investigation is held, it is open to the aggrieved person to file an application under Section 156(3)CrPC before the learned Magistrate concerned. If such an application under Section 156(3) is filed before the Magistrate, the Magistrate can direct the FIR to be registered and also can direct a proper investigation to be made, in a case where, according to the aggrieved person, no proper investigation was made. The Magistrate can also under the same provision monitor the investigation to ensure a proper investigation.*

***

*13. The same view was taken by this Court in Dilawar Singh v. State (NCT of Delhi) [Dilawar Singh v. State (NCT of Delhi), (2007) 12 SCC 641 : (2008) 3 SCC (Cri) 330] . We would further clarify that even if an FIR has been registered and even if the police has made the investigation, or is actually making the investigation, which the aggrieved person feels is not proper, such a person can approach the Magistrate under Section 156(3)CrPC, and if the Magistrate is satisfied he can order a proper investigation and take other suitable steps and pass such order(s) as he thinks necessary for ensuring a proper investigation. All these powers a Magistrate enjoys under Section 156(3)CrPC.*

***

*15. Section 156(3) provides for a check by the Magistrate on the police performing its duties under Chapter XII CrPC. In cases where the Magistrate finds that the police has not done its duty of investigating the case at all, or has not done it satisfactorily, he can issue a direction to the police to do the investigation properly, and can monitor the same.*

***

*17. In our opinion Section 156(3)CrPC is wide enough to include all such powers in a Magistrate which are necessary for ensuring a proper investigation, and it includes the power to order registration of an FIR and of ordering a proper investigation if the Magistrate is satisfied that a proper investigation has not been done, or is not being done by the police. Section 156(3)CrPC, though briefly worded, in our*

*opinion, is very wide and it will include all such incidental powers as are necessary for ensuring a proper investigation.*

***

*26. If a person has a grievance that his FIR has not been registered by the police station his first remedy is to approach the Superintendent of Police under Section 154(3)CrPC or other police officer referred to in Section 36CrPC. If despite approaching the Superintendent of Police or the officer referred to in Section 36 his grievance still persists, then he can approach a Magistrate under Section 156(3)CrPC instead of rushing to the High Court by way of a writ petition or a petition under Section 482CrPC. Moreover, he has a further remedy of filing a criminal complaint under Section 200CrPC. Why then should writ petitions or Section 482 petitions be entertained when there are so many alternative remedies?"*

*(emphasis supplied)*

*20. <u>It is clear from the above extract that the Magistrate has wide powers under Section 156(3) which ought to be exercised towards meeting the ends of justice. A two-Judge Bench of this Court in Srinivas Gundluri v. Sepco Electric Power Construction Corpn. [Srinivas Gundluri v. Sepco Electric Power Construction Corpn., (2010) 8 SCC 206 : (2010) 3 SCC (Cri) 652] , further clarified the powers of a Magistrate and held that whenever a cognizable offence is made out on the bare reading of complaint, the Magistrate may direct police to investigate : (SCC pp. 218-19, para 23)</u>*

*"23. To make it clear and in respect of doubt raised by Mr Singhvi to proceed under Section 156(3) of the Code, what is required is a bare reading of the complaint and if it discloses a cognizable offence, then the Magistrate instead of applying his mind to the complaint for deciding whether or not there is sufficient ground for proceeding, may direct the police for investigation. In the case on hand, the learned Single Judge [Srinivas Gundluri v. Sepco Electric Power Construction Corpn., 2009 SCC OnLine Chh 308] and the Division Bench [Srinivas Gundhuri v. Sepco Electric Power Construction Corpn., WA No. 281 of 2009, order dated 1-4-2010 (Chh)] of the High Court rightly pointed out that the Magistrate did not apply his mind to the complaint for deciding whether or not there is sufficient ground for proceeding and, therefore, we are of the view that the Magistrate has not committed any illegality in directing the police for investigation. In the facts and circumstances, it cannot be said that while directing the police to register FIR, the Magistrate has committed any illegality. As a matter of fact, even after receipt of such report, the Magistrate under Section 190(1)(b) may or may not take cognizance of offence. In other words, he is not bound to take cognizance upon submission of the police report by the investigating officer, hence, by directing the police to file charge-sheet or final report and to hold investigation with a particular result cannot be construed that the Magistrate has exceeded his power as provided in sub-section (3) of Section 156."*

*21. In the present case, the narration of facts makes it clear that upon the invocation of the jurisdiction of the Magistrate under Section 156(3)CrPC, the JMFC came to the conclusion that serious allegations had been levelled against the accused by the appellant and, that, from a perusal of the documents in this regard, the statements of the complainant were satisfactory. After taking note of the fact that the police had at an earlier stage reported that the occurrence of an incident or offence was not found, the JMFC opined*

*that, from the facts which were set out by the complainant in the complaint, prima facie, the occurrence of an offence was shown.*

*22. It is true that the use of the word "may" implies that the Magistrate has discretion in directing the police to investigate or proceeding with the case as a complaint case. But this discretion cannot be exercised arbitrarily and must be guided by judicial reasoning. An important fact to take note of, which ought to have been, but has not been considered by either the trial court or the High Court, is that the appellant had sought the production of DVRs containing the audio-video recording of the CCTV footage of the then Vice-Chancellor's (i.e. the second respondent) chamber. As a matter of fact, the Institute itself had addressed communications to the second respondent directing the production of the recordings, noting that these recordings had been handed over on his oral direction by the then Registrar of the Institute as he was the Vice-Chancellor. Due to the lack of response despite multiple attempts, the Institute had even filed a complaint with PS Gole Ka Mandir on 29-10-2021 for registering an FIR against the second respondent for theft of the DVRs.*

*23. Therefore, in such cases, where not only does the Magistrate find the commission of a cognizable offence alleged on a prima facie reading of the complaint but also such facts are brought to the Magistrate's notice which clearly indicate the need for police investigation, the discretion granted in Section 156(3) can only be read as it being the Magistrate's duty to order the police to investigate. In cases such as the present, wherein, there is alleged to be documentary or other evidence in the physical possession of the accused or other individuals which the police would be best placed to investigate and retrieve using its powers under the CrPC, the matter ought to be sent to the police for investigation."*

15. Expression "Investigation" has been defined in Section 2(h) of Cr.P.C. which reads as under:-

*""investigation" includes all the proceedings under this Code for the collection of evidence conducted by a police officer or by any person (other than a Magistrate) who is authorized by a Magistrate in this behalf;"*

16. Regarding expression "investigation", it would be appropriate to refer the paras 53 to 55 of the judgment passed in the case of **Kailash Vijayvargiya vs. Rajlakshmi Chaudhari and Others;** reported in **2023 SCC OnLine SC 569.** The Hon'ble Apex Court by this judgment remanded the matter back to the Magistrate to decide the application under Section 156(3) Cr.P.C. preferred by the victim afresh, wherein allegations were levelled to attract the offence indicated under Section 417, 376, 406, 313, 120 IPC, which was initially rejected by the Magistrate, and thereafter the Magistrate in compliance of order of remand of High Court, without recording reasons, directed the Police to lodge an FIR and investigate the matter. The aforesaid paras are reproduced hereinunder:-

*"53. The Code vide Chapter XII, ranging from Section 154 to Section 176, deals with information to the Police and their power to investigate. Section 154 deals with the information relating to the commission of a cognizable offence and fiats the procedure to be adopted when prima facie commission of a cognizable offence is made out. Section 156 authorises*

*a police officer in-charge of a Police station to investigate any cognizable offence without the order of a Magistrate. Sub-section (3) of Section 156 provides for any Magistrate empowered under Section 190 to order an investigation as mentioned in Section 156(1). In cases where a cognizable offence is suspected to have been committed, the officer in-charge of the Police station, after sending a report to the Magistrate empowered to take cognizance of such offence, is entitled under Section 157 to investigate the facts and circumstances of the case and also to take steps for discovery and arrest of the offender. Clauses (a) and (b) of the proviso to sub-section (1) to Section 157 give discretion to the officer in-charge not to investigate a case, when information of such offence is given against any person by name and the case is not of serious nature; or when it appears to the officer in-charge of the Police station that there is no sufficient ground for entering the investigation. In each of the cases mentioned in clauses (a) and (b) to the proviso to sub-section (1) to Section 157, the officer in-charge of the Police station has to file a report giving reasons for not complying with the requirements of sub-section (1) and in a case covered by clause (b) to the proviso, also notify the informant that he will not investigate the case or cause it to be investigated. Section 159 gives power to a Magistrate, on receiving such report of the officer in-charge, to either direct an investigation or if he thinks fit, proceed to hold a preliminary inquiry himself or through a Magistrate subordinate to him, or otherwise dispose of the case in the manner provided by the Code.*

*54. Sections 160 to 164 deal with the power of the Police to require attendance of witnesses, examination of witnesses, use of such statements in evidence, inducement for recording statement and recording of statements. Section 165 deals with the power of a Police officer to conduct search during investigation in the circumstances mentioned therein.*

*55. The power under the Code to investigate generally consists of following steps : (a) proceeding to the spot; (b) ascertainment of facts and circumstances of the case; (c) discovery and arrest of the suspected offender; (d) collection of evidence relating to commission of offence, which may consist of examination of various persons, including the person accused, and reduction of the statement into writing if the officer thinks fit; (e) the search of places of seizure of things considered necessary for investigation and to be produced for trial; and (f) formation of opinion as to whether on the material collected there is a case to place the accused before the Magistrate for trial and if so, taking the necessary steps by filing a chargesheet under Section 173."*

17. As per settled view, the Magistrate/Court of competent of jurisdiction, after verifying the truth and veracity of the allegations made in the application under Section 156(3) Cr.P.C., can (i) pass an order contemplated by Section 156(3) Cr.P.C., (ii) direct examination of complaint and witnesses and proceed further in the manner provided by Section 202 Cr.P.C. and (iii) can also direct the preliminary inquiry by police in terms of law laid down in the judgment passed in the case of ***Lalita Kumari (supra).*** The Magistrate/Court of competent jurisdiction is also empowered to reject the application under Section 156(3) Cr.P.C..

18. In other words, the Magistrate/Court of competent jurisdiction while dealing with an application under Section 156(3) Cr.P.C. is empowered to pass an order for registration of FIR and investigate into the matter or to treat such application as a 'Complaint Case', if Investigation in the matter is not required and he is fully empowered to reject the application under Section 156(3) Cr.P.C.

19. From the application under consideration as also the application under Section 156(3) Cr.P.C. which is on record as Annexure No. 3, this Court finds that applicant and opposite party No.5/Jagdish Kumar are real brother and opposite party No.2 to 4 namely Avdhesh Kumar, Krishna Kumar and Dinesh Kumar are nephew of the applicant and opposite party No.6/Rakraksha Pandey is the father-in-law of opposite party No.5/Jagdish Pandey, who based upon the "Will" dated 28.07.1990, alleged to have been forged, claimed right over the property of the testator (father of applicant and opposite party No.5/Jagdish Kumar) by filing a Case No. 681-682/913 under Section 34 of the U.P. Land Revenue Act, 1901 in the year 2008 and thereafter the applicant after huge delay preferred an application dated 27.08.2015 under Section 156(3) Cr.P.C. before the Magistrate.

20. Having considered the aforesaid facts and circumstances of the case as also the settled principle of law on the issue, this Court is of the view that the impugned order(s) dated 29.01.2016 and 28.07.2023 have rightly been passed as the dispute essentially appears to be a civil dispute and application under Section 156(3) Cr.P.C. was moved after huge delay and the Hon'ble Apex Court in various pronouncements has stated that a person should not be permitted to give a criminal colour to a civil dispute.

21. For the reasons aforesaid, this Court finds no force in the present application. It is accordingly ***dismissed***. Costs made easy.

(Delivered by Hon'ble Om Prakash Shukla, J.)

**A. Prelude**

1. Applicant, **Smt. Suman Mishra,** who is the sister-in-law of opposite party no.2-Smt. Parul Mishra, has filed the instant application under Section 482 of the Code of Criminal Procedure, 1973, assailing the order dated 13.04.2012 passed by the Chief Judicial Magistrate, Barabanki in Complaint Case No. 744 of 2012 : Smt. Parul Mishra and another Vs. Nishant Mishra and others, as well as the order dated 21.09.2013 passed by the learned Additional Sessions Judge/Special Judge (E.C. Act), Barabanki in Criminal Revision No. 112 of 2012 : *Smt. Suman Mishra Vs. Smt. Parul Mishra and others.*

2. Apparently, by the impugned order dated 13.04.2012, application filed by the applicant dated 09.08.2011 seeking to quash the proceeding instituted against her by Smt. Parul Mishra (opposite party no.2 herein) in Complaint Case No. 744 of 2012 and a prayer to delete her name arrayed as opposite party No.7 in Complaint Case No. 744 of 2012, was rejected, which came to be affirmed by the learned Additional Sessions Judge/Special Judge (E.C. Act), Barabanki in Criminal Revision No. 112 of 2012 while rejecting the revision, by the impugned order dated 21.09.2013.

**B. Factual background**

3. Shorn of unnecessary details, facts in brief, as borne out from the pleadings, are that opposite party no.2-Smt. Parul Mishra had approached the Court of Chief Judicial Magistrate, Lucknow by filing application/complaint under Section 12 of the Protection of Woman from Domestic Violence Act, 2005 (hereinafter referred to as **'DV Act, 2005'**) against nine persons including the applicant, thereby seeking

protection orders, residence orders and compensation orders to be passed under various provisions of DV Act, 2005 and also seeking for monetary reliefs under Section 22 of the DV Act, 2005.

4. It was stated in the aforesaid application/complaint case by the opposite party no.2-Smt. Parul Mishra that her marriage was solemnized with Nishant Mishra in accordance with Hindu rites, rituals and customs on 20.02.2007. At the time of marriage, her parents and relatives gave sufficient dowry and Stridhan, including one Maruti WagonR Car, cash, Jewellery, furniture and household items, value of which would be Rs.20,00,000/-. Out of the said wedlock, one daughter, namely, Km. Garvita alias Vibhu was born. Her husband Nishant Mishra is working as Assistant Engineer (Mechanical Boiler Maintenance Care)/Chief General Manager, Parichha Thermal Power Station, Jhansi and his monthly salary from all sources was Rs.50,000/-. After marriage, opposite party no.2 was living her marital life in a joint family, but her husband, father-in-law, mother-in-law, brother-in-law, sister-in-law (applicant herein) and other opposite parties in the aforesaid complaint case used to torture her by insulting and harassing her in various ways and they also used to assault and abuse her from time to time and they even were planning to kill her by giving slipping pill.

5. Apparently, vide order dated 15.04.2011, the Chief Judicial Magistrate, in view of the aforesaid complaint of the opposite party No.2, directed to register the aforesaid complaint/ application as miscellaneous case and also directed the Protection Officer to submit a domestic incident report. In compliance thereof, the complaint/ application of the opposite party no.2-Smt. Parul Mishra and Kumari Garvita alias Vibhu was registered as Complaint Case No. 774 of 2012.

6. On perusal of Annexure No.2, which is an application filed by the applicant before the Chief Judicial Magistrate, Barabanki, it seems that a preliminary inquiry was conducted by the Protection Officer for compliance of the aforesaid order of the Chief Judicial Magistrate dated 15.04.2011 and for this purpose, the Protection Officer had issued notice to the applicant requiring to submit her reply, however, it appears that instead of participating in the preliminary inquiry before the Protection Officer, the applicant had filed an application before the Chief Judicial Magistrate, Barabanki, seeking to quash the proceedings instituted against her and also praying to delete her name as opposite party No.7 from the array of the parties in Complaint Case No. 774 of 2012. The learned Chief Judicial Magistrate, after going through the averments made in the complaint, opined that complainants/opposite parties no.2 and 3 herein had sought relief in para No.26 of the Complaint Case No. 774 of 2012 against all the opposite parties including the applicant, therefore, , application filed by the applicant was not acceptable and accordingly, vide order dated 13.04.2012, application of the applicant was rejected by the Chief Judicial Magistrate, Barabanki.

7. The applicant being aggrieved had filed Criminal Revision No. 112 of 2012 before the Additional Sessions Judge/Special Judge (E.C. Act), Barabanki, challenging the aforesaid order dated 13.04.2012 passed by the Chief Judicial Magistrate, Barabanki, which was rejected while affirming the order dated 13.04.2012 by the Additional Sessions Judge/Special

Judge (E.C. Act), Barabanki vide order dated 21.09.2013.

8. In the aforesaid backdrops, the applicant has approached this Court under Section 482 Cr.P.C., challenging the aforesaid two orders i.e. dated 13.04.2012 passed by the Chief Judicial Magistrate, Barabanki and the order dated 21.09.2013 passed by the Additional Sessions Judge/Special Judge (E.C. Act), Barabanki.

9. Heard Shri Shishir Pradhan, learned Counsel for the applicant, Shri Mayank Singh, learned Additional Government Advocate for the State and Shri Ashok Kumar Verma, learned Counsel for the opposite parties no. 2 and 3/complainant.

**C. Preliminary Objection**

10. At the outset, Shri Ashok Kumar Verma, learned Counsel representing the complainants/opposite parties no. 2 and 3 have questioned the maintainability of the present application filed under Section 482 of the Cr.P.C.

11. In order to canvas the issue of maintainability of the application under Section 482 of Cr.P.C., learned Counsel placing reliance on the decision of the Hon'ble Supreme Court in the case of **Sou. Sandhya Manoj Wankhade Vs. Manoj Bhimrao Wankhade and others :** 2011 (3) SCC 650, **Prabha Tyagi Vs. Kamlesh Devi** : (2022) 8 SCC 90, **Kamatchi Vs. Laxmi Narayanan** : (2022) 15 SCC 50. The learned counsel has stated that in Kamatchi vs. Laxmi Narayanan's case (supra), the Apex Court has considered the decision of learned Single Judge of Madras High Court rendered in the case of **Dr. P. Pathamanathan and others vs. Tmt. V. Monika and others** : 2021 SCC Online (Madras) 8731 and has approved the said decision. According to the learned Counsel, Hon'ble Supreme Court in Kamatchi's case (supra), while dealing with the arguments advanced by the Counsel for the respondents in that case, relied on the judgment of **Adalat Prasad vs. Ruplal Jindal,** reported in (2004) 7 SCC 338 and held that the matter where the order of issuance of process is issued in a complaint on taking cognizance, stands on a different footing and cannot be compared with the proceeding under Section 12 of the D.V. Act because the scope of notice under Section 12 of the D.V. Act is to call for a response from the respondent in terms of the Statute so that after considering rival submissions, appropriate order can be issued. Hon'ble Apex Court, by relying upon the decision in the case of Adalat Prasad’s case (supra), has held that considering the nature of the proceedings under the D.V. Act, the same cannot be challenged under Section 482 of the Cr.P.C. Thus, his submission is that a Magistrate exercising jurisdiction under the D.V. Act is not a Criminal Court within the meaning of Section 6 of the Cr.P.C. Moreso, in the instant case, the Chief Judicial Magistrate, while exercising under Section 12 of the D.V. Act, only directed the Protection Officer to inquire into the matter and submit its report and in response thereof, the Protection Officer had issued notice to the opposite parties arrayed in the complaint including the applicant herein, but instead of giving reply to the notice of the Protection Officer, the applicant had filed application seeking to delete her name from the array of the opposite parties in the complaint. According to the learned Counsel, as the Chief Judicial Magistrate under the D.V. Act was not a Criminal Court and the Chief Judicial Magistrate had

not issued any notice or summon the opposite parties of the complaint and the applicant is only aggrieved by the notice issued to her by the Protection Officer, the instant petition/application filed under Section 482 Cr.P.C. is not maintainable to quash the proceedings of the complaint/ application filed under Section 12 of the D.V. Act.

12. Per contra, Shri Shishir Pradhan, learned Counsel representing the applicant has submitted that in Kamatchi's case, the issue involved was with regard to the limitation for filing the proceeding under Section 12 of the D.V. Act in view of section 468 of the Code of Criminal Procedure, 1973. According to learned Counsel, Kamatchi's case (supra), does not deal with the issue of maintainability of the application under Section 482 of Cr.P.C. for quashing the proceeding filed under Section 12 of the D.V. Act,. The observations made by the Hon'ble Supreme Court in paragraph 30 of the decision in Kamatchi's case cannot be relied upon to substantiate the argument that Hon'ble Supreme Court has held that the proceeding under Section 482 of the Cr.P.C., seeking relief of quashing of the D.V. Act proceeding, is not maintainable. Thus, it has been submitted that the argument advanced on behalf of complainants/ opposite parties No. 2 and 3 on the point of maintainability of the present petition should not be entertained.

13. Drawing attention of this Court to Section 28 of the D.V. Act, learned Counsel has submitted that the provisions of Code of Criminal Procedure, 1973 are made applicable to the proceedings under the D.V. Act and, therefore, application under Section 482 of Cr.P.C. cannot be excluded. According to the learned Counsel, main relief claimed by the complainant in the application filed under Section 12 of the D.V. Act was against her husband, who is opposite party no.1 in the complaint and the applicant being the sister-in-law of the complainant has no concern with the relief as claimed in the complaint and as such, the name of the applicant ought to be deleted from the array of the parties in the complaint filed by the complainant under Section 12 of the D.V. Act, however, the learned trial Court has erroneously rejected the application of the applicant in this regard by means of the impugned order.

14. To strengthen his submission, learned Counsel for the applicant has placed reliance upon the judgment of the Hon’ble Supreme Court in **Preeti Gupta and another Vs. State of Jharkhand and another** (Criminal Appeal No. 1512 of 2010, decided on 13.08.2010), **State of Haryana and Bhajan Lal and others** : 1992 Supp. (1) SCC 335 and the judgment of the Hon’ble Andhra Pradesh High Court rendered in the case of **Mohammad Maqeenuddin Ahmed Vs. State of Andhra Pradesh and another** : 2007CriLJ 3361.

**D. Analysis of the aforesaid Preliminary Objection**

15. In view of the rival submissions on the point of maintainability of the present proceedings under Section 482 Cr.P.C., this Court has gone through the record and proceedings and more particularly the judgments relied upon by the learned Counsel for the parties.

16. Much emphasis has been laid by the learned Counsel for the opposite parties no. 2 and 3 on the decision of Hon'ble

Supreme Court in Kamatchi's case (supra) in support of the contention that application under Section 482 of Cr.P.C. is not maintainable for quashing the proceeding filed under Section 12 of the D.V. Act. On the other hand, learned Counsel for the applicant submits that the said decision of Hon'ble Supreme Court was mainly concerned with the point of limitation for the purpose of filing application and not on the point of maintainability of the proceedings under Section 482 of Cr.P.C.

17. Before considering the Judgment of the Hon'ble Supreme Court in Kamatchi's case, it would be profitable to note that a Full Bench of Madras High Court in **Arul Daniel v. Suganya** : 2022 SCC OnLine Mad 5435 has relying on the decision of Hon'ble Supreme Court in Kamatchi's case (supra) has observed that the proceeding under Section 482 of the Cr.P.C. for quashing the proceeding under Section 12 of the D.V. Act is not maintainable and the remedy available to such a party would be a statutory appeal before the Sessions Court under Section 29 of the D.V. Act. Pertinently, the Hon'ble Supreme Court in Kamatchi's case has considered and approved the decision of a learned Single Judge of Madras High Court in **Dr. P. Pathmanathan Vs. V. Monica** : 2021 SCC OnLine Mad 8731. Therefore, this Court deems it apt that before proceeding to appreciate the submissions made by the parties, it would be appropriate to consider the decision of learned Single Bench of Madras High Court in Dr. P. Pathmanathan's case (supra).

18. In Dr. P. Pathmanathan's case (supra), a batch of cases related to the jurisdiction of the High Court to quash a complaint under Section 12 of the D.V. Act in exercise of its inherent power under Section 482 of the Code of Criminal Procedure Code, 1973 was engaging the attention of the learned Single Judge of the Madras High Court, wherein the scheme of the provisions of the D.V. Act was considered. The learned Single Judge relying on various precedents of the Hon'ble Supreme Court as well as the High Court, gave a slew of observation and directions in that batch of cases, which makes for an interesting enumeration, as herein below :-

*" The following directions are, therefore, issued:*

*(i) An application under Section 12 of the D.V. Act, is not a complaint under Section 2(d) of the Cr.P.C. Consequently, the procedure set out in Section 190(1)(a) & 200 to 204, Cr.P.C as regards cases instituted on a complaint has no application to a proceeding under the D.V Act. The Magistrate cannot, therefore, treat an application under the D.V Act as though it is a complaint case under the Cr.P.C.*

*(ii) An application under Section 12 of the Act shall be as set out in Form II of the D.V Rules, 2006, or as nearly as possible thereto. In case interim ex-parte orders are sought for by the aggrieved person under Section 23(2) of the Act, an affidavit, as contemplated under Form III, shall be sworn to.*

*(iii) The Magistrate shall not issue a summon under Section 61, Cr.P.C to a respondent(s) in a proceeding under Chapter IV of the D.V Act. Instead, the Magistrate shall issue a notice for appearance which shall be as set out in Form VII appended to the D.V Rules, 2006. Service of such notice shall be in the manner prescribed under Section 13 of the Act and Rule 12 (2) of the D.V Rules, and*

*shall be accompanied by a copy of the petition and affidavit, if any.*

*(iv) Personal appearance of the respondent(s) shall not be ordinarily insisted upon, if the parties are effectively represented through a counsel. Form VII of the D.V Rules, 2006, makes it clear that the parties can appear before the Magistrate either in person or through a duly authorized counsel. In all cases, the personal appearance of relatives and other third parties to the domestic relationship shall be insisted only upon compelling reasons being shown. (See Siladitya Basak v State of West Bengal (2009 SCC Online Cal 1903)*

*(v) If the respondent(s) does not appear either in person or through a counsel in answer to a notice under Section 13, the Magistrate may proceed to determine the application ex-parte.*

*(vi) It is not mandatory for the Magistrate to issue notices to all parties arrayed as respondents in an application under Section 12 of the Act. As pointed out by this Court in Vijaya Baskar (cited supra), there should be some application of mind on the part of the Magistrate in deciding the respondents upon whom notices should be issued. In all cases involving relatives and other third parties to the matrimonial relationship, the Magistrate must set out reasons that have impelled them to issue notice to such parties. To a large extent, this would curtail the pernicious practice of roping in all and sundry into the proceedings before the Magistrate.*

*(vii) As there is no issuance of process as contemplated under Section 204, Cr.P.C in a proceeding under the D.V Act, the principle laid down in Adalat Prasad v Rooplal Jindal (2004 7 SCC 338) that a process, under Section 204, Cr.P.C, once issued cannot be reviewed or recalled, will not apply to a proceeding under the D.V Act. Consequently, it would be open to an aggrieved respondent(s) to approach the Magistrate and raise the issue of maintainability and other preliminary issues. Issues like the existence of a shared household/domestic relationship etc., which form the jurisdictional basis for entertaining an application under Section 12, can be determined as a preliminary issue, in appropriate cases. Any person aggrieved by such an order may also take recourse to an appeal under Section 29 of the D.V Act for effective redress (See V.K Vijayalekshmi Amma v Bindu. V, (2010) 87 AIC 367). This would stem the deluge of petitions challenging the maintainability of an application under Section 12 of the D.V Act, at the threshold before this Court under Article 227 of the Constitution.*

*(viii) Similarly, any party aggrieved may also take recourse to Section 25 which expressly authorises the Magistrate to alter, modify or revoke any order under the Act upon showing change of circumstances.*

*(ix) In Kunapareddy (cited supra), the Hon'ble Supreme Court upheld the order of a Magistrate purportedly exercising powers under Order VI, Rule 17 of The Code of Civil Procedure, 1908 (hereinafter referred to as "C.P.C."), to permit the amendment of an application under Section 12 of the D.V Act. Taking a cue therefrom, it would be open to any of the respondent(s), at any stage of the proceeding, to apply to the Magistrate to have their names deleted from the array of respondents if they have been improperly joined as parties. For this purpose, the Magistrate can draw sustenance from the power under Order I Rule 10(2) of the C.P.C. A judicious use of this power would ensure that the proceedings under the D.V Act do not generate into a weapon of*

*harassment and would prevent the process of Court from being abused by joining all and sundry as parties to the lis.*

*(x) The Magistrates must take note that the practice of mechanically issuing notices to the respondents named in the application has been deprecated by this Court nearly a decade ago in Vijaya Baskar (cited supra). Precedents are meant to be followed and not forgotten, and the Magistrates would, therefore, do well to examine the applications at the threshold and confine the inquiry only to those persons whose presence before it is proper and necessary for the grant of reliefs under Chapter IV of the D.V Act.*

*(xi) In Satish Chandra Ahuja (cited supra), the Hon'ble Supreme Court has pointed out the importance of the enabling provisions under Section 26 of the D.V Act to avoid multiplicity of proceedings. Hence, the reliefs under Chapter IV of the D.V can also be claimed in a pending proceeding before a civil, criminal or family court as a counter claim.*

*(xii) While recording evidence, the Magistrate may resort to chief examination of the witnesses to be furnished by affidavit (See Lakshman v Sangeetha, 2009 3 MWN (Cri) 257. The Magistrate shall generally follow the procedure set out in Section 254, Cr.P.C while recording evidence.*

*(xiii) Section 28(2) of the Act is an enabling provision permitting the Magistrate to deviate from the procedure prescribed under Section 28(1), if the facts and circumstances of the case warrants such a course, keeping in mind that in the realm of procedure, everything is taken to be permitted unless prohibited (See Muhammad Sulaiman Khan v Muhammad Yar Khan, 1888 11 ILR All 267).*

*(xiv) A petition under Article 227 of the Constitution may still be maintainable if it is shown that the proceedings before the Magistrate suffer from a patent lack of jurisdiction. The jurisdiction under Article 227 is one of superintendence and is visitorial in nature and will not be exercised unless there exists a clear jurisdictional error and that manifest or substantial injustice would be caused if the power is not exercised in favour of the petitioner. (See Abdul Razak v. Mangesh Rajaram Wagle (2010) 2 SCC 432, Virudhunagar Hindu Nadargal Dharma Paribalana Sabai v. Tuticorin Educational Society, (2019) 9 SCC 538.) In normal circumstances, the power under Article 227 will not be exercised, as a measure of self-imposed restriction, in view of the corrective mechanism available to the aggrieved parties before the Magistrate, and then by way of an appeal under Section 29 of the Act."*

19. Having noted the judgment passed by the Hon'ble Madras High Court in Dr. P. Pathmanathan's case (supra), it would be necessary to consider the main question involved before Hon'ble Supreme Court in Kamatchi's case (supra). In Kamatchi's case (supra), the respondents/(husband and in-laws) had challenged the proceeding initiated by the appellant/wife under Section 12 of the D.V. Act by filing an application under Section 482 of the Cr.P.C. The application of the father-in-law and sister-in-law under Section 482 of Cr.P.C. was allowed. However, with regard to the application filed by the husband, although the Hon'ble Madras High Court had rejected the contention of the respondent/husband on merits, however, on the point of limitation, the application under Section 12 of the D.V. Act was dismissed by the High Court as the same was filed after one year by the appellant/wife. The said order was

challenged by the wife by filing an appeal before the Hon'ble Supreme Court. Before the Hon'ble Supreme Court, on behalf of the wife, two submissions were advanced; firstly that the limitation is not provided for filing application under Section 12 of the D.V. Act and the limitation provided under Section 468 of the Cr.P.C. would be applicable only for initiation of criminal prosecution under Sections 31 and 33 of the D.V. Act; and secondly that the judgments relied upon by the High Court were distinguishable and for that purpose reliance was placed on the decision of learned Single Judge of Madras High Court in Dr. P. Pathmanathan's case (supra). Learned Counsel representing the respondent/husband relied upon the decision in the case of **Sarah Mathew vs. Institute of Cardio Vascular Diseases** : (2014) 2 SCC 62 to substantiate his submission that period of limitation would be one year and the same has to be reckoned from the date of the application. The second submission was made by relying upon the decision in Adalat Prasad's case (supra). Hon'ble Supreme Court in Kamatchi's case has reproduced the said written submission in paragraph 10. Said paragraph 10 of the judgment in Kamatchi's case needs to be extracted, which reads as under :-

*"11. In the written submissions, it is also submitted that: -*

*"This Hon'ble Court in Adalat Prasad v. Rooplal Jindal held that if a Magistrate takes cognizance of an offence, issues process without there being any allegation against the accused, or any material implicating the accused, or in contravention of provisions of Sections 200 and 202, the order of the Magistrate may be vitiated. However, the relief an aggrieved accused can obtain at that stage is not by invoking Section 203 of the Code, because the Code does not contemplate a review of an order. Hence in the absence of any review power, or inherent power with the subordinate criminal courts, the remedy lies in invoking Section 482 of the Code."*

20. It is to be noted that in Dr. P. Pathamanathan's case, the issue of limitation was not raised nor the same was dealt with. The issue involved in the said case was with regard to maintainability of proceedings under Section 482 of Cr.P.C for quashing the proceedings filed under Section 12 of the D.V. Act. In order to meet this argument advanced on behalf of the appellant/wife relying upon the decision in Dr. P. Pathmanathan's case, learned Counsel for the respondent/ husband before Hon'ble Supreme Court relied upon the decision in Adalat Prasad's case and submitted that in absence of review power or inherent power with the subordinate criminal courts, the remedy lies only by invoking Section 482 of the Cr.P.C. Negating the argument of the husband, the Hon’ble Supreme Court made the relevant observations in paragraphs 27 to 30, which are being extracted as herein below:

*"28. The special features with regard to an application under Section 12 of the Act were noticed by a Single Judge of the High Court in **Dr. P.Padmanathan & Ors.** as under:*

*"19. In the first instance, it is, therefore, necessary to examine the areas where the D.V. Act or the D.V. Rules have specifically set out the procedure thereby excluding the operation of Cr.P.C. as contemplated under Section 28(1) of the Act. This takes us to the D.V. Rules. At the outset, it may be noticed that a "complaint" as contemplated under the D.V. Act and the D.V. Rules is not the same as a "complaint"*

*under Cr.P.C. A complaint under Rule 2(b) of the D.V. Rules is defined as an allegation made orally or in writing by any person to a Protection Officer. On the other hand, a complaint, under Section 2(d) of the Cr.P.C. is any allegation made orally or in writing to a Magistrate, with a view to his taking action under the Code, that some person, whether known or unknown has committed an offence. However, the Magistrate dealing with an application under Section 12 of the Act is not called upon to take action for the commission of an offence. Hence, what is contemplated is not a complaint but an application to a Magistrate as set out in Rule 6 (1) of the D.V. Rules. A complaint under the D.V. Rules is made only to a Protection Officer as contemplated under Rule 4(1) of the D.V. Rules.*

*20. Rule 6 (1) sets out that an application under Section 12 of the Act shall be as per Form II appended to the Act. Thus, an application under Section 12 not being a complaint as defined under Section 2(d) of the Cr.P.C, the procedure for cognizance set out under Section 190(1)(a) of the Code followed by the procedure set out in Chapter XV of the Code for taking cognizance will have no application to a proceeding under the D.V. Act. To reiterate, Section 190(1)(a) of the Code and the procedure set out in the subsequent Chapter XV of the Code will apply only in cases of complaints, under Section 2(d) of Cr.P.C, given to a Magistrate and not to an application under Section 12 of the Act."*

*28. It is thus clear that the High Court wrongly equated filing of an application under Section 12 of the Act to lodging of a complaint or initiation of prosecution. In our considered view, the High Court was in error in observing that the application under Section 12 of the Act ought to have been filed within a period of one year of the alleged acts of domestic violence.*

*29. It is, however, true that as noted by the Protection Officer in his Domestic Inspection Report dated 2.08.2018, there appears to be a period of almost 10 years after 16.09.2008, when nothing was alleged by the appellant against the husband. But that is a matter which will certainly be considered by the Magistrate after response is received from the husband and the rival contentions are considered. That is an exercise which has to be undertaken by the Magistrate after considering all the factual aspects presented before him, including whether the allegations constitute a continuing wrong.*

*30. Lastly, we deal with the submission based on the decision in Adalat Prasad.* ***The ratio in that case applies when a Magistrate takes cognizance of an offence and issues process, in which event instead of going back to the Magistrate, the remedy lies in filing petition under Section 482 of the Code. The scope of notice under Section 12 of the Act is to call for a response from the respondent in terms of the Statute so that after considering rival submissions, appropriate order can be issued. Thus, the matter stands on a different footing and the dictum in Adalat Prasad would not get attracted at a stage when a notice is issued under Section 12 of the Act."***

21. It is to be noted that paragraph 19 of Dr. P. Pathmanathan's case has been considered by the Hon'ble Supreme Court in Kamatchi's case and after considering the same, it was held by the Hon'ble Supreme Court that an application under Section 12 of the D.V. Act cannot be equated with the lodging of complaint or

initiation of the prosecution under the Code of Criminal Procedure, 1973. It was also held by the Hon'ble Supreme Court that the decision in the case of Adalat Prasad (supra) would not come to any rescue, so as to justify the argument to invoke Section 482 Cr.P.C. in DV Act proceeding when a notice is issued under Section 12 of the DV Act. It was also specifically held that Adalat Prasad's case would be applicable when a Magistrate takes cognizance of the offense in terms of Section 190 (1) (a) of the Code of Criminal Procedure, 1973 and issue process and not in the matter of issuance of notice under Section 12 of the DV Act. Thus, it was concluded by the Hon'ble Supreme Court that the matter of taking cognizance for issuance of process and matter under Section 12 of the D.V. Act stands on different footing and therefore, the decision in Adalat Prasad's case would not get attracted at the stage when notice is issued under Section 12 of the Act by the concerned Magistrate.

22. This Court is also in humble agreement with the said analogy drawn by the Hon'ble Supreme Court, more so, Sections 28 and 29 of the DV Act provides as under :-

*"**28. Procedure.**—(1) Save as otherwise provided in this Act, all proceedings under sections 12, 18, 19, 20, 21, 22 and 23 and offences under section 31 shall be governed by the provisions of the Code of Criminal Procedure, 1973 (2 of 1974)...*

***29. Appeal.**—There shall lie an appeal to the Court of Session within thirty days from the date on which the order made by the Magistrate is served on the aggrieved person or the respondent, as the case may be, whichever is later."*

23. In terms of Section 28 of the DV Act, proceedings under Sections 12 to 23 of the DV Act would be governed by provisions of the Cr.P.C. Further, as per Section 29 of the DV Act, an appeal against the order of the Magistrate shall lie to the Sessions Court. The DV Act does not provide for any further appeal against the order passed by the Sessions Court. This Court in **Dinesh Kumar Yadav v. State of U.P.** : 2016 SCC OnLine All 3848, has held that a revision to the High Court is maintainable against an order passed by the Sessions Court under Section 29 of the DV Act. Relevant observations of the said judgment are set out below:

*"35. Under section 397 of Cr. P.C. "the High Court or any Sessions Judge may call for and examine the record of any proceeding before any inferior Criminal Court...". That the Court of Sessions is as an inferior Court to the High Court, cannot be disputed. Thus, the Court of Sessions before which an appeal has been prescribed under section 29 of the Act, 2005 is a Criminal Court inferior to the High Court and, therefore, a revision against its order passed under section 29 will lie to the High Court under section 397 Cr.P.C. section 401 Cr. P.C. is supplementary to section 397 Cr.P.C.*

*xxxx xxxx xxxx xxxx*

*37. In view of the above, as the remedy of an appeal had been provided under section 29 of the Act, 2005 before a Court of Sessions, which means a Court of Sessions referred under section 6 read with sections 7 and 9 of the Cr.P.C., without saying anything more as regards the procedure to be followed in such appeal, and there being nothing to the contrary in the Act of 2005 which may be indicative of exclusion of the application of the provisions of Cr. P.C. to such an appeal,*

*the normal remedies available against a judgment and order passed by a Court of Sessions by way of appeals and revisions prescribed under the Cr. P.C. before the High Court, are available against an order passed in appeal under section 29 of the Act, 2005."*

24. In the instant application, there is no dispute to the fact that the opposite parties no. 2 and 3 had filed an application under Section 12 of the D.V. Act against the applicant and other persons. The Chief Judicial Magistrate, after going through the contents of the said application, gave directions to register the said complaint as miscellaneous case and also called for a report from the Protection Officer. In compliance thereof, the Protection Officer, in order to get the inquiry being conducted, issued notice to the applicant, however, instead of replying to the said notice, applicant has filed an application before the Chief Judicial Magistrate seeking to quash the said proceedings instituted against her under Section 12 of the D.V. Act, which was rejected by the Chief Judicial Magistrate by the impugned order and the same was confirmed by the Additional Sessions Judge by means of the impugned order. As has been held by the learned Single Judge of the Madras High Court, the issuance of notice by the Chief Judicial Magistrate to the Protection officer or for that matter a notice having been issued by the Protection officer to the appellant is not a summon under Section 61 of the Code of Criminal Procedure, 1973, but rather is to be construed as a notice as set out in Form VII appended to the D.V Rules, 2006. In fact, the Hon'ble Supreme Court in Kamatchi's case has held that the scope of notice under section 12 of the Act is to call for a response from the respondents in terms of the statute, so that after considering rival submission, appropriate order can be issued.

25. No doubt, the proceedings under certain sections of the DV Act as specified in sub-section (1) of section 28 are to be governed by the Code of Criminal Procedure, 1973, however, at the same time, the legislature has also incorporated provisions like sub-section (2) of section 28 as well, which empowers the Court to lay down its own procedure for disposal of the application under Section 12 or Section 23(2) of the D.V. Act, which relates to ex-parte reliefs on the basis of affidavit in such form as prescribed under the rules. From time to time, this provisions has been held by the Courts that most of these reliefs are basically civil in nature. Thus, amendment was held to be maintainable under the provisions of D.V. Act (see **Kunapareddy v. Kunapareddy Swarna Kumari**, (2016) 11 SCC 774).

26. However, submission of the learned Counsel for the applicant is that even if the submission of the learned counsel for the opposite parties no.2 and 3 is accepted that an application under Section 12 before the Magistrate is civil in nature, the fact that the Protection Officer had issued notice to the applicant upon which applicant had filed application for quashing of the proceedings initiated against her under Section 12 of D.V. Act, which was rejected by means of the impugned order and the same was affirmed by the impugned order, against which the present application under Section 482 Cr.P.C has been filed, ought to be allowed as the whole proceedings is an abuse of process of law and as such, he has relied on the case of **State of Haryana v. Bhajan Lal (supra).**

27. This Court finds that learned Counsel for the respondent has submitted that application under Section 12 of the DV Act was filed *inter alia* on the ground that opposite parties in the complaint case including the applicant has failed to provide protection, residence and compensation to the complainants and her minor child which comes within the fold of 'economic abuse' as defined under Explanation I of clause (d) of Section 3 of the D.V. Act and as such, the proceedings before the learned Magistrate must be allowed to come to its logical end.

28. Without looking into the other authorities cited by the parties, an observation as was held in the case of **Bhajan Lal (supra)** at para 102 and 103 would be sufficient to understand whether the petitioner has made out a case of interference by this Court under Section 482 Cr.P.C on merits. Paras 102 and 103 of Bhajan Lal's case reads as follows :-

*"102. In the backdrop of the interpretation of the various relevant provisions of the Code under Chapter XIV and of the principles of law enunciated by this Court in a series of decisions relating to the exercise of the extraordinary power under Article 226 or the inherent powers under Section 482 of the Code which we have extracted and reproduced above, we give the following categories of cases by way of illustration wherein such power could be exercised either to prevent abuse of the process of any court or otherwise to secure the ends of justice, though it may not be possible to lay down any precise, clearly defined and sufficiently channelised and inflexible guidelines or rigid formulae and to give an exhaustive list of myriad kinds of cases wherein such power should be exercised.*

*(1) Where the allegations made in the first information report or the complaint, even if they are taken at their face value and accepted in their entirety do not prima facie constitute any offence or make out a case against the accused.*

*(2) Where the allegations in the first information report and other materials, if any, accompanying the FIR do not disclose a cognizable offence, justifying an investigation by police officers under Section 156(1) of the Code except under an order of a Magistrate within the purview of Section 155(2) of the Code.*

*(3) Where the uncontroverted allegations made in the FIR or complaint and the evidence collected in support of the same do not disclose the commission of any offence and make out a case against the accused.*

*(4) Where, the allegations in the FIR do not constitute a cognizable offence but constitute only a non-cognizable offence, no investigation is permitted by a police officer 13 without an order of a Magistrate as contemplated under Section 155(2) of the Code.*

*(5) Where the allegations made in the FIR or complaint are so absurd and inherently improbable on the basis of which no prudent person can ever reach a just conclusion that there is sufficient ground for proceeding against the accused.*

*(6) Where there is an express legal bar engrafted in any of the provisions of the Code or the concerned Act (under which a criminal proceeding is instituted) to the institution and continuance of the proceedings and/or where there is a specific provision in the Code or the concerned Act, providing efficacious redress for the grievance of the aggrieved party.*

*(7) Where a criminal proceeding is manifestly attended with mala fide*

*and/or where the proceeding is maliciously instituted with an ulterior motive for wreaking vengeance on the accused and with a view to spite him due to private and personal grudge."*

29. The relations between the parties are not denied. As far as the merits of the allegations as mentioned in the complaint is concerned, the response from the parties have to be filed, so that the same is considered by the Chief Judicial Magistrate. The provisions of section 482 Cr. P.C cannot be allowed to short-circuit the proceedings under the provisions of D.V. Act. Further, there is a rich precedent in the issue that the power of quashing a criminal proceeding under section 482 Cr.P.C should be exercised very sparingly and with circumspection and that too in the rarest of rare cases; that the Court will not be justified in embarking upon an enquiry as to the reliability or genuineness or otherwise of the allegations made in the complaint and that the extraordinary or inherent powers do not confer an arbitrary jurisdiction on the court to act according to its whim or caprice. The allegation of not providing protection, residence and compensation to upkeep the complainant and her minor child is certainly a matter to be looked into by the trial Court and for this, parties have to prove their respective case. This would, thus, not qualify as satisfaction of any of the guidelines laid down at para 102 of the Bhajan Lal's case (Supra). It is also not one of the rarest of rare cases for this Court to take notice and invoke the powers under Section 482 Cr.P.C. The applicant on this front too, cannot convince this Court to decide in her favour.

30. The judgments relied by the learned Counsel for the applicant is distinguishable in the facts and circumstances of the case and the same would not come to her rescue.

**E. <u>Conclusion</u>**

31. Keeping in mind the totality of the facts and circumstances and the aforesaid decisions of the Hon'ble Supreme Court as well as the Hon'ble Madras High Court, this Court is of the considered view that the application made under Section 482 of Cr.P.C. challenging the proceeding under Section 12 of the D.V. Act is not maintainable.

32. However, liberty is granted to the applicant to take recourse as provided under law, if so desires.

33. The present application is, accordingly, **dismissed**.

Lalan kumar Singh Vs St. of Mah. (2022 SCC online SC 1383).

(Delivered by Hon'ble Saurabh Shyam Shamshery, J.)

1. Heard Sri Ashutosh Kumar Shukla, learned counsel for applicant and Sri D.P.S. Chauhan, learned A.G.A. for State.

2. By means of this application, applicant has prayed for quashing of a summoning order dated 3.3.2021 passed in complaint case no.278 of 2019 (Sudesh Vs. Inder @ Lala) under Sections 494, 406 and 506 of I.P.C., P.S. Tronica City, District-Ghaziabad, pending before Court of Civil Judge (J.D.) Fast Tact Court/Judicial Magistrate, Ghaziabad, District-Ghaziabad as well as quashing of consequential proceedings.

3. Applicant before this Court is husband of O.P. No.2 (complainant). The complainant has lodged a criminal complaint that applicant has committed an offence under Section 494 I.P.C. that he got married during lifetime of complainant, without any divorce with her and when he was confronted, he committed an offence under Section 506 I.P.C.

4. Learned Trial Court after considering the statements recorded under Sections 200 and 202 Cr.P.C. passed an order under Section 204 Cr.P.C. whereby applicant was summoned for aforesaid offence.

5. Learned counsel appearing on behalf of applicant submits that the complaint was filed within jurisdiction of District Ghaziabad, whereas after marriage, complainant was residing along with applicant at Delhi, as such in view of Sections 177 and 178 Cr.P.C., Court at Distict Ghaziabad has no jurisdiction. Sections 177 and 178 Cr.P.C. are reproduced hereinafter :

*“**177. Ordinary place of inquiry and trial-** Every offence shall ordinarily be inquired into and tried by a Court within whose local jurisdiction it was committed.*

***Section 178 – Place of inquiry or trial-***

*(a)When it is uncertain in which of several local areas an offence was committed, or*

*(b) where an offence is committed partly in one local area and partly in another, or*

*(c) where an offence is a continuing one, and continues to be committed in more local areas than one, or*

*(d) where it consists of several acts done in different local areas, it may be inquired into or tried by a Court having jurisdiction over any of such local areas.*

6. Above submissions are opposed by Sri D.P.S. Chauhan, learned A.G.A. that complainant is a resident of District-Ghaziabad and she after being deserted was staying there only as such in view of Sections 177 and 178 Cr.P.C. as referred above, Court at District-Ghaziabad has jurisdiction to summon the applicant.

7. In order to consider rival submissions, I have carefully perused other relevant Sections i.e. Section 182 (2) Cr.P.C. also which states as under:

***"182. Offence committed by letters, etc.-(1) xxx***

*(2) Any offence punishable under section 494 or section 495 of the Indian Penal Code (45 of 1860) may be inquired into or tried by a Court within whose local jurisdiction the offence was committed or the offender last resided with his or her spouse by the first marriage, or the wife by the first marriage has taken up permanent residence after the commission of the offence."*

8. I have carefully perused, material available along with present application that complainant was residing at the given address at District-Ghaziabad for last many years after being left by the applicant.

9. The Court also takes note of an application filed by applicant under provisions of Section 13 of Hindu Marriage Act for dissolution of marriage where, address of complainant is shown at District--Ghaziabad. Similarly in a settlement agreement also, same address has been mentioned, as such it is evident that complainant is permanently residing at the given address at District Ghaziabad, therefore, in view of Section 182 (2) of Cr.P.C. as referred above, Court within its local jurisdiction, wife by first marriage has taken up permanent residence after the commission of offence punishable under Sections 494 or 495 I.P.C, has jurisdiction, i.e. in present case in District-Ghaziabad, therefore, objection of learned counsel for applicant in regard to jurisdiction has no merit.

10. Court also takes note of contents of statement of complainant recorded under Section 200 and statement of witnesses recorded under Section 202 Cr.P.C. as well as order dated 3.3.2021 whereby applicant has been summoned for an offence under Sections 491, 406 and 506 I.P.C. and is of the considered opinion that there are sufficient ground to proceed against applicant and in this regard Court takes note of judgment passed by Supreme Court in ***Lalankumar Singh and others vs. State of Maharashtra, 2022 SCC OnLine SC 1383.***

11. Accordingly, this application has no force and is hereby rejected.

Radhey Shyam & anr. Vs Chhabi Nath & ors.(2015-5-SCC-423),

(Delivered by Hon'ble Shiv Shanker Prasad, J.)

1. Heard Mr. Azad Khan, the learned counsel for the applicant and the learned A.G.A. for the State as well as perused the record.

2. **Prayer made in this application**

This application under Section 482 Cr.P.C. has been filed with a prayer to direct the court of Principal Judge, Family Court, Ghazipur to pass appropriate order in Misc. Case No. 57 of 2015 (Kanchan Rawat Vs. Braijlal Rawat) under Section 125 Cr.P.C., Police Station-Kotwali Ghazipur, District-Ghazipur and also for a direction upon the above court to pay the interim maintenance allowance of Rs. 80,000/- in favour of the applicants in the interest of justice.

3. **Matrix of the Case**

The marriage of applicant no. 1, namely, Kanchan Rawat was solemnized with the opposite party no. 2, namely, Brijlal Rawat in accordance with Hindu Rites and Rituals on 01.12.2009. In the said marriage, father of the applicant no. 1 had expend 7 to 8 Lakhs rupees. After marriage, both the couple used to live together with love, peace and pleaser as husband and wife. When such additional demand of dowry was not fulfilled, the in-laws of applicant no.1 used to torture and harass her and the relationship between husband and wife became strained and incompatible and resultantly, she left the house of her in-laws and started living at her parental house during which she delivered a male child, namely, Gaurav Kumar on 2nd November, 2011. Applicant no.1 and her parents made best effort to convince the in-laws of applicant no.1 to maintain her and her son but they could not do the same. Resultantly, she filed a case under Section 125 Cr.P.C. before the Court of the Principal Judge, Family Court, Ghazipur, which was registered as Misc. Case No. 57 of 2015 (Kanchan Rawat Vs. Brijlal) for grant of maintenance. The applicant no. 1 had also moved an interim maintenance application bearing no. 15B before the court of Principal Judge, Family Court, Ghazipur, which was allowed and a direction has been issued to opposite party no. 2 to pay Rs. 4,000/- per month to the

applicants towards maintenance allowance, during the pendency of the case vide order dated 27.06.2017. In compliance of the interim order passed by the Family Court dated 27th June, 2017, opposite party no.2 paid the interim maintenance allowance to the applicants regularly till December, 2021 but in the year 2022, he stopped the payment of such interim maintenance allowance, as directed by the Family Court. Whereafter the applicants made an application before the Principal Judge, Family Court for payment of interim maintenance allowance. On such application being made, opposite party no.2, after laps of one and half year, had given Rs. 4,000/- to the applicants in the court but arrears of such interim maintenance allowance to the tune of Rs. 80,000/- as on 17th December, 2023 has not been paid by opposite party no.2 to the applicants. As a result whereof, the Principal Judge, Family Court directed opposite party no.2 to give Rs. 10,000/- per month to the applicants as interim maintenance allowance towards monthly interim maintenance allowance of Rs. 4,000/- and arrears of interim maintenance allowance of Rs. 80,000/-. However, thereafter opposite party no.2 neither gave arrears of interim maintenance allowance of Rs. 80,000/- nor paid Rs. 10,000/- per month towards maintenance allowance to the applicants.

4. Now the applicants have approached this Court by means of instant application under Section 482 Cr.P.C. to pass appropriate orders in Misc. Case No. 57 of 2015 (Kanchan Rawat Vs. Braijlal Rawat) under Section 125 Cr.P.C., Police Station-Kotwali Ghazipur, District-Ghazipur as also to direct opposite party no.2 to pay the arrears of interim maintenance allowance to the tune of Rs. 80,000/- to the applicants.

5. Before considering the present application on merits by the Court, learned A.G.A. has raised preliminary objection to the maintainability of the present application under Section 482 Cr.P.C. by submitting that basically the applicants by means of the present application seek for execution of the interim order granted by the Principal Judge, Family Court awarding interim maintenance allowance in a case instituted under Section 125 Cr.P.C. but this Court in exercise of powers under Section 482 Cr.P.C. cannot pass such order for execution of an order passed under Section 125 Cr.P.C which is a self-code and a judicial order. He, therefore, submits that the present application is not maintainable and liable to be dismissed. The proper remedy available to the applicants was file an application under Section 128 Cr.P.C. for execution of an order passed under Section 125 Cr.P.C.

6. In reply, the learned counsel for the applicants submits that since the order passed by the Principal Judge, Family Court awarding interim maintenance allowance in favour of the applicants in a case under Section 125 Cr.P.C. is an interim order, therefore, no execution application can be filed under Section 128 Cr.P.C. As such, the present application under Section 482 Cr.P.C. is maintainable.

7. I have considered the submissions advanced on behalf of the learned counsel for the parties and have gone through the records of the present application.

8. The issue which crops up before this Court is as to whether the present application under Section 482 Cr.P.C. basically filed for execution of an order passed under Section 125 Cr.P.C. is maintainable or not?

9. Before coming to the above issue, it would worthwhile to reproduce Section 125 Cr.P.C. For ready reference, the same is quoted hereunder:

***"125. Order for maintenance of wives, children and parents.***

*(1) If any person having sufficient means neglects or refuses to maintain-*

*(a) his wife, unable to maintain herself, or*

*(b) his legitimate or illegitimate minor child, whether married or not, unable to maintain itself, or*

*(c) his legitimate or illegitimate child (not being a married daughter) who has attained majority, where such child is, by reason of any physical or mental abnormality or injury unable to maintain itself, or*

*(d) his father or mother, unable to maintain himself or herself, a Magistrate of the first class may, upon proof of such neglect or refusal, order such person to make a monthly allowance for the maintenance of his wife or such child, father or mother, at such monthly rate [* * *]*

*[The words "not exceeding five hundred rupees in the whole" omitted by Act 50 of 2001, w.e.f. 24.9.2001.], as such Magistrate thinks fit, and to pay the same to such person as the Magistrate may from time to time direct :*

*Provided that the Magistrate may order the father of a minor female child referred to in clause (b) to make such allowance, until she attains her majority, if the Magistrate is satisfied that the husband of such minor female child, if married, is not possessed of sufficient means. [Provided further that the Magistrate may, during the pendency of the proceeding regarding monthly allowance for the maintenance under this sub-section, order such person to make a monthly allowance for the interim maintenance of his wife or such child, father or mother, and the expenses of such proceeding which the Magistrate considers reasonable, and to pay the same to such person as the Magistrate may from time to time direct.*

*Provided also that an application for the monthly allowance for the interim maintenance and expenses of proceeding under the second proviso shall, as far as possible, be disposed of within sixty days from the date of the service of notice of the application to such person. [Inserted by Act 50 of 2001, Section 2 (w.e.f. 24-9-2001).]*

*Explanation. - For the purposes of this Chapter, -(a)"minor" means a person who, under the provisions of the Indian Majority Act, 1875 (9 of 1875) is deemed not to have attained his majority,(b)"wife" includes a woman who has been divorced by, or has obtained a divorce from, her husband and has not re-married.*

*(2) [Any such allowance for the maintenance or interim maintenance and expenses for proceeding shall be payable from the date of the order, or, if so ordered, from the date of the application for maintenance or interim maintenance and expenses of proceeding, as the case may be.] [Substituted by Act 50 of 2001, Section 2 (w.e.f. 24-9-2001).]*

*(3) If any person so ordered fails without sufficient cause to comply with the order, any such Magistrate may, for every breach of the order, issue a warrant for levying the amount due in the manner provided for levying fines, and may sentence such person, for the whole or any part of each month's [allowance for the maintenance or the interim maintenance and expenses of proceeding, as the case may be,] [Substituted by Act 50 of 2001, Section 2 for "allowance" (w.e.f. 24-9-*

*2001).] remaining unpaid after the execution of the warrant, to imprisonment for a term which may extend to one month or until payment if sooner made : Provided that no warrant shall be issued for the recovery of any amount due under this section unless application be made to the Court to levy such amount within a period of one year from the date on which it became due: Provided further that if such person offers to maintain his wife on condition of her living with him, and she refuses to live with him, such Magistrate may consider any grounds of refusal stated by her, and may make an order under this section notwithstanding such offer, if he is satisfied that there is just ground for so doing.*

*Explanation. - If a husband has contracted marriage with another woman or keeps a mistress, it shall be considered to be just ground for his wife's refusal to live with him.*

*(4) No wife shall be entitled to receive an [allowance for the maintenance or the interim maintenance and expenses of proceeding, as the case may be,] [Substituted by Act 50 of 2001, Section 2 for "allowance" (w.e.f. 24-9-2001).] from her husband under this section if she is living in adultery, or if, without any sufficient reason, she refuses to live with her husband, or if they are living separately by mutual consent.*

*(5) On proof that any wife in whose favour an order has been made under this section is living in adultery, or that without sufficient reason she refuses to live with her husband, or that they are living separately by mutual consent, the Magistrate shall cancel the order.*

*in sub-section (1), for the words "five hundred rupees", substitute, "five thousand rupees";*

*Vide U.P. Act No. 36 of 2000 following has been amended in Section 125 Cr.P.C. in the State of Uttar Pradesh:*

*(a) in sub-section (1), for the words "five hundred rupees", substitute, "five thousand rupees";*

*(b) after sub-section (5), insert the following sub-section, namely :-*

*"(6) Where in a proceeding under this section it appears to the Magistrate that the person claiming maintenance is in need of immediate relief for his support and the necessary expenses of the proceeding, the Magistrate may, on his application, order the person against whom the maintenance is claimed, to pay to the person claiming the maintenance, during the pendency of the proceeding such monthly allowance not exceeding five thousand rupees and such expenses of the proceeding as the Magistrate consider reasonable and such order shall be enforceable as an order of maintenance."*

10. Section 125 of the Criminal Procedure Code provides for the maintenance to the wife, children, and parents. The court after the party has invoked Section 125 of the Code, may order the respondent, that is the husband, to maintain the wife who is unable to maintain herself by providing monthly maintenance to her. However, there is an exception in the provision. For the purpose of providing maintenance to the wife, the husband has to be sufficient enough to support his wife after the separation and at the same time, the wife must not be living in adultery or living separately with her husband without any sufficient reasons. Even if they are living separately in mutual consent, then also the wife will not be entitled to any sort of maintenance. Whenever the judgment is passed in favour of the wife, the court has to make sure that the husband has sufficient

means to provide maintenance to the wife. The court also needs to make sure that the wife after the separation does not have enough money to maintain herself.

11. **The aim and object of this provision**

Under Section 125 of the code, the provision is available for interim maintenance which means that during the pendency of an application in the court of law, the order may be passed by the Magistrate directing the husband to pay the monthly allowances to the wife. However, the Magistrate has the right to alter the amount of the maintenance to be paid, if he thinks that there is a change in the circumstances of the individual who has been paying or receiving the monthly allowances. All such applications of maintenance can be filed in any district where the person who is liable to pay resides or where the wife resides or where the person last resided with the wife or with the mother or with the illegitimate child. The purpose of Section 125 of CrPC is to achieve a social purpose in society.

The purpose of Section 125 CrPC was explained in the case of **K. Vimal Vs. K. Veeraswamy** reported in *1991 SCC (2) 375* where it was held that Section 125 of the Code had been introduced for achieving a social purpose. The aim of this section is the welfare of the wife by providing her with the required shelter, food after the separation from the husband. It was held in this case that if the wife has lived like a wife and the husband had treated her like a wife for all the years before their separation, then, the wife cannot be denied maintenance by her husband.

Grants of maintenance are a metric of social justice. A man's essential obligation is to provide for his wife, kids, parents, close relatives, etc, while they are incapable of providing for themselves. Preventing immorality and poverty while improving the economic standing of women and children is the motive behind the concept of maintenance. The Cr.P.C. requirements obligate a person to fulfil the moral duty which he owes the community in regard to his wife, children and parents. The obligation is unquestionably lawful and binding on the person.

All communities in India are subject to the Cr.P.C's. provisions, and therefore are very much secular, safe and all-encompassing in character and apply to all faiths, castes and creeds. Whatever personal law is used to guide and control the respective persons affected, the provisions of Section 125 of the Cr.P.C. are enforceable. However, procedures provided under Section 125 of Cr.P.C. are of a summary nature and apply to everyone regardless of caste, creed, or religion. Maintenance can be sought under the individual personal laws of people of different religions, and processes under such personal laws are civil in nature.

The provision found in Chapter IX of Cr.P.C. seeks to shield the neglected wife, parent and children (minor) from complete ruin and destitution through a straightforward, quick and effective restricted relief. Section 125 of CrPC offers a swift solution to prevent famine and social unrest. It differs from a husband's civil liability. It serves as a straightforward summary procedure. It puts into practice a man's fundamental obligation to support his wife, kids and elderly parents who are self-supporting.

The fundamental tenets of the maintenance stance under Section 125 of the Cr.P.C. is that no wife, young children, or elderly parents should be left without and succumb to complete pressure of wants

in order to be persuaded to resort to crimes, etc. A Magistrate of the First Class may take swift action to avoid poverty under a provision in Section 125 of the Cr.P.C.

12. **Purpose of Section 125 Cr.P.C**

The intent behind Section 125 of the Cr.P.C. is to protect dependents who are unable to support themselves from starvation, misery and vagrancy. It is social justice legislation that was specifically passed to safeguard women, children and elderly parents.

The main goal of Section 125 of the Cr.P.C. of 1973 is to support abandoned and impoverished wives, neglected and abandoned children, and vulnerable, elderly and disabled parents. As a result, this provision promotes social welfare and social service. The Magistrate's authority is primarily preventative in character rather than penal or punitive.

The time-consuming, troublesome, heavy, process of civil law and litigation was sought to be avoided by providing a simple, quick, limited relief. This is because compulsion is (to some extent) imposed upon those persons whose duty it is to support their dependents who are unable to support themselves.

No wife, child, or parent should be abandoned on the scrap heap of society to beg or to lure others to commit crimes against them or to commit crimes themselves. A contract that violates this responsibility and totally waives the right to support one's own wife and young children cannot be regarded as legal.

13. **Features of Section 125 Cr.P.C.**

Previously, while discussing legal terms that have been used in making up Section 125, some of the features that will be discussed below have already been referred to. Readers will therefore now be able to understand the features of the maintenance provision better.

14. **Need for sufficient means for maintenance**

The most important requirement is that a person cannot be ordered to pay maintenance to another person unless they themselves have 'adequate resources to support' the person who has the claim and neglects or refuses to do so. The person asserting that he lacks sufficient means to sustain has the burden of evidence. The fact that he is unemployed does not excuse him from the requirement. In the instance of **Hardev Singh And Anr. vs The State Of Punjab** reported in 1975) 3 SCC 731, the Apex Court held that if a person cannot pay such maintenance allowance because he is a monk, then it is his obligation to cast off the yellow robe and labour. The High Courts have been tougher in their interpretation. The social justice component and the protection of the society's weaker members, namely, women, children, and the elderly, are cited as the causes of this interpretation.

15. **Neglect and refusal to be maintained**

The term 'neglect' fundamentally refers to a disregard of responsibility that may be either unintentional or purposeful and is used to refer to a failure to maintain even when no such demand is made against the maintainer. Whereas, the 'refusal' to maintain occurs when there is a clearly stated purpose to not carry out his responsibility. This intention may be expressed or even suggested by the husband's behaviour. The claimant has the onus of establishing this. The requirement that the wife lives with her husband is initially necessary for her to be able to

claim maintenance, but if the Magistrate finds that she has a valid reason for doing so for instance, if her husband has taken in a new wife and if it is ritually permitted by their personal law, the condition may be removed from her claim.

16. **Quantum of maintenance**

Up until the Amendment Act No. 50 of 2001, the Magistrate was obligated to grant maintenance not to exceed Rs. 500. There isn't a cap on the maximum amount, instead, the Magistrate is free to decide the monthly rate in accordance with the circumstances of the case. The rate can occasionally be changed in accordance with Section 127, but it must be fixed, predictable, and not gradually growing. If both the wife and the child are suing the same individual, it is against the law to pay them both jointly, instead, each has a distinct claim that can be paid separately.

17. **Claimant of maintenance under Section 125 must be unable to maintain himself/herself:**

The incapacity of a woman to support herself is one of the requirements for claiming maintenance. She need not expressly request that she be allowed to care for herself. However, if the woman is healthy, educated, and still unable to support herself, she may still request maintenance, but the amount awarded to her will depend on these circumstances.

18. In Section 126 Cr.P.C., procedures for institution of any case under Section 125 Cr.P.C. have been prescribed, whereas in Section 127 Cr.P.C., alteration in allowance has been provided.

19. For deciding the present issue, it would be worthwhile to reproduce Section 128 Cr.P.C. wherein enforcement or execution of order of maintenance to be passed under Section 125 Cr.P.C., as the case may be, has been provided. For ready reference Section 128 Cr.P.C. reads as follows:

*"128. Enforcement of order of maintenance.--A copy of the order of [maintenance or interim maintenance and expenses of proceedings, as the case may be] shall be given without payment to the person in whose favour it is made, or to his guardian, if any, or to the person to [whom the allowance for the maintenance or the allowance for the interim maintenance and expenses of proceeding, as the case may be] is to be paid; and such order may be forced by any Magistrate in any place where the person against whom it is made may be, on such Magistrate being satisfied as to the identity of the parties and the non-payment of the [allowance, or as the case may be, expenses, due]."*

20. Bearing that (provisions above Sections) in mind, let me state that a proceeding under Section 125 Cr.P.C. is quasi civil and quasi criminal. It is civil in nature, since, it decides the civil rights of the parties to claim maintenance. When the order is not obeyed by the person against whom the same has been made, then the Court is empowered to impose a punishment of imprisonment for every breach of the order for a term which may extend to one month or until payment is sooner is made. To that extent, it is criminal in nature. To put it comprehensively, the proceeding is quasi civil and quasi criminal in nature.

21. Where an order is passed directing to pay maintenance, the party in whose favour such an order has been passed has

got two options. The first one is the party can choose to approach the Court under Section 125 (3) Cr.P.C. requesting the Court to punish the defaulter by imposing appropriate imprisonment; the second one is to approach the Court under Section 128 of Cr.P.C.

22. A comparison of Sections 125 (3) and 128 of Cr.P.C. would keep things beyond any doubt that insofar as the proceeding under Section 125 (3) is concerned, the statute has prescribed a period of limitation of one year, whereas in respect of a proceeding under Section 128 of Cr.P.C., there is no limitation provided at all. It follows, therefore, by the terms of the statute, that, for initiating a proceeding for enforcing an order by invoking Section 128 of Cr.P.C., I find no provision providing for limitation as it is provided in respect of proceedings under Section 125(3) of Cr.P.C.

23. Chapter IX of the Code of Criminal Procedure hereinafter referred as the 'Code' in its Section 128 provides for enforcement of order of maintenance, but how was the order to be enforced has not been provided.

24. Section 128 Cr.P.C. only provides for furnishing of copy of the order. It also provides that such order could be enforced by any Magistrate at any place where the person against whom it was made may be, which only means that any Magistrate of the place where the person may be may enforce the order on being satisfied, about the identity of the parties and also that the dues had not been paid. As said before how was the due to be recovered i.e. the procedure was not provided.

25. I have no room to doubt that the High Court Article 226 of the Constitution of India in civil matters and under Section 482 Cr.P.C. in criminal matters has extraordinary power to examine the correctness or otherwise of any orders passed by civil courts, as the case may be. However, against any quasi judicial civil order or any quasi judicial criminal order, no writ petition under Article 226 of the Constitution of India or any application under Section 482 Cr.P.C. respectively will be maintainable. Against such order, only revision or petition under Article 227 of the Constitution of India will be maintainable.

26. The Hon'ble Apex Court in the case of **Radhey Shyam & Another Vs. Chhabi Nath & Others** reported in *(2015) 5 SCC 423* in paragraph no.18 has opined that challenge to judicial orders could lie by way of an appeal or revision or under Article 227 of the Constitution of India and not by way of a writ under Article 226 and 32 of the Constitution of India.

27. I may further refer to paragraph nos. 11 and 25 of the above judgement of the Hon'ble Apex Court, wherein it has been clarified that orders of the judicial courts like civil courts stand on different footing from the quasi-judicial orders of the authorities or tribunals or courts other than judicial/civil courts. In paragraph no.25, the Hon'ble Apex Court has further opined that the expression "inferior court" is not referable to the judicial courts.

28. For ready reference paragraph 25 of the above judgment reads as follows:

*"It is true that this Court has laid down that technicalities associated with the prerogative writs in England have no role to play under our constitutional scheme. There is no parallel system of King's Court in India and of all other courts having limited jurisdiction subject to supervision*

*of King's Court. Courts are set up under the Constitution or the laws. All courts in the jurisdiction of a High Court are subordinate to it and subject to its control and supervision under Article 227. Writ jurisdiction is constitutionally conferred on all High Courts. Broad principles of writ jurisdiction followed in England are applicable to India and a writ of certiorari lies against patently erroneous or without jurisdiction orders of Tribunals or authorities or courts other than judicial courts. There are no precedents in India for High Courts to issue writs to subordinate courts. Control of working of subordinate courts in dealing with their judicial orders is exercised by way of appellate or revisional powers or power of superintendence under Article 227. Orders of civil court stand on different footing from the orders of authorities or Tribunals or courts other than judicial/civil courts. While appellate or revisional jurisdiction is regulated by statutes, power of superintendence under Article 227 is constitutional. The expression "inferior court" is not referable to judicial courts, as rightly observed in the referring order in paras 26 and 27 quoted above."*

29. From bare perusal of the provisions of Sections 125 to 128 Cr.P.C. as also the judgment of the Hon'ble Apex Court in the case of **Radhey Shyam (Supra),** I am of the view that since the order passed by the Principal Judge, Family Court, granting interim maintenance to the applicants in a proceeding under Section 125 Cr.P.C. is a quasi judicial civil and criminal order, no application under Section 482 Cr.P.C. either for quashing the same or for enforcing the same, is maintainable.

30. Consequently, the present application filed by the applicants for enforcing the order passed by the Family Court granting interim maintenance allowance to them is **dismissed**. The proper remedy available to the applicants to approach the Family Court under Section 128 Cr.P.C. before the same court.

31. This judgment is also being written in Hindi as well as in Sanskrit languages and the copies of the same shall also be attached along with this judgment.

(Delivered by Hon'ble Arun Kumar Singh Deshwal, J.)

1. Heard learned counsel for the applicants and Sri Rajeev Kumar Singh, learned AGA for the State.

2. Present application under Section 482 Cr.P.C. has been filed for quashing the summoning order dated 27.07.2023 as well as non-bailable warrant dated 08.02.2024, including the entire criminal proceedings of Case No.563 of 2023, under Section 138 Negotiable Instrument Act (hereinafter will be referred to N.I. Act) and Section 420 IPC in Police Station- Luxa, District- Varanasi pending in the Additional Court, Varanasi.

3. Contention of learned counsel for the applicants is that as per the complaint

itself, the cheque was issued on behalf of firm M/s Partha Textiles and the applicant No.2 is one of the partners of that firm but only the firm was impleaded as accused in the complaint. He further contended that in the complaint all the allegations were made against applicant no.1 (firm) itself, and no allegation was made against the present applicant, but the learned Magistrate issued a summons to the present applicant personally instead of issuing summons to the accused firm. It is further submitted that once the applicant no.2 was not impleaded as accused to vicariously liable him as a partner of the firm (applicant no.1), then issuance of summons against him in a personal capacity is absolutely erroneous.

4. In support of his contention, learned counsel for the applicants has relied upon the judgement of Patna High Court in **Amarnath Prasad and others vs State of Bihar and another; 1976 Cr.L.J. 1778 (Pat.),** in which the Single Judge of Patna High Court observed that if the firm is impleaded as a party, then the notice ought to be issued in the name of a firm, not in the name of a partner unless they are specifically made reliable. In another judgement of Patna High Court in **Anil D. Ambani and another vs State of Bihar and another; 2006(4) Pat LJR 571,** Single Judge of Patna High Court observed that when the prosecution is against a corporate body or juristic person, then summons ought to be issued to a juristic person, not in the name of the Director or Partner.

5. Learned counsel for the applicants also submitted that prosecution of a juristic person is not barred. It can be prosecuted, but only a fine can be imposed instead of punishing imprisonment. In support of his contention, he has also relied upon the judgement of Apex Court in the case of **Standard Chartered Bank and others vs Directorate of Enforcement and others (2005) 4 SCC 530.** He relied on paragraphs nos. 29, 30, 31, and 32, which are being quoted hereinbelow;

*29. The contention of the appellants is that when an offence is punishable with imprisonment and fine, the Court is not left with any discretion to impose any one of them and consequently the company being a juristic person cannot be prosecuted for the offence for which custodial sentence is the mandatory punishment. If the custodial sentence is the only punishment prescribed for the offence, this plea is acceptable, but when the custodial sentence and fine are the prescribed mode of punishment, the Court can impose the sentence of fine on a company which is found guilty as the sentence of imprisonment is impossible to be carried out. It is an acceptable legal maxim that law does not compel a man to do that which cannot possibly be performed (impotentia excusat legem). This principle can be found in Bennion Statutory Interpretation, 4th Edn. at p. 969. All civilized systems of law import the principle that lex non cogit ad impossibilia; As Patterson, J. said "the law compels no impossibility". Bennion discussing about legal impossibility at states that: If an enactment requires what is legally impossible it will be presumed that Parliament intended it to be modified so as to remove the impossibility element." This Court applied the doctrine of impossibility of performance (lex non cogit ad impossibilia) in numerous cases (State of Rajasthan v. Shamsher Singh [1985 Supp SCC 416 : 1985 SCC (Cri) 421] and Special Reference No. 1 of 2002, In re [(2002) 8 SCC 237] ).*

*30. As the company cannot be sentenced to imprisonment, the Court has to resort to punishment of imposition of fine*

*which is also a prescribed punishment. As per the scheme of various enactments and also the Penal Code, 1860, mandatory custodial sentence is prescribed for graver offences. If the appellants plea is accepted, no company or corporate bodies could be prosecuted for the graver offences whereas they could be prosecuted for minor offences as the sentence prescribed therein is custodial sentence or fine. We do not think that the intention of the legislature is to give complete immunity from prosecution to the corporate bodies for these grave offences. The offences mentioned under Section 56(1) of the FERA Act, 1973, namely, those under Section 13; clause (a) of sub-section (1) of Section 18; Section 18-A; clause (a) of sub-section (1) of Section 19; sub-section (2) of Section 44, for which the minimum sentence of six months imprisonment is prescribed, are serious offences and if committed would have serious financial consequences affecting the economy of the country. All those offences could be committed by company or corporate bodies. We do not think that the legislative intent is not to prosecute the companies for these serious offences, if these offences involve the amount or value of more than Rs one lakh, and that they could be prosecuted only when the offences involve an amount or value less than Rs. one lakh.*

*31. As the company cannot be sentenced to imprisonment, the Court cannot impose that punishment, but when imprisonment and fine is the prescribed punishment the Court can impose the punishment of fine which could be enforced against the company. Such a discretion is to be read into the section so far as the juristic person is concerned. Of course, the Court cannot exercise the same discretion as regards a natural person. Then the Court would not be passing the sentence in accordance with law. As regards company, the Court can always impose a sentence of fine and the sentence of imprisonment can be ignored as it is impossible to be carried out in respect of a company. This appears to be the intention of the legislature and we find no difficulty in construing the statute in such a way. We do not think that there is a blanket immunity for any company from any prosecution for serious offences merely because the prosecution would ultimately entail a sentence of mandatory imprisonment. The corporate bodies, such as a firm or company undertake a series of activities that affect the life, liberty and property of the citizens. Large-scale financial irregularities are done by various corporations. The corporate vehicle now occupies such a large portion of the industrial, commercial and sociological sectors that amenability of the corporation to a criminal law is essential to have a peaceful society with stable economy.*

*32. We hold that there is no immunity to the companies from prosecution merely because the prosecution is in respect of offences for which the punishment prescribed is mandatory imprisonment (sic and fine). We overrule the views expressed by the majority in Velliappa Textiles [(2003) 11 SCC 405 : 2004 SCC (Cri) 1214] on this point and answer the reference accordingly. Various other contentions have been urged in all appeals, including this appeal, they be posted for hearing before an appropriate Bench."*

6. Learned AGA submitted that as per Section 63 Cr.P.C. when the summons has been served on the Principal or Chief Executive Officer of the company or corporate body then it will be deemed sufficient service. Therefore, there is no

illegality in the impugned summoning order.

7. After hearing the submissions of learned counsel for the applicants as well as learned AGA, the sole question arises, if a cheque is issued on behalf of a registered firm, and on bouncing, the same, it failed to pay the cheque amount despite receiving the demand notice, then in the complaint filed under Section 138 N.I. Act against the firm, whether a summons is required to be issued to the firm or its partner.

8. From the perusal of the complaint, it is clear that only the firm namely, M/S Partha Textiles has been arraigned as accused through its partner Praveen Raj Rajendran and demand notice after bouncing the cheque was also sent to firm M/s Partha Textiles (applicant no.1). On bouncing the cheque issued on behalf of a registered firm, primary liability is of the firm, and its partner can also be liable vicarious, but in the present case, the partner (applicant no.2) was not implicated as accused along with the firm.

9. Under Section 142 N.I. Act or in Section 190 (1)(a) Cr.P.C. the Court takes cognizance against any offence, not the offender. But the summons is issued against the offender by the Court to inform him/it about the charges which he or it requires to be replied. The summons format has been given in Form 1 of the second schedule.

10. As per Section 141 of N.I. Act, if the offence under Section 138 N.I. Act is committed by a company/firm; then it shall be prosecuted, but Director/ Partner can also be vicariously liable for punishment along with the company if they are responsible for the conduct of the business of the company or offence has been committed with the consent or connivance of any Director/ Partner or other Officers of the company. Section 141 N.I. Act is being quoted hereinbelow;

*"141. Offences by companies.—(1) If the person committing an offence under Section 138 is a company, every person who, at the time the offence was committed, was in charge of, and was responsible to the company for the conduct of the business of the company, as well as the company, shall be deemed to be guilty of the offence and shall be liable to be proceeded against and punished accordingly:*

*Provided that nothing contained in this sub-section shall render any person liable to punishment if he proves that the offence was committed without his knowledge, or that he had exercised all due diligence to prevent the commission of such offence. [Provided further that where a person is nominated as a Director of a company by virtue of his holding any office or employment in the Central Government or State Government or a financial corporation owned or controlled by the Central Government or the State Government, as the case may be, he shall not be liable for prosecution under this chapter.*

*(2) Notwithstanding anything contained in sub-section (1), where any offence under this Act has been committed by a company, and it is proved that the offence has been committed with the consent or connivance of, or is attributable to any neglect on the part of any director, manager, secretary or other Officer of the company, such Director, manager, secretary or other Officer shall also be deemed to be guilty of that offence and*

*shall be liable to be proceeded against and punished accordingly.*

*Explanation.—For the purposes of this section, — (a) means any body corporate and includes a firm or other association of individuals; and (b) director, in relation to a firm, means a partner in the firm.*

11. It is clear from Section 138 N.I. Act that if the offence is committed by the company/firm, it shall be prosecuted and punished accordingly. But the company, being a juristic person, cannot be awarded punishment of sentence but can be punished only with a fine, as observed in the case of Standard Chartered Bank and others (supra).

12. Chapter VI of the Cr.P.C. provides the process for compelling the appearance of the accused. As per Section 63 Cr.P.C, if the summons is issued to a corporate body or a registered society, then its service may be effected by serving the summons on its Secretary, Local Manager or other Principal Officer of the Corporation or by a letter through a registered post addressed to the Chief Officer of the Corporation. Section 63 of Cr.P.C. is being quoted hereinbelow;

*"63. Service of summons on corporate bodies and societies- Service of a summons on a corporation may be effected by serving it on the secretary, local manager or other principal Officer of the corporation, or by letter sent by registered post, addressed to the Chief Officer of the corporation in India, in which case the service shall be deemed to have been effected when the letter would arrive in the ordinary course of post. Explanation.—In this section, means an incorporated company or other body corporate and includes a society registered under the Societies Registration Act, 1860."*

13. From the perusal of Section 63 of Cr.P.C., it is clear that if the offence was committed by a company/firm, then a summons can be issued to the company or firm, but service of summons may be effected through its Local Manager or other Principal Officer of the company. Therefore, the service of summons on corporate bodies may be made at its registered office or by serving its Local Manager or other Principal Officer. Therefore, the issuance of summons to the body corporate is necessary, though service may be effected by any mode as mentioned in Section 63 of Cr.P.C.

14. When the summons is served on the corporate body, then Section 305 Cr.P.C. provides further procedure. Section 305 (2) of Cr.P.C. provides that the accused corporation may appoint a representative for inquiry or trial in a criminal proceeding against the body corporate. When the corporate body/society appoints a representative, then all the proceedings will be done in the presence of representative and representative will also be examined on behalf of the accused company. For ready reference, Section 305 Cr.P.C. is quoted hereinunder;

*305. Procedure when corporation or registered society is an accused.—(1) In this section, corporation means an incorporated company or other body corporate, and includes a society registered under the Societies registration Act, 1860 (21 of 1860).*

*(2) Where a corporation is the accused person or one of the accused persons in an inquiry or trial, it may appoint a representative for the purpose of*

*the inquiry or trial, and such appointment need not be under the seal of the corporation.*

*(3) Where a representative of a corporation appears, any requirement of this Code that anything shall be done in the presence of the accused or shall be read or stated or explained to the accused, shall be construed as a requirement that that thing shall be done in the presence of the representative or read or stated or explained to the representative, and any requirement that the accused shall be examined shall be construed as a requirement that the representative shall be examined.*

*(4) Where a representative of a corporation does not appear, any such requirement as is referred to in sub-section (3) shall not apply.*

*(5) Where a statement in writing purporting to be signed by the Managing Director of the corporation or by any person (by whatever name called) having, or being one of the persons having the management of the affairs of the corporation to the effect that the person named in the statement has been appointed as the representative of the corporation for the purposes of this section, is filed, the Court shall, unless the contrary is proved, presume that such person has been so appointed.*

*(6) If a question arises as to whether any person, appearing as the representative of a corporation in an inquiry or trial before a Court is or is not such representative, the question shall be determined by the Court.*

15. **Therefore, from the conjoint reading of Section 141 N.I. Act, Section 63 of Cr.P.C. and Section 305 Cr.P.C., it is explicit that whenever a company is accused under Section 138 N.I. Act then summons has to be issued in the name of the company and service of the same can be effected by serving it on the Principal Officer or Local Manager of the Company.**

16. Hon'ble Apex Court in the case of **Iridium India Telecom vs Motorola Incorporated and others; 2011 (1) SCC 74** observed that the corporation is virtually in the same position as any individual, and criminal liability of the corporation would arise when an offence is committed in relation to the business of the corporation by a person or body of persons in control of its affair. Paragraph nos. 61, 63 and 66 of the **Iridium India Telecom (supra)** case are being quoted hereinbelow;

*"61. A company may in many ways be likened to a human body. They have a brain and a nerve centre which controls what they do. They also have hands which hold the tools and act in accordance with directions from the centre. Some of the people in the company are mere servants and agents who are nothing more than hands to do the work and cannot be said to represent the mind or will. Others are directors and managers who represent the directing mind and will of the company, and control what they do. The state of mind of these managers is the state of mind of the company and is treated by the law as such. So you will find that in cases where the law requires personal fault as a condition of liability in tort, the fault of the manager will be the personal fault of the company. That is made clear in Lord Haldane's speech in Lennard Carrying Co. Ltd. v. Asiatic Petroleum Co. Ltd. [1915 AC 705 : (1914-15) All ER Rep 280 (HL)] (AC at pp. 713, 714). So also, in criminal law, in cases where the law requires a guilty mind as a condition of a criminal*

*offence, the guilty mind of the directors or the managers will render the company themselves guilty.*

*63. From the above, it becomes evident that a corporation is virtually in the same position as any individual and may be convicted of common law as well as statutory offences including those requiring mens rea. The criminal liability of a corporation would arise when an offence is committed in relation to the business of the corporation by a person or body of persons in control of its affairs. In such circumstances, it would be necessary to ascertain that the degree and control of the person or body of persons is so intense that a corporation may be said to think and act through the person or the body of persons. The position of law on this issue in Canada is almost the same. Mens rea is attributed to corporations on the principle of the company.*

*66. These observations leave no manner of doubt that a company/corporation cannot escape liability for a criminal offence merely because the punishment prescribed is that of imprisonment and fine. We are of the considered opinion that in view of the aforesaid judgment of this Court, the conclusion reached by the High Court that the respondent could not have the necessary mens rea is clearly erroneous."*

17. Guwahati High Court in the case of **Ram Narayan Sharma vs State of Assam; 2017 SCC Online Gau 1004** has also considered the issue of process against the corporate body and observed that in a criminal case, the Court can issue process against corporate body in the manner as provided under Section 63 Cr.P.C. Paragraph 13 of the **Ram Naresh Sharma (supra)** case is quoted as under;

*"13. It is a settled law, as on date, that a corporation can be prosecuted also for crimes requiring mens rea. In the case of Iridium India Telecom Ltd. v. Motorola Inc., (2011) 1 SCC 74, the Hon'ble Supreme Court has held that a corporation is virtually in the same position as any individual and may be convicted of common law as well as statutory offences, including those requiring mens rea. The criminal liability of a corporation would arise when an offence is committed in relation to the business of the corporation by a person or body of persons in control of its affairs. In such circumstances, it would be necessary to ascertain that the degree and control of the person or body of persons is so intense that a corporation may be said to think and act through the person or the body of persons. The Hon'ble Supreme Court further held that mens rea is attributed to corporations on the principle of the alter ego company."*

18. Delhi High Court in the case of **Puneet Gupta vs State; 2013 SCC OnLine Del 208** again considered the issue of process against the corporate body and observed that the summons to the company can be issued through its Principal Officer, and if there is nobody to represent the company, then the Director could not be summoned to appear on behalf of the company itself. Paragraph 10 of the **Puneet Gupta (supra)** case is quoted as under;

*"10. Thus, it would be seen that a company can be represented through a representative appointed for this purpose. Sub-section (3) says that where a representative of a company appears, any requirement of this Code that anything shall be done in the presence of the accused, shall be construed as a*

*requirement that, that thing shall be done in presence of the representative. Sub-section(4) says that if the representative of the corporation does not appear, the requirement as referred in sub-section (3) shall not apply. Thus, simply because there was nobody to represent the company, the directors could not have been summoned to appear as accused. The right course to be adopted was to issue summons to the company through its principal Officer and it is for the company to decide as to through whom it is to be represented. Thus, simply on the ground that the company was not being represented, its 10 of 14 directors who are the Petitioners herein could not have been summoned to face prosecution. Moreover, Section 20A of the Act could not have been used by the learned MM to issue the summons to the two directors for the reason that it is only a manufacturer, distributor or a dealer of the sampled food article who has not been prosecuted earlier and where it transpires during the trial that the said manufacturer, distributor or dealer has not been prosecuted that the Court may take cognizance against him as if the prosecution had been instituted against him.*

19. The Andhra Pradesh High Court in the case of **Mannam Venkata Krishna Rao vs State of A.P. represented by Public Prosecutor and others; 2022 SCC OnLine AP 3027** again considered the issue and observed that Section 63 permits the issuance of summons to a company through its Principal Officer, then, after receiving a summons, it is for the company to appoint any representative to appear on behalf of the company. Para no. 7 and 8 of the **Mannam Venkata Krishna Rao (supra)** case are being quoted hereinunder;

*"7. The above provision permits service of summons on a company by serving the said summons on any of the principal officers of the company mentioned in the Section 63. However, the manner in which the company is to be represented before a court, after service of summons, is contained in section 305 of the criminal procedure code, which reads as follows:*

*305. Procedure when corporation or registered society is an accused. (1) In this section, corporation means an incorporated company or other body corporate, and includes a society registered under the Societies Registration Act, 1860 (21 of 1860).*

*(2) Where a corporation is the accused person or one of the accused persons in an inquiry or trial, it may appoint a representative for the purpose of the inquiry or trial and such appointment need not be under the seal of the corporation.*

*(3) Where a representative of a corporation appears, any requirement of this Code that anything shall be done in the presence of the accused or shall be read or stated or explained to the accused, shall be construed as a requirement that that thing shall be done in the presence of the representative or read or stated or explained to the representative, and any requirement that the accused shall be examined shall be construed as a requirement that the representative shall be examined.*

*(4) Where a representative of a corporation does not appear, any such requirement as is referred to in sub-section (3) shall not apply.*

*(5) Where a statement in writing purporting to be signed by the managing director of the corporation or by any person (by whatever name called) having, or being one of the persons having the management of the affairs of the*

*corporation to the effect that the person named in the statement has been appointed as the representative of the corporation for this section is filed, the Court shall, unless the contrary is proved, presume that such person has been so appointed.*

*(6) If a question arises as to whether any person appearing as the representative of a corporation in an inquiry or trial before a Court is or is not such representative, the question shall be determined by the Court.*

*8. A reading of the above provision would make it clear that, after receipt of the notice, it would be open to the company to decide whether the person named in the notice would continue to represent the company or not. It would also be open to the person named as the company's representative to decline to represent the company. In both situations, applications may be made before the trial Court under Section 305 Cr. P.C., to remove the name of the person who is arrayed as the accused company's representative. This view is fortified by the judgment of the Hon'ble High Court at Bombay, dated 14.01.2020, in Criminal Writ Petition No. 4942 of 2019, in the case of Sanjeev S. Malhotra v. the State of Maharashtra."*

20. It is also relevant to mention here that the corresponding provision to Section 63 of Cr.P.C. in Bhartiya Nagarik Suraksha Sanhita, 2023 (in short ' the BNSS') is Section 65. Section 65 of the BNSS also prescribes that summons of a company or corporation may be served through the Director apart from the Manager, Secretary and other Officers of the company. In Section 63 Cr.P.C. word "Director" was missing. Similarly, Section 65 of the BNSS also provides if the letter containing the summons for the company is sent through the registered post addressed to the Director, Manager or other Officer of the company or corporation in India that will also be deemed to be served but in Section 63 of Cr.P.C. summons sent through a letter by registered post addressed to Chief Officer of the Corporation in India was deemed to be served. Therefore, in place of the Officer of the Corporation in India as mentioned in Section 63 Cr.P.C., Director, Manager, Secretary or other Officer of the company or corporation in India has been replaced by Section 65 of the BNSS. Apart from this, in Section 63 of Cr.P.C. only company or other corporate body, including registered society, was mentioned, but in the corresponding Section of the BNSS, the firm or other associations of individuals are also mentioned. Section 65 of the BNSS is being quoted as under;

*"65(1) Service of summons on corporate bodies, firms, and socialise.- (1) Service of a summons on a company or corporation may be effected by serving it on the Director, Manager, Secretary or other Officer of the company or corporation, or by letter sent by registered post addressed to the Director, Manager, Secretary or other Officer of the company or corporation in India, in which case the service shall be deemed to have been effected when the letter would arrive in the ordinary course of post. Explanation.—In this section, "company" means a body corporate and "corporation" means an incorporated company or other body corporate registered under the Companies Act, 2013 or a society registered under the Societies Registration Act, 1860.*

*(2) Service of a summons on a firm or other association of individuals may be effected by serving it on any partner of such firm or association, or by*

*letter sent by registered post addressed to such partner, in which case the service shall be deemed to have been effected when the letter would arrive in the ordinary course of post."*

21. From the perusal of above Section 65 of the BNSS, it is clear that service of summons upon a company, corporation registered society, firm or other association of other individuals may be effected by serving on Director, Manager, Secretary or other Officer of the company or corporation in India or partner of the firm or association.

22. **From the above analysis, it is clear that if a company is arraigned as accused in a complaint, then summons ought to be issued to the company through its Principal Officer or Local Manager as mentioned in Section 63 Cr.P.C and after service of summons upon the company, as per Section 63 Cr.P.C., the company can appoint any of his representatives as per Section 305 Cr.P.C. and when the representative of the company appears before the court, the proceeding before him would be deemed to be the proceeding in the presence of the accused and representative will be examined on behalf of the company. Representative of the company is not required to seek bail on behalf of the company as the company can change its representative at any stage of proceeding with the permission of the Court concerned.**

23. Service of summons upon the company can be made as per the mode provided under Section 144 N.I. Act, which provides that service of summons can be made on accused by speed post or courier service approved by the Court, where he carries on business or personally works for gain. Therefore, there is no requirement to send a summons to the registered office of the company or firm. It can be served to its local manager, who carries on with the business of the corporate body.

24. In the present case, though the Firm (M/S Partha Textiles) was arrayed as an accused, but a summons was issued to its partner (applicant no.2) personally, which is not a proper service for the firm because the partner was not impleaded as accused in the impugned complaint. As the issue is purely technical, therefore, this petition is being finally disposed of without hearing the opposite party no.2.

25. In view of the above, the summoning order dated 27.07.2023 as well as non-bailable warrant dated 08.02.2024 issued against applicant no.2 is hereby quashed, and the Court below is directed to pass fresh summoning order in the light of the observation made hereinabove within one month from the date of receiving a copy of this order.

26. It is also apposite to mention that though on commencement of the BNSS, the provision of Cr.P.C. has been repealed and Section 65 of the BNSS has come into force in place of Section 63 of Cr.P.C. regarding service of summons upon a company, corporation and firm, but Section 529 of the BNSS provides, proceeding, trial or application pending before the date of commencement of the BNSS will continue as per the provision of Cr.P.C. Therefore, in the present case despite the repeal of Cr.P.C. by the BNSS, the court below will proceed in accordance with the procedure of Cr.P.C. as mentioned under Sections 63 and 305 Cr.P.C.

27. With the aforesaid observation, the present application is partly **allowed**.

28. Let a copy of this order be communicated to the Additional Court Varanasi.

(Delivered by Hon'ble Arun Kumar Singh Deshwal, J.)

1. Heard learned counsel for the applicants and Sri Rajeev Kr. Singh, learned A.G.A. for the State.

2. The instant application under Section 482 Cr.P.C. has been filed for quashing the summoning order dated 10.09.2021 passed by Special Judge Food Safety & Standards Act/ Additional Sessions Judge, Court No.9, Jhansi in Sessions Case No.643 of 2021, under Section 26(2)(v, i & ii)/58, 59(iii), 52(1) Food Safety & Standards Act, 2006 (hereinafter referred to as 'Act, 2006'), Police Station Orai, District Jalaun as well as Non-bailable Warrant dated 27.10.2023 issued by Additional District Judge/FTC-IInd, Jhansi.

3. Facts giving rise to the present case are that applicant No.2 is the proprietor of a firm, named as M/s Balaji Traders Orai while applicant No.1 is the employee of the said firm of applicant No.2. The licence in Form - C under the Act, 2006 was also issued in the name of the firm of applicant No.2. In the above licence, applicant No.2 was mentioned as a person in charge of the operation of the firm and that licence is valid till 16.7.2024. An inspection was made by the Food Security Officer on 20.2.2020 in the manufacturing unit of applicant No.2 where the applicant No.1, who is an employee of the firm of applicant No.2, was present. In the presence of applicant No.1, 370 packets of *sugandhit supari* (Puja Brand) were found in the stock. Thereafter, four packets of the *sugandhit supari* were purchased from applicant No.1 by paying its price. On the spot, the format of Form 5-ka was prepared, out of which two samples were given to applicant No.1 and one sample was sent to the concerned laboratory for examination. It is claimed by the applicants that their firm is licence holder to manufacture pan masala and supari under the Act, 2006 which is valid up to 16.7.2024. On the basis of inspection of the Food Inspector on 20.2.2020, the sample of *sugandhit supari* (Puja Brand) was taken from the premises of the applicants and thereafter, on the basis of the report of the food analyst, the impugned complaint was filed. In the impugned complaint, it is mentioned that the sample of *sugandhit supari* contained tobacco. Therefore, the same is of sub standard quality and not fit for use. It was also mentioned in the report of food analyst that the sample of packets, containing supari, did not mention net quantity/net weight, date of manufacturing, batch number, manufacturer's complete address, FSSAI licence number etc. In the complaint, it is further mentioned that the sample of *sugandhit supari* as well as its packets, were prepared in violation of Regulation 2.3.4 of the Food Safety and Standards (Prohibition and Restriction of Sale) Regulations, 2011 as well as regulation Nos. 2.2.2(7), 2.2.2(9), 2.2.2(8), 2.2.2(10), 2.2.2(6), 2.2.1(7) and 2.2.2(2) of the Food Safety and Standards (Packaging and Labelling) Regulations, 2011. The learned Magistrate, after receiving the aforesaid complaint, summoned the applicants, which is under challenge.

4. The contention of learned counsel for the applicants is that *sugandhit supari* is a tobacco product, therefore, the proceeding under the Act, 2006 is absolutely erroneous. In support of his contention, learned counsel for the applicants has relied upon the judgement of coordinate Bench of this Court passed in ***Application u/s 482 No. 9147 of 2023 (Manish Gupta vs. State of U.P. and another)*** in which it is observed that the sample of a packet of baba supari is tobacco product and not a food item. It is further submitted that the tobacco product is not prohibited from selling, but it is regulated by Cigarette and other Tobacco Products (Prohibition of Advertisement and Regulation of Trade and Commerce, Production, Supply and Distribution) Act, 2003 (hereinafter referred to as "COTPA, 2003'). It is lastly submitted that even if it is admitted that *sugandhit supari* is a food item, even then, applicants have a valid licence. Therefore, invoking the provision of the Act, 2006 on the ground that at the time of inspection, the applicants could not show the licence is also incorrect, hence erroneous.

5. Per contra, learned A.G.A. has submitted that *sugandhit supari* is a food

item. Therefore, there is no illegality in the impugned proceeding. It is further submitted that at the time of inspection, the applicants could not show the licence for the production of food item, therefore, the provision of the Act, 2006 was invoked.

6. Learned A.G.A. had filed counter affidavit which was formal in nature, therefore, learned counsel for the applicants did not file rejoinder affidavit on the ground that the same was formal in nature.

7. After hearing the rival submissions of learned counsel for the parties, a sole question arises whether the product in question i.e. *sugandhit supari* (betel nut) is a tobacco product or it comes within the definition of food.

8. Learned counsel for the applicants has submitted that as the supari is a tobacco product, its sale and manufacturing will be covered by the COTPA, 2003. Therefore, proceeding against him, under the Act, 2006, is illegal. For the determination of this question, it is necessary to discuss the object of the Act, 2006 as well as COTPA, 2003.

9. The object of the Act, 2006, is to lay down science-based standards for articles of food and to regulate their manufacture, storage, distribution, sale and import, to ensure availability of the same and wholesome food for human consumption.

10. **The object of COTPA, 2003 is to provide effective measures for protecting citizens from involuntary exposure to cigarettes and other tobacco products and also to impose progressive restrictions on direct and indirect advertisement, promotion and sponsorship, concerning tobacco.** To achieve the aforesaid object, the COTPA, 2003 not only provides regulation of trade and commerce, production, supply and distribution of cigarettes and other tobacco products but also prohibits its advertisement and provides for displaying the warning on the packets of cigarette and other tobacco products.

11. From the objects of the above two Acts, it is clear that COTPA, 2003 provides regulation, production and supply of cigarettes and other tobacco products, whereas the Act, 2006 not only provides manufacturing, storage and sale of food but also provides a science-based standard for articles of food which are safe for human consumption. Therefore, if any article of food used for human consumption, is found sub standard, then the same is punishable. However, under the COTPA, 2003 any substandard tobacco product, even if used for human consumption, is not punishable under the COTPA, 2003. The COTPA, 2003 apart from regulating the production and providing specified warning on the package of cigarettes and other tobacco products, also provides a maximum permissible limit of nicotine and tar in tobacco products.

12. Section 14 of the COTPA, 2003 provides confiscation of package of cigarettes and other tobacco products, if same violates any of the provisions of the COTPA, 2003. Section 20 of the COTPA, 2023 also provides punishment on failure to give a specified warning of nicotine and tar contents. Therefore, if cigarette or any other tobacco product contains the ingredients of nicotine and tar beyond the prescribed limit, then same is punishable under Section 20 of COTPA, 2003. However, there is no provision in the

COTPA, 2003, providing punishment for having ingredients in tobacco products other than nicotine and tar, even though same may be injurious to health of any person. Sections 7, 10, 11, 14, 20 of the COTPA, 2003 are being quoted as under:-

***"7. Restrictions on trade and commerce in, and production, supply and distribution of cigarettes and other tobacco products.–***

*(1) No person shall, directly or indirectly, produce, supply or distribute cigarettes or any other tobacco products unless every package of cigarettes or any other tobacco products produced, supplied or distributed by him bears thereon, or on its label 1[such specified warning including a pictorial warning as may be prescribed.]*

*(2) No person shall carry on trade or commerce in cigarettes or any other tobacco products unless every package of cigarettes or any other tobacco products sold, supplied or distributed by him bears thereon, or on its label, the specified warning.*

*(3) No person shall import cigarettes or any other tobacco products for distribution or supply for a valuable consideration or for sale in India unless every package of cigarettes or any other tobacco products so imported by him bears thereon, or on its label, the specified warning.*

*(4) The specified warning shall appear on not less than one of the largest panels of the package in which cigarettes or any other tobacco products have been packed for distribution, sale or supply for a valuable consideration.*

*(5) No person shall, directly or indirectly, produce, supply or distribute cigarettes or any other tobacco products unless every package of cigarettes or any other tobacco products produced, supplied or distributed by him indicates thereon, or on its label, the nicotine and tar contents on each cigarette or as the case may be on other tobacco products along with the maximum permissible limits thereof:*

*Provided that the nicotine and tar contents shall not exceed the maximum permissible quantity thereof as may be prescribed by rules made under this Act.*

***10. Size of letters and figures.–*** *No specified warning or indication of nicotine and tar contents in cigarettes and any other tobacco products shall be deemed to be in accordance with the provisions of this Act if the height of each letter or figure, or both the used on such warning and indication is less than the height as may be prescribed by rules made under this Act. 11. Testing laboratory for nicotine and tar contents.–For purposes of testing the nicotine and tar contents in cigarettes and any other tobacco products the Central Government shall by notification in the Official Gazette grant recognition to such testing laboratory as that Government may deem necessary.*

***11. Testing laboratory for nicotine and tar contents.–*** *For purposes of testing the nicotine and tar contents in cigarettes and any other tobacco products the Central Government shall by notification in the Official Gazette grant recognition to such testing laboratory as that Government may deem necessary.*

***14. Confiscation of package.–*** *Any package of cigarettes or any other tobacco products or any advertisement material of cigarettes or any other tobacco products, in respect of which any provision of this Act has been or is being contravened, shall be liable to be confiscated: Provided that, where it is established to the satisfaction of the court adjudging the confiscation that the person in whose possession, power or control any*

*such package of cigarettes orany other tobacco products is found is not responsible for the contravention of the provisions of this Act, the Court may, 10 instead of making an order for the confiscation of such package, make such other order authorised by this Act against the person guilty of the breach of the provisions of this Act as it may think fit.*

***20. Punishment for failure to give specified warning and nicotine and tar contents.–***

*(1) Any person who produces or manufactures cigarettes or tobacco products, which do not contain, either on the package or on their label, the specified warning and the nicotine and tar contents, shall in the case of first conviction be punishable with imprisonment for a term which may extend to two years, or with fine which may extend to five thousand rupees, or with both, and for the second or subsequent conviction, with imprisonment for a term which may extend to five years and with fine which may extend to ten thousand rupees.*

*(2) Any person who sells or distributes cigarettes or tobacco products which do not contain either on the package or on their label, the specified warning and the nicotine and tar contents shall in the case of first conviction be punishable with imprisonment for a term, which may extend to one year, or with fine which may extend to one thousand rupees, or with both, and, for the second or subsequent conviction, with imprisonment for a term which may extend to two years and with fine which may extend to three thousand rupees."*

13. Section 16 of the COTPA, 2003 further provides that confiscation of any tobacco product will not prevent the infliction of any punishment under any other law, which means if the production or sale of any substandard tobacco product is also prohibited in any other law, then prosecution under that law would not be barred despite the confiscation of tobacco product for violation of the COTPA, 2003. Section 16 of the COTPA, 2003 is quoted is under:-

***"16. Confiscation not to interfere with other punishments**.– No confiscation made, costs ordered tobe paid under this Act shall prevent the infliction of any punishment to which the person affected thereby is liable under the provisions of this Act or under any other law."*

14. From the perusal of Section 16, it is also clear that even though any product is a tobacco product but if it contains any ingredient other than nicotine and tar, which is injurious or dangerous for human consumption, then even if the same is not punishable under the COTPA, 2003, but the same could be punishable in any other law including the Act, 2006. In the present case, the question arises of whether the supari or betel nut is a tobacco product under the COTPA, 2003, or food under the Act, 2006.

15. Betel nut is a fruit of the areca palm (Areca Catechu) that grows in much of the tropical Pacific, South Asia, South-east Asia, and parts of East Africa. It is not to be confused with betel leaves that are often used to wrap it. The practice of betel nut chewing, often together with other herbs as a stimulant drug, dates back thousands of years, and continues to the present day in many other Asian countries. When chewed with additional tobacco in its preparation, there is even higher risk especially for oral and oropharyngeal cancers. In India, betel nut is used in pan

along with other ingredients like lime and kattha and there is a large scale use of betel nut for human consumption in India, as the betel nut is a primary product of the tree, namely, Areca palm.

16. The definition of 'food' has been given in Section 3(1)(j) of the Act, 2006 which provides any substance, whether processed or unprocessed, entitled for the human consumption and which includes primary food to the extent defined in Section 3(1)(zk). The definition of 'primary food' has also been given in Section 3(1)(zk) which provides any article of food which is produced from agriculture or horticulture, resulting from growing, raising, cultivation, picking and harvesting. For reference Sections 3(1)(j) and 3(1)(zk) of the Act, 2006 are being quoted as under:-

***"3(1)(j) "Food"*** *means any substance, whether processed, partially processed or unprocessed, which is intended for human consumption and includes* ***primary food*** *to the extent defined in clause (zk), genetically modified or engineered food or food containing such ingredients, infant food, packaged drinking water, alcoholic drink, chewing gum, and any substance, including water used into the food during its manufacture, preparation or treatment but does not include any animal feed, live animals unless they are prepared or processed for placing on the market for human consumption, plants, prior to harvesting, drugs and medicinal products, cosmetics, narcotic or psychotropic substances:*

*Provided that the Central Government may declare, by notification in the Official Gazette, any other article as food for the purposes of this Act having regards to its use, nature, substance or quality;*

***(zk) "primary food"*** *means an article of food, being a produce of agriculture or horticulture or animal husbandry and dairying or aquaculture in its natural form, resulting from the growing, raising, cultivation, picking, harvesting, collection or catching in the hands of a person other than a farmer or fisherman."*

17. Section 92 of the Act, 2006 gives power to the Food Safety and Standards Authority to make regulations with prior approval of the Central Government, providing standards and guidelines in relation to the articles of food meant for human consumption as well as providing limits of additive under Section 19 of the Act, 2006. In pursuance of the power under Section 92 of the Act, 2006, the Food Safety and Standards Authority of India, with prior approval of the Central Government, made the regulation named as the Food Safety and Standards (Food Products Standards and Food Additives) Regulations, 2011. This regulation has provided standards for food products. Regulation 2.3.55 provides standard of areca nuts or betel nuts (supari). This regulation also provides the food additives permissible in betel nut or supari as per Appendix-A. In Appendix A any seed or nut is not permitted to have any food additive. Regulation 2.3.55 is quoted as under:-

*"2.3.55 ARECANUTS OR BETELNUTS OR SUPARI*

***1. Description****: (a) "Arecanuts" or "Betelnuts" or "Supari" means nuts obtained from Areca Palm (Areca catechu L.).*

*(b) The product shall be dry, well matured, sound, clean, whole or cut, fully dehusked, uniform in colour, i.e., bright shining to dull red colour.*

*(c) It shall be free from synthetic colouring matter and shall be free from insect infestation, visible moulds, fissures and shrinkage and shall not be hollow.*

*(d) The product shall not have any off flavour, odour or other undesirable characteristics and shall also conform to the following standards, namely:*

| ***S.No.*** | ***Characteristics*** | ***Requirements*** |
|---|---|---|
| *1* | *Moisture % (Maximum)* | *7* |
| *2* | *Damaged Nuts % (by weight) (Maximum)* | |
| *a)* | *For whole nuts or supari (Damaged nuts include blemish or cracked nuts, broken nuts, nuts not fully dehusked and those the pith of which is black)* | *12* |
| *b)* | *For cut nuts or supari (Damaged nuts include blemish/cracked nuts, nuts not fully dehusked and those the pith of which is black)* | |
| *3* | *Damaged by moulds and insects % (by weight) (Maximum)* | *3* |

***2. Food additives****: The product may contain food additives permitted in Appendix A.*

***3. Contaminants, toxins and residues****: The product covered in this standard shall comply with the Food Safety and Standards (Contaminants, toxins and Residues) Regulations, 2011.*

***4. Food hygiene:***

*(a) The product shall be prepared and handled in accordance with the guidance provided in the Schedule 4 of the Food Safety and Standards (Licensing and Registration of Food Businesses) Regulations, 2011 and any other such guidance provided from time to time under the provisions of the Food Safety and Standards Act, 2006 (34 of 2006).*

*(b) The product shall conform to the microbiological requirements given in Appendix B.*

***5. Packaging and labelling:*** *The product covered by this standard shall be labelled in accordance with the Food Safety and Standards (Packaging and Labelling) Regulations, 2011.*

***6. Method of analysis:*** *The product shall be analysed as provided in the relevant Food Safety and Standards Authority of India Manual of Method of Analysis of Food."*

18. As per Section 3(p) of the COTPA, 2003 tobacco products means products specified in the schedule whereas in the schedule of the COTPA, 2003 the following articles are mentioned as tobacco products:-

***"THE SCHEDULE***

*[See section 3(p)]*

*1. Cigarettes*

*2. Cigars*

*3. Cheroots*

*4. Beedis*

*5. Cigarette tobacco, pipe tobacco and hookah tobacco*

*6. Chewing tobacco*

*7. Snuff*

*8. Pan masala or any chewing material having tobacco as one of its ingredients (by whatever name called).*

*9. Gutka*

*10. Tooth powder containing tobacco."*

19. From the perusal of the tobacco product, mentioned in item No.8, it is clear that pan masala or any chewing material having tobacco as one of its ingredients, is tobacco product. However, betel nut or supari is not the chewing material having tobacco as one of its ingredients.

20. **Therefore, from the conjoint reading of Section 3(1)(j) and 3(1)(zk) of the Act, 2006 as well as Regulation 2.3.55 of the Food Safety and Standards (Food Products Standards and Food Additives) Regulations, 2011, it is clear that betel nut or supari is a primary food product, hence would come within the category of food and not the tobacco product.**

21. Now, a question arises as to whether the use of tobacco in betel nuts makes them unsafe and prohibited under the Act, 2006. Section 92(1)(h) of the Act, 2006 authorises the Food Safety and Standards Authority of India, with prior approval of the Central Government, to make regulations regarding food additives in food products also. In the exercise of power under Section 92 of the Act, 2006 the Food Safety and Standards Authority of India framed Food Safety and Standards (Prohibition and Restriction of Sale) Regulations, 2011, Regulation 2.3.4 whereof is quoted as under:-

*"2.3.4: Product not to contain any substance which may be injurious to health: Tobacco and nicotine shall not be used as ingredients in any food products."*

22. Section 3(1)(zz) of the Act, 2006 provides the definition of 'unsafe food', which includes the addition of a substance directly or as an ingredient, which is not permitted. As the Regulation 2.3.4 of the Food Safety and Standards (Prohibition and Restriction of Sale) Regulations, 2011 provides prohibition of the addition of tobacco as an ingredient in food products, therefore, adding tobacco to any food product will be deemed to be unsafe food as per Section 3(1)(zz)(v) of the Act, 2006. Section 3(1)(zz)(v) of the Act, 2006 is being quoted as under:-

*"3(1)(zz) "unsafe food" means an article of food whose nature, substance or quality is so affected as to render it injurious to health:—*

*(v) by addition of a substance directly or as an ingredient which is not permitted; "*

23. **Therefore, from above analysis, it is clear that mixing of tobacco in any food item including the betel nut or supari is prohibited as per Regulation 2.3.4 of the Food Safety and Standards (Prohibition and Restriction of Sale) Regulations, 2011 and the same would be punishable under Section 59 of the Act, 2006.**

24. In the judgment of the co-ordinate Bench of this Court in ***Manish Gupta Vs. State of U.P. (Supra)***, relied upon by the learned counsel of the applicants, the co-ordinate Bench, while deciding that case, overlooked Sections 3(1)(zk) and 3(1)(zz) of the Act, 2006, Regulation 2.3.55 of the Food Safety and Standards (Food Products Standards and Food Additives) Regulations, 2011, Regulation 2.3.4 of the the Food Safety and Standards (Prohibition and Restriction of Sale) Regulations, 2011

and also Section 16 of the COTPA, 2003. Therefore, being contrary to the statutory provisions, the above judgment is per incuriam, hence, can not be relied upon.

25. In the case of ***State of U.P. and another vs. Synthetics and Chemicals Ltd. And another; (1991) 4 SCC 139,*** the Hon'ble Apex Court considered the issue of judgement passed in per incuriam. Paragraph Nos. 40 and 41 of ***Synthetics and Chemicals Ltd. (supra)*** is quoted as under:-

*"40. 'Incuria' literally means 'carelessness'. In practice per incuriam appears to mean per ignoratium. English courts have developed this principle in relaxation of the rule of stare decisis. The 'quotable in law' is avoided and ignored if it is rendered, 'in ignoratium of a statute or other binding authority'. (Young v. Bristol Aeroplane Co. Ltd. [(1944) 1 KB 718 : (1944) 2 All ER 293] ). Same has been accepted, approved and adopted by this Court while interpreting Article 141 of the Constitution which embodies the doctrine of precedents as a matter of law. In Jaisri Sahu v. Rajdewan Dubey [(1962) 2 SCR 558 : AIR 1962 SC 83] this Court while pointing out the procedure to be followed when conflicting decisions are placed before a bench extracted a passage from Halsbury's Laws of England incorporating one of the exceptions when the decision of an appellate court is not binding.*

*41. Does this principle extend and apply to a conclusion of law, which was neither raised nor preceded by any consideration. In other words can such conclusions be considered as declaration of law? Here again the English courts and jurists have carved out an exception to the rule of precedents. It has been explained as rule of sub-silentio. "A decision passes sub-silentio, in the technical sense that has come to be attached to that phrase, when the particular point of law involved in the decision is not perceived by the court or present to its mind." (Salmond on Jurisprudence 12th Edn., p. 153). In Lancaster Motor Company (London) Ltd. v. Bremith Ltd. [(1941) 1 KB 675, 677 : (1941) 2 All ER 11] the Court did not feel bound by earlier decision as it was rendered 'without any argument, without reference to the crucial words of the rule and without any citation of the authority'. It was approved by this Court in Municipal Corporation of Delhi v. Gurnam Kaur. [(1989) 1 SCC 101] The bench held that, 'precedents sub-silentio and without argument are of no moment'. The courts thus have taken recourse to this principle for relieving from injustice perpetrated by unjust precedents. A decision which is not express and is not founded on reasons nor it proceeds on consideration of issue cannot be deemed to be a law declared to have a binding effect as is contemplated by Article 141. Uniformity and consistency are core of judicial discipline. But that which escapes in the judgment without any occasion is not ratio decidendi. In B. Shama Rao v. Union Territory of Pondicherry [AIR 1967 SC 1480 : (1967) 2 SCR 650 : 20 STC 215] it was observed, 'it is trite to say that a decision is binding not because of its conclusions but in regard to its ratio and the principles, laid down therein'. Any declaration or conclusion arrived without application of mind or preceded without any reason cannot be deemed to be declaration of law or authority of a general nature binding as a precedent. Restraint in dissenting or overruling is for sake of stability and uniformity but rigidity beyond reasonable limits is inimical to the growth of law."*

26. Similarly, the Apex Court again considered the issue of judgement in per incuriam in the case of ***Roger Shashoua and others vs. Mukesh Sharma and others; (2017) 14 SCC 722*** and observed that a decision can be per incuriam if any provision in statute, rule or regulation was not brought to the notice of the Court. Paragraph No. 42 of the ***Roger Shashoua (surpa)*** is quoted as under:-

*"42. In Sundeep Kumar Bafna [Sundeep Kumar Bafna v. State of Maharashtra, (2014) 16 SCC 623 : (2015) 3 SCC (Cri) 558] , the Court referred to the Constitution Bench decision in Union of India v. Raghubir Singh [Union of India v. Raghubir Singh, (1989) 2 SCC 754] and Chandra Prakash v. State of U.P. [Chandra Prakash v. State of U.P., (2002) 4 SCC 234 : 2002 SCC (L&S) 496] and thereafter expressed its view thus: (Sundeep Kumar case [Sundeep Kumar Bafna v. State of Maharashtra, (2014) 16 SCC 623 : (2015) 3 SCC (Cri) 558] , SCC p. 642, para 19)*

*"19. It cannot be overemphasised that the discipline demanded by a precedent or the disqualification or diminution of a decision on the application of the per incuriam rule is of great importance, since without it, certainty of law, consistency of rulings and comity of courts would become a costly casualty. A decision or judgment can be per incuriam any provision in a statute, rule or regulation, which was not brought to the notice of the court. A decision or judgment can also be per incuriam if it is not possible to reconcile its ratio with that of a previously pronounced judgment of a co-equal or larger Bench; or if the decision of a High Court is not in consonance with the views of this Court. It must immediately be clarified that the per incuriam rule is strictly and correctly applicable to the ratio decidendi and not to obiter dicta. It is often encountered in High Courts that two or more mutually irreconcilable decisions of the Supreme Court are cited at the Bar. We think that the inviolable recourse is to apply the earliest view as the succeeding ones would fall in the category of per incuriam."*

*(emphasis in original)"*

27. Hon'ble Apex Court again in ***V. Kishan Rao vs. Nikhil Super Speciality Hospital and another; (2010) 5 SCC 513,*** observed that a decision ignoring the statutory provision is per incuriam, therefore, will not have binding effect. Paragraph No. 54 of the ***V. Kishan Rao (supra)*** is quoted as under:-

*"54. When a judgment is rendered by ignoring the provisions of the governing statute and earlier larger Bench decision on the point such decisions are rendered per incuriam. This concept of per incuriam has been explained in many decisions of this Court. Sabyasachi Mukharji, J. (as his Lordship then was) speaking for the majority in A.R. Antulay v. R.S. Nayak [(1988) 2 SCC 602 : 1988 SCC (Cri) 372] explained the concept in the following words : (SCC p. 652, para 42)*

*"42. ... 'Per incuriam' are those decisions given in ignorance or forgetfulness of some inconsistent statutory provision or of some authority binding on the court concerned, so that in such cases some part of the decision or some step in the reasoning on which it is based, is found, on that account to be demonstrably wrong."*

*Subsequently also in the Constitution Bench judgment of this Court in Punjab Land Development and Reclamation Corpn. Ltd. v. Labour Court*

*[(1990) 3 SCC 682 : 1991 SCC (L&S) 71] , similar views were expressed in para 40 at p. 705 of the report."*

28. In the present case, the license to the applicants of the firm was given under the Act, 2006 with the condition that they will conform to the Act, 2006 while manufacturing or producing the sugandhit supari, therefore, contention of counsel for the applicants that the provision of the Act, 2006 will not be applicable while manufacturing or producing sugandhit supari, is misconceived.

29. In the present case, a sample of supari, recovered from the manufacturing unit of the applicants, had tobacco as an additive for organo leptic purpose, which is in violation of the Act, 2006 as the betel nut or supari is a primary food as per Section 3(1)(zk) of the Act, 2006, therefore, same is offence under the Act 2006 and the proceeding under the Act, 2006 against the applicants is absolutely correct, and invocation of the COTPA, 2003 in the present case does not apply.

30. So far as the contention of learned counsel for the applicants that the applicants have valid licence for manufacturing supari (betel nut), even then, provisions of the Act, 2006 have been invoked against them, treating them as manufacturers of the product of supari without licence is concerned, same can be raised at the time of framing of charges.

31. In view of the above analysis, this Court finds that there is no illegality in the impugned proceeding. Therefore, present application fails, having no merit.

32. Accordingly, the application is **dismissed**.

**List of Cases cited:**

1. A. M. Mohan Vs St. Represented by SHO & anr. (2024 SCC online SC 339),

2. Mohammad Wajid & anr.Vs St. of UP & ors.(2023 INSC 683).

(Delivered by Hon'ble Saurabh Shyam Shamshery, J.)

1. Applicant-1, Akanksha Katiyar, is daughter-in-law of Complainant, i.e., Opposite Party-4, whereas Applicants-2, 3 and 4 are close relatives of Applicant-1.

2. It is the case of applicants that Applicant-1 has earlier lodged a FIR dated 30.05.2022 being Case Crime No. 0091 of 2022 at Police Station Shivrajpur, District Kanpur Nagar against Opposite Party-4, against her husband and his close relatives for offence under Sections 498A, 504, 506 IPC and 3/4 Dowry Prohibition Act, 1961, alleging that she got married with son of Opposite Party-4 on 28.11.2019 and thereafter she was suffered cruelty with regard to demand of dowry and later on she was sent back to her parental house. Thereafter on persuasion in the month of November, 2020 she was allowed to live in a room at her matrimonial house but still she suffered cruelty at the hands of her husband, Opposite Party-4 and their relatives. In aforesaid FIR after investigation charge sheet has been filed against said persons.

3. Sri Kumar Ankit Srivastava, learned counsel for applicants submitted that Applicant-1 still suffered atrocities and on an occurrence occurred on 14.07.2022, when she was not allowed to enter in her matrimonial house and assaulted, another FIR dated 14.07.2022 being Case Crime No. 0500 of 2022 was lodged under Section 498A, 342, 504, 506 IPC wherein after investigation charge sheet has also been filed against persons of Complainant side.

4. Learned counsel further submitted that in above background, in order to put pressure on applicants, as a counter blast, Opposite Party-4, i.e., mother-in-law of Applicant-1 lodged FIR dated 10.06.2023, i.e., after about 11 months, against applicants being Case Crime No. 0198 of 2023, under Sections 457, 448 and 506 IPC giving a different version of alleged occurrence took place on 14.07.2022, on which Applicant-1 has already lodged FIR.

5. Learned counsel further submitted that investigation was conducted on aforesaid FIR lodged against applicants wherein also charge sheet was filed on 19.08.2023 but only under Section 504, 506 IPC on which Trial Court has took cognizance by means of impugned order dated 27.10.2023. The charge sheet and

summoning order is under challenge in present application.

6. Learned counsel for applicants submitted that present criminal proceedings are result of a counter blast. On basis of alleged occurrence took place on 14.07.2022 it was the Applicant-1, who lodged prompt FIR wherein after investigation charge sheet has been filed, whereas Opposite Party-4 has filed a belated FIR and as referred above, major allegations with regard to Sections 457, 448 IPC were not found and charge sheet was filed only under Sections 504, 506 IPC. Learned counsel further referred statements recorded during investigation that ingredients of offence under Sections 504, 506 IPC are not made out.

7. Per contra, learned AGA appearing for State and learned counsel for Complainant submitted that on basis of statements recorded during investigation and medical report, Investigating Officer has filed charge sheet under above referred offences and Trial Court concerned has rightly took cognizance, which does not require any interference. They also referred statements recorded during investigation.

8. Heard learned counsel for parties and perused the material available on record.

9. Before adverting to rival submissions it would be relevant to refer few paragraph of a recent judgement passed by Supreme Court in **A.M. Mohan Vs. State Represented by SHO and another, 2024 SCC OnLine SC 339:-**

*"9. The law with regard to exercise of jurisdiction under Section 482 of Cr. P.C. to quash complaints and criminal proceedings has been succinctly summarized by this Court in the case of Indian Oil Corporation v. NEPC India Limited1 after considering the earlier precedents. It will be apposite to refer to the following observations of this Court in the said case, which read thus:*

*"12. The principles relating to exercise of jurisdiction under Section 482 of the Code of Criminal Procedure to quash complaints and criminal proceedings have been stated and reiterated by this Court in several decisions. To mention a few—Madhavrao Jiwajirao Scindia v. Sambhajirao Chandrojirao Angre [(1988) 1 SCC 692 : 1988 SCC (Cri) 234], State of Haryana v. Bhajan Lal [1992 Supp (1) SCC 335 : 1992 SCC (Cri) 426], Rupan Deol Bajaj v. Kanwar Pal*

*Singh Gill [(1995) 6 SCC 194 : 1995 SCC (Cri) 1059], Central*

*Bureau of Investigation v. Duncans Agro Industries Ltd. [(1996) 5 SCC 591 : 1996 SCC (Cri) 1045], State of Bihar v. Rajendra Agrawalla [(1996) 8 SCC 164 : 1996 SCC (Cri) 628], Rajesh Bajaj v. State NCT of Delhi [(1999) 3 SCC 259 : 1999 SCC (Cri) 401], Medchl Chemicals & Pharma (P) Ltd. v. Biological E. Ltd. [(2000) 3 SCC 269 : 2000 SCC (Cri) 615], Hridaya Ranjan Prasad Verma v. State of Bihar [(2000) 4 SCC 168 : 2000 SCC (Cri) 786], M. Krishnan v. Vijay Singh [(2001) 8 SCC 645 : 2002 SCC (Cri) 19] and Zandu Pharmaceutical Works Ltd. v. Mohd. Sharaful Haque [(2005) 1 SCC 122 : 2005 SCC (Cri) 283]. The principles, relevant to our purpose are:*

*(i) A complaint can be quashed where the allegations made in the complaint, even if they are taken at their face value and accepted in their entirety, do not prima facie constitute any offence or make out the case alleged against the accused. For this purpose, the complaint*

*has to be examined as a whole, but without examining the merits of the allegations. Neither a detailed inquiry nor a meticulous analysis of the material nor an assessment of the reliability or genuineness of the allegations in the complaint, is warranted while examining prayer for quashing of a complaint.*

*(ii) A complaint may also be quashed where it is a clear abuse of the process of the court, as when the criminal proceeding is found to have been initiated with mala fides/malice for wreaking vengeance or to cause harm, or where the allegations are absurd and inherently improbable.*

*(iii) The power to quash shall not, however, be used to stifle or scuttle a legitimate prosecution. The power should be used sparingly and with abundant caution.*

*(iv) The complaint is not required to verbatim reproduce the legal ingredients of the offence alleged. If the necessary factual foundation is laid in the complaint, merely on the ground that a few ingredients have not been stated in detail, the proceedings should not be quashed. Quashing of the complaint is warranted only where the complaint is so bereft of even the basic facts which are absolutely necessary for making out the offence.*

*(v) A given set of facts may make out : (a) purely a civil wrong; or (b) purely a criminal offence; or (c) a civil wrong as also a criminal offence. A commercial transaction or a contractual dispute, apart from furnishing a cause of action for seeking remedy in civil law, may also involve a criminal offence. As the nature and scope of a civil proceeding are different from a criminal proceeding, the mere fact that the complaint relates to a commercial transaction or breach of contract, for which a civil remedy is available or has been availed, is not by itself a ground to quash the criminal proceedings. The test is whether the allegations in the complaint disclose a criminal offence or not."*

10. In order to appreciate the rival submissions, it would be apposite to refer Sections 503, 504 and 506 IPC as under:

***"503. Criminal intimidation**.— Whoever threatens another with any injury to his person, reputation or property, or to the person or reputation of any one in whom that person is interested, with intent to cause alarm to that person, or to cause that person to do any act which he is not legally bound to do, or to omit to do any act which that person is legally entitled to do, as the means of avoiding the execution of such threat, commits criminal intimidation.*

***Explanation.**— A threat to injure the reputation of any deceased person in whom the person threatened is interested, is within this section.*

***504. Intentional insult with intent to provoke breach of the peace**.— Whoever intentionally insults, and thereby gives provocation to any person, intending or knowing it to be likely that such provocation will cause him to break the public peace, or to commit any other offence, shall be punished with imprisonment of either description for a term which may extend to two years, or with fine, or with both."*

***"506. Punishment for criminal intimidation**.—Whoever commits, the offence of criminal intimidation shall be punished with imprisonment of either description for a term which may extend to two years, or with fine, or with both;*

***If threat be to cause death or grievous hurt, etc.**— And if the threat be to*

*cause death or grievous hurt, or to cause the destruction of any property by fire, or to cause an offence punishable with death or imprisonment for life, or with imprisonment for a term which may extend to seven years, or to impute, unchastity to a woman, shall be punished with imprisonment of either description for a term which may extend to seven years, or with fine, or with both."*

*(Emphasis supplied)*

12. It is not in dispute that relation between parties are not cordial and criminal cases are pending between parties as well as husband of Applicant-1 has also filed an application under Section 13 of Hindu Marriage Act, 1955.

13. Before considering, whether it is a fit case to quash criminal proceedings, it would be relevant to mention some part of a recent judgment passed by Supreme Court in **Mohammad Wajid and another vs. State of U.P. and others, 2023 INSC 683** as under:

*"24. An offence under Section 503 has following essentials:-*

*1) Threatening a person with any injury;*

*(i) to his person, reputation or property; or*

*(ii) to the person, or reputation of any one in whom that person is interested.*

*2) The threat must be with intent;*

*(i) to cause alarm to that person; or*

*(ii) to cause that person to do any act which he is not legally bound to do as the means of avoiding the execution of such threat; or*

*(iii) to cause that person to omit to do any act which that person is legally entitled to do as the means of avoiding the execution of such threat.*

*25. Section 504 of the IPC contemplates intentionally insulting a person and thereby provoking such person insulted to breach the peace or intentionally insulting a person knowing it to be likely that the person insulted may be provoked so as to cause a breach of the public peace or to commit any other offence. Mere abuse may not come within the purview of the section. But, the words of abuse in a particular case might amount to an intentional insult provoking the person insulted to commit a breach of the public peace or to commit any other offence.* ***If abusive language is used intentionally and is of such a nature as would in the ordinary course of events lead the person insulted to break the peace or to commit an offence under the law, the case is not taken away from the purview of the Section merely because the insulted person did not actually break the peace or commit any offence having exercised selfcontrol or having been subjected to abject terror by the offender. In judging whether particular abusive language is attracted by Section 504, IPC, the court has to find out what, in the ordinary circumstances, would be the effect of the abusive language used and not what the complainant actually did as a result of his peculiar idiosyncrasy or cool temperament or sense of discipline. It is the ordinary general nature of the abusive language that is the test for considering whether the abusive language is an intentional insult likely to provoke the person insulted to commit a breach of the peace and not the particular conduct or temperament of the complainant.***

*26. Mere abuse, discourtesy, rudeness or insolence, may not amount to an intentional insult within the meaning of Section 504, IPC if it does not have the necessary element of being likely to incite the person insulted to commit a breach of the peace of an offence and the other element of the accused intending to provoke the person insulted to commit a breach of the peace or knowing that the person insulted is likely to commit a breach of the peace. Each case of abusive language shall have to be decided in the light of the facts and circumstances of that*

*case and there cannot be a general proposition that no one commits an offence under Section 504, IPC if he merely uses abusive language against the complainant. In King Emperor v. Chunnibhai Dayabhai, (1902) 4 Bom LR 78, a Division Bench of the Bombay High Court pointed out that:-*

*"To constitute an offence under Section 504, I.P.C. it is sufficient if the insult is of a kind calculated to cause the other party to lose his temper and say or do something violent. Public peace can be broken by angry words as well as deeds."*

*27. A bare perusal of Section 506 of the IPC makes it clear that a part of it relates to criminal intimidation. Before an offence of criminal intimidation is made out, it must be established that the accused had an intention to cause alarm to the complainant."*

14. As referred above, it is not in dispute that there are matrimonial dispute between Applicant-1 and her husband and other relatives. Petition of divorce is also pending. Applicant-1 has filed a prompt FIR of alleged occurrence took place on 14.07.2022 against her husband, Opposite Party-4 and their relatives wherein after investigation charge sheet has been filed, whereas Opposite Party-4 has lodged FIR of the same occurrence giving a different version with a delay of almost 11 months. Initially FIR was filed under Sections 457, 448 and 506 IPC, however, after investigation allegation qua to offence under Sections 457 IPC (Lurking house trespass or house-breaking by night in order to commit offence punishable with imprisonment) and 448 IPC (Punishment for house trespass) were not found true and charge sheet was filed only under Sections 504, 506 IPC.

15. In order to consider rival submissions, whether ingredients of Sections 504, 506 IPC are satisfied or not, I have carefully perused the contents of statements recorded during investigation.

16. As referred above, statements of witnesses are verbatim that applicants after breaking lock of house entered inside and when Complainant side reached and it was objected, accused-applicants abused them and extended threat to cause loss to life and such act was repeated also.

17. As referred in **Mohammad Wajid (supra)** in order to make out a case under Section 506 IPC the ingredients of criminal intimidation as mentioned in Section 503 IPC has to be complied with, i.e., the threat caused by applicant must be with intent to cause alarm to that person, or to cause that person to do any act which he is not legally bound to do, or to omit to do any act which that person is legally entitled to do. However, as referred above, part of allegation that applicants have committed offence of lurking premises by night and house trespass was not found to be proved. Therefore, the only allegation left is to raise abusive language and cause threat. However, statements are much short of ingredients that applicants had an intention to cause alarm to Complainant side. Nature of abusive language is not specific. Presence of Applicant-1 at the house was natural and there is no evidence that there was intent. As such ingredients of Section 503 IPC as punishable under Section 506 IPC are not made out.

18. So far as allegation under Section 504 IPC is concerned, as referred in **Mohammad Wajid (supra)** that mere abuse, discourtesy, rudeness or insolence, may not amount to an intentional insult within the meaning of Section 504 IPC if it does not have the necessary element of

being likely to incite the person insulted to commit a breach of the peace of an offence and as referred above even the nature of abusive language is not on record. There is no statement to the effect that alleged abusive language used by applicants was sufficient to insult the Complainant side to commit a breach of peace of an offence. As such, in the present case, even ingredients of Section 504 IPC are absolutely missing.

19. In aforesaid circumstances, since ingredients of Sections 504, 506 IPC are absolutely missing as well as not only FIR was lodged after about 11 months, without any explanation but on basis of above referred facts present proceedings are counter blast and were initiated with motive for wreaking vengeance, therefore, in the light of **A.M. Mohan (supra),** it is a fit case where in exercise of inherent power present criminal proceedings can be quashed.

20. In the result, application is allowed. Impugned charge sheet dated 19.08.2023, under Sections 504, 506 IPC, summoning/ cognizance order dated 27.10.2023 as well as entire proceedings of Criminal Case No. 148979 of 2023 (State vs. Akanksha Katiyar and others), arising out of Case Crime No. 198 of 2023, under Sections 457, 448, 506 IPC, Police Station Barra, District Kanpur Nagar, are hereby quashed.

21. Registrar (Compliance) to take steps.

(Delivered by Hon'ble Saurabh Shyam Shamshery, J.)

1. Germane of this case is arising out of an order passed by this Court on 20.02.2023 in Praveen Kumar Singh vs. State of U.P. and others (Writ-C No. 5703 of 2023), Neutral Citation No. 2023:AHC:40007. For reference said order is reproduced hereinafter:

***"1. Petitioner has recently enrolled as an Advocate and being a bona fide citizen of village concerned he has filed complaint against existing Village Pradhan for irregularities committed and a detailed complaint was presented before District Magistrate concerned. Consequently, inquiry was initiated under concerned Rules.***

***2. Sri Praveen Kumar Singh, petitioner in person, submits that a notice was issued to contesting respondent, however, till date no reply has been submitted and as such inquiry has not been concluded.***

***3. Learned Standing Counsel appearing for State-Respondents, submits that since inquiry has been initiated, therefore, Inquiry Officer will take all endeavor to conclude inquiry expeditiously.***

***4. In view of above, without expressing any opinion on merit of the case, the writ petition is disposed with observation that District Magistrate concerned will look into the matter and take all appropriate steps for expeditious conclusion of inquiry by Inquiry Officer, in accordance with law."***

2. It appears that in pursuance of above order, Government Officials conducted inspection of concerned place, i.e., a Pond. Facts of the case further disclosed that allegedly some obstructions were made and some struggle took place due to which inspection was not completed. Facts further revealed that on basis of cross version, two FIRs were lodged. First being Case Crime No. 0139 of 2023 for offences under Sections 147, 148, 149, 308, 323, 504, 506 IPC was lodged by Applicant-1 against five named accused and accused no. 1 being Dharmendra Singh (Opposite Party No. 2 herein), who was claimed to be a Pradhanpati (his wife being an elected Gram Pradhan). 4. Investigation was conducted in both cases and charge sheet was filed whereon cognizance was taken and

respective summoning orders were passed by concerned Trial Court.

5. Applicants have challenged charge sheet No. 162 of 2023, cognizance order dated 08.12.2023 and summoning order dated 29.01.2024, arising out of Case Crime No. 0140 of 2023 (State vs. Atma Prasad Singh and others), under Sections 323, 504, 506 IPC, Police Station Shankargarh, District Prayagraj, pending in the Court of Additional Chief Judicial Magistrate-15, Prayagraj.

6. Notice was issued alongwith Dasti summon. Certificate of Dasti summon is filed today which is taken on record that notice was served upon Opposite Party No. 2, however, none appeared on his behalf.

7. I have heard Sri Praveen Kumar Singh, Applicant-1, in person, for all applicants and learned AGA for State.

8. Court takes note that according to version of both FIRs, alleged occurrence took place in presence of Nodal Officer, who was inspecting Pond but respective Investigating Officers have not took endeavour even to record their statements to verify the allegations and have filed respective charge sheets.

9. Inspection was conducted in pursuance of an order passed by this Court, as referred above, therefore, it was the duty of State to maintain peace and law and order but appears that the same was not taken care of.

10. In Village Panchayats elections for Pradhan are held reserving some seats for Women candidates. It become a practice that though a Woman of concerned Village Panchayat was elected but show is run by her Husband only declaring themselves to be Pradhanpati and elected Pradhan become only a rubber stamp. This Court in the case of **Gaon Sabha vs. State of U.P. and others, Neutral Citation No. - 2023:AHC:224233** has deprecated such terminology and interference of work of a Panchayat at this instance and for reference relevant paragraphs of judgment are reproduced hereinafter:

*"1. The term 'Pradhanpati" is a very popular and widely used term in State of Uttar Pradesh. It is used for "the Husband" of a woman Pradhan. Despite being an unauthorized authority, "Pradhanpati" unauthorisedly, usually undertakes work of a woman Pradhan, i.e., his wife. There are many instances where a woman Pradhan only acts like a rubber stamp and for all practical purposes, all major decisions are taken by so called "Pradhanpati", and elected representative just acts like mute spectator. The present writ petition is a glaring example of such a situation.*

*2. xxxxx*

*3. In the capacity of Pradhan, petitioner has no power to delegate her rights, duties and obligations to her husband or any other person, arising out of her elected post. The pairokar, i.e., "Pradhanpati" has no business to interfere with the working of Gaon Sabha. If such act is permitted it will not only frustrate objective of women empowerment but also object of providing specific reservation to women to come forward and join main stream of politics and increase their participation in social, economic and cultural growth of nation.*

*4. The Court is aware that there are women Pradhans in State of Uttar Pradesh, who are exercising their power, rights and duties and legal obligations*

*effectively and are doing very good work for village concerned. However, the present case does not appear to be such.*

*5. In view of above, this writ petition is dismissed with cost of Rs. 5000/- each to be paid by petitioner-Karmjeet Kaur and her husband, Sukhdev Singh (Pairokar in present writ petition) by Demand Draft from their respective Bank accounts in favour of Registrar General of this Court within two weeks from today. In case of default, Registrar General is permitted to proceed in accordance with law.*

*6. A copy of this order be sent to District Magistrate, Bijnor so that Sri Sukhdev Singh shall be barred from entering in the office of Gaon Sabha concerned in the capacity of "Pradhanpati" as well as to act as a representative of Pradhan for rest of her present term of office, except as a common villager.*

*7. A copy of this order shall also be sent to State Election Commission so that it may consider to issue a Circular for all candidates for future elections, cautioning them to be careful in exercising their powers, functions and duties as a representative of village not as mere rubber stamp of her husband or relatives (in case of woman Pradhan), and it may include such declaration in their affidavit filed at the time of presenting their nomination paper.*

*8. A copy of this order shall also be sent to Principal Secretary, Panchayat Raj, Government of U.P., Lucknow to circulate it to all Gaon Sabha of State of Uttar Pradesh."*

11. It was the duty of State to comply the said order passed by this Court and to maintain peace and law and order, however, they have miserably failed to do so.

12. Sri Praveen Kumar Singh, appearing in person, has referred to injuries allegedly caused to Pradhanpati, i.e., complainant of present case. Medical examination was conducted after five days and though a fracture of nasal bone was shown but it does not co-relate with date of alleged occurrence. He also referred that a Medical Board was constituted which has given report being part of this application that Investigating Officer was failed to submit any medical examination report as well as complainant has also not submitted any report from hospital where he was referred. For reference said report of Medical Board is reproduced hereinafter:

That the applicant no1 an Advocate, practising before the Hon'ble Court, and he has made application for stopping the embezzlement of Government Fund which are provided to the public interest, but the opposite party no. 2 has embezzled the very huge money of public fund, resulted the implication of fasely.*

*28. That earlier to the Present Pradhan of Village of opposite party no. 2 wife namely Jeet Luxmi Singh Patel the brother of opposite party no. 2 was also Pradhan of village, therefore, to save skin of Both Pradhanies Tenure, embezzlements, manipulation, the opposite party No.2 has falsely implicated to the petitioner.*

*29. That earlier to this episode stated above, the applicant no. 3 has also made application for stopping the embezzlement of Government Fund against the Pradhan, the muscles persons of opposite party no. 2 (Namely Lal Pratap, Bhanja(Son of real sister of Gram Pradhan, Mahendra Pal(Real Jeera) brother in-law, Manoj Kumar (Bhanja) son of real sister) have beaten the applicant no. 3 Vidya Sagar, for which he has lodged the first information report dated 21.08.2022 as case Crime No. 0230 of 2022, under Section 323, 504, 506 IPC PS Shankargarh, Prayagraj.*

*30. That the accused Lal Pratap Singh of Case Crime No. 230 of 2022 has a Criminal History in heinous crime implicated in several crimes.*

*31. That opposite party no. 2 is a habitual for usurping/ grabbing and embezzlement of Government fund provided for public welfare, no can speak even a single words against the opposite party no. 2, and there is no personal interest to make application 23.07.2022 made by the petitioner before the District Magistrate, Prayagraj."*

14. Learned AGA has tried to support charge sheet as well as summoning order, however, all the above referred submissions remained uncontroverted.

15. In aforesaid circumstances, taking note of above referred discussion, it appears that cross version is false case and injury report of Pradhanpati was also manipulated which is clearly evident from report of Medical Board, as referred above. It appears that complainant, i.e., Pradhanpati, is an influential person and investigation of present case was conducted under his influence. Investigating Officer has not recorded statements of Government Officials, who were allegedly present on spot for conducting inspection.

16. In view of above, the application is allowed. Impugned charge sheet No. 162 of 2023, cognizance order dated 08.12.2023 and summoning order dated 29.01.2024, arising out of Case Crime No. 0140 of 2023 (State vs. Atma Prasad Singh and others), under Sections 323, 504, 506 IPC, Police Station Shankargarh, District Prayagraj, pending in the Court of Additional Chief Judicial Magistrate-15, Prayagraj, are hereby quashed. A cost of Rs. 50,000/- is imposed on complainant, i.e., Pradhanpati for misleading and influencing the investigation and interrupting the inspection proceedings.

17. Registrar (Compliance) to take steps.

1. Applicant no.1 before this Court is husband of opposite party no.2 whereas applicants no. 2 to 8 are his close relative including some women family members.

2. Opposite party No.2 got married with applicant no.1 on 30.03.2017 and it appears that there were some matrimonial dispute between them and thereafter in the year 2022, she left her matrimonial house allegedly either on her own will or by force and went to her parental house alone without her 2 sons.

3. In aforesaid circumstances, opposite party no.2/complainant has lodged an FIR on 25.02.2023 bearing FIR No. 0045/2023 against all applicants alleging that they have committed offence under Sections 498-A, 323, 504, 506 IPC and Section 3/4 of D.P. Act and for reference relevant part of FIR is quoted below :-

"निवेदन है कि प्रार्थनी का निकाह दिनांक 30.03.2017 को मौ० अशरफ पुत्र मौलाना अनवार निवासी ग्राम खजूरी थाना परिक्षितगढ़, जिला मेरठ के साथ हुआ था। जिसमें प्रार्थनी की बेबा माँ ने लगभग 10 लाख रूपये खर्च किये थे। लेकिन किये गये खर्चे से प्रार्थनी की पति मौ० अशरफ, ससुर अनवर, सास श्रीमति रशिदा, जेठ राशिद एवं कारी साजिद एवं जिठानी खदीजा एवं एव नन्द मूहम्मदी व नन्द मूहम्दी व छोटी नन्द उम्मेहानी व बड़ी नन्द मूहम्मदी खुश नहीं थे तथा निकाह के तुरन्त बाद से प्रार्थनी की ससुराल के उपरोक्त सभी लोगो ने प्रार्थनी से आय दिन 5 लाख रुपये नगद व एक बुलेरो कार की मांग करनी शुरु दी थी प्रार्थनी से आये दिन गाली गलोच व मारपीट करते थे और प्रार्थनी को जान से मारने की धमकी देते थे अपनी दहेज की मांग पूरी न होने के कारण अब से करीब 10 oct, 2022 को मेरा पति मौ० अशरफ मुझे मेरे घर पर छोड कर गया और दोनो बच्चे अपने साथ ले गये थे जब भी मै या मेरी मम्मी, यदि मेरे, परिवार वाले नासिर एव हाशिम ले जाने के लिए कहते है। तो मेरा पति कहता है। कि अगर तू मेरे यहाँ पर आयेगी तो हम तुझे जान से मार डालेगे अतः श्रीमान जी से कानूनी कार्यवाही करने की कृपा करे।"

4. On basis of above referred FIR, investigation was conducted and statement of complainant and other witnesses were recorded which are mentioned below :-

5. After investigation, charge sheet was filed wherein trial Court took cognizance and summoned the applicants vide order dated 28.08.2023 under Sections 498-A, 323, 504, 506 IPC and Section 3/4 of D.P. Act.

6. Sri Syed Shahnawaz Shah, learned counsel for applicants has submitted that it is a counterblast criminal case. Behaviour of opposite party no.2/complainant was not good and she was not ready to live along with applicant no.1 and ultimately, applicant no.1 has filed a divorce petition bearing Suit No. 2729 of 2022 on 19.10.2022 and when notice was issued on it, as a counterblast, subsequently, FIR was lodged by opposite party no.2 on 25.02.2023 a creature of wrecking vengeance.

7. Learned counsel has further submitted that on basis of contents of statement recorded during investigation, there are omnibus allegations against

applicant no.1 and his family members i.e. other applicants. There is no specific averment of commission of offences referred above and it was filed only to harass applicant no.1 and his family members including women members.

8. Aforesaid submissions are opposed by Sri Shubham Prakash Gupta, learned counsel for opposite party no.2 that complainant and other witnesses have specifically stated about occurrence and on basis of their statements, all ingredients of above referred offences are made out.

9. Heard learned counsel for parties and perused the record.

10. Before adverting to rival submissions it would be relevant to refer few paragraph of a recent judgement passed by Supreme Court in **A.M. Mohan Vs. State Represented by SHO and another, 2024 SCC OnLine SC 339,** as under :-

*"9. The law with regard to exercise of jurisdiction under Section 482 of Cr. P.C. to quash complaints and criminal proceedings has been succinctly summarized by this Court in the case of Indian Oil Corporation v. NEPC India Limited1 after considering the earlier precedents. It will be apposite to refer to the following observations of this Court in the said case, which read thus:*

*"12. The principles relating to exercise of jurisdiction under Section 482 of the Code of Criminal Procedure to quash complaints and criminal proceedings have been stated and reiterated by this Court in several decisions. To mention a few— Madhavrao Jiwajirao Scindia v. Sambhajirao Chandrojirao Angre [(1988) 1 SCC 692 : 1988 SCC (Cri) 234], State of Haryana v. Bhajan Lal [1992 Supp (1) SCC 335 : 1992 SCC (Cri) 426], Rupan Deol Bajaj v. Kanwar Pal Singh Gill [(1995) 6 SCC 194 : 1995 SCC (Cri) 1059], Central Bureau of Investigation v. Duncans Agro Industries Ltd. [(1996) 5 SCC 591 : 1996 SCC (Cri) 1045], State of Bihar v. Rajendra Agrawalla [(1996) 8 SCC 164 : 1996 SCC (Cri) 628], Rajesh Bajaj v. State NCT of Delhi [(1999) 3 SCC 259 : 1999 SCC (Cri) 401], Medchl Chemicals & Pharma (P) Ltd. v. Biological E. Ltd. [(2000) 3 SCC 269 : 2000 SCC (Cri) 615], Hridaya Ranjan Prasad Verma v. State of Bihar [(2000) 4 SCC 168 : 2000 SCC (Cri) 786], M. Krishnan v. Vijay Singh [(2001) 8 SCC 645 : 2002 SCC (Cri) 19] and Zandu Pharmaceutical Works Ltd. v. Mohd. Sharaful Haque [(2005) 1 SCC 122 : 2005 SCC (Cri) 283]. The principles, relevant to our purpose are:*

*(i) A complaint can be quashed where the allegations made in the complaint, even if they are taken at their face value and accepted in their entirety, do not prima facie constitute any offence or make out the case alleged against the accused. For this purpose, the complaint has to be examined as a whole, but without examining the merits of the allegations. Neither a detailed inquiry nor a meticulous analysis of the material nor an assessment of the reliability or genuineness of the allegations in the complaint, is warranted while examining prayer for quashing of a complaint.*

*(ii) A complaint may also be quashed where it is a clear abuse of the process of the court, as when the criminal proceeding is found to have been initiated with mala fides/malice for wreaking vengeance or to cause harm, or where the allegations are absurd and inherently improbable.*

*(iii) The power to quash shall not, however, be used to stifle or scuttle a legitimate prosecution. The power should be used sparingly and with abundant caution.*

*(iv) The complaint is not required to verbatim reproduce the legal ingredients of the offence alleged. If the necessary factual foundation is laid in the complaint, merely on the ground that a few ingredients have not been stated in detail, the proceedings should not be quashed. Quashing of the complaint is warranted only where the complaint is so bereft of even the basic facts which are absolutely necessary for making out the offence.*

*(v) A given set of facts may make out : (a) purely a civil wrong; or (b) purely a criminal offence; or (c) a civil wrong as also a criminal offence. A commercial transaction or a contractual dispute, apart from furnishing a cause of action for seeking remedy in civil law, may also involve a criminal offence. As the nature and scope of a civil proceeding are different from a criminal proceeding, the mere fact that the complaint relates to a commercial transaction or breach of contract, for which a civil remedy is available or has been availed, is not by itself a ground to quash the criminal proceedings. The test is whether the allegations in the complaint disclose a criminal offence or not."*

11. Crux of argument of learned counsel for applicants is that since applicant no.1 has filed a divorce petition against her wife i.e. complainant, therefore, she has made a counterblast case in order to pressurize the applicants and lodged an FIR not only against applicant no.1 but his family members including women on basis of omnibus false allegations, whereas learned counsel for opposite parties have supported the investigation, charge sheet and summoning order.

12. At this stage, it would be apt to refer few paragraphs of a judgment of Supreme Court in **Kahkashan Kausar @ Sonam and others vs. State of Bihar and others, (2022) 6 SCC 599** wherein after considering various judgments of Supreme Court viz., **Rajesh Sharma and others vs. State of UP and another, (2018) 10 SCC 472, Arnesh Kumar vs. State of Bihar and another, (2014) 8 SCC 273, Preeti Gupta and another vs. State of Jharkhand and another, (2010) 7 SCC 667 and Geeta Mehrotra and another vs. State of U.P. and others, (2012) 10 SCC 741** it was observed as follows:-

*"18. The above-mentioned decisions clearly demonstrate that this court has at numerous instances expressed concern over the misuse of section 498A IPC and the increased tendency of implicating relatives of the husband in matrimonial disputes, without analysing the long term ramifications of a trial on the complainant as well as the accused. It is further manifest from the said judgments that false implication by way of general omnibus allegations made in the course of matrimonial dispute, if left unchecked would result in misuse of the process of law. Therefore, this court by way of its judgments has warned the courts from proceeding against the relatives and in-laws of the husband when no prima facie case is made out against them."*

[emphasis supplied]

13. In a recent judgment of Supreme Court in **Priyanak Jaiswal vs. The State of Jharkhand and others, 2024 INSC 357** it has been held as follows :-

*"13. We say so for reasons more than one. This Court in catena of Judgments has consistently held that at the time of examining the prayer for quashing of the criminal proceedings, the court exercising extra-ordinary jurisdiction can neither undertake to conduct a mini trial nor enter into appreciation of evidence of a particular case. The correctness or otherwise of the allegations made in the complaint cannot be examined on the touchstone of the probable defence that the accused may raise to stave off the prosecution and any such misadventure by the Courts resulting in proceedings being quashed would be set aside. This Court in the case of Akhil Sharda1 held to the following effect:*

*"28. Having gone through the impugned judgment and order passed by the High Court by which the High Court has set aside the criminal proceedings in exercise of powers under Section 482 Cr.P.C., it appears that the High Court has virtually conducted a mini trial, which as such is not permissible at this stage and while deciding the application under Section 482 Cr.P.C. As observed and held by this Court in a catena of decisions no mini trial can be conducted by the High Court in exercise of powers under Section 482 Cr.P.C. jurisdiction and at the stage of deciding the application under Section 482 Cr.P.C., the High Court cannot get into appreciation of evidence of the particular case being considered."*

14. In above background, I have carefully perused the contents of FIR and statement of complainant and witnesses recorded during investigation. Marriage of applicant no.1 and complainant was solemnized about 5 years ago and despite making an averment that she has suffered repeated cruelty and there were repeated demand of dowry, detail of not a day, month or year has been mentioned. Statement of complainant and witnesses appear to be similar without any specific allegation against any of applicants specifically in regard to relatives of applicant no.1 i.e. applicants no. 2 to 8.

15. Even nature of demand of dowry was not specified by the complainant in her statement and lacunae was filled by statements of other witnesses recorded at belated stage that there was a demand of Rs. 5,00,000/- and a Bolero Car, though there was a reference in the FIR.

16. As referred above, this Court has to scrutinize whether on basis of above referred submissions, allegations of demand of dowry, cruelty, intimidation and intentional insult are made out or not and for that this Court takes note of above referred observations made in Kahkashan Kausar (supra) that there is an increase tendency of implicating relatives of husband in matrimonial disputes and as referred above, allegations against applicants no. 2 to 8 (i.e. father, mother, unmarried sisters, brothers and their wives) of applicant no.1 are general and omnibus without any specific allegation, as such, ingredients of offences are absolutely not made out against applicant no.2 to 8. A reference is made to statement recorded during investigation that all applicants were not happy with dowry given at the time of marriage and soon after marriage, they repeatedly demanded dowry of Rs.5 lakh and Bolero and used to assault her also, however, no reference is given about any day, month or year of such act as marriage period was of 5 years, therefore, it could be considered to be a "general and omnibus allegations" as well as the allegations of assault are not supported by any medical

evidence, though allegations are of also repeated assault. General statement, without any reference to nature of cruelty would not cover offence under Section 498A I.P.C. mechanically.

17. So far as applicant no.1 is concerned, since allegations made by complainant/opposite party no.2 and other witnesses have some substance as they are specific on issue that he forcibly left complainant at her parental home and extended threat and at this stage, it could be said that they are general and omnibus against him, therefore, no case is made out for quashing charge sheet and summoning order against applicant no.1.

18. Court also takes note that FIR was lodged only after a divorce petition was filed by applicant no.1, still considering above referred statements recorded during investigation, Court is of the opinion that it is not a fit case to quash proceedings or charge sheet against applicant no.1.

19. It would be apposite to refer few paragraphs of **Achin Gupta vs. State of Haryana, 2024 0 INSC 369** wherein Supreme Court has referred that in matrimonial dispute, complaints are made mechanically :-

*"32. Many times, the parents including the close relatives of the wife make a mountain out of a mole. Instead of salvaging the situation and making all possible endeavours to save the marriage, their action either due to ignorance or on account of sheer hatred towards the husband and his family members, brings about complete destruction of marriage on trivial issues. The fi rst thing that comes in the mind of the wife, her parents and her relatives is thePolice, as if the Police is the panacea of all evil. No sooner the matter reaches up to the Police,then even if there are fair chances of reconciliation between the spouses, they would get destroyed. The foundation of a sound marriage is tolerance, adjustment and respecting one another. Tolerance to each other's fault to a certain bearable extent has to be inherent in every marriage. Petty quibbles, trifling differences are mundane matters and should not be exaggerated and blown out of proportion to destroy what is said to have been made in the heaven. <u>The Court must appreciate that all quarrels must be weighed from that point of view in determining what constitutes cruelty in each particular case, always keeping in view the physical and mental conditions of the parties, their character and social status. A very technical and hyper sensitive approach would prove to be disastrous for the very institution of the marriage</u>. In matrimonial disputes the main sufferers are the children. The spouses fight with such venom in their heart that they do not think even for a second that if the marriage would come to an end, then what will be the effect on their children. Divorce plays a very dubious role so far as the upbringing of the children is concerned. The only reason why we are saying so is that instead of handling the whole issue delicately, the initiation of criminal proceedings would bring about nothing but hatred for each other. There may be cases of genuine ill-treatment and harassment by the husband and his family members towards the wife. The degree of such ill-treatment or harassment may vary. However, the Police machinery should be resorted to as a measure of last resort and that too in a very genuine case of cruelty and harassment. The Police machinery cannot be utilised for the purpose of holding the husband at ransom so that he could be squeezed by the*

*wife at the instigation of her parents or relatives or friends. In all cases, where wife complains of harassment or ill-treatment, Section 498A of the IPC cannot be applied mechanically. No FIR is complete without Sections 506(2)and 323 of the IPC. Every matrimonial conduct, which may cause annoyance to the other, may not amount to cruelty. Mere trivial irritations, quarrels between spouses, which happen in day-to-day married life, may also not amount to cruelty."*

20. The Court also takes note of few paragraphs of **Mohammad Wajid and another vs. State of U.P. and others, 2023 INSC 683** in regard to offences under Sections 504 and 506 IPC which are as follows :-

*"23. Chapter XXII of the IPC relates to Criminal Intimidation, Insult and Annoyance. Section 503 reads thus:-*

*"Section 503. Criminal intimidation. —Whoever threatens another with any injury to his person, reputation or property, or to the person or reputation of any one in whom that person is interested, with intent to cause alarm to that person, or to cause that person to do any act which he is not legally bound to do, or to omit to do any act which that person is legally entitled to do, as the means of avoiding the execution of such threat, commits criminal intimidation.*

*Explanation.—A threat to injure the reputation of any deceased person in whom the person threatened is interested, is within this section.*

*Illustration*

*A, for the purpose of inducing B to resist from prosecuting a civil suit, threatens to burn B's house. A is guilty of criminal intimidation."*

*Section 504 reads thus:-*

*"Section 504. Intentional insult with intent to provoke breach of the peace.—Whoever intentionally insults, and thereby gives provocation to any person, intending or knowing it to be likely that such provocation will cause him to break the public peace, or to commit any other offence, shall be punished with imprisonment of either description for a term which may extend to two years, or with fine, or with both."*

*Section 506 reads thus: -*

*"Section 506. Punishment for criminal intimidation. —Whoever commits, the offence of criminal intimidation shall be punished with imprisonment of either description for a term which may extend to two years, or with fine, or with both;*

*If threat be to cause death or grievous hurt, etc.—And if the threat be to cause death or grievous hurt, or to cause the destruction of any property by fire, or to cause an offence punishable with death or imprisonment for life, or with imprisonment for a term which may extend to seven years, or to impute unchastity to a woman, shall be punished with imprisonment of either description for a term which may extend to seven years, or with fine, or with both."*

***24. An offence under Section 503 has following essentials:-***

***1) Threatening a person with any injury;***

***(i) to his person, reputation or property; or***

***(ii) to the person, or reputation of any one in whom that person is interested.***

***2) The threat must be with intent;***

***(i) to cause alarm to that person; or***

***(ii) to cause that person to do any act which he is not legally bound to do***

***as the means of avoiding the execution of such threat; or***

***(iii) to cause that person to omit to do any act which that person is legally entitled to do as the means of avoiding the execution of such threat.***

*25. Section 504 of the IPC contemplates intentionally insulting a person and thereby provoking such person insulted to breach the peace or intentionally insulting a person knowing it to be likely that the person insulted may be provoked so as to cause a breach of the public peace or to commit any other offence. Mere abuse may not come within the purview of the section. But, the words of abuse in a particular case might amount to an intentional insult provoking the person insulted to commit a breach of the public peace or to commit any other offence. If abusive language is used intentionally and is of such a nature as would in the ordinary course of events lead the person insulted to break the peace or to commit an offence under the law, the case is not taken away from the purview of the Section merely because the insulted person did not actually break the peace or commit any offence having exercised self control or having been subjected to abject terror by the offender. In judging whether particular abusive language is attracted by Section 504, IPC, the court has to find out what, in the ordinary circumstances, would be the effect of the abusive language used and not what the complainant actually did as a result of his peculiar idiosyncrasy or cool temperament or sense of discipline. It is the ordinary general nature of the abusive language that is the test for considering whether the abusive language is an intentional insult likely to provoke the person insulted to commit a breach of the peace and not the particular conduct or temperament of the complainant.*

***26. Mere abuse, discourtesy, rudeness or insolence, may not amount to an intentional insult within the meaning of Section 504, IPC if it does not have the necessary element of being likely to incite the person insulted to commit a breach of the peace of an offence and the other element of the accused intending to provoke the person insulted to commit a breach of the peace or knowing that the person insulted is likely to commit a breach of the peace. Each case of abusive language shall have to be decided in the light of the facts and circumstances of that case and there cannot be a general proposition that no one commits an offence under Section 504, IPC if he merely uses abusive language against the complainant. In King Emperor v. Chunnibhai Dayabhai, (1902) 4 Bom LR 78, a Division Bench of the Bombay High Court pointed out that:-***

*"To constitute an offence under Section 504, I.P.C. it is sufficient if the insult is of a kind calculated to cause the other party to lose his temper and say or do something violent. Public peace can be broken by angry words as well as deeds."*

*(Emphasis supplied)*

***27. A bare perusal of Section 506 of the IPC makes it clear that a part of it relates to criminal intimidation. Before an offence of criminal intimidation is made out, it must be established that the accused had an intention to cause alarm to the complainant."***

21. As referred above, statements recorded during investigation are short of above referred requirements for Sections 504 and 506 IPC at least against applicant Nos.2 to 8, though it may have substance against applicant No.1 as there is a specific narration qua to him in regard to offence of intimidation. There is nothing about nature

of abusive language or there was any element of being likely to incite the person insulted to commit breach of peace at least qua to applicants no. 2 to 8. Accordingly, in view of A.M. Mohan (supra), it is a fit case to exercise inherent powers under Section 482 Cr.P.C. as ingredients of referred offences are not made out against applicants no. 2 to 8.

22. Accordingly, charge sheet dated 23.03.2023 and entire proceedings in Criminal Case No. 130/2023 under Sections 498-A, 323, 504, 506 IPC and Section 3/4 of D.P. Act, arising out of Case Crime No. 45/2023, Police Station- Mundali, District- Meerut, pending before Judicial Magistrate-I, Meerut are hereby quashed qua to applicants nos. 2 to 8( Smt. Rasheeda, Rashid, Kari Sajid, Khadija, Maulana, Muhammadi, Ummehani). However, trial will proceed further against applicant no.1 only for above referred offences and till date if he has not surrendered, it is directed that he will surrender before trial Court within 4 weeks from today and in case any application for bail is filed, the same shall be considered expeditiously in accordance with law and taking note of judgment passed by Supreme Court in **Satender Kumar Antil vs. CBI, (2021) 10 SCC 773.**

(Delivered by Hon'ble Anish Kumar Gupta, J.)

1. Heard Sri Amit Daga, learned counsel for the applicant, Sri Priyansh Mishra, Advocate holding brief of Sri Surya Pratap Singh Parmar, learned counsel appearing for opposite party No.2 and Sri Prem Prakash Tiwari, learned AGA for the State.

2. The instant application under Section 482 Cr.P.C. has been filed to quash the Criminal Complaint dated 14.1.2019 as well as entire proceedings of Criminal Complaint Case No.61 of 2019 (Nurul Bashar vs. Mohd.Mohsin) under Section 138 of Negotiable Instruments Act, 1881, Police Station-Bhadohi, District-Bhadohi, pending before the court of Chief Judicial Magistrate, Bhadohi at Gyanpur.

3. The brief facts of the case are that the firm M/s Evergreen Carpets is a registered proprietorship firm and is involved in the manufacturing, export and sale of carpets. The applicant herein is the proprietor of the firm M/s Universal Carpets and used to purchase the carpets from the M/s Evergreen Carpets. The firm M/s Evergreen Carpets and the firm M/s Universal Carpets, both are the sole proprietorship firms. In connection with the aforesaid business transaction between them the firm M/s Universal Carpets has purchased the carpets worth Rs.1,10,39,676/-. Against the aforesaid purchase the Universal Carpets paid Rs.71,00,000/- to M/s Evergreen Carpets and the balance of Rs.39,39,676/- was due against the Universal Carpets. When M/s Evergreen Carpets demanded the balance amount of Rs.39,39,676/-, a cheque no. 23944651 dated 20.9.2018 of Rs.12,00,000/- of Jammu and Kashmir Bank, Branch Bhadohi was issued by M/s Universal Carpets in favour of M/s Evergreen Carpets. The said cheque was presented for encashment by M/s Evergreen Carpets in its Bank, which was dishonored on 21.11.2018 for the reason 'insufficient funds'. However, when it was discussed with the proprietor of the M/s Universal Carpets he asked to present the said cheque after five days so that the same can be honoured. Relying upon the aforesaid assurance given by the M/s Universal Carpets, M/s Evergreen Carpets again presented the same cheque on 27.11.2018 which was again dishonored on 28.1.2018 for the reason 'insufficient funds'. Thereafter on 19.12.2018, a registered legal notice was issued demanding the cheque amount. Thereupon a complaint under section 138 of the N.I. Act has been filed on 14.1.2019 before the C.J.M. Bhadohi. In the complaint there was no assertion with regard to the fact that as to when the registered legal notice was

actually served on the M/s Universal Carpets. The said complaint dated 14.1.2019 has been filed by one Nurul Basar in his own name alleging in the opening paragraph of the said complaint that he is working in the firm M/s Evergreen Carpets as an Accountant and he has been authorized to file the complaint. Aggrieved by the aforesaid complaint lodged by the said Nurul Basar, who was the Accountant of M/s Evergreen Carpets, the instant application under Section 482 Cr.P.C. has been filed by the Proprietor of M/s Universal Carpets, namely, Mohd. Mohsin.

4. Learned counsel for the applicant has raised three broad submissions:

(i) In the instant case, cheque was dishonoured for the reason 'referred to the drawer'. Therefore, he submits that due to aforesaid reason for dishonour of cheque is not covered within the provisions of Section 138 of N.I. Act, 1881. Hence, no offence under Section 138 of N.I. Act is made out against the applicant.

(ii) Learned counsel for the applicant further submits that in the complaint under Section 138, it has been that the legal notice was issued on 19.12.2018 through registered post, however, there is no assertion in the complaint as well as in the statement of complainant recorded under Section 200 Cr.P.C. that when such notice was served on the applicant herein and if the Section 27 of the General Clauses Act, 1897 is considered, the said notice shall be presumed to have been served after the expiry of 30 days, therefore, in the instant complaint filed on 14.12019 is a premature complaint and as no offence will be made out unless the notice is served and after service of notice, 15 days period has expired.

(iii) It is further submitted that the instant complaint case has been lodged by the power of attorney holder of the payee of the cheque in his own name, therefore, the instant complaint is not maintainable for that reason also.

5. With regard to the first submission, learned counsel for the applicant has relied upon the judgment of Apex Court in ***Raj Kumar Khurana vs. State of (NCT of Delhi) and another,*** *(2009) 6 SCC 72.* With regard to the second submission, he has relied upon the judgment of Apex Court in ***Subodh S. Salaskar vs. Jayprakash M. Shah and another,*** *(2008) 13 SCC 689* and in support of the third submission, learned counsel for the applicant has relied upon the judgment of Apex Court in ***A.C. Narayanan vs. State of Maharashtra and another,*** *(2014) 11 SCC 790.*

6. In view of the aforesaid submissions and the judgments of the Apex Court, learned counsel for the applicant has prayed for quashing of the aforesaid complaint case against the applicant.

7. Per contra, learned counsel for the opposite party No.2 has submitted that once the cheque is issued by the drawer of the cheque and the same is dishonoured by the Bank, the offence under Section 138 of N.I. Act, 1881, is constituted. He further submits that since the notice was sent through the registered post, it has to be presumed to have been served in due course. Further, relying upon the judgment of A.C. Narayanan (supra), he has submitted that the power of attorney is authorized to file the complaint on behalf of its principal.

8. Having heard the rival submissions raised by learned counsel for the parties, this Court has carefully gone through the record of the case and from the record, it is reflected that in the instant case, the cheque was allegedly issued by the applicant on 20.9.2018 for an amount of Rs.12 lakhs, which was presented before the Bank and the same was dishonoured for the reason 'referred to the drawer' thereupon a legal notice dated 19.12.2018 was sent through the registered post on 19.12.2018 and when no payment was made in compliance of the aforesaid notice on 14.1.2019, the complaint case was filed.

9. With regard to the first submission advanced by learned counsel for the applicant, it would be relevant to refer the provisions of Section 138 of the N.I. Act, 1881, which reads as under:

***"138. Dishonour of cheque for insufficiency, etc. of funds in the account.*** *- Where any cheque drawn by a person on an account maintained by him with a banker for payment of any amount of money to another person from out of that account for the discharge, in whole or in part, of any debt or other liability, is returned by the bank unpaid, either because of the amount of money standing to the credit of that account is insufficient to honour the cheque or that it exceeds the amount arranged to be paid from that account by an agreement made with that bank, such person shall be deemed to have committed an offence and shall, without prejudice to any other provision of this Act, be punished with imprisonment for a term which may be extended to two years], or with fine which may extend to twice the amount of the cheque, or with both:*

*Provided that nothing contained in this section shall apply unless-*

*(a) the cheque has been presented to the bank within a period of six months from the date on which it is drawn or within the period of its validity, whichever is earlier;*

*(b) the payee or the holder in due course of the cheque, as the case may be, makes a demand for the payment of the said amount of money by giving a notice; in writing, to the drawer of the cheque, within thirty days of the receipt of information by him from the bank regarding the return of the cheque as unpaid; and*

*(c) the drawer of such cheque fails to make the payment of the said amount of money to the payee or, as the case may be, to the holder in due course of the cheque, within fifteen days of the receipt of the said notice.*

***Explanation.****- For the purposes of this section, debt of other liability means a legally enforceable debt or other liability."*

10. In view of the aforesaid provisions, the offence under Section 138 of N.I. Act, 1881, shall be attracted only when a cheque is returned by the Bank unpaid for the reasons;

(i) because of the amount of money standing to the credit of that account is insufficient to honour the cheque, or

(ii) it exceeds the amount arranged to be paid from that account by an agreement made with that bank.

11. In Raj Kumar Khurana (supra), the Apex Court has held as under:

*"11. Section 138 of the Act moreover provides for a penal provision. A penal provision created by reason of a legal fiction must receive strict construction (See R. Kalyani v. Janak C.*

*Mehta and DCM Financial Services Ltd v. J.N. Sareen). Such a penal provision, enacted in terms of the legal fiction drawn would be attracted when a cheque is returned by the bank unpaid. Such non-payment may either be:*

*(i) because of the amount of money standing to the credit of that account is insufficient to honour the cheque, or*

*(ii) it exceeds the amount arranged to be paid from that account by an agreement made with that bank.*

*Before a proceeding thereunder is initiated, all the legal requirements therefor must be complied with. The court must be satisfied that all the ingredients of commission of an offence under the said provision have been complied with.*

12. The parameters for invoking the provisions of Section 138 of the Act, thus, being limited, we are of the opinion that refusal on the part of the bank to honour the cheque would not bring the matter within the mischief of the provisions of Section 138 of the Act.

13. The court while exercising its jurisdiction for taking cognizance of an offence under Section 138 of the Act was required to consider only the allegations made in the complaint petition and the evidence of the complainant and his witnesses, if any. It could not have taken into consideration the result of the complaint petition filed by the respondent No. 2 or the closer report filed by the Superintendent of Police in the First Information Report lodged by the appellant against him."

12. So far as the controversy with regard to dishonour of the cheque for the reasons 'referred to the drawer' is concerned, it has been specifically dealt with by a Division Bench of the Supreme Court in the case of ***Electronics Trade & Technology Development Corpn. Ltd., Secunderabad Vs. Indian Technologists & Engineers (Electronics) (P) Ltd. and another (1996) 2 SCC 739*** wherein it has been categorically held by the Apex Court that if the cheques were dishonoured for the reasons (i) referred to the drawer; (ii) instructions for stoppage of payment and stamped; (iii) exceeds agreement, all those conditions are to be covered within the meaning of Section 138 of N.I. Act, 1881, the relevant paragraph 5 of the said judgment is reproduced below:

*"5. It would thus be clear that when a cheque is drawn by a person on an account maintained by him with the banker for payment of any amount of money to another person out of the account for the discharge of the debt in whole or in part or other liability is returned by the bank with the endorsement like (l) in this case, "refer to the drawer" (2) "instructions for stoppage of payment" and stamped (3) "exceeds arrangement", it amounts to dishonour within the meaning of Section 138 of the Act. On issuance of the notice by the payee or the holder in due course after dishonour, to the drawer demanding payment within 15 days from the date of the receipt of such a notice, if he does not pay the same, the statutory presumption of dishonest intention, subject to any other liability, stands satisfied."*

13. The aforesaid view has further been affirmed by a Division Bench of the Apex Court in the case of ***K.K. Sidharthan Vs. T.P. Praveena Chandran and another (1996) 6 SCC 369*** and held in paragraph 2 as under:

*"2……………….*

*This shows that Section 138 gets attracted in terms if cheque is dishonoured because of insufficient funds or where the amount exceeds the arrangement made with the bank. It has, however, been held by a Bench of this Court in Electronics Trade and Technology Development Corpn. Ltd. v. Indian Technologists and Engineers (Electronics (P) Ltd., that even if a cheque is dishonoured because of " stop payment" instruction to the bank, Section 138 would get attracted."*

14. The said view taken by the Apex Court in the case of Electronics Trade and Technology Development Corpn. Ltd. (supra) has further been upheld by a Three Judge Bench of the Apex Court in the case of ***Modi Cements Ltd. V. Kuchil Kumar Nandi (1998) 3 SCC 249*** and in paragraph 16 the Apex Court has held as under:

*"16. We see great force in the above submission because once the cheque is issued by the drawer a presumption under Section 139 must follow and merely because the drawer issues a notice to the drawee or to the bank for stoppage of the payment it will not preclude an action under section 138 of the Act by the drawee or the holder of a cheque in due cours. The object of Chapter XVII, which is intituled as "OF PENALTIES IN CASE OF DISHONOUR OF CERTAIN CHEQUES FOR INSUFFICIENCY OF FUNDS IN THE ACCOUNTS" and contains Sections 138 to 142, is to promote the efficacy of banking operations and to ensure credibility in transacting business through cheques. It is for this reason we are of the considered view that the observations of this Court in Electronics Trade & Technology Development Corpn. Ltd. In paragraph 6 to the effect " suppose after the cheque is issued to the payee or to the holder in due course and before it is presented for encashment, notice is issued to him not to present the same for encashment and yet the payee or holder in due course presents the cheque to the bank for payment and when it is returned on instructions, Section 138 does not get attracted", do not fit in with the object and purpose for which the above chapter has been brought on the statute-book."*

15. The judgement of the Apex Court in the case of **Raj Kumar Khurana (supra)** which has been highly relied upon by the learned counsel for the applicant, in view of the previous binding precedent of the Apex Court and specifically which has been duly approved by the Three Judges Bench of the Apex Court in the case of Modi Cements (supra), in the considered opinion of this Court, the judgements relied upon by the learned counsel for the applicant is per in-curium, in view of the judgement of Three Judges Bench in the case of **Modi Cements (supra).**

16. Thus, from the specific judgments in the cases of ***Electronics Trade & Technology Development Corpn. Ltd., Secunderabad (supra), K.K. Sidharthan (supra)*** and ***Modi Cements Ltd. (supra),*** the dishonour of cheque for the reasons 'referred to the drawer' is fully covered under the provision of Section 138 of N.I. Act, 1881. Therefore, the submission in this regard made by learned counsel for the applicant is not sustainable.

17. So far as the other issue with regard to service of notice is concerned, the offence under Section 138 of N.I. Act, 1881, shall be constituted only upon the service of legal notice on the drawer of the cheque and after expiry of 15 days from such service of notice. In the complaint,

there is no averment with regard to the fact that when the notice has actually been served on the applicant herein. Therefore, in view of provisions of Section 27 of General Clauses Act, a documents sent through the registered post shall be presumed to have been served after the expiry of 30 days.

18. In ***Subodh S. Salaskar (supra),*** the Apex Court has held as under with regard to service of a document through post:

*"22. In terms of the provisions of the General Clauses Act, a notice must be deemed to have been served in the ordinary course subject to the fulfillment of the conditions laid down therein. Section 27 of the General Clauses Act reads as under:*

*"27. Meaning of service by post. - Where any Central Act or Regulation made after the commencement of this Act authorises or requires any document to be served by post, whether the expression 'serve' or either of the expression 'give' or 'send' or any other expression is used, then, unless a different intention appears, the service shall be deemed to be effected by properly addressing, prepaying and posting by registered post, a letter containing the document, and, unless the contrary is proved, to have been effected at the time at which the letter would be delivered in the ordinary course of post."*

*23. Thirty days' time ordinarily must be held to be sufficient for service of notice. In fact when the service of notice is sought to be effected by Speed Post, ordinarily the service takes place within a few days. Even under Order V, Rule 9(5) of the Code of Civil Procedure, 1908, summons is presumed to be served if it does not come back within thirty days. In a situation of this nature, there was no occasion for the Court to hold that service of notice could not be effected within a period of thirty days."*

19. In view thereof, in the instant case, legal notice was sent on 19.12.2018, therefore, for want of any specific averment and proof of service, if the presumption of service of notice in reasonable time is raised, it should be deemed to have been served at best within a period of 30 days, from the date of its post i.e. 17.1.2019. However, in the instant case, the complaint itself has been filed on 14th January, 2019. Thus, prima facie on 14.1.2019, no offence under Section 138 of N.I. Act, 1881, was attracted as after presumed service on 17.1.2019 still 15 days were required for response by applicant. The opposite party No.2 was still required to wait for another 15 days. Therefore, no offence under Section 138 of N.I. Act, 1881, was made out against the applicant on the relevant date when the complaint was filed.

20. Further, the complaint has been filed by the power of attorney holder in his own name. Though the payee of the cheque can maintain a complaint through the power of attorney holder, but such complaint ought to have been filed in the name of payee of the cheque as has also been held in the case of ***A.C. Narayanan (supra),*** which has been relied upon by both the parties. In paragraph 31 of the said judgment, the Apex Court has held as under:

*"31. In view of the discussion, we are of the opinion that the attorney holder cannot file a complaint in his own name as if he was the complainant, but he can initiate criminal proceedings on behalf of his principal. We also reiterate that where*

*the payee is a proprietary concern, the complaint can be filed:*

*(i) by the proprietor of the proprietary concern, describing himself as the sole proprietor of the "payee";*

*(ii) the proprietary concern, describing itself as a sole proprietary concern, represented by its sole proprietor; and*

*(iii) the proprietor or the proprietary concern represented by the attorney holder under a power of attorney executed by the sole proprietor."*

21. Since in the instant case, the complaint has been filed by the power of attorney holder in his own name and not as the power of attorney holder of the payee of the cheque and further no offence under Section 138 of N.I. Act, 1881, is constituted in view of the failure of the applicant to make assertion with regard to service of notice and on the basis of presumption of service after expiry of 30 days of its sending through registered post, no cause of action has ever arisen to opposite party No.2 to maintain the instant complaint.

22. Therefore, for all the reasons recorded herein above, the instant application under Section 482 Cr.P.C. is **allowed** and the entire proceedings of Criminal Complaint Case No.61 of 2019 (Nurul Bashar vs. Mohd.Mohsin) under Section 138 of Negotiable Instruments Act, 1881, Police Station-Bhadohi, District-Bhadohi, pending before the court of Chief Judicial Magistrate, Bhadohi at Gyanpur, are hereby quashed.

पत्रावली पेश हुई। वादिनी मुकदमा श्रीमती सईदा उपस्थित। वादिनी मुकदमा द्वारा प्रार्थना पत्र प्रस्तुत कर कथन किया गया है कि प्रार्थनी उक्त वाद में वादिनी है तथा उक्त बाद में थाना प्रेषित एफ०आर० पर कोई आपत्ति नहीं है तथा न ही उक्त वाद में कोई अग्रिम कार्यवाही नहीं चाहती है। अतः प्रस्तुत अन्तिम आख्या को स्वीकार किये जाने की प्रार्थना की गयी है।

सुना एवं पत्रावली का अवलोकन किया।

प्रार्थनी/वादिनी सईदा द्वारा परिवाद यासीन आदि के विरुद्ध, थाना ठाकुरद्वारा, जिला मुरादाबाद में पंजीकृत कराया गया है। विपक्षीगण व वादिनी

मुकदमा में मोबाइल की चोरी को लेकर विवाद हुआ था, जिसके संबंध में 107/116 दं०प्र०सं० की कार्यवाही की गयी थी। पत्रावली में संलग्न साक्षीगण/ शपथकर्ताओं के शपथ पत्र में वादिनी की पुत्री शबीना द्वारा भी धारा 156 (3) दं०प्र०सं० के माध्यम से घटना दिनांक 19.08.2022 में प्राथमिकी दर्ज कराने हेतु प्रार्थना पत्र प्रेषित किया, जिसका उल्लेख वादिनी ने अपनी तहरीर में नहीं लिखा, इसलिए वादिनी द्वारा झूठी प्राथमिकी लिखायी है। स्वतंत्र साक्षी व पीडिता के बयान 161 व 164 दं०प्र०सं० में विरोधाभास है। साथ ही डॉ० निर्मला ओझा की मेडिकल रिपोर्ट में पीडिता/वादिनी के शरीर पर कोई मृत या जीवित स्पर्म नहीं मिला। विवेचक/उपनिरीक्षक के द्वारा विवेचनोपरान्त अन्तिम आख्या सं0-198/2021, दि० 31.12.2021 न्यायालय में स्वीकृत किये जाने हेतु प्रेषित की गयी है। वादिनी द्वारा अंतिम आख्या स्वीकृत किये जाने की प्रार्थना की गई है। विवेचक द्वारा की गई विवेचना में कोई त्रुटि नहीं है। तदनुसार प्रार्थना पत्र भय शपथ पत्र के प्रकाश में अन्तिम आख्या सं0-198/2021, दि० 31.12.2021 स्वीकार किये जाने योग्य है।"

4. Sri Arvind Prabodh Dubey, learned counsel for applicant has submitted that aforesaid order has been challenged by way of filing a criminal revision bearing No. 402/2022 which is pending before Chief Judicial Magistrate, Moradabad and grounds taken therein are quoted below :-

"1. यह कि निगरानीकर्ता उपरोक्त मुकदमें की वादनी है।

2. यह कि निगरानीकर्ता ने उपरोक्त मुकदमें की प्रथम सूचना रिपोर्ट सही तथ्यों पर लिखायी थी, व सही मुल्जिमानो के विरूद्ध लिखायी थी, परन्तु विवेचक ने त्रुटिपूर्ण विवेचना करते हुए पारदर्शी तरीके से अपनी डयूटी को अन्जाम नहीं दिया है, और विरूद्ध कानून एफ० आर० प्रेषित कर दी है।

3. यह कि विवेचक द्वारा 'प्रेषित अन्तिम रिपोर्ट किसी कानूनी रूपसे पोषणीय नहीं है।

4. यह कि अवर न्यायालयका दायित्व था कि न्यायालय में अन्तिम रिपोर्ट प्राप्त होने के पश्चात वादी को नोटिस देना चाहिये था, क्योकि कानून के प्रावधान के अनुसार यह आवश्यक है।

5. यह कि अवर न्यायालय ने वादनी / निगरानीकर्ता को कोई नोटिस अन्तिम रिपोर्ट प्राप्त होने के पश्चात जारी नही किया।

6. यह कि अवर न्यायालय का दायित्व था कि वादी की ओर से यदि, अन्तिम रिपोर्ट स्वीकार हेतु आया था, तो उसका भली भांति प्रकार से सत्यापन आवश्यक था।

7. यह कि प्रस्तुत मामले में मुल्जिमान द्वारा असल (वास्तविक वादनी)/ निगरानीकर्ता की जगह स्वंय अपनी तरफ से फर्जी वादनी श्रीमती सईदा

को बनाकर अदालत में प्रार्थनापत्र व शपथपत्रं देकर अन्तिम रिपोर्ट स्वीकार करने की प्रार्थना की गयी।

8. यह कि अन्तिम रिपोर्ट स्वीकार करने के प्रार्थनापत्र के साथ संलग्न शपथपत्र पर जो फोटो लगा है, वो वादनी / निगरानीकर्ता का नही है, और ना ही उन पर वादनी/निगरानीकर्ता के अंगूठे है।

9. यह कि अवर न्यायालय ने इन फर्जी प्रपत्रो की कोई जांच / सत्यापन नही कराया और नाही मौखिक साक्ष्य प्राप्त किया।

10. यह कि मुकदमें के मुल्जिमान ने जानबूझकर षडयंत्र रचकर, कूटरचित दस्तावेज तैयार करके सोची समझी स्कीम के तहत न्यायालय को धोखा देकर फर्जी तरीके से अन्तिम रिपोर्ट तैयार करा ली है, जो कि एक बहुत अत्यन्त गम्भीर विषय है, और किसी भी कानूनी के तहत वैध नही है।

11. यह कि मुल्जिमान के इस कृत्य से व अवर न्यायालय के आदेश से प्रार्थनी / निगरानीकर्ता की सख्त हकतल्फी हुयी है, जिससे मुल्जिमान को अनुचित लाभ मिला है।

12. यह न्यायहित मे व कानून की दृष्टि से अवर न्यायालय का आदेश दिनांक-18/11/2022 हर सूरत में खारिज किये जाने योग्य है।"

5. Learned counsel has further submitted that since opposite parties no. 2 to 4 have prepared a forged document i.e. an affidavit putting forged thumb impression and a photograph of applicant and submitted before trial Court, as such, they have committed an offence and therefore, she filed an application under Section 156(3) Cr.P.C. against present opposite parties no. 2 to 4 and 1 other named as well as an unknown women with a prayer that an FIR be lodged and investigation be conducted against them for committing offence of cheating, forgery, etc. For reference, said application is quoted below :-

"प्रार्थना पत्र अन्तर्गत धारा 156 (3) सी० आर० पी० सी०

संबंधित थाना सिविल लाइन्स मुरादाबाद

श्रीमान जी,

निवेदन है कि प्रार्थिनी शाम शरीफ नगर, थाना ठाकुरद्वारा, जिला मुरादाबाद की निवासी है। प्रार्थिनी के गाँव के ही इफ्तेखार पुत्र निसार, कलीम पुत्र अजीज, यासीन पुत्र शकूर ने दिनांक 18-08-2021 की रात को प्रार्थनी के घर में घुसकर तमंचे की नोक पर गैंगरेप किया और इफ्तेखार के भाई इल्यास ने रिपोर्ट दर्ज न कराने के लिए धमकाया था। जिसके सम्बंध में उच्चाधिकारी के आदेश पर प्रार्थिनी की रिपोर्ट दिनांक 10-10-2021 को अ०स० 594/2021 धारा 376डी, 452, 506 थाना ठाकुरद्वारा में दर्ज हुई थी। मुल्जिमानो ने अपने प्रभाव का इस्तेमाल कर प्रार्थिनी के मुकदमे में फाईनल रिपोर्ट

लगवा दी थी। विवेचक महोदय ने प्रार्थनी के मुकदमे 310स0-594/2021 में फाईनल रिपोर्ट सं० 198/2021 माननीय न्यायालय ए० सी० जे० एम० प्रथम मुरादाबाद में दाखिल कर दी थी।

प्रार्थिनी के पास माननीय न्यायालय ए० सी० जे० एम० प्रथम मुरादाबाद से मुकदमे के सम्बंध में कभी भी कोई सम्मन सूचना या नोटिस प्राप्त नही हुआ है। प्रार्थिनी को अधिवक्ता के माध्यम से मुकदमे की नकल प्राप्त करने पर ज्ञात हुआ कि मुल्जिमान इफ्तेखार, कलीम, यासीन, इल्यास ने सोची समझी स्कीम व षडयंत्र के तहत प्रार्थिनी के स्थान पर किसी अन्य महिला को न्यायालय श्रीमान ए० सी० जे० एम० प्रथन मुरादाबाद में पेश करके और कुट रचित प्रार्थना पत्र और शपथपत्र दाखिल कर न्यायालय को धोखा देकर प्रार्थनी के मुकदमे की फाइनल रिपोर्ट सं0 198/2021 को स्वीकार करा लिया है। मुल्जिमानो द्वारा न्यायालय में प्रस्तुत शपथपत्र एवं प्रार्थना पत्र पर प्रार्थनी के अंगूठा निशान नहीं है और न ही प्रार्थनी का फोटो है और प्रार्थनी कभी न्यायालय में हाजिर नहीं हुई है। मुल्जिमानो के द्वारा षड्यन्त्र के तहत कूट रचित दस्तावेजो के आधार पर फर्जी तरीके से प्रार्थिनी के मुकदमे की फाइनल रिपोर्ट स्वीकार करा लिए जाने से प्रार्थनी को असीम हानि हुई है और प्रार्थनी बहुत अधिक परेशान है।

प्रार्थनी के साथ मुल्जिमानो के द्वारा फर्जीवाड़ा करने पर प्रार्थनी ने अपनी रिपोर्ट दर्ज कराने के लिए दिनांकः 02-02-2022 को थाना सिविल लाईन्स मुरादाबाद में प्रार्थना पत्र दिया। थाना सिविल लाईन्स मुरादाबाद द्वारा रिपोर्ट दर्ज नही करने पर प्रार्थनी ने दिनांक 27.02.2023 को एक प्रार्थना पत्र रजि० डाक द्वारा श्रीमान एस०एस०पी० महोदय मुरादाबाद व एक प्रार्थना पत्र डी० आई० जी० महोदय परिक्षेत्र मुरादाबाद को दिया परन्तु प्रार्थनी की आज तक रिपोर्ट दर्ज नही हुई है। प्रार्थनी अब श्रीमान जी के न्यायालय की शरण में आयी। प्रार्थनी के साथ घोर अन्याय और अपराध हुआ है। जोकि संज्ञेय अपराध की श्रेणी में आता है। मुल्जिमानो के विरूध्द प्रार्थनी की रिपोर्ट दर्ज किया जाना न्यायहित में आवश्यक है।

अतः श्रीमान जी से प्रार्थनी है कि थाना प्रभारी सिविल लाईन्स मुरादाबाद को प्रार्थनी की रिपोर्ट दर्ज कर विवेचना कराने के आदेश पारित करने की कृपा करें। श्रीमान जी की अति कृपा होगी।"

6. Aforesaid application was considered by Chief Judicial Magistrate, Moradabad and it was disposed of by an order impugned dated 31.03.2023 whereby instead of giving a direction to lodge an FIR, the application was considered to be a complaint and matter was put for recording statement of the complainant under Section 200 Cr.P.C. Relevant part of impugned order is quoted below :-

"6. प्रार्थना पत्र के वर्णित कथनों से स्पष्ट है कि प्रार्थिनी को संदर्भित घटना के समस्त तथ्यों की जानकारी है एवं उसने अपने प्रार्थना पत्र में कथित घटना के समस्त तथ्यों एवं गवाहों का विस्तृत उल्लेख किया है। अभिलेख न्यायालय से सम्बन्धित है। अतः इस स्तर पर पुलिस द्वारा विवेचना कराये जाने की आवश्यकता प्रतीत नहीं होती है।"

7. Learned counsel has submitted that applicant is aggrieved by aforesaid order wherein observations of trial Court are that all facts are within knowledge of applicant/complainant, therefore, there is no need to lodge FIR.

8. Learned counsel has further submitted that said observation is contrary to contents of application as it is a case where opposite parties no. 2 to 4 along with other persons have put an imposter of applicant and prepared a forged affidavit that she does not want to protest final report. Applicant always wanted to lodge an FIR against proposed accused persons and contents of application was for same cause.

9. Learned counsel has next submitted that an offence has been committed in pleadings before Court and all original documents are seized of with trial Court, therefore, applicant could not submit any evidence to it rather it was a fit case where FIR ought to have been lodged and investigation ought to have been carried out.

10. Learned counsel has referred a judgment passed by Supreme Court in case of **Anju Chaudhary vs. State of U.P. and another (2013) 6 SCC 384** and relevant paragraphs 13 and 14 are quoted below :-

*"13. A copy of the information so recorded under Section 154(1) has to be given to the informant free of cost. In the event of refusal to record such information, the complainant can take recourse to the remedy available to him under Section 154(3). Thus, there is an obligation on the part of a police officer to register the information received by him of commission of a cognizable offence. The two-fold obligation upon such officer is that (a) he should receive such information and (b) record the same as prescribed. The language of the section imposes such imperative obligation upon the officer. An investigating officer, an officer-in-charge of a police station can be directed to conduct an investigation in the area under his jurisdiction by the order of a Magistrate under Section 156(3) of the Code who is competent to take cognizance under Section 190. Upon such order, the investigating officer shall conduct investigation in accordance with the provisions of Section 156 of the Code. The specified Magistrate, in terms of Section 190 of the Code, is entitled to take cognizance upon receiving a complaint of facts which constitute such offence; upon a police report of such facts; upon information received from any person other than a police officer, or upon his own knowledge, that such offence has been committed.*

*14. On the plain construction of the language and scheme of Sections 154, 156 and 190 of the Code, it cannot be construed or suggested that there can be more than one FIR about an occurrence. However, the opening words of Section 154 suggest that every information relating to commission of a cognizable offence shall*

*be reduced to writing by the officer in-charge of a Police Station. This implies that there has to be the first information report about an incident which constitutes a cognizable offence. The purpose of registering an FIR is to set the machinery of criminal investigation into motion, which culminates with filing of the police report in terms of Section 173(2) of the Code. It will, thus, be appropriate to follow the settled principle that there cannot be two FIRs registered for the same offence. However, where the incident is separate; offences are similar or different, or even where the subsequent crime is of such magnitude that it does not fall within the ambit and scope of the FIR recorded first, then a second FIR could be registered. The most important aspect is to examine the inbuilt safeguards provided by the legislature in the very language of Section 154 of the Code. These safeguards can be safely deduced from the principle akin to double jeopardy, rule of fair investigation and further to prevent abuse of power by the investigating authority of the police. Therefore, second FIR for the same incident cannot be registered. Of course, the Investigating Agency has no determinative right. It is only a right to investigate in accordance with the provisions of the Code. The filing of report upon completion of investigation, either for cancellation or alleging commission of an offence, is a matter which once filed before the court of competent jurisdiction attains a kind of finality as far as police is concerned, may be in a given case, subject to the right of further investigation but wherever the investigation has been completed and a person is found to be prima facie guilty of committing an offence or otherwise, reexamination by the investigating agency on its own should not be permitted merely by registering another FIR with regard to the same offence. If such protection is not given to a suspect, then possibility of abuse of investigating powers by the Police cannot be ruled out. It is with this intention in mind that such interpretation should be given to Section 154 of the Code, as it would not only further the object of law but even that of just and fair investigation. More so, in the backdrop of the settled canons of criminal jurisprudence, re-investigation or de novo investigation is beyond the competence of not only the investigating agency but even that of the learned Magistrate. The courts have taken this view primarily for the reason that it would be opposed to the scheme of the Code and more particularly Section 167(2) of the Code. [Ref. Rita Nag v. State of West Bengal [(2009) 9 SCC 129] and Vinay Tyagi v. Irshad Ali @ Deepak & Ors. (SLP (Crl) No.9185-9186 of 2009 of the same date).”*

11. Aforesaid submissions are opposed by Sri Mithilesh Kumar, learned AGA for State, S/Sri Sheshadri Trivedi, Mukesh Tiwari and Chandra Pal Singh, learned Advocates appearing for opposite parties no. 2 to 4 and they have submitted that reasons assigned in impugned order that present case does not require any lodgement of FIR are legally sustainable and there is no illegality in considering the applicant filed under Section 156(3) as a complaint.

12. Learned counsel for opposite parties have further submitted that still learned Magistrate still has power under Section 201 Cr.P.C. to direct for investigation if facts so warrant. Applicant is not being prejudiced by impugned order. By referring the order whereby final report was accepted, learned counsel have submitted that order was passed on merit

and not only on basis of contents of affidavit.

13. Heard learned counsel for parties and perused the record.

14. In above factual and legal background, few facts which are not much under dispute are that an FIR lodged by applicant against proposed accused was investigated, however, final report was submitted which was accepted by an order dated 16.11.2022. Controversy is in regard to an affidavit purportedly filed by applicant herself that she did not want to oppose final report.

15. From bare perusal of above referred order dated 18.11.2022, it would be clearly evident that trial Court has passed the order accepting the final report on basis of material available and not much being influenced by affidavit purportedly filed by applicant. Said order dated 18.11.2022 is now being challenged by complainant/applicant before Revisional Court which is still pending.

16. Present case is arising out of an application filed by applicant under Section 156(3) Cr.P.C. that above referred purported affidavit of applicant was not sworn by her. She did not put her thumb impression. Proposed accused have imposted a woman declaring herself to be applicant who sworn the affidavit and as such an offence have committed by proposed accused persons.

17. As referred above, application was considered, however, instead of directing for lodgement of FIR, learned Magistrate opined that it could be considered as a complaint case. It is argument of learned counsel for applicant that aforesaid approach was incorrect and it was a fit case where lodgement of FIR was necessary as a thorough police investigation is required.

18. However, said submission is opposed by learned counsel for opposite parties that no prejudice is caused to applicant by impugned order and she could still record her statement and witnesses and trial Court will pass an appropriate order either under Section 203 or 204 Cr.P.C., as the case may be. Trial Court could direct investigation at the stage of Section 201 Cr.P.C.

19. Before further considering the rival submissions, few paragraphs of judgment passed by Supreme Court in **XYZ vs. State of Madhya Pradesh and others, (2023) 9 SCC 705** are quoted below :-

*"18. Second, we deal with the issue of the discretion granted to a Magistrate vis-à-vis the exercise of powers under Section 156(3)CrPC. On this issue, the High Court has held that the JMFC was not under an obligation to direct the police to register the FIR and the use of the expression "may" in Section 156(3)CrPC indicated that the JMFC had the discretion to direct the complainant to examine witnesses under Sections 200 and 202CrPC, instead of directing an investigation under Section 156(3).*

*19. A Division Bench of this Court in Sakiri Vasu v. State of U.P. [Sakiri Vasu v. State of U.P., (2008) 2 SCC 409 : (2008) 1 SCC (Cri) 440] expounded upon the Magistrate's powers under Section 156(3)CrPC. In this decision, the Court noted : (SCC pp. 412-15, paras 11, 13, 15 17 & 26)*

*11. In this connection we would like to state that if a person has a grievance*

*that the police station is not registering his FIR under Section 154CrPC, then he can approach the Superintendent of Police under Section 154(3)CrPC by an application in writing. Even if that does not yield any satisfactory result in the sense that either the FIR is still not registered, or that even after registering it no proper investigation is held, it is open to the aggrieved person to file an application under Section 156(3)CrPC before the learned Magistrate concerned. If such an application under Section 156(3) is filed before the Magistrate, the Magistrate can direct the FIR to be registered and also can direct a proper investigation to be made, in a case where, according to the aggrieved person, no proper investigation was made. The Magistrate can also under the same provision monitor the investigation to ensure a proper investigation.*

***

*13. The same view was taken by this Court in Dilawar Singh v. State (NCT of Delhi) [Dilawar Singh v. State (NCT of Delhi), (2007) 12 SCC 641 : (2008) 3 SCC (Cri) 330] . We would further clarify that even if an FIR has been registered and even if the police has made the investigation, or is actually making the investigation, which the aggrieved person feels is not proper, such a person can approach the Magistrate under Section 156(3)CrPC, and if the Magistrate is satisfied he can order a proper investigation and take other suitable steps and pass such order(s) as he thinks necessary for ensuring a proper investigation. All these powers a Magistrate enjoys under Section 156(3)CrPC.*

***

*15. Section 156(3) provides for a check by the Magistrate on the police performing its duties under Chapter XII CrPC. In cases where the Magistrate finds that the police has not done its duty of investigating the case at all, or has not done it satisfactorily, he can issue a direction to the police to do the investigation properly, and can monitor the same.*

***

***17. In our opinion Section 156(3)CrPC is wide enough to include all such powers in a Magistrate which are necessary for ensuring a proper investigation, and it includes the power to order registration of an FIR and of ordering a proper investigation if the Magistrate is satisfied that a proper investigation has not been done, or is not being done by the police. Section 156(3)CrPC, though briefly worded, in our opinion, is very wide and it will include all such incidental powers as are necessary for ensuring a proper investigation.***

***

*26. If a person has a grievance that his FIR has not been registered by the police station his first remedy is to approach the Superintendent of Police under Section 154(3)CrPC or other police officer referred to in Section 36CrPC. If despite approaching the Superintendent of Police or the officer referred to in Section 36 his grievance still persists, then he can approach a Magistrate under Section 156(3)CrPC instead of rushing to the High Court by way of a writ petition or a petition under Section 482CrPC. Moreover, he has a further remedy of filing a criminal complaint under Section 200CrPC. Why then should writ petitions or Section 482 petitions be entertained when there are so many alternative remedies?"*

*(emphasis supplied)*

20. It is clear from the above extract that the Magistrate has wide

*powers under Section 156(3) which ought to be exercised towards meeting the ends of justice. A two-Judge Bench of this Court in Srinivas Gundluri v. Sepco Electric Power Construction Corpn. [Srinivas Gundluri v. Sepco Electric Power Construction Corpn., (2010) 8 SCC 206 : (2010) 3 SCC (Cri) 652] , further clarified the powers of a Magistrate and held that whenever a cognizable offence is made out on the bare reading of complaint, the Magistrate may direct police to investigate : (SCC pp. 218-19, para 23)*

*"23. To make it clear and in respect of doubt raised by Mr Singhvi to proceed under Section 156(3) of the Code, what is required is a bare reading of the complaint and if it discloses a cognizable offence, then the Magistrate instead of applying his mind to the complaint for deciding whether or not there is sufficient ground for proceeding, may direct the police for investigation. In the case on hand, the learned Single Judge [Srinivas Gundluri v. Sepco Electric Power Construction Corpn., 2009 SCC OnLine Chh 308] and the Division Bench [Srinivas Gundhuri v. Sepco Electric Power Construction Corpn., WA No. 281 of 2009, order dated 1-4-2010 (Chh)] of the High Court rightly pointed out that the Magistrate did not apply his mind to the complaint for deciding whether or not there is sufficient ground for proceeding and, therefore, we are of the view that the Magistrate has not committed any illegality in directing the police for investigation. In the facts and circumstances, it cannot be said that while directing the police to register FIR, the Magistrate has committed any illegality. As a matter of fact, even after receipt of such report, the Magistrate under Section 190(1)(b) may or may not take cognizance of offence. In other words, he is not bound to take cognizance upon submission of the police report by the investigating officer, hence, by directing the police to file charge-sheet or final report and to hold investigation with a particular result cannot be construed that the Magistrate has exceeded his power as provided in sub-section (3) of Section 156.""*

20. It would also be appropriate to mention few paragraphs of judgment passed by Supreme Court in case of **Mona Panwar vs. High Court of Judicature at Allahabad through Registrar General, (2011) 3 SCC 496** which has been relied upon by learned Magistrate in impugned order.

***"18. When the complaint was presented before the appellant, the appellant had mainly two options available to her. One was to pass an order as contemplated by Section 156(3) of the Code and the second one was to direct examination of the complainant upon oath and the witnesses present, if any, as mentioned in Section 200 and proceed further with the matter as provided by Section 202 of the Code. An order made under sub-section (3) of Section 156 of the Code is in the nature of a peremptory reminder or intimation to the police to exercise its plenary power of investigation under Section 156(1). Such an investigation embraces the entire continuous process which begins with the collection of evidence under Section 156 and ends with the final report either under Section 169 or submission of charge-sheet under Section 173 of the Code. A Magistrate can under Section 190 of the Code before taking cognizance ask for investigation by the police under Section 156(3) of the Code. The Magistrate can also issue warrant for production, before***

***taking cognizance. If after cognizance has been taken and the Magistrate wants any investigation, it will be under Section 202 of the Code.***

*19. The phrase "taking cognizance of" means cognizance of an offence and not of the offender. Taking cognizance does not involve any formal action or indeed action of any kind but occurs as soon as a Magistrate applies his mind to the suspected commission of an offence. Cognizance, therefore, takes place at a point when a Magistrate first takes judicial notice of an offence. This is the position whether the Magistrate takes cognizance of an offence on a complaint or on a police report or upon information of a person other than a police officer. Before the Magistrate can be said to have taken cognizance of an offence under Section 190(1)(b) of the Code, he must have not only applied his mind to the contents of the complaint presented before him, but must have done so for the purpose of proceeding under Section 200 and the provisions following that section. However, when the Magistrate had applied his mind only for ordering an investigation under Section 156(3) of the Code or issued a warrant for the purposes of investigation, he cannot be said to have taken cognizance of an offence.*

*20. Taking cognizance is a different thing from initiation of the proceedings. One of the objects of examination of the complainant and his witnesses as mentioned in Section 200 of the Code is to ascertain whether there is prima facie case against the person accused of the offence in the complaint and to prevent the issue of process on a complaint which is either false or vexatious or intended only to harass such person. Such examination is provided, therefore, to find out whether there is or not sufficient ground for proceeding further."*

21. Applicant in application u/s 156 (3) Cr.P.C. has alleged that proposed accused persons have imposted a woman in place of applicant and executed an affidavit that she has no objection to final report. Complainant has also alleged that photograph put on affidavit was not of her nor she has put her left thumb impression. Proposed accused have committed a forgery and prepared a forged document and placed before learned Magistrate and as such a serious offence was committed before Court. As such it is required thorough police investigation. For reference, relevant part of application is quoted below :-

"प्रार्थिनी को अधिवक्ता के माध्यम से मुकदमे की नकल प्राप्त करने पर ज्ञात हुआ कि मुल्जिमान इफ्तेखार, कलीम, यासीन, इल्यास ने सोची समझी स्कीम व षडयंत्र के तहत प्रार्थिनी के स्थान पर किसी अन्य महिला को न्यायालय श्रीमान ए० सी० जे० एम० प्रथन मुरादाबाद में पेश करके और कुट रचित प्रार्थना पत्र और शपथपत्र दाखिल कर न्यायालय को धोखा देकर प्रार्थनी के मुकदमे की फाइनल रिपोर्ट सं0 198/2021 को स्वीकार करा लिया है। मुल्जिमानो द्वारा न्यायालय में प्रस्तुत शपथपत्र एवं प्रार्थना पत्र पर प्रार्थनी के अंगूठा निशान नहीं है और न ही प्रार्थनी का फोटो है और प्रार्थनी कभी न्यायालय में हाजिर नहीं हुई है। मुल्जिमानो के द्वारा षड्यन्त्र के तहत कूट रचित दस्तावेजो के

आधार पर फर्जी तरीके से प्रार्थिनी के मुकदमे की फाइनल रिपोर्ट स्वीकार करा लिए जाने से प्रार्थनी को असीम हानि हुई है और प्रार्थनी बहुत अधिक परेशान है।"

22. Attempt of complainant to lodge FIR by filing an application before Superintendent of Police was failed though in view of judgment of **Lalita Kumari vs. Government of U.P. and others, 2013 (14) SCR 713,** since it was a cognizable offence, police ought to have lodged an FIR.

23. Trial Court has placed reliance on **Mona Panwar (supra)** and has referred the same, however, it has been observed therein that on an application filed under Section 156(3) Cr.P.C., Magistrate could either direct to lodge FIR or could direct to register as a complaint mainly to ascertain that whether there is a prima facie case against accused persons on basis of contents of complaint or not.

24. Aforesaid observations were made since appellant before Supreme Court was a Judicial Magistrate and she has passed an order to treat application filed before her as a complaint case and this Court in a judgment wherein the order was under challenge passed some remarks.

25. There is no dispute that Magistrate has discretion to pass direction for lodgement of FIR on an application under Section 156 (3) Cr.P.C. or treated as a complaint as well as Magistrate has also a discretion while proceeding to call investigation report from police.

26. Facts in present case are different since the applicant has made specific allegation of forgery committed by accused persons. They have imposted a woman declaring her to be the applicant and not only put a forged photograph but her thumb impression also and such an affidavit was filed before Court. Therefore, from the facts as narrated in complaint, it is indicated that proposed accused have committed serious offence that they have allegedly tried to mislead the Court by putting forged documents.

27. In this regard, observations of Supreme Court in XYZ (supra) would be relevant that in such cases where contents of application filed under Section 156(3) Cr.P.C. not only disclosed that a cognizable offence was committed but bare facts of complaint clearly indicate that there is a need for thorough police investigation, then the discretion granted in Section 156 (3) Cr.P.C. can only be read as it being the Magistrate duty to order the police to investigate. Further, trial Court has not appreciated contents of complaint in its correct perspective and failed to consider that contents of complaint and allegation show prima facie that a serious offence has been committed by proposed accused persons that they have allegedly committed a forgery and prepared a forged affidavit which was filed before the Court. As such, bare facts indicate that it requires police investigation and for that learned Magistrate does not require to wait till stage of 202 Cr.P.C. and it ought to have been exercised his discretion to direct for police investigation.

28. Outcome of above discussion is that this application is **allowed** and impugned order dated 31.03.2023 passed by Chief Judicial Magistrate in Criminal Misc. Case No. 522/2023 (Saida vs. Iftekar and others), Police Station- Thakurdwara,

District- Moradabad is set aside and it is directed that application under Section 156(3) Cr.P.C. filed by applicant be considered and concerned SHO and Superintendent of Police, Moradabad are directed to lodge FIR on basis of contents made in application and proceed further for investigation in accordance with law.

29. A copy of this order be sent to concerned Magistrate as well as concerned Superintendent of Police for compliance.

30. Registrar (Compliance) to take steps.

(Delivered by Hon'ble Manjive Shukla, J.)

1. Heard learned counsel appearing for the petitioners, learned Standing Counsel appearing for Respondents No. 1, 3 & 4 and Mr. Kaushlendra Nath Singh, learned counsel appearing for Respondent No. 2.

2. This Court vide order dated 23.04.2024 issued fresh notice to Respondent No. 6 and direction was given to serve the notice on Respondent No. 6 through 'dasti'. The affidavit of service has been filed by the petitioners indicating therein that notice of the writ petition has been served on Respondent No. 6, but none has appeared on its behalf.

3. Petitioners through this writ petition have assailed the order dated 15.01.2020 passed by the Deputy Registrar, Firms, Societies and Chits, Moradabad whereby, he in exercise of his powers under Section 12-D(c) of the Societies Registration Act, 1860, has cancelled the registration of M/s Lotus Boulevard Espacia Apartment Owners Association (Registration No. GBN/00836/2019-2020).

4. Facts of the case, in brief, are that the residents of Towers No. 31 to 38

constructed by Respondent No. 6 on Plot No. GH-02, Sector 100, Noida organized meeting of the general body on 23.12.2018 and in the said meeting, the Board of Management of the Apartment Owners Association (A.O.A.) was elected and model bye-laws were adopted. The elected Board of Management of the A.O.A. requested the Respondent No. 2 to grant no objection certificate for the registration of the A.O.A. and in response thereof, Respondent No. 2 granted no objection certificate on 21.02.2019. Thereafter requisite papers were presented before the Respondent No. 4 for registration of the A.O.A. in the name of M/s Lotus Boulevard Espacia Apartment Owners Association, Plot No. GH-02, Sector 100, Noida. The Towers No. 32-36 were complete having occupancy of 320 flats/families.

5. The Respondent No. 4 after being satisfied with the documents produced before him, registered the Society on 29.04.2019 in the name of M/s Lotus Boulevard Espacia Apartment Owners Association, A.O.A. Office, Lotus Boulevard Especia, Plot No. GH-02, Sector-100, Noida, Gautam Buddha Nagar, 201301 bearing Registration No. GBN/00836/2019-2020.

6. Later on a complaint was filed by Respondent No. 6 before Respondent No. 4, that as per provisions made in the Uttar Pradesh Apartment (Promotion of Construction, Ownership and Maintenance) (Amendment) Act, 2016, minimum 60% occupancy of the apartments of the building is required for registration of the Apartment Owners Association (A.O.A.) and since at the time of registration of Petitioner No. 1, only 322 flats out of total 606 flats were occupied which comes to less than 60% occupancy therefore, the registration of Petitioner No. 1 could not have been done. In the complaint, it was further mentioned that since the registration of Petitioner No. 1 has been obtained by misleading and concealing material facts from Respondent No. 4 therefore, the said registration is liable to be cancelled. The Respondent No. 4 after hearing all the concerned parties has passed order dated 15.01.2020 whereby registration of Petitioner No. 1 has been cancelled under Section 12-D(c) of the Societies Registration Act, 1860 on the ground that as per Section 14(2) of the U.P. Apartment (Promotion of Construction, Ownership and Maintenance) Act, 2010 as amended in the year 2016, minimum 60% occupancy of the flats is necessary for registration of the A.O.A. and since on the date of registration of Petitioner No. 1, occupancy was less than 60% therefore, its registration could not have been done.

7. Learned counsel appearing for the petitioners has argued that Section 14(2) of the U.P. Apartment (Promotion of Construction, Ownership and Maintenance) Act, 2010 (hereinafter referred to as 'the Act of 2010') provides that the A.O.A. can be registered on 33% occupancy of the flats of the building. He further argues that later on State Legislature enacted the Uttar Pradesh Apartment (Promotion of Construction, Ownership and Maintenance) (Amendment) Act, 2016 (hereinafter to be referred as "the Act of 2016") whereby Section 14(2) of the Act of 2010 was sought to be substituted by new Section 14(2) and thereby it was provided that for registration of Apartment Owners Association, occupancy of the 60% flats of the building is necessary but in Section 1(2) of the Act of 2016, it has been provided that the Act of 2016 shall come into force

on such date as the State Government may by notification in the official gazette appoint and since till date, the notification, as required under Section 1(2) of the Act of 2016 has not been published in the official gazette, therefore, the amended section 14(2) has not come into force, as such, the cancellation of the registration of Petitioner No. 1 on the basis of the amended Section 14(2) is unsustainable.

8. On the other hand, learned Standing Counsel has opposed the writ petition but has admitted that the notification in the official gazette, as required under Section 1(2) of the Act of 2016, has not been published in the official gazette till date.

9. I have heard learned counsel appearing for the petitioners and learned Standing Counsel appearing for the State respondents.

10. I find that U.P. Apartment (Promotion of Construction, Ownership and Maintenance) Act, 2010 was enacted in the year 2010. The Section 14(2) of the Act of 2010 reads as under:

*"14(2) It shall be the joint responsibility of the promoter and the apartment owners to form an Association. The promoter shall get the Association registered when such number of apartments have been handed over to the owners which is necessary to form an association or 33% of apartments, whichever is more, by way of sale, transfer or possession, provided the building has been completed along with all infrastructure services and completion certificate obtained from the local authority."*

11. This Court finds that under Section 14(2) of the Act of 2010, only 33% occupancy of the flats of the building is required for formation and registration of the Apartment Owners Association. This Court further finds that later on the State Legislature passed the Act of 2016 whereby certain amendments were sought to be incorporated in the Act of 2010. By the Act of 2016, Section 14(2) of the Act of 2010 was sought to be substituted by new Section 14(2) which provides that for formation and registration of the Apartment Owners Association, 60% occupancy of the flats of the building is necessary. Section 1(2) of the Act, 2016 further provides that the Act of 2016 shall come into force on such date as the State Government may by notification in that official gazette appoint. For ready reference, Section 1 and Section 8 of the Act, 2016 are extracted as under:

***"Section 1 (1)*** *This Act may be called the Uttar Pradesh Apartment (Promotion of Construction, Ownership and Maintenance) (Amendment) Act, 2016.*

*(2) It shall come into force on such date as the State Government may, by notification in the Official Gazette, appoint."*

***Section 8****. In Section 14 of the principal Act,*

*(a) for sub-section (2), the following sub-section shall be substituted, namely:-*

*"(2) It shall be the joint responsibility of the promoter and the apartment owners to form an Association. The promoter shall get the Association registered when such numbers of apartments have been handed over to the owners which are necessary to form an association or sixty per cent of apartments, whichever is more, by way of sale, transfer or possession provided the building has been completed along with all infrastructure services and completion*

*certificate obtained from the concerned local authority:*

*Provided that in case of an independent area or an independent commercial area the promoter may from a separate Association for its management, if required.".*

*(b) In sub-section (5) after the existing proviso, the following proviso shall be inserted, namely:-*

*"Provided further that the amount collected by the promoter towards interest free maintenance security shall also be transferred to the Association at the time of handing over of the common areas and facilities."*

12. It is apparent from the impugned order dated 15.01.2020 that the sole ground for cancellation of the registration of Respondent No. 1 is that the occupancy of the flats of the building was less than 60% therefore, in view of the provisions made in the Act, 2016, the registration of Petitioner No. 1 could not have been done.

13. The Court finds that Section 1(2) of the Act, 2016 categorically provides that the Act, 2016 shall come into force on such date as the State Government may by notification in the official gazette appoint but till date, the State Government has not notified the date with effect from which the Act, 2016 will come into force. The aforesaid inference has been drawn by the Court as State respondents in their Counter-Affidavit have not given any detail of such notification and even further in spite of various opportunities granted by this Court, the State respondents have not produced any such notification.

14. Once this Court finds that the Act of 2016 itself did not come into force as till date, the State Government has not issued notification as contemplated under Section 1(2) of the Act, 2016, the amendments sought to be incorporated by the Act, 2016 in the Act, 2010 have not become effective. The registration of Petitioner No. 1 has been done as per Section 14(2) of the Act of 2010 but the said registration has been cancelled relying on the amended Section 14(2) in terms of the Act, 2016 whereas the Act, 2016 itself has not come into force till date, as till date notification contemplated under Section 1(2) of the Act, 2016 has not been issued.

15. In view of the aforesaid reasons, the impugned order dated 15.01.2020 passed by Respondent No. 4 cannot sustain in the eyes of law.

16. Accordingly, this writ petition is ***allowed***. The order dated 15.01.2020 passed by Respondent No. 4 is hereby quashed.
