DO No.K-11025/21/2023/AR-DARPG (855B)

Dated: January 20, 2025

Dear Chief Secretary,

It gives me immense pleasure to inform you that the Government of India has approved the Scheme for Prime Minister's Awards for Excellence in Public Administration 2024.

2. As you are aware, the Scheme for Prime Minister's Awards for Excellence in Public Administration is designed to acknowledge, recognize and reward exemplary work done by civil servants across the country. I am pleased to enclose a copy of the Scheme for Prime Minister's Awards for Excellence in Public Administration 2024.

3. For the year 2024, the Scheme aims to recognize the contribution of civil servants under the following categories:-

- i. Category -1- Holistic Development of Districts under 11 priority sector programmes. 5 awards would be conferred under this category.
- ii. Category 2: Aspirational Blocks Programme- 5 awards would be conferred under this category
- iii. Category 3: Innovations for Central Ministries/Departments, States and Districts. 6 awards would be conferred under this category.

4. The registration on the PM's Awards web portal (www.pmawards.gov.in) will commence on 20th January 2025. The last date for registration and submission of applications will be 14th February, 2025.

5. It will be highly appreciated if you could kindly facilitate wider circulation of the Scheme, particularly, to all concerned officials and advise them to submit nominations for PM's awards for Excellence in Public Administration 2024 on the web portal <https://pmawards.gov.in>.

With best regards,

Yours sincerely,

(V Srinivas)

Brief on the Initiative Har Ghar Jal Yojana, Bathinda, Punjab

The objective of Har Ghar Jal Yojana was to ensure at least one Functional Household Tap Connection (FHTC) in each rural household, supply of potable drinking water to all common places, reducing wastage of water, engaging women as major stakeholder in maintenance of the schemes and regular sampling of the water supply. Qualitywise, groundwater in 80% area of the District had concentrations of Fluoride, Nitrate and Uranium.

The administration adopted a multi-faceted approach to resolve all the problems. Panchayat meetings were conducted and Gram Panchayat Water Supply and Sanitation Committees (GPWSC) were constituted. Departments used multiple modes of generating awareness including Rath Yatras, Social Media promotion, nukkad natak, wall painting showcasing the toll-free number for registering complaints and linked festivals with the theme of water conservation.

The GPWSC institutions were regularly monitored and ensured active participation of women. Besides, the administration placed emphasis on public grievance redressal and provide Toll-free number. 100% of villages in the District now have access to potable water.

Brief on the Initiative Har Ghar Jal Yojana, Serchhip, Mizoram

Though Serchhip receives high annual rainfall, in the monsoon months it used to face acute water shortages. All human habitations are located on hilltops. Hence, pumping drinking water from downhill rivers to the mountain top is a challenging task. A water gap survey was undertaken to assess the issue. More than 7000 (>90% of total) rural households were found to be living on less than 50 litres per capita per day (lpcd), which is the minimum standard for human survival.

The challenges in scheme implementation were difficult terrain that makes it difficult to source materials and free of cost land for construction of pump house. A Water Supply and Sanitation Committee (WATSAN) has been set up in each village. The WATSAN Committee plays a crucial role in each step of the scheme. They identify the water source, help with the scheme design and arrange land required for the scheme. They also lead other water conservation initiatives like tree plantations, water harvesting, contour trenching, etc.

District Administration held regular meetings with WATSAN and helped to install solar pumping system to lift water and artificial catchment roof to collect rain water. Ponds and reservoirs were constructed under MGNREGA. Regular checking of water quality using Function Testing Kits (FTK) at district and sub-division level was undertaken.

6475 Functional Household Tap Connection (FHTC) have been provided including in schools, Primary Health Centres (PHCs) and Anganwadis (out of target of 7313). Now all households get average 55 lpcd of water during dry seasons. 100% FHTCs have been tagged with beneficiary details. 40 reservoirs with 60 lac capacity have been created under JJM. Additionally, 366 water-harvesting structures were also created.

OVERVIEW

The Department of Administrative Reforms and Public Grievances has initiated a unique initiative of organizing National Good Governance Webinar Series on a monthly basis since April 2022, which has been very popular amongst practicing administrators. The Hon'ble Vice President of India released the compendium of the National Good Governance Webinar Series 2022-23 on 20th April 2023 in the inaugural session of Civil Services Day events 2023. Very large participation has been observed in the 20 Webinars held upto Jan 2024. Accordingly, it has been decided to continue the initiative of organizing the National Good Governance Webinar Series.

The speakers present their exemplary work in these National Webinars, to highlight the best practices adopted by them for replication by other States/Districts. Doing so would also infuse a new spirit and enthusiasm among administrators and other stakeholders involved in the implementation of different government programmes. These webinars covering Initiatives of best practices help in dissemination and replication of such practices and also broaden the skills of the participants.

Now, a total of six Webinars have been planned (21st – 26th webinar) from July 2024 to Dec 2024, one Webinar a month on the last Friday of the month, on different themes under the good governance initiatives that have been shortlisted for consideration for the Prime Minister's Award for Excellence in Public Administration and reached the stage of Expert Committee. These webinars would cover multiple areas like Environment, Education- Samagra Shiksha, Har Ghar Jal Yojana, Aspirational District Programme, Innovations category etc. The webinar series would be fully documented.
